Introduction

The Office of Employee Benefits welcomes our new colleagues from Stephen F. Austin State University to the UT Benefits program.

Effective September 1, 2023, your retirement, insurance, and wellness benefits are through UT Benefits.

With this guide, you can compare your *current* Plan Year 2022-23 benefits —offered through ERS—with your *new* Plan Year 2023-24 benefit options under The University of Texas System.

Items to note while reviewing the comparisons:

- Only in-network benefits are listed for medical, prescription, dental, and vision coverage.
- Benefits are listed for in-state (under ERS) or in-area (under UT Benefits) coverage only unless noted. In-area for UT Benefits: members that reside in Texas, New Mexico, and Washington, D.C.

Questions about your benefits?

Contact ERS for questions relating to your current coverage through August 31, 2023.

Rates and materials: <https://utbenefits.link/AE>.

1 Medicare-eligible retirees are enrolled in the HealthSelect Medicare Advantage Plan (MA-PPO insured by UHC) when they provide their MBI to ERS. Medicare enrolled retirees have “freedom of movement”, so they can change plans between HS Secondary (administered by BCBSTX) and the MA-PPO at any time, with coverage effective the first of the following month (subject to the 21-day “opt-out” period imposed by CMS).

2 Pre-authorization may be required

3 UnitedHealthcare Hearing provides access to hearing aids through the HealthSelectMA-PPO. The hearing exam is covered at no cost and allows for one (1) exam per plan year. The MA-PPO plan pays an allowance up to \$2,000 (total for both ears) every three (3) years.

4 HealthSelect Secondary can use any provider – benefits are the same in/out of network. The annual \$200 deductible does not apply and the plan pays 100%. Hearing aids require a prescription. Maximum benefit is \$1,000 per ear for any consecutive 36-month period and for the hearing requiring a prescription \$1 per battery. Hearing aids are not available through UnitedHealthcare Hearing.

5 TruHearing includes worry-free purchases with 45-day trial and 3-year warranty, plus 48 free batteries included on non-rechargeable models.

6 - Over-the-counter care by FirstLine Medical: Receive a \$40 quarterly credit (\$160 each year) to purchase OTC personal health care items from the FirstLine Essentials+ website or catalog. These OTC items will be delivered to your home at no additional cost. The quarterly credit may be carried over from month to month, but must be used by December 31. Each order must have a minimum of \$35. There is no limit on the number of orders.

- UnitedHealthcare Healthy at Home: \$0 Copay for 28 meals, 12 rides, & 6 hours of in-home personal care up to 30 days after all inpatient and SNF discharges. Referral required.

- Personal Emergency Response System (PERS): Lifeline: \$0 Copay for a personal emergency response system.

- Routine transportation by ModivCare: \$0 Copay for 24 one-way trips to approved medically related appointments and the pharmacy.

- 1 The benefit period begins as of the date of disability. For example, if an employee is approved for the maximum of 22 week duration, the clock starts ticking on day one. If the employee has 10 weeks of sick leave, they will not start receiving benefits until week 11 and those benefits will cease at the end of week 22. The clock for elimination period, sick leave exhaustion and benefit duration all start at the same time.
- 2 You cannot submit a disability claim for a medical condition for which you received medical treatment, advice, or services, or prescription drugs or medicine in the three months prior to the date your disability coverage started. After six months, you may submit a disability claim for that condition.

- 3 A pre-existing condition means a condition that was caused by or results from a sickness or injury for which you received medical treatment, or advice was rendered, prescribed or recommended, whether or not the sickness was diagnosed at all or was misdiagnosed within 3 months before your effective date, and results in a disability that begins in the first 12 months after your effective date. Time enrolled with the prior carrier does count toward satisfying the pre-existing condition.
