Copyright Tutorial

COPYRIGHT TUTORIAL

The Copyright Crash Course Online Tutorial will help you learn about how ownership of copyrighted materials works, what is fair use and when and how to get permission to use someone else's materials. The Tutorial pages include links to pages in the Copyright Crash Course and to copyright law. Please read these materials to get the information you will need to correctly answer the 12 questions at the end of the Tutorial. In order to earn a Crash Course Certificate, you must answer all 12 Test questions correctly.

While we would encourage you to go through the Tutorial in its entirety before taking the Test, you may take or retake the Test at any time. The Test Results will tell you what you need to review if you miss a question, so you do not have to take the entire Tutorial over if you just miss a few questions. You will, however, have to take the Test over each time you fail to answer all questions correctly.
