PROCEDURES

1. Consensual Relationships

1.1 Romantic or sexual relationships between a supervisor and a person under his or her supervision create situations that may lead to sexual harassment, conflicts of interest, favoritism, and low morale. Therefore, such relationships are discouraged. This policy is not intended to discourage the interaction of supervisors and employees where it is appropriate and ethical.

1.2 If a romantic or sexual relationship exists between a supervisor and an employee under his or her supervision, the supervisor must immediately inform his or her supervisor of the relationship. Failure to do so may result in disciplinary action. Additionally, displays of affection in the work environment are strictly prohibited and may result in disciplinary action. A display of affection includes but is not limited to kissing, handholding and other behavior identified in this policy.

1.3 Complaints concerning consensual relationships impacting the work environment by non-participating individuals will be treated as third-party sexual harassment complaints.

2. Options for Employees to Address Possible Violations

The University of Texas System provides an informal resolution process and a formal complaint procedure that employees may use to address possible violations. The informal process described in this policy may be used as a prelude to filing a formal complaint, or as an alternative. It is not necessary that the informal option be used. Anyone who believes that he or she has been subject to sexual harassment or sexual misconduct may immediately file a formal complaint by following procedures outlined in this policy. Counseling services are available to employees who have concerns about sexual harassment and are available under the informal or formal process.

3. Retaliation Prohibited

An employee who retaliates in any way against an individual who has brought a complaint pursuant to this policy or an individual who has participated in an investigation of such a complaint is subject to disciplinary action, including dismissal.

4. Confidentiality

The University of Texas System will endeavor to maintain confidentiality to the extent permitted by law. Where the complainant's desire to maintain anonymity may constrain attempts to establish facts and eliminate the potential harassment, The University of Texas System will attempt to find the right balance between the complainant's desire for confidentiality with the responsibility of The University of Texas System to provide an environment free of sexual harassment. The University of Texas System may take more formal action to ensure an environment free of sexual harassment and sexual misconduct.

5. Informal Intervention Option

5.1 The individual is provided assistance to attempt to resolve possible sexual harassment or sexual misconduct if the individual does not wish to file a formal complaint. Such assistance includes developing strategies for the individual to effectively inform the offending party that his or her behavior is unwelcome and should cease; action by an appropriate University of Texas System official to stop the unwelcome conduct; or mediation. The University of Texas System may also take more formal action to ensure an environment free of sexual harassment and sexual misconduct.

5.2 To use this option, an employee of The University of Texas System should contact the Director of Employee Services or the Equal Employment Opportunity (EEO) Officer in the Office of Employee Services.

6. Complaint Procedure

6.1 This complaint procedure also constitutes the grievance procedure for complaints alleging unlawful sex discrimination required under Title IX of the Education Amendments of 1972. As used herein, "complaint" is synonymous with "grievance."

6.2 Reporting of Sexual Harassment or Sexual Misconduct

a) The University of Texas System encourages any person who believes that he or she has been subjected to sexual misconduct or sexual harassment to immediately report the incident to the supervisor of the accused employee, and/or to the Director of Employee Services, and/or to the EEO Officer. In no case will a complainant be required to report such behavior to the person accused of the misconduct. When a supervisor receives a complaint, he/she will immediately notify the Director of Employee Services or the EEO officer. The Director of Employee Services or the EEO Officer will advise the complainant of the procedures for filing a formal complaint of sexual harassment.

b) Complaints should be filed as soon as possible after the conduct causing the complaint, but no later than 30 calendar days after the event occurred.

6.3 To initiate the investigation process.

The complainant should submit a written and signed statement setting out the details of the conduct that is the subject of the complaint, including the complainant's name, signature, and contact information; the name of the person directly responsible for the alleged violation; a detailed description of the conduct or event that is the basis of the alleged violation; the date(s) and location(s) of the occurrence(s); the names of any witness(es) to the occurrence(s); the resolution sought; and any documents or information that are relevant to the complaint. While an investigation may begin on the basis of an oral complaint, the complainant is strongly encouraged to file a written complaint.

6.4 Complaint Investigation

a) The Director of Employee Services or the EEO Officer will investigate all complaints. If the complaint is not made in writing, the investigator will prepare a statement of what he or she understands the complaint to be and seek to obtain verification of the statement from the complainant.

b) Within five working days of receipt of a complaint, the Director of Employee Services or designee may either dismiss the complaint or authorize an investigation of the complaint. A complaint may be dismissed if the facts alleged in the complaint, even if taken as true, do not constitute sexual misconduct or sexual harassment; the complaint fails to allege any facts that suggests sexual misconduct or sexual harassment occurred; or the appropriate resolution or remedy has already been achieved, or has been offered and rejected.

c) If it is determined that a complaint will not be investigated, the Director of Employee Services or the EEO Officer will send the complainant a notification letter explaining the reason and informing the complainant that, he or she may appeal the decision not to proceed with a complaint investigation to the Vice Chancellor for Administration within ten (10) working days of the notification.

d) The written appeal must explain why the decision to dismiss the complaint was in error. The Vice Chancellor for Administration will respond within twenty (20) working days of receipt of the appeal. The Vice Chancellor for Administration's decision is final. If the decision to dismiss is overturned, the complaint is sent back to the Director of Employee Services for investigation in accordance with the procedures outlined below.

e) As part of the investigation process, the accused individual shall be provided with a copy of the complaint and allowed a reasonable time to respond in writing.

f) The complainant and the accused individual may present any document or information that is believed to be relevant to the complaint.

g) Any persons thought to have information relevant to the complaint shall be interviewed and such interviews shall be appropriately documented. Other acceptable methods for gathering information include but are not limited to visual inspection of materials alleged to be offensive and follow-up interviews as necessary.

h) The investigation of a complaint will be concluded as soon as possible after receipt of the written complaint. Investigations exceeding 60 days shall be reviewed by the Vice Chancellor for Administration. Justification for the prolonged investigation will be documented. The complainant, accused individual, and supervisor will be provided an update on the progress of the investigation after the review.

6.5 Report of Findings of Investigation and Recommendations for Action

a) Upon completion of the investigation, a written report will be issued. The report will include a recommendation of whether a violation of the policy occurred, an analysis of the facts discovered during the investigation, and recommended disciplinary action if a violation of the policy occurred.

b) A copy of the report will be sent to the appropriate administrative official, the appropriate vice chancellor, the executive vice chancellor or chancellor, the complainant and the respondent. The complainant and respondent have seven (7) working days from the date of the report to submit comments regarding the report to the administrative official.

c) Within thirty working days of receiving any comments submitted by the complainant or respondent, the appropriate administrative official will take one of the following actions:

- request further investigation into the complaint;
- dismiss the complaint if the results of the completed investigation are inconclusive or there is insufficient reasonable, credible evidence to support the allegation(s); or
- find that this policy was violated.

d) A decision that the policy was violated will be made upon the record provided by the investigator and any comments submitted by the complainant or respondent. The decision will be based on the totality of circumstances surrounding the complaint, including but not limited to the context of that conduct, its severity, frequency, whether it was physically threatening, humiliating, or was simply offensive in nature. Facts will be considered on the basis of what is reasonable to persons of ordinary sensitivity and not on the particular sensitivity or reaction of an individual.

e) If the appropriate administrative official determines that this policy was violated, he or she will take disciplinary action that is appropriate for the severity of the conduct. Disciplinary actions can include, but are not limited to, written reprimands, the imposition of conditions, reassignment, suspension, and dismissal.

f) The complainant and the respondent will be informed in writing of the administrative official's decision and will be provided a copy of the final statement of findings.

g) Implementation of disciplinary action will be handled in accordance with The University of Texas System's policy and procedures for discipline and dismissal of employees.

6.6 Assistance

During the complaint process, a complainant or respondent may be assisted by a person of his or her choice; however, the assistant may not examine witnesses or otherwise actively participate in a meeting or interview.

6.7 Confidentiality

To the extent permitted by law, complaints and information received during the investigation will remain confidential. Relevant information will be provided only to those persons who need to know in order to achieve a timely resolution of the complaint.

7. Policy Distribution and Training

7.1 This policy will be made available to all employees. Periodic notices sent to employees will include information about complaint procedures and will refer individuals to designated offices or officials for additional information.

7.2 System Administration will periodically educate and train employees and supervisors regarding the policy, and conduct that could constitute a violation of the policy.
