DEFINITIONS

Classified Pay Plan

An institution's structure for classifying positions into occupational families that do not have the assignment of significant instructional responsibilities or responsibilities for the administration of instructional or research organizations, which provides a framework for the assignment of job titles, job class codes, Fair Labor Standards Act (FLSA) category, EEO Codes, salary grade and range.

Classified Position

Positions which do not entail significant instructional responsibilities or responsibilities for the administration of instructional or research organization, with similar qualifications, requirements and level of responsibility that are grouped together in occupational job families which, when organized hierarchically, create a classified pay plan structure.

Classified Job Title

Job titles that are subject to the salary administration and classification guidelines of and included in the classified pay plan. Titles are descriptive of the work performed and its relative level. Job titles may be generic or specific and can use numerical indicators, letter designations, or descriptive adjectives.

Compensation Policies

The general philosophy and principles of monetary rewards established by the institution that guide the compensation and related practices within fiscal resources. These principles and the policies on which they are based guide compensation program design, procedures and practices to assure support for the mission of the institution; to attract and retain a well-qualified workforce; to provide equitable and fair compensation for similar qualifications and work; to ensure compliance with applicable laws and regulations; to recognize and reward superior performance; and to pay at levels that are competitive within the relevant labor markets.

EEO Code

The numeric code assigned to each job title based on the Equal Employment Opportunity Commission (EEOC) job group definitions.

Fair Labor Standards Act (FLSA)

Federal legislation that sets minimum wage, overtime pay, equal pay, record keeping, and child labor standards for employees who are covered by the act and are not exempt from specific provisions.

FLSA Category

The designation of a job that indicates whether it is exempt from or subject to the overtime provisions of the Fair Labor Standards Act.

Job

The grouping of tasks, duties, and responsibilities assigned to one or more positions. A job refers to the tasks, duties, and responsibilities rather than how well the work is performed.

Job Code

The unique numeric or alpha-numeric designation that is assigned to a specific job title, occupational group, or title series within the occupational group to which the title is assigned.

Job Description

The summary of the major duties and critical tasks of a job that identifies the minimum qualifications such as education, experience and certification required for a classification. Preferred qualifications may also be included.

Salary Ranges

The span from minimum to maximum that constitutes a pay or salary grade or salary range established for a particular job or job grade. A salary range must include a minimum and maximum and may include a midpoint.
