

You're invited to join Lynda Hilliard as she provides her insights on "Measuring Compliance Program Effectiveness".

This session will focus on the key concepts involved in measuring a compliance program for effectiveness. From the basics of understanding what the government typically looks for when reviewing a compliance program for effectiveness, to conducting a review that aids compliance professionals in structuring a review to help quantify the value that a compliance program can bring to an organization.

### Measuring Compliance Program Effectiveness

May 18, 2011

3:00 - 4:00pm CDT

#### *Who Should Attend:*

- Compliance Officers
- Internal Auditors
- Compliance Committee members

#### **About the Presenter:**

##### **Lynda Hilliard, Deputy Compliance Officer, University of California System**

Ms. Hilliard reports into the Chief Compliance and Audit Officer at UC and is responsible for the daily operations of the Ethics and Compliance Services Office which includes ten campuses, five medical centers and one national laboratory.

Lynda previously worked in the Health Care Regulatory Practice of Deloitte & Touche LLP as a senior manager for seven years. While at Deloitte she consulted with healthcare institutions, academic medical centers and other regulatory organization clients as they developed, reviewed and evaluated their compliance programs. Ms. Hilliard has led client engagements involving health care corporate compliance program reviews as well as internal audits for health care-related entities, reimbursement, and billing and coding reviews.

Prior to joining Deloitte, Lynda has held senior level operations and compliance positions in both acute care and extended care organizations. In addition to being a registered nurse, Lynda is certified in health care compliance from the Health Care Compliance Association and certified in corporate compliance and ethics from the Society of Corporate Compliance & Ethics.
