Meeting Description:

Fraud does not discriminate. It knows no boundaries. Almost every entity suffers from fraud, though management might not even be aware of its existence. With fraud costing entities an estimated 5 percent of their annual revenues, institutions lacking proactive fraud prevention measures are the most at risk. ***Fraud at the University of California happens.***

Please join Toffee Jeturian of UCR Audit and Advisory Services for a one-hour webinar to enhance awareness of common fraud schemes encountered at UC, recent high profile cases in the news, perpetrator characteristics and red flags of fraud. This will be the first in a series of webinars on fraud risk in higher education, launched to coincide with International Fraud Awareness Week (Nov. 6-12, 2011).

Date & Time
