THE UNIVERSITY OF TEXAS SYSTEM
Explanations of Variances on the
Practice Plans Summary of Operations
For the Nine Months Ending May 31, 2009

Explanations are provided for institutions having the largest variances in adjusted income (loss) for current year-to-date as compared to the prior year, both in terms of dollars and percentages. Explanations are also provided for institutions with a current year-to-date adjusted loss.

- (1) *UT Southwestern Medical Center – Dallas (Physician Practice Plan)* – The \$10.3 million (29.5%) decrease in adjusted income as compared to last year was attributable to a \$39.1 million increase in operating expenses, which was partially offset by a \$28.8 million increase in operating revenues. Operating expenses increased primarily as a result of higher salaries and fringe benefits due to additional full-time equivalents (FTEs) to support volume increases. Additionally, *Southwestern* received a professional liability insurance (PLI) rebate of \$4 million in April 2008, which reduced the PLI expense for the third quarter of last year. *Southwestern* has not received a comparable amount for 2009 since the PLI rebate is typically distributed during the fourth quarter of the year. Operating revenues increased primarily due to increases in volume, as well as higher contractual revenue from Parkland Hospital and the Veterans' Administration. Ending net assets for the third quarter of 2009 were also negatively impacted by a transfer of \$53.5 million of Texas Upper Payment Limit (UPL) balances that were transferred to fund capital projects.
- (2) *UT Medical Branch - Galveston* – The \$13.6 million (121.9%) increase in adjusted income as compared to the prior year was due to the reduction in total operating expenses of \$46.6 million exceeding the reduction in operating revenues of \$32.3 million. The decrease in operating revenues was attributable to the closure of *UTMB* caused by Hurricane *Ike*, which made landfall in Galveston on September 13, 2008. *UTMB's* John Sealy Hospital reopened 200 beds to the general public on January 5, 2009, and patient care revenue is showing a more rapid recovery than anticipated. During the closure of *UTMB* the employees remained on the payroll, and expenses traditionally reported in the practice plan were reclassified to Educational and General (E&G) funds since the activity post Hurricane *Ike* was primarily related to restoring the E&G function of *UTMB*. Expenses were moved back to the practice plan beginning in April 2009; however, the expenses recorded in E&G funds prior to April were not moved back to the practice plan since these expenses were used to draw down State appropriations. *UTMB* also implemented a reduction in force which contributed to the decrease in operating expenses. Additionally, *UTMB* received a PLI rebate of \$5.5 million in April 2008, which reduced the PLI expense for the third quarter of last year. *UTMB* has not received a comparable amount for 2009 since the PLI rebate is typically distributed during the fourth quarter of the year.

As a result of the reclassification of expenses prior to April, the practice plan reflected adjusted income of \$24.8 million for the nine months ending May 31, 2009. The practice plan also received additional contractual revenue from the hospital that was not anticipated due to the rapid recovery of patient care revenue. While the expenses will increase over the remainder of the year due to the reclassification of expenses back to the practice plan, *UTMB* anticipates the unexpected revenue from the hospital will offset the increase in expenses which will cause the practice plan's operating margin to remain at approximately \$25 million at year-end.

- (3) *UT Health Science Center – Houston (Physician Practice Plan)* – The \$3.1 million (89.9%) increase in adjusted income as compared to last year was due to an increase in operating revenues of \$28.4 million, which was partially offset by an increase in operating expenses of \$24.8 million. The increase in operating revenues was primarily attributable to a \$21.4 million increase in contractual revenues. The majority of the increase in contractual revenues resulted from an increase in services provided and an improvement in some contractual rates with Memorial Hermann Hospital. The increase was also attributable to the new Harris County Clinical Services contract, which is based on relative value units (RVUs) rather than FTEs. The increase in operating expenses was primarily attributable to increases in faculty and staff salaries and an increase in maintenance and operations. Faculty and staff salaries increased due to the addition of numerous positions, as well as annual increases in pay for employees. Maintenance and operations increased primarily due to increased usage of locum tenens in the following areas: the Harris County Jail as a result of an increase in the number of inmates seen, Diagnostic Imaging due to a number of faculty departures, and Anesthesiology due to vacant positions. Additionally, payments for certified registered nurse anesthetists in Anesthesia increased as a result of increased case volume. Additionally, *UTHSC-Houston* received a PLI rebate of \$4.1 million in April 2008, which reduced the PLI expense for the third quarter of last year. *UTHSC-Houston* has not received a comparable amount for 2009 since the PLI rebate is typically distributed during the fourth quarter of the year.

UTHSC-Houston's clinics were officially closed for four days in September as a result of Hurricane *Ike*. However, the power at the clinics was not lost as a result of the storm, thus allowing the clinics to continue to operate. Many employees and faculty continued to work to accommodate the patients and the schedules.

- (4) *UT Health Science Center - San Antonio (Physician Practice Plan)* – The physician practice plan incurred a year-to-date loss of \$8.5 million attributable to a \$4.1 million loss incurred by the Cancer Therapy Research Center (CTRC) due to increased clinical operations and billing delays resulting from the integration of the nonprofit healthcare corporation (UT Medicine) into *UTHSC-San Antonio*; a \$1.3 million loss resulting from the School of Medicine's planned expansion efforts and reinvestment in faculty, as well as the preparation for the opening of the Medical Arts and Research Center (MARC) in the fall of 2009; and \$3.1 million in interest expense on debt service for the MARC building. Additionally, *UTHSC-San Antonio* received a PLI rebate of \$3.7 million in April 2008, which reduced the PLI expense for the third quarter of last year. *UTHSC-San Antonio* has not received a comparable amount for 2009 since the PLI rebate is typically distributed during the fourth quarter of the year.

UTHSC-San Antonio anticipates the physician practice plan's operating loss will decrease during the remainder of the year as cost-cutting efforts and billing and revenue enhancement measures are implemented. *UTHSC-San Antonio* projects the physician practice plan will incur a loss for the year of \$6.2 million due to start-up costs associated with the MARC, as well as the increase in interest expense on debt service for the MARC building. This loss is a planned investment of prior year net assets that is anticipated to increase future operations.

- (5) *UT M. D. Anderson Cancer Center* – The \$8.9 million (739.2%) increase in adjusted loss as compared to last year was primarily attributable to the business disruption in revenue generating activities related to Hurricane *Ike*, an increase in indigent patients, delays in payments from patients and insurance companies, and an increase in salaries, wages, and payroll related costs due to salary increases and additional FTEs. Additionally, *M. D. Anderson* received a PLI rebate of \$2.5 million in April 2008, which reduced the PLI expense for the third quarter of last year. *M. D. Anderson* has not received a comparable amount for 2009 since the PLI rebate is typically distributed during the fourth quarter of the year. Ending net assets for the third quarter of 2009 were also negatively impacted by a reduction in the fair market value of investments allocated to the physician practice plan.

As a result of these factors, the physician practice plan incurred a year-to-date adjusted loss of \$7.7 million for the nine months ending May 31, 2009. *M. D. Anderson* anticipates the physician practice plan will end the year with adjusted income of approximately \$0.2 million. *M. D. Anderson's* Executive Committee instituted a hiring freeze in March 2009, implemented a 10% reduction in overall expenses in May 2009, and is focusing on increasing clinical revenues.

- (6) *UT Health Science Center - Tyler* – The \$0.3 million (551.7%) increase in adjusted income as compared to last year was primarily due to the receipt of patients from *UTMB's* Correctional Managed Care Agreement as a result of Hurricane *Ike*. The increase in patients not only generated additional revenues, but also caused an increase in salaries paid to the doctors. A new contract with an interventional pulmonologist also contributed to the increase in expenses. Additionally, *UTHSC-Tyler* received a PLI rebate of \$0.2 million in April 2008, which reduced the PLI expense for the third quarter of last year. *UTHSC-Tyler* has not received a comparable amount for 2009 since the PLI rebate is typically distributed during the fourth quarter of the year.

GLOSSARY OF TERMS

OPERATING REVENUES:

GROSS CHARGES – Posted charges for patient care services at scheduled rates.

UNSPONSORED CHARITY CARE – The sum of Charity Care and Contractual Allowances - Medicaid.

CHARITY CARE – Unreimbursed charges to financially or medically indigent patients, including contractual adjustments and other unreimbursed charges to State Children’s Health Insurance Program and other governmental programs indexed to the federal poverty level. Contractual adjustments include fee-for-service and capitation.

CONTRACTUAL ALLOWANCES - MEDICAID – Contractual adjustments and other unreimbursed charges to Medicaid. The federal portion of the Medicaid Physician Upper Payment Limit (UPL) supplemental payment program should be recorded here as an offset to the Medicaid contractual allowances.

CONTRACTUAL ALLOWANCES – The sum of contractual allowances for Medicare and for Managed Care and Other Insurance.

MEDICARE – The difference between the gross charge and the discounted amount agreed to by Medicare, including the difference between gross charges and the related capitated payments.

MANAGED CARE AND OTHER INSURANCE – The difference between the gross charge and the discounted amount agreed to by a third party contract, such as Preferred Provider Organizations and Health Maintenance Organizations, including the difference between gross charges and the related capitated payments.

OTHER UNREIMBURSED MEDICAL CHARGES – All other write-offs (i.e., unbilled charges, discounts for employees, unreimbursed research expenses, denied charges, missed billing deadlines).

BAD DEBT EXPENSE – Charges that were at one time the responsibility of a private pay patient or third party payor that are deemed uncollectible.

NET PATIENT REVENUES – Gross charges less all deductions.

CONTRACTUAL REVENUES – Lump sum income for contracted physician services related to affiliated hospitals and organizations, jails, medical director services, and clinical oversight.

OTHER OPERATING REVENUES – Other operating-related revenue items not listed elsewhere.

OPERATING EXPENSES:

FACULTY SALARIES – All faculty salary payments including salary augmentation. Does not include incentive payments or supplemental retirement annuities.

STAFF SALARIES – All non-faculty salary payments, excluding resident salaries.

RESIDENT SALARIES – Salaries paid to resident physicians.

FRINGE BENEFITS – Group insurance premiums (net of premium sharing) paid by the plan, supplemental retirement payments, incentive payments, and parking fees as authorized by the Medical Services Research and Development Plan/Physicians’ Referral Service Bylaws, and mandatory state benefits (retirement, OASI, WCI, premium sharing, etc.).

MAINTENANCE AND OPERATIONS – Utilities, supplies, repairs and maintenance, shipping and postage, etc.

PROFESSIONAL LIABILITY INSURANCE – Professional liability insurance premiums paid by the institution on behalf of plan members.

TRAVEL – All costs associated with travel.

OFFICIAL FUNCTIONS – Business related events that are of documented benefit to the institution.

OTHER OPERATING EXPENSES – Other operating-related expense items not listed elsewhere.

OPERATING INCOME (LOSS) – Total operating revenues less total operating expenses before other nonoperating adjustments like investment income and interest expense.

INVESTMENT INCOME – Income earned from investments.

INTEREST EXPENSE ON DEBT SERVICE – Interest expense only on debt service.

ADJUSTED INCOME (LOSS) – Operating income (loss) adjusted for investment income and interest expense on debt service.

ADJUSTED INCOME (LOSS) AS A PERCENTAGE – Adjusted income (loss) divided by total operating revenues plus investment income.

OTHER NONOPERATING REVENUES (EXPENSES) – Other nonoperating revenue or expense items not identified elsewhere including the change in fair market value.

TRANSFERS IN – Transfers from non-practice plan funds.

TRANSFERS OUT – Transfers to non-practice plan funds.

DEBT SERVICE – Principal paid on any debt, i.e., building construction, renovation, lease-purchase agreements, etc.

CAPITAL OUTLAY – Cost of capital acquisitions funded from plan resources.
