*Assignments marked as "Required" in red font on the Kaplan Online Syllabus for each session must be completed before the next class session. Lessons on Demand for each session, although marked as "Required" on the online syllabus, are not required by JAMP.

*You have access to 5 Live Online Review Sessions that are designed to give you additional guidance and support throughout your self-study preparation. You are required to attend at least 3 of the 5 review sessions, and you may choose the dates you'd like to attend. While JAMP is only requiring that you attend 3, it is highly recommended that you take advantage of all 5 sessions in order to make the most of your MCAT preparation.

*This schedule may be changed at the discretion of Kaplan and/or JAMP. Students will be notified of any changes in schedule via email and/or during a class session when possible.
