

Item 8.

Confidentiality Checklist

Confidentiality Checklist

You may use our Confidentiality Checklist Interactive Form to analyze a Sponsor-offered confidentiality clause, determine what problems, if any, the clause contains and determine the editorial changes necessary to conform the clause to the requirements of the Regents' Rules related to Intellectual Property.

When you reach a screen indicating that you are through with confidentiality clause analysis, there will be links to other interactive forms to help you with other clauses.

If you follow a link that takes you to the contract clauses themselves, use your "go back" function to return to the Checklist.

[Begin the Confidentiality Checklist analysis.](#)
