## SECTION 1

### INTRODUCTION

#### 1.1 Description of The University of Texas System

The University of Texas System has served Texas for more than 135 years, improving the lives of Texans—and people all over the world—through education, health care and research at [13 academic and health institutions](#) across the state. With an enrollment of almost 243,000 students, the UT System is one of the nation’s largest public university systems of higher education.

UT institutions are powerful drivers of economic and social mobility in Texas, producing more than 67,000 degrees annually, including more than one-third of the state’s bachelor’s degrees and more than half of the state’s medical degrees. Almost half of all undergraduate degrees are awarded to students who qualify for a Pell grant based on financial need while enrolled at a UT institution. Sixty percent of undergraduates who received need-based financial aid double their parents’ income within five years of earning a UT degree.

More than three-fourths of undergraduate students secure jobs in Texas within a year after graduation, providing a skilled workforce and fueling the state’s economy. According to Georgetown University’s Center on Education and the Workforce, a UT degree’s return on investment is among the best in the nation.

The UT System also is one of the largest employers in the state with 22,000 faculty – including Nobel laureates and members of National Academies – and 93,000 health care professionals, researchers and staff.

Creating a healthier Texas is a fundamental mission of UT institutions, which award more than 15,000 health-related degrees annually. The UT System is poised to open its seventh medical school in Tyler in 2023. UT-owned and affiliated hospitals and clinics – supported by thousands of doctors, physician assistants, nurses and other health care providers – accounted for more than 10.6 million outpatient visits and over 2 million hospital days in 2021.

In addition to world-class patient care, UT researchers are on the front lines of advancing treatments and therapies for deadly and debilitating diseases. Life-changing and life-saving research and invention of new technologies regularly place UT institutions among the top 10 world’s most innovative universities, according to Reuters and the National Academy of Inventors. Total research spending across the 13 UT institutions exceeds \$3.5 billion annually, the most in Texas, and the UT System is No. 1 in Texas and No. 2 in the nation in federal research expenditures among public higher education systems.

#### 1.2 Background and Special Circumstances

UT System and its thirteen (13) Institutions operate in a highly competitive academic, research, and healthcare environment. Loss of critical functions, unplanned shutdowns, or delayed restoration of operations could have a significant adverse impact on UT System and the Institutions. If an initial damage assessment after a loss resulting from fire, flood, wind, or other peril reveals conditions that will require restoration and recovery efforts that are beyond UT System’s and the Institutions’ abilities, contractual agreements with qualified and experienced companies may be necessary. By participating in this RFP, proposer(s) (collectively, “Proposer”) agrees to extend all goods, services and pricing to UT System Administration and any UT System Institution (collectively, “Institutional Participants”) that wishes to participate in any contract entered into with Proposer. UT SYSTEM DOES NOT REPRESENT, WARRANT OR GUARANTY

THAT UT SYSTEM WILL PROCURE ANY PARTICULAR DOLLAR VALUE OR ANY PARTICULAR QUANTITY OF SERVICES UNDER ANY AGREEMENT RESULTING FROM THIS RFP, AND UT SYSTEM SPECIFICALLY DISCLAIMS ANY SUCH REPRESENTATIONS, WARRANTIES AND GUARANTIES.

**NOTICE TO PROSPECTIVE PROPOSERS:** The 87<sup>th</sup> Texas Legislature has created a new requirement under the Department of Information Resources (DIR) relating to any vendor who stores or maintains state/higher education data on cloud computing services. Effective 1/1/2022 any vendor/entity that contracts with *and* who uses cloud computing services must complete this TX-RAMP certification program through the State of Texas DIR. Be aware that by responding to this solicitation, if applicable, Proposers will be required to obtain additional certifications in order to contract for services. The TX-RAMP certification program is managed and operated by DIR. For more information about this certification program, including where to find the listing of those vendors already approved, please visit: <https://dir.texas.gov/texas-risk-and-authorization-management-program-tx-ramp>.

### 1.3 Objective of Request for Proposal

The University of Texas System (**University**) is soliciting proposals from qualified vendors to perform work (**Work**) more specifically described in **Section 5.4** (Scope of Work) of this Request for Proposal (**RFP**) including, but not limited to: (1) project management, (2) fire, smoke and water damage recovery including build back, (3) moisture control, (4) heating, ventilation and air conditioning (“**HVAC**”) decontamination and cleaning, (5) microbial remediation, (6) telecommunications recovery, (7) electronics restoration, (8) media recovery, (9) documents, books and vital records recovery, (10) equipment recovery, and (11) training.

Because time is of the essence when dealing with disaster recovery, UT System encourages proposals that demonstrate an ability to deliver immediate and comprehensive disaster restoration and recovery services. Proposals to deliver the services on a regional basis to UT System institutions in geographic proximity will be considered. Proposals should also demonstrate an ability to deliver the services in accordance with all Federal Emergency Management Agency (“**FEMA**”) and insurance company requirements, to maximize eligibility for assistance from FEMA and recovery through insurance claims and reimbursement of expenses.

### 1.4 Group Purchase Authority

Texas law authorizes institutions of higher education (defined by [§61.003, Education Code](#)) to use the group purchasing procurement method (ref. §§[51.9335](#), [73.115](#), and [74.008](#), *Education Code*). Additional Texas institutions of higher education may therefore elect to enter into a contract with the successful Proposer under this RFP. In particular, Proposer should note that University is part of The University of Texas System (**UT System**), which is comprised of thirteen institutions described at <http://www.utsystem.edu/institutions>. UT System institutions routinely evaluate whether a contract resulting from a procurement conducted by one of the institutions might be suitable for use by another, and if so, this RFP could give rise to additional purchase volumes. As a result, in submitting its proposal, Proposer should consider proposing a pricing model and other commercial terms that take into account the higher volumes and other expanded opportunities that could result from the eventual inclusion of other institutions in the purchase contemplated by this RFP. Any purchases made by other institutions based on this RFP will be the sole responsibility of those institutions.

## SECTION 2

## 2.5 Historically Underutilized Businesses

2.5.1 All agencies of the State of Texas are required to make a good faith effort to utilize historically underutilized businesses (each a **HUB**) in contracts. The goal of the HUB program is to promote full and equal business opportunity for all businesses in contracting with state agencies and state universities. Pursuant to the HUB program, if a Contractor plans to subcontract any Work under the terms of any agreement or contractual arrangement *resulting from* this RFP, then the Contractor must make a good faith effort to utilize HUBs certified by the State of Texas. Proposals that fail to comply with the requirements contained in the HUB

Subcontracting Plan (HSP) referred to in section 2.5.3 will constitute a material failure to comply with advertised specifications and will be rejected by University as non-responsive. Additionally, compliance with good faith effort guidelines is a condition precedent to awarding any agreement or contractual arrangement resulting from this RFP. **Proposer acknowledges that, if selected by University, its obligation to make a good faith effort to utilize HUBs when subcontracting any Work will continue throughout the term of all agreements and contractual arrangements resulting from this RFP.** Furthermore, any subcontracting Work by Proposer is subject to review by University to ensure compliance with the HUB program.

- 2.5.2 University has reviewed this RFP in accordance with [Title 34, Texas Administrative Code, Section 20.285](#), and has determined that subcontracting opportunities (HUB and/or Non-HUB) are probable under this RFP. The HUB subcontracting participation goal for this RFP is **26% of the expected value of the Proposer's entire proposal.**
- 2.5.3 A HUB Subcontracting Plan (HSP) is **required** as part of, *but submitted separately from*, Proposer's proposal. The HSP will be developed and administered in accordance with University's Policy on Utilization of Historically Underutilized Businesses and incorporated for all purposes.

***Each Proposer, whether HUB certified or not, and whether self-performing or planning to subcontract, must complete and return the HSP in accordance with the terms and conditions of this RFP. Proposers that fail to do so will be considered non-responsive to this RFP in accordance with [§2161.252, Government Code](#).***

*Questions regarding the HSP may be directed to:*

Contact: Kyle Hayes  
HUB Coordinator  
Phone: 512-322-3745  
Email: [khayes@utsystem.edu](mailto:khayes@utsystem.edu)

Proposer will not be permitted to change its HSP after the deadline submittal date unless: (1) Contractor completes a new HSP, setting forth all modifications requested by Contractor, (2) Contractor provides the modified HSP to University, (3) University HUB Program Office approves the modified HSP in writing, and (4) all agreements resulting from this RFP are amended in writing to conform to the modified HSP.

### **Instructions on Completing an HSP**

Proposer must visit <https://www.utsystem.edu/offices/historically-underutilized-business/hub-forms/hub-plan-templates-commodities-services-procurement> to download the most current HUB Subcontracting Plan (HSP) / Exhibit H form for use with this RFP. Proposer will find on the HUB Forms webpage a link to "Guide to Selecting the Appropriate HSP Option". **Click on this link and read the Guide first before selecting an HSP Option.** Proposer shall select from the **five (5) Options** available, the Option that is most applicable to Proposer's subcontracting intentions. These forms are in **fillable** PDF format and must be downloaded and opened with *Adobe Acrobat / Reader* to utilize the fillable function. **Each Option is accompanied by an HSP Completion Guide.** If Proposer has any questions

regarding which Option to use, *Proposer shall contact the HUB Coordinator listed in Section 2.5.3.*

Proposer must complete the HSP, then print, sign (electronic signatures are acceptable) and scan *all pages* of the HSP Option selected, with additional support documentation\*, **and submit via Bonfire portal** no later than the proposal submittal deadline date and time.

Each Proposer's HSP will be evaluated for completeness and compliance prior to opening the proposal to confirm Proposer compliance with HSP rules and standards. Proposer's failure to submit one (1) completed and signed HUB Subcontracting Plan **to the Bonfire portal** will result in University's rejection of the proposal as non-responsive due to material failure to comply with advertised specifications.

**\*If Proposer's submitted HSP refers to specific page(s) / Sections(s) of Proposer's proposal that explain how Proposer will perform entire contract with its own equipment, supplies, materials and/or employees, Proposer must submit copies of those pages with the HSP sent to the Bonfire Portal. In addition, all solicitation emails to potential subcontractors must be included as backup documentation to the Proposer's HSP to demonstrate Good Faith Effort. Failure to do so will slow the evaluation process and may result in DISQUALIFICATION.**

- 2.5.4 University may offer Proposer an opportunity to seek **informal review of its draft HSP** by University's HUB Office before the Submittal Deadline. If University extends this offer, **details will be provided at the Pre-Proposal Conference** (ref. **Section 2.6** of this RFP) or by other means. Informal review is designed to help address questions Proposer may have about how to complete its HSP properly. Concurrence or comment on Proposer's draft HSP by University will *not* constitute formal approval of the HSP and will *not* eliminate the need for Proposer to submit its final HSP to University as instructed by **Section 2.5.3.**

## 2.6 Pre-Proposal Conference

University will hold a pre-proposal conference at **11:00 a.m.**, Central Time (**CST**) on **Wednesday, February 22, 2023**. The pre-proposal conference will allow all Proposers an opportunity to ask University's representatives relevant questions and clarify provisions of this RFP.

***Potential respondents must RSVP via the following link to receive the pre-proposal conference details:***

If Proposer takes exception to any terms or conditions set forth in the Agreement, Proposer will submit a redlined version of **APPENDIX TWO** and a detailed list of reasons for the exceptions as part of its proposal in accordance with **Section 5.3.1**. Proposer's exceptions will be reviewed by University and may result in disqualification of Proposer's proposal as non-responsive to this RFP. ## SECTION 1

### GENERAL INFORMATION

#### 1.1 Purpose

University is soliciting competitive sealed proposals from Proposers having suitable qualifications and experience providing services in accordance with the terms, conditions and requirements set forth in this RFP. This RFP provides sufficient information for interested parties to prepare and submit proposals for consideration by University.

By submitting a proposal, Proposer certifies that it understands this RFP and has full knowledge of the scope, nature, quality, and quantity of Work to be performed, the detailed requirements of Work to be provided, and the conditions under which Work is to be performed. Proposer also certifies that it understands that all costs relating to preparing a response to this RFP will be the sole responsibility of the Proposer.

PROPOSER IS CAUTIONED TO READ THE INFORMATION CONTAINED IN THIS RFP CAREFULLY AND TO SUBMIT A COMPLETE RESPONSE TO ALL REQUIREMENTS AND QUESTIONS AS DIRECTED.

#### 1.2 Inquiries and Interpretations

University may in its sole discretion respond in writing to written inquiries concerning this RFP and mail its response as an Addendum to all parties recorded by University as having received a copy of this RFP. Only University's responses that are made by formal written Addenda will be binding on University. Any verbal responses, written interpretations or clarifications other than Addenda to this RFP will be without legal effect. All Addenda issued by University prior to the Submittal Deadline will be and are hereby incorporated as a part of this RFP for all purposes.

Proposers are required to acknowledge receipt of each Addendum as specified in this Section. The Proposer must acknowledge all Addenda by completing, signing and returning the Addenda Checklist (ref. **Section 4** of **APPENDIX ONE**). The Addenda Checklist must be received by University prior to the Submittal Deadline and should accompany the Proposer's proposal.

Any interested party that receives this RFP by means other than directly from University is responsible for notifying University that it has received an RFP package, and should provide its name, address, telephone and facsimile (**FAX**) numbers, and email address, to University, so that if University issues Addenda to this RFP or provides written answers to questions, that information can be provided to that party.

#### 1.3 Public Information

Proposer is hereby notified that University strictly adheres to all statutes, court decisions and the opinions of the Texas Attorney General with respect to disclosure of public information.

University may seek to protect from disclosure all information submitted in response to this RFP until such time as a final agreement is executed.

Upon execution of a final agreement, University will consider all information, documentation, and other materials requested to be submitted in response to this RFP, to be of a non-confidential and non-proprietary nature and, therefore, subject to public disclosure under the *Texas Public Information Act* (ref. [Chapter 552, Government Code](#)). Proposer will be advised of a request for public information that implicates their materials and will have the opportunity to raise any objections to disclosure to the Texas Attorney General. Certain information may be protected from release under §§[552.101](#), [552.104](#), [552.110](#), [552.113](#), and [552.131](#), *Government Code*.

#### 1.5 Proposal Evaluation Process

University will select Contractor by using the competitive sealed proposal process described in this Section. Any proposals that are not submitted by the Submittal Deadline or that are not accompanied by required number of completed and signed originals of the HSP will be rejected by University as non-responsive due to material failure to comply with this RFP (ref. **Section 2.5.4**). Upon completion of the initial review and evaluation of proposals, University may invite one or more selected Proposers to participate in oral presentations. University will use commercially reasonable efforts to avoid public disclosure of the contents of a proposal prior to selection of Contractor.

University may make the selection of Contractor on the basis of the proposals initially submitted, without discussion, clarification or modification. In the alternative, University may make the selection of Contractor on the basis of negotiation with any of the Proposers. In conducting negotiations, University will use commercially reasonable efforts to avoid disclosing the contents of competing proposals.

University may discuss and negotiate all elements of proposals submitted by Proposers within a specified competitive range. For purposes of negotiation, University may establish, after an initial review of the proposals, a competitive range of acceptable or potentially acceptable proposals composed of the highest rated proposal(s). In that event, University may defer further action on proposals not included within the competitive range pending the selection of Contractor; provided, however, University reserves the right to include additional proposals in the competitive range if deemed to be in the best interest of University.

After the Submittal Deadline but before final selection of Contractor, University may permit Proposer to revise its proposal in order to obtain the Proposer's best and final offer. In that event, representations made by Proposer in its revised proposal, including price and fee quotes, will be binding on Proposer. University will provide each Proposer within the competitive range with an equal opportunity for discussion and revision of its proposal. University is not obligated to select the Proposer offering the most attractive economic terms if that Proposer is not the most advantageous to University overall, as determined by University.

University reserves the right to (a) enter into an agreement for all or any portion of the requirements and specifications set forth in this RFP with one or more Proposers, (b) reject any and all proposals and re-solicit proposals, or (c) reject any and all proposals and temporarily or permanently abandon this selection process, if deemed to be in the best interests of University. Proposer is hereby notified that University will maintain in its files concerning this RFP a written record of the basis upon which a selection, if any, is made by University.

#### **1.6 Proposer's Acceptance of RFP Terms**

Proposer (1) accepts [a] Proposal Evaluation Process (ref. **Section 1.5** of **APPENDIX ONE**), [b] Criteria for Selection (ref. **Section 2.3**), [c] Specifications and Additional Questions (ref. **Section 5**), [d] terms and conditions of the Agreement (ref. **APPENDIX TWO**), and [e] all other requirements and specifications set forth in this RFP; and (2) acknowledges that some subjective judgments must be made by University during this RFP process.

Emphasis should be on completeness, clarity of content, and responsiveness to the requirements and specifications of this RFP.
- 1.8.6 University makes no warranty or guarantee that an award will be made as a result of this RFP. University reserves the right to accept or reject any or all proposals, waive any formalities, procedural requirements, or minor technical inconsistencies, and delete any requirement or specification from this RFP or the Agreement when deemed to be in University's best interest. University reserves the right to seek clarification from any Proposer concerning any item contained in its proposal prior to final selection. Such clarification may be provided by telephone conference or personal meeting with or writing to University, at University's sole discretion. Representations made by Proposer within its proposal will be binding on Proposer.
