**THE UNIVERSITY OF TEXAS SYSTEM  
MANAGEMENT’S DISCUSSION AND ANALYSIS  
For the Year Ended August 31, 2020  
(Unaudited)**

**INTRODUCTION**

The University of Texas System (the System) was established by the Texas Constitution of 1876. In 1881, Austin was designated the site of the main academic campus and Galveston as the location of the medical branch. The University of Texas at Austin opened in 1883, and eight years later, the John Sealy Hospital in Galveston established a program for university-trained medical professionals. In addition to the original academic campus of The University of Texas at Austin, the System now includes seven additional academic institutions:

- The University of Texas at Arlington
- The University of Texas at Dallas
- The University of Texas at El Paso
- The University of Texas Permian Basin
- The University of Texas Rio Grande Valley
- The University of Texas at San Antonio
- The University of Texas at Tyler

Health institutions for medical education and research have expanded beyond The University of Texas Medical Branch at Galveston to include:

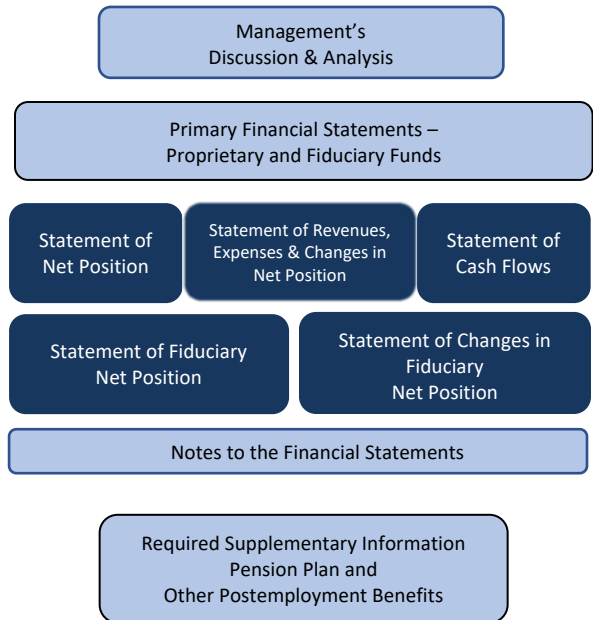

- The University of Texas M. D. Anderson Cancer Center
- The University of Texas Southwestern Medical Center
- The University of Texas Health Science Center at Houston
- The University of Texas Health Science Center at San Antonio
- The University of Texas Health Science Center at Tyler

The System’s fourteen institutions are, collectively, one of the nation’s largest educational enterprises. They provide instruction and learning opportunities to over 239,000 undergraduate, graduate and professional school students from a wide range of social, ethnic, cultural and economic backgrounds. The System is governed by a nine-member Board of Regents appointed by the Governor of Texas and confirmed by the Texas Senate. In addition, the Governor appoints a Student Regent for a one-year term.

**OVERVIEW OF THE FINANCIAL STATEMENTS AND FINANCIAL ANALYSIS**

The objective of Management’s Discussion and Analysis (MD&A) is to provide an overview of the financial position and activities of the System for the year ended August 31, 2020, with selected comparative information for the years ended August 31, 2019 and 2018. The complete set of financial statements includes:

The financial statements of the System were prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The System’s financial records are reported as a business-type activity in the State of Texas’ Comprehensive Annual Financial Report and the System’s custodial fund financial records are reported as fiduciary funds in the State of Texas’ Comprehensive Annual Financial Report. For purposes of the MD&A, System refers to the business-type activity.

## FINANCIAL HIGHLIGHTS

### COVID-19

In January 2020, the World Health Organization declared the novel coronavirus (COVID-19) a Public Health Emergency of International Concern. On March 13, 2020, the Governor of the State of Texas declared a state of emergency. On March 19, 2020, the Governor signed Executive Orders to mitigate the spread of COVID-19 in Texas that closed all non-essential businesses and services statewide, canceled or postponed all non-essential gatherings of individuals, and emphasized social distancing practices in business and personal life. The orders resulted in work-from-home policies, travel restrictions, online education and closure of student residential buildings, and cancellation of events. In addition, the restrictions required rescheduling of elective or non-critical surgical and procedural cases along with non-urgent and routine provider appointments, as well as redeployment of resources to address the novel coronavirus needs. This resulted in reduced hospital and professional fees patient care revenues and operating cash flows.

To alleviate the economic impact, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided economic grants to offset additional expenses and forgone revenue which was reported as Nonexchange Sponsored Programs. In mid-April, consistent with the guidance from regulatory agencies, the System resumed surgical and professional services that were postponed in March and early April. The outbreak of COVID-19 caused domestic and global disruption in operations for institutions of higher education and healthcare organizations and negatively impacted the financial markets and the value of the System's investments for a period.

In spite of COVID-19, the System continues to maintain and protect its strong financial condition, with net position of \$48.7 billion at August 31, 2020. Revenues totaled \$25.1 billion in 2020. Net patient care revenues, net investment income and sponsored program revenues were the largest contributors to the increase in net position. This increase in net position was reduced by expenses totaling \$21.7 billion in 2020. Compensation and benefits, including the Teacher Retirement System of Texas pension and other postemployment benefits continue to be the largest expense of the System. The System is committed to recruiting and retaining outstanding faculty and staff, and the compensation package is one way to successfully compete with peer institutions and nonacademic employers.

### The Statement of Net Position

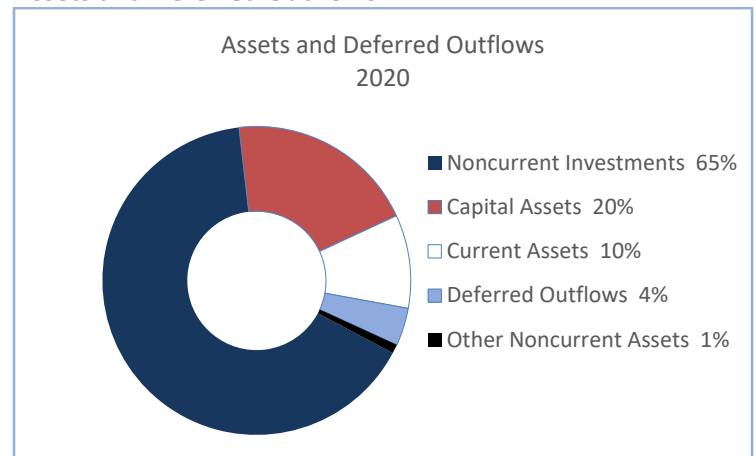

The statement of net position presents the assets, deferred outflows, liabilities, deferred inflows and net position of the System as of the end of the year. This is a point-in-time financial presentation of the financial status as of August 31, 2020, with comparative information for the

previous years. Net position is the residual value of the System's assets and deferred outflows of resources, after liabilities and deferred inflows of resources are deducted. Changes in net position are one indicator of the improvement or decline of the System's financial strength. A summarized comparison of the System's statement of net position at August 31, 2020, 2019 and 2018 follows:

<b>Condensed Statement of Net Position</b>			
(\$ in millions)			
	2020	*Restated 2019	2018
<b>Assets</b>			
Current assets	\$ 8,760.3	8,669.2	7,532.6

Unrestricted	(1,789.4)	(2,730.9)	(3,291.8)
<b>Net position</b>	<b>\$ 48,663.7</b>	<b>45,858.3</b>	<b>45,390.8</b>

\*Restatements in 2019 related to the implementation of GASB Statement 84 *Fiduciary Activities*

### Assets and Deferred Outflows

Assets and deferred outflows increased \$5.1 billion, or 6.0%, to \$89.5 billion in 2020 primarily due to increases in noncurrent investments.

### Noncurrent Investments

Noncurrent investments are comprised of permanent endowments, funds functioning as endowments, annuity and life income funds and other investments including investment derivative instruments. These assets increased \$4.3 billion in 2020 primarily due to an increase in the fair value of investments and converting cash and cash equivalent balances into noncurrent investments for a higher expected return.

The Permanent University Fund (PUF), which includes the fair value of PUF investment and the fair value of PUF lands, increased \$872.2 million due primarily to several factors. Assets invested increased \$705.3 million due to PUF lands mineral income earned in 2020 that was added to the endowment in accordance with requirements of the Texas Constitution. The \$705.3 million of mineral income in 2020 represents a \$289.3 million decrease from 2019 due to a decrease in the price of oil and gas. Investment income also increased the value of the PUF by \$1.5 billion. These increases were offset by \$1.5 billion in transfers to the Available University Fund and Texas A&M University System (TAMUS). Finally, the fair value of the PUF's investments increased \$547.4 million offset slightly by a decrease in the fair value of the PUF lands of \$437.4 million due to a decrease in the forecasted price of oil and gas.

### Capital and Intangible Assets

A critical factor in sustaining the quality of the System's academic and research programs and residential life is the development and maintenance of its capital assets. Capital additions totaled \$1.9 billion in 2020, of which \$1.1 billion consisted of new projects under construction. Capital additions were comprised of replacement, renovation, and new construction of academic, research and healthcare facilities, as well as significant investments in equipment and software. The table below depicts the System's capital improvement program for the next six years.

<b>Capital Improvement Program 2021-2026</b>	
<b>Institution:</b>	<i>(\$ in millions)</i>
UT Arlington	102.0
UT Austin	957.4
UT Dallas	18.0
UT El Paso	16.2
UT Permian Basin	37.0
UT Rio Grande Valley	30.0
UT San Antonio	230.0
UT Tyler	73.8
UTHSC Houston	150.9
UTHSC San Antonio	398.8
UTMB Galveston	190.3
UT MD Anderson Cancer Center	563.5
UT Southwestern Medical Center	1,220.2
<b>Total</b>	<b>3,988.1</b>

### Deferred Outflows

Other postemployment benefits (OPEB) related deferred outflows increased \$393.9 million due to a decrease in the discount rate from 4.10% to 2.74% because of a decrease in the municipal bond rate.

### Liabilities and Deferred Inflows

Liabilities and deferred inflows increased \$2.2 billion, 5.8%, to \$40.8 billion in 2020 primarily due to increases in the OPEB liability and pension-related deferred inflows.

### Debt-Related Liabilities

Debt-related liabilities consist of both the current and noncurrent portions of short-term debt, or commercial paper, as well as leases, notes, loans and bonds payable. Several factors contributed to the \$276.1 million change in debt-related liabilities between 2020 and 2019 including an increase in bonds payable of \$341.2 million slightly offset by a \$76.8 million decrease in commercial paper. Bonds payable relate to the financing of the System's capital needs. Commercial paper notes are issued periodically to provide interim financing for capital improvements and to finance the acquisition of capital equipment. The System typically refunds a portion of these outstanding notes through the issuance of long-term debt to provide permanent financing for projects. The table below depicts the change in the System's debt-related liabilities over the past three years:

<b>Current &amp; Noncurrent Debt</b>	2020	2019	2018
	<i>(\$ in millions)</i>		
Bonds Payable	\$ 9,841.6	9,500.4	9,498.0
Commercial Paper	1,413.7	1,490.5	1,185.8
Leases, Notes & Loans	188.6	176.9	26.4
<b>Total Debt-Related Liabilities</b>	<b>\$ 11,443.9</b>	<b>11,167.8</b>	<b>10,710.2</b>

**OPEB Liabilities**

The State provides certain health and life insurance benefits for retired employees in accordance with State statutes. OPEB are provided to the System’s retirees under the U. T. System Employee Group Insurance Program. The U. T. System Employee Group Insurance Program is a single-employer defined benefit OPEB plan; however, because State statute requires funding for the plan from State appropriations, the State’s governmental fund reports a proportionate share of the OPEB liability. The System reported a total OPEB liability of \$11.5 billion for 2020 compared to \$10.4 billion in 2019 due to a decrease in the municipal bond rate from 4.10% to 2.74%. It should be noted that these benefits are guaranteed in State statute.

**Pension Liabilities**

The System participates in a cost-sharing multiple-employer defined benefit pension plan with a special funding arrangement administered by the Teacher Retirement System of Texas (TRS). The System receives a proportional share of the net pension liability, pension-related deferred outflows and pension-related deferred inflows, and pension expense from the Texas Comptroller of Public Accounts. The System’s proportion of the State’s collective net pension liability was based on its contributions to the pension plan relative to the contributions of all the employers to the plan. The System recorded a net pension liability of \$4.5 billion in 2020 compared to \$4.9 billion in 2019 related to an increase in the discount rate from 6.907% to 7.25%.

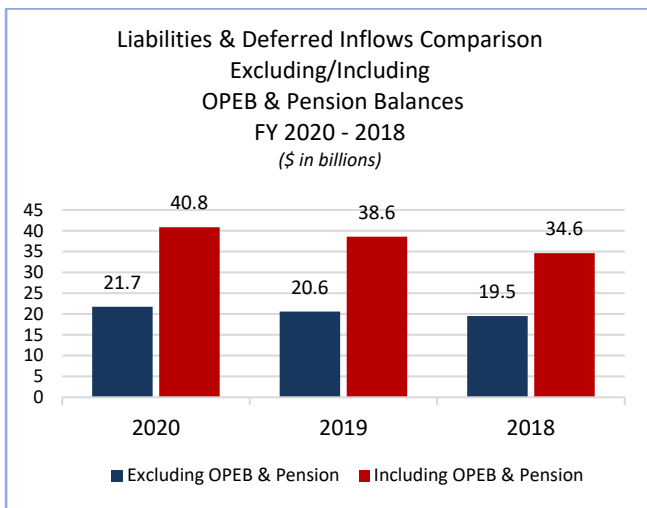

**Deferred Inflows**

Pension-related deferred inflows increased \$544.9 million due to the change in the discount rate mentioned above.

The chart below depicting liabilities and deferred inflows including and excluding OPEB and pension, illustrates the significant impact these items have on the System’s total liabilities and deferred inflows.

**Net Position**

Net position represents the residual interest in the System’s assets and deferred outflows after liabilities and deferred inflows are deducted. Net position increased \$2.8 billion in 2020 compared to a \$466.1 million increase in 2019. The significant increase in change in net position was due to the fluctuating value of the fair value of investments. In 2020 there was an increase in fair value of investment of \$680.4 million compared to a decrease of \$2.5 billion in 2019, an increase between the years of \$3.2 billion. The PUF accounted for \$2.4 billion of this increase. The three-year trend of the classifications of net position is depicted here:

### Net Investment in Capital Assets

Net investment in capital assets represents the System's capital and intangible assets, net of accumulated depreciation and amortization and outstanding debt obligations attributable to the acquisition, construction or improvement of those assets.

### Restricted Net Position

Restricted net position primarily includes the System's permanent endowment funds subject to externally imposed restrictions governing their use. They include:

- Permanent University Fund (PUF) - supports both the System and TAMUS,
- Permanent Health Fund Endowments (PHF) - established in 1999 from tobacco-related litigation funds that support programs that benefit medical research, health education or treatment at health-related institutions,
- Donor restricted endowments - income generated is used to fund various endeavors in accordance with the donors' wishes, and
- Current purpose gifts and grants.

Restricted net position increased by \$2.0 billion to \$43.8 billion in 2020, primarily due to increases in both the PUF endowment and private endowments.

### Unrestricted Net Position

System's unrestricted net position was a negative \$1.8 billion in 2020 as compared to a negative \$2.7 billion in 2019. This negative unrestricted net position includes negative net position related to OPEB and pensions of \$16.0 billion. The \$941.5 million increase in unrestricted net position between 2019 and 2020 was primarily due to significant net patient care revenues offset by OPEB and pension related expenses.

### The Statement of Revenues, Expenses and Changes in Net Position

The statement of revenues, expenses and changes in net position details the changes in total net position. The following table summarizes the System's revenues, expenses and changes in net position for the years ended August 31, 2020, 2019 and 2018:

### Condensed Statement of Revenues, Expenses and Changes in Net Position

(\$ in millions)

	2020	*Restated 2019	2018
<b>Operating revenues:</b>			
Net student tuition and fees	\$ 1,941.7	1,811.1	1,828.3
Sponsored programs	3,890.3	3,495.4	3,298.0
Net sales and services of hospitals	6,989.2	7,017.2	6,317.4
Net professional fees	1,924.8	2,026.7	1,878.5

Net position, beginning of the year (as restated)	45,858.3	45,392.2	39,220.9
<b>Net position, end of the year</b>	<b>\$ 48,663.7</b>	<b>45,858.3</b>	<b>45,390.8</b>

\*Restatements in 2019 related to the implementation of GASB Statement 84 *Fiduciary Activities*

## Revenues Supporting Core Activities

Revenues to support the System’s core activities, including those classified as nonoperating revenues, were \$24.4 billion, \$24.0 billion, and \$22.8 billion in 2020, 2019, and 2018, respectively. These diverse sources of revenues increased by \$454.5 million in 2020 primarily due to increases in sponsored programs revenue.

The chart below shows a three-year comparison of the components of revenues that support the core activities of the System:

### Net Student Tuition and Fees

Student tuition and fees, net of scholarship allowances, are a primary source of funding for the System’s academic programs. Scholarship allowances, or financial aid, are the differences between the stated charge for tuition and fees and the amount that is paid by the student and third parties on behalf of the student. Tuition and fees are generated from students enrolled primarily in the System’s academic institutions as illustrated in the chart below:

The System’s academic institutions enroll 34.1% of the State’s public college students, and the System’s health-related institutions enroll 57.9% of the students attending the State’s public health institutions.

### Sponsored Programs

Sponsored program revenues are primarily generated from governmental and private sources related to research programs that typically provide for the recovery of direct and indirect costs. Sponsored programs include student financial aid and contracts with affiliated hospitals for clinical activities. Sponsored programs revenues were \$4.6 billion, \$3.9 billion, and \$3.7 billion in 2020, 2019, and 2018, respectively. The increase in 2020 was attributable to the CARES Act that provided economic grants to offset additional COVID expenses and forgone revenue, slightly offset by decreases in other sponsored programs due to required closures.

### Net Patient Care Revenues

Net patient care revenues, which consist of net sales and services of hospitals and net professional fees, are principally generated within the System’s hospitals and physicians’ practice plans under contractual arrangements with governmental payors and private insurers. These revenues are reported net of contractual allowances, bad debt expense, and unreimbursed charges for financially or medically indigent patients. Net patient care revenues were \$8.9 billion, \$9.0 billion, and \$8.2 billion in 2020, 2019, and 2018, respectively. Net patient care revenues decreased \$129.9 million, or 1.4%, in 2020, as a result of the COVID-19 restrictions that required rescheduling of elective or non-critical surgical and procedural cases along with non-urgent and routine provider appointments, as well as redeployment of resources to address the COVID-19 needs.

### Net Auxiliary Enterprises

Net auxiliary enterprise revenues were earned from a host of activities such as athletics, housing and food services, bookstores, parking, student health and other activities. Net auxiliary enterprises were \$538.6 million, \$689.5 million, and \$625.8 million in 2020, 2019, and 2018, respectively. Net auxiliary enterprise revenues decreased \$150.9 million or 21.9% in 2020 because of COVID-19 that resulted in online education and closure of student residential buildings and cancellation of entertainment events including many athletic events.

### State Appropriations

State appropriations, in conjunction with student tuition and fees, are core components that support the instructional mission of the System. State appropriations were \$2.4 billion in 2020 and \$2.3 billion in both 2019 and 2018.

### Net Investment Income (Loss) Excluding the Change in Fair Value of Investments

The System carefully navigates the investment environment and works diligently to manage its financial resources. Net investment income, excluding the change in fair value of investments, was \$4.0 billion, \$4.2 billion, and \$4.3 billion in 2020, 2019, and 2018, respectively. Net investment income includes realized gains of \$2.9 billion in 2020 and \$2.6 billion in 2019. Net investment income, excluding the change in the fair value of investments, decreased \$244.2 million from 2019 to 2020, due to a decrease in the price of oil and gas related to the PUF.

### Net Increase (Decrease) in Fair Value of Investments

Net increase (decrease) in fair value of investments reported an increase of \$680.4 million in 2020, a decrease of \$2.5 billion in 2019, and an increase of \$3.1 billion in 2018. In 2020, there was an increase from 2019 of \$3.2 billion primarily due to more favorable market conditions. COVID-19 caused the stock market to decrease initially, but the market was able to recover by the end of the fiscal year. This increase was in spite of the decrease in the fair value of the PUF lands discussed above. The fair value of the PUF land's interest in oil and gas is based on a third-party reserve study of proved reserves and a percentage of probable and possible reserves. The present value of the royalty cash flows is calculated by applying an annual ten percent discount rate to future expected production volumes of oil and gas based on the price of oil and gas on August 31, 2020.

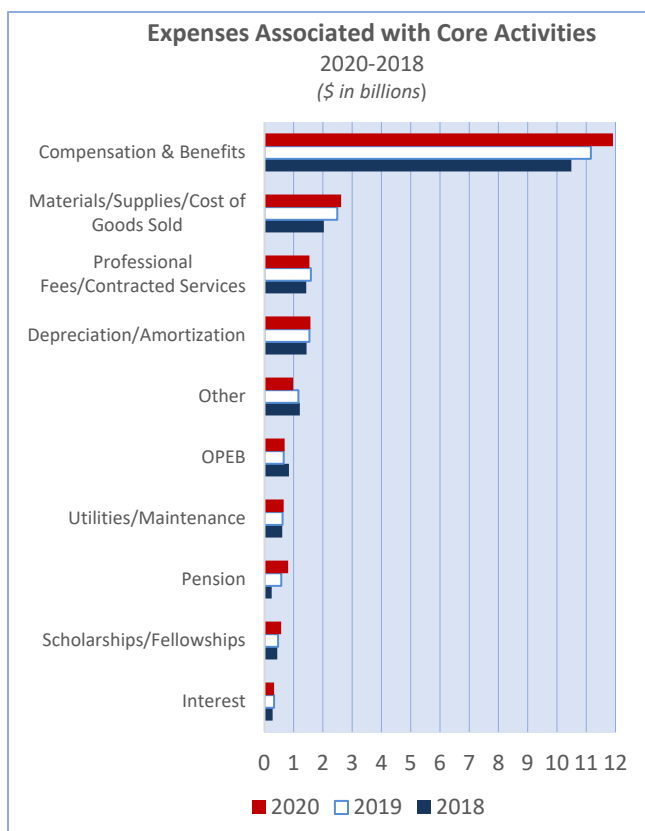

### Gifts

The System receives gift contributions for operations as well as nonoperating gifts and grants of capital and gifts that are held in perpetuity which are added to the System's endowment holdings. In 2020, gifts for operations totaled \$603.8 million, an increase of \$167.2 million or 38.3% over 2019, primarily related to a pledge for the new Moody Arena at The University of Texas at Austin. Capital gifts and grants

and additions to permanent endowments totaled \$281.6 million for the year ended August 31, 2020, a decrease of \$235.5 million over 2019 primarily due to economic challenges during COVID-19 and no large gifts received by U. T. Dallas for capital acquisitions in the current year as compared to 2019. The System continues its fundraising efforts to address facilities expansion and renovation, and the establishment of endowments for instruction, research and patient care activities.

### Expenses Supporting Core Activities

Expenses associated with the System's core activities, including interest expense classified as nonoperating, were \$21.7 billion, \$20.6 billion, and \$19.0 billion in 2020, 2019, and 2018, respectively. The changes, by category, for the three years are depicted below:

Operating expenses increased by \$1.1 billion in 2020 and \$1.6 billion in 2019 primarily due to the growing cost of providing support for the institution's primary missions of instruction, research, public service, patient care and student support activities. Additionally, operating expenses include \$686.4 million of OPEB expense and \$806.3 million of pension expense. Nonoperating expenses include interest expense which remained constant at \$334.8 million in 2020. Interest expense includes the amortization of premiums, amortization of deferred gains and losses on refunding of debt and the interest rate lock termination amortization.

The following charts illustrate the makeup of operating expenses by functional classification for the year ended August 31, 2020:

#### Income (Loss) Before Other Revenue, Expenses, Gains or Losses and Transfers

Income before other revenue, expenses, gains or losses and transfers is the sum of the operating loss plus nonoperating revenues (expenses). It is an indication of recurring revenues and expenses for the System and does not take into account capital and endowment-related additions, discussed above, or transfers. The income before other revenues, expenses, gains or losses totaled \$3.1 billion in 2020, an increase of \$2.8 billion over 2019. This increase was largely a result of the net increase in the fair value of investments discussed above.

#### Net Transfers to Other State Entities

Net transfers to other State agencies totaled \$617.5 million for the year ended August 31, 2020, an increase of \$238.5 million over 2019. These transfers primarily include \$462.4 million and \$374.1 million for 2020 and 2019, respectively, for the AUF distribution to TAMUS for its one-third share of distributions from the PUF endowment and PUF land surface income, in accordance with the Texas Constitution. In addition to the transfers of the current year earnings, the net change in PUF debt outstanding at TAMUS is reflected as a transfer to other State agencies. In 2019, the PUF debt at TAMUS increased \$18.7 million, whereas in 2020 the debt increased \$175.3 million. The increase in TAMUS PUF debt, along with the increase in AUF distributions due to increased PUF distributions, contributed to the increase in net transfers to other State entities in 2020.

#### Change in Net Position

The change in net position is an overall indication of the improvement or decline between the prior and current year's statement of net position. Net position increased by \$2.8 billion in 2020 as compared to an increase of \$466.1 million in 2019 primarily due to more favorable capital market conditions.

#### Restatements

Assets, liabilities, beginning net position, operating revenues, operating expenses, and nonoperating revenues were restated by a total of \$4.3 million in 2019 to reflect the effects of implementing GASB Statement 84 *Fiduciary Activities*.

#### The Statement of Cash Flows

The Statement of Cash Flows provides information about the System's financial results by reporting the major sources and uses of cash and cash equivalents during the fiscal year. Ending cash and cash equivalents were \$4.0 billion in 2020 and 2019 and \$3.2 billion in 2018. A summarized three-year comparison of the System's changes in cash and cash equivalents follows:

Condensed Statement of Cash Flows			
(\$ in millions)			
	2020	*Restated 2019	2018
<b>Net cash provided (used) by:</b>			
Operating activities	\$ (2,205.0)	(1,775.5)	(1,532.0)
Noncapital financing activities	2,273.6	3,104.8	2,304.9
Capital and related financing activities	(1,804.1)	(1,840.4)	(1,887.9)
Investing activities	1,684.9	1,356.8	1,129.0
<b>Net increase (decrease) in cash and cash equivalents</b>	<b>(50.6)</b>	<b>845.7</b>	<b>14.0</b>
Beginning cash and cash equivalents	4,047.4	3,203.5	3,189.5
Restatement	-	(1.8)	-
<b>Ending cash and cash equivalents</b>	<b>\$ 3,996.8</b>	<b>4,047.4</b>	<b>3,203.5</b>

In 2020, cash and cash equivalents decreased \$50.6 million primarily due to \$2.2 billion of net cash used for operating activities such as payments to employees and suppliers, offset by the collection of cash related to tuition and fees, patient charges, and sponsored programs activities and \$1.8 billion of cash used for capital and related financing activities primarily for the purchase of capital assets and the net activity associated with issuing and retiring capital related debt. These decreases were offset by \$2.3 billion provided by noncapital financing activities such as state appropriations and gifts and \$1.7 billion provided by investing activities such as interest and investment income.

## ECONOMIC OUTLOOK

---

The mission of the System is to improve the human condition in Texas, our nation and our world. The System will use its size, diversity, and quality to advance education, push the bounds of discovery, enhance population health, build stronger communities, and shape public policy for the common good. We are a state university system with global impact. The achievement of the System's mission is dependent upon the ability to attract and support dedicated students from many cultures; acquire and retain the highest quality diverse faculty; recruit and appropriately recognize exemplary administrators and staff members; create and sustain physical environments that enhance and complement educational goals; and encourage ongoing public and private sector support of higher education.

Adverse consequences of COVID-19 or any other similar outbreaks in the future may include, but are not limited to, decline in enrollment, decline in demand for housing, decline in demand for System programs that involve travel or that have international connections, and declines in patient care revenues. The System continues to carefully monitor developments and the directives of federal, state and local officials to determine what additional precautions and procedures may need to be implemented by the System. While the COVID-19 outbreak has adversely impacted the System's fiscal year 2020 results, the System cannot at this time accurately predict the full extent to which the COVID-19 outbreak will affect the System's future finances and operations.

The System is one of the largest and most comprehensive institutions of higher education in the country, as well as one of the largest employers in Texas. The System's operating budget provides a wide range of services for Texans. Budgeted revenues of the System include both operating and nonoperating revenues. Budgeted revenues for 2021 increased 1.8% to \$22.1 billion. The largest area of growth is sponsored programs. Local and private sponsored programs are up 11.4% due to growth in contracts with partner health organizations, and nonexchange federal sponsored programs is up 16.7% resulting from increased Pell grants and other federal financial aid for students along with CARES Act support. Declines in auxiliary enterprises and state appropriations offset these increases. Auxiliary enterprises have the most significant decreases due to COVID, with housing, food service, parking, conference centers, and athletics all being directly impacted by closures. State appropriations are impacted due to a directive from the Governor for the academic institutions to reduce biennial appropriations by five percent.

Budgeted expenses for 2021 increased 3.3% to \$21.7 billion. The most significant areas of growth include personnel costs and scholarships and fellowships. Personnel costs are up

4.5% due to additional faculty for instructional purposes, employees in support of patient care revenues, and increased benefit costs. Scholarships and fellowships are up 8.8% due to increases in institutional funds for scholarships along with CARES funding and increased Pell grants at some institutions.

A significant cost to the System is the cost of the benefits provided to its employees and retirees. The State provides certain health and life insurance benefits for retired employees in accordance with State statutes. The total OPEB liability is one of the System's largest liabilities; however, as noted previously, these benefits are guaranteed in statute. In addition to OPEB, the System also receives a proportional share of the State's net pension liability, which is also guaranteed in State statute. These significant costs will continue to be a challenge to both the System and the state of Texas as a whole. One way to reduce these liabilities is to change the statute to no longer require that all retirees are eligible for OPEB and pension; while this would reduce the liability, it would also impact recruiting and the retention of outstanding faculty and staff for the entire State.

The System employs a highly trained, world-class workforce which continually enables it to attract students and patients. It has a diversified mix of revenue streams which augment tuition and state support, and it maintains a strong credit rating which facilitates a low cost of borrowing. The System continues to sustain the highest credit ratings of Fitch Ratings (AAA), Moody's Investors Service (Aaa) and Standard & Poor's Global Ratings (AAA). The System's ongoing efforts toward revenue diversification and cost containment will enable the System to achieve its goals and realize its mission.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**  
**For the Year Ended August 31, 2020**

**1. The Financial Reporting Entity**

The financial records of The University of Texas System (the System) reflect compliance with applicable State statutes and Governmental Accounting Standards Board (GASB) pronouncements. The System's financial records are reported as a business-type activity in the State of Texas' Comprehensive Annual Financial Report and the System's custodial fund financial records are reported as fiduciary funds in the State of Texas' Comprehensive Annual Financial Report. The significant accounting policies followed by the System in maintaining accounts and in the preparation of the consolidated financial statements are in accordance with the Texas Comptroller of Public Accounts' Annual Financial Reporting Requirements and with generally accepted accounting principles in the United States of America (GAAP).

The consolidated financial statements include The University of Texas System Administration and all institutions of the System. Amounts due between and among institutions, amounts held for institutions by The University of Texas System Administration and other duplications in reporting are eliminated in consolidating the financial statements.

The System is composed of eight academic and six health-related institutions of higher education, as well as the System administrative offices. The fourteen institutions are as follows: The University of Texas at Arlington, The University of Texas at Austin, The University of Texas at Dallas, The University of Texas at El Paso, The University of Texas Permian Basin, The University of Texas Rio Grande Valley, The University of Texas at San Antonio, The University of Texas at Tyler, The University of Texas Southwestern Medical Center, The University of Texas Medical Branch at Galveston, The University of Texas Health Science Center at Houston, The University of Texas Health Science Center at San Antonio, The University of Texas M. D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler. The System is governed by a nine-member Board of Regents appointed by the Governor.

*Blended Component Units*

The following component units are included in the consolidated financial statements because the System appoints a voting majority of the component units' boards and the System is able to impose its will on the component units. Blended component unit financial information is available upon request.

U. T. Southwestern Health Systems is governed by a three-member board appointed by U. T. Southwestern Medical Center. U. T. Southwestern Health Systems provides support of health care services and grants to conduct research and provide educational programs to accomplish the mission of U. T. Southwestern Medical Center. The corporation is blended rather than discretely presented because it is organized as a not-for-profit corporation and U. T. Southwestern Medical Center is the sole corporate member. The corporation's fiscal year end is August 31. Separate financial statements may be obtained by contacting U. T. Southwestern Health Systems, 5323 Harry Hines Boulevard, Dallas, Texas 75390.

U. T. Southwestern Moncrief Cancer Center is governed by a four-member board appointed by the president of U. T. Southwestern Medical Center. U. T. Southwestern Moncrief Cancer Center provides resources for cancer prevention, early detection and support services to cancer patients and their families within Tarrant County and surrounding areas. The corporation is blended rather than discretely presented because it is organized as a not-for-profit corporation and U. T. Southwestern Medical Center is the sole corporate member. The corporation's fiscal year end is August 31. Separate financial statements may be obtained by contacting U. T. Southwestern Moncrief Cancer Center, 400 West Magnolia Avenue, Fort Worth, Texas 76104.

Moncrief Cancer Foundation is governed by a six-member board appointed by the president of U. T. Southwestern Medical Center. Moncrief Cancer Foundation supports comprehensive, multidisciplinary cancer treatment programs in Tarrant County and surrounding areas. The foundation is blended rather than discretely presented because it is organized as a not-for-profit foundation and U. T. Southwestern Medical Center is the sole corporate member. The foundation's fiscal year end is August 31. Separate financial statements may be obtained by contacting Moncrief Cancer Foundation, 5323 Harry Hines Blvd. Dallas, Texas 75390.

UTMB HealthCare Systems is governed by an eight-member board appointed by U. T. Medical Branch - Galveston. UTMB HealthCare Systems, Inc. provides temporary staffing and leased property, and manages the Medicare Select insurance product in selected markets for U. T. Medical Branch - Galveston. The corporation is blended rather than discretely presented because it is organized as a not-for-profit corporation and U. T. Medical Branch – Galveston is the sole corporate member. The corporation’s fiscal year end is August 31. Separate financial statements may be obtained by contacting UTMB HealthCare Systems, Inc., 301 University Boulevard, Galveston, Texas 77555.

The University Medical Branch Student Book Store, Inc. is governed by a five-member board appointed by U. T. Medical Branch - Galveston. The corporation is blended rather than discretely presented because it operates the book store for U. T. Medical Branch - Galveston and provides services entirely or almost entirely to U. T. Medical Branch - Galveston. The corporation’s fiscal year end is August 31. Separate financial statements may be obtained by contacting The University Medical Branch Student Book Store, Inc., 301 University Boulevard, Galveston, Texas 77555.

Medical Branch Innovations, Inc. is governed by a three-member board appointed by U. T. Medical Branch – Galveston. The corporation is blended rather than discretely presented because it is organized as a not-for-profit corporation and U. T. Medical Branch – Galveston is the sole corporate member. The corporation’s fiscal year end is August 31. Separate financial statements may be obtained by contacting Medical Branch Innovations, Inc., 301 University Boulevard, Galveston, Texas 77555.

U. T. Physicians is governed by a nine-member board appointed by U. T. Health Science Center - Houston. The corporation is blended rather than discretely presented because it is organized as a not-for-profit corporation and U. T. Health Science Center - Houston is the sole corporate member. The corporation’s fiscal year end is August 31. Separate financial statements may be obtained by contacting U. T. Physicians, 7000 Fannin Street, Suite 860, Houston, Texas 77030.

U. T. System Medical Foundation, which was dissolved August 13, 2020 was governed by a three-member board appointed by U. T. Health Science Center - Houston. The foundation was blended rather than discretely presented because it provided services to support the medical residency programs entirely or almost entirely to U. T. Health Science Center - Houston. U. T. System Medical Foundation funds were transferred to U. T. Health Science Center – Houston upon dissolution. The foundation’s fiscal year end was August 31. Separate financial statements may be obtained by contacting U. T. System Medical Foundation, 7000 Fannin, Suite 860, Houston, Texas 77030.

University Physicians Group is governed by a five-member board. The Dean of the School of Medicine is the Chairman of the Board, and four board members are members of and elected by the physician practice plan board. The corporation is blended rather than discretely presented because it is organized as a not-for-profit corporation and U. T. Health Science Center - San Antonio is the sole corporate member. The corporation’s fiscal year end is August 31. Separate financial statements may be obtained by contacting University Physicians Group, 8431 Fredericksburg Road, San Antonio, Texas 78229.

U. T. Health San Antonio Regional Physician Network is governed by a seven-member board. The Dean of the School of Medicine is the Chair of the Board of Directors. The corporation owns, operates, and manages an Accountable Care Organization in accordance with the requirements of the Medicare Shared Savings Program, as set forth in section 1899 of the Social Security Act and related regulations. The corporation is a newly blended entity for the System beginning in fiscal year 2018. The corporation is blended rather than discretely presented because it is organized as a not-for-profit corporation and U. T. Health Science Center - San Antonio is the sole corporate member. The corporation’s fiscal year end is August 31. Separate financial statements may be obtained by contacting U. T. Health San Antonio Regional Physician Network, 1999 Bryan St, Suite 900, Dallas Texas 75201-3136.

M. D. Anderson Physician’s Network is governed by a nine-member board appointed by the president of M. D. Anderson. M. D. Anderson Physicians Network transfers programs representative of M. D. Anderson to the broad community. The corporation is blended rather than discretely presented because it is organized as a not-for-profit corporation and M. D. Anderson is the sole corporate member. The corporation’s fiscal year end is August 31. Separate financial statements may be obtained by contacting M. D. Anderson Physician’s Network, 1515 Holcomb Blvd, Unit 1670, Houston, TX 77030-4009.

M. D. Anderson Services Corporation is governed by a seven-member board appointed by the president of M. D. Anderson. M. D. Anderson Services Corporation serves as an instrument of M. D. Anderson in its efforts to achieve its mission beyond the M. D. Anderson main campus. The corporation is blended rather than discretely presented because it is organized as a not-for-profit corporation and M. D. Anderson is the sole corporate member. The corporation's fiscal year end is August 31. Separate financial statements may be obtained by contacting M. D. Anderson Services Corporation, 1515 Holcomb Blvd, Unit 1670, Houston, TX 77030-4009.

East Texas Quality Care Network, Inc. is governed by a four-member board appointed by U. T. Health Science Center - Tyler. The corporation is blended rather than discretely presented because it is organized as a not-for-profit corporation and U. T. Health Science Center - Tyler is the sole corporate member. The corporation's fiscal year end is August 31. Separate financial statements may be obtained by contacting East Texas Quality Care Network, Inc., 11937 US Highway 271, Tyler, Texas 75708-3154.

The University of Texas/Texas A&M Investment Management Company (UTIMCO) is governed by a nine-member board consisting of at least three members of the U. T. System Board of Regents, four members appointed by the U. T. System Board of Regents (one of whom may be the Chancellor of the System), and two members appointed by the Texas A&M System Board of Regents. At least three members appointed by the U. T. System Board of Regents and at least one member appointed by the Texas A&M System Board of Regents must have substantial background and expertise in investments. The corporation is blended rather than discretely presented because it provides investment management services entirely or almost entirely to the System. The corporation's fiscal year end is August 31. Separate financial statements may be obtained by contacting The University of Texas/Texas A&M Investment Management Company (UTIMCO), 210 West 7<sup>th</sup> Street, Suite 1700, Austin, Texas 78701.

The University of Texas Fine Arts Foundation was governed by a three-member board appointed by U. T. Austin. The University of Texas Fine Arts Foundation provided services to acquire the Suida-Manning Art Collection for the Blanton Museum of Art. The foundation was blended rather than discretely presented because it provided services entirely to U. T. Austin. The foundation's fiscal year end was December 31. The foundation submitted their 2018 Form 990 marked as their final return and has since been terminated. There was no activity for fiscal year 2020, and cash balances will be liquidated during fiscal year 2021. Separate financial statements may be obtained by contacting The University of Texas Fine Arts Foundation, U. T. Austin, Main Building, P. O. Box T, Austin, Texas 78713.

The University of Texas Communication Foundation is governed by a three-member board appointed by U. T. Austin. The University of Texas Communication Foundation provides services to the U. T. Austin College of Communication to facilitate the participation by students, faculty and others in professional communication projects. The foundation is blended rather than discretely presented because it provides services entirely to U. T. Austin. The foundation's fiscal year end is August 31. Separate financial statements may be obtained by contacting The University of Texas Communication Foundation, U. T. Austin, P. O. Box 7322, Austin, Texas 78713.

Centro Global de Innovacion y Emprendimiento, A.C., Parque de Investigación e Innovación Tecnológica (PIIT), Av. Alianza Norte 300, esquina con Av. Innovación, Apodaca, Nuevo León, is governed by a two-member board appointed by U. T. Austin. Centro Global de Innovacion y Emprendimiento, A.C. promotes academic development in engineering, science, and business and cultural studies between The University of Texas at Austin and Mexico's academic institutions. The institute is blended rather than discretely presented because it is organized as a not-for-profit corporation, and U. T. Austin is the sole corporate member. Centro Global de Innovacion y Emprendimiento's fiscal year end is December 31. Separate financial statements may be obtained by contacting Centro Global de Innovacion y Emprendimiento, A.C., Carlos Ross, Director, ross@cgie.org.mx, T: +52(81)8850-3495 | 96.

The University of Texas at Austin – Mexico Institute, A.C., Centro de Ciencias de la Complejidad (Edificio C3), Planta Baja, Unidad Internacional de Sedes Universitarias, Circuito Cultural c/n, Zona Cultural, Ciudad Universitaria, Ciudad de México, México, CP. 04510, is governed by a four-member board appointed by U. T. Austin. The University of Texas at Austin – Mexico Institute, A.C. advances collaborative cross-disciplinary academic and scientific research partnerships in science, technology, engineering, and mathematics, and scholarly and cultural studies between The University of Texas at Austin and Mexico's academic institutions. The institute is blended rather than discretely presented because it is organized as a not-for-profit corporation and U. T. Austin is the sole corporate member. The Mexico Institute's fiscal year end is December 31. Separate financial statements may be obtained by contacting The University of Texas at Austin Jorge Rene Pinon, Director of Institutional Relations – Mexico, 2275 Speedway, Austin, TX, 78712.

The Crow Museum of Asian Art - Foundation, is governed by a board of five directors appointed by U. T. Dallas. The foundation is blended rather than discretely presented because it is organized as a not-for-profit corporation and U. T. Dallas is the sole corporate member. The foundation's fiscal year end is December 31. Separate financial statements may be obtained by contacting the Crow Museum of Asian Art, 2010 Flora Street, Dallas, Texas 75201.

The Crow Museum of Asian Art - Trust, is governed by U. T. Dallas as the sole trustee. The trust is blended rather than discretely presented because it is organized as a not-for-profit corporation and U. T. Dallas is the sole corporate member. The trust's fiscal year end is December 31. Separate financial statements may be obtained by contacting the Crow Museum of Asian Art, 2010 Flora Street, Dallas, Texas 75201.

Condensed financial statement information related to the System's blended component units for the year ended August 31, 2020 is as follows:

#### ASSETS HELD BY AFFILIATED ORGANIZATIONS

GASB authoritative guidance provides criteria for determining whether certain organizations should be reported as component units based on the nature and significance of their relationship to the System. This guidance states that a legally separate, tax-exempt organization should be reported as a component unit of a reporting entity if all of the following criteria are met:

1. The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents.
2. The primary government is entitled to or has the ability to otherwise access a majority of the economic resources received or held by the separate organization.
3. The economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government.

The System has defined significance as 5% of System's net position. As of August 31, 2020, none of the System's potential component units individually meet the 5% of System's net position criteria for inclusion in the System's financial statements. Based upon the most recent available information, the combined net position of these potential component units reported by the organizations total \$2,770,619,257.00 at August 31, 2020 and \$2,707,624,087.00 at August 31, 2019.

#### **2. Related Parties**

Through the normal course of operations, the System both receives funds from and provides funds to other State agencies in support of sponsored research programs. Funds received and provided during the year ended August 31, 2020, related to pass-through grants were \$449,033,155.01 and \$19,000,256.23, respectively. Funds received and provided during the year ended August 31, 2019, related to pass-through grants were \$412,390,161.51 and \$9,054,946.35, respectively.

Other related-party transactions identified in the financial statements include Due From/To Other State Agencies, State Appropriations, Capital Appropriations and Transfers From/To Other State Agencies.

#### **3. Joint Ventures**

The University of Texas Southwestern Medical Center (UTSW) and Texas Health Resources (THR) are participating members of Southwestern Health Resources (SWHR) entities, including SWHR, SWHR Clinically Integrated Network (CIN), and SWHR Joint Operating Company (JOC). This integrated regional health network offers key advantages for patients in North Texas including: a) a broad, integrated continuum of physician-driven care utilizing UTSW's network of faculty and community-based physicians, THR's employed physicians, and independent physicians affiliated with both organizations; and b) an integrated hospital network consisting of UTSW's two university hospitals and THR's wholly-controlled and joint-ventured community hospitals. UTSW's equity interest in SWHR, SWHR CIN, and SWHR JOC at August 31, 2020 and 2019 was \$52,551,252.08 and \$23,681,501.17, respectively, or approximately 50%.

UTSW is a participating member of Texas Health Hospital Frisco (THHF). THHF is a joint venture entered into by UTSW and THR on August 27, 2018 whose purpose is to provide superior medical care to the residents of Collin County and other surrounding areas. UTSW's equity interest in THHF at August 31, 2020 and 2019 was \$100,635,709.98 and \$105,046,823.19, respectively, or 49%. No separate financial statements were completed for fiscal year 2019. THHF started operations in December of 2019.

UTSW is a participating member of Pediatric Health Management Services. Pediatric Health Management Services is a joint venture entered into by UTSW and Children's Health System of Texas on October 1, 2019. UTSW's equity interest in Pediatric Health Management Services at August 31, 2020 was 50%, however there were no financial transactions in fiscal year 2020.

U. T. Southwestern Health Systems (UTSHS), a blended component unit of UTSW, is a participating member of U. T. Southwestern DVA Healthcare, LLP (DVA). DVA is a joint venture between UTSHS and Davita Inc. to provide care for dialysis patients in the Dallas-Fort Worth area. UTSHS's equity interest in DVA at August 31, 2020 and 2019 was \$8,038,642.57 and \$10,597,068.69, respectively, or 49%. Separate financial statements for DaVita may be obtained at DaVita Inc., 601 Hawaii Street, El Segundo, California 90245 or [www.davita.com](http://www.davita.com).

UTSHS is a participating member of Crowder Dialysis, LLC (Crowder). Crowder is a joint venture between UTSHS, Crowder, and Renal Treatment Centers-Southeast, LP, formed for the purpose of developing, establishing, owning or leasing, and operating one or more licensed outpatient dialysis and renal care service centers and for the purpose of doing such other things as are necessary, convenient, desirable or incidental to the foregoing, and for such other purposes as may be agreed upon from time to time. UTSHS's equity interest in Crowder at August 31, 2020 and 2019 was \$1,065,211.87 and \$1,124,413.87, respectively or 49%. Separate financial statements for Crowder may be obtained at c/o DaVita Inc., 2000 16th Street, Denver, Colorado, 80202 or [www.DaVita.com](http://www.DaVita.com).

U. T. Health Science Center - Houston's blended component unit, U. T. Physicians, is a participating member of Physician's Dialysis of Houston. Physician's Dialysis of Houston is a joint venture entered into by U. T. Physicians and DaVita, Inc. U. T. Physician's equity interest in Physician's Dialysis of Houston at August 31, 2020 and 2019 was \$849,019.54 and \$921,147.55, respectively, or 35.62%. Separate financial statements for Physician's Dialysis of Houston may be obtained at Physician's Dialysis of Houston, Attention: Marie Sinfield, 1423 Pacific Avenue, Tacoma, Washington 98402.

U. T. Health Science Center - Houston's blended component unit, U. T. Physicians, is a participating member of TMC Holding Company, L.L.C. (TMC Holding). TMC Holding is a Limited Liability Corporation entered into by U. T. Physicians, Baylor College of Medicine and Memorial Hermann/USP Surgery Centers III, L.L.P. U. T. Physicians' equity interest in TMC Holding at August 31, 2020 and 2019 was \$467,238.03 and \$405,220.32, respectively, or 18.1%. Separate financial statements for TMC Holding may be obtained by contacting Vanessa Smith, 3050 Post Oak Boulevard, Suite 620, Houston, Texas 77056.

U. T. Health Science Center - Houston's blended component unit, U. T. Physicians, is a participating member of Bluesky MOB, L.L.P. Bluesky MOB, L.L.P. is a Limited Liability Partnership of which U. T. Physicians purchased an 18.7% interest in for \$380,754.85 on August 1, 2012. U. T. Physicians' equity interest in Bluesky MOB, LLP at August 31, 2020 and 2019 was \$380,754.85, or 18.7%. Separate financial statements for Bluesky MOB, L.L.P. may be obtained at Moore, Reichl, & Baker, P.C., c/o Doug Reichl, CPA, 11200 Westheimer Suite 410, Houston, Texas, 77042.

U. T. Health Science Center - Houston and M. D. Anderson are participating members of the Texas Medical Center Central Heating and Cooling Services Cooperative Association (TECO). TECO was incorporated on October 2, 1975, for the purpose of operating a central heating and cooling services facility on a cooperative basis solely for the benefit of eligible institutions. On June 1, 2003, TECO transferred substantially all of its assets and operation to TECO Corporation, and TECO Corporation assumed the liabilities and obligations of TECO. TECO still renders services to member and non-member patrons at cost. Savings or margins are refunded to the member and non-member patrons on a patronage basis in the form of cash or equity by TECO. In fiscal year 2016, U. T. Health Science Center - Houston purchased the Jessie Jones Library and obtained additional patronage equity in TECO in the amount of \$301,800.00 via the Houston Academy of Medicine's shares of TECO equity. U. T. Health Science Center - Houston's equity interest in TECO at August 31, 2020 and 2019 was \$14,498,887.00 and \$12,989,382.00, respectively, or 11.0% and 11.6%, respectively. M. D. Anderson's equity interest in TECO at August 31, 2020 and 2019 was \$46,810,037.00 and \$42,265,157.00, respectively, or 35.4% and 37.6%, respectively. Separate financial statements for TECO may be obtained at Thermal Energy Corporation, 1615 Braeswood Boulevard, Houston, Texas 77030 or [http://teco.tmc.edu/home/teco\\_home.php](http://teco.tmc.edu/home/teco_home.php).

M. D. Anderson is a participating member of the Texas Medical Center Hospital Laundry Cooperative Association (the Association). The Association was established on April 30, 1971, for the purpose of acquiring, owning, and operating a laundry system on a cooperative basis solely for the benefit of members of the Association. Net earnings of the Association may be refunded to the members on a patronage basis or retained by the Association as equity allocated to the members. M. D. Anderson's equity interest in the Association at August 31, 2020 and 2019 was \$6,279,039.14 and \$5,924,559.92, respectively, or 40%. Separate financial statements for the Association may be obtained at 9424 Fannin Street, Building C, Houston, Texas 77045.

M. D. Anderson is a participating member of P.E.T. Net Houston, LLC (PETNet). PETNet is a joint venture entered into by M. D. Anderson and P.E.T. Pharmaceuticals, Inc. to lease and operate a facility located on M. D. Anderson's campus to produce positron radiopharmaceuticals and isotopes. Construction of the facility commenced in 2003. M. D. Anderson's equity interest in PETNet at August 31, 2020 and 2019 was \$4,383,301.25 and \$2,849,145.47, respectively, or 49%. Separate financial statements for PETNet may be obtained at Siemens Medical Solutions USA, Inc., 51 Valley Stream Parkway, Malvern, Pennsylvania 19355.

M. D. Anderson was a participating member in the National Center for Therapeutics Manufacturing (the "NCTM"). M. D. Anderson entered into a Collaboration, Investment and Facility Use Agreement as of May 19, 2010 with Texas A&M University System to collaborate on the design of the NCTM and on grants and proposals relating to cancer therapeutics that could be developed at the NCTM. This joint venture was dissolved in fiscal year 2020, therefore, M. D. Anderson's cost-based interest in NCTM at August 31, 2020 was \$0. M. D. Anderson's cost-based interest in NCTM at August 31, 2019 was \$1,245,000.00, or approximately 2.5%. Separate financial statements for NCTM may be obtained at <http://www.tamus.edu/iit/nctm/>.

On March 1, 2018, U. T. Health Science Center – Tyler (UTHSC – Tyler) entered into a joint venture with AHS East Texas Health System, LLC, to form East Texas Health System, LLC, a Texas Limited Liability Company. The resulting health system, known as U. T. Health East Texas, is designed to expand medical education, research and community health in Northeast Texas. U. T. Health Science Center – Tyler's hospital and physician clinic operations are participants in the ten-hospital system, designed to advance the achievement of UTHSC – Tyler's mission through financial and clinical alignment and integration and to improve the delivery of cost effective, quality health care services in the Northeast Texas region. UTHSC – Tyler's equity interest in U. T. Health East Texas at August 31, 2020 and 2019 was \$17,254,300.00 and \$10,457,300.00, respectively, or approximately 30%.

In March 2016, U. T. Austin entered into a joint venture with Ascension Seton and Central Health to form Capital City Innovation (CCI), a nonprofit organization. CCI was created to provide a vision, focused strategic direction, advocacy for, and synergistic coordination of expertise, culture, uses and development to support the creation, growth and sustainability of an Innovation Zone in Austin, Texas. U. T. Austin's equity interest in CCI at August 31, 2020 was \$350,000.00, or 23.7%.

#### 4. Summary of Significant Accounting Policies

##### BASIS OF ACCOUNTING

The proprietary financial statements of the System have been prepared using the economic resources measurement focus and the accrual basis of accounting and reports as a business type activity, as defined by GASB. Business type activities are those that are financed in whole or in part by fees charged to external parties for goods or services. The System's fiduciary funds account for assets held in a custodial capacity and are accounted for on the accrual basis of accounting in accordance with GASB Statement No. 84, *Fiduciary Activities*. All financial statements of the System have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the GASB.

##### GASB STATEMENTS IMPLEMENTED IN FISCAL YEAR 2019

GASB Statement No. 83, *Certain Asset Retirement Obligations (ARO)*, effective 2019, addressed accounting and financial reporting for AROs related to clean-up and decommissioning of items using radiation such as broadscope licenses, cyclotrons, and nuclear reactors.

GASB Statement No. 85, *Omnibus 2017*, effective 2019, addressed practice issues that were identified during implementation and application of certain GASB statements. The implementation of Statement 85 had no effect on the System's net position or changes in net position for the years ended August 31, 2019 and 2018.

GASB Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements*, effective 2019, addressed note disclosures based on liability type. The implementation of Statement 88 had no effect on the System's net position or changes in net position for the years ended August 31, 2019 and 2018.

GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, effective 2021, simplifies interest expense accounting and enhances the relevance of information about capital assets. GASB Statement No. 89 discontinued the capitalization of interest costs during construction. The Texas State Comptroller's Office decided to early implement this standard in 2019. The implementation of Statement 89 resulted in more interest expense being reflected beginning in 2019.

##### GASB STATEMENTS IMPLEMENTED IN FISCAL YEAR 2020

GASB Statement No. 84, *Fiduciary Activities*, effective 2020, established criteria for identifying fiduciary activities which should be reported in a fiduciary fund in the financial statements. While GASB Statement No. 95 allowed for an extension of one year to implement the statement, the State Comptroller's Office decided to implement GASB Statement No. 84 in 2020.

As a result of this implementation, activities previously reported by the System within business type activities as internal agency-like funds were analyzed to determine if those activities qualified for fiduciary fund reporting. All activities not requiring fiduciary fund reporting were moved to other funds within System's business type activities, and financial reporting for those activities was adjusted. Activities requiring fiduciary fund reporting were moved out of System's internal agency-like funds into fiduciary funds, and therefore, those activities are now reported within separate fiduciary fund financial statements. All of System's fiduciary funds are reported as custodial funds. Almost all of System's custodial funds relate to the portion of System investment funds held for external organizations and are reported as custodial funds-external investment pool. All other custodial funds are reported as custodial funds-other and include activities such as student organizations and funds held for associations. The effect of implementing GASB Statement No. 84 on the System's financial statements for the year ended August 31, 2019 was as follows:

**Statement of Net Position as of August 31, 2019**

	<u>As Reported in Fiscal Year 2019</u>	<u>GASB Statement No. 84 Restatement</u>	<u>Restated Fiscal Year 2019</u>
<b>ASSETS AND DEFERRED OUTFLOWS</b>

<b>Ending Net Position</b>	<u>\$ 45,862,615,510.89</u>	<u>(4,350,094.00)</u>	<u>45,858,265,416.89</u>

**Statement of Cash Flows as of August 31, 2019**

	<u>As Reported in Fiscal Year 2019</u>	<u>GASB Statement No. 84 Restatement</u>	<u>Restated Fiscal Year 2019</u>
Cash and Cash Equivalents	\$ 4,049,203,185.63	(1,789,206.96)	4,047,413,978.67

Paragraphs 4 and 5 of GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans: an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*, are effective in 2020. This statement clarifies that, for defined contribution pension plans, defined contribution OPEB plans, or other employee benefit plans, primary governments that perform the duties that a governing board typically performs in the absence of a governing board is not the same as the appointment of a voting majority of a governing board in determining whether they are financially accountable. This statement also limits the applicability of the financial burden criterion in paragraph 7 of Statement 84 to defined benefit pension plans and defined benefit OPEB plans that are administered through trusts that meet the criteria in paragraph 3 of Statement 67 or paragraph 3 of Statement 74. This additional guidance further solidifies the conclusion that U. T. System does not have any pension or OPEB-related fiduciary funds or component units.

GASB Statement No. 90, *Majority Equity Interests*, effective 2020, improved the consistency and comparability of reporting majority equity interests in a legally separate organization and improved the relevance of financial statement information for certain component units. While GASB Statement No. 95 allowed for an extension of one year to implement the statement, the State Comptroller's Office decided to implement GASB Statement No. 90 in 2020. The implementation of Statement 90 had no effect on the System's net position or changes in net position for the years ended August 31, 2020 and 2019.

GASB Statement No. 95, *Postponement of the Effective dates of Certain Authoritative Guidance*, effective immediately, provides temporary relief to governments in light of the COVID-19 pandemic by delaying the implementation dates of many standards by one year. GASB Statement No. 95 had no effect on the System's net position or changes in net position.

#### CASH AND CASH EQUIVALENTS

Short-term, highly liquid investments with maturities of three months or less when purchased are generally considered cash and cash equivalents. It is the System's policy to exclude items that meet this definition if they are part of an investment pool, which has an investment horizon of one year or greater. Therefore, highly liquid investments that are part of the Permanent University Fund (PUF), General Endowment Fund (GEF) and Intermediate Term Fund (ITF) are not considered cash and cash equivalents. Additionally, endowments invested in money market accounts are also excluded from Cash and Cash Equivalents as the intent is to invest these funds for more than one year. Cash held in the State treasury for the PUF, the Permanent Health Fund (PHF) and the Available University Fund (AUF) are considered cash and cash equivalents. Other highly liquid investments of these major funds which are held in pooled funds and invested with custodians are not considered cash and cash equivalents according to the investment policies of the System. Restricted cash and cash equivalents include cash held in the State treasury for the PUF and PHF and restricted sources of funds used for construction of capital assets as well as funds held for debt service. The System holds bond proceeds in restricted investments to be disbursed to the institutions to support capital projects on a cost reimbursable basis.

#### BALANCE IN STATE APPROPRIATIONS

This item represents the balance of General Revenue funds at August 31 as calculated in the Texas State Comptroller's General Revenue Reconciliation.

#### DERIVATIVE FINANCIAL INSTRUMENTS

Derivative instruments are recorded at fair value. The fair value of derivative instruments is recorded as either an investment, an investment derivative liability, a hedging derivative asset or a hedging derivative liability on the statement of net position. The valuation of investment derivative instruments is discussed in the Investments disclosure below. The System has calculated the fair value of the interest rate swaps using a forecast of expected discounted future net cash flows and considered the nonperformance risk of the parties.

The System has entered into interest rate swap agreements with various counterparties, all of which are highly rated financial institutions, to manage various risks associated with the System's debt programs. Each of the System's interest rate swaps is a contractual agreement entered into between the System and a counterparty under which each party agrees to exchange periodic fixed or variable payments, based upon a stated notional amount, over the stated life of the agreement. The net differential paid or received is recognized over the life of the agreement as an adjustment to interest expense.

Interest rate swaps determined to be hedging derivative instruments are designated as cash flow hedges. Hedging derivative instrument assets and hedging derivative instrument liabilities are recorded on the System's statement of net position. Under hedge accounting, for derivative instruments that are determined to be effective, changes in the fair value of hedging derivative instruments are considered to be deferred inflows (for hedging derivative instruments with positive fair values) or deferred outflows (for hedging derivative instruments with negative fair values).

Changes in the fair value of derivative instruments that are not effective are recorded as net increase (decrease) in the fair value of investments in the statement of revenues, expenses and changes in net position.

#### INVESTMENTS

The majority of the investments of the System, except for PUF lands, are managed by UTIMCO, a private investment corporation that provides services to the System and its related foundations. All investments are reported as noncurrent as these funds have an investment horizon extending beyond one year. Restricted investments include investments restricted by legal or contractual requirements, including those related to donors and constitutional restrictions.

The audited financial statements of the funds managed by UTIMCO may be found on UTIMCO's website and inquiries may be directed to UTIMCO via [www.utimco.org](http://www.utimco.org).

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between two market participants at the measurement date.

The System is authorized to invest funds, as provided in Section 51.0031 of the Texas Education Code and the Constitution of the State of Texas, under prudent investor investment standards. Such investments include various fixed income and equity type securities, hedge funds, public market funds, and private investments. The investments of the System are governed by various investment policies approved by the U. T. System Board of Regents.

#### CONTRIBUTIONS RECEIVABLE

Current and noncurrent contributions receivable are amounts pledged to the System by donors, net of allowances. Multi-year gift pledges greater than \$10,000 must be reported at the discounted present value. At the beginning of each fiscal year, the System re-establishes the scale of discount rates applicable for present valuing new multi-year gift pledges that are received during the new fiscal year. The scale of discount rates is based upon U.S. Treasury Notes and Bonds asked yields as listed in the Wall Street Journal on the first day of the fiscal year. Existing gift pledges are not recalculated since these pledges were previously calculated at historical discount rates.

#### INVENTORIES

Inventories, consisting primarily of supplies and merchandise for resale, are valued at cost, typically based on the specific identification, weighted average or first-in, first-out methods, which are not in excess of net realizable value.

#### RESTRICTED ASSETS

Restricted assets include funds restricted by legal or contractual requirements, including those related to sponsored programs, donors, constitutional restrictions, bond covenants, and loan agreements.

#### LOANS AND CONTRACTS

Current and noncurrent loans and contracts are receivables, net of allowances, related to student loans.

#### SECURITIES LENDING COLLATERAL AND OBLIGATIONS

The collateral secured for securities lent are reported as an asset on the statement of net position. The obligations for securities lent are reported as a liability on the statement of net position that directly offsets the cash collateral received from brokers or dealers in exchange for securities loaned. The costs of securities lending transactions are reported as part of investment income in the statement of revenues, expenses and changes in net position. See Note 6 for details regarding the securities lending program.

### CAPITAL AND INTANGIBLE ASSETS

Capital assets are recorded at cost at the date of acquisition or acquisition value at the date of donation in the case of gifts. The System follows the State's capitalization policy with a cost equal to or greater than \$5,000.00 for equipment items, \$100,000.00 for buildings, building improvements and improvements other than buildings, and \$500,000.00 for infrastructure items, and an estimated useful life of greater than one year. Purchases of library books are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense is incurred. Outlays for construction in progress are capitalized as incurred. The thresholds for software are \$100,000.00 for purchased software and \$1,000,000.00 for internally developed software including Enterprise Resource Planning replacements. The System capitalizes but does not depreciate works of art and historical treasures that are held for exhibition, education, research and public service. These collections are protected and preserved.

Depreciation and amortization is computed using the straight-line method over the estimated useful lives of the assets, generally two to fifteen years for equipment items, five years for software, six years for Enterprise Resource Planning replacements, fifteen years for library books, ten to fifty years for buildings and their components and fifteen to forty years for infrastructure elements.

### OTHER ASSETS

Other current assets are primarily made up of prepaid expenses, while other noncurrent assets are primarily made up of equity interests in joint ventures that do not meet the definition of an investment and beneficial interests in irrevocable split-interest agreements in which a third-party is the intermediary.

### DEFERRED OUTFLOWS

Deferred outflows consist of the fair value of hedging derivative instruments in a liability position, unamortized losses on refunding of debt, unamortized interest rate lock termination payments, certain changes in the net pension and total OPEB liability, unamortized portions of asset retirement obligation, and excess consideration paid in a government acquisition. Changes in fair value for effective hedges that are achieved with derivative instruments are to be reported as deferred inflows and deferred outflows in the statement of net position. For debt refundings, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and reported as deferred outflows or deferred inflows. The gain or loss is amortized, using the straight-line method, over the remaining life of the old debt or the life of the new debt, whichever is shorter, in the statement of revenues, expenses and changes in net position as a component of interest expense. When a Treasury Lock is used to hedge interest rate exposure on bonds, the lock termination payment is recorded as a deferred outflow and is amortized, using the straight-line method, over the remaining life of the related debt in the statement of revenues, expenses and changes in net position as a component of interest expense. Changes in the net pension liability not included in pension expense are required to be reported as deferred outflows of resources or deferred inflows of resources related to pensions, and employer contributions subsequent to the measurement date of the net pension liability are also required to be reported as deferred outflows of resources. Similarly, changes in the total OPEB liability not included in OPEB expense are required to be reported as deferred outflows of resources or deferred inflows of resources related to OPEB, and employer contributions subsequent to the measurement date of the total OPEB liability are also required to be reported as deferred outflows of resources. For asset retirement obligations, deferred outflows are recognized for anticipated clean-up and decommissioning costs, amortized over the life of the related assets. Deferred outflows are also recognized for excess consideration paid in a government acquisition, amortized over the estimated service life.

### UNEARNED REVENUE

Unearned revenue represents revenues such as tuition recorded in August for the fall semester and payments received in advance for sponsored programs.

### ASSETS HELD FOR OTHERS – CURRENT AND NONCURRENT

Assets held for others is the liability offsetting the assets held for defined contribution pension plans managed by the System. Included in assets held for others as of August 31, 2020 and 2019 is \$565,511,273.93 and \$516,598,582.19, respectively, for the Physician's Referral Service Supplemental Retirement Plan/Retirement Benefit Plan at M. D. Anderson.

#### LIABILITY TO BENEFICIARIES

The System holds numerous irrevocable charitable remainder trusts and a pooled income fund. Together, these assets are reflected in the accompanying consolidated financial statements within restricted investments.

The charitable remainder trusts designate the U. T. System Board of Regents as both trustee and remainder beneficiary. The System is required to pay to the donors (or other donor-designated income beneficiaries) either a fixed amount or the lesser of a fixed percentage of the fair value of the trusts' assets or the trusts' income during the beneficiaries' lives. Trust assets are measured at acquisition value when received and at fair value thereafter. A corresponding liability to beneficiaries is measured at the present value of expected future cash flows to be paid to the beneficiaries based upon the applicable federal rate on the gift date. Upon death of the income beneficiaries, substantially all of the principal balance passes to the System to be used in accordance with the donors' wishes.

The pooled income fund was formed with contributions from several donors. The contributed assets are invested and managed by UTIMCO. Donors (or designated beneficiaries) periodically receive, during their lives, a share of the income earned on the fund proportionate to the value of their contributions to the fund. Upon death of the income beneficiaries, substantially all of the principal balance passes to the System to be used in accordance with the donors' wishes. Contribution revenue is measured at the acquisition value of the assets received, discounted for a term equal to the life expectancies of the beneficiaries.

#### TOTAL OPEB LIABILITY

OPEB are provided to the System's retirees under the U. T. System Employee Group Insurance Program (EGIP). The EGIP is a single-employer defined benefit OPEB plan. The System and member contribution rates are determined annually by the System based on the recommendations of the Office of Employee Benefits staff and consulting actuary. The contribution rates are determined based on the benefit and administrative costs expected to be incurred and (i) the funds appropriated and (ii) the funding policy established by the Texas Legislature in connection with benefits provided through the EGIP. The System revises benefits when necessary to match expected benefit and administrative costs with available revenue. The plan is operated on a pay-as-you-go basis. The OPEB plan described herein is not administered through a trust.

#### NET PENSION LIABILITY

The System participates in a cost-sharing multiple-employer defined benefit pension plan with a special funding situation administered by the Teacher Retirement System of Texas (TRS). TRS is primarily funded through State and employee contributions. The System receives a proportional share of the net pension liability, pension-related deferred outflows and pension-related deferred inflows from the Texas Comptroller of Public Accounts.

#### ASSET RETIREMENT OBLIGATION

The liability related to clean-up and decommissioning of items using radiation such as broadscope licenses, cyclotrons, and nuclear reactors is reported as asset retirement obligation. The liability is measured using best estimates of expected outlays for clean-up and decommissioning costs.

#### DEFERRED INFLOWS

Deferred inflows consist of the fair value of hedging derivative instruments in an asset position, unamortized gains on refunding of debt, certain changes in the net pension and total OPEB liability, and beneficial interests in irrevocable split-interest agreements. Changes in fair value for effective hedges that are achieved with derivative instruments are to be reported as deferred inflows and deferred outflows in the statement of net position. For debt refundings, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and reported as deferred outflows or deferred inflows. The gain or loss is amortized, using the straight-line method, over the remaining life of the old debt or the life of the new debt, whichever is shorter, in the statement of revenues, expenses and changes in net position as a component of interest expense. Changes in the net pension liability not included in pension expense are required to be reported as deferred outflows of resources or deferred inflows of resources related to pensions. Similarly, changes in the total OPEB liability not included in OPEB expense are required to be reported as deferred outflows of resources or deferred inflows of resources related to OPEB. For irrevocable split-interest agreements in which U. T. System has an unconditional beneficial interest, the fair value of the gift beneficial interest is deferred and reported as deferred inflows until the resources become applicable to the reporting period.

### NET POSITION – Enterprise Funds

The System has classified resources into the following three net position categories:

#### *Net Investment in Capital Assets*

Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.

#### *Restricted:*

##### *Nonexpendable*

Net position subject to externally imposed stipulations that require the amounts be maintained in perpetuity by the System. Such assets include the System's permanent endowment funds.

##### *Expendable*

Net position whose use by the System is subject to externally imposed stipulations that can be fulfilled by actions of the System pursuant to those stipulations or that expire with the passage of time.

##### *Unrestricted*

Net position that is not subject to externally imposed stipulations. Unrestricted net position may be designated for special purposes by action of management or the U. T. System Board of Regents. Substantially all unrestricted net position is designated for academic programs, patient care, research programs and initiatives, and capital programs (see Note 21 for details on unrestricted net position).

When an expense is incurred that can be paid using either restricted or unrestricted resources, the System addresses each situation on a case-by-case basis prior to determining the resources to be used to satisfy the obligation. Generally, the System's policy is to first apply the expense towards restricted resources and then towards unrestricted resources.

### NET POSITION – Fiduciary Funds

The System fiduciary funds classify resources into the following two net position categories:

#### *Restricted for Pool Participants:*

Net position related to custodial funds-external investment pool

#### *Restricted for Individuals, Organizations, and Other Governments:*

Net position related to custodial funds-other

### REVENUES AND EXPENSES

Operating revenues include activities such as student tuition and fees; net sales and services of hospitals; net professional fees; net sales and services of auxiliary enterprises; the exchange basis federal, state and local grants and contracts. Operating expenses include salaries and wages, payroll related costs, materials and supplies, depreciation, other contracted services, pension expense, postemployment benefits, and scholarships and fellowships. In addition, all changes to incurred but not reported liabilities related to insurance programs are reflected as operating.

Nonoperating revenues include activities such as gifts and contributions, insurance recoveries received in years subsequent to the associated loss, State appropriations, investment income, the nonexchange basis federal and state grants and contracts, and other revenue sources that are defined as nonoperating revenues by GASB. The System's institutions are the named beneficiaries in certain lawsuits, wills, trusts, and insurance policies. The System does not recognize these potential refunds, gifts and contributions until realized. Nonoperating expenses include activities such as interest expense on capital asset financings, and other expenses that are defined as nonoperating expenses by GASB.

#### SCHOLARSHIP ALLOWANCES AND STUDENT AID

Financial aid to students is reported in the financial statements as prescribed by the National Association of College and University Business Officers (NACUBO). Certain aid (student loans, funds provided to students as awarded by third parties and Federal Direct Lending) is accounted for as third-party payments (credited to the student's account as if the student made the payment). All other aid is reflected in the financial statements as operating expense or scholarship allowances, which reduce revenues. The amount reported as operating expense represents the portion of aid that was provided to the student in the form of cash. Scholarship allowances represent the portion of aid provided to the student in the form of reduced tuition. Under the alternative method, these amounts are computed on an entity-wide basis by allocating cash payments to students, excluding payments for services, on the ratio of total aid to the aid not considered to be third party aid.

#### STATEWIDE INTERFUND TRANSFERS AND INTERFUND PAYABLES

In accordance with the provisions set forth in Article 7, Section 18 of the Texas Constitution, the System transfers one-third of the annual earnings of the PUF investments and lands to the Texas A&M University System (TAMUS). In addition to the transfer of the current year earnings in 2020 and 2019 of \$462,365,396.44 and \$374,118,284.53, respectively, the System recorded a liability of \$1,468,852,913.48 and \$1,293,585,081.26 at August 31, 2020 and 2019, respectively, for future amounts due to TAMUS from the PUF to cover principal on outstanding PUF bonds and notes issued by TAMUS. This liability is reported as current and noncurrent statewide interfund payable on the statement of net position. Additional details related to the operations of the PUF can be found in Note 8. Also included in statewide interfund payables as of August 31, 2020 and 2019 is \$1,092,634.51 and \$2,475,959.65, respectively, related to the revolving loan programs administered by the Texas State Comptroller's Office.

#### UNCOMPENSATED CARE AND CHARITY CARE

The System's health-related institutions provide uncompensated care to patients who meet certain criteria. Uncompensated care includes the unreimbursed costs for the uninsured and the underinsured as well as the unreimbursed costs from government-sponsored health programs. To calculate uncompensated care, charges are converted to costs which is offset by appropriate patient specific and lump sum funding. Hospital charges are converted to cost by the application of the Medicare cost to charge ratio, as calculated in the most recent Medicare cost report. Since a standard cost report does not exist for physician charges, a proxy cost to charge ratio was developed through a process involving all Texas public academic medical centers and the State Auditor's Office. Uncompensated care costs amounted to \$966,453,238.96 and \$952,693,885.23 for 2020 and 2019, respectively.

GASB requires health-related institutions to report the cost of providing "charity care." The American Institute of Certified Public Accountants (AICPA) defines charity care as care for which hospitals never expected to be reimbursed. Charity care occurs when a patient applies to the hospital for financial assistance and the hospital waives all or part of its charges. The cost of charity care is calculated using the uncompensated care calculation methodology discussed above. Charity care costs amounted to \$127,251,750.99 and \$98,597,833.72 for 2020 and 2019, respectively.

#### NET PATIENT SERVICE REVENUE

The System's health-related institutions have agreements with third-party payors that provide for payments to these institutions at amounts different from their established rates. A summary of the payment arrangements with major third-party payors follows:

##### *Medicare*

U. T. Southwestern Medical Center's, U. T. Medical Branch - Galveston's and U. T. Health Science Center - Tyler's inpatient acute care services and outpatient services rendered to Medicare program beneficiaries are reimbursed under a prospective reimbursement methodology. Also, additional reimbursement is received for graduate medical education, disproportionate share, bad debts and other reimbursable costs, as defined, under a variety of payment methodologies.

M. D. Anderson's inpatient acute care services rendered to Medicare program beneficiaries are paid based on a cost reimbursement methodology that is limited by a facility-specific amount per discharge. The final reimbursement also includes a calculation of an incentive or relief payment determined through a comparison of the facility's current year cost to the facility-specific cost per discharge. Certain outpatient services and defined capital and medical education costs related to Medicare beneficiaries are paid based on a cost reimbursement methodology. Effective August 1, 2000, the Medicare program implemented a prospective payment system for outpatient services. However, as M. D. Anderson is designated as a cancer hospital, the Medicare program provides for a "hold-harmless" payment that is equal to the difference between the prospectively determined amounts and the current year adjusted cost (i.e., the current year adjusted cost is determined through application of a payment to cost ratio, which is derived from a previous Medicare cost report, to the current year actual cost). M. D. Anderson is reimbursed for cost reimbursable items at a tentative rate with final settlement determined after submission of annual cost reports and audits thereof by the Medicare fiscal intermediary.

The physician practices at other institutions – U. T. Health Science Center - Houston, U. T. Health Science Center – San Antonio, U. T. Austin Dell Medical School, and U. T. Rio Grande Valley – are reimbursed by Medicare according to the Medicare Physician Fee Schedule and/or various Medicare Alternative Payment Models.

#### *Medicaid*

Inpatient services rendered to Medicaid program beneficiaries are reimbursed under a prospective reimbursement methodology. Certain outpatient services rendered to Medicaid program beneficiaries are reimbursed under a cost reimbursement methodology. The System's health-related institutions are reimbursed for cost reimbursable items at a tentative rate with final settlement determined after submission of annual cost reports by the System's health-related institutions and audits thereof by the Medicaid fiscal intermediary.

The System's health-related institutions have also entered into payment agreements with certain commercial, Medicaid and Medicare payors which offer benefit plans for health maintenance organizations, and preferred provider organizations. The basis for payment to the System's health-related institutions under these agreements includes prospectively determined rates for inpatient and outpatient services. The System's health-related institutions recognized bad debt expense of \$397,832,930.89 and \$361,141,031.27 in 2020 and 2019, respectively.

#### COVID-19

In January 2020, the World Health Organization declared the novel coronavirus (COVID-19) a Public Health Emergency of International Concern. On March 13, 2020, the Governor of the State of Texas declared a state of emergency. On March 19, 2020, the Governor signed Executive Orders to mitigate the spread of COVID-19 in Texas that closed all non-essential businesses and services statewide, canceled or postponed all non-essential gatherings of individuals, and emphasized social distancing practices in business and personal life. The orders resulted in work-from-home policies, travel restrictions, online education and closure of student residential buildings, and cancellation of events. In addition, the restrictions required rescheduling of elective or non-critical surgical and procedural cases along with non-urgent and routine provider appointments, as well as redeployment of resources to address the novel coronavirus needs. This resulted in reduced hospital and faculty practice patient care revenues and operating cash flows. To alleviate the economic impact, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provides economic grants to offset additional expenses and forgone revenue which was reported as Nonexchange Sponsored Programs. In mid-April, consistent with the guidance from regulatory agencies, the System resumed surgical and professional services that were postponed in March and early April. The outbreak of COVID-19 caused domestic and global disruption in operations for institutions of higher education and healthcare organizations and negatively impacted the financial markets and the value of the System's investments. Other adverse consequences of COVID-19 or any other similar outbreaks in the future may include, but are not limited to, decline in enrollment, decline in demand for housing, decline in demand for System programs that involve travel or that have international connections, and declines in patient service revenues. The System continues to carefully monitor developments and the directives of federal, state and local officials to determine what additional precautions and procedures may need to be implemented by the System. While the COVID-19 outbreak has adversely impacted the System's fiscal year 2020 results, the System cannot at this time accurately predict the full extent to which the COVID-19 outbreak will affect the System's future finances and operations.

#### USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## 5. Disaggregation of Other Receivable Balances

Net other receivables at August 31, 2020 and 2019 for the System are detailed by type as follows:

<b>Net Other Receivables</b>	<b>2020</b>	<b>*Restated 2019</b>
Receivables related to investments	\$ 103,812,538.89	159,631,321.80
Receivables related to gifts, grants and sponsored programs	72,435,737.24	88,121,764.74
Receivables related to external parties/other companies	210,722,150.42	166,346,366.37
Receivables related to auxiliary enterprises	19,783,823.54	17,916,998.83
Receivables related to payroll	6,551,096.47	2,109,943.18
Receivables related to patents	1,471,065.01	1,132,059.44
Receivables related to travel	461,326.69	1,618,533.18
Receivables related to loan funds and financial aid	6,849,873.21	2,927,014.52
Receivables related to other various activities	37,867,676.97	46,700,895.50
Total	\$ <u>459,955,288.44</u>	<u>486,504,897.56</u>

\*August 31, 2019 net other receivables for the System was restated due to implementing GASB Statement No. 84, resulting in a decrease of System net other receivables of \$546,803.64. See Note 4 for further details.

In addition, net other receivables at August 31, 2020 and 2019 for the System's fiduciary funds was \$119,022.56 and \$6,661.59, respectively.

## 6. Deposits, Investments and Repurchase Agreements

### DEPOSITS OF CASH IN BANK

As of August 31, 2020 and 2019, the carrying amount of the System's deposits was \$190,196,810.01 and \$94,952,174.72, respectively, as presented below:

	<b>2020</b>	<b>*Restated 2019</b>
Cash and cash equivalents per statement of cash flows and Exhibit A	\$ 3,996,795,686.36	4,047,413,978.67
Less: Cash in State Treasury	1,250,021,800.90	1,223,612,049.44
Repurchase agreement – Texas		
Treasury Safekeeping Trust Co.	2,147,665.24	374,109.00
Other cash equivalent investments	2,532,602,886.03	2,711,916,807.71
Other	21,826,524.18	16,558,837.80
Deposits of cash in bank	\$ <u>190,196,810.01</u>	<u>94,952,174.72</u>

\*August 31, 2019 deposits of cash in bank for the System was restated due to implementing GASB Statement No. 84, resulting in a reclass of \$1,789,206.96 of cash in bank from System's enterprise funds to fiduciary funds. See Note 4 for further details.

In addition, cash and cash equivalents at August 31, 2020 and 2019 for the System's fiduciary funds was \$1,569,998.48 and \$1,789,206.96, respectively.

As of August 31, 2020 and 2019, the total bank balances held by System were \$231,600,369.96 and \$130,672,652.97, respectively.

## DEPOSIT RISKS

### *Custodial Credit Risk*

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the System will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The System maintains depository relationships with various banking institutions. The System's policy is that all deposits are governed by a bank depository agreement between the System and the respective banking institution. State law requires that the System's deposits, to the extent such deposits exceed the maximum insured limit under deposit insurance provided by the Federal Deposit Insurance Corporation, shall at all times be collateralized with government securities.

As of August 31, 2020, U. T. Health Science Center at Tyler's blended component unit, East Texas Quality Care Network (ETQCN), held deposits that were exposed to custodial credit risk. ETQCN has no policies regarding these deposits. As of August 31, 2020, the bank balances exposed to custodial risk as uninsured and uncollateralized deposits were \$12,706.76. As of August 31, 2019, there were no System bank balances exposed to custodial risk as uninsured and uncollateralized deposits.

## INVESTMENTS

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between two market participants at the measurement date. GAAP provides a hierarchy that prioritizes the inputs of fair value measurements based on the extent to which inputs to valuation techniques are observable in the marketplace. The hierarchy assigns a higher priority to observable inputs that reflect verifiable information obtained from independent sources, and a lower priority to unobservable inputs that would reflect management's assumptions about how market participants would value an asset or liability based on the best information available. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the hierarchy of inputs used to measure fair value are as follows:

- Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that are available at the measurement date.
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 – Unobservable inputs.

The System's investments with readily available fair values are primarily valued on the basis of market valuations provided by independent pricing services.

Debt securities held by System include U.S. government and agency obligations, corporate obligations, corporate asset and mortgage backed securities, and international obligations. U.S. government obligations valued based on unadjusted prices in active markets are categorized as Level 1. Debt securities, including corporate obligations and governmental and international obligations are valued based upon prices supplied by Intercontinental Exchange Data Services and other major fixed income pricing services, external broker quotes and internal pricing matrices. Debt securities valued based on multiple quotations or models utilizing observable market inputs are categorized as Level 2; otherwise they would be categorized as Level 3.

Fixed income money market and bond mutual funds consist primarily of money market investments, foreign currencies and other overnight funds. Investments in publicly listed money market funds are categorized as Level 1.

Mutual funds include a large portion of the holdings for the University of Texas System Governmental Retirement Arrangement (UTGRA), discussed in Note 18. A majority of the underlying investments in UTGRA are valued based on the closing price on the primary exchange on which they are traded and are classified as Level 1. The remaining holdings are classified as Levels 2 and 3.

Equity securities, including common and preferred stocks, fair values are based on the closing price on the primary exchange on which they are traded (if a closing price is not available, the average of the last reported bid and ask price is used). When these securities are actively traded, and valuation adjustments are not applied, they are categorized as Level 1. In the event that a stock is not actively traded or a closing price is unavailable on a national or international securities exchange, the last available price per the exchange would be used, and the security would be categorized as Level 2.

Other commingled funds at fair value include fixed income and U.S. equity funds. International other commingled funds at fair value include non-U.S. developed equity, emerging markets, real estate and natural resources. Fair values are based on the closing price on the primary exchange on which the security is traded (if a closing price is not available, the average of the last reported bid and ask price is used). Investments valued as such are classified as Level 1.

Real estate and other investments include real estate, commodities and the asset positions of investment derivative instruments. The fair value of the PUF land's interest in oil and gas is based on a third party reserve study of proved, probable, and possible reserves. The present value of the royalty cash flows is calculated by applying a ten percent discount rate to future expected production volumes of oil and gas based on the price of oil and gas on August 31. The PUF lands' surface interests are reported at the price per acre from the American Society of Farm Managers and Rural Appraisers. The PUF lands are categorized as Level 3 in the fair value hierarchy. The remaining minerals, the trust minerals, because of size, distribution, and limited production histories are generally valued at three times the previous 12 months' revenue. As a rule of thumb, this measure has been used historically to determine the selling price of these types of properties by willing parties. Other real estate holdings are reported by one of the following methods of valuation: the latest available appraised amount as determined by an independent State certified or other licensed appraiser, tax assessments use for real estate investments with values that are not significant or by any other generally accepted industry standard. All other real estate is categorized as Level 3 in the fair value hierarchy, with a small amount valued using net asset value.

Physical commodities, specifically gold, were valued using the composite closing price from Bloomberg for the XAU currency code which represents the standard for one troy ounce of gold and were categorized as Level 1.

All derivative instrument investments are categorized as Level 2 in the fair value hierarchy, except for some of the purchased options which are categorized as Level 1. The fair values of the interest rate swaps on U. T. System's debt are calculated using a forecast of expected discounted future net cash flows. Other swaps are fair valued by using independent broker quotes or using models with primarily externally verifiable model inputs. Foreign exchange contracts are fair valued at closing market prices on the valuation date.

Alternative investments include private equity securities and limited partnerships, or private investment funds. Equity securities related to non-public equity investments are valued using a variety of methods, including information from recent rounds of financing, the Guideline Public Company method, the Discounted Cash Flow method, the Common Stock Equivalent method and the Option-Pricing method. The fair value of private investment funds, which consist of non-regulated investment funds and various other investment vehicles, are estimated by management using the investment's capital account balance at the closest available reporting date, as communicated by the investment manager, adjusted for contributions and withdrawals subsequent to the latest available reporting date as well as consideration of any other information, which has been provided by the investment manager or other sources. These investments are classified as Level 3.

Miscellaneous investments primarily include municipal bonds, valued on multiple quotations or models utilizing observable market inputs, and are categorized as Level 2. Investments with fair values based on the closing price on the primary exchange on which they are traded are categorized as Level 1.

GAAP permits management to fair value certain investments that do not have a readily determinable fair value using the investment's net asset value per share or the System's ownership interest in partners' capital as a practical expedient. Investments valued in this manner are not classified in the fair value hierarchy.

The following tables reflect fair value measurements of investments as of August 31, 2020 and 2019, respectively, as categorized by level of the fair value hierarchy, and include both the System's enterprise and fiduciary funds:

Type of Security	Fair Value as of August 31, 2020	Fair Value Measurement Using		
		Quoted Prices in Active markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b>Investments by Fair Value Level:</b>				
Debt Securities:				
U.S. Government Treasury Securities	\$ 590,915,551.17	590,915,551.17	-	-
U.S. Government Treasury TIPS	657,178,002.78	657,178,002.78	-	-
U.S. Government Agency Obligations	996,848,792.81	-	996,848,792.81	-
Corporate Obligations	1,540,612,268.28	-	1,539,888,520.28	723,748.00
Corporate Asset and Mortgage Backed Securities	145,231,616.84	-	145,231,616.84	-
International Obligations (Government and Corporate)	2,937,242,362.65	-	2,937,242,362.65	-

Investment funds fair valued at net asset value per share or based on the System's ownership interest in partner's capital include externally managed funds, limited partnerships, and corporate structures which are generally unrated and may be unregulated. The composition of investment funds that are fair valued using Net Asset Value (NAV) at August 31, 2020 and 2019 is summarized in the tables below as they are included within the asset mix of the System. Tables and disclosures that follow include both the System's enterprise and fiduciary funds.

The System invests in hedge fund pools which are invested in private funds with external investment managers who invest in equity and fixed income securities of both domestic and international issuers. These investment managers may invest in both long and short securities and may utilize leverage in their portfolios. The funds invested may be subject to a lock-up restriction of typically one to three years before the investment may be withdrawn from the manager without significant penalty. The amounts shown as nonredeemable are considered illiquid in that they typically become liquid over multi-year periods when and if the fund managers distribute proceeds realized from the underlying fund investments and the timing cannot be estimated. There are certain risks associated with these private funds, some of which include investment manager risk, market risk and liquidity risk, as well as the risk of utilizing leverage in the portfolios. The hedge fund pools have committed \$1,316,518,693.11 and \$1,098,734,077.39 of future funding to various hedge fund investments as of August 31, 2020 and 2019, respectively. Hedge funds are fair valued by management based on net asset value information provided by the investment manager, as well as other relevant factors.

Public market funds are invested in exchange traded funds, index funds and private placements with external investment managers who invest in equity and fixed income securities of both domestic and international issuers. These funds are characterized as public market funds based on individual risk/return characteristics and their relationship to the overall asset mix of the funds. Some of these investment managers may invest in both long and short securities and may utilize modest leverage in their portfolios. The amounts shown as nonredeemable are considered illiquid in that they typically become liquid over multi-year periods when and if the fund managers distribute proceeds realized from the underlying fund investments and the timing cannot be estimated. Certain of these investments are held through limited liability companies of which UTIMCO is the sole managing member. There are certain risks associated with these investments, some of which are investment manager risk, market risk and liquidity risk, as well as the risk of utilizing leverage in the portfolios. As of August 31, 2020 and 2019, future fundings in the amount of \$215,703,390.00 and \$253,820,746.00, respectively, have been committed to certain public market funds. The fair value of private investment funds, are estimated using the investment's capital account balance at the closest available reporting date, as communicated by the investment manager, adjusted for contributions and withdrawals subsequent to the latest available reporting date as well as consideration of any other information, which has been provided by the investment manager or other sources.

The System invests in private investments through private investment pools which are invested in limited partnerships with external investment managers or general partners who invest primarily in private equity securities. These investments, domestic and international, are illiquid and typically become liquid over multi-year periods when and if the fund managers distribute proceeds realized from underlying fund investments. It is estimated that the underlying assets of the private investments will be liquidated over seven to ten years. There are certain risks associated with these investments, some of which are liquidity risk, market risk, event risk and investment manager risk. Certain of these investments are held through LLCs, of which UTIMCO is the sole managing member. The System had committed \$8,862,092,209.00 and \$7,524,136,004.84 of future funding to various private investments as of August 31, 2020 and 2019, respectively.

Hedge funds, private investments and public market funds include investments in private placement vehicles that are subject to risk, which could result in the loss of invested capital. The risks include the following:

- *Key personnel risk* – The success of certain funds is substantially dependent upon key investment managers and the loss of those individuals may adversely impact the fund's performance.
- *Liquidity risk* – Many of the System's investment funds may impose lock-up periods, which would cause the System to incur penalties to redeem its units or prevent the System from redeeming its shares until a certain period of time has elapsed.
- *Limited transparency* – As private placement investment vehicles, these funds may not disclose the holdings of their portfolios.
- *Investment strategy risk* – These funds often employ sophisticated investment strategies and may use leverage, which could result in the loss of invested capital.

Investments in hedge funds, private investments and public market funds are also subject to the investment risks discussed below. Fixed income investments held by these funds would also be subject to credit risk and interest rate risk; moreover, they may invest in securities whose fair values would be sensitive to changes in interest rates.

The fair values of these various investment funds, excluding the publicly traded funds, as of August 31, 2020 and 2019 were \$34,843,821,635.09 and \$30,863,550,609.73, respectively.

## INVESTMENT RISKS

(A) *Credit Risk* - Article VII, Section 11b of the Texas Constitution authorizes the U. T. System Board of Regents, subject to procedures and restrictions it establishes, to invest System funds in any kind of investment and in amounts it considers appropriate, provided that it adheres to the prudent investor standard. This standard provides that the U. T. System Board of Regents, in making investments, may acquire, exchange, sell, supervise, manage or retain, through procedures and subject to restrictions it establishes and in amounts it considers appropriate, any kind of investment that prudent investors, exercising reasonable care, skill and caution, would acquire or retain in light of the purposes, terms, distribution requirements and other circumstances of the fund then prevailing, taking into consideration the investment of all of the assets of the fund rather than a single investment.

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization (NRSRO). The System's investment policy does not provide specific requirements and limitations regarding investment ratings. Per GASB authoritative guidance, unless there is information to the contrary, obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk and do not require disclosure of credit quality. In 2011, some of the U.S. government direct obligations were downgraded and thus U.S. government direct obligations are included in the credit risk disclosure. The following tables present each applicable investment type, in both the System's enterprise and fiduciary funds, grouped by rating as of August 31, 2020 and 2019:

August 31, 2020

(B) *Concentrations of Credit Risk* – The System’s investment policy statements for funds managed by UTIMCO contain the limitation that no more than five percent of the fair value of fixed income securities may be invested in corporate or municipal bonds of a single issuer. As of August 31, 2020 and 2019, these funds did not hold any direct investments in any one issuer of corporate or municipal bonds that were five percent or more of the fair value of the fund’s fixed income investments.

(C) *Custodial Credit Risk* – The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the System will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Texas State Statutes and the System’s investment policy statements do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments. As of August 31, 2020 and 2019, the System did not have any investments that are exposed to custodial credit risk.

(D) *Interest Rate Risk* – Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. Interest rate risk inherent in the System’s investments is measured by monitoring the modified duration of the overall investment portfolio. Modified duration estimates the sensitivity of the System’s investments to changes in interest rates. The System has no specific policy statement limitations with respect to its overall modified duration. The following table summarizes the System’s modified duration in years by investment type, in both the System’s enterprise and fiduciary funds, as of August 31, 2020 and 2019:

Investment Type	August 31, 2020		August 31, 2019

(E) *Investments with Fair Values That Are Highly Sensitive to Interest Rate Changes* – The System may invest in various mortgage backed securities, such as collateralized mortgage backed obligations. The System also may invest in investments that have floating rates with periodic coupon changes in market rates, zero coupon bonds and stripped treasury and agency securities created from coupon securities. No percentage of holdings limitations are specified in the investment policy statements regarding these types of securities. As of August 31, 2020 and 2019, the System’s investments included the following investments that are highly sensitive to interest rate changes:

- Collateralized mortgage obligations which are subject to early payment in a period of declining interest rates. The resultant reduction in expected total cash flows will affect the fair value of these securities. As of August 31, 2020 and 2019, these securities amounted to \$145,735,861.05 and \$102,229,674.86, respectively.
- Mortgage backed securities which are subject to early payment in a period of declining interest rates. The resultant reduction in expected total cash flows will affect the fair value of these securities. As of August 31, 2020 and 2019, these securities amounted to \$763,744,456.48 and \$411,741,517.33, respectively.
- Asset backed securities which are backed by home equity loans, auto loans, equipment loans and credit card receivables. Prepayments by the obligees of the underlying assets in periods of decreasing interest rates could reduce or eliminate the stream of income that would have been received. As of August 31, 2020 and 2019 these securities amounted to \$45,599,782.11 and \$39,822,205.81, respectively.

(F) *Foreign Currency Risk* – Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of the System’s non-U.S. dollar investments. There are no limitations on investments in non-U.S. denominated bonds or common stocks in relation to the System’s total fixed income and developed country equity exposures in the System’s investment policy statements.

Classification between domestic common stock and foreign common stock is based on the country of domicile of the issuer, not the currency in which the security is traded. The following tables summarize the System's exposure to non-U.S. dollar investments by asset type as of August 31, 2020 and 2019.

(G) *Counterparty (Credit) Risk* – The derivative instruments utilized by the System contain varying degrees of off-statement of net position risk whereby changes in the fair values of securities underlying the financial instruments may exceed the amounts recognized in the statement of net position. The System manages these risks on an aggregate basis along with the risks associated with its other investments as part of its overall risk management process.

The System had gross counterparty exposure as of August 31, 2020 for options, swaps, and foreign currency exchange contracts as shown in the following table:

	Notional		Fair Value		Counterparty Rating
	Assets	Liabilities	Assets	Liabilities	
Options	\$ 98,057,139	16,595,950	5,049,168	46,766	AA

	<u>\$ 3,942,031,692</u>	<u>3,413,377,067</u>	<u>100,463,221</u>	<u>84,439,547</u>	

As of August 31, 2020 and 2019, the System also had investments in futures contracts, options on futures contracts and exchange-cleared swaps. Futures contracts, options on futures contracts and exchange-cleared swaps expose the System to minimal counterparty credit risk since they are exchange traded and the exchange's clearinghouse, as counterparty to all exchange traded futures, guarantees the futures against default, and therefore, they are not presented in the previous tables.

Counterparty risk for swaps, options and foreign currency exchange contracts which are traded over-the-counter is mitigated by having master netting arrangements between the System and its counterparties, and by the posting of collateral on a daily basis by the counterparty to the System to cover the System's exposure to a counterparty above the limits set in place in each master netting agreement. Collateral posted by counterparties is held by the System in one of its accounts at the System's custodian bank. As of August 31, 2020 and 2019, the System held \$118,415,119 and \$86,947,187, respectively, as collateral related to derivative instruments other than futures, and had on deposit with brokers \$55,638,768 and \$49,085,725, respectively, as collateral related to derivative instruments other than futures.

#### SECURITIES LENDING

In accordance with the prudent investor investment standards, the System participates in a securities lending program. The System began the program, under a contract with the System's lending agent, on September 1, 1995. The lending agent is authorized to lend any securities held by the System's custodian except those securities, which the policy guidelines prohibit lending. At August 31, 2020 and 2019, there were a total of \$638,836,411.19 and \$782,945,046.74, respectively, of securities out on loan to brokers/dealers. A combination of cash and qualified non-cash securities are held as collateral against the outstanding securities on loan. The value of cash collateral held for these securities consisted of \$420,834,111.45 at August 31, 2020 and \$453,059,220.56 at August 31, 2019. These amounts are recorded as assets, with an offsetting liability to return the collateral on the consolidated statement of net position. The qualified non-cash securities received as collateral for securities lending activities are not recorded as assets because these securities remain under the control of the transferor, except in the event of default.

In security lending transactions, the System transfers its securities to brokers/dealers for collateral, which may be cash, securities issued or guaranteed by the United States government or its agencies, and irrevocable bank letters of credit, and simultaneously agrees to return the collateral for the same securities in the future.

Cash received as collateral for securities lending activities is invested and reinvested in a non-commingled pool exclusively for the benefit of the System. The pool is managed in accordance with investment guidelines established in the securities lending contract between the System and its securities lending agent. The maturities of the investments in the pool do not necessarily match the term of the loans, rather the pool is managed to maintain a maximum dollar weighted average maturity of 60 days and an overnight liquidity of 20 percent. The System was collateralized 103 percent on August 31, 2020 and August 31, 2019 for securities on loan collateralized by cash. The System's collateral pool investments, rating by NRSRO and weighted average maturity in days as of August 31, 2020 and 2019, are shown in the following table and include both the System's enterprise and fiduciary funds.:

Collateral pool investments are uninsured and are held by the securities lending agent, in its name, on behalf of the System, except for the investments in repurchase agreements, which are held in the securities lending agent's name by a third party custodian not affiliated with the System or the borrower of the associated loaned securities. Therefore, the collateral pool is not exposed to custodial credit risk, because the pool investments are not held by counterparties to the lending transactions or a counterparties' trust department or agent. All collateral pool investments are categorized as Level 2 in the fair value hierarchy and are valued based upon prices supplied by major fixed income pricing services, external broker quotes and internal pricing matrices.

Lending income is earned if the returns on those investments exceed the “rebate” paid to borrowers of the securities. The income is then shared with the lending agent based on a contractually negotiated rate split. If the investment of the cash collateral does not provide a return exceeding the rebate or if the investment incurs a loss of principal, part of the payment to the borrower would come from the System’s resources and the lending agent based on the rate split.

Loans that are collateralized with securities generate income when the borrower pays a loan premium or fee for the securities loan. This income is split with the same ratio as the earnings for cash collateral. The collateral pledged to the System by the borrower is custodied by the lending agent or through a third-party arrangement. These securities held as collateral are not available to the System for selling or pledging unless the borrower is in default of the loan. The System held collateral equal to 102 and 103 percent of the securities on loan that were collateralized by non-cash securities as of August 31, 2020 and August 31, 2019, respectively.

The collateral received must have a fair value of 102 percent of the loaned securities of United States issuers. If the fair value of the collateral held in connection with loans of securities of United States issuers is less than 100 percent at the close of trading on any business day, the borrower is required to deliver additional collateral by the close of the next business day to equal 102 percent of the fair value.

For non-U. S. issuers, except those foreign securities that are denominated and payable in U.S. Dollars, the collateral should remain at 105 percent of the fair value of the loaned securities at the close of any business day. If it falls below 105 percent, the borrower must deliver additional collateral by the close of the following business day. The System was collateralized 106 percent for international loans on August 31, 2020 and 2019.

In the event of default, where the borrower is unable to return the securities loaned, the System has authorized the lending agent to seize the collateral held. The collateral is then used to replace the borrowed securities where possible. Due to some market conditions, it is possible that the original securities cannot be replaced. If the collateral is insufficient to replace the securities, the lending agent has indemnified the System from any loss due to borrower default.

At August 31, 2020 and 2019, the System had no credit risk exposure to borrowers because the amounts the System owed to borrowers exceeded the amounts the borrowers owed the System.

There were no significant violations of legal or contractual provisions, no borrower or lending agent default losses and no recoveries of prior period losses during the years ended August 31, 2020 and 2019.

#### DERIVATIVE FINANCIAL INSTRUMENTS

Derivative instrument securities are financial instruments whose value is derived, in whole or in part, from the value of any one or more underlying securities or assets, or index of securities or assets, such as stocks, bonds, commodities or currencies. Derivative instruments cover a broad range of financial instruments, such as forwards, futures, options and swaps.

(A) *Futures Contracts* – Futures contracts are used to facilitate various trading strategies, primarily as a tool to increase or decrease market exposure to various asset classes. The fair value of the asset positions is included in investments, and the fair value of the liability positions is included in investment derivatives-liability positions on the consolidated statement of net position. Futures contracts are marked to market daily; that is, they are valued at the close of business each day and a gain or loss is recorded between the value of the contracts that day and on the previous day. The daily gain or loss difference is referred to as the daily variation margin, which is settled in cash with the broker each morning for the amount of the previous day’s mark to market. The amount that is settled in cash with the broker each morning is the fair value of the futures contracts.

The changes in fair value of open futures contracts were increases of \$38,742,900 and \$9,535,220 for the years ending August 31, 2020 and 2019, respectively, which are included in the net increase (decrease) in fair value of investments on the consolidated statements of revenues, expenses and changes in net position. The System had \$20,559,925 and \$3,799,760 on deposit with brokers for collateral as margin for the futures contracts as of August 31, 2020 and 2019, respectively. Short futures may be used by internal managers and a limited number of external managers of the System to hedge the System’s interest rate or currency risk associated with security positions. The System executes such contracts either on major exchanges or with major international financial institutions and minimizes market and credit risk associated with these contracts through the managers’ various trading and credit monitoring techniques.

The following discloses the type, notional value, and fair value of futures contracts at August 31, 2020:

	Notional Value at August 31, 2020		Fair Value at August 31, 2020	
	Long	Short	Assets	Liabilities
Commodity	\$ 64,214,021	-	6,840,769	-
Domestic Fixed Income	300,536,037	328,782,502	2,866,038	3,783,503
International Fixed Income	346,085,275	347,912,715	4,079,850	5,156,205
Domestic Equity	323,033,565	8,567,080	87,520	3,538,876
International Equity	41,535,200	19,200,726	18,277	638,289
Totals	\$ 1,075,404,098	704,463,023	13,892,454	13,116,873

The following discloses the type, notional value, and fair value of futures contracts at August 31, 2019:

	Notional Value at August 31, 2019		Fair Value at August 31, 2019	
	Long	Short	Assets	Liabilities
Commodity	\$ 117,896,302	27,562,270	3,565,952	4,195,969
Domestic Fixed Income	743,404,945	-	287,469	-
International Fixed Income	800,474,562	190,396,222	115,259	215,329
Totals	\$ 1,661,775,809	217,958,492	3,968,680	4,411,298

(B) *Foreign Currency Exchange Contracts* – The System enters into forward foreign currency exchange contracts to hedge against foreign currency exchange rate risks on its non-U.S. dollar denominated investment securities and to facilitate trading strategies primarily as a tool to increase or decrease market exposure to various foreign currencies. When entering into a forward currency contract, the System agrees to receive or deliver a fixed quantity of foreign currency for an agreed-upon price on an agreed future date. These contracts are valued daily and the System’s net equity therein, representing unrealized gain or loss on the contracts, as measured by the difference between the forward foreign exchange rates at the dates of entry into the contracts and the forward rates at the reporting date, is included in investments for the asset positions and investment derivatives-liability positions for the liability positions. These instruments involve market and/or credit risk in excess of the amount recognized in the consolidated statement of net position. Risks arise from the possible inability of counterparties to meet the terms of their contracts and from movement in currency and securities values and interest rates.

The following tables summarize, by currency, the contractual amounts of the System's foreign exchange contracts at August 31, 2020 and 2019. Foreign currency amounts are translated at exchange rates as of August 31, 2020 and 2019. The "Net Buy" amounts represent the U. S. dollar equivalent of net commitments to purchase foreign currencies and the "Net Sell" amounts represent the U. S. dollar equivalent of net commitments to sell foreign currencies.

The change in fair value of open swap positions for the year ending August 31, 2019, was a decrease in the amount of \$6,675,200, which is included in the net increase (decrease) in fair value of investments on the consolidated statement of revenues, expenses and changes in net position.

## 7. Derivative Instruments

Derivative instruments are financial instruments the value of which is derived, in whole or part, from the value of any one or more underlying assets or index of asset values. Derivative instruments include forwards, futures, options and swaps. Hedging derivative instrument contracts are entered into for the purpose of reducing the overall cost of borrowing long-term capital and to protect the System against the risk of rising interest rates. The hedging derivative instruments primarily consist of interest rate swap agreements entered into in connection with long-term bonds. The derivative instrument contracts enable the System to issue bonds at a cost less than what the System would have paid to issue conventional fixed-rate debt. Investment derivative instruments are entered into with the intention of managing transaction or currency exchange risk in purchasing, selling or holding investments. Ineffective hedges are also reported as investment derivative instruments. All derivative instruments are categorized as Level 2 in the fair value hierarchy, except for futures contracts and some of the purchased options which are categorized as Level 1. The fair values of the interest rate swaps are calculated using a forecast of expected discounted future net cash flows. Other swaps are fair valued by using independent broker quotes or using models with primarily externally verifiable model inputs. Futures contracts and foreign exchange contracts are fair valued at closing market prices on the valuation date. The following disclosures summarize the System's derivative instrument activity, in both the System's enterprise and fiduciary funds, as reported in the consolidated financial statements.

Fiduciary fund investment derivative instrument assets of \$779,587.72 and \$515,000.38 as of August 31, 2020 and 2019, respectively, are included in the numbers in the tables above. Fiduciary fund investment derivative instrument liabilities of \$492,293.13 and \$442,622.34 as of August 31, 2020 and 2019, respectively, are included in the numbers in the tables above.

See Note 13 for more information on Cash Flow Hedges – Interest Rate Swaps and Note 6 for more information on Investment Derivative Instruments.

## 8. Endowments

Investments include \$43,633,709,225.39 and \$41,239,330,108.77 of endowment funds as of August 31, 2020 and 2019, respectively. The net position classifications on the statement of net position related to endowment funds as of August 31, 2020 and 2019 are as follows:

Net Position Classification of Endowments	2020	2019
Restricted, nonexpendable	\$ 27,761,434,506.83	26,986,429,001.19
Restricted, expendable:		
Net Appreciation on True Endowments	12,497,357,474.50	11,522,342,879.98
Funds Functioning as Endowments	700,007,580.81	623,206,716.71
Book Value of Term Endowments	56,607,523.51	57,138,544.44
Net Appreciation on Term Endowments	44,714,604.37	45,596,869.69
Unrestricted:		
Funds Functioning as Endowments	731,631,279.01	491,292,177.19
Total	\$ 41,791,752,969.03	39,726,006,189.20

In the table above, amounts reported as “Net Appreciation” represent net appreciation on investments of donor or constitutionally restricted endowments that are available for authorization for expenditure by the U. T. System Board of Regents. For donor restricted endowments, pursuant to the Uniform Prudent Management of Institutional Funds Act, as adopted by Texas, the U. T. System Board of Regents may distribute net appreciation, realized and unrealized, in the fair value of the assets of endowment holdings over the historic dollar value of the gifts, to the extent prudent. The System’s policy is to retain all undistributed net realized and unrealized appreciation within the endowment funds. The System’s endowment distribution policy is further discussed below.

### ENDOWMENTS AND SIMILAR FUNDS – STATE

These endowments are comprised of the PUF and the PHF. The PUF was established for the benefit of the System and the Texas A&M University System. The University of Texas System administers the PHF and the distributions from the PHF benefit the System’s health-related institutions, as well as for the Texas A&M University Health Science Center, the University of North Texas Health Science Center at Fort Worth, the Texas Tech University Health Science Center and Baylor College of Medicine.

The PUF was established by Article 7, Section 11 of the Texas Constitution of 1876 through the appropriation of land grants. Amendments to the Constitution, approved by voters in 1999, were related to the investment of the PUF and the distributions from the PUF to the AUF. The Constitution, as amended, is summarized as follows: (i) The U. T. System Board of Regents is held to a “prudent investor” rather than a “prudent person” standard; (ii) distributions to the AUF are made from the total return on all PUF investment assets; (iii) the U. T. System Board of Regents determines the amount of distributions to the AUF, which may not exceed an amount equal to 7% of the average net fair value of investment assets, except as necessary to pay debt service on PUF bonds and notes; (iv) the U. T. System Board of Regents determines the amount of distributions to the AUF in a manner intended to provide the AUF with a stable and predictable stream of annual distributions and to maintain, over time, the purchasing power of PUF investments and annual distributions to the AUF; and (v) the expenses of managing PUF land and investments are paid by the PUF.

The U. T. System Board of Regents manages certain permanent funds for health-related institutions of higher education as more fully described in Chapter 63 of the Texas Education Code. Certain funds created by this statute were transferred to the U. T. System Board of Regents on August 30, 1999, to be managed and invested in the same manner as the U. T. System Board of Regents manages and invests other endowment funds. The PHF as defined in the statute is classified as Endowment and Similar Funds – State. These endowments provide support for programs that benefit medical research, health education or treatment at health-related institutions. The U. T. System Board of Regents determines the amount of distributions to support the programs on an annual basis.

The annual payout of the PHF is determined by the U. T. System Board of Regents. The annual payout is typically adjusted by the average consumer price index of the previous twelve quarters provided that the distribution rate remains within a range of 3.5% to 5.5% of the PHF's net position; however, the U. T. System Board of Regents may approve distribution amount above, within, or below this range.

The General Endowment Fund (GEF), created March 1, 2001, is a pooled fund established for the collective investment of long-term funds under the control and management of the U. T. System Board of Regents. The GEF is organized as a pooled investment and has two participants, the PHF and the LTF. The PHF and LTF initially purchased units of the GEF on March 1, 2001, in exchange for the contribution of their investment assets. The GEF provides for greater diversification of investments than would be possible if each account were managed separately. The annual payout of the LTF is also determined by the U. T. System Board of Regents. The annual payout is typically adjusted by the average consumer price index of the previous twelve quarters provided that the distribution rate remains within a range of 3.5% to 5.5% of the LTF's net position; however, the U. T. System Board of Regents may approve distribution amount above, within, or below this range.

#### ENDOWMENT AND SIMILAR FUNDS - OTHER THAN STATE

The funds are subject to restrictions of endowment and trust instruments, requiring that the principal be maintained and that only the income be utilized. Funds may include Permanent Endowments, Term Endowments and Funds Functioning as Endowments. Funds Functioning as Endowments consist of amounts that have been internally dedicated by the System for long-term investment purposes. Funds with external donor restrictions are classified as Funds Functioning as Endowments – Restricted. If no external restriction exists, the funds are classified as Funds Functioning as Endowments – Unrestricted. Endowment holdings may be invested in the LTF, or may be separately invested based upon the following three factors: (i) there are investment restrictions incorporated into the trust or endowment document; (ii) the inability to sell the gifted investment asset; or (iii) they are holdings being migrated upon liquidation into the LTF. Distributions are based upon the actual income received from the separately invested holdings.

#### AVAILABLE UNIVERSITY FUND

The AUF consists of distributions made to it from the total return on the PUF investment assets and surface income from PUF lands. All surface income from the PUF lands (i.e., grazing leases and land easements) is deposited to the AUF. The AUF must be used first to pay debt service on the PUF bonds and notes. After debt service requirements are met, the AUF may be appropriated for the support and maintenance of U. T. Austin and U. T. System Administration.

## 9. Capital Assets

A summary of changes in the capital assets for the year ended August 31, 2020, is presented below.

	Balance 09/01/19	Adjustments	Reclassifications Completed CIP
<b><u>Nondepreciable Assets:</u></b>			
Land and Land Improvements	\$ 937,955,452.98	-	-

U. T. Austin made the decision to abandon the implementation of Workday for financials which resulted in the following impairment losses for the year ended August 31, 2019:

<b><u>U. T. AUSTIN</u></b>	<u>2019</u>
OPERATING IMPAIRMENT LOSSES – CAPITAL ASSETS	
Impairment Losses – Capital Assets	\$ <u>(7,955,731.97)</u>
Net Losses – Capital Assets	\$ <u><u>(7,955,731.97)</u></u>

U. T. Austin’s Marine Science Institute in Port Aransas suffered extensive physical damage as a result of Hurricane *Harvey*, which resulted in the following residual impairment losses and insurance recoveries for the years ended August 31, 2020 and 2019:

<b><u>U. T. AUSTIN</u></b>	<u>2020</u>
OTHER NONOPERATING (REVENUE) EXPENSE	
Insurance Recoveries for Other than Capital Assets – Current Year Losses	\$ <u>346,574.00</u>
Net Losses – Other than Capital Assets	\$ <u><u>346,574.00</u></u>

<b>U. T. AUSTIN</b>	2019
<b>OPERATING IMPAIRMENT LOSSES – CAPITAL ASSETS</b>	
Impairment Losses – Capital Assets	\$ <u>(11,896.25)</u>
Net Losses – Capital Assets	\$ <u><u>(11,896.25)</u></u>
<b>OTHER NONOPERATING (REVENUE) EXPENSE</b>	
Insurance Recoveries for Other than Capital Assets – Current Year Losses	\$ <u>5,136,753.36</u>
Net Losses – Other than Capital Assets	\$ <u><u>5,136,753.36</u></u>

GASB Statement No. 83, *Certain Asset Retirement Obligations*, requires the disclosure of asset retirement obligations resulting from Texas Administrative Code, Title 25, Part 1, Chapter 289. Subchapter F, Rule 289.252, Licensing of Radioactive Material. The liabilities were measured using best estimates of current values of outlays expected. The Texas Administrative Code, Title 25, Part 1, Chapter 289. Subchapter F, Rule 289.252 (gg)(6)(D) exempts State licenses from providing financial assurances and no assets have been restricted for payment of the liability.

The Asset Retirement Obligation for the year ended August 31, 2020, is presented below (remaining life of the corresponding Deferred Outflows in months):

<b>Asset Retirement Obligation</b>	<b>Amount</b>	<b>Life</b>
Broadscope	\$ 8,078,863.05	0-77 months
Cyclotron	10,110,079.37	0-6 months
Gamma Knife	2,346,043.25	0-4 months
Proton Therapy	1,289,962.50	0 months
Gamma Pod	334,752.80	48 months
Irradiator	255,485.56	3 months
Nuclear Engineering Teaching Lab	3,894,000.00	3 months
Total	\$ <u><u>26,309,186.53</u></u>	

The Asset Retirement Obligation for the year ended August 31, 2019, is presented below:

<b>Asset Retirement Obligation</b>	<b>Amount</b>	<b>Life</b>
Broadscope	\$ 8,078,863.05	0-89 months
Cyclotron	10,110,079.37	0-18 months
Gamma Knife	2,346,043.25	0-16 months
Proton Therapy	1,289,962.50	12 months
Gamma Pod	334,752.80	60 months
Irradiator	255,485.56	15 months
Nuclear Engineering Teaching Lab	3,894,000.00	15 months
Total	\$ <u><u>26,309,186.53</u></u>	

## 10. Short-Term Debt

The System had RFS Commercial Paper Notes and PUF Commercial Paper Notes outstanding at August 31, 2020 and 2019. The notes are issued to provide interim financing for capital improvements and to finance equipment purchases. While the interest is payable on these notes in periodic installments not to exceed 270 days, they are generally intended to be refinanced with long-term debt. Short-term debt activity for the year ended August 31, 2020, is summarized below:

		Balance 09/01/19	Additions	Reductions	Balance 8/31/20
<u>Commercial Paper Notes:</u>					
Permanent University Fund CP Notes	\$	690,000,000.00	260,000,000.00	90,000,000.00	860,000,000.00
Revenue Financing System CP Notes		800,522,000.00	550,410,000.00	797,234,000.00	553,698,000.00
Total Commercial Paper Notes	\$	<u>1,490,522,000.00</u>	<u>810,410,000.00</u>	<u>887,234,000.00</u>	<u>1,413,698,000.00</u>

Short-term debt activity for the year ended August 31, 2019, is summarized below:

		Balance 09/01/18	Additions	Reductions	Balance 8/31/19
<u>Commercial Paper Notes:</u>					
Permanent University Fund CP Notes	\$	455,000,000.00	295,000,000.00	60,000,000.00	690,000,000.00
Revenue Financing System CP Notes		730,868,000.00	720,132,000.00	650,478,000.00	800,522,000.00
Total Commercial Paper Notes	\$	<u>1,185,868,000.00</u>	<u>1,015,132,000.00</u>	<u>710,478,000.00</u>	<u>1,490,522,000.00</u>

General information related to the commercial paper notes at August 31, 2020, is summarized as follows:

- Note or loan payable issue name: Permanent University Fund Commercial Paper Notes, Series A and Taxable Commercial Paper Notes, Series B  
 Purpose: To provide interim financing for capital improvements and to finance capital equipment purchases  
 Issue Date: September 1, 2019 through August 31, 2020  
 Authorized Amount: Aggregate principal amount not to exceed \$1.25 billion  
 Source of revenue for debt service: Available University Fund  
 Terms: Interest payable in periodic installments not to exceed 270 days at interest rates established by the System's commercial paper dealers
- Note or loan payable issue name: Revenue Financing System (RFS) Commercial Paper Notes, Series A and Taxable Commercial Paper Notes, Series B  
 Purpose: To provide interim financing for capital improvements and to finance capital equipment purchases  
 Issue Date: September 1, 2019 through August 31, 2020  
 Authorized Amount: Aggregate principal amount not to exceed \$1.25 billion  
 Source of revenue for debt service: All pledged revenues, subject to the provisions of the Prior Encumbered Obligations, collectively: (a) the pledged tuition fee; (b) the pledged General Fee; and (c) any or all of the revenues, funds, and balances lawfully available to the U. T. System Board of Regents and derived from and attributable to any Member of the Revenue Financing System, which are lawfully available to the U. T. System Board of Regents for payments on parity debt.  
 Terms: Interest payable in periodic installments not to exceed 270 days at interest rates established by the System's commercial paper dealers

## 11. Leases

### OPERATING LEASES

The System has entered into various operating leases for buildings, equipment, vehicles and land. Rental expenses for operating leases were \$173,783,403.38 in 2020 and \$140,038,470.01 in 2019. Contingent rental expense for the years ending August 31, 2020 and 2019 was \$937,081.80 and \$1,138,995.49, respectively. Future minimum lease rental payments under noncancelable operating leases having an initial term in excess of one year as of August 31, 2020, were as follows:

Fiscal Year	Lease Payments
2021	\$ 116,612,042.29
2022	93,468,824.63
2023	74,896,270.34
2024	61,844,291.02
2025	52,379,747.31
2026 – 2030	165,278,128.22
2031 – 2035	19,982,194.89
2036 – 2040	14,972,186.10
2041 – 2045	16,311,256.35
2046 – 2050	17,782,213.64
2051 and beyond	9,395,324.84
Total Minimum Future Payments	\$ <u>642,922,479.63</u>

The System has also leased buildings, land, and other capital assets to outside parties under various operating leases. The cost, carrying value and accumulated depreciation of these leased assets as of August 31, 2020 and 2019 were as follows:

Assets Leased	2020	2019
Buildings:		
Cost	\$ 240,581,862.29	253,877,983.25
Less: Accumulated Depreciation	(87,787,124.21)	(78,321,572.52)
Carrying Value of Buildings	152,794,738.08	175,556,410.73
Land	26,424,358.00	19,397,677.03
Total Carrying Value	\$ <u>179,219,096.08</u>	<u>194,954,087.76</u>

The System reported no contingent rental income in 2020 and \$458,792.66 contingent rental income in 2019. Rental income from operating leases was \$36,683,624.27 in 2020 and \$34,346,629.16 in 2019. Future minimum lease rental income under noncancelable operating leases as of August 31, 2020, was as follows:

Fiscal Year	Lease Income
2021	\$ 33,882,172.99
2022	28,540,712.07
2023	24,824,034.35
2024	20,178,785.43
2025	17,297,387.58
2026 and beyond	737,724,868.14
Total	\$ <u>862,447,960.56</u>

## CAPITAL LEASES

Certain leases to finance the purchase of property are capitalized at the present value of future minimum lease payments. The original capitalized cost of all such property under capital lease as of August 31, 2020 and 2019 is as follows:

Assets Under Capital Lease	2020	2019
Furniture and Equipment	\$ 146,166.88	146,166.88
Less: Accumulated Depreciation	(55,186.46)	(36,329.27)
Buildings	167,873,387.57	148,943,119.02
Less: Accumulated Depreciation	(20,297,292.63)	(9,102,079.50)
Total	\$ 147,667,075.36	139,950,877.13

Capital lease obligations are due in annual installments through 2034. The following is a schedule of the future minimum lease payments for leased property at August 31, 2020.

Fiscal Year	Principal	Interest	Total
2021	\$ 5,121,246.81	6,974,128.34	12,095,375.15
2022	7,341,975.43	6,710,622.39	14,052,597.82
2023	9,439,345.78	6,359,596.73	15,798,942.51
2024	10,602,122.67	5,931,629.11	16,533,751.78
2025	11,316,750.12	5,469,958.33	16,786,708.45
2026 – 2030	68,575,002.61	19,290,924.79	87,865,927.40
2031 – 2035	54,746,223.93	3,833,946.48	58,580,170.41
Total Minimum Lease Payments	\$ 167,142,667.35	54,570,806.17	221,713,473.52

## 12. Summary of Long-Term Liabilities

Long-term liability activity for the year ended August 31, 2020, is summarized as follows:

	Balance 09/01/19	Additions	Reductions	Balance 08/31/20	Amounts due within one year
<u>Bonds Payable:</u>					
Permanent University Fund	\$ 2,416,760,000.00	-	53,570,000.00	2,363,190,000.00	395,175,000.00
Revenue Financing System	6,424,415,000.00	749,450,000.00	428,410,000.00	6,745,455,000.00	1,292,310,000.00
Subtotal Bonds Payable – Par	8,841,175,000.00	749,450,000.00	481,980,000.00	9,108,645,000.00	1,687,485,000.00
Unamortized Net Premiums	659,264,013.90	163,618,149.30	89,948,001.73	732,934,161.47	89,662,961.98
Total Bonds Payable	9,500,439,013.90	913,068,149.30	571,928,001.73	9,841,579,161.47	1,777,147,961.98
<u>Notes, Loans and Leases Payable:</u>					
Notes and Loans Payable	19,000,000.00	-	-	19,000,000.00	19,000,000.00

**PROJECTED BOND DEBT SERVICE REQUIREMENTS**

The principal and interest expense for the next five years and beyond are projected below for bonds issued and outstanding:

Fiscal Year	Principal	Interest	Total
2021	\$ 1,687,485,000.00	347,153,556.24	2,034,638,556.24
2022	337,675,000.00	331,380,887.92	669,055,887.92
2023	336,475,000.00	314,704,483.38	651,179,483.38
2024	332,550,000.00	298,062,230.48	630,612,230.48
2025	323,720,000.00	281,678,648.08	605,398,648.08
2026 – 2030	1,377,680,000.00	1,193,238,060.32	2,570,918,060.32
2031 – 2035	1,016,774,000.00	900,737,812.32	1,917,511,812.32
2036 – 2040	1,014,766,000.00	671,435,397.00	1,686,201,397.00
2041 – 2045	827,035,000.00	454,911,419.54	1,281,946,419.54
2046 – 2050	1,854,485,000.00	169,654,702.78	2,024,139,702.78
Total Requirements	\$ 9,108,645,000.00	4,962,957,198.06	14,071,602,198.06

The System’s variable rate demand bonds mature at various dates through August 1, 2045. Outstanding principal balances on variable rate demand bonds may be classified as non-current liabilities if the issuer has entered into a “take-out agreement” to convert bonds “put” but not resold into some other form of long-term obligation. In the absence of such an agreement, the total outstanding principal balances for these bonds are required to be classified as current liabilities. Although it is the System’s intent to repay its variable rate demand bonds in accordance with the maturities set forth in the bond offering circulars, the System does not have “take-out” agreements in place. Accordingly, the System has classified the total outstanding principal balances on its variable rate demand bonds as current liabilities. The obligations totaled \$1,349,140,000.00 and \$1,376,205,000.00 at August 31, 2020 and 2019, respectively.

Total interest expense for the years ended August 31, 2020 and 2019 was \$416,436,678.69 and \$417,812,494.80, respectively. GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, early implemented in 2019, discontinued the capitalization of interest costs during construction. Interest expense was reduced by \$81,660,225.06 and \$83,022,144.52 for the amortization of premiums, deferred gains and losses on refundings, and interest rate lock termination payments for the years ended August 31, 2020 and 2019, respectively. The remaining amounts of \$334,776,453.63 in 2020 and \$334,790,350.28 in 2019 were reported as interest expense.

PLEGGED FUTURE REVENUES

The following table provides the pledged future revenue information for the System’s bonds:

	<u>2020</u>	<u>2019</u>
Pledged Revenue Required for Future Principal and Interest on Existing Bonds	\$ 14,071,602,198.06	13,696,645,891.05
Term of Commitment Year Ending 8/31	2050	2049
Percentage of Revenue Pledged	92.4%	91.7%
Current Year Pledged Revenue	\$ 12,997,300,061.74	12,556,776,249.83
Current Year Principal and Interest Paid	\$ 746,245,896.04	746,533,594.09

Notes and loans payable obligations are due in annual installments through 2021. General information related to notes and loans payable at August 31, 2020, which in substance are not bonds, is summarized as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2021	\$ 19,000,000.00	477,628.33	19,477,628.33
Total Requirements	\$ <u>19,000,000.00</u>	<u>477,628.33</u>	<u>19,477,628.33</u>

General information related to notes and loans payable at August 31, 2020, is summarized as follows:

- Note or Loan Payable issue name: JP Morgan Private Bank, Client Services  
 Purpose: To provide financing for the construction of the Moncrief Cancer Center building  
 Component Unit: U. T. Southwestern Medical Center's Blended Component Unit  
 Issue Date: August 8, 2011, Renewed on August 28, 2019  
 Authorized Amount: \$19,000,000  
 Source of revenue for debt service: Assets of Luther King Capital Management  
 Terms: Fixed rate of 2.49% Per Annum. Interest is paid monthly. Renewal on August 31, 2021

**DIRECT BORROWINGS**

Certain direct borrowings to finance the purchase of property are capitalized at the present value of future minimum direct borrowing payments. The original capitalized cost of all such property financed with direct borrowings as of August 31, 2020 and 2019 is as follows:

Assets - Direct Borrowings	2020	2019
Furniture and Equipment	\$ 13,708,152.18	16,177,785.99
Less: Accumulated Depreciation	(11,125,700.97)	(9,710,956.83)
Nondepreciable Collections	808,024.43	2,239,046.40
Total	<u>\$ 3,390,475.64</u>	<u>8,705,875.56</u>

Direct borrowing obligations are due in annual installments through 2024. The following is a schedule of the future minimum payments for direct borrowings at August 31, 2020.

Fiscal Year	Principal	Interest	Total
2021	\$ 1,668,276.59	57,147.72	1,725,424.31
2022	636,939.52	28,314.76	665,254.28
2023	129,809.69	12,830.89	142,640.58
2024	1,233.91	1.88	1,235.79
Total Minimum Payments	<u>\$ 2,436,259.71</u>	<u>98,295.25</u>	<u>2,534,554.96</u>

**POLLUTION REMEDIATION OBLIGATION**

The University of Texas System Administration purchased contaminated land with plans to remediate. The estimated outlays for the pollution remediation are \$3,500,000.00 using the expected cash flow technique. These pollution remediation outlays qualify for capitalization and \$2,733,125.28 and \$941,177.12 were capitalized through August 31, 2020 and 2019 respectively. The purchase price of \$213,584,352.24 and total expected outlays did not exceed the fair market value of the uncontaminated property of \$232,290,000.00, and as such, no pollution remediation liability was established.

**EMPLOYEES' COMPENSABLE LEAVE**

Substantially all full-time System employees earn annual leave from eight to twenty-one hours per month depending upon the respective employee's years of State employment. State law permits employees to carry accrued leave forward from one fiscal year to another fiscal year with a maximum number of hours up to 532 for those employees with 35 or more years of State service. Eligible part-time employees' annual leave accrual rate and maximum carryover are proportional to the number of hours appointed to work. Employees with at least six months of continuous State service who terminate their employment are entitled to payment for all accumulated annual leave. Both an expense and a liability are recorded as the benefits accrue to employees. Sick leave, the accumulation of which is unlimited, is earned at the rate of eight hours per month and is paid only when an employee is off due to personal or family illness or to the estate of an employee in the event of his/her death. The maximum sick leave that may be paid to an employee's estate is one-half of the employee's accumulated sick leave or 336 hours, whichever is less. The System's policy is to recognize the cost of sick leave when paid, and the liability is not shown in the consolidated financial statements since experience indicates the expense for sick leave to be minimal. Eligible part-time employees' sick leave accrual rate is proportional to the number of hours appointed to work. This obligation is usually paid from the same funding source(s) as the employee's salary or wage compensation.

**13. Bonded Indebtedness**

At August 31, 2020 and 2019, the System had outstanding bonds payable of \$9,108,645,000.00 and \$8,841,175,000.00, respectively. Permanent University Fund bonds are secured by and payable from the System's interest in the Available University Fund, which consists of distributions from the investment income of the Permanent University Fund. Revenue Financing System debt is secured by and payable from Pledged Revenues as defined in the Master Resolution establishing the Revenue Financing System. Pledged Revenues consist of all lawfully available revenues, funds and balances, with certain exceptions, pledged to secure revenue-supported indebtedness issued under the Master Resolution.

<u>Bonded Indebtedness</u>	<u>Interest Rates</u>	<u>Maturity Dates</u>	<u>Outstanding Principal</u>
Permanent University Fund	0.06%-5.262%	2021-2047	\$ 2,363,190,000
Revenue Financing System	0.06%-5.375%	2021-2050	6,745,455,000

As of August 31, 2020, the following amounts were authorized, but unissued: Permanent University Fund bonds up to a maximum aggregate amount of \$750 million and Revenue Financing System bonds up to a maximum aggregate amount of \$850 million, each authorized to be issued on or before August 31, 2021. All bonds issued by the System are defined as revenue bonds. Segment information requirements are not applicable, due to the bond indentures' lack of specifically identifiable activities and external party imposed separate accounting requirements. General information related to bonds outstanding as of August 31, 2020, is summarized in the following table.

<b>Bond Series</b>	<b>Purpose</b>	<b>Issue Date</b>	<b>Amount Issued</b>
Permanent University Fund:			
Refunding Bonds Series 2006B	To refund \$85,545,000 principal amount of Permanent University Fund Bonds, Series 2002B, maturing on July 1 in the years 2020 through 2022, both inclusive; to refund \$172,985,000 principal amount of Permanent University Fund Bonds, Series 2004B, maturing on July 1 in the years 2023, 2026 and 2028 through 2030, both inclusive; to refund \$51,905,000 principal amount of Permanent University Fund Bonds, Series 2005B, maturing on July 1 in the year 2035	January 24, 2007	\$284,065,000
Taxable Bonds Series 2009A	To refund \$250,000,000 principal amount of Permanent University Fund Taxable Commercial Paper Notes, Series B	September 17, 2009	250,000,000
Bonds Series 2014A	To refund \$252,500,000 principal amount of Permanent University Fund Taxable Commercial Paper Notes, Series B	February 10, 2014	240,340,000
Bonds Series 2014B	To refund \$17,240,000 principal amount of Permanent University Fund Bonds, Series 2004A, maturing on July 1 in the years 2015 and 2016; and to refund \$223,535,000 principal amount of Permanent University Fund Bonds, Series 2004B, maturing on July 1 in the years 2024, 2025, 2027 and 2033	April 2, 2014	221,580,000
Refunding Bonds Series 2015A	To refund \$50,390,000 principal amount of Permanent University Fund Refunding Bonds, Series 2005A, maturing on July 1 in the years 2016 through 2019, both inclusive; to refund \$72,720,000 principal amount of Permanent University Fund Bonds, Series 2005B, maturing on July 1 in the years 2018, 2019, 2034 and 2035; and to refund \$87,485,000 principal amount of Permanent University Fund Bonds, Series 2006C, maturing on July 1 in the years 2017 through 2035, both inclusive	April 2, 2015	197,970,000
Bonds Series 2015B	To refund \$252,500,000 principal amount of Permanent University Fund Taxable Commercial Paper Notes, Series B	August 25, 2015	220,565,000
Bonds Taxable Series 2015C	To refund \$125,500,000 principal amount of Permanent University Fund Taxable Commercial Paper Notes, Series B	December 9, 2015	126,020,000
Bonds Series 2016A	To refund \$137,000,000 principal amount of Permanent University Fund Taxable Commercial Paper Notes, Series B	January 5, 2016	117,270,000
Bonds Series 2016B	To refund \$319,000,000 principal amount of Permanent University Fund Commercial Paper Notes, Series A	September 1, 2016	272,350,000
Taxable Bonds Series 2017A	To refund \$81,000,000 principal amount of Permanent University Fund Commercial Paper Notes, Series A, and to refund \$220,000,000 principal amount of Permanent University Fund Taxable Commercial Paper Notes, Series B	November 14, 2017	302,640,000

<b>Bond Series</b>	<b>Purpose</b>	<b>Issue Date</b>	<b>Amount Issued</b>
Revenue Financing System:			
Refunding Bonds Series 2002A	To advance refund \$54,575,000 principal amount of Revenue Financing System Bonds, Series 1999A maturing from 2010-2016 and 2020 to achieve debt service savings and pay the cost of issuance	September 27, 2002	54,430,000

Bonds Series 2020A	To refund \$381,590,000 principal amount of Revenue Financing System Commercial Paper Notes, Series A, to refund \$99,530,000 of Revenue Financing System Bonds, Series 2016F and pay the cost of issuance	April 14, 2020	347,580,000
Bonds Taxable Series 2020B	To refund \$159,500,000 principal amount of Revenue Financing System Commercial Paper Notes, Series A, to refund \$139,412,000 principal amount of Revenue Financing System Taxable Commercial Paper Notes, Series	May 29, 2020	300,805,000
Bonds Series 2020C	To refund \$98,800,000 principal amount of Revenue Financing System Commercial Paper Notes, Series A, to refund \$28,405,000 of Revenue Financing System Bonds, Series 2017B and pay the cost of issuance	June 16, 2020	101,065,000

### DEMAND BONDS

Revenue Financing System Refunding Bonds, Series 2007B, Revenue Financing System Bonds, Series 2008B, Revenue Financing System Bonds, Taxable Series 2016G, and Permanent University Fund Bonds, Series 2008A are variable rate demand bonds with an option to tender on seven days' notice. The System has entered into corresponding interest rate swap agreements to convert the System's interest rate exposure to a fixed rate. The Revenue Financing System Refunding Bonds, Series 2007B and the corresponding swap agreements extend to August 15, 2034. The Revenue Financing System Bonds, Series 2008B and the corresponding swap agreements extend to August 15, 2039. The Revenue Financing System Bonds, Taxable Series 2016G and the corresponding swap agreements extend to August 15, 2045. The Permanent University Fund Bonds, Series 2008A and the corresponding swap agreements extend to July 1, 2038. The Board of Regents is obligated to pay the purchase price of demand bonds tendered for purchase and not remarketed by using lawfully available funds. General information related to these demand bonds is summarized in the following table:

<u>Bond Series</u>	<u>Purpose</u>	<u>Issue Date</u>	<u>Amount Issued</u>
Permanent University Fund: Bonds Series 2008A	To refund \$400,000,000 of Permanent University Fund Flexible Notes, Series A and pay costs of issuance	October 30, 2008	\$ 400,905,000
Revenue Financing System: Refunding Bonds Series 2007B	To refund \$169,015,000 of Revenue Financing System Bonds, Series 2003B and \$149,860,000 of Revenue Financing System Bonds, Series 2004D, and pay costs of issuance	December 20, 2007	345,460,000
Bonds Series 2008B	To refund \$461,922,000 of Revenue Financing System Commercial Paper Notes, Series A and \$34,715,000 of Revenue Financing System Bonds, Series 1998B, provide \$182,590,000 of new money to finance the costs of campus improvements, and pay costs of issuance	March 18, 2008	685,485,000
Bonds Taxable Series 2016G	To refund \$250,000,000 principal amount of Revenue Financing System Commercial Paper Notes, Series A, and pay the cost of issuance	September 15, 2016	250,000,000

### BUILD AMERICA BONDS

The American Recovery and Reinvestment Act of 2009 authorized the issuance of Build America Bonds (BABs), whereby certain issuers are authorized to issue taxable bonds and receive from the federal government a subsidy equal to 35% of the interest payments on Direct Payment BABs reduced by the applicable federal sequestration reduction rate. The System did not issue any BABs during 2020 or 2019. The System had \$1,217,945,000.00 and \$1,248,190,000.00 of BABs outstanding at August 31, 2020 and 2019, respectively.

#### EARLY EXTINGUISHMENTS IN FISCAL YEAR 2020

Revenue Financing System Bonds, Series 2020A were issued on April 14, 2020, to current refund \$381,590,000.00 principal amount of Revenue Financing System Commercial Paper Notes, Series A, to current refund \$99,530,000.00 principal amount of Revenue Financing System Bonds, Series 2016F, and to pay the costs of issuance related thereof.

- Net proceeds related to the issuance were \$482,952,631.45, which represents the principal amount of the 2020A Bonds of \$347,580,000.00, plus an original issue premium of \$136,544,008.60, less an underwriting discount of \$1,171,377.15. The net proceeds were used to pay costs of issuance of \$425,580.02, to deposit \$99,897,016.88 with the escrow agent for the refunded bonds, to purchase \$382,630,034.00 of eligible defeasance securities and to deposit \$0.55 with the escrow agent for the refunded notes.
- The refunded bonds and notes are considered fully defeased and the liability for these obligations has been removed from the consolidated statement of net position.
- An accounting loss of \$1,407,051.43 resulted from the transaction as the reacquisition price of \$482,527,051.43 exceeded the net carrying amount of \$481,120,000.00 par value.
- As a result of this refunding, the System reduced its future debt service payments by \$40,686,466.87 from closing through August 15, 2050, and an economic gain from the transaction resulted in a net present value savings of \$27,249,490.21 between the old and new debt service payments.

Revenue Financing System Bonds, Taxable Series 2020B were issued on May 29, 2020, to current refund \$159,500,000.00 principal amount of Revenue Financing System Commercial Paper Notes, Series A, to current refund \$139,412,000.00 principal amount of Revenue Financing System Taxable Commercial Paper Notes, Series B and to pay the costs of issuance related thereof.

- Net proceeds related to the issuance were \$299,615,687.67, which represents the principal amount of the 2020B Bonds of \$300,805,000.00 less an underwriting discount of \$1,189,312.33. The net proceeds were used to pay costs of issuance of \$274,273.12, to purchase \$132,306,480.00 of eligible defeasance securities and to deposit \$167,034,934.55 with the escrow agent for the refunded notes.
- The refunded notes are considered fully defeased and the liability for these obligations has been removed from the consolidated statement of net position.
- An accounting loss of \$429,414.55 resulted from the transaction as the reacquisition price of \$299,341,414.55 exceeded the net carrying amount of \$298,912,000.00 par value.

Revenue Financing System Bonds, Series 2020C were issued on June 16, 2020, to current refund \$98,800,000.00 principal amount of Revenue Financing System Commercial Paper Notes, Series A, to current refund \$28,405,000.00 principal amount of Revenue Financing System Bonds, Series 2017B, and to pay the costs of issuance related thereof.

- Net proceeds related to the issuance were \$127,865,464.36, which represents the principal amount of the 2020C Bonds of \$101,065,000.00, plus an original issue premium of \$27,074,140.70, less an underwriting discount of \$273,676.34. The net proceeds were used to pay costs of issuance of \$134,805.44, to deposit \$81,415,005.92 with the escrow agent for the refunded notes, and to purchase \$46,315,653.00 of eligible defeasance securities.
- The refunded bonds and notes are considered fully defeased and the liability for these obligations has been removed from the consolidated statement of net position.
- An accounting loss of \$525,658.92 resulted from the transaction as the reacquisition price of \$127,730,658.92 exceeded the net carrying amount of \$127,205,000.00 par value.
- As a result of this refunding, the System reduced its future debt service payments by \$9,853,182.44 from closing through August 15, 2043, and an economic gain from the transaction resulted in a net present value savings of \$7,889,222.85 between the old and new debt service payments.

#### EARLY EXTINGUISHMENTS IN FISCAL YEAR 2019

Revenue Financing System Refunding Bonds, Series 2019A were issued on June 13, 2019 to current refund \$330,545,000.00 principal amount of Revenue Financing System Taxable Bonds, Series 2009B, to current refund \$56,240,000.00 principal amount of Revenue Financing System Bonds, Series 2014B, and to pay the costs of issuance related thereof.

- Net proceeds related to the issuance were \$396,559,354.15, which represents the principal amount of the 2019A Bonds of \$320,435,000.00, plus an original issue premium of \$77,249,682.25, less an underwriting discount of \$1,125,328.10. The net proceeds were used to pay costs of issuance of \$335,448.22, to purchase \$396,222,701.83 of eligible defeasance securities and to deposit \$1,204.10 with the escrow agent for the refunded bonds. These escrow funds were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded bonds.
- The refunded bonds are considered fully defeased and the liability for these obligations has been removed from the consolidated statement of net position.
- An accounting loss of \$6,430,596.15 resulted from the transaction as the reacquisition price of \$396,223,905.93 exceeded the net carrying amount of \$386,785,000.00 par value, \$4,662,017.63 of unamortized original issue premium, and \$1,653,707.85 of unamortized loss from Revenue Financing System Bonds, Series 2014B.
- As a result of this refunding, the System reduced its future debt service payments by \$94,198,456.09 from closing through August 15, 2041, and an economic gain from the transaction resulted in a net present value savings of \$67,897,658.56 between the old and new debt service payments.

Revenue Financing System Bonds, Series 2019B were issued on July 18, 2019 to current refund \$449,478,000.00 principal amount of Revenue Financing System Commercial Paper Notes, Series A and to pay the costs of issuance related thereof.

- Net proceeds related to the issuance were \$450,577,597.16, which represents the principal amount of the 2019B Bonds of \$318,715,000.00, plus an original issue premium of \$132,864,505.15, less an underwriting discount of \$1,001,907.99. The net proceeds were used to pay costs of issuance of \$357,470.25, to purchase \$450,219,810.23 of eligible defeasance securities and to deposit \$316.68 with the escrow agent for the refunded notes.
- The refunded notes are considered fully defeased and the liability for these obligations has been removed from the consolidated statement of net position.
- An accounting loss of \$742,126.91 resulted from the transaction as the reacquisition price of \$450,220,126.91 exceeded the net carrying amount of \$449,478,000.00 par value.

**CASH FLOW DERIVATIVE INSTRUMENTS – HEDGING DERIVATIVE INSTRUMENT INTEREST RATE SWAPS**

All interest rate swaps are valued using the fair value hierarchy of level 2. The System has calculated the fair value of the interest rate swaps using a forecast of expected discounted future net cash flows and considered the nonperformance risk of the parties. The following table outlines the terms of the System’s hedging derivative instrument interest rate swap agreements in effect at August 31, 2020:

Interest Rate Swaps - by type	Hedgeable Item	Current Notional	Effective Date	Maturity Date	Terms*	Embedded Options?	Cash Paid or Received	Counterparty Credit Rating (Moody's/S&P)	Weighted Average Maturity As of 8/31/20
Pay Fixed; receive variable	PUF Bonds 2008A	\$172,845,000.00	11/3/2008	7/1/2038	Pay 3.696%; receive SIFMA	No	No	Aa2/A+	13.7 yrs
	PUF Bonds 2008A	172,845,000.00	11/3/2008	7/1/2038	Pay 3.6575%; receive SIFMA	No	No	Aa3/A+	13.7 yrs
	PUF Bonds 2014A	240,340,000.00	6/30/2023	7/1/2041	Pay 0.72%; receive 80% of Fed Funds	No	No	Aa3/A+	20.3 yrs
	RFS Bonds 2007B	161,745,000.00	12/20/2007	8/1/2034	Pay 3.805%; receive SIFMA	No	No	Aa2/A+	8.2 yrs

The fair value of interest rate swaps reported as investment derivative instruments-asset positions of \$7,973,847.00 and \$25,044,638.00 as of August 31, 2020 and 2019, respectively, is included on the consolidated statement of net position as noncurrent unrestricted investments and in the summary of investments in Note 6. The fair value of interest rate swaps reported as investment derivative instruments-liability positions of \$59,518,065.00 and \$443,405.00 as of August 31, 2020 and 2019 is included on the consolidated statement of net position as investment derivative instruments-liability positions. The change in fair value of interest rate swaps reported as investment derivative instruments are included in the net increase (decrease) in fair value of investments on the consolidated statement of revenues, expenses and changes in net position. For the years ending August 31, 2020 and 2019, the change in fair value of interest rate swaps reported as investment derivative instruments was a decrease in the amount of \$76,145,451.00 and \$51,714,188.00, respectively.

### **Hedging Derivative Instrument and Investment Derivative Instrument Risks**

*Credit Risk:* The System is exposed to credit risk if the counterparty to an interest rate swap fails to meet the terms and obligations of its contracts. Contracts with a positive fair value expose the System to credit risk. The System faces a maximum possible loss equivalent to the amount of the swap contract's fair value, less any collateral held by the System provided by the counterparty. Contracts with a negative fair value do not expose the System to credit risk. All of the counterparties associated with swap contracts with the System are creditworthy financial institutions. Additionally, each of the System's swap counterparties has agreed to provide collateral to the System to the extent the positive value before considering nonperformance risk of the parties exceeds certain threshold amounts. Should a counterparty fail to meet its contractual agreements, or if the System's credit rating falls below investment grade (Baa2 by Moody's or BBB by S&P), the System could be required to pay or receive a substantial termination payment. As of August 31, 2020, the System's credit ratings were Aaa by Moody's and AAA by S&P. The System does not have to post collateral due to changes in fair value of its swap agreements unless the System does not have a credit rating or the System commits a specified event of default and the event of default is continuing. As of August 31, 2020, the maximum loss due to credit risk was \$7,973,847.00. It is the System's policy to require counterparty collateral posting provisions in its non-exchange-traded derivative instruments. These terms require collateralization of the aggregate value of derivative instruments in asset positions, net of the effect of applicable threshold amounts based on each counterparty's credit rating. Although collateral posted can be in the form of cash, U.S. Treasury or U.S. agency securities held directly by the System or by a third-party custodian approved by the System, collateral posted is currently only in the form of cash held directly by the System. The System has not entered into master netting arrangements.

*Bankruptcy Risk:* The System is exposed to bankruptcy risk of its swap counterparties. The amount of any termination the System would receive, if a termination payment is owed, would be subject to the swap counterparty's ability to make the required payment. Upon the swap counterparty's bankruptcy, the System's obligation to make payments, the timing of termination, and the valuation of the swap upon termination may be affected by relevant bankruptcy law.

*Interest Rate Risk:* Interest rate risk involves the risk that the value of the System's interest rate swaps will fluctuate because of changes in interest rates. The value of interest rate swap agreements with a longer weighted average maturity tend to be more sensitive to changing interest rates, and therefore, more volatile than those with shorter maturities.

*Basis Risk:* The System is exposed to basis risk when the variable rate received under an interest rate swap does not match the variable rate paid on hedged bonds. The interest rate on the System's variable rate bonds is a tax-exempt interest rate based on the System's credit ratings. The variable receipt on the System's interest rate swaps is based on either a tax-exempt index (SIFMA) or a taxable index (LIBOR). Tax-exempt interest rates can change without a corresponding change in taxable interest rates due to factors affecting the tax-exempt market that do not have a similar effect on the taxable market.

*Index Risk:* The System is exposed to risk that the method of establishing LIBOR, the Thomson Municipal Market Data (MMD) or the SIFMA index could change over time. A change in LIBOR, MMD or the SIFMA index may affect the rate that the System pays or receives on certain interest rate swaps.

*LIBOR Discontinuation Risk:* In addition, on July 27, 2017, the Financial Conduct Authority announced that it will no longer persuade or compel banks to submit rates for the calculation of LIBOR rates after 2021 (the "FCA Announcement"). A portion of the System's swaps use a LIBOR-based rate as a reference rate for determining payments to be received or payments to be made thereunder. It is not possible to predict the effect of the FCA Announcement, any changes in the methods pursuant to which LIBOR rates are determined, or any other reforms to LIBOR that may be enacted, any of which may adversely affect the determination of LIBOR rates or result in the phasing out of LIBOR as a reference rate. Any such effects could result in a sudden or prolonged increase or decrease in reported LIBOR rates or result in the replacement of LIBOR with other reference rates and could have a negative impact on the market value of the System's swaps and the payment obligations of the System thereunder.

*Liquidity Risk:* The System is exposed to risk that, under certain market conditions, the System may be unable to terminate, assign or novate an interest rate swap. The System may not amend, assign or novate a swap without the swap counterparty's consent. There can be no assurance that another party will be willing to accept an assignment or novation of the System's interest rate swap.

**Termination Risk:** Termination risk is the risk that the swap may be terminated prior to its scheduled maturity date as a result of certain specified events. None of the System’s interest rate swaps are subject to automatic early termination. The System is subject to termination risk if the System’s credit rating falls below investment grade (Baa2 by Moody’s or BBB by S&P), or if the System commits a specified event of default or other specified event of termination. The System has the right to optionally terminate any of its swaps at any time. At termination, if the fair value of the swap is negative, the System would be liable to pay a termination payment to the appropriate counterparty in the amount of the swap’s fair value. If the fair value of the swap is positive at termination, the counterparty would owe a termination payment to the System in the amount of the swap’s fair value.

**Amortization Risk:** Amortization risk is the risk caused by a mismatch between the amortization of a derivative instrument contract and the underlying hedged bonds. The System is not exposed to amortization risk by exactly matching the notional amounts and amortization schedules of its swap contracts with the principal amounts and amortization schedules of the associated hedged bonds.

**Market Access Risk:** Each swap associated with underlying variable rate debt that is subject to tender at the option of the bondholder is subject to market access risk. In the event the System is unable to remarket its variable rate bonds, the System may choose to refund the variable rate bonds with fixed-rate bonds and optionally terminate the related interest rate swap agreements. Should an early termination event occur, the System could be required to pay or to receive a substantial termination payment. As of August 31, 2020, the System had market access risk associated with \$1,349,140,000.00 aggregate notional amount of pay-fixed, receive-variable interest rate swaps used to hedge interest rate risk on variable rate bonds subject to tender. As of August 31, 2020, the System’s variable rate bonds carried the highest short-term ratings from Moody’s and S&P of VMIG1 and A-1+, respectively.

#### **Hedging Derivative Instrument Swap Scheduled Payments**

The following tables reflect the scheduled payments on the hedging derivative instrument swap agreements which differ from the presentation in the projected bond debt service requirements table for the related demand bonds. The debt service requirements reflect the entire outstanding balance of the demand bonds in 2021 because the bonds are supported by internal liquidity.

<b>As of August 31, 2020</b>				
<b>Fiscal Year</b>	<b>Associated Variable Rate Bonds</b>		<b>Pay-Fixed Receive-Variable Interest Rate Swaps<sup>3</sup></b>	<b>Total</b>
	<b>Principal<sup>1</sup></b>	<b>Interest<sup>2</sup></b>		
2021	\$ 28,055,000.00	975,660.50	44,791,714.98	73,822,375.48
2022	46,425,000.00	958,752.50	43,773,167.73	91,156,920.23
2023	48,185,000.00	929,953.50	42,072,834.89	91,187,788.39
2024	49,785,000.00	900,063.50	40,307,857.69	90,992,921.19
2025	57,325,000.00	869,175.50	38,483,661.49	96,677,836.99
2026-2030	290,565,000.00	3,817,750.50	161,269,397.07	455,652,147.57
2031-2035	273,055,000.00	2,874,433.00	105,629,384.63	381,558,817.63
2036-2040	305,745,000.00	1,882,299.00	45,910,888.12	353,538,187.12
2041-2045	250,000,000.00	1,500,000.00	23,045,250.00	274,545,250.00

<sup>1</sup>Reflects scheduled principal and interest payments of Revenue Financing System Refunding Bonds, Series 2007B, Revenue Financing System Bonds, Series 2008B, Revenue Financing System Bonds, Taxable Series 2016G, and Permanent University Fund Bonds, Series 2008A to be optionally or mandatorily redeemed in the fiscal years reflected.

<sup>2</sup>Annual debt service requirements are computed using the System’s interest rates in effect on August 31, 2020 on its Series 2008A Bonds, Series 2007B Bonds, Series 2008B, and Series 2016G Bonds.

<sup>3</sup>Reflects net payments on pay-fixed, receive-variable interest rate swaps based on static interest rate environment as of August 31, 2020 and applied on the respective notional amounts of the swaps through their respective termination dates.

**As of August 31, 2019**

Fiscal Year	Associated Variable Rate Bonds		Pay-Fixed Receive-Variable Interest Rate	Total
	Principal <sup>1</sup>	Interest <sup>2</sup>	Swaps <sup>3</sup>	
2020	\$ 27,065,000.00	19,992,344.00	26,694,834.05	73,752,178.05
2021	28,055,000.00	19,641,908.00	26,053,500.98	73,750,408.98
2022	46,425,000.00	19,278,654.00	25,388,446.73	91,092,100.73
2023	48,185,000.00	18,670,582.00	24,273,068.89	91,128,650.89
2024	49,785,000.00	18,039,465.00	23,115,222.69	90,939,687.69
2025-2029	287,690,000.00	79,576,197.50	96,076,103.86	463,342,301.36
2030-2034	297,240,000.00	59,857,107.50	59,754,629.79	416,851,737.29
2035-2039	341,760,000.00	39,147,324.00	21,498,048.66	402,405,372.66
2040-2044	-	26,500,000.00	(1,400,000.00)	25,100,000.00
2045-2049	250,000,000.00	5,300,000.00	(280,000.00)	255,020,000.00

<sup>1</sup>Reflects scheduled principal and interest payments of Revenue Financing System Refunding Bonds, Series 2007B, Revenue Financing System Bonds, Series 2008B, Revenue Financing System Bonds, Taxable Series 2016G, and Permanent University Fund Bonds, Series 2008A to be optionally or mandatorily redeemed in the fiscal years reflected.

<sup>2</sup>Annual debt service requirements are computed using the System's interest rates in effect on August 31, 2019 on its Series 2008A Bonds, Series 2007B Bonds, Series 2008B, and Series 2016G Bonds.

<sup>3</sup>Reflects net payments on pay-fixed, receive-variable interest rate swaps based on static interest rate environment as of August 31, 2019 and applied on the respective notional amounts of the swaps through their respective termination dates.

#### 14. Stewardship, Compliance and Accountability

The System had no significant violations of bond or note covenants. Per State law, the System cannot spend amounts in excess of appropriations granted by the Texas Legislature. There are no deficits reported in net position.

#### 15. Risk Management and Related Insurance

The System has eight funded self-insurance/high retention plans providing coverage in the following areas: employee health and dental, unemployment compensation, workers' compensation, professional medical liability, property protection, directors and officers/employment practices and cyber liability, construction contractor insurance, and automobile, property and liability.

##### EMPLOYEE AND RETIREE INSURANCE BENEFITS

The U. T. System Employee Benefits program provides health insurance, dental insurance, vision insurance, life insurance, accidental death and dismemberment (AD&D), long-term disability, short-term disability, and flexible spending account coverage to all benefits-eligible employees and retirees of the System and its fourteen institutions. These insurance benefits are provided through both self-funded and fully-insured arrangements. A portion of the System's cost of providing group health and basic life insurance coverage is paid by the State as specified in the General Appropriations Act. The System's Office of Employee Benefits (OEB) is responsible for the overall administration of the insurance plans. The System's OEB program was established by Chapter 1601 of the *Texas Insurance Code* and complies with State laws and statutes pertinent to employee benefits for the System.

Effective January 1, 2006, the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 established prescription drug coverage for Medicare beneficiaries under Medicare Part D. Medicare Part D provides sponsors of postemployment healthcare plans with various subsidies related to prescription drug benefit costs of retirees who are eligible for, but not enrolled in, Medicare Part D, if the sponsor's plan provides a prescription drug benefit that is actuarially equivalent to the Medicare Part D benefit.

The System has participated in the Medicare Part D Retiree Drug Subsidy (RDS) program since 2006 which provides a subsidy of up to 28 percent of the amount of eligible prescription drug benefit costs of retirees who are eligible for, but not enrolled in, Medicare Part D. The System recognized \$1,710,100.48 of Medicare Part D RDS revenue from the federal government in 2020. In 2019 the System was required to refund \$92,638.25 to the Medicare Part D RDS program after the annual reconciliation was performed. The annual reconciliation recognizes any payments made by the Medicare RDS program. The System significantly reduced reliance on the RDS program beginning January 1, 2017. Only a small number of eligible participants remained covered under RDS after December 31, 2016.

The System implemented an Employer Group Waiver Plan (EGWP) effective January 1, 2017, in order to access larger Medicare Part D subsidies. For most eligible participants, the EGWP replaces the RDS program previously used to access such subsidies. The System recognized \$30,374,122.54 and \$29,090,167.99 of Medicare EGWP payments from the federal government in 2020 and 2019, respectively.

#### UNEMPLOYMENT COMPENSATION INSURANCE

The General Appropriations Act requires the System to reimburse the Texas Workforce Commission (TWC) for 50% of the unemployment benefits paid to qualified former employees paid from general revenue funds and 100% of the unemployment benefits paid from local funds.

#### WORKERS' COMPENSATION INSURANCE

The Workers' Compensation Insurance (WCI) program provides coverage to all employees of the System and its fourteen institutions. Under the oversight of the System's Office of Risk Management (ORM), the System self-insures and administers the systemwide program through the use of a third-party administrator. The coverage provides income and medical benefits to all employees who have sustained compensable job-related injuries or occupational diseases. The program's statutory authority is embodied in Chapter 503 of the *Texas Labor Code*.

#### PROFESSIONAL MEDICAL LIABILITY BENEFIT PLAN

The coverage provided under the Professional Medical Liability Benefit Plan (the "Plan") is on an occurrence basis; thus, a participant is covered by the Plan for claims and lawsuits relating to events that occurred while enrolled in the Plan, including those filed after the participant has left the System's employment or training. The Plan covers all the System staff physicians, dentists, residents, fellows, and medical and dental students who have been enrolled. Effective July 1, 2020, healthcare professional staff members and faculty who are licensed, certified, or registered to provide patient care have Plan coverage. The limits of liability of the Plan include an annual policy aggregate of \$30 million, an annual aggregate of \$1.5 million for each staff physician, resident, fellow and healthcare professional (\$500,000 per claim), and a \$75,000 annual aggregate for each medical and dental student (\$25,000 per claim). Additional coverage is available outside of Texas and for approved international activities. Liability is limited to \$2 million per claim, regardless of the number of claimants or plan participants involved in an incident.

The limits of liability are prescribed by law as \$100,000 per health care liability claim per physician determined to be a public servant. U. T. institutions are covered under the Plan for actions that could have been brought against an individual plan participant. The liability of a U. T. institution is limited by law to \$250,000 per person injured and \$500,000 per occurrence for bodily injury or death.

#### COMPREHENSIVE PROPERTY PROTECTION PROGRAM

The Comprehensive Property Protection Plan (CPPP) uses a combination of interim financing and commercial insurance to provide Fire and All Other Perils (Fire and AOP) and Named Windstorm and Flood (Wind and Flood) coverage. All coverage is subject to the terms, exclusions, limits and conditions of the Insurance Policies. The Fire and AOP program provides a \$1.3 billion per occurrence limit for most perils, with sub-limits that do apply. The System participates in a seven percent (7%) quota share of the \$75 million layer excess of the \$25 million layer of commercial insurance coverage. Deductibles for Fire and AOP are \$5 million per occurrence with a \$15 million annual aggregate limit; institutions have a \$250,000 per occurrence deductible. The commercial insurance coverage for Named Windstorm and resulting perils provides a \$250 million per occurrence limit with the System participating in a seven percent (7%) quota share of the \$75 million layer excess of the \$25 million layer. M. D. Anderson purchases a dedicated \$100 million policy excess of the \$250 million per occurrence Named Windstorm CPPP limit. Deductibles for Wind and Flood are \$100 million per occurrence for U. T. Medical Branch - Galveston (locations in Galveston only), \$50 million per occurrence for U. T. Health Science Center - Houston (locations in Texas Medical Center only) and M. D. Anderson (locations in Texas Medical Center Only), 5% of affected values in other Tier 1 counties, and AOP deductibles for all other locations.

Primary insurance policies are purchased on certain flood and wind exposed properties to partially offset the large deductibles. These policies provide underlying limits (up to \$4.4 million per building/contents for wind and \$1 million maximum building/contents for flood) and are purchased through the Texas Windstorm Insurance Association (TWIA) for facilities in Tier 1 seacoast territories and the National Flood Insurance Program (NFIP) for properties located in higher risk flood zones. U. T. Medical Branch - Galveston purchases a \$50 million Named Windstorm buydown policy to reduce the \$100 million Wind and Flood deductible for locations in Galveston only. M. D. Anderson purchases a \$25 million Named Windstorm Multi Year Single Limit (MYSL) buydown policy to reduce the \$50 million Wind and Flood deductible; they have a 25% share of the \$25 million to \$50 million layer. The interim financing component of the program participates in losses resulting from physical damage that exceeds the coverage available under these primary policies and the institution's deductible. The interim financing for the Wind and Flood program is funded by annual contributions made by each institution in addition to the payment of insurance premiums.

#### DIRECTORS AND OFFICERS/EMPLOYMENT PRACTICES LIABILITY PLAN AND CYBER LIABILITY PROGRAM

The Directors and Officers Liability (D&O) and Employment Practices Liability (EPL) Plan (the "Plan") provides coverage for claims arising from actual or alleged wrongful acts performed by the Plan beneficiaries and for EPL claims, such as wrongful termination, failure to promote, and wrongful discipline.

Coverage applies to individual board members, employees, faculty, and other covered individuals, as well as to each of the institutions and U. T. System Administration. The limit of liability is a \$15 million annual aggregate (Coverages A, B and C combined), with an additional \$5 million self-insured annual aggregate excess limit for Coverages A and B. Self-insured retentions for the Plan are subject to a \$5 million annual aggregate. Coverage A applies to non-indemnifiable claims made against individuals and it has no deductible. Coverage B applies to a U. T. institution that is required to indemnify a covered individual with deductibles of \$100,000 per individual and \$300,000 per occurrence. Coverage C applies to a U. T. institution with a \$300,000 deductible. In the event a loss involves any or all of Coverages A, B, and C, then only the single largest deductible amount will apply.

The Cyber Liability Program provides coverage for claims arising from the following causes of loss: media liability, network security liability, privacy liability, regulatory liability, loss of digital assets, network asset protection, and Payment Card Industry Data Security Standard (PCI-DSS). The limit of liability on the commercial insurance policy is a \$50 million annual aggregate. Each claim is subject to a \$2.5 million retention and annual aggregate with a \$500,000 each and every claim retention once the annual aggregate has been met, except for PCI-DSS which is \$500,000 per claim and annual aggregate with a \$500,000 each and every claim retention once the annual aggregate has been met. Institutions have a \$250,000 per claim deductible. M. D. Anderson purchases a \$10 million standalone policy which is primary to the Cyber Liability Program and has a \$250,000 per claim deductible.

#### ROLLING OWNER CONTROLLED INSURANCE PROGRAM

The Rolling Owner Controlled Insurance Program (ROCIP) was established for the centralized purchase of construction contractor insurance on various capital improvement projects. This program provides workers' compensation, employers' liability and general liability insurance coverage for all contractors enrolled on projects participating in the program. Each coverage carries a \$250,000 per occurrence deductible with a maximum \$375,000 per occurrence clash deductible, if more than one coverage is triggered by the same occurrence. Deductibles are paid through the program's self-insurance fund. The self-insurance fund also pays portions of certain Builder's Risk deductibles applicable to water damage and delay in completion claims.

#### AUTOMOBILE, PROPERTY & LIABILITY PLAN

The Automobile, Property & Liability Plan provides automobile liability and physical damage coverage for owned, leased, hired, and non-owned (excess liability only) vehicles, along with general liability coverage for certain scheduled exposures. All coverages are subject to a self-insured retention of \$50,000 for liability claims and \$25,000 for physical damage claims, subject to a \$730,000 annual aggregate stop loss for the FY 2020 policy term. Institution deductibles are \$2,500 per occurrence for liability, \$1,000 per vehicle for physical damage, and \$5,000 per vehicle for vehicles valued over \$100,000.

INCURRED BUT NOT REPORTED SELF-INSURANCE CLAIMS

Insurance claims that were Incurred But Not Reported (IBNR) were actuarially determined for the employee’s health and dental, workers’ compensation, professional medical liability, directors and officers/employment practices liability and cyber liability program, rolling owner controlled, and automobile, property and liability self-insurance plans. IBNR figures for the workers’ compensation, professional medical liability, directors and officers/employment practices liability and cyber liability program, rolling owner controlled, and automobile, property and liability self-insurance plans include liabilities for unpaid reported claims and are reported on an undiscounted basis. The IBNR liability for the property protection self-insurance plan is not actuarially determined but estimated based on unpaid reported claims. Since an annual accrual is recorded for the third quarter TWC billing, no IBNR liability is recorded for Unemployment Compensation Insurance. No settlements exceeded insurance coverage in the past three fiscal years.

Since the responsibility for processing all claims for self-funded employee health and dental benefits has been fully delegated to third parties, the IBNR claims liability for those benefits does not include a provision for unallocated loss adjustment expenses (ULAE). However, it does include a provision of 5% of the projected incurred but unpaid claims for the administrative expenses associated with processing those claims. The IBNR claims liability for the workers’ compensation, professional medical liability, directors and officers/employment practices liability and cyber liability program, rolling owner controlled, and automobile, property and liability self-insurance plans includes a related accrual for allocated loss adjustment expenses (ALAE), which are the claim-specific defense and settlement costs associated with the ultimate settlement of those claims. They do not include a provision for ULAE, which are general administrative expenses associated with claims settlement, but are not specifically attributable to individual claims.

Changes in the System’s claims liabilities for the various self-insurance plans during fiscal years 2020 and 2019 were as follows:

<u>Fiscal Year 2020</u>			Current Year Claims and Changes in Estimates	Claims Payments	IBNR Liability 08/31/20
Plan	IBNR Liability 09/01/19				
Employee Health and Dental	\$ 113,900,000.00		1,307,148,182.41	(1,312,748,182.41)	108,300,000.00
Workers’ Compensation	5,385,000.00		1,631,912.75	(2,763,912.75)	4,253,000.00
Professional Medical Liability	19,486,096.00		4,538,386.67	(4,412,443.67)	19,612,039.00

ROCIP	5,141,318.00		2,218,522.10	(2,370,270.10)	4,989,570.00
Automobile, Property & Liability	378,252.00		521,414.28	(447,244.28)	452,422.00
<b>TOTAL</b>	<b>\$ 164,919,188.00</b>		<b>1,372,894,455.84</b>	<b>(1,369,394,651.84)</b>	<b>168,418,992.00</b>

## 16. Postemployment Health Care and Life Insurance Benefits

In addition to providing pension benefits, the State provides certain health and life insurance benefits for retired employees (OPEB), in accordance with State statutes. Many employees may become eligible for the health and life insurance benefits as a retired employee if they meet certain age and service requirements as defined by the State. Similar benefits for active employees are provided through the same self-funded plan. For the years ended August 31, 2020 and 2019, the State and retiree contribution rates for the self-funded plan per full-time retired employee are shown in the following table. The retiree contributes any premium charged over and above the State contributions.

Level of Coverage	2020		2019	
	Employer	Retiree	Employer	Retiree
Retiree Only	\$ 628.05	-	\$ 598.14	-
Retiree/Spouse	957.27	270.41	911.69	257.53
Retiree/Children	838.70	282.81	798.76	269.34
Retiree/Family	1,169.89	532.51	1,114.18	507.15

### PLAN DESCRIPTION AND FUNDING POLICY

OPEB are provided to the System's retirees under the U. T. System Employee Group Insurance Program (EGIP). The EGIP is a single-employer defined benefit OPEB plan; however, due to the State statute requiring appropriations for funding the plan, the State is reporting a proportionate share. Chapter 1551 of the *Texas Insurance Code*, Sections 310 and 311, require that the State contribute to the cost of each participant's insurance coverage. The funds are appropriated under the General Appropriations Act Higher Education Employees Group Insurance (HEGI) Contributions. The State's proportion was 20.51 and 20.82 percent of the collective OPEB-related liabilities, deferred outflows and inflows and expense based on HEGI contributions by the State to total contributions as of August 31, 2020 and 2019. The System's proportion as of August 31, 2020 and 2019 was 79.49 and 79.18 percent. At August 31, 2020 and 2019, the amount of the total OPEB liability related to the System reported by the State was \$2,979,287,588 and \$2,723,817,586, respectively. The amount reported by the State is related to the premium sharing contributions, which are recognized as State appropriation general revenue on the System's financial statements in the fiscal year that the State contributed the amounts for OPEB on the System's behalf.

The System and member contribution rates are determined annually by the System based on the recommendations of the OEB staff and consulting actuary. The contribution rates are determined based on the benefit and administrative costs expected to be incurred and (i) the funds appropriated and (ii) the funding policy established by the Texas Legislature in connection with benefits provided through the EGIP. The System revises benefits when necessary to match expected benefit and administrative costs with available revenue. The plan is operated on a pay-as-you-go basis and no assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

### EMPLOYEES COVERED BY BENEFIT TERMS

The benefits provided are discussed in Note 15. The authority under which the obligations of the plan members and the System are established and may be amended is Chapter 1601, *Texas Insurance Code*. At the respective valuation dates, the following employees were covered by the benefit terms:

	Valuation Date	
	12/31/2019	12/31/2017
a. Inactive employees or beneficiaries currently receiving benefit payments	30,057	27,597
b. Inactive employees entitled to but not yet receiving benefit payments	11,681	12,311
c. Active employees	99,474	90,605
d. Total	141,212	130,513

### TOTAL OPEB LIABILITY

The System has elected to use a measurement date that is eight months in advance of the fiscal year end. The System's proportionate share of the total OPEB liability of \$11,548,745,880, current portion of \$204,857,443 and a noncurrent portion of \$11,343,888,437, reported for the fiscal year ended August 31, 2020 was measured as of December 31, 2019 and was determined by an actuarial valuation as of that same date. The System's proportionate share of the total OPEB liability of \$10,355,785,546, current portion of \$230,593,877 and a noncurrent portion of \$10,125,191,669, reported for the fiscal year ended August 31, 2019 was measured as of December 31, 2018 and was determined by an actuarial valuation as of December 31, 2017 and rolled forward twelve months to December 31, 2018.

### ACTUARIAL ASSUMPTIONS AND OTHER INPUTS

The total OPEB liability as of December 31, 2019 was determined by an actuarial valuation as of that same date using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.30%
Salary increases	3.05% to 9.05% (includes inflation)
Discount rate	2.74%
Healthcare cost trend rates	7.50% for CY22 decreasing 0.50% per year to 5.00% for CY27, then decreasing to 4.75% for CY28 and to an ultimate rate of 4.30% for CY29 and later years

- Mortality:
- a. Service Retirees, Survivors and other Inactive Members:  
Tables based on TRS experience with Ultimate MP Projection Scale from the year 2018.
  - b. Disability Retirees:  
Tables based on TRS experience with Ultimate MP Projection Scale from the year 2018 using a 3-year set forward and minimum mortality rates of four per 100 male members and two per 100 female members.
  - c. Active Members:  
Sex Distinct RP-2014 Employee Mortality multiplied by 90% with Ultimate MP Projection Scale from the year 2014.

#### Discount Rate

- a. For fiscal year ended August 31, 2020: The discount rate used to measure the total OPEB liability as of December 31, 2019 was 2.74%. The discount rate used to determine the total OPEB liability as of December 31, 2018 was 4.10%.
- b. For fiscal year ended August 31, 2019: The discount rate used to measure the total OPEB liability as of December 31, 2018 was 4.10%. The discount rate used to measure the total OPEB liability as of December 31, 2017 was 3.44%.
- c. Municipal Bond Rate: 2.74% as of December 31, 2019 and 4.10% as of December 31, 2018; the source of the municipal bond rate is the Bond Buyer Index of general obligation bonds with 20 years to maturity and mixed credit quality. In describing their index, the Bond Buyer notes that the bonds' average credit quality is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp.'s AA.

Many of the actuarial assumptions used in this valuation were based on the results of an actuarial experience study performed by the TRS retirement plan actuary as of August 31, 2017.

The following assumptions or other inputs were changed since the previous measurement date:

i. **Demographic Assumptions**

Assumed rates of retirement, disability, termination, and mortality and assumed salary increases have been updated to reflect assumptions adopted by the TRS Trustees since the last valuation date. These new assumptions were adopted to reflect an experience study on the TRS retirement plan performed by the TRS retirement plan actuary.

In addition, the following assumptions were updated to reflect recent plan experience and expected trends:

- Percentage of future male and female retirees assumed to be married and electing coverage for their spouse.
- The proportion of future retirees covering dependent children.
- Percentage of future retirees and future retiree spouses assumed to use tobacco.
- Percentage of future Service Retirees assumed to elect health coverage at retirement and remain covered until death.

ii. **Economic Assumptions**

- Assumed Per Capita Health Benefit Costs and Health Benefit Cost and Retiree Contribution trends have been updated since the previous valuation to reflect recent health plan experience and its effects on our short-term expectations.
- The expenses directly related to the payment of EGIP health benefits have been updated since the previous valuation to reflect changes in vendors.
- The Patient-Centered Outcome Research Institute (PCORI) fees payable under the ACA have been updated since the previous valuation to reflect IRS Notice 2020-44 published June 8, 2020.
- Assumed inflation has been updated to reflect an assumption adopted by the TRS Trustees since the last valuation date. This new assumption was adopted to reflect an experience study on the TRS retirement plan performed by the TRS retirement plan actuary.

iii. **Other Inputs**

- The discount rate was changed as a result of requirements by GASB Statement No. 75 to utilize the yield or index rate as of the measurement date for 20-year, tax-exempt general obligation municipal bonds rated AA/Aa (or equivalent) or higher.

As of the measurement date of December 31, 2019, no changes in benefit terms have occurred. Accordingly, the benefit terms used in this valuation have not been changed since the prior valuation.

Sensitivity of the System's Proportionate Share of the Total OPEB Liability to Changes in the Discount Rate

	<b>1% Decrease (1.74%)</b>	<b>FY20 Discount Rate (2.74%)</b>	<b>1% Increase (3.74%)</b>
Total OPEB Liability	\$ 14,085,364,566	\$ 11,548,745,880	\$ 9,609,506,534

	<b>1% Decrease (3.10%)</b>	<b>FY19 Discount Rate (4.10%)</b>	<b>1% Increase (5.10%)</b>

CHANGES IN THE SYSTEM'S PROPORTIONATE SHARE OF THE TOTAL OPEB LIABILITY

		Increase (Decrease) in Total OPEB Liability	
		For Measurement Year from 12/31/2018 to 12/31/2019	For Measurement Year from 12/31/2017 to 12/31/2018
Balance at Beginning of Measurement Year	\$	10,355,785,546	10,717,111,345
Changes for the year:			
Service cost		471,785,731	548,093,347
Interest		442,516,885	394,480,742
Differences between expected and actual experience		(89,235,022)	-
Changes of assumptions or other inputs		478,407,758	(1,429,460,396)
Benefit payments (employer)		(152,076,995)	(153,396,451)
Net changes		1,151,398,357	(640,282,758)
Changes in Proportional Share		41,561,977	278,956,959
Balance at End of Measurement Year	\$	11,548,745,880	10,355,785,546

The System recognized OPEB expense of \$686,449,366 for the fiscal year ended August 31, 2020 and \$664,784,810 for the fiscal year ended August 31, 2019.

The changes in the total OPEB liability, including both the System's and the State's portion, are shown in the table below.

		Increase (Decrease) in Total OPEB Liability	
		For Measurement Year from 12/31/2018 to 12/31/2019	For Measurement Year from 12/31/2017 to 12/31/2018
Balance at Beginning of Measurement Year	\$	13,079,603,132	13,888,295,465
Changes for the year:			
Service cost		593,494,649	692,254,917
Interest		556,675,173	498,238,547
Differences between expected and actual experience		(112,255,426)	-
Changes of assumptions or other inputs		601,824,994	(1,805,442,436)
Benefit payments (employer)		(191,309,054)	(193,743,361)
Net changes		1,448,430,336	(808,692,333)
Balance at End of Measurement Year	\$	14,528,033,468	13,079,603,132

At each fiscal year-end, the System reported deferred outflows of resources and deferred inflows of resources related to OPEB from the sources listed in the table below.

		As of 8/31/2020		As of 8/31/2019	
		Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$	-	165,000,318	-	104,127,465
Changes of assumptions or other inputs		421,250,320	1,760,786,373	-	2,058,144,539
Change in proportion and contribution difference		340,424,226	34,816,859	355,767,722	44,612,494
Contributions subsequent to the measurement date		99,305,239	-	111,317,743	-
Total	\$	860,979,785	1,960,603,550	467,085,465	2,206,884,498

Amounts reported as Deferred Outflows/(Inflows) of Resources will be recognized in OPEB expense as follows:

For the Fiscal Year ended August 31, 2020:

Fiscal Year Ended August 31	Amount
2021	\$ (229,536,643)
2022	(229,536,643)
2023	(229,536,643)
2024	(229,536,643)
2025	(186,596,898)
Thereafter	(94,185,534)
Total	\$ (1,198,929,004)

## 17. Pension Plans

### TEACHER RETIREMENT SYSTEM (TRS)

The State of Texas has joint contributory retirement plans for substantially all its employees. One of the primary plans in which the System participates is a cost-sharing multiple-employer defined benefit pension plan with a special funding situation administered by the Teacher Retirement System of Texas. TRS is primarily funded through State and employee contributions. Depending upon the source of funding for a participant's salary, the System may be required to make contributions in lieu of the State.

All System personnel employed in a position on a half time or greater basis for at least 4½ months or more are eligible for membership in the TRS retirement plan. However, students employed in positions that require student status as a condition of employment do not participate. Members with at least five years of service have a vested right to unreduced retirement benefits at age 65 or provided they have a combination of age plus years of service totaling 80 or more. However, members who began TRS participation on or after September 1, 2007 must be age 60 to retire with unreduced benefits and members who are not vested in TRS on August 31, 2014 must be age 62 to retire with unreduced benefits under the second option. Members are fully vested after five years of service and are entitled to any reduced benefits for which the eligibility requirements have been met prior to meeting the eligibility requirements for unreduced benefits.

The TRS Plan provides retirement, disability annuities and death and survivor benefits. The benefit and contribution provisions of the TRS Plan are authorized by state law and may be amended by the Legislature. The pension benefit formulas are based on members' average annual compensation and years of service credit. The standard annuity is 2.3 percent of the average of the five highest annual salaries multiplied by years of service credit. For grandfathered members who were hired on or before August 31, 2005 and meet certain criteria, the standard annuity is based on the average of the three highest annual salaries. The plan does not provide automatic cost of living adjustments.

TRS contribution rates for both employers and employees are not actuarially determined but are legally established by the State Legislature. Contributions by employees were 7.7 percent of gross earnings for 2020, 2019 and 2018. Depending upon the source of funding for the employee's compensation, the State or the System contributes a percentage of participant salaries totaling 7.5 percent of annual compensation for 2020 and 6.8 percent of annual compensation for 2019 and 2018. The System's actual contributions excluding the State match to TRS previously reported for the years ended August 31, 2020, 2019 and 2018 were \$366,510,043.33, \$302,294,697.94, and \$282,808,370.01, respectively.

The total pension liability is determined by an annual actuarial valuation. The tables below present the actuarial methods and assumptions used to measure the total pension liability as of the August 31, 2019 and August 31, 2018 measurement dates.

<b>Summary of Actuarial Methods and Assumptions* – TRS Plan</b>	
Actuarial Valuation Date	Aug 31, 2018 rolled forward to Aug 31, 2019
Actuarial Cost Method	Individual Entry Age Normal
Amortization Method	Level Percentage of Payroll, Floating
Asset Valuation Method	Market Value
Actuarial Assumptions:	
Discount Rate	7.25%
Investment Rate of Return	7.25%
Long-term Expected Rate of Return	7.25%
Municipal Bond Rate as of August 2019	2.63%**
Inflation	2.30%
Salary Increase	3.05% to 9.05% including inflation
Payroll Growth Rate	3.00%
Mortality:	
Active	90% of the RP 2014 Employee Mortality Tables for males and females with full generational mortality
Post-Retirement	2018 TRS Healthy Pensioner Mortality Tables with full generation projection using Scale U-MP
Ad Hoc Post-Employment Benefit Changes	None

<b>Summary of Actuarial Methods and Assumptions* – TRS Plan</b>	
Actuarial Valuation Date	Aug 31, 2017 rolled forward to Aug 31, 2018
Actuarial Cost Method	Individual Entry Age Normal
Amortization Method	Level Percentage of Payroll, Floating
Asset Valuation Method	Market Value
Actuarial Assumptions:	
Discount Rate	6.907%
Investment Rate of Return	8.00%
Long-term Expected Rate of Return	7.25%
Municipal Bond Rate as of August 2018	3.69%**
Inflation	2.30%
Salary Increase	3.05% to 9.05% including inflation
Payroll Growth Rate	2.50%
Mortality:	
Active	90% of the RP 2014 Employee Mortality Tables for males and females with full generational mortality using Scale BB
Post-Retirement	2018 TRS Healthy Pensioner Mortality Tables with full generation projection using Scale BB
Ad Hoc Post-Employment Benefit Changes	None

**Notes:**

\*The assumptions used to determine the ADC are those in effect for the August 31, 2018 and August 31, 2017 actuarial valuations. Due to the lag between valuation data and the measurement date, they may not be the same assumptions used to measure the net pension liability.

\*\*Source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index."

The actuarial assumptions used in the valuation were primarily based on the result of an actuarial experience study for the three-year period ending August 31, 2017 and adopted July 2018. The mortality rates were based on 90% of the RP 2014 employee Mortality Tables for males and females. The post-retirement mortality rates were based on the 2018 TRS Healthy Pensioner Mortality Tables.

The actuarial assumptions used in the determination of the total pension liability as of the August 31, 2019 measurement date are the same assumptions used in the actuarial valuation as of August 31, 2018, except for a change in the following assumptions:

- the single discount rate as of August 31, 2018 was a blended rate of 6.907%, changed to the long term rate of return of 7.25% as of August 31, 2019; and,
- the enactment of Senate Bill 3 by the 2019 Legislature impacted future salaries by giving eligible active members a \$2,700 increase in fiscal year 2020 in addition to the salary increases expected.

There have been no changes to the benefit provisions of the plan since the prior measurement date.

The discount rate of 7.25% was applied to measure the total pension liability. The discount rate was based on the expected rate of return on pension plan investments of 7.25%. The projected cash flows into and out of the pension plan assumed that active members, employers, and non-employer contributing entity make their contributions at the statutorily required rates. It is assumed that future employer and State contributions will be 8.50% of payroll for the measurement period ending August 31, 2020, gradually increasing to 9.55% over the next several years. This includes a factor for all employer and State contributions for active and rehired retirees. Based on these assumptions, the pension plan's fiduciary net position and future contributions were sufficient to finance the benefit payments of current plan members. As a result, the long-term expected rate of return on pension plan investments was applied to all projected benefit payments to determine the total pension liability.

The long-term expected rate of return on plan investments was developed using a building-block method, in which best estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of geometric real rates of return for each major asset class for the plan's investment portfolio as of the August 31, 2019 measurement date are presented below:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Geometric Real Rate of Return</b>
<b>Global Equity</b>		
U.S.	18%	6.4%
Non-U.S. Developed	13%	6.3%
Emerging Markets	9%	7.3%
Private Equity	14%	8.4%
<b>Stable Value</b>		
U.S. Treasury	16%	3.1%
Stable Value Hedge Funds	5%	4.5%
<b>Real Return</b>		
Real Assets	15%	8.5%
Energy, Natural Resources, and Infrastructure	6%	7.3%
<b>Risk Parity</b>		
Risk Parity	8%	5.8%/6.5%
Asset Allocation Leverage Cash	2%	2.5
Asset Allocation Leverage	-6%	2.7
<b>Total</b>	<u>100%</u>	

The target allocation and best estimates of arithmetic real rates of return for each major asset class for the plan's investment portfolio as of the August 31, 2018 measurement date are presented below:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Arithmetic Real Rate of Return</b>
<b>Global Equity</b>		
U.S.	18%	5.7%
Non-U.S. Developed	13%	6.9%
Emerging Markets	9%	8.95%
Directional Hedge Funds	4%	3.53%
Private Equity	13%	10.18%
<b>Stable Value</b>		
U.S. Treasury	11%	1.11%
Absolute Return	0%	0.00%
Stable Value Hedge Funds	4%	3.09%
Cash	1%	-0.30
<b>Real Return</b>		
Global Inflation Linked Bonds	3%	0.70%
Real Assets	14%	5.21%
Energy and Natural Resources	5%	7.48%
Commodities	0%	0.00%
<b>Risk Parity</b>		
Risk Parity	5%	3.70%
<b>Total</b>	<u>100%</u>	

Sensitivity analysis was performed on the impact of changes in the discount rate on the System's proportionate share of the net pension liability. The result of the analysis is presented in the table below:

**Sensitivity of System's Proportionate Share of the Net Pension Liability  
to Changes in the Discount Rate FY20**

<b>1% Decrease (6.25%)</b>	<b>Current Discount Rate (7.25%)</b>	<b>1% Increase (8.25%)</b>
\$6,944,008,124.09	\$4,517,470,315.00	\$2,551,506,320.90

**Sensitivity of System's Proportionate Share of the Net Pension Liability  
to Changes in the Discount Rate FY19**

<b>1% Decrease (5.907%)</b>	<b>Current Discount Rate (6.907%)</b>	<b>1% Increase (7.907%)</b>
\$7,424,761,246.14	\$4,919,537,167.00	\$2,891,409,695.67

The pension plan's fiduciary net position is determined using economic resources measurement focus and the accrual basis of accounting, which is the same basis used by TRS. Benefits and refunds of contributions are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value. Fair value is a market-based measurement, not an entity-specific measurement. TRS utilizes one or more of the following valuation techniques in order to measure fair value: the market approach, the cost approach, and the income approach. More detailed information on the plan's investment policy, assets, and fiduciary net position, may be obtained from TRS' fiscal 2019 Comprehensive Annual Financial Report. Further information regarding actuarial assumptions and conclusions, together with audited financial statements are included in the TRS' annual financial report, which may be obtained from the TRS website at [www.trs.state.tx.us](http://www.trs.state.tx.us).

As of August 31, 2020 and 2019, respectively, the System reported a liability of \$4,517,470,315.00 and \$4,919,537,167.00 for its proportionate share of the collective net pension liability. The collective net pension liability was measured as of August 31, 2019 and 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of August 31, 2018 and 2017, respectively, and rolled forward to the measurement date. The System's proportion as of the August 31, 2019 and 2018 measurements dates was 8.6902629 and 8.9377185 percent, respectively. The System's proportion of the collective net pension liability was based on its contributions to the pension plan relative to the contributions of all the employers and non-employer contributing entity to the plan for the periods September 1, 2018 through August 31, 2019 and September 1, 2017 through August 31, 2018. At August 31, 2020 and 2019, respectively, the amount of the net pension liability related to the System reported by the State was \$1,898,921,776.18 and \$1,355,571,593.31. The amount reported by the State is related to the on-behalf contributions, which are recognized as State appropriation general revenue on the System's financial statements in the fiscal year that the State contributed the amounts to TRS on the System's behalf.

For the years ending August 31, 2020 and 2019, the System recognized pension expense of \$806,337,921.00 and \$584,838,293.00, respectively. At August 31, 2020 and 2019, the System reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>2020</b>	
	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Difference between expected and actual experience	\$ 18,977,416.00	156,853,736.00
Changes of assumptions	1,401,541,150.00	579,183,110.00
Net diff between projected and actual investment return	45,360,614.00	-
Change in proportion and contribution difference	389,095,208.00	320,667,583.00
Contributions subsequent to the measurement date	366,510,043.33	-
<b>Total</b>	<b>\$ 2,221,484,431.33</b>	<b>1,056,704,429.00</b>

	<b>2019</b>	
	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Difference between expected and actual experience	\$ 30,664,357.00	120,706,016.00
Changes of assumptions	1,773,730,108.00	55,429,111.00
Net diff between projected and actual investment return	-	93,344,698.00
Change in proportion and contribution difference	409,961,416.00	242,370,998.00
Contributions subsequent to the measurement date	302,294,697.94	-
<b>Total</b>	<b>\$ 2,516,650,578.94</b>	<b>511,850,823.00</b>

The \$366,510,043.33 and \$302,294,697.94 reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the net pension liability for the years ending August 31, 2021 and 2020, respectively.

Amounts reported as deferred outflows and inflows of resources related to pensions as of August 31, 2020 will be recognized in pension expense in the following years:

Fiscal Year	Increase (Reduction) of Pension Expense
2021	\$ 140,371,435
2022	101,501,186
2023	273,470,234
2024	248,055,841
2025	81,813,431
Thereafter	(46,942,168)
<b>Total</b>	<b>\$ 798,269,959</b>

#### OPTIONAL RETIREMENT PROGRAM (ORP)

The State has also established an optional defined contribution retirement program for institutions of higher education. Participation in the ORP is in lieu of participation in the TRS. ORP is available to certain eligible employees who hold faculty positions and other professional positions including but limited to director-level and above, librarians and coaches. The ORP provides for the purchase of annuity contracts and mutual funds. Participants are vested in the employer contributions after one year and one day of service. Depending upon the source of funding for the employee's compensation, the System may be required to make the employer contributions in lieu of the State. Since these are individual annuity contracts, the State and the System have no additional or unfunded liability for this program. The employee and employer contribution rates are established by the State Legislature each biennium. The State provides an option for a local supplement on top of the state base rate. Each institution within the System can decide to adopt and fund a local supplement each year to provide each ORP employee the maximum employer rate. The chancellor then approves the employer rates each fiscal year. The contributions made by participants (6.65 percent of annual compensation) and the System (6.6 percent State base rate) for the fiscal years ended August 31, 2020, 2019 and 2018, respectively, are provided in the following table.

	2020	2019	2018
Participant Contributions	\$ 179,904,852.00	172,807,007.00	164,972,085.00
System Contributions	229,656,329.00	220,698,101.00	210,928,114.00
<b>Total</b>	<b>\$ 409,561,181.00</b>	<b>393,505,108.00</b>	<b>375,900,199.00</b>

#### EMPLOYEES RETIREMENT SYSTEM (ERS)

Certain employees at U. T. Medical Branch - Galveston participate in the Employees Retirement System of Texas. The Board of Trustees of the Employees Retirement System of Texas is the administrator of the ERS, which is considered to be a single employer defined benefit pension plan. ERS covers the eligible System employees who are not covered by the TRS or the ORP. Benefits vest after five years of credited service. Employees may retire at age 60 with five years of service or any combination of age plus years of service that equals 80.

The ERS plan provides a standard monthly benefit in a life annuity at retirement as well as death and disability benefits for members. Additional payment options are available. The benefit and contribution provisions are authorized by State law and may be amended by the Texas Legislature. Contribution requirements are not actuarially determined. The ERS contribution requirement, calculated using entry age normal actuarial cost method, is established through State statute.

The funding policy requires monthly contributions by both the State and employees. For the year beginning September 1, 2015, the required contributions for the State and the employee are each 9.5 percent of pay. For Law Enforcement and Custodial Officers Supplemental Retirement Fund eligible employees, the State and the employee contribution is an additional 0.50 percent of pay, respectively.

The Texas State Comptroller's Office has decided not to allocate ERS pension to proprietary funds due to immateriality, as a result, there is no ERS pension net pension liability reported in the System's financial statements. Additional information can be obtained from the separately issued ERS *Comprehensive Annual Financial Report* which can be obtained from the Employees Retirement System of Texas, 200 East 18<sup>th</sup> Street, Austin, Texas 78701 or found on the ERS website at [www.ers.texas.gov](http://www.ers.texas.gov).

## **18. Deferred Compensation**

### DEFERRED COMPENSATION-457(b)

The System employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in the TEX. GOV'T. CODE ANN., Sec. 609.001. The System offers its own deferred compensation plan, created in accordance with Internal Revenue Code Section 457(b). All System employees are eligible to participate in the System's plan and cannot participate in the plan offered by the state of Texas. All investments, amounts, property, and rights held under the Deferred Compensation Trust Fund are held for the exclusive benefit of participants and beneficiaries at the fair market value of the plan account for each participant in the accounts established by the participants with the System's retirement providers. The System has no liability under the plan.

### TAX-SHELTERED ANNUITY-403(b)

The System also administers the UTSaver Tax-Sheltered Annuity Program (TSA), created in accordance with IRC Section 403(b). All employees are eligible to participate. The UTSaver TSA is a private plan, and the deductions, purchased investments and earnings attributed to each employee's 403(b) plan are held by vendors chosen by the employee. The vendors may be insurance companies, banks or approved non-bank trustees such as mutual fund companies. The assets of this plan do not belong to the System or the State. Therefore, neither the System nor the State has a liability related to this plan.

### THE UNIVERSITY OF TEXAS SYSTEM GOVERNMENTAL RETIREMENT ARRANGEMENT (UTGRA)

The University of Texas System Governmental Retirement Arrangement (UTGRA) is an excess benefit plan established by the System, via Section 415(m) of the Internal Revenue Code, to provide certain participants in the ORP that portion of their benefits that would otherwise be payable under the ORP except for the \$57,000 limit on contributions imposed by Section 415 of the Internal Revenue Code (IRC) for calendar year 2020 (\$56,000 for calendar year 2019). At August 31, 2020 and 2019, there were 605 and 615 plan members, respectively. Persons employed by the System prior to September 1, 1996, whose compensation exceeds the limit set by IRC Section 401(a)(17) and whose ORP contribution is limited by the \$57,000 cap under IRC Section 415(c) for calendar year 2020 (\$56,000 for calendar year 2019), defer 6.65 percent of their excess compensation while the System contributes between 6.58 percent and 8.5 percent depending upon the institution and the date of employment. The System contributed \$3,382,244.61 for the year ended August 31, 2020 and \$4,755,524.46 for the year ended August 31, 2019. The participants contributed \$2,646,109.02 for the year ended August 31, 2020 and \$3,720,498.55 for the year ended August 31, 2019. Plan provisions are established and may be amended at any time by the U. T. System Board of Regents.

Plan assets are recorded at fair value and are invested in contracts and accounts in a similar manner to the ORP. Participants are immediately vested in the plan, both for the employee deferrals and the employer contributions. However, deferrals, contributions, purchased investments and earnings attributable to the plan are the property of the System and subject only to the claims of the System's general creditors. Participant's rights under the plan are equal to those of the general creditors of the System in an amount equal to the fair value of the participant's account balance. The System has no liability under the UTGRA that would exceed the aggregate value of the investments, and it is unlikely that any of UTGRA's assets will be used to satisfy the claims of general creditors in the future.

PHYSICIANS REFERRAL SERVICE SUPPLEMENTAL RETIREMENT PLAN (SRP)/RETIREMENT BENEFIT PLAN (RBP)

M. D. Anderson has established, primarily for the physicians of its Physicians Referral Service, the Physicians Referral Service Supplemental Retirement Plan (SRP)/Retirement Benefit Plan (RBP) of the Anderson Hospital (collectively “the SRP/RBP”). The SRP/RBP is a non-qualified plan described by Section 457(f) of the Internal Revenue Code of 1986, as amended. The SRP/RBP is reported on the accrual basis of accounting. Assets of the SRP/RBP remain subject to the claims of the general creditors of M. D. Anderson.

In general, only physicians hired before July 1, 1986, participate in the SRP. The remainder of eligible employees participates in the RBP. Retirement benefits are available to persons who have reached the normal retirement age (55 for the RBP, 65 for the SRP) with five years of service. Early retirement benefits are available under the SRP. Additional information can be obtained from the separately issued financial statements of the SRP/RBP.

**19. Commitments and Contingent Liabilities**

On August 31, 2020, various lawsuits and claims involving the System were pending. After conferring with legal counsel concerning pending litigation and claims, the System’s management believes that the outcome of pending litigation should not have a material adverse effect on the financial statements of the System.

The System continues to implement its \$4.0 billion capital improvement program, planned for fiscal years 2021 through 2026, to upgrade facilities. Contracts have been entered into for the construction and renovation of various facilities. These projects are in various stages of completion.

The System receives grants and other forms of reimbursement from various federal and state agencies. These activities are subject to audit by agents of the funding authority, the purpose of which is to ensure compliance with conditions precedent to providing such funds. The System believes that the liability, if any, for reimbursement which may arise as the result of audits, would not be material.

Based on the credit support annex agreements with all counterparties, the System does not have to post any collateral for any hedging derivative instruments.

Laws and regulations governing the Medicare and Medicaid programs and certain other third-party programs are complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates of third-party settlements will change by a material amount in the near term. The System’s intent is to be in compliance with all applicable laws and regulations, and it is not aware of any significant pending or threatened investigations involving allegations of potential wrongdoing. Compliance with such laws and regulations can be subject to future review and interpretation. Changes in the Medicare and Medicaid programs and a reduction of funding could have an adverse effect on the System.

## 20. Matrix of Operating Expenses Reported by Function

For the year ended August 31, 2020, the following table represents operating expenses for both natural and functional classifications for the System:

Operating Expenses	Instruction	Research	Public Service	Hospitals and Clinics	Academic Support
Cost of Goods Sold	\$ 575,622.67	82.67	1,531,362.78	29,890,791.69	271,394.74

## 21. Net Position

The System's net position at August 31, 2020 and 2019 was comprised of the following:

	2020	*Restated 2019
Net investment in capital assets	\$ 6,606,751,520.44	6,741,035,811.06
Restricted		
Nonexpendable	27,761,434,506.83	26,986,429,001.19
Expendable	16,084,898,251.18	14,861,691,230.99
Total restricted	43,846,332,758.01	41,848,120,232.18
Unrestricted net position:		
Unrestricted		
Reserved		
Encumbrances	1,311,944,876.97	1,040,911,682.32
Accounts receivable (less unearned revenue portion)	1,342,019,171.63	1,399,036,867.35
Inventories	180,089,466.70	161,424,609.94
Self-insurance plans	793,477,462.42	585,380,139.73
Other specific purposes:		
Advanced Research/Advanced Technology Programs	-	3,422,082.55
Notes Receivable	9,260.12	137,003.23
Deposits	1,433,644.43	1,369,637.96
Prepaid expenses	136,035,255.76	160,268,219.21
Deferred charges	1,043,983.44	623,184.70
Imprest funds	947,513.36	1,141,663.00
Travel advances	230,144.71	334,524.33
Unreserved		
Allocated		
Funds functioning as endowment-unrestricted	731,631,279.01	491,292,177.19
Provision for operating budgets	99,485,851.00	50,526,494.00
Capital projects	3,710,426,295.70	2,277,599,265.34
Debt service	122,419,349.65	186,058,546.71
Start-up/matching	137,914,354.16	115,389,566.84
Utilities reserve	11,169,964.22	11,690,869.17
Research enhancement and support	533,152,224.45	414,686,491.47
Market adjustments	112,776,939.61	47,336,690.51
Student fees	217,429,689.62	193,995,584.10
Texas Tomorrow Fund shortfall	4,196,729.72	5,464,509.64
Instructional program support	977,177,808.51	827,867,990.36
Dean, chair and faculty recruitment packages	8,669,083.33	10,346,634.14
Self-supporting enterprises	193,426,436.63	168,948,974.43
Patient care support	2,206,864,770.69	902,703,266.94
Practice plan minimum operating reserve of 90 days	272,513,925.72	310,221,801.67
Unallocated	(14,895,842,245.63)	(12,099,069,103.18)
Total unrestricted	(1,789,356,764.07)	(2,730,890,626.35)
Total net position	\$ 48,663,727,514.38	45,858,265,416.89

\*August 31, 2019 unrestricted net position was restated as a result of implementing GASB Statement No. 84. See Note 4 for further details.

As of August 31, 2020 and 2019, restricted nonexpendable net position includes \$21,193,107,511.62 and \$20,925,167,822.76, respectively, of the Permanent University Fund corpus, and \$820,000,000.00 for both years of the Permanent Health Fund corpus. As of August 31, 2020 and 2019, restricted expendable net position includes \$8,694,358,135.55 and \$8,090,101,757.86, respectively, of the Permanent University Fund appreciation, and \$441,715,351.96 and \$383,960,649.62, respectively, of the Permanent Health Fund appreciation.

Unrestricted net position, detailed in the table above, is not subject to externally imposed stipulations. Unrestricted net position may be designated for special purposes by actions of the Texas Legislature, internal management, and the U. T. System Board of Regents, or may otherwise be limited by contractual agreements with outside parties. Substantially all unrestricted net position is designated for academic programs, patient care, research programs and initiatives, and capital programs.

The System's fiduciary fund net position at August 31, 2020 and 2019 was comprised of the following:

	2020	*Restated 2019
Restricted for:		
Pooled participants	\$ 250,642,298.35	235,007,997.99
Individuals, organizations, and other governments	1,558,777.90	1,777,636.92
Total fiduciary fund net position	<u>\$ 252,201,076.25</u>	<u>236,785,634.91</u>

## 22. Termination Benefits

U. T. System Administration contracted with NextJob to provide outplacement services to employees of the System who implemented a reduction in force. U. T. System Administration incurred expenses of \$205,450.00 for 741 terminated employees of the System as of August 31, 2020 and \$112,750.00 for 553 terminated employees of the System as of August 31, 2019. While U. T. System Administration contracted with NextJob, the U. T. institutions may incur travel expenses for NextJob if they request NextJob to come to their campus or if the institution requests services that fall outside of the standard service in the contract.

In 2019, U. T. Austin Intercollegiate Athletics offered a Voluntary Exit Incentive Program (VEIP) to reduce its number of full-time employees and control expenses. Those employees who elected to participate in the VEIP received a one-time, lump-sum payment equal to \$17,000.00 or 25% of their base pay, whichever was greater. The total amount paid out to employees was \$112,746.00.

In 2019, U. T. San Antonio offered a Voluntary Separation Incentive Program (VSIP) to eligible faculty. Those employees who elected to participate in the VSIP received one lump-sum payment equal to nine months of their annual base salary. The total of \$3,435,176.49 was included in salaries payable at August 31, 2019.

Healthcare continuation under the Consolidated Omnibus Budget Reconciliation Act (COBRA) is provided for both voluntary and involuntary terminations. COBRA participants are eligible to continue group benefits for 18 to 36 months, depending upon the circumstances leading to loss of coverage. COBRA benefits for the self-insured plans offered by the System for the years ended August 31, 2020 and 2019 are provided below:

	2020	2019
Total Number of Participants <sup>1</sup>	2,317	2,659
Premium Revenue	\$ 5,360,191.83	5,642,357.30
2% Administrative Fee Revenue <sup>2</sup>	(108,028.66)	(110,561.91)
Net COBRA Premium	5,252,163.17	5,531,795.39
Less Claims Paid	(11,758,307.77)	(12,759,632.53)
Cost to System	<u>\$ (6,506,144.60)</u>	<u>(7,227,837.14)</u>

<sup>1</sup>The participants above are for the self-insured program.

<sup>2</sup>The 2 percent administrative fee is retained by U. T. COBRA in OEB for administering the COBRA benefit and is paid by the participant.

### 23. Deferred Outflows of Resources and Deferred Inflows of Resources

As of August 31, 2020 and 2019, the System reported deferred outflows of resources and deferred inflows of resources in connection with its hedging derivative instruments, unamortized (losses)/gains on refunding debt, the OPEB plan, the TRS pension plan, unamortized interest rate lock termination payments, asset retirement obligations, beneficial interests in irrevocable split-interest agreements, and acquisitions, as presented in the table below:

	2020		2019	
	Deferred Outflows	Deferred Inflows	Deferred Outflows	Deferred Inflows
Hedging Derivative Instruments	\$ 413,075,150.00	414,453.00	325,363,093.00	-
Unamortized Loss/Gain on Refunding Debt	23,302,387.76	5,475,365.03	30,243,963.59	6,808,659.99
OPEB-Related	860,979,785.00	1,960,603,550.00	467,085,465.00	2,206,884,498.00
Pension-Related	2,221,484,431.33	1,056,704,429.00	2,516,650,578.94	511,850,823.00
Unamortized Interest Rate Lock				
Termination	8,404,496.79	-	8,721,867.69	-
Asset Retirement Obligation	2,109,901.31	-	4,750,993.78	-
Split-Interest Agreements	-	40,006,036.78	-	36,047,985.94
Acquisition Related	14,057,685.81	-	23,205,343.37	-
Total	\$ 3,543,413,838.00	3,063,203,833.81	3,376,021,305.37	2,761,591,966.93

Deferred outflows of resources of \$413,075,150.00 and \$325,363,093.00 as of August 31, 2020 and 2019, respectively, were related to hedging derivative instruments in a liability position. Deferred inflows of resources of \$414,453.00 as of August 31, 2020 were related to hedging derivative instruments in an asset position. The hedging derivative instrument asset and liability are disclosed in Note 7.

Deferred outflows of resources of \$23,302,387.76 and \$30,243,963.59 as of August 31, 2020 and 2019, respectively, were related to the unamortized losses on refunding debt. Deferred inflows of resources of \$5,475,365.03 and \$6,808,659.99 as of August 31, 2020 and 2019, respectively, were related to the unamortized gains on refunding debt. For debt refundings, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and reported as deferred outflows or deferred inflows.

Deferred outflows of resources of \$860,979,785.00 and \$467,085,465.00 and deferred inflows of resources of \$1,960,603,550.00 and \$2,206,884,498.00 as of August 31, 2020 and 2019, respectively, were related to the OPEB plan. See Note 16 for additional information.

Deferred outflows of resources of \$2,221,484,431.33 and \$2,516,650,578.94 and deferred inflows of resources of \$1,056,704,429.00 and \$511,850,823.00 as of August 31, 2020 and 2019, respectively, were related to the TRS pension plan. See Note 17 for additional information.

Deferred outflows of resources of \$8,404,496.79 and \$8,721,867.69 as of August 31, 2020 and 2019, respectively, were related to unamortized interest rate lock termination payments.

Deferred outflows of resources of \$2,109,901.31 and \$4,750,993.78 as of August 31, 2020 and 2019, respectively, were related to asset retirement obligations.

Deferred inflows of resources of \$40,006,036.78 and \$36,047,985.94 as of August 31, 2020 and 2019, respectively, were related to U. T. System's unconditional beneficial interests in irrevocable split-interest agreements.

Deferred outflows of resources of \$14,057,685.81 and \$23,205,343.37 as of August 31, 2020 and 2019, were related to unamortized excess consideration paid as a result of an asset purchase agreement with PTC- Houston Management, LP in fiscal year 2019.

## 24. Subsequent Events

On September 21, 2020, the U. T. System Board of Regents issued \$54,000,000 in RFS Taxable Commercial Paper Notes, Series B to finance a variety of capital projects and equipment purchases at various U. T. System institutions. Subsequent to this issuance, the System had \$87,000,000 of RFS Taxable Commercial Paper Notes, Series B outstanding.

On October 21, 2020, the U. T. System Board of Regents issued \$85,000,000 in PUF Taxable Commercial Paper Notes, Series B to finance a variety of capital projects and equipment purchases at various U. T. System institutions. Subsequent to this issuance, the System had \$236,000,000 of PUF Taxable Commercial Paper Notes, Series B outstanding.

On October 21, 2020, the U. T. System Board of Regents issued \$101,340,000 in RFS Taxable Commercial Paper Notes, Series B to finance a variety of capital projects and equipment purchases at various U. T. System institutions. Subsequent to this issuance, the System had \$250,000,000 of RFS Taxable Commercial Paper Notes, Series B outstanding.

On November 20, 2020, the U. T. System Board of Regents issued \$90,000,000 in RFS Taxable Commercial Paper Notes, Series B to finance a variety of capital projects and equipment purchases at various U. T. System institutions. Subsequent to this issuance, the System had \$340,000,000 of RFS Taxable Commercial Paper Notes, Series B outstanding.

## 25. Upcoming Accounting Pronouncements

GASB Statement No. 87, *Leases*, effective 2022, establishes a single model for lease accounting. The System is evaluating the effect that Statement 87 will have on its financial statements.

GASB Statement No. 91, *Conduit Debt Obligations*, effective 2023, provides a single method of reporting conduit debt obligations. The System is evaluating the effect that Statement 91 will have on its financial statements.

GASB Statement No. 92, *Omnibus 2020*, effective 2022, enhances comparability in accounting and financial reporting and improves the consistency of authoritative literature by addressing practice issues identified during implementation of certain GASB Statements. GASB Statement No. 92 will have no effect on the System's net position or changes in net position.

GASB Statement No. 93, *Replacement of Interbank Offered Rates*, effective 2022, preserves consistency and comparability of reporting hedging derivative instruments and leases after agreements are amended to replace LIBOR. GASB Statement No. 93 will have no effect on the System's net position or changes in net position.

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, effective 2023, improves financial reporting by addressing issues related to public-private and public-public partnership arrangements and provides guidance for availability payment arrangements. The System is evaluating the effect that Statement 94 will have on its financial statements.

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements (SBITA)*, is effective 2023. This Statement defines a SBITA; establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and requires note disclosures regarding a SBITA. The System is evaluating the effect that Statement 96 will have on its financial statements.

Other than the portion of this statement implemented in 2020, the remainder of GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*, is effective 2022. The requirements relate to the accounting and financial reporting for Section 457 plans, and for all other arrangements, clarify that for purposes of determining whether a primary government is financially accountable for a potential component unit, the absence of a governing board be treated the same as the appointment of a voting majority of a governing board if the primary government performs the duties that a governing board typically would perform. The System is evaluating the effect that this portion of Statement 97 will have on its financial statements.

Notes to Schedule:

Only four years of information is presented due to GASB Statement No. 75 being implemented in 2018. Additional years will be displayed as they become available.

Information is presented using measurement date which precedes the fiscal year end by eight months.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75 to pay related benefits.

Changes in benefit terms: None

Changes in assumptions or other inputs: Changes of assumptions and other inputs reflect the changes in the discount rate each period. The following are the discount rates used in each period:

2019	2.74%
2018	4.10%
2017	3.44%
2016	3.78%

In 2019, amounts reflect updated assumed rates of retirement, disability, termination and mortality, and assumed inflation and salary increases, adjustments to assumptions for expenses, percentage of future retirees assumed to be married and electing coverage for their spouse, proportion of future retirees covering dependent children, percentage of future retirees and future retiree spouses assumed to use tobacco, percentage of future Service Retirees assumed to elect health coverage at retirement and remain covered until death, assumed per capita health benefit costs and assumed trend for health benefit costs and retiree contributions.

<b>Total Revenue Bonds</b>	<b>\$</b>	<b>10,950,061,311.00</b>	<b>1,018,737,036.04</b>	<b>12,997,300,061.74</b>

(1) Revenues also pledged to Permanent University Fund Commercial Notes, Series A and Permanent University Fund Taxable Commercial Notes, Series B on a subordinate lien basis.

(2) Revenues also pledged to Revenue Financing System Commercial Paper Notes, Series A and Revenue Financing System Taxable Commercial Paper Notes, Series B on an equal and ratable basis.

(3) As required by the Texas State Comptroller's Financial Reporting Requirements, interest expense for Fiscal Year 2020 is presented on a cash basis and therefore the data does not agree with information presented in the Statement of Revenues, Expenses and Change in Net Assets, nor the Notes of the financials, which are prepared on the accrual basis of accounting. The effect of this difference is a \$923,632.20 net decrease due to accrued interest expense.

(4) The related operating expenditures against these gross pledged revenues were \$12,651,195,325.07.
