INTRODUCTION

The Board of Regents of the University of Texas System (the Board) has adopted this flexible compensation, non-deferred compensation plan, hereinafter referred to as the “Plan,” pursuant to Texas Insurance Code Section 1601.152 to recognize contributions made to the Plan by its Employees. The Board has delegated the authority to the Chancellor, pursuant to Regent’s Rules and Regulations, Series 30202, Section 3 to administer the Plan. Pursuant to Section 3.01, id, the Chancellor has provided for the planning, implementation, management, and administration of the employee group insurance, health benefit programs and the UTFLEX plan through such U. T. System committees and administrators, namely the Vice Chancellor for Administration, the Executive Vice Chancellor for Business Affairs and the University of Texas System Administration Office of Employee Benefits.

The purpose of the plan is to provide compensation alternatives for those Employees and their beneficiaries who shall qualify hereunder and to permit Participants to choose from among several types of benefits. These choices shall include an option to receive certain tax-free benefits in lieu of taxable compensation. The cash option benefit available under the Plan will be treated as taxable compensation to the Participants. Other available benefits are intended to qualify as statutory non-taxable fringe benefits.

Texas Insurance Code Section 1601.003(3) requires that the Plan qualify and be construed as a “Cafeteria Plan” within the meaning of Section 125(d) of the Internal Revenue Code of 1986 (the Code). It is the intent of The University of Texas System that the benefits which an Employee elects to receive under the Plan be eligible for exclusion from such Employee’s gross income to the extent provided by the Code and the Plan complies with the applicable provisions of the Code.

Although this Plan is a “Cafeteria Plan” and has been reduced to writing in order to comply with Code Section 125, the Plan shall also serve as an amendment to certain welfare plans presently in effect for the University of Texas System. Thus, to the extent necessary, this legal instrument will serve as an amendment to each of said welfare plans in order to permit the benefits of this Plan to be fully implemented for Participants.

The Plan will not discriminate in favor of highly compensated individuals to the extent prohibited by Code Section 125.

Section 1.19 Period of Coverage means the Plan Year during which coverage of benefits under the Flex Plan is available to and elected by a Participant. Provided, however, an Employee who becomes eligible to participate during a Period of Coverage may elect to participate for a period lasting until the end of the current Period of Coverage. ARTICLE II
ELIGIBILITY FOR PARTICIPATION

Section 2.01 Requirements for Eligibility: An Employee eligible to participate in The University of Texas System group insurance program established pursuant to Texas Insurance Code Chapter 1601 shall be eligible to participate in the Flex Plan.

Section 2.02 Application for Participation: Any Employee who enrolls or is enrolled in an insurance plan offered by or through UT System pursuant to Texas Insurance Code Chapter 1601 is automatically enrolled as a participant in the Insurance Premium Redirection Plan. Once an Employee satisfies the requirements for eligibility, the Employer shall furnish to such Eligible Employee information regarding the Plan, including available benefits hereunder. An Employee wishing to participate in the Medical Expense Reimbursement Plan or the Dependent Care Reimbursement Plan shall also be required to furnish to the Employer a signed, completed UT
Flex Salary Conversion Agreement, either in writing or electronically, along with such information and documentation as may be deemed necessary by the Employer for proper administration of the Flex Plan.

An Employee upon becoming a Participant shall be deemed to have consented to and be bound by all the terms, conditions, and limitations of the Plan, any and all amendments hereto, any administrative rules adopted by the Plan Administrator, and any decisions or determinations made by the Plan Administrator with respect to the Participant's rights and entitlement to benefits under the Plan.

Section 2.03 Termination of Participation: A Participant will cease participation in the Plan for purposes of making a salary deduction as of the earliest of the following events: the last day of the month of the date of termination of employment with the Employer, the date on which the Participant ceases to be eligible to participate hereunder, or the date of termination of the Plan.

Section 2.04 Continuation of Coverage: The Plan provides continuation of health coverage for each Benefit made available under Article III that is considered to be a "group health plan" under Code Section 5000(b)(1) because Employees and their Dependents are provided with health care benefits within the meaning of Code Section 213(d)(1) (including the Medical or Medical-Related Expense Reimbursement Benefit), as said coverage charges from time to time, to qualified beneficiaries who would lose coverage under the Plan by reason of a qualifying event and who elect such coverage and pay the full premium for such coverage as determined by the Employer. Election of such coverage shall be made within the election period specified in Code Section 4980B. Said coverage shall continue for the period of coverage specified in Code Section 4980B. For purposes of this paragraph, the terms "continuation coverage," "qualified beneficiaries" and "qualifying event" shall have the same meaning as set forth in Code Section 4980B.

Section 2.05 FMLA Leaves of Absence: If a Participant goes on a qualifying leave under the Family and Medical Leave Act of 1993 (FMLA), to the extent required by the FMLA, the Employer will continue to maintain the Participant's Medical and Dental Insurance Benefits and Health FSA Benefits on the same terms and conditions as if the Participant was still active (that is, the Employer will continue to pay its share of the premium to the extent the Participant opts to continue coverage). The Employer may elect to continue all Medical and Dental Insurance Benefits and Medical Expense Reimbursement Account coverage for Participants while they are on paid leave (so long as Participants on non-FMLA paid leave are required to continue coverage). If so, the Participant will pay their share of the premiums by the method normally used during any paid leave (for example, on a pre-tax salary reduction basis if that is what was used before the FMLA leave began).

If the Participant is going on unpaid FMLA leave (or paid FMLA leave where coverage is not required to be continued), and the Participant opts to continue their Medical and Dental Insurance Benefits and Medical Expense Reimbursement Account, then the Participant may pay their share of the premium:

(a) with after-tax dollars while on leave; or
(b) with pre-tax dollars to the extent the Participant receives compensation during the leave on a pre-tax salary reduction basis out of pre-leave compensation, including unused sick days and vacation days, or

If the Participant’s Medical or Dental Insurance Benefits or Medical Expense Reimbursement Account Benefits ceases while on FMLA leave (e.g., for non-payment of required contributions), the Participant will be entitled to re-enter such Benefits, as applicable, upon return from such leave on the same basis as they were participating in the Plan before the leave, or otherwise required by the FMLA. The Participant is entitled to have coverage for such Benefits automatically so long as coverage for Employees on non-FMLA leave is automatically reinstated upon return from leave. However, with regard to, Medical Expense Reimbursement Account Benefits, if the Participant’s coverage ceased he or she will be entitled to elect whether to be reinstated in the Medical Expense Reimbursement Account Benefits coverage at the same coverage level as in effect before the FMLA leave (with increased contributions for the remaining period of coverage) or at a coverage level that is reduced pro-rata for the period of FMLA leave during which the Participant did not pay premium. If the Participant elects the pro-rata coverage; the amount withheld from their compensation on a payroll-by-payroll basis for the purpose of paying for reinstated Medical Expense Reimbursement Account Benefits will equal the amount withheld before FMLA leave.

If the Participant is commencing or returning from FMLA leave, the election for non-medical or dental benefits (such as Group Term Life Insurance, AD&D and Long Term Disability Insurance Benefits and Dependent Care Reimbursement Account Benefits) will be treated in the same way as under the Employer’s policy for providing such Benefits for Participants on a non-FMLA leave. Participants may discontinue contributions while on leave and upon returning from leave be required to repay the premiums not paid by the participant during leave. Payment will be withheld from the Participant’s compensation either on a pre-tax or after-tax basis, as may be agreed upon by the Administrator and the Participant or as the Plan Administrator otherwise deems appropriate.

Section 2.06 Non-FMLA Leaves of Absence: If a Participant goes on an unpaid leave of absence that does not affect eligibility, then the Participant may continue to participate and the premium due for the Participant will be paid by pre-payment before going on leave, by after-tax contributions while on leave, or with catch-up contributions after the leave ends, as may be determined by the Plan Administrator. If a Participant goes on an unpaid leave that affects eligibility, the election change rules in Section 4.04 will apply. To the extent post-employment continuation such as COBRA applies, the Participant may continue coverage under those terms.

ARTICLE III

ARTICLE IV
BENEFIT ELECTION AND FLEXIBLE BENEFIT DOLLARS

Section 4.01 Election of Flexible Savings Account Benefits and Salary Conversion Agreement: An Eligible Employee:

(a) May elect under this Flex Plan, prior to the first day of an applicable Period of Coverage, coverage under Article III, Sections 3.01(a) and (b) hereof. Such election shall be made at the time and in the manner specified by the Plan Administrator, pursuant to uniform and nondiscriminatory rules as set forth in applicable federal law and regulations as amended from time to time consistently applied for such elections. The Employer shall provide to Eligible Employees, prior to an applicable Period of Coverage, the necessary electronic or hard copy election forms for electing such coverage, which shall include a Salary Conversion Agreement whereby the Participant shall agree to a reduction in Compensation equal to the Participants share of the cost of each optional benefit selected under Section 3.01 (a) or (b). The Eligible Employee shall be required to sign and return the election form in the time and in the manner required by the Plan Administrator. Prior to the due date for the next ensuing Period of Coverage, a Participant shall elect optional benefits in Article III, Sections 3.01(a) and (b) and execute a Salary Conversion Agreement. The failure of a Participant to elect these benefits and submit the required forms shall be deemed an express election to waive participation.

(b) Is automatically enrolled in coverage under Article III, Section 3.1(c) upon election of any coverage provided through the UT System Group Insurance Program established by Texas Insurance Code Chapter 1601 to which the Employee must
contribute a portion of the premium and shall be deemed to have agreed to
deduction of Salary Conversion Dollars in the amount of such premium.

Section 4.02 Effect of Change in Cost of Benefits: There shall be an automatic
adjustment in the amount of Salary Conversion Dollars (as defined in Section 8.02 hereof) used to
purchase optional benefits through the Insurance Premium Redirection Plan in the event of change,
for whatever reason, during an applicable Period of Coverage of the cost of providing such optional
benefits to the extent permitted by applicable law and regulations. The, automatic adjustment shall
be equal to the increase (or decrease) in such cost. A Participant shall be deemed by virtue of
participation in the Insurance Premium Redirection Plan to have consented to this automatic
adjustment.

Section 4.03 Payment of Flexible Benefit Dollars: Flexible Benefit Dollars shall be
remitted by the Employer to the Plan Administrator in an amount equal to the Participant’s
reduction in Compensation pursuant to the Salary Conversion Agreement.

To the extent a Participant has elected coverage for which premium is paid through the
Insurance Premium Redirection Plan described in Article VIII hereof, Flexible Benefit Dollars
shall be forwarded for such benefits provided under such Plans, which shall be governed by the
terms, conditions, and limitations set forth therein, for purposes of purchase of benefits at such
time and in such manner as determined in accordance with the terms and provisions of such
contract or contracts representing such benefits of this Plan.

To the extent a Participant has elected coverage under the Dependent Care Reimbursement
Plan described in Article VI hereof, Flexible Benefit Dollars shall be forwarded to the Dependent
Care Plan Administrator for deposit in the Participant’s Dependent Care Reimbursement Account,
and to the extent that a Participant has elected coverage under the Medical Expense
Reimbursement Plan described in Article VII hereof, Flexible Benefit Dollars shall be forwarded
to the Medical Expense Reimbursement Plan Administrator for deposit in the Participant’s
Medical Expense Reimbursement Account in accordance with the terms of said Plans, and
payment or reimbursement of such Flexible Benefit Dollars.

Section 4.04 Benefit Election Irrevocable: A Participant’s election under this Plan is
irrevocable for the duration of the Plan Year to which it relates. In other words, unless one of the
exceptions set forth in this Section applies, the Participant may not change any elections for the
duration of the Plan Year regarding:

- Participation in this Plan;
- Salary reduction amounts; or
- Election of particular component plan benefits.

A Participant entitled to make a new election under this Section 4.04 must do so within 31
days of the event. An Employee who is eligible to elect benefits but declined to do so during the
initial election period, or during a subsequent annual enrollment period, may file a pretax
contribution election change within 31 days of the occurrence of an event described in this section,
but only if the election under the new salary reduction agreement is made on account of and
corresponds with the event. Subject to the provisions of the underlying group health plan, elections
made to add medical coverage for a newborn or newly adopted Dependent child pursuant to a special enrollment right may be retroactive for up to 31 days. All other new elections shall be effective prospectively immediately following the date the Participant files the new Salary Conversion Agreement with the Plan Administrator. Elections made pursuant to this Section shall be effective for the balance of the Plan Year in which the election is made unless a subsequent event (described above) allows a further election change.

The exceptions to the irrevocability requirement, are as follows:

(a) **Change in Status** is any of the events described below, as well as any other events included under subsequent changes to Code §125 or regulations issued under Code §125 that the Plan Administrator (in its sole discretion) decides to recognize on a uniform and consistent basis:

(i) **Legal Marital Status**: A change in a Participant’s legal marital status, including marriage, death of a Spouse, divorce, legal separation or annulment;

(ii) **Number of Dependents**: Events that change a Participant’s number of Dependents (as defined in Code Section 152), including birth, death, adoption, and placement;

(iii) **Change in Employment Status**: Any change in employment status of the Participant, the Participant’s Spouse or the Participant’s Dependents that affects the benefit eligibility under a cafeteria plan or other employee benefit plan of the employer of the Participant, the Spouse, or Dependents, such as: termination or commencement of employment, a commencement of or return from an unpaid leave of absence, a change in worksite, switching from salaried to hourly-paid or vice versa, incurring a reduction or increase in hours of employment (e.g., going from part-time to full-time), or any other similar change which makes the individual become (or cease to be) eligible for a particular employee benefit;

(iv) **Dependent Eligibility Requirements**: An event that causes a Participant’s Dependent to satisfy or cease to satisfy the Dependent eligibility requirements for a particular benefit, such as due to attaining a specified age, getting married, or ceasing to be a student; and

(v) **Change in Residence**: A change in the place of residence of the Participant, the Participant’s Spouse or the Participant’s Dependent.

(b) **Special Enrollment Rights**: If a Participant, a Participant’s Spouse or a Participant’s Dependent is entitled to special enrollment rights under a group health plan, as required by Code §9801(f), and medical coverage was declined under the group health plan because of outside medical coverage and eligibility for such coverage is subsequently lost due to legal separation, divorce, death, termination of employment, reduction in hours, or exhaustion of the maximum COBRA period, or if a new Dependent is acquired as a result of marriage, birth, adoption, or placement
for adoption, then a Participant may revoke a prior election for health or accident coverage and make a new election (including salary reduction election), provided that the election corresponds with such special enrollment right. For purposes of this provision, (1) an election to add previously eligible Dependents as a result of the acquisition of a new Spouse or Dependent child shall be considered to be consistent with the special enrollment right; and (2) a special enrollment election attributable to the birth or adoption of a new Dependent child may, subject to the provisions of the underlying group health plan, be effective retroactively (up to 30 days).

(c) **Certain Judgments, Decrees and Orders:** If a judgment, decree, or order resulting from a divorce, legal separation, annulment or change in legal custody (including a qualified medical child support order) requires accident or health coverage for a Participant’s Dependent child (including a foster child who is a Dependent of the Participant), a Participant may: (i) change his or her election to provide coverage for the Dependent child (provided that the order requires the Participant to provide coverage); or (ii) change his or her election to revoke coverage for the Dependent child if the order requires that another individual (including the Participant’s Spouse or former Spouse) provide coverage under that individual’s plan provided other coverage is actually procured.

(d) **Medicare and Medicaid:** If a Participant, a Participant’s Spouse, or a Participant’s Dependent who is enrolled in a health or accident benefit under this Plan becomes entitled to Medicare or Medicaid (other than coverage consisting solely of benefits under Section 1928 of the Social Security Act providing for pediatric vaccines), the Participant may prospectively reduce or cancel the health or accident coverage of the person becoming entitled to Medicare or Medicaid. Further, if a Participant, a Participant’s Spouse, or a Participant’s Dependent who has been entitled to Medicare or Medicaid loses eligibility for such coverage, then the Participant may prospectively elect to commence or increase the health or accident coverage.

(e) **Change in Cost:** (These rules do not apply to Medical Expense Reimbursement accounts under Article VII).

(i) **Automatic Increase or Decrease for Insignificant Cost Changes.** If the cost of a Benefit Plan or Policy increases or decreases during a Plan Year by an insignificant amount, then the Pretax Contributions or After-tax Contributions (as applicable) under each affected Participant’s election shall be prospectively increased or decreased to reflect such change. The Plan Administrator, on a reasonable and consistent basis, will automatically effectuate this prospective increase or decrease in affected employees’ elective contributions in accordance with such cost changes. The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether increases or decreases in costs are “insignificant” based upon all the surrounding facts and circumstances (including, but not limited to, the dollar amount or percentage of the cost change).
(ii) **Significant Cost Increases/Decreases.** If the Plan Administrator determines that the cost of a Participant’s Benefit Plan(s) or Policy(ies) significantly increases during a Plan Year, the Participant may either make a corresponding prospective increase in his or her contributions, or revoke his or her election, and in lieu thereof, receive coverage under another Plan option which provides similar coverage, or can drop coverage if no similar coverage is available. If the Plan Administrator determines that the cost of a Participant’s Benefit Plan(s) or Policy(ies) significantly decreases during a Plan Year, the Participant may revoke his or her election, and in lieu thereof, receive coverage under the decreased Plan option which provides similar coverage. In the event of a decrease, Participants who were not previously enrolled could elect the decreased Plan option. The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether a cost increase is significant and what constitutes “similar coverage” based upon all the surrounding facts and circumstances.

(iii) **Limitation on Change in Cost Provisions for Dependent Care Expense Reimbursement.** The above “Change in Cost” provisions apply to Dependent Care Expense Reimbursement only if the cost change is imposed by a dependent care provider who is not a “relative” of the employee by blood or marriage (as that term is defined in Proposed Treas. Reg. §1.125-4(f)(2)(iii) or other IRS guidance).

(f) **Change in Coverage:** *(The rules in Subparagraphs i, ii, and iv do not apply to Medical Expense Reimbursement accounts under Article VII).*

(i) **Significant Curtailment.** If the Plan Administrator determines that a Participant’s Benefit Plan or Policy coverage under this Plan is significantly curtailed during a Plan Year, the Participant may revoke his or her election under the Plan. In that case, each affected Participant may prospectively elect coverage under another Benefit Plan or Policy option which provides similar coverage but cannot drop coverage. If the Plan Administrator determines that a Participant Benefit Plan or Policy coverage under this Plan is significantly curtailed that results in a loss of coverage, the Participant may elect coverage under another Benefit Plan or Policy option that provides similar coverage, or can drop coverage if no other similar option is available. Coverage under an accident or health plan is deemed “significantly curtailed” only if there is an overall reduction in coverage provided to Participants under the Plan so as to constitute reduced coverage to Participants in general. The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether a curtailment is “significant,” and whether a substitute Benefit Plan or Policy constitutes “similar coverage” based upon all the surrounding facts and circumstances.
(ii) **Addition or Significant Improvement of Benefit Package Option.** If, during a Plan Year, the Plan adds a benefit or significantly improves an existing benefit plan, an affected Participant may revoke his or her election and make a new election on a prospective basis for coverage under the new or improved benefit plan, Participants who previously waived coverage may elect to participate in the new or improved benefit plan. The Plan Administrator (in its sole discretion) will decide, in accordance with prevailing IRS guidance, whether there has been a “significant improvement” in a benefit plan.

(iii) **Change in Coverage of Spouse or Dependent Under Their Employer’s Plan.** A Participant may make a prospective election change that is on account of and corresponds with a change made under any employer plan (including the plan or the Spouse’s, former spouse’s, or Dependent’s employer), so long as (a) the cafeteria plan or qualified benefits plan of the Spouse’s, former Spouse’s, or Dependent’s employer permits its participants to make an election change that would be permitted under IRS regulations; or (b) the Plan permits Participants to make an election for a Plan Year period of coverage which is different from the plan year period of coverage under the cafeteria plan or qualified benefits plan of the Spouse’s, former Spouse’s or Dependent’s employer. The Plan Administrator shall determine, based on prevailing IRS guidance, whether a requested change is on account of and corresponds with a change made under the plan of the Spouse’s, former Spouse’s, or Dependent’s employer.

(iv) **Special Open Enrollment Rights following Loss of Coverage under a Medicaid or Children’s Health Insurance Plans.** (The rules set forth in this Subparagraph iv do not apply to Dependent Reimbursement Expense accounts under Article VII or Medical Expense Reimbursement accounts under Article VII.) Participants or Dependents who are eligible under an Employer’s group health plan but not enrolled, shall be eligible to enroll for coverage within 60 days after:

(A) the Participant’s or Dependent’s coverage under a Medicaid plan or under a state children’s health insurance program is terminated as a result of loss of eligibility for such coverage loss of coverage under a Medicaid or Children’s Health Insurance Plan (CHIP) plan; or

(B) the Participant or Dependent becomes eligible for a state premium assistance subsidy from a Medicaid plan or through a state children’s health insurance program with respect to coverage under the Employer’s group health plan.

Election changes made pursuant to this Subparagraph iv shall be effective for the balance of the Period of Coverage following the change of election unless a subsequent event allows for a further election change and shall be effective on a prospective basis only.
(g) Certain Clerical Errors: An erroneous election that was clearly caused by a clerical error made during the enrollment redirection election process may be corrected only if reported by the Participant within 31 days of receipt of the first payroll check that contains the UT FLEX election error to the Plan Administrator. The report must be in writing and include clear and convincing evidence that the mistake was an inadvertent clerical error. The Plan Administrator shall have exclusive authority to determine whether a change in benefit election meets the criteria hereunder. All such determinations are final. The Plan Administrator may take any steps permissible under the Plan to correct the error but will not allow any changes in the election that were not created by the error.

(h) Reduction in Hours, Health Coverage: A Plan Participant who was expected to work on average at least 30 hours per week is then expected midyear to work on average less than 30 hours per week, the Participant may drop the Plan’s Health Coverage, even if the reduction in hours does not result in the Participants loss of eligibility under the health plan. The change in election must correspond to the Participant’s intended enrollment, and the intended enrollment of any Dependents whose coverage is being dropped, in other Minimum Essential Coverage as defined in §5000A(f)(1) of the Patient Protection and Affordable of Care Act (PPACA), including another group health plan or a State Health Insurance Exchange established under § 1311 of PPACA (an “Exchange”). The new coverage must be effective no later than the first day of the second month following the month in which the Plan Health Coverage is dropped. In allowing such a change, the Plan Administrator will rely on a Participant’s reasonable representation about his or her intended enrollment. This exception does not permit a participant to drop coverage in the Medical Expense Reimbursement Plan.

(i) Revocation of Health Coverage Due to Enrollment in a Qualified Health Plan: A Participant who is eligible to enroll in a Qualified Health Plan through Exchange coverage, during an Exchange open enrollment or special enrollment period may drop Plan Health Coverage midyear. The change must correspond to the Participant’s intended enrollment, and the intended enrollment of any Dependents whose coverage is being dropped, in Exchange coverage that is effective no later than the day after the last day of the Plan coverage. DEPENDENT CARE REIMBURSEMENT PLAN

Section 6.01 Introduction: Pursuant to this Article, the Employer establishes the UTFLEX Dependendent Care Reimbursement Plan (the "Dependent Care Reimbursement Plan") under which a Participant may elect to have payments made or receive reimbursement for Dependent Care Expenses which are excludable from gross income. The Dependent Care Reimbursement Plan is intended to be qualified under Section 129 of the Code, and to satisfy all requirements necessary for it to provide a nontaxable benefit under the Flex Plan and represents one benefit which may be elected under the Flex Plan. The Plan Administrator may contract with a Dependent Care Reimbursement Plan Administrator to administer the Plan under the direction of the Plan Administrator. In the case of a Participant’s Spouse who is a Full-Time Student at an educational institution or is a Qualifying Dependent, such Spouse shall be deemed to have Earned Income of not less than $200 per month if the Participant has one Dependent and $400 per month if the Participant has two or more Dependents in accordance with Section 21(d)(2) of the Code.

**Section 6.05 Code and Regulations Followed:** This Dependent Care Reimbursement Plan, the benefits provided hereunder, or contributions made hereto, shall be in compliance with the Code and applicable regulations promulgated thereunder, regarding nondiscrimination, eligibility, and regarding plan qualification requirements.

**Section 6.06 Reduction of Benefits:** The Plan Administrator may reduce amounts of benefits payable to a Participant to the extent the Plan Administrator deems necessary to assure
that the Dependent Care Reimbursement Plan is nondiscriminatory and in compliance with the Code and applicable regulations promulgated there under. Any such reduction of benefits shall be made by the Plan Administrator on a reasonable and nondiscriminatory basis. Contributions which may not be paid out because of benefit reductions imposed by this Section shall be forfeited and be available to pay administration expenses of the Dependent Care Reimbursement Plan.

A Participant shall be deemed, upon executing the requisite application for participation, to have expressly consented to any modifications of the application and Salary Conversion Agreement deemed necessary by the Plan Administrator to comply with the limitations specified herein.

**Section 6.07 Dependent Care Reimbursement Account:** The Plan Administrator shall require the Dependent Care Plan Administrator to establish for each Participant a Dependent Care Reimbursement Account for each Period of Coverage. Each Dependent Care Reimbursement Account shall initially contain Zero Dollars ($0). A Participant’s Dependent Care Reimbursement Account for a Period of Coverage shall be credited with the portion of the Participant’s Salary Conversion Dollars that may be accrued from month to month for that Period of Coverage pursuant to the Salary Conversion Agreement. A Participant’s Dependent Care Reimbursement Account for that Period of Coverage shall be reduced by the amount of any Dependent Care Expenses paid to or on behalf of a Participant.

**Section 6.08 Claims for Reimbursement:** A Participant shall apply in writing or electronically for reimbursement of claims using the forms provided by the Dependent Care Reimbursement Plan Administrator. The Dependent Care Reimbursement Plan Administrator may require the Participant to provide additional information and complete appropriate documents or forms for the proper administration of a claim. The Plan Administrator shall make all determinations of expense eligibility and fund availability, based on the Participant’s Dependent Care Reimbursement Account available balance(s) under the Plan. Such determination will be made no later than 30 days after receipt of the claim form, except in special circumstances (such as the need to obtain further information) but in no case more than 60 days after the receipt of the claim.

**Section 6.09 Reimbursement or Payment of Dependent Care Expenses:** Subject to limitations contained in this Article, the Dependent Care Plan Administrator shall reimburse the Participant from the Participant’s Dependent Care Reimbursement Account for Dependent Care Expenses incurred during the Period of Coverage, for which the Participant submits documentation, in accordance with Section 6.08.

The amount of any Dependent Care Expenses not reimbursed or paid as a result of the preceding sentence during a Period of Coverage, shall be reimbursed or paid only if and when the balance in such Dependent Care Reimbursement Account permits such reimbursement or payment. Any overpayment shall be refunded immediately upon demand.
Payment of Dependent Care Assistance shall be made by Employer only to the extent that such amounts have not been previously claimed as a credit by Participant or reimbursed pursuant to another plan or policy.

Participants shall be reimbursed for such Dependent Care Expenses on a basis to be determined by the Plan Administrator. Payment of benefits for any Period of Coverage may be made following the close of such Period of Coverage based on accepted claims filed with the Plan Administrator by November 30 following the close of such Period of Coverage. For the 2020-2021 Plan Year, forfeiture of funds applies on August 31, 2022.

Section 6.11 Report to Participants: On or before January 31 of each calendar year, or at such other time as may be specified by applicable law and regulation, the Plan Administrator shall furnish to each Participant who has received dependent care assistance during the prior calendar year, a written statement showing the amount of such assistance paid during such year with respect to the Participant.

Section 6.12 Administration: The Dependent Care Reimbursement Plan shall be administered by the Dependent Care Plan Administrator on behalf of the Plan Administrator who shall have the powers and duties set forth in Section 9.03 of the Flex Plan, as amended or supplemented from time to time.

This Medical Expense Reimbursement Plan constitutes a separate written employee benefit plan as contemplated by Section 105(b) of the Code and Treasury Regulation Section 1.105-11(b). The Medical Expense Reimbursement Plan shall be construed consistently with the provisions of Sections 105(b), 105(e), 105(h) and 106 of the Code. (c) **Grace Period** - means a specified period not to exceed the fifteenth (15th) day of the third calendar month after the end of the immediately preceding plan year to which it relates during which unused benefits or contributions may be paid or reimbursed for the particular qualified benefit for which the contribution was made, and may

(e) **Medical or Medical-Related Expense Reimbursement** - means the payments by the Employer to reimburse Participants for medical or medical-related expenses to the extent provided for in the Participant’s signed Salary Conversion Agreement. Such payments shall be for expenses Incurred by a Participant, or by the Spouse or Dependent of such Participant, for medical care as defined in Section 213(d) of the Code (including amounts paid for hospital bills, medical, drug, dental bills, and effective January 1, 2020, over-the-counter drugs and medicines without a prescription). Expenses are reimbursed only to the extent that the Participant or other person Incurring the expense is not reimbursed and will not seek to be reimbursed for the expense through insurance or otherwise (other than under the Plan). Section 7.06 Reduction of Benefits: The Plan Administrator may reduce amounts of benefits payable to a Participant to the extent the Plan Administrator deems necessary to assure that the Medical Expense Reimbursement Plan is nondiscriminatory in compliance with the Code and applicable regulations promulgated thereunder. Any such reduction of benefits shall be made by the Plan Administrator on a reasonable and nondiscriminatory basis. Contributions which may not be paid out because of benefit reductions imposed by this Section shall be forfeited and be available to pay administration expenses of the Medical Expense Reimbursement Plan.

A Participant shall be deemed, upon executing the requisite application for participation, to have expressly consented to any modifications of the application and Salary Conversion Agreement deemed necessary by the Plan Administrator to comply with the limitations specified herein.

Section 7.07 Medical Expense Reimbursement Account: The Plan Administrator shall establish for each Participant a Medical Expense Reimbursement Account for each Period of Coverage. Each Medical Expense Reimbursement Account shall initially contain Zero Dollars
($0). A Participant’s Medical Expense Reimbursement Account for a Period of Coverage shall be increased by the portion of the Participant’s Salary Conversion Dollars that may be accrued from month to month for that Period of Coverage pursuant to a Salary Conversion Agreement. A Participant’s Medical Expense Reimbursement Account for a Period of Coverage shall be reduced by the amount of any Medical Care Expenses paid to or on behalf of a Participant.

Section 7.08 Claims for Reimbursement: A Participant shall apply in writing or electronically for reimbursement of claims using the forms provided by the Medical Expense Reimbursement Plan Administrator or if the Participant has elected to participate in the Debit Card Program, use of the Debit Card. The Medical Expense Reimbursement Plan Administrator shall make all determinations of expense eligibility and fund availability, based on the Participant’s Medical Expense Reimbursement Account available balance(s) under the Plan. Such determination will be made no later than 30 days after receipt of the claim form, except in special circumstances (such as the need to obtain further information) but in no case more than 60 days after the receipt of the claim. If the Participant has elected to participate in the Debit Card Program, the card payment is conditional and the Participant may have to submit appropriate documentation to determine the eligibility of the expense.

Section 7.09 Reimbursement of Medical Care Expense: Subject to limitations contained in other provisions of the Medical Expense Reimbursement Plan, the Medical Expense Reimbursement Plan Administrator shall reimburse the Participant, from the Participant’s Medical Expense Reimbursement Account, for Medical Care Expenses Incurred during the Period of Coverage for which the Participant files a claim in accordance with Section 7.08. No reimbursement or payment of Medical Care Expenses Incurred during a Period of Coverage shall exceed the specified Plan Year contributory rate; however, the amount elected to be contributed for the full period of coverage under the Medical Expense Reimbursement Account is available at all times during the Period of Coverage, reduced for all prior reimbursements for the same Period of Coverage. Participants shall be reimbursed for Medical Care Expenses on a basis to be determined by the Plan Administrator; provided, however, that the final payment of benefits for any Period of Coverage may be made following the close of such Period of Coverage, based on accepted claims filed, by November 30 following the close of the Plan Year. Any overpayment shall be refunded immediately upon demand. For the 2019-2020 Plan Year, the claim filing deadline is extended to August 31, 2021. For the 2020-2021 Plan Year, the claim filing deadline is extended to August 31, 2022.

If a Participant terminates employment, the Participant shall be eligible to continue the required premium payments during the current Period of Coverage in the manner prescribed by the Plan Administrator. If a Participant ceases to be a Participant or terminates employment, such Participant shall be entitled to continue receiving benefits pursuant to this Article to the extent of the amount remaining in the Participants Medical Expense Reimbursement Account for the expenses incurred (i) during the Period of Coverage, and (ii) prior to termination of employment, if the employee does not continue to make the required premium payments.
Section 7.10 **Debit Card Program:** By enrolling in the Debit Card Program, a Participant agrees to pay any fees, agrees to repay overpayment and ineligible payments, and certifies that (i) the Debit Card is used only for an eligible expense under the Medical Expense Reimbursement Plan; (ii) any expense paid with the Debit Card has not been reimbursed and the Participant will not seek reimbursement under any other plan; (iii) the Participant will acquire and retain sufficient documentation for all expense paid with the Debit Card; and (iv) each use of the Debit Card by the Participant constitutes a recertification of this certification.

Any approved transaction by Participant involving a Debit Card is subject to adjudication by the Medical Expense Reimbursement Plan Administrator. The Debit Card may provide for instant adjudications of reimbursements for medical, dental, vision, and prescription co-pays and recurring reimbursements that have been previously approved. For a claim that does not correlate to a co-payment under the plan or a recurring reimbursement that has been previously approved, a third party may substantiate a claim through an electronic process at the point of sale.

All OTC claims submitted will be audited and require production of itemized receipts that identify the merchant name, item purchased, date and amount of the cash register receipt. The Program will limit quantities for any OTC claims to predetermined amounts.¹

The Debit Card may not be used for the Dependent Care Spending Account. The Medical Expense Reimbursement Plan Administrator will take specific steps, including request for repayment, withholding, and claim offset, to recover any ineligible payments or overpayments. The Debit Card may be suspended or cancelled immediately upon notification by Medical Expense Reimbursement Plan Administrator or the Employer.

Participants may also pay for eligible medical expenses from their account by submitting a reimbursement of claims form to the Reimbursement Plan Administrator.

Section 8.01  **Introduction**: Pursuant to this Article, the Employer establishes the UTFLEX Insurance Premium Redirection Plan (the “Insurance Premium Redirection Plan”) under which a Participant pays, unless he or she has otherwise elected out of the insurance premium redirection plan, certain insurance premiums with Salary Conversion Dollars rather than after-tax dollars. The Insurance Premium Redirection Plan is intended to be qualified under Sections 105 and 106 of the Code, and to satisfy all requirements necessary for it to provide a nontaxable benefit under the Flex Plan and represents one benefit under the Flex Plan. This Insurance Premium Redirection Plan constitutes a separate written employee benefit plan as contemplated by Section 105(b) of the Code and Treasury Regulation Section 1.105-11(b). The Insurance Premium Redirection Plan shall be construed consistently with the provisions of Sections 125 and 129 of the Code.

The Plan Administrator shall at all times administer the Insurance Premium Redirection Plan in a manner consistent with the tennis and provisions hereof in a uniform and
nondiscriminatory manner and in accordance with the Code and applicable regulations promulgated there under.

Section 8.02 Definitions: For purposes of this Insurance Premium Redirection Plan, the following special definitions shall apply:

The types of insurance covered by this Insurance Premium Redirection Plan include basic group term life insurance, Health Coverage, dental, vision care and accidental death and dismemberment. Employer provided voluntary group-term life insurance, long term care, long term disability and short teen disability insurance are not covered by this Insurance Premium Reduction Plan.

(c) **Insurance Premium Redirection Account** - means the bookkeeping account maintained by the Plan Administrator or its designee used for crediting contributions hereto and accounting for benefit payments herefrom. See also Section 8.07. The account may also be used to account for premium contributions made on behalf of the Participant by the Employer from Employer or appropriated funds.

(e) **Period of Coverage** - means the Plan Year during which coverage of benefits under the Insurance Premium Redirection Plan is available to and elected by a Participant, except for purposes of an Employee first eligible to participate in the Insurance Premium Redirection Plan or a rehired Employee eligible to participate in the Insurance Premium Redirection Plan, in which event, the initial Period of Coverage shall commence on such Participant’s Entry Date and end on the last day of the Plan Year. -

Section 8.03 Requirements for Eligibility: An Employee eligible to participate under the Flex Plan shall be eligible to participate in the benefits of this Insurance Premium Redirection Plan if such Employee is participating in The University of Texas System insurance program by completing the appropriate election form.
Section 8.04 Maximum Salary Reduction: Subject to the limitations set forth herein as provided by federal law, as amended from time to time, to avoid discrimination, the maximum amount of Flexible Benefit Dollars which a Participant may elect to receive in any Plan Year for Insurance Premium Expenses under this Article shall be the amount required to pay the Participants portion of the premiums for coverage under each type of insurance the Employer selects for inclusion in this Insurance Premium Redirection Plan.

The Plan Administrator shall pay any such Insurance Premium Expenses directly to the provider of such insurance coverage in lieu of reimbursing the Participant for this expense. The maximum amount to be deducted through the Participants Salary Conversion Agreement will equal the amount required to be contributed by the Participant to receive coverage under each type of insurance the Employer selects for inclusion in this Insurance Premium Redirection Plan that the Participant has elected for the Period of Coverage.
Section 8.10 Forfeiture of Unused Benefits: If there exist amounts remaining in a Participant’s Insurance Premium Redirection Account, following final payment of all Insurance Premium Expenses incurred during the applicable Period of Coverage, such amounts shall be forfeited and made available to pay administration expenses of the Insurance Premium Redirection Plan.
