The University of Texas System Retirement Program
See your future more clearly.

As your retirement years come into view, it’s important to know if you’re on track to reach your financial goals. Decisions you make today about saving, investing and managing your money can impact your lifestyle in retirement. And with so much at stake, it makes sense to get the guidance you need to feel confident, in control and ready for what’s next.

Your participation in the Teacher Retirement System (TRS) or Optional Retirement Program (ORP) is mandatory, but did you know that participating in the UTSaver 403(b) Tax-Sheltered Annuity (TSA) and UTSaver 457(b) Deferred Compensation Plan (DCP) is just as important?

The UTSaver TSA and DCP are voluntary programs that allow you to put additional pre-tax income away for retirement. Voluntary contributions to these programs have become an increasingly important part of saving for retirement because the TRS or ORP plans alone will not be enough in retirement.

It’s easy to start saving. You decide how much of your income you want to invest, and there are no income requirements to participate in any of the plans. Even saving a small amount now can add up over the long-term and give you the income needed to last throughout your retirement years.

How much do you need to save today for a comfortable retirement?
Find out how “retirement ready” you are with UT My Retirement Overview!

Looking to understand how TRS/ORP, Social Security and your UT Retirement plans play into your financial future? Check the wellness of your future using UT My Retirement Overview - a comprehensive tool that allows you to predict just what you can expect during your retirement and what it will take to get you where you want to be. Schedule your 1 on 1 overview with a UT dedicated financial professional to check your progress and take control of your future.

Visit www.utsaver.com or utprep4myfuture@voya.com to schedule your projection.
UT dedicated Financial professionals are here to help.

Your local UT System Retirement advisor can help you answer these three key questions:

1. Will you have enough for the retirement you envision?
2. How should you invest your assets?
3. How and when should you withdraw your assets to achieve a sustainable income in retirement?

You can work together with a local Voya Financial professional* and access online planning tools to get organized, prioritize your goals and create a strategy to help you achieve them.

• Estimate your total cost of retirement
• Track your current progress toward your goals
• Choose how much to save and how to invest
• Identify potential tax-savings strategies
• Optimize your Social Security and pension benefits
• Create a withdrawal strategy to make your money last longer
• Make sure those who depend on you still have income after you’re gone
• Help you leave a legacy and pass on what you’ve built

Why Voya Financial®?

Voya Financial is one of the leading retirement plan providers in the country, serving over five million clients. Our financial professionals must hold and maintain internal standards and external industry credentials. We are here to help you through a clear, thoughtful and ongoing financial planning process so you feel more confident and prepared for retirement.

* Investment adviser representative and registered representative of, and securities and investment advisory services offered through, Voya Financial Advisors, Inc. (member SIPC).

Did you know that people who work with financial advisors are much more likely to say they are ahead of schedule or on track for retirement?

According to Voya research*, Americans who work with financial professionals are significantly more prepared for the range of decisions important in retirement — compared to those who try to do it alone.

Working with a financial professional

* Survey results are based on findings from an online CARAVAN® survey commissioned by Voya Financial and conducted by Engine (formerly ORC International) of 1,004 adults in the U.S. ages 18 and older. Responses were collected between August 20-22, 2018.
You have questions about planning for retirement. **We have answers.**

We all have questions about planning for our financial future. With the UT System Retirement Program, you have an opportunity to get answers tailored for your situation. **We will help you to and through retirement.**

**If there is a gap in my retirement savings, what can I do to close it?**

In addition to the UT Saver voluntary retirement programs, our team of financial professionals can recommend many different strategies to help you make necessary changes in your savings strategy or other retirement decisions to help offset a gap.

**Are my current investments allocated appropriately to help me reach my goal?**

Where you invest your savings, including how much you put into each major investment category, has a significant impact on your long-term investment returns. We can help you allocate your investments according to your specific retirement goals and your comfort level with risk.

**How do I withdraw from my savings to ensure they last throughout retirement?**

In retirement, you’re not depositing a paycheck; you’re actually creating and managing your income. We can help you balance competing priorities and IRS requirements by building an income plan that works for you. Market downturns, taxes, medical costs, extended family needs, and longevity are all factors to consider. With a goal of lifetime income in mind, we will help to create a withdrawal strategy that works for you.
Online resources and tools can help you become an even better UT Saver.

Voya believes every American should have the tools and information to help build a secure retirement. As part of the UT Saver ORP and voluntary retirement programs, you have access to a suite of interactive online resources to provide you with the information you need to take control of your finances. Enroll today at www.utsaver.com and begin to take advantage of these resources.

**myOrangeMoney® web experience**
Orange Money is the money you need to save for retirement, versus green money, which can be spent now. The educational, interactive myOrangeMoney online experience shows you how your current retirement savings may translate into monthly retirement income. It outlines where you stand today, highlights areas that need improvement, and lets you take immediate action to improve your readiness with an interactive slider. This back-to-basics approach can be found when you log in to your account.

**Financial wellness experience**
Financial wellness is about the balance of living for today, saving for tomorrow, and building confidence along the way. To help guide you, Voya is proud to bring you the Financial Wellness Experience. Log in and select the Financial Wellness tab above myOrangeMoney. Complete your personal assessment to learn how to take meaningful actions for your financial future.

**Personal Financial Dashboard**
Voya’s web-based tool enables users to organize, integrate, and manage all of their financial information on one comprehensive and intuitive digital platform. You can set goals, create budgets, track spending and review investments. Enter as many accounts as you like - checking, saving, credit cards, retirement, etc. The tool can update your information automatically, so you always have a current view of your complete financial picture, or you can use it to simply view a snapshot in time. Find it under Organize your $$$ on your account homepage.

Want to learn more about your UT plans and options?
Schedule your 1 on 1 appointment with a UT approved local financial advisor by visiting www.utsaver.com | (866) 506-2199 | or email us at utprep4myfuture@voya.com.
Local UTSaver financial professional can help answer your questions about being a UTSaver. Voya’s team of UT dedicated financial advisors are located at all UT campuses and health institutions to serve you.

Your UTSaver financial advisor can work with you to:

- Review your plan for retirement and the savings strategy to reach your goals.
- Create action steps based on your personal goals to help bridge the retirement income gap.
- Design an investment portfolio based on your time horizon and risk preference.
- Provide ongoing assistance to help you as you work toward reaching your goals.
