Annual Enrollment & Resource Guide

This special edition guide provides details on the benefits enrollment process and the uniform benefits plan for UT retired employees and their qualified dependents. It also contains important information you may wish to refer to throughout the year.

Important: Availability of Summary Health Information

Choosing a health coverage option is an important decision. To help you make an informed choice, your plan makes available a Summary of Benefits and Coverage (SBC), which summarizes important information about any health coverage option in a standard format, to help you compare across options. The Uniform Summary of Benefits and Coverage (SBC) provision of the Affordable Care Act requires all insurers and group health plans to provide consumers with an SBC to describe key plan features in a mandated format, including limitations and exclusions. The provision also requires that consumers have access to a uniform glossary of terms commonly used in health care coverage.

To review an SBC for your medical plan, visit the website utbenefits.link/SBC. You can view the glossary at utbenefits.link/CMSGlossary. To request a copy of these documents free of charge, you may call the SBC hotline at 855-756-4448.

More information about the UT CARE plan is available later in this newsletter.
The 2023-2024 benefits plan year begins on September 1, 2023, and there are no benefit plan design changes this year related to deductibles, copayments or coinsurance. The single plan design change for 2023-2024 plan year is in accordance with the Affordable Care Act out-of-pocket (OOP) maximum which increases to $9,100 per individual (from $8,700) and $18,200 (from $17,400) for families. The ACA Annual OOP maximum includes all medical and prescription drug deductibles, copayments, and coinsurance for an individual or family.

Even with the increase to the ACA OOP maximum, it’s important to recognize that the UT SELECT™ Medical plan continues to maintain a Gold Level plan rating according to the Affordable Care Act. This rating is significant as it validates the plan provides a high level of coverage and meets standards where the overall insurance plan pays 80% or more of costs.

As a reminder, retirees receive their UT SELECT Medical and UT CARE Medical plan at no cost and 50% premium sharing is provided for dependents.

There is a slight premium rate increase for dependent coverage for enrollees of the UT SELECT™ Medical plan. Any rate increases for UT CARE enrollees will occur on January 1, 2024. Please see the premium rate table within this newsletter for details.

**Where Can I Receive Services Under the UT Health Network?**

Services received at participating UT facilities and Employee/Nursing Clinics offer the greatest savings under the UT Health Network. Below is a listing of the points of service.
Your prescription drug benefits are included as part of your UT SELECT medical plan and the prescription plan is administered by Express Scripts, Inc. There are no plan design changes to the UT SELECT Prescription plan this plan year. Deductibles and copayment amounts will remain the same for the new plan year beginning September 1, 2023.

We want to remind members there are a number of ways to help you maximize your prescription benefit and save you money. These options include filling 90-day maintenance medications via home delivery and at certain retail locations and substituting generic medications when available.

**REMEMBER:** MORE OPTIONS AVAILABLE FOR FILLING YOUR 90-DAY MAINTENANCE MEDICATIONS

As part of your UT SELECT™ non-Medicare prescription benefit, you have access to a more convenient and money-saving feature for your maintenance medications (those drugs you take regularly for ongoing conditions). Through your plan, you could pay less when you fill a 90-day supply of your maintenance medications at a participating ESI pharmacy (including Express Scripts home delivery, and the University of Texas pharmacies) than you would pay for three 30-day supplies at a non-preferred retail pharmacy.

There are Two Ways to Save on Your Maintenance Prescriptions

1. For savings and convenience, take advantage of home delivery from the Express Scripts Pharmacy. Get 90-day supplies of your medications delivered direct to you, safely and securely, with free standard shipping. Log in at express-scripts.com or call the number listed on the back of your member ID card to learn how to get started with home delivery. Express Scripts can contact your doctor to have a new 90-day prescription sent right to you.

2. Or, you can fill your maintenance prescriptions at a participating ESI retail or UT pharmacy. The pharmacist will contact your doctor to get a new 90-day prescription or will transfer your current 90-day prescriptions.

Your copayment for your 90-day supply will be the same whether you fill your prescriptions through Express Scripts home delivery or at a participating Walgreens or UT pharmacy.

If you have questions about the 90-day maintenance medication benefit or want assistance to help you get started, call Express Scripts at 800-818-0155 24 hours a day, 7 days a week.

**REMEMBER:** MID-YEAR FORMULARY CHANGES

While mid-year formulary changes don’t occur frequently, it is possible that a medication can change co-pay tiers during the plan year. For more information on what your cost will be please use the member website at www.express-scripts.com where you can run drug coverage checks to see your cost.

**WHAT TO KNOW ABOUT SPECIALTY MEDICATIONS**

If you or a family member is diagnosed with a chronic condition, you may be prescribed a drug classified as a specialty medication. Conditions requiring treatment with specialty medications are hemophilia, multiple sclerosis, cancer, and many others.

Your UT SELECT plan covers specialty medications through Express Scripts’ specialty pharmacy Accredo. Accredo’s specialty-trained pharmacists and nurses work with your doctors to provide you with hyper-focused care and support throughout your treatment, which includes:

- Clinical support around the clock with specialty-trained pharmacists and nurses available 24/7 to answer any questions;
- Nurses to provide one-on-one support to help you administer your medication;
- And assistance to get you your medication and supplies delivered to you with free shipping at no additional charge.

**UT HEALTH INSTITUTIONS SPECIALTY PHARMACIES**

Many UT Health institutions have a specialty pharmacy onsite. If you’ve been prescribed a specialty medication, ask your UT pharmacy today if you’re able to fill your specialty prescription there for added convenience and support.

**UPDATE:** CERTAIN WEIGHT LOSS MANAGEMENT DRUGS NOT COVERED

The UT SELECT and UT CARE prescription drug plans, both administered by Express Scripts, have covered Wegovy® and Saxenda® for weight loss and weight loss management. The cost has risen under the plan from approximately $1.5 million per month 18 months ago to over $5 million per month as of May 2023. There are approximately 3,100 plan members using these medications.

Cost analysis on these medications indicates they are currently the costliest prescription drugs paid for by the plan on an annual basis, even more costly than medications for complex conditions like cancer. The UT System Office of Employee Benefits has engaged Express Scripts, the pharmacy manufacturers of these medications, as well as a System-Wide committee of UT clinical experts. Extensive time has been dedicated to monitoring the cost, developing solutions to lower cost, and suggesting plan design options to reduce cost. We have also monitored compliance with these medications under the plans and see less than 46% of the population using these medications, remain on the medication.

This equates to a significant cost to the plan with less than desirable compliance with medication and treatment protocols. At the same time, new members are beginning the medication each month. We recognize some patients are benefiting from using these medications and staying compliant with their weight loss journey. However, the plan is not seeing the expected reduction in cost for other conditions a member may be attempting to control as a result of using Wegovy or Saxenda. These savings are not being realized due to the excessive cost the drug manufacturer charges for the weight loss medication.

Until compliance for these medications increases and drug manufacturers are willing to adjust pricing, these weight loss medications will no longer be covered by the UT SELECT and UT CARE plans effective September 1, 2023.

Continuing to dispense these medications would add an additional $73 million dollars a year to the prescription plans, an amount that is unsustainable due to the current rate of prescription drug expenditures. These costs would equate to a need to increase premiums for the entire UT SELECT and UT CARE population an additional 2.5-3%.

Members currently utilizing either Wegovy or Saxenda should consider reaching out to the manufacturers of these medications and inquire if there are prescription discount opportunities available.
Enrolling in or Making Changes to Your UT CARE™ Coverage During Annual Enrollment

During the July 15, 2023 Annual Enrollment period, retirees have a chance to make changes to their benefits. With that opportunity, there are some key details to be aware of when it comes to how these changes may impact your UT CARE coverage.

FOR PARTICIPANTS CURRENTLY ENROLLED IN UT CARE

- You do not have to do anything and your UT CARE coverage will continue. However, if you decide to drop or cancel your UT CARE coverage, any dependent covered by the retiree will also lose their own medical insurance through UT.

FOR PARTICIPANTS NOT CURRENTLY ENROLLED IN UT CARE

- If you’re eligible for UT CARE but have not been enrolled in the plan due to having outside coverage, or perhaps you opted out, you can elect UT CARE during Annual Enrollment and your UT CARE coverage will begin September 1, 2023, assuming you have Medicare Parts A and B;
- If you have a dependent who is Medicare eligible and not enrolled in the UT CARE plan, you can add the dependent during Annual Enrollment and their coverage will begin September 1, 2023, assuming they have Medicare Parts A and B;
- If you or your covered dependent(s) become eligible for Medicare, you and your Medicare-eligible dependents should enroll in Part A (typically inpatient coverage) and Part B (typically office visits and doctor fees). The University of Texas System urges all retired employees and dependents to enroll in Medicare Parts A and B when they become eligible at age 65*, or earlier if they are eligible due to a disability such as End Stage Renal Disease. Retired employees, or soon-to-be retired employees, or their dependents who are eligible for Medicare must have Medicare Parts A and B to receive maximum benefits and be enrolled in the UT CARE plan.

MUST BE ELIGIBLE FOR MEDICARE

- If you're eligible for Medicare, you may be automatically enrolled into Medicare Parts A and B. To learn more about the basics of the UT CARE Medicare PPO plan, read the Medicare and UT CARE: Know the Basics article in this newsletter.

STILL NOT ENROLLED IN MEDICARE PART A AND B OR ENROLLED IN A AND B BUT UNDEcIDED ABOUT UT CARE?

- In addition to the UT Annual Enrollment period in July, the Centers for Medicare and Medicaid Services (CMS) requires there be a Medicare open enrollment period each year for Medicare eligible participants to enroll in Medicare. For Medicare eligible retirees, during the CMS enrollment period (November 1 – December 15), you can enroll in UT CARE during this enrollment period for a coverage effective date of January 1, 2024. You can also drop or cancel the UT CARE plan during the enrollment period and your UT CARE coverage will end December 31, 2023. However, doing so means you will not have any UT CARE coverage.

UT CARE MEDICARE PPO PLAN YEAR

Medicare plans operate on a calendar plan year from January 1 – December 31. So, even though it’s Annual Enrollment, any changes impacting enrollment into UT CARE Medicare coverage will have the current plan design provisions from now until December 31. Any new plan design features or changes will take effect on January 1, 2024.

WHAT ARE THE BENEFITS OF THE UT CARE MEDICARE PPO MEDICAL PLAN?

The benefits in the UT CARE Medicare PPO plan are designed to match or exceed the current UT SELECT plan. As an enrollee, you have:
- $0 annual medical deductible
- $0 copay for primary care physician services, inpatient care, skilled nursing care, emergency care, and many other benefits.
- For a broad review of the UT CARE Medicare PPO plan, please see OEB’s UT CARE Medicare plan webpage at utbenefits.link/utcare.

ENROLLING IN MEDICARE

When you or your covered dependent(s) become eligible for Medicare, you and your Medicare eligible dependents should enroll in Part A (typically inpatient coverage) and Part B coverage (typically office visits and doctor fees). The University of Texas System urges all retired employees and dependents to enroll in Medicare Parts A and B when they become eligible at age 65*, or earlier if they are eligible due to a disability such as End Stage Renal Disease. Retired employees, or soon-to-be retired employees, or their dependents who are eligible for Medicare must have Medicare Parts A and B to receive maximum benefits and be enrolled in the UT CARE plan.

YOUR MEDICARE BENEFITS

- Your prescription benefit in the UT CARE Medicare plan is the UT CARE Part D prescription drug plan. This plan has the familiar deductible and copays of the employee prescription drug plan, and UT System will automatically enroll Medicare-eligible retirees and Medicare-eligible dependents of retirees into the UT CARE Part D drug plan.

ARE YOU STILL AN ACTIVE UT EMPLOYEE?

If the answer is yes, then even if you’re eligible for Medicare (age 65 or older), you’ll remain in the employee UT SELECT plan until you retire. Be sure to enroll in Medicare Parts A and B before retirement to ensure a smooth transition into the UT CARE plan upon retirement.

PLEASE NOTE

Enrolling in an outside Medicare plan makes you ineligible to be enrolled in the UT CARE PPO plan due to CMS rules which allow you to be enrolled in only one Medicare plan at a time.
The UT CONNECT Accountable Care Organization (ACO) medical plan was an initiative between UT Southwestern Medical Center, Southwestern Health Resources and UT System. The pilot program, which began September 1, 2018, will end on August 31, 2023, and current UT CONNECT participants will be automatically transitioned to the UT SELECT Medical plan for coverage beginning September 1, 2023.

Below are some questions and answers to inform and help prepare current UT CONNECT participants for their transition to UT SELECT.

Q: WHY IS THE UT CONNECT ACO MEDICAL PLAN ENDING?
A: The UT CONNECT ACO plan was a pilot program requested by UT Southwestern Medical Center and Southwestern Health Resources to determine how an Accountable Care Organization (ACO) model of care would perform compared to a PPO care model such as UT SELECT. Reasons contributing to the end of the UT CONNECT plan include: 1) the pilot program was not intended to become a permanent plan offering within the UT Benefits platform; 2) Southwestern Health Resources was able to meet their goal of obtaining insight into the way an ACO plan worked when compared to a PPO stand-alone plan within the UT population; and 3) a typical ACO model, to work at maximum efficiency, requires enrollment of approximately 5,000 members. Given that insights had been gained and participant enrollment was insufficient to support the continued administrative and financial commitments necessary to sustain a second medical plan in addition to UT SELECT, UT CONNECT will conclude on August 31, 2023.

Q: DO I NEED TO MAKE CHANGES DURING ANNUAL ENROLLMENT TO MOVE TO UT SELECT MEDICAL FOR MYSELF AND/OR FAMILY?
A: No. Your coverage and any family members covered on your UT CONNECT Medical plan will be automatically changed to UT SELECT for coverage effective September 1, 2023.

Q: IF I DON'T WANT TO BE ENROLLED IN UT SELECT OR WANT TO CHANGE MEDICAL BENEFITS FOR A FAMILY MEMBER, DO I NEED TO DO ANYTHING?
A: Yes, to make changes to your UT SELECT Medical elections aside from your automatic enrollment into UT SELECT, you must log into My UT Benefits between July 15 – July 31 and make those changes.

Q: WHEN WILL I GET NEW ID CARDS?
A: New UT SELECT ID cards will arrive prior to September 1, 2023.

Q: WHAT IS MY MONTHLY COST FOR UT SELECT DEPENDENT COVERAGE?
A: Coverage is free for full-time employees and retirees. For premium rates for dependents, please review the premium rate chart in this newsletter.

Q: WILL MY (OR FAMILY MEMBERS’) DOCTORS BE IN THE UT SELECT NETWORK?
A: Yes, unless your UT CONNECT physician has ended their network agreement with BCBSX. The BCBSX PPO network is actually much larger than the ACO network. No Primary Care Physician (PCP) designation is required on the UT SELECT network.

Q: WHAT IF I’M BEING ACTIVELY TREATED FOR A CONDITION WHEN MY COVERAGE CHANGES ON SEPTEMBER 1, 2023?
A: Unless hospitalized on August 31, 2023 into September 1, 2023, your benefits on September 1, 2023 will transition to UT SELECT and all deductibles and out of pocket maximums reset. If you’re hospitalized as you move to September 1, 2023, please contact BCBSX UT SELECT Customer Service for assistance and coordination of your ongoing care.

Q: HOW DO I FIND OUT MORE ABOUT THE UT SELECT MEDICAL PLAN?
A: The current 2022-2023 UT SELECT Medical Guide is available online on the Office of Employee Benefits website. The 2022-2024 UT SELECT Guide will be available online on or about September 1, 2023.

Fertility Benefit for UT SELECT Medical

Beginning its second year in the UT SELECT plan, the Progyny benefit offers inclusive and comprehensive treatment coverage leveraging the latest technologies and treatments, access to high-quality care through a premier network of fertility specialists, and personalized emotional support and guidance from dedicated Patient Care Advocates (PCAs). Progyny’s mission is to make dreams of parenthood come true through a healthy, timely, and supported family building journey. The benefit is designed to support all paths to parenthood, removing barriers to care so you and your doctor can create the customized treatment plan that is right for you. The program bundles all the individual services, tests, and treatments you may need into a Progyny Smart Cycle. That means you won’t run out of coverage mid treatment cycle, and you can focus on the most effective treatment plan for you.

The UT SELECT Progyny benefit allows members to have access to the following:

• (2) Smart Cycles; flexible coverage to pursue your unique path to parenthood
• Progyny Rx (integrated fertility medication coverage)
• Fertility Preservation (egg and sperm freezing coverage)
• Donor Tissue Purchase (egg and sperm coverage)

To access the Progyny benefit, the person(s) receiving fertility treatment must have been continuously enrolled for 12 months in an employee health plan offered through The University of Texas System. Enrollment in the Student Health Plan does not count towards the 12 months of continuous coverage. Your coverage will be subject to copays. To learn more and activate your benefit, you can reach out to your dedicated PCA at 844-535-0711.

While the Seasons of Life program is launched proactively based on information provided to BCBSTX, please know that you and/or your dependents can contact a health advocate for assistance if needed. Simply call 866-882-2034.

Billing Policy for Cancelled Coverage

CANCELATION OF UT SELECT AND/OR UT CARE COVERAGE DUE TO NON-PAYMENT

Benefits-eligible Retired Employees are responsible for making timely payment of out-of-pocket premiums for all voluntary coverage that has been elected such as Retiree Spouse Medical, Dental, Vision and Voluntary Life Insurance.

REMEMBER: Any voluntary coverage cancelled due to nonpayment of premium must be resolved before that voluntary coverage may be re-added.

HOW DO I RE-ADD MY COVERAGE?

If your coverage is terminated due to nonpayment, election of voluntary coverage during any future enrollment period will be prohibited until the nonpayment status has been resolved. Payment will be required in an amount equal to the out-of-pocket premiums that would have been owed for the remainder of the plan year in which the voluntary coverage you elected was canceled.

After full payment has been submitted for the cancelled coverage, you will be permitted to re-elect those voluntary coverages in a future Annual Enrollment period, or following a qualified change of status event.

Make your Premium Payments Through your TRS Annuity

Benefits-eligible Retired Employees can assure themselves of timely payment of UT SELECT and/or UT CARE premiums by having those premiums deducted through their TRS annuity. Best of all, it’s simple, easy and quick to sign up.

To sign up, all you need is to have your account balance current, you’ll fill in a few pieces of information on the form, and in most cases you will be set up for the next payment month. Deductions will happen each month and you’ll receive the remainder of the check balance after that.

Never worry again about missing a payment or having a bank account mishap. Just set it up and forget about it, we’ve got you taken care of.

Please contact our UT Benefits Billing or your local Benefits Office for the easy to fill out form to get set up today!

utbenefitsbilling@utsystem.edu or 855-688-2455.

BENEFICIARY DESIGNATIONS

The beneficiary designation often gets overlooked by participants in a group life insurance plan. Keep in mind that there is basic life insurance with enrollment in the UT SELECT™ and UT CARE medical plans. So, almost all our retirees have at least that basic coverage and many have additional voluntary coverage.

While your current beneficiary information may be on file with our current carrier BCBSTX Ancillary, you are encouraged to update it in the enhanced My-UT Benefits platform for fast and easy online beneficiary management.

Online Beneficiary Management:

• Allows you to quickly designate and update beneficiary information anytime of the day or night;
• Helps avoid legal disputes and provides a safeguard for confidential information;
• Is offered to you at no charge; and
• Is secure and designed to protect privacy.

Beneficiaries can be changed as often as circumstances shift and your changes take effect immediately. Don’t forget to update your beneficiary information when you experience important life events like marriage, divorce, or retirement. You’ll have an online record of your life insurance designations.

Dependent Eligibility and Documentation

ELIGIBILITY
Eligibility to participate in certain UT Benefits coverage as a dependent is determined by law. Eligible dependents are:
- Your spouse; and
- Your children under age 26 regardless of their marital status, including:
  - Biological children;
  - Stepchildren and adopted children;
  - Grandchildren you claim as dependents for federal tax purposes;
- Children for whom you are named a legal guardian or who are the subject of a medical support order requiring such coverage; and
- Certain children over age 26 who are determined by OEB to be medically incapacitated and are unable to provide their own support.

IF YOU CURRENTLY COVER A DEPENDENT who is also receiving premium sharing for coverage through a plan with Texas A&M, The Employees Retirement System of Texas, or The Teacher Retirement System of Texas, please choose to have that person covered under only one plan and make the appropriate enrollment changes at this time.

Other Eligibility:
Surviving Dependents | Incapacitated Dependents

SURVIVING DEPENDENTS
A surviving spouse or other benefits-eligible dependent may continue limited participation in the UT Benefits program following the death of a participating employee or retired employee, provided the retired employee has at least five (5) years of creditable service with either Teacher Retirement System of Texas (TRS) or the Texas Optional Retirement Program (ORP), including at least three (3) years as a benefits-eligible employee with UT System. A surviving spouse may only continue UT Benefits Medical, Dental or Vision coverage they are enrolled in at the time of the employee’s death. They may not add coverage at that time, and if the coverage is ever dropped or terminated for non-payment, it may not be reinstated. Surviving dependents are not eligible for Premium Sharing. Coverage may continue for the remainder of the surviving spouse’s life. A dependent child may continue until the child loses his or her status as a dependent child. The dependent of an individual who has not met the service requirements at the time of death may elect COBRA coverage for a period not to exceed 36 months.

OVERAGE INCAPACITATED DEPENDENTS
Enrolled children may remain eligible for UT Benefits as an incapacitated dependent if they are determined to be medically incapacitated at the time they age out of eligibility for coverage as a child under the program at age 26. An older dependent child who is determined to be medically incapacitated at the time a subscriber first becomes benefits eligible may be enrolled in the plan if the child was covered by the subscriber’s previous health plan with no break in coverage. Please contact your institution’s Human Resources or Benefits Office for additional information about covering incapacitated dependent children.

IMPORTANT NOTICE
Misrepresentation of dependent eligibility constitutes a policy violation that could result in consequences ranging from a reprimand to dismissal. Misrepresentation may also require that you reimburse benefits paid on behalf of an ineligible individual. Deliberate misrepresentation may constitute criminal fraud and could result in a referral to law enforcement.

Depending on the circumstances, appropriate documentation may include a letter from another employer’s HR/Benefits office that displays information about their group medical insurance such as name of subscriber, effective date, names of dependents and their effective dates on the coverage, etc.

The My UT Benefits online system offers the convenience of submitting documents electronically during Annual Enrollment. To do this, you simply upload clear, digital images (scanned documents or photographs) of required documents directly through My UT Benefits as evidence of your EOW. Additional information will be available when you log into My UT Benefits, including FAQs about the documentation upload process. If you have trouble logging in, using or uploading documents to the system, call My UT Benefits Support at 844-870-0044, available M-F, 8AM to 5PM CST.

Changes During the Year

Outside of Annual Enrollment, you may not make changes to your benefits unless you have certain qualified change of status events including:

- marriage, divorce, annulment, or spouse’s death;
- birth, adoption, medical child-support order, or dependent’s death;
- significant change in residence if the change affects you or your dependents’ current plan eligibility;
- change of job status affecting eligibility;
- change in dependent’s eligibility (e.g., reaching age 26 – dependent children become ineligible for any coverage the month following their 26th birthday, or gaining or losing eligibility for any other reason); or
- significant change in coverage or cost of other benefit plans available to you and your family.

You may enroll in or make changes to benefits by contacting your institution’s HR or Benefits Office within 31 days of one of these change of status events.

*Medicare-eligible retirees and their Medicare-eligible dependents will also have an opportunity to add or drop the UT CARE Medicare Advantage PPO plan in November.
