Dear UT System Retiree,

Welcome to UT CARE Medicare PPO!

For many years UT System Medicare-eligible retirees and their dependents have been enrolled in the UT SELECT Medical plan with a Medicare Part D prescription drug plan. Effective January 1, 2023, Medicare-eligible retirees and dependents will continue receiving their medical coverage under a new plan. Prescription coverage will continue under your same prescription plan.

The UT CARE Medicare PPO (UT CARE) plan will be provided by Blue Cross and Blue Shield of Texas (BCBSTX).

It combines the benefits of Original Medicare with added health and wellness benefits that can be important tools in maintaining ongoing good health.

This national PPO plan allows you to see any provider that accepts Medicare and agrees to submit claims to BCBSTX, and you are not required to get a referral to see a specialist.

The opportunity to form a new plan for Medicare-eligible retirees makes sense to the overall UT Benefits program from both a benefits and service model, and from a financial model.

Please note: you must be enrolled in Medicare Part A and Part B to be a member of this retiree plan. You must also continue to pay your Part B premium just as you do today. If you are eligible for Medicare Part A and/or Part B but are not enrolled, please contact Social Security right away.

As long as you are enrolled in Medicare Parts A and B you will be automatically enrolled in UT CARE for a January 1, 2023 effective date.

There is no form to complete or action needed on your part. However, if you prefer to opt out of the UT CARE medical and prescription plan you must do so between November 1 and November 15, 2022 by declining the coverage through the My UT Benefits online system. To access My UT Benefits, please visit the “Manage Your UT Benefits” page at http://utbenefits.link/manage.

Important: If you opt out of the UT CARE plan, you will not have the same robust coverage you have today for medical claims. You will be enrolled in a UT SELECT plan that assumes you are enrolled in Medicare, and Medicare is paying all claims first. The UT SELECT plan will only pay approximately 20% of the amount of your claims, and you will be responsible for the remainder of the cost of the claims. Dependents will remain eligible for coverage and will have their coverage through the appropriate plan reflecting their Medicare eligibility.
