INTRODUCTION

1.1 Description of The University of Texas System

For more than 130 years, The University of Texas System Administration (“UT System”) has been committed to improving the lives of Texans and people all over the world through education, research and health care.

The University of Texas System Administration is one of the nation’s largest systems of higher education, with 14 institutions that educate more than 217,000 students. Each year, UT System institutions award more than one-third of all undergraduate degrees in Texas and almost two-thirds of all health professional degrees. With about 20,000 faculty – including Nobel laureates – and more than 70,000 health care professionals, researchers student advisors and support staff, the UT System is one of the largest employers in the state.

The UT System ranks third in the nation in patent applications, and because of the high caliber of scientific research conducted at UT System institutions, the UT System is ranked No. 1 in Texas and third in the nation in federal research expenditures. In addition, UT System is home to three (3) of the nation’s National Cancer Institute Cancer Centers – UT MD Anderson, UT Southwestern Medical Center and UT Health Science Center-San Antonio – which must meet rigorous criteria for world-class programs in cancer research.

Chancellor William H. McRaven’s ambitious vision for the UT System includes eight “Quantum Leaps” that address many of the most significant challenges of our time, including building the nation’s next generation of leaders through core education in leadership and ethics; leading a brain health revolution by accelerating discoveries and treatments for neurological diseases; elevating higher education’s role in national security; driving unprecedented levels of collaboration between higher and K-12 education; and increasing student access and success.

Enhancing fairness and opportunity is one of these Quantum Leaps, and one of the initiatives in this program advanced by the Chancellor is UT System’s equivalent of the NFL’s Rooney Rule. This rule, referred to as the Opportunity Rule, appears in UTS187, a UT System policy that applies to all of the UT System institutions and, by reference in the Board of Regents Rules and Regulations, to all UT System presidential searches.

Other numerous transformational initiatives implemented over the past several years have cemented UT System as a national leader in higher education, including the expansion of educational opportunities in South Texas with the opening of The University of Texas Rio Grande Valley in the fall of 2015. UT System is the only system of higher education in the nation establishing not one (1), but two (2) new medical schools in 2016 at The University of Texas at Austin and The University of Texas Rio Grande Valley.

The UT System and UT System institutions are setting the standard for excellence in higher education and will continue do so thanks to our generous donors and the leadership of the Chancellor, the Board of Regents, UT System presidents and the brilliant people who could be working anywhere, but choose to work at the UT System.
1.2 Background and Special Circumstances

UT System is seeking to enter into non-exclusive contracts with established, qualified and experienced executive search firms knowledgeable in issues related to the administration of public higher education and/or healthcare administration and delivery. The services sought by the UT System are for the performance of numerous administrative, logistical, research, and support tasks for the recruitment of executive level positions throughout the UT System.

Executive search firms selected to provide services will play a key role in assuring that the diversity and inclusion goals set out in UTS187 are given full consideration and attention in the course of completing a search. If a final interview pool does not meet UTS187 requirements, the executive search firm may be required to redo a portion or restart the search from the beginning.

UT System currently has seven (7) existing search firm agreements that can be utilized system-wide and that are set to expire on August 31, 2017. These contracts initiated in 2012 and approximately 220 executive level searches have been conducted since the beginning of these agreements. Additionally, each of the fourteen (14) UT System institution may also have independent agreements for their campuses with other executive search firms.

This Request for Proposal will be a joint effort between UT System Administration and its institutions and selection of a respondent as one of the successful proposers will pre-qualify such proposer to provide such services, upon request by UT System Administration or a UT System institution, with respect to future, specific executive position(s). Selection as a successful proposer and execution of an agreement between UT System and the successful proposer does not guarantee that the successful proposer will be requested to provide such services.

Each non-exclusive contract will be for an initial six (6) year base term.

UT SYSTEM DOES NOT REPRESENT OR WARRANT THAT IT WILL SEEK SUCH SERVICES FROM A SUCCESSFUL PROPOSER AND THE SYSTEM SPECIFICALLY DISCLAIMS ANY SUCH REPRESENTATIONS AND WARRANTIES.

1.3 Objective of Request for Proposal

The University of Texas System is soliciting proposals in response to this Request for Proposal No.720-1722 (this “RFP”), from qualified vendors to provide Executive Search Firm Services (the “Services”) more specifically described in Section 5 of this RFP.

1.4 Group Purchase Authority

Texas law authorizes institutions of higher education (defined by §61.003, Education Code) to use the group purchasing procurement method (ref. §§51.9335, 73.115, and 74.008, Education Code). Additional Texas institutions of higher education may therefore elect to enter into a contract with the successful Proposer under this RFP. In particular, Proposer should note that UT System, is comprised of fourteen institutions.
See the following link for information on the UT System Administration [http://www.utsystem.edu/institutions](http://www.utsystem.edu/institutions). UT System institutions routinely evaluate whether a contract resulting from a procurement conducted by one of the institutions might be suitable for use by another, and if so, this RFP could give rise to additional purchase volumes. As a result, in submitting its proposal, Proposer should consider proposing a pricing model and other commercial terms that take into account the higher volumes and other expanded opportunities that could result from the eventual inclusion of other UT System institutions in the purchase contemplated by this RFP. Any purchases made by other UT System institutions based on this RFP will be the sole responsibility of those institutions.
SECTION 2

The evaluation of proposals and the selection of Contractor will be based on the information provided in the proposal. UT System may consider additional information if UT System determines the information is relevant.

2.5 Historically Underutilized Businesses

2.5.1 All agencies of the State of Texas are required to make a good faith effort to assist HUB in receiving contract awards. The goal of the HUB program is to promote full and equal business opportunity for all businesses in contracting with state agencies. Pursuant to the HUB program, if under the terms of any agreement or contractual arrangement resulting from this RFP, Contractor subcontracts any of the Services, then Contractor must make a good faith effort to utilize HUBs certified by the Procurement and Support Services Division of the Texas Comptroller of Public Accounts. Proposals that fail to comply with the requirements contained in this Section 2.5 will constitute a material failure to comply with advertised specifications and will be rejected by UT System as non-responsive. Additionally, compliance with good faith effort guidelines is a condition precedent to awarding any agreement or contractual arrangement resulting from this RFP. Proposer acknowledges that, if selected by UT System, its obligation to make a good faith effort to utilize HUBs when subcontracting any of the Services will continue throughout the term of all agreements and contractual arrangements resulting from this RFP. Furthermore, any subcontracting of the Services by Proposer is subject to review by UT System to ensure compliance with the HUB program.

2.5.2 UT System has reviewed this RFP in accordance with 34 TAC §20.285, and has determined that subcontracting opportunities are probable under this RFP.

2.5.3 A HUB Subcontracting Plan ("HSP") is a required as part of Proposer’s proposal. The HSP will be developed and administered in accordance with UT System’s Policy on Utilization of Historically Underutilized Businesses attached as APPENDIX THREE and incorporated for all purposes.

Each Proposer must complete and return the HSP in accordance with the terms and conditions of this RFP, including APPENDIX THREE. Proposers that fail to do so will be considered non-responsive to this RFP in accordance with §2161.252, Government Code.

Questions regarding the HSP may be directed to:

Contractor will not be permitted to change its HSP unless: (1) Contractor completes a new HSP in accordance with the terms of APPENDIX THREE, setting forth all modifications requested by Contractor, (2) Contractor provides the modified HSP to UT System, (3) UT System approves the modified HSP in writing, and (4) all agreements resulting from this RFP are amended in writing to conform to the modified HSP.
2.5.4 Proposer must submit two (2) originals of the HSP to UT System at the same time it submits its proposal to UT System (ref. Section 3.2 of this RFP.) The original of the HSP must be submitted under separate cover (mailed independently) and in two (2) separate envelopes (the “HSP Envelopes”). Proposer must ensure that the top outside surface of HSP Envelopes clearly indicating:

2.5.4.1 the RFP No. (ref. Section 1.3 of this RFP) and the Submittal Deadline (ref. Section 2.1 of this RFP), both located in the lower left hand corner of the top surface of the envelope,

2.5.4.2 the name and the return address of the Proposer, and

2.5.4.3 the phrase “HUB Subcontracting Plan”.

Any proposal submitted in response to this RFP that is not accompanied by two (2) separate HSP Envelopes meeting the above requirements may be rejected by UT System and returned to Proposer unopened as non-responsive due to material failure to comply with advertised specifications.

UT System will open Proposer’s HSP Envelopes prior to opening the proposal to confirm Proposer submitted the HSP. Proposer’s failure to submit two (2) completed and signed originals of Proposer’s HUB Subcontracting Plan may result in UT System’s rejection of the proposal as non-responsive due to material failure to comply with advertised specifications; such a proposal will be returned to the Proposer unopened (ref. Section 1.5 of APPENDIX ONE to this RFP). Note: The requirement that Proposer provide two (2) originals of the HSP under this Section 2.5.4 is separate from and does not affect Proposer’s obligation to provide UT System with the number of copies of its proposal as specified in Section 3.1 of this RFP.

If Proposer’s submitted HSP refers to specific page(s) / Sections(s) of Proposer’s proposal that explain how Proposer will perform entire contract with its own equipment, supplies, materials and/or employees, Proposer must include copies of those pages in HSP Envelopes. Failure to do so will slow the evaluation process and may result in DISQUALIFICATION.
SECTION 3

The paper copy of the proposal should contain the mark “original” on the front cover of the proposal. An original signature by an authorized officer of Proposer must appear on the Execution of Offer (ref. Section 2 of APPENDIX ONE) of the submitted paper copy of the proposal.

Specifications and Additional Questions (ref. Section 5 of this RFP). GENERAL TERMS AND CONDITIONS

The terms and conditions contained in the attached Agreement (ref. APPENDIX TWO) or, in the sole discretion of UT System, terms and conditions substantially similar to those contained in the Agreement, will constitute and govern any agreement that results from this RFP. If Proposer takes exception to any terms or conditions set forth in the Agreement, Proposer will submit redlined APPENDIX TWO as part of its proposal in accordance with Section 5.2.1 of this RFP. Proposer’s exceptions will be reviewed by UT System and may result in disqualification of Proposer’s proposal as non-responsive to this RFP. If Proposer’s exceptions do not result in disqualification of Proposer’s proposal, then UT System may consider Proposer’s exceptions when UT System evaluates the Proposer’s proposal.
SECTION 5

APPENDIX FIVE will establish specifications, representations, warranties and agreements related to the EIR that Proposer is offering to provide to UT System. This RFP provides sufficient information for interested parties to prepare and submit proposals for consideration by UT System.

By submitting a proposal, Proposer certifies that it understands this RFP and has full knowledge of the scope, nature, quality, and quantity of the services to be performed, the detailed requirements of the services to be provided, and the conditions under which such services are to be performed. Proposer also certifies that it understands that all costs relating to preparing a response to this RFP will be the sole responsibility of the Proposer.

PROPOSER IS CAUTIONED TO READ THE INFORMATION CONTAINED IN THIS RFP CAREFULLY AND TO SUBMIT A COMPLETE RESPONSE TO ALL REQUIREMENTS AND QUESTIONS AS DIRECTED.

1.2 Inquiries and Interpretations

UT System may in its sole discretion respond in writing to written inquiries concerning this RFP and mail its response as an Addendum to all parties recorded by UT System as having received a copy of this RFP. Only UT System's responses that are made by formal written Addenda will be binding on UT System. Any verbal responses, written interpretations or clarifications other than Addenda to this RFP will be without legal effect. All Addenda issued by UT System prior to the Submittal Deadline will be and are hereby incorporated as a part of this RFP for all purposes.

Proposers are required to acknowledge receipt of each Addendum as specified in this Section. The Proposer must acknowledge all Addenda by completing, signing and returning the Addenda Checklist (ref. 6.6 The acceptance of Final Payment under a Project Addendum by Contractor will constitute a waiver of all claims by Contractor regarding that Project Addendum except those previously made in writing and identified by Contractor as unsettled at the time of the Final Invoice for payment under that Project Addendum.

6.7 University and / or Requesting Institution will have the right to verify the details set forth in Contractor's invoices and supporting documentation, either before or after payment, by (a) inspecting the books and records of Contractor at mutually convenient times; (b) examining any reports with respect to the Project; and (c) other reasonable action.

8.4 Termination under Sections 8.1, 8.2 or 8.3 will not relieve Contractor from liability for any default or breach under this Agreement or any other act or omission of Contractor.

8.5 In the event that a Project Addendum is terminated, then within thirty (30) days after termination, Contractor will reimburse Requesting Institution for all fees paid by Requesting institution to Contractor that were (a) not earned by Contractor prior to termination, or (b) for goods or services that Requesting Institution did not receive from Contractor prior to termination.

If the Legislature fails to appropriate or allot the necessary funds, or the Board fails to allocate the necessary funds, then University will issue written notice to Contractor and University may terminate this Agreement without further duty or obligation hereunder. Austin, Texas 78701-2982

or other person or address as may be given in writing by University to Contractor in accordance with this Section.

12.15 *Severability.* In case any provision of this Agreement will, for any reason, be held invalid or unenforceable in any respect, the invalidity or unenforceability will not affect any other provision of this Agreement, and this Agreement will be construed as if the invalid or unenforceable provision had not been included.

12.16 *State Auditor’s Office.* Contractor understands that acceptance of funds under this Agreement constitutes acceptance of the authority of the Texas State Auditor's Office, or any successor agency (collectively, "Auditor"), to conduct an audit or investigation in connection with those funds pursuant to Sections 51.9335(c), 73.115(c) and 74.008(c), *Texas Education Code*. Contractor agrees to cooperate with the Auditor in the conduct of the audit or investigation, including providing all records requested. 12.18 *Survival of Provisions.* No expiration or termination of this Agreement will relieve either party of any obligations under this Agreement that by their nature survive expiration or termination.

12.19 *Breach of Contract Claims*

12.19.1 To the extent that Chapter 2260, *Texas Government Code*, as it may
be amended from time to time ("Chapter 2260"), is applicable to this Agreement and is not preempted by other Applicable Laws, the dispute resolution process provided for in Chapter 2260 will be used, as further described herein, by University and Contractor to attempt to resolve any claim for breach of contract made by Contractor:

12.19.1.1 Contractor's claims for breach of this Agreement that the parties cannot resolve pursuant to other provisions of this Agreement or in the ordinary course of business will be submitted to the negotiation process provided in subchapter B of Chapter 2260. To initiate the process, Contractor will submit written notice, as required by subchapter B of Chapter 2260, to University in accordance with the notice provisions in this Agreement. Contractor's notice will specifically state that the provisions of subchapter B of Chapter 2260 are being invoked, the date and nature of the event giving rise to the claim, the specific contract provision that University allegedly breached, the amount of damages Contractor seeks, and the method used to calculate the damages. Compliance by Contractor with subchapter B of Chapter 2260 is a required prerequisite to Contractor's filing of a contested case proceeding under subchapter C of Chapter 2260. The chief business officer of University, or another officer of University as may be designated from time to time by University by written notice to Contractor in accordance with the notice provisions in this Agreement, will examine Contractor's claim and any counterclaim and negotiate with Contractor in an effort to resolve the claims.

12.19.1.2 If the parties are unable to resolve their disputes under Section 12.19.1.1, the contested case process provided in subchapter C of Chapter 2260 is Contractor's sole and exclusive process for seeking a remedy for any and all of Contractor's claims for breach of this Agreement by University.

12.19.1.3 Compliance with the contested case process provided in subchapter C of Chapter 2260 is a required prerequisite to seeking consent to sue from the Legislature under Chapter 107, Texas Civil Practices and Remedies Code. The parties hereto specifically agree that (i) neither the execution of this Agreement by University nor any other conduct, action or inaction of any representative of University or Requesting Institution relating to this Agreement constitutes or is intended to constitute a waiver of University’s, Requesting Institution’s or the state's sovereign immunity to suit and (ii) University and Requesting Institution has not waived its right to seek redress in the courts.
12.19.2 The submission, processing and resolution of Contractor’s claim is governed by the published rules adopted by the Texas Attorney General pursuant to Chapter 2260, as currently effective, thereafter enacted or subsequently amended.

12.19.3 University, Requesting Institution and Contractor agree that any periods set forth in this Agreement for notice and cure of defaults are not waived.

12.20 Undocumented Workers. The Immigration and Nationality Act (8 United States Code 1324a) (“Immigration Act”) makes it unlawful for an employer to hire or continue employment of undocumented workers. The United States Immigration and Customs Enforcement Service has established the Form I-9 Employment Eligibility Verification Form (“I-9 Form”) as the document to be used for employment eligibility verification (8 Code of Federal Regulations 274a). Among other things, Contractor is required to: (1) have all employees complete and sign the I-9 Form certifying that they are eligible for employment; (2) examine verification documents required by the I-9 Form to be presented by the employee and ensure the documents appear to be genuine and related to the individual; (3) record information about the documents on the I-9 Form, and complete the certification portion of the I-9 Form; and (4) retain the I-9 Form as required by Applicable Laws. It is illegal to discriminate against any individual (other than a citizen of another country who is not authorized to work in the United States) in hiring, discharging, or recruiting because of that individual’s national origin or citizenship status. If Contractor employs unauthorized workers during performance of this Agreement in violation of the Immigration Act then, in addition to other remedies or penalties prescribed by Applicable Laws, University may terminate this Agreement in accordance with Section 8. Contractor represents and warrants that it is in compliance with and agrees that it will remain in compliance with the provisions of the Immigration Act.

12.21 Limitations. The Parties are aware that there are constitutional and statutory limitations on the authority of University (a state agency) to enter into certain terms and conditions that may be a part of this Agreement, including those terms and conditions relating to liens on University’s property; disclaimers and limitations of warranties; disclaimers and limitations of liability for damages; waivers, disclaimers and limitations of legal rights, remedies, requirements and processes; limitations of periods to bring legal action; granting control of litigation or settlement to another party; liability for acts or omissions of third parties; payment of attorneys’ fees; dispute resolution; indemnities; and confidentiality (collectively, the “Limitations”), and terms and conditions related to the Limitations will not be binding on University except to the extent authorized by the laws and Constitution of the State of Texas.

12.22 Ethics Matters; No Financial Interest. Contractor and its employees, agents, representatives and subcontractors have read and understand University’s Conflicts of Interest Policy, University’s Standards of Conduct Guide, and applicable state ethics laws and rules. Neither Contractor nor its employees, agents, representatives or subcontractors will assist or cause University employees to violate University’s Conflicts of Interest Policy, University’s Standards of Conduct Guide, or applicable state ethics laws or rules. Contractor represents and warrants that no member of the Board has a direct or indirect financial interest in the transaction that is the subject of this Agreement.

Further, Contractor agrees to comply with §2252.908, Texas Government Code (Disclosure of Interested Parties Statute), and 1 TAC §§46.1 through 46.5 (Disclosure of Interested Parties Regulations), as implemented by the Texas Ethics Commission (TEC), including, among other things, providing the TEC and University with information required on the form promulgated by TEC. Contractor may learn more about these disclosure requirements, including the use of TEC’s electronic filing system, by reviewing the information on TEC’s website at
12.23 and 12.24 Intentionally left blank

12.25 Contractor represents and warrants ("EIR Accessibility Warranty") that the electronic and information resources and all associated information, documentation, and support that it provides under this Agreement (collectively, the "EIRs") comply with the applicable requirements set forth in Title 1 TAC Chapter 213 and Title 1 TAC Section 206.70 (as authorized by Chapter 2054, Subchapter M, Texas Government Code). To the extent Contractor becomes aware that the EIRs, or any portion of the EIRs, do not comply with the EIR Accessibility Warranty, then Contractor represents and warrants that it will, at no cost to University, either (1) perform all necessary remediation to make the EIRs satisfy the EIR Accessibility Warranty or (2) replace the EIRs with new EIRs that satisfy the EIR Accessibility Warranty. In the event that Contractor is unable to do so, then University may terminate this Agreement and Contractor will refund to University or Requesting Institution all amounts University or Requesting Institution has paid under this Agreement within thirty (30) days after the termination date.

12.26. Intentionally left blank

12.27 Historically Underutilized Business Subcontracting Plan. Contractor agrees to use good faith efforts to subcontract the Work in accordance with the Historically Underutilized Business Subcontracting Plan ("HSP") (ref. Exhibit D). Contractor agrees to maintain business records documenting its compliance with the HSP and to submit a monthly compliance report to University and/or Requesting Institution in the format required by Texas Procurement and Support Services Division of the Texas Comptroller of Public Accounts or any successor agency (collectively, "TPSS"). Submission of compliance reports will be required as a condition for payment under this Agreement. If Requesting Institution determines that Contractor has failed to subcontract as set out in the HSP, Requesting Institution will notify Contractor of any deficiencies and give Contractor an opportunity to submit documentation and explain why the failure to comply with the HSP should not be attributed to a lack of good faith effort by Contractor. If Requesting Institution determines that Contractor failed to implement the HSP in good faith, Requesting Institution, in addition to any other remedies, may report nonperformance to the TPSS in accordance with 34 TAC §§20.285(g)(5), 20.585 and 20.586. Requesting Institution may also revoke this Agreement for breach and make a claim against Contractor.

12.27.1 Changes to the HSP. If at any time during the Term of this Agreement, Contractor desires to change the HSP, before the proposed changes become effective (a) Contractor must comply with 34 TAC §20.285; (b) the changes must be reviewed and approved by University; and (c) if University approves changes to the HSP, this Agreement must be amended in accordance with Section 12.6 to replace the HSP with the revised subcontracting plan.

12.27.2 Expansion of the Work. If University expands the scope of the Work through a change order or any other amendment, University will determine if the additional Work contains probable subcontracting opportunities not identified in the initial solicitation for the Work. If University determines additional probable subcontracting opportunities exist, Contractor will submit an amended subcontracting plan covering those opportunities. The amended subcontracting plan must comply with the provisions of 34 TAC §20.14 before (a) this Agreement may be amended to include the additional Work; or (b) Administrator may perform the additional Work. If Administrator subcontracts any of the additional subcontracting opportunities identified by University without prior authorization and without complying with 34 TAC §20.14, Administrator will be deemed to be in breach of this Agreement under Section 8 and will be subject to any remedial actions
provided by Applicable Laws, including Chapter 2161, Texas Government Code, and 34 TAC §20.14. University may report nonperformance under this Agreement to the TPSS in accordance with 34 TAC §§20.101 through 20.108.

12.28 **Responsibility for Individuals Performing Work; Criminal Background Checks.** Each individual who is assigned to perform the Work under this Agreement will be an employee of Contractor or an employee of a subcontractor engaged by Contractor. Contractor is responsible for the performance of all individuals performing the Work under this Agreement. Prior to commencing the Work, Contractor will (1) provide Requesting institution with a list ("List") of all individuals who may be assigned to perform the Work, and (2) have an appropriate criminal background screening performed on all the individuals. Contractor will determine on a case-by-case basis whether each individual assigned to perform the Work is qualified to provide the services. Contractor will not knowingly assign any individual to provide services on University’s or Requesting Institution’s campus who has a history of criminal conduct unacceptable for a university campus or healthcare center, including violent or sexual offenses. Contractor will update the List each time there is a change in the individuals assigned to perform the Work.

Prior to commencing performance of the Work under this Agreement, Contractor will provide University a letter signed by an authorized representative of Contractor certifying compliance with this Section. Contractor will provide University an updated certification letter each time there is a change in the individuals assigned to perform the Work.

12.29 through 12.38 **Intentionally left blank.**

12.39 **Project Notifications and Reports:** Contractor will, upon execution of any project addendum (Exhibit B) under this Agreement, send a fully executed copy to the address for the University of Texas System External Relations in which the Contractor is performing services:

Office of Human Resources

12.40 **Contractor Reports**

In addition to the reports and deliverables required under the Agreement between the Contractor and the Requesting Institution, Contractor shall, on a quarterly basis, submit a report detailing all projects performed for any Requesting Institution, which will include the project name, project status (open / closed), total fees billed, total expenses billed, and completion date.

University and Contractor have executed and delivered this Agreement to be effective as of the Effective Date.

SCOPE OF WORK

Contractor will work with Human Resources offices at UT System and / or UT System Institutions and / or its search committees hereafter, “Search Committee”. A Search Committee is an advisory body of one or more employees (or other designees) of UT System Administration and / or a UT Institution designated by an authorized institutional official to advise and administer a recruitment and selection process. As directed by the authorized institutional official, a Search Committee advises an Institution on:

A. Developing the position announcement;

B. Developing and implementing a recruitment plan (e.g., advertising, posting and, intentionally committing to institutional diversity by aggressively seeking out qualified candidates of all backgrounds);

C. Recommending top candidates for interview and selection;

D. Reference checking and phone interviews;

E. Developing questions for interviews and conducting interviews;

F. Notifying candidates who have been eliminated from further consideration.

In general, one individual Point of Contact organizes the Search Committee’s efforts and communicates with Contractor.

1. Pre-recruitment Phase

   A. Provide assistance and work with designated Search Committee contact to define and develop written position descriptions and supporting materials that will be used in marketing executive level positions.

   B. Contractor must work with Chair of Search Committee to ascertain required information regarding ideal candidates for the position.

   C. Develop a candidate profile, including the knowledge, skills, and abilities required to become a successful candidate for each position. Coordinate with Chair of the Search Committee to ensure the list meets its requirements / desires.

   D. Evaluate the competitive strengths and weaknesses of the national market for the position opening(s).

   E. Develop a strategy specifically designed to attract a diverse pool of highly qualified and competitive candidates, including women, men, and members of underrepresented groups, and review the strategy with the Search Committee and any diversity liaison working with the Search Committee.

   F. Market executive level position and identify a qualified and diverse pool of talent for each position.

   G. With the Chair of Search Committee’s approval, prepare and place advertisements for each
position in appropriate journals, publications, and on web sites. Contractor must follow EEOC guidelines ([www.eeoc.gov/laws/practices](http://www.eeoc.gov/laws/practices)) that apply to job advertisements and recruitment.

2. Recruitment Phase

A. Screen potential applicants for the specific positions identified; identify those meeting minimum qualifications and follow up with telephone interviews to clarify each applicant’s credentials. Keep the Search Committee Chair apprised of screening activities, screening activities that will be completed at a later time, and screening activities that the executive search firm does not intend to complete and why.

B. Assist candidates with submitting an appropriate application for the position as required by the UT Institution and develop candidate profiles, including comprehensive background (education and work experience) and relevant reference information.

C. Request demographic voluntary self-identification information from candidates with the most promising qualifications.

D. Provide a list of candidates with the most promising qualifications and advise the Search Committee Chair of the diverse quality of this pool of candidates.

E. Prepare and provide Search Committee a written summary for candidates with the most promising qualifications.

F. Evaluate candidates with the most promising qualifications by conducting in depth reference checks with individuals who are or have been in a position to evaluate the candidates’ performance on the job.

G. Through these reference checks, ascertain the strengths and personal characteristics that would qualify each candidate for the position. Include areas in which the Search Committee should delve deeper during the interview process.

H. Continue to monitor the diversity of the candidate pool throughout the process and keep the Search Committee diversity liaison apprised. Be prepared to complete any additional work necessary to complete an appropriately diverse pool of finalists.

I. With Search Committee input, design and finalize the interview process, interview questions, panel makeup, scheduling, etc.

J. Coordinate candidates’ participation in interviews by making travel arrangements, including transportation, hotel reservation, scheduling and expense reimbursement, if required.

K. Verify the educational histories of the finalists for each position. Suggest any recommended additional background investigation for completion by UT System.

UT System understands that in conducting the search process and the reference and educational background checks, Contractor will rely on information given to it by sources, candidates, references and private contacts, and that Contractor does not warrant the veracity of such information. Information available to Contractor that may assist in determining veracity and completeness will be provided by Contractor to the Search Committee.

L. Attend meetings with the Search Committee and staff as needed, assist in the preparation
of agendas for meetings, and guide the Search Committee through a critical evaluation process of candidates.

3. Post-recruitment Phase

M. Debrief with the Search Committee following interviews and consider additional candidates, if required.

N. Notify applicants who are not selected.

O. Assist Search Committee in negotiating offers of employment and transitioning new employee into the position.

P. Contractor will guarantee each placement for a period of twelve (12) months, beginning on the start date of the appointment. If a placed candidate is terminated by the hiring institution during the first twelve (12) months of his/her employment, Contractor will conduct a new search to replace the candidate for no additional retainer, charging only expenses incurred. This guarantee excludes candidates who leave because of an institution-initiated reduction in force, organizational realignment, or restructuring; or because of a material change in job duties, compensation or title. Additionally, placed candidates will be considered “off-limits” for future recruitment by Contractor during the first two (2) years of their tenure at their placed location. Some exceptions may apply when Contractor acts on behalf of UT System or its Institutions to place a previous recruit in another one of UT System hiring Institutions.

Q. Under state law and UT System policy, each UT Institution maintains its own records retention schedule. As such, Contractor shall maintain all documents relating to the search effort according to the hiring Institution’s retention schedule, and shall make those documents available to the UT Institution on its request. Examples of such documents include, but are not limited to:

   i. Job announcements / advertisements;
   
   ii. Specific efforts to diversify the applicant pool;
   
   iii. Letters of application and resumes;
   
   iv. Communications between applicants and search committees;
   
   v. Screening tools, questions used for interviews and reference checks;
   
   vi. Documents used by the committee in the evaluation process (e.g. screening tools, completed rating sheets, interview feedback forms, etc.).

4. Interim Executive Search Services (OPTIONAL)

Proposers do not have to be able to provide Interim Executive Search Services in order to be considered for this RFP.

University will make a decision on whether Contractor will provide optional services before the award on this solicitation is made.

Interim Executive searches are typically engaged at short notice to lead or facilitate specific projects, take responsibility for change management initiatives, supplement an executive team
or maintain business as usual in the absence of a key executive, but may not intended for permanent placement. Typically, an interim title is assigned to these hires and a rapid turnaround is expected from Contractor. Compensation to an interim executive may vary from that of a regular employee and an interim executive may not be considered an employee of UT System or its Institutions. A search for a permanent executive may be conducted simultaneously or at a later time at UT System’s or UT Institution’s request.

POLICY ON UTILIZATION OF HISTORICALLY UNDERUTILIZED BUSINESSES (HUBs)

Introduction

In accordance with the Texas Government Code, Sections 2161.181-182 and Title 34, Section 20.13 of the Texas Administrative Code (TAC), the Board of Regents of The University of Texas System, acting through the Office of HUB Development shall make a good faith effort to utilize Historically Underutilized Businesses (HUBs) in contracts for construction services, including professional and consulting services; and commodities contracts. The HUB Rules promulgated by the Texas Comptroller of Public Accounts (the “Texas Comptroller”), set forth in 34 TAC Sections 20.10-20.28, encourage the use of HUBs by implementing these policies through race, ethnic and gender-neutral means.

The purpose of the HUB Program is to promote full and equal business opportunities for all business in State contracting in accordance with the following goals as specified in the State of Texas Disparity Study:

- 11.2% for heavy construction other than building contracts;
- 21.1% for all building construction, including general contractors and operative builder’s contracts;
- 32.9% for all special trade construction contracts;
- 23.7% for professional services contracts;
- 26% for all other services contracts, and
- 21.1% for commodities contracts.

The University of Texas System shall make a good faith effort to meet or exceed the above stated goals to assist HUBs in receiving a portion of the total contract value of all contracts that UT System expects to award in a fiscal year. The University of Texas System may achieve the annual program goals by contracting directly with HUBs or indirectly through subcontracting opportunities in accordance with the Texas Government Code, chapter 2161, Subchapter F.

NOTE: The goals above are the State of Texas HUB goals. For purposes of this procurement, The University of Texas System goals listed in the Special Instructions on page 11 will apply.
SUMMARY OF REQUIREMENTS
Historically Underutilized Business (HUBs) Subcontracting Plan (HSP)

It is the policy of The University of Texas System and each of its component institutions, to promote and encourage contracting and subcontracting opportunities for Historically Underutilized Businesses (HUBs) in all contracts. Accordingly, UT System has adopted “EXHIBIT H, Policy on Utilization of Historically Underutilized Businesses”. The policy applies to all contracts with an expected value of $100,000 or more. The Board of Regents of The University of Texas System is the contracting authority.

1. In all contracts for professional services, contracting services, and/or commodities with an expected value of $100,000 or more, The University of Texas System, “UT System” or the “University” will indicate in the purchase solicitation (e.g. RFQ, RFP, or CSP) whether or not subcontracting opportunities are probable in connection with the contract. A HUB Subcontracting Plan is a required element of the architect, contractor or vendor Response to the purchase solicitation. The HUB Subcontracting Plan shall be developed and administered in accordance with the Policy. **Failure to submit a required HUB Subcontracting Plan (HSP) will result in rejection of the Response.**

2. If subcontracting opportunities are probable UT System will declare such probability in its invitations for bids, requests for proposals, or other purchase solicitation documents, and shall require submission of the appropriate HUB Subcontracting Plan with the Response.
   b. When subcontracting opportunities are probable, but the Respondent can perform such opportunities with its employees and resources, the Respondent’s HUB Subcontracting Plan shall include **Section 3 –Self Performance** [34 TAC §20.14 (d) (5) (A) (B) (C) (D)].

3. If subcontracting opportunities are not probable UT System will declare such probability in its invitations or bids, requests for proposals, or other purchase solicitation documents and shall require submission of the appropriate HUB Subcontracting Plan with the Response.
   a. When subcontracting opportunities are not probable, and the Respondent proposes to perform all the work with its employees and resources, the Respondent shall submit a HUB Subcontracting Plan that includes **Section 3 – Self Performance Justification**.
   b. When subcontracting opportunities are not probable, but the Respondent proposes to subcontract any part of the work, the Respondent shall submit a **HUB Subcontracting Plan as prescribed by the Texas Comptroller** identifying subcontractors.

4. Respondents shall follow, but are not limited to, procedures listed in the Policy when developing a HUB Subcontracting Plan.

5. **Competitive Sealed Proposals (CSP):** Respondents shall submit a HUB Subcontracting Plan (packaged separately) twenty-four (24) hours following the Response submission date and time or as prescribed by the project manager. Submit one (1) original and one (1) PDF copy on CD, DVD, or flash drive of the HUB Subcontracting Plan (HSP).

6. In making a determination whether a good faith effort has been made in the development of the required HUB Subcontracting Plan, UT System shall follow the procedures listed in the Policy. If accepted by the University, the HUB Subcontracting Plan shall become a provision of the Respondent’s contract with UT System.
Revisions necessary to clarify and enhance information submitted in the original HUB subcontracting plan may be made in an effort to determine good faith effort. Any revisions after the submission of the HSP shall be approved by the HUB Coordinator.

7. Design Build (DB) and Construction Manager @ Risk (CM@R) responses: Respondents to a “design build” or “construction manager-at-risk” purchase solicitation shall include the Letter of HUB Commitment in their Response attesting that the Respondent has read and understands the Policy on Historically Underutilized Businesses (HUBs), and a HUB Subcontracting Plan for all preconstruction and construction services including a HUB Subcontracting Plan as prescribed by the Texas Comptroller specific to construction services identifying first, second and third tier subcontractors. Respondents proposing to perform Part 1 preconstruction services with their own resources and employees shall submit, as part of their HSP, the Self Performance Justification. Submit one (1) original and one (1) PDF copy on CD, DVD, or flash drive of the HUB Subcontracting Plan (HSP).

8. DB and CM@R HUB Contract Requirements: Contractors engaged under design-build and construction manager-at-risk contracts shall submit a HUB Subcontracting Plan for all preconstruction and construction Phase Services, and, must further comply with the requirements of this Policy by developing and submitting a HUB Subcontracting Plan for each bid package issued in buying out the guaranteed maximum or lump sum price of the project. The HSP shall identify first, second and third tier subcontractors.

9. The University of Texas System shall reject any Response that does not include a fully completed HSP as required. An incomplete HUB Subcontracting Plan is considered a material failure to comply with the solicitation for proposals.

10. Changes to the HUB Subcontracting Plan: Once a Respondent’s HSP is accepted by UT System and becomes a provision of the contract between Respondent and UT System, the Respondent can only change that HSP if (a) the Respondent complies with 34 TAC Section 20.14; (b) the Respondent provides its proposed changes to UT System for review; (c) UT System (including UT System’s HUB Coordinator) approves Respondent’s proposed changes to its HSP; and (d) UT System and the Respondent amend their contract (in writing signed by authorized officials of both parties) in order to replace the contract’s existing HSP with a revised HSP containing the changes approved by UT System.

11. Expansion of Work: If, after entering into a contract with a Respondent as a result of a purchase solicitation subject to the Policy, UT System wishes to expand the scope of work that the Respondent will perform under that contract through a change order or any other contract amendment (the “additional work”), UT System will determine if the additional work contains probable subcontracting opportunities not identified in the initial purchase solicitation for that contract. If UT System determines that probable subcontracting opportunities exist for the additional work, then the Respondent must submit to UT System an amended HUB Subcontracting Plan covering those opportunities that complies with the provisions of 34 TAC Section 20.14. Such an amended HSP must be approved by UT System and the Respondent (including UT System’s HUB Coordinator) before (a) the contract may be amended by UT System and the Respondent to include the additional work and the amended HSP and (b) the Respondent performs the additional work. If a Respondent subcontracts any of the additional subcontracting opportunities identified by UT System for any additional work (i) without complying with 34 TAC Section 20.14 or (ii) before UT System and that Respondent amend their contract to include a revised HSP that authorizes such subcontracting, then the Respondent will be deemed to be in breach of its contract with UT System. As a result of such breach, UT System will be entitled to terminate its contract with the Respondent, and the Respondent will be subject to any remedial actions provided by Texas law, including those set forth in Chapter 2161, Texas Government Code, and 34 TAC 20.14. The University may report a Respondent’s nonperformance under a contract between that Respondent and UT System to the Texas Comptroller in accordance with 34 TAC Sections 20.10 through 20.18.
12. A Response may state that the Respondent intends to perform all the subcontracting opportunities with its own employees and resources in accordance with the Policy. However, if such a Respondent enters into a contract with UT System as a result of such a Response but later desires to subcontract any part of the work set forth in that contract, before the Respondent subcontracts such work it must first change its HUB Subcontracting Plan in accordance with the provisions of Section 10 above.

13. The University of Texas System shall require a professional services firm, contractor or vendor to whom a contract has been awarded to report the identity and the amount paid to its subcontractors on a monthly basis using a HUB Subcontracting Plan (HSP) Prime Contractor Progress Assessment Report (PAR) as a condition for payment.

14. If the University of Texas System determines that the successful Respondent failed to implement an approved HUB Subcontracting Plan in good faith, UT System, in addition to any other remedies, may report nonperformance to the Texas Comptroller in accordance with 34 TAC Section 20.14, (g) (1) related remedies of nonperformance to professional services firms, contractor and vendor implementation of the HSP.

15. In the event of any conflict between this “Summary of Requirements” and the remainder of the HUB Policy, the remainder of the HUB Policy will control.

Good Faith Effort will be documented by a two-part HUB Subcontracting Plan (HSP) process. Part one (1) of the HSP submission will reflect self-performance with the appropriate sections completed per the instructions in Option One of the HSP Quick Checklist located on page 10 of The University of Texas Exhibit H Policy on Utilization of Historically Underutilized Businesses (HUBs).

As the scope of work/project is defined under this ID/IQ contract, part two (2) of the process will require a revised HUB Subcontracting Plan (HSP) and the Good Faith Effort will be documented per instructions in Attachment B (page 16-17) and Option Three of the HSP Quick Check List. The revised HUB Subcontracting Plan will be submitted to the HUB Coordinator prior to execution of each contract process. Documentation of subcontracted work will be provided with each pay request.

Sincerely,

Project Executive

cc: Project Manager

*Continuous Contract: Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service, to include under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into “new” contracts.*
In accordance with Texas Gov’t Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov’t Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.13 are:

- 11.2 percent for heavy construction other than building contracts,
- 21.1 percent for all building construction, including general contractors and operative builders’ contracts,
- 32.9 percent for all special trade construction contracts,
- 23.7 percent for professional services contracts,
- 26.0 percent for all other services contracts, and
- 21.1 percent for commodities contracts.

--- Agency Special Instructions/Additional Requirements ---

In accordance with 34 TAC §20.14(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent’s subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent does not have a continuous contract* in place for more than five (5) years shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.

In accordance with 34 TAC §20.13(d)(1)(D)(iii), the goals below are the applicable goals for the University of Texas Administration only.

Other Services Goal – 26%

- Responses for Special Trades construction shall submit a HUB Subcontracting Plan (HSP) that meet the Good Faith Effort (GFE) prescribed in Method B, Attachment B. See instructions for Option Three on the HSP Quick Check List. No other Good Faith Effort method will be accepted.
- Responses for Miscellaneous Services Agreements for indefinite duration/indefinite quantity is a two (2) part process:
  1. Submit a Letter of HUB Commitment (page 9) and a GFE described in Option Four.
  2. Submit a revised HSP prior to the execution of each contract process as described in Option Three of the Quick Check List.
- Respondents shall submit a completed HSP to be considered responsive. Failure to submit a completed HSP shall result in the bid, proposal or other expression of interest to be considered non-responsive.
- Respondents who intend to self-perform all of their work shall submit an HSP for Self Performance HSP as described in Option Four.
- Prime Contractor Progress Assessment Report (PAR) shall be submitted with each request for payments as a condition of payment.
- Acceptable documentation of the GFE include fax, email or certified letter.

Note: In accordance with 34 TAC §20.11, a "Subcontractor" means a person who contracts with a prime contractor to work, to supply commodities, or to contribute toward completing work for a governmental entity.

a. Check the appropriate box (Yes or No) that identifies your subcontracting intentions:

- Yes, I will be subcontracting portions of the contract. (If Yes, complete Item b of this SECTION and continue to Item c of this SECTION.)

SECTION 3: SELF PERFORMINGJUSTIFICATION (If you responded “No” to SECTION 2, Item a, you must complete this SECTION and continue to SECTION 4.) If you responded “No” to SECTION 2, Item a, in the space provided below explain how your company will perform the entire contract with its own employees, supplies, materials and/or equipment.

SECTION 4: AFFIRMATION
As evidenced by my signature below, I affirm that I am an authorized representative of the respondent listed in SECTION 1, and that the information and supporting documentation submitted with the HSP is true and correct. Respondent understands and agrees that, if awarded any portion of the requisition:

- The respondent will provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor for the awarded contract. The notice must specify at a minimum the contracting agency’s name and its point of contact for the contract, the contract award number, the subcontracting opportunity they (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency’s point of contact for the contract no later than ten (10) working days after the contract is awarded.

- The respondent must submit monthly compliance reports (Prime Contractor Progress Assessment Report - PAR) to the contracting agency, verifying its compliance with the HSP, including the use of and expenditures made to its subcontractors (HUBs and Non-HUBs). (The PAR is available at https://www.comptroller.texas.gov/purchasing/docs/hub-forms/ProgressAssessmentReportForm.xls).

- The respondent must seek approval from the contracting agency prior to making any modifications to its HSP, including the hiring of additional or different subcontractors and the termination of a subcontractor the respondent identified in its HSP. If the HSP is modified without the contracting agency’s prior approval, respondent may be subject to any and all enforcement remedies available under the contract or otherwise available by law, up to and including debarment from all state contracting.

- The respondent must, upon request, allow the contracting agency to perform on-site reviews of the company’s headquarters and/or work-site where services are being performed and must provide documentation regarding staffing and other resources.

Reminder:

- If you responded “Yes” to SECTION 2, Items c or d, you must complete an "HSP Good Faith Effort - Method A (Attachment A)" for each of the subcontracting opportunities you listed in SECTION 2, Item b.

- If you responded “No” SECTION 2, Items c and d, you must complete an "HSP Good Faith Effort - Method B (Attachment B)" for each of the subcontracting opportunities you listed in SECTION 2, Item b.
IMPORTANT: If you responded "Yes" to SECTION 2, Items c or d of the completed HSP form, you must submit a completed "HSP Good Faith Effort - Method A (Attachment A)" for each of the subcontracting opportunities you listed in SECTION 2, Item b of the completed HSP form. You may photo-copy this page or download the form at [https://www.comptroller.texas.gov/purchasing/docs/hub-forms/hub-sbcont-plan-gfe-achm-b.pdf](https://www.comptroller.texas.gov/purchasing/docs/hub-forms/hub-sbcont-plan-gfe-achm-b.pdf).

**SECTION B-2: Mentor Protege Program**

If respondent is participating as a Mentor in a State of Texas Mentor Protege Program, submitting its Protege (Protege must be a State of Texas certified HUB) as a subcontractor to perform the subcontracting opportunity listed in **SECTION B-1**, constitutes a good faith effort to subcontract with a Texas certified HUB towards that specific portion of work.

Check the appropriate box (Yes or No) that indicates whether you will be subcontracting the portion of work you listed in **SECTION B-1** to your Protege.

☐ - **Yes** (If Yes, continue to **SECTION B-4**.)

☐ - **No / Not Applicable** (If **No** or Not Applicable, continue to **SECTION B-3** and **SECTION B-4**.)

**SECTION B-3: Notification of Subcontracting Opportunity**

When completing this section you MUST comply with **Items a, b, c** and **d**, thereby demonstrating your Good Faith Effort of having notified Texas certified HUBs and trade organizations or development centers about the subcontracting opportunity you listed in **SECTION B-1**. Your notice should include the scope of work, information regarding the location to review plans and specifications, bonding and insurance requirements, required qualifications, and identify a contact person. When sending notice of your subcontracting opportunity, you are encouraged to use the attached HUB Subcontracting Opportunity Notice form, which is also available online at [https://www.comptroller.texas.gov/purchasing/docs/hub-forms/HUBSubcontractingOpportunityNotificationForm.pdf](https://www.comptroller.texas.gov/purchasing/docs/hub-forms/HUBSubcontractingOpportunityNotificationForm.pdf).

Retain supporting documentation (i.e., certified letter, fax, e-mail) demonstrating evidence of your good faith effort to notify the Texas certified HUBs and trade organizations or development centers. Also, be mindful that a working day is considered a normal business day of a state agency, not including weekends, federal or state holidays, or days the agency is declared closed by its executive officer. The initial day the subcontracting opportunity notice is sent/provided to the HUBs and trade organizations or development centers is considered to be "day zero" and does not count as one of the seven (7) working days.

**a.** Provide written notification of the subcontracting opportunity you listed in **SECTION B-1**, to three (3) or more Texas certified HUBs. Unless the contracting agency specified a different time period, you must allow the HUBs at least seven (7) working days to respond to the notice prior to you submitting your bid response to the contracting agency. When searching for Texas certified HUBs and verifying their HUB status, ensure that you use the State of Texas’ Centralized Master Bidders List (CMBL) - Historically Underutilized Business (HUB) Directory Search located at [http://mycpa.cpa.state.tx.us/bpscmbsearch/index.jsp](http://mycpa.cpa.state.tx.us/bpscmbsearch/index.jsp). HUB status code "A" signifies that the company is a Texas certified HUB.

**b.** List the **three (3) Texas certified HUBs** you notified regarding the subcontracting opportunity you listed in **SECTION B-1**. Include the company’s Texas Vendor Identification (VID) Number, the date you sent notice to that company, and indicate whether it was responsive or non-responsive to your subcontracting opportunity notice.

Unless the contracting agency specified a different time period, you must provide your subcontracting opportunity notice to trade organizations or development centers at least seven (7) working days prior to submitting your bid response to the contracting agency. A list of trade organizations and development centers that have expressed an interest in receiving notices of subcontracting opportunities is available on the Statewide HUB Program’s webpage at [https://www.comptroller.texas.gov/purchasing/vendor/hub/resources.php](https://www.comptroller.texas.gov/purchasing/vendor/hub/resources.php).

**REMARKDER:** As specified in **SECTION 4** of the completed HSP form, if you (respondent) are awarded any portion of the requisition, you are required to provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor. The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity it (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency's point of contact for the contract no later than ten (10) working days after the contract is awarded.
In accordance with Texas Gov't Code, Chapter 2161, each state agency that considers entering into a contract with an expected value of $100,000 or more shall, before the agency solicits bids, proposals, offers, or other applicable expressions of interest, determine whether subcontracting opportunities are probable under the contract. The state agency I have identified below in Section B has determined that subcontracting opportunities are probable under the requisition to which my company will be responding.

34 Texas Administrative Code, §20.14 requires all respondents (prime contractors) bidding on the contract to provide notice of each of their subcontracting opportunities to at least three (3) Texas certified HUBs (who work within the respective industry applicable to the subcontracting opportunity), and allow the HUBs at least seven (7) working days to respond to the notice prior to the respondent submitting its bid response to the contracting agency. In addition, at least seven (7) working days prior to submitting its bid response to the contracting agency, the respondent must provide notice of each of its subcontracting opportunities to two (2) or more trade organizations or development centers (in Texas) that serves members of groups (i.e., Asian Pacific American, Black American, Hispanic American, Native American, Woman, Service Disabled Veteran) identified in Texas Administrative Code, §20.11(19)(C).

We respectfully request that vendors interested in bidding on the subcontracting opportunity scope of work identified in Section C, Item 2, reply no later than the date and time identified in Section C, Item 1. Submit your response to the point-of-contact referenced in Section A.
