INTRODUCTION

1.1 Description of The UT System of Texas System

For more than 130 years, The UT System of Texas System ("UT System" and "UT System") has been committed to improving the lives of Texans and people all over the world through education, research and health care.

The UT System of Texas System is one of the nation’s largest systems of higher education, with 14 institutions that educate more than 217,000 students. Each year, UT institutions award more than one-third of all undergraduate degrees in Texas and almost two-thirds of all health professional degrees. With about 20,000 faculty – including Nobel laureates – and more than 70,000 health care professionals, researchers student advisors and support staff, the UT System is one of the largest employers in the state.

The UT System ranks third in the nation in patent applications, and because of the high caliber of scientific research conducted at UT institutions, the UT System is ranked No. 1 in Texas and third in the nation in federal research expenditures. In addition, the UT System is home to three (3) of the nation’s National Cancer Institute Cancer Centers – UT MD Anderson, UT Southwestern and UT Health Science Center-San Antonio – which must meet rigorous criteria for world-class programs in cancer research.

Chancellor William H. McRaven’s ambitious vision for the UT System includes eight “Quantum Leaps,” that address many of the most significant challenges of our time, including building the nation’s next generation of leaders through core education in leadership and ethics; leading a brain health revolution by accelerating discoveries and treatments for neurological diseases; elevating higher education’s role in national security; driving unprecedented levels of collaboration between higher and K-12 education; and increasing student access and success.

Other numerous transformational initiatives implemented over the past several years have cemented UT as a national leader in higher education, including the expansion of educational opportunities in South Texas with the opening of The UT System of Texas Rio Grande Valley in the fall of 2015. And UT is the only system of higher education in the nation establishing not one (1), but two (2) new medical schools in 2016 at The UT System of Texas at Austin and UT Rio Grande Valley.

UT System of Texas institutions are setting the standard for excellence in higher education and will continue do so thanks to our generous donors and the leadership of the Chancellor, the Board of Regents and UT presidents.

1.2 Background and Special Circumstances

Philanthropic gifts are a growing revenue stream for UT Institutions. In the past five years UT institutions have successfully conducted campaigns for $3 billion, $450 million, $250 million, $200 million, and $30 million. Some nine hundred (900) advancement professionals, of whom two hundred and fifty (250) are frontline fundraising officers, implement development and advancement programs at UT Institutions. Currently, several institutions are in campaign planning; and others have special fundraising initiatives underway. Increasing philanthropic support and attracting, retaining, and developing the best advancement talent are major challenges. Working with its fourteen (14) institutions, The University of Texas System Administration has taken a bold step forward to build institutional philanthropic capacity through its Center for Enhancing Philanthropy (CEP) which supports an Advancement Academy, Talent
Management program and other services. CEP works with UT System institutions to ensure they have the tools and knowledge needed to improve overall fundraising performance.

The services sought by UT System are for professional fundraising consulting services to conduct fundraising feasibility studies, provide campaign counsel, as needed, including strategies, plans, and various materials; and perform administrative activities and support tasks for successful fundraising campaigns and related initiatives in the Development and Advancement Offices throughout the UT System.

1.3 Objective of Request for Proposal

The UT System of Texas System is soliciting proposals in response to this Request for Proposal No. 720-1711 (this “RFP”), from qualified vendors to provide professional fundraising consulting services (the “Services”) to UT System more specifically described in Section 5 of the RFP, including (1) feasibility and planning studies; and (2) campaign fundraising and related services.

Pursuant to this Agreement, any one of the University’s academic institutions, health institutions or System Administration (“Requesting Institution”) may request the services. Each institution has different needs and the scope of work will vary from institution to institution. Successful respondent(s) will pre-qualify to provide services, upon request by Requesting Institution, with respect to future fundraising campaign projects and initiatives. UT System’s objective in issuing this RFP is to offer various service agreements with professional fundraising firms for Fundraising Feasibility Study and Campaign Services for the development and advancement offices throughout the UT System. Successful respondent(s) will pre-qualify to provide services, upon request by an Institution, (“Requesting Institution”) under a master service agreement (“Agreement”). Execution of an Agreement between UT System and a successful proposer(s) does not assure that the successful proposer(s) will be requested to provide services. UT SYSTEM DOES NOT REPRESENT OR WARRANT THAT UT SYSTEM WILL SEEK SUCH SERVICES FROM A SUCCESSFUL PROPOSER AND THE SYSTEM SPECIFICALLY DISCLAIMS ANY SUCH REPRESENTATIONS AND WARRANTIES.

1.4 Group Purchase Authority

Texas law authorizes institutions of higher education (defined by Section 61.003, Education Code) to use the group purchasing procurement method (ref. Sections 51.9335, 73.115, and 74.008, Education Code). Additional Texas institutions of higher education may therefore elect to enter into a contract with the successful Proposer. In particular, Proposer should note UT System is composed of fourteen (14) institutions described at http://www.utsystem.edu/institutions. UT System institutions routinely evaluate whether a contract resulting from a procurement conducted by one of the institutions might be suitable for use by another, and if so, this could give rise to additional purchase volumes. As a result, in submitting its proposal in response to this RFP, Proposer should consider proposing pricing and other commercial terms that take into account such higher volumes and other expanded opportunities that could result from the eventual inclusion of other institutions in the purchase contemplated by this RFP.
SECTION 2

NOTICE TO PROPOSER

2.1 Submittal Deadline

UT System will accept proposals submitted in response to this RFP until 2:30 p.m., Central Standard Time (“CST”) on March 29th, 2017 (the “Submittal Deadline”).

2.2 UT System Contact Person

Proposers will direct all questions or concerns regarding this RFP to the following UT System contact (“UT System Contact”):

Linda Cordon
Email: lcordon@utsystem.edu

UT System specifically instructs all interested parties to restrict all contact and questions regarding this RFP to written communications delivered to (i) UT System Contact, or (ii) if questions relate to Historically Underutilized Businesses, to HUB Coordinator (ref. Section 2.5 of this RFP). UT System Contact must receive all questions or concerns no later than March 15th, 2017. UT System will have a reasonable amount of time to respond to questions or concerns. It is UT System’s intent to respond to all appropriate questions and concerns; however, UT System reserves the right to decline to respond to any question or concern.

2.3 Criteria for Selection

The successful Proposer, if any, selected by UT System through this RFP will be the Proposer that submits a proposal on or before the Submittal Deadline that is the most advantageous to UT System. The successful Proposer is referred to as “Contractor.”

Proposer is encouraged to propose terms and conditions offering the maximum benefit to UT System in terms of (1) service, (2) total overall cost, and (3) project management expertise.

The evaluation of proposals and the selection of Contractor will be based on the information provided in the proposal. UT System may consider additional information if UT System determines the information is relevant.

Criteria to be considered by UT System in evaluating proposals and selecting Contractor, will be these factors:

2.3.1 Threshold Criteria Not Scored

A. Ability of UT System to comply with laws regarding Historically Underutilized Businesses; and
B. Ability of UT System to comply with laws regarding purchases from persons with disabilities.

2.3.2 Scored Criteria

B. Vendor Qualifications and Experience (40%);

2.5 Historically Underutilized Businesses

2.5.1 All agencies of the State of Texas are required to make a good faith effort to assist historically underutilized businesses (each a “HUB”) in receiving contract awards. The goal of the HUB program is to promote full and equal business opportunity for all businesses in contracting with state agencies. Pursuant to the HUB program, if under the terms of any agreement or contractual arrangement resulting from this RFP, Contractor subcontracts any of the Services, then Contractor must make a good faith effort to utilize HUBs certified by the Procurement and Support Services Division of the Texas Comptroller of Public Accounts. Proposals that fail to comply with the requirements contained in this Section 2.5 will constitute a material failure to comply with advertised specifications and will be rejected by UT System as non-responsive. Additionally, compliance with good faith effort guidelines is a condition precedent to awarding any agreement or contractual arrangement resulting from this RFP. Proposer acknowledges that, if selected by UT System, its obligation to make a good faith effort to utilize HUBs when subcontracting any of the Services will continue throughout the term of all agreements and contractual arrangements resulting from this RFP. Furthermore, any subcontracting of the Services by Proposer is subject to review by UT System to ensure compliance with the HUB program.

2.5.2 UT System has reviewed this RFP in accordance with Title 34, Texas Administrative Code, Section 20.284, and has determined that subcontracting opportunities are probable under this RFP.

2.5.3 A HUB Subcontracting Plan (“HSP”) is a required as part of Proposer’s proposal. The HSP will be developed and administered in accordance with UT System’s Policy on Utilization of Historically Underutilized Businesses attached as APPENDIX THREE and incorporated for all purposes.

Each Proposer must complete and return the HSP in accordance with the terms and conditions of this RFP, including APPENDIX THREE. Proposers that fail to do so will be considered non-responsive to this RFP in accordance with Section 2161.252, Government Code.

Questions regarding the HSP may be directed to:

Contact: Cynthia Booker
Coordinator, HUB Technical Assistant
Phone: 409-772-1353
Email: cbooker@utsystem.edu

Contractor will not be permitted to change its HSP unless: (1) Contractor completes a new HSP in accordance with the terms of APPENDIX THREE, setting forth all modifications requested by Contractor, (2) Contractor provides the modified HSP to UT System, (3) UT
System approves the modified HSP in writing, and (4) all agreements resulting from this RFP are amended in writing to conform to the modified HSP.

2.5.4 Proposer must submit one (1) original of the HSP to UT System at the same time it submits its proposal to UT System (ref. Section 3.2 of this RFP.) The original of the HSP must be submitted under separate cover (mailed independently) and in a separate envelope (the “HSP Envelope”). Proposer must ensure that the top outside surface of HSP Envelopes clearly indicating:

2.5.4.1 the RFP No. (ref. Section 1.3 of this RFP) and the Submittal Deadline (ref. Section 2.1 of this RFP), both located in the lower left hand corner of the top surface of the envelope,

2.5.4.2 the name and the return address of the Proposer, and

2.5.4.3 the phrase “HUB Subcontracting Plan”.

Any proposal submitted in response to this RFP that is not accompanied by a separate HSP Envelope meeting the above requirements may be rejected by UT System and returned to Proposer unopened as non-responsive due to material failure to comply with advertised specifications.

UT System will open Proposer’s HSP Envelope prior to opening the proposal to confirm Proposer submitted the HSP. Proposer’s failure to submit one (1) completed and signed original of Proposer’s HUB Subcontracting Plan may result in UT System’s rejection of the proposal as non-responsive due to material failure to comply with advertised specifications; such a proposal will be returned to the Proposer unopened (ref. Section 1.5 of APPENDIX ONE to this RFP). Note: The requirement that Proposer provide one (1) original of the HSP under this Section 2.5.4 is separate from and does not affect Proposer’s obligation to provide UT System with the number of copies of its proposal as specified in Section 3.1 of this RFP.

If Proposer’s submitted HSP refers to specific page(s) / Sections(s) of Proposer’s proposal that explain how Proposer will perform entire contract with its own equipment, supplies, materials and/or employees, Proposer must include copy of those pages in HSP Envelope. Failure to do so will slow the evaluation process and may result in DISQUALIFICATION.
SECTION 3

SUBMISSION OF PROPOSAL

3.1 Number of Copies

Proposer must submit:

A. One (1) complete paper copy of its entire proposal.

   The paper copy of the proposal should contain the mark “original” on the front cover of the proposal. An original signature by an authorized officer of Proposer must appear on the Execution of Offer (ref. Section 2 of APPENDIX ONE) of the submitted paper copy of the proposal.

B. One (1) complete electronic copy of its entire proposal in a single .pdf file on USB Flash Drive. USB Flash Drive must include a protective cover and be labeled with Proposer’s name and RFP number.

   In addition, Proposer must submit one (1) complete electronic copy of the proposal in a single .pdf file on separate USB Flash Drive on which all proposed pricing information, provided in response to Section 6, has been removed.

3.3 Proposal Validity Period

Each proposal must state that it will remain valid for UT System’s acceptance for a minimum of one hundred and twenty (120) days after the Submittal Deadline, to allow time for evaluation, selection, and any unforeseen delays.

3.4 Terms and Conditions
3.4.1 Proposer must comply with the requirements and specifications contained in this RFP, including the Agreement (ref. APPENDIX TWO), the Notice to Proposer (ref. Section 2 of this RFP), Proposal Requirements (ref. APPENDIX ONE) and the Specifications and Additional Questions (ref. Section 5 of this RFP). If there is a conflict among the provisions in this RFP, the provision requiring Proposer to supply the better quality or greater quantity of services will prevail, or if such conflict does not involve quality or quantity, then interpretation will be in the following order of precedence:

3.4.1.1. Specifications and Additional Questions (ref. Section 5 of this RFP);
3.4.1.2. Agreement (ref. Section 4 and APPENDIX TWO);
3.4.1.3. Proposal Requirements (ref. APPENDIX ONE);

SECTION 4

GENERAL TERMS AND CONDITIONS

The terms and conditions contained in the attached Agreement (ref. APPENDIX TWO) or, in the sole discretion of University, terms and conditions substantially similar to those contained in the Agreement, will constitute and govern any agreement that results from this RFP. If Proposer takes exception to any terms or conditions set forth in the Agreement, Proposer will redline attached Agreement (ref. APPENDIX TWO) and include redlined Agreement as part of its proposal in accordance with Section 5.2.1 of this RFP. Proposer’s exceptions will be reviewed by University and may result in disqualification of Proposer’s proposal as non-responsive to this RFP. If Proposer’s exceptions do not result in disqualification of Proposer’s proposal, then University may consider Proposer’s exceptions when University evaluates the Proposer’s proposal.

All Addenda issued by UT System prior to the Submittal Deadline will be and are hereby incorporated as a part of this RFP for all purposes.

Proposers are required to acknowledge receipt of each Addendum as specified in this Section. The Proposer must acknowledge all Addenda by completing, signing and returning the Addenda Checklist (ref. Section 4 of APPENDIX ONE). The Addenda Checklist must be received by UT System prior to the Submittal Deadline and should accompany the Proposer’s proposal.

Any interested party that receives this RFP by means other than directly from UT System is responsible for notifying UT System that it has received an RFP package, and should provide its name, address, telephone and facsimile (FAX) numbers, and email address, to UT System, so that if UT System issues Addenda to this RFP or provides written answers to questions, that information can be provided to that party.

1.3 Public Information

Proposer is hereby notified that UT System strictly adheres to all statutes, court decisions and the opinions of the Texas Attorney General with respect to disclosure of public information.

UT System may seek to protect from disclosure all information submitted in response to this RFP until such time as a final agreement is executed.

Upon execution of a final agreement, UT System will consider all information, documentation, and other materials requested to be submitted in response to this RFP, to be of a non-confidential and non-proprietary nature and, therefore, subject to public disclosure under the Texas Public Information Act (ref. Chapter 552, Government Code). Proposer will be advised of a request for public information that implicates their materials and will have the opportunity to raise any objections to disclosure to the Texas Attorney General. Certain information may be protected from release under Sections 552.101, 552.104, 552.110, 552.113, and 552.131, Government Code.

UT System will select Contractor by using the competitive sealed proposal process described in this Section. Any proposals that are not submitted by the Submittal Deadline or that are not accompanied by required number of completed and signed originals of the HSP will be rejected by UT System as non-responsive due to material failure to comply with this RFP (ref. Section 2.5.4 of this RFP). Upon completion of the initial review and evaluation of proposals, UT System may invite one or more selected Proposers to participate in oral presentations. UT System will use commercially reasonable efforts to avoid public disclosure of the contents of a proposal prior to selection of Contractor.

UT System may make the selection of Contractor on the basis of the proposals initially submitted, without discussion, clarification or modification. In conducting negotiations, UT System will use commercially reasonable efforts to avoid disclosing the contents of competing proposals.

UT System may discuss and negotiate all elements of proposals submitted by Proposers within a specified competitive range. For purposes of negotiation, UT System may establish, after an initial review of the proposals, a competitive range of acceptable or potentially acceptable proposals composed of the highest rated proposal(s). In that event, UT System may defer further action on proposals not included within the competitive range pending the selection of Contractor; provided, however, UT System reserves the right to include additional proposals in the competitive range if deemed to be in the best interest of UT System.
After the Submittal Deadline but before final selection of Contractor, UT System may permit Proposer to revise its proposal in order to obtain the Proposer’s best and final offer. In that event, representations made by Proposer in its revised proposal, including price and fee quotes, will be binding on Proposer. UT System will provide each Proposer within the competitive range with an equal opportunity for discussion and revision of its proposal. UT System is not obligated to select the Proposer offering the most attractive economic terms if that Proposer is not the most advantageous to UT System overall, as determined by UT System.

UT System reserves the right to (a) enter into an agreement for all or any portion of the requirements and specifications set forth in this RFP with one or more Proposers, (b) reject any and all proposals and re-solicit proposals, or (c) reject any and all proposals and temporarily or permanently abandon this selection process, if deemed to be in the best interests of UT System. 1.8.6 UT System makes no warranty or guarantee that an award will be made as a result of this RFP. UT System reserves the right to accept or reject any or all proposals, waive any formalities, procedural requirements, or minor technical inconsistencies, and delete any requirement or specification from this RFP or the Agreement when deemed to be in UT System’s best interest. UT System reserves the right to seek clarification from any Proposer concerning any item contained in its proposal prior to final selection. CONTRACTOR UNDERSTANDS AND AGREES THAT UNIVERSITY HAS MADE NO REPRESENTATION, ASSURANCE, WARRANTY OR GUARANTY THAT UNIVERSITY OR AN INSTITUTION WILL REQUEST CONTRACTOR TO PERFORM ANY SERVICE AND THAT UNIVERSITY HAS AND DOES SPECIFICALLY DISCALIM ANY SUCH REPRESENTATIONS, WARRANTIES, ASSURANCES OR GUARANTIES.

Pursuant to this Agreement, any one of the University's academic institutions, health institutions or System Administration ("Requesting Institution") may request the services of Contractor for a specific project with an established scope of services negotiated with the Contractor ("Project"). As used herein, the term "University" includes any Requesting Institution, unless the context clearly requires a different meaning. Prior to Contractor's commencement of any Project, the Contractor and the Requesting Institution must complete and enter into a Project Addendum (sample format attached hereto as Exhibit B), which shall contain a description of the Project, the terms of compensation to be paid Contractor, and a schedule for performance of all Services to be provided for the Project. All of the terms and conditions of this Agreement are incorporated into each Project Addendum for all purposes. In the event of any conflict between a Project Addendum and this Agreement, this Agreement will control provided however the Requesting Institution and Contractor may agree to language in a Project Addendum to specify or clarify the services to be provided or to provide University with more beneficial pricing than that set forth in this Agreement.

1.2 Contractor will perform services within the scope of the work ("Work") set forth in Exhibit A, Scope of Work, attached and incorporated for all purposes Time is of the essence in connection with this Agreement and each Project Addendum. University and the Requesting Institution will have no obligation to accept late performance or waive timely performance by Contractor.

1.3 Contractor will not replace or substitute staff for those staff Contractor has identified to University without notifying University, including the reasons for such replacement or substitution and the qualifications of replacement personnel. Any such substitution or replacement that University reasonably finds unacceptable, and which is not rectified to University's satisfaction, may result in election of University not to enter into a Project Addendum with Contractor or to terminate an affected active Project Addendum without liability to University.

1.4 Contractor will obtain, at its own cost, any and all approvals, licenses, filings, registrations and permits required by federal, state or local, laws, statutes, regulations and ordinances (collectively, Applicable Laws), for the performance of Work.

2 Term
The term of this Agreement will begin on the Effective Date and expire on the fifth anniversary of the Effective Date.

3 Payment Terms

3.1 At least ten (10) days after the end of each calendar month during the term of this Agreement, Contractor will submit to the Requesting Institution an invoice at the appropriate time covering the services performed in compliance with Exhibit C, Payment for Services, and the Project Addendum. Each invoice will be accompanied by documentation that the Requesting Institution may reasonably request to support the invoice amount. Within twenty-one (21) days from the date it receives an invoice and supporting documentation, approve or disapprove the amount reflected in the invoice. If Requesting Institution approves the amount or any portion of the amount, Requesting Institution will promptly pay (each a “Progress Payment”) to Contractor the amount approved so long as Contractor is not in default under this Agreement. If Requesting Institution disapproves any invoice amount, University will give Contractor specific reasons for its disapproval in writing.

3.2 Within ten (10) days after final completion and acceptance of Work by University or as soon thereafter as possible, Contractor will submit a final invoice (Final Invoice) setting forth all amounts due and remaining unpaid to Contractor. Upon approval of the Final Invoice by Requesting Institution, Requesting Institution will pay (Final Payment) to Contractor the amount due under the Final Invoice.

3.4 The cumulative amount of all Progress Payments and the Final Payment (defined below) will not exceed the Contract Amount in Exhibit C, Payment for Services.

3.5 No payment made by Requesting Institution will (a) be construed to be final acceptance or approval of that part of the Work to which the payment relates, or (b) relieve Contractor of any of its duties or obligations under this Agreement.

3.6 The acceptance of Final Payment by Contractor will constitute a waiver of all claims by Contractor except those previously made in writing and identified by Contractor as unsettled at the time of the Final Invoice for payment.

3.7 Requesting Institution will have the right to verify the details in Contractor's invoices and supporting documentation, either before or after payment, by (a) inspecting the books and records of Contractor at mutually convenient times; (b) examining any reports with respect to the Project; and (c) other reasonable action.

A Requesting Institution may terminate a Project Addendum without cause, at any time upon giving 7 days’ notice. Notwithstanding any provision in this Agreement to the contrary, University will not be required to pay or reimburse Contractor for any services performed or for expenses incurred by Contractor after the date of the termination notice, that could have been avoided or mitigated by Contractor.

8.3 Termination under Sections 8.1 or 8.2 will not relieve Contractor from liability for any default or breach under this Agreement or any other act or omission of Contractor.
8.4 If Contractor fails to cure any default within fifteen (15) days after receiving written notice of the default, University will be entitled (but will not be obligated) to cure the default and will have the right to offset against all amounts due to Contractor under this Agreement, any and all reasonable expenses incurred in connection with University’s curative actions.

The provisions of this Section will not be construed to eliminate or reduce any other indemnification or right which any Indemnitee has by law or equity. All parties will be entitled to be represented by counsel at their own expense.

9.2 In addition, Contractor will and does hereby agree to indemnify, protect, defend with counsel approved by University, and hold harmless Indemnitees from and against all claims arising from infringement or alleged infringement of any patent, copyright, trademark or other proprietary interest arising by or out of the performance of services or the provision of goods by Contractor, or the use by Indemnitees, at the direction of Contractor, of any article or material; provided, that, upon becoming aware of a suit or threat of suit for infringement, University will promptly notify Contractor and Contractor will be given the opportunity to negotiate a settlement. In the event of litigation, University agrees to reasonably cooperate with Contractor. All parties will be entitled to be represented by counsel at their own expense.

12.15 \textbf{Severability}. In case any provision of this Agreement will, for any reason, be held invalid or unenforceable in any respect, the invalidity or unenforceability will not affect any other provision of this Agreement, and this Agreement will be construed as if the invalid or unenforceable provision had not been included.

Contractor understands acceptance of funds under this Agreement constitutes acceptance of authority of the Texas State Auditor’s Office or any successor agency (\textit{Auditor}), to conduct an audit or investigation in connection with those funds (ref. §§51.9335(c), 73.115(c) and 74.008(c), \textit{Texas Education Code}). The chief business officer of
University will examine Contractor's claim and any counterclaim and negotiate with Contractor in an effort to resolve the claims. The parties specifically agree (i) neither execution of this Agreement by University nor any other conduct, action or inaction of any representative of University relating to this Agreement constitutes or is intended to constitute a waiver of University’s or the state’s sovereign immunity to suit; and (ii) University has not waived its right to seek redress in the courts.

If Contractor employs unauthorized workers during performance of this Agreement in violation of the Immigration Act then, in addition to other remedies or penalties prescribed by Applicable Laws, University may terminate this Agreement in accordance with Section 8. Contractor represents and warrants that it is in compliance with and agrees that it will remain in compliance with the provisions of the Immigration Act.

Contractor agrees to use good faith efforts to subcontract Work in accordance with the Historically Underutilized Business Subcontracting Plan (HSP) (ref. Exhibit D). Contractor agrees to maintain business records documenting its compliance with the HSP and to submit a monthly compliance report to University in the format required by Texas Procurement and Support Services Division of the Texas Comptroller of Public Accounts or any successor agency (collectively, TPSS). Submission of compliance reports will be required as a condition for payment under this Agreement. If University determines that Contractor has failed to subcontract as set out in the HSP, University will notify Contractor of any deficiencies and give Contractor an opportunity to submit documentation and explain why the failure to comply with the HSP should not be attributed to a lack of good faith effort by Contractor. If University determines that Contractor failed to implement the HSP in good faith, University, in addition to any other remedies, may report nonperformance to the TPSS in accordance with 34 TAC §§20.581 through 20.587. University may also revoke this Agreement for breach and make a claim against Contractor.

If at any time during the Term, Contractor desires to change the HSP, before the proposed changes become effective (a) Contractor must comply with 34 TAC §20.285; (b) the changes must be reviewed and approved by University; and (c) if University approves changes to the HSP, this Agreement must be amended in accordance with Section 13.24 to replace the HSP with the revised subcontracting plan.

12.24.2 Expansion of Work. If University expands the scope of Work through a change order or any other amendment, University will determine if the additional Work contains probable subcontracting opportunities not identified in the initial solicitation for Work. If University determines additional probable subcontracting opportunities exist, Contractor will submit an amended subcontracting plan covering those opportunities. The amended subcontracting plan must comply with the provisions of 34 TAC §20.285 before (a) this Agreement may be amended to include the additional Work; or (b) Contractor may perform the additional Work. If Contractor subcontracts any of the additional subcontracting opportunities identified by University without prior authorization and without complying with 34 TAC §20.285, Contractor will be deemed to be in breach of this Agreement under Section 8 and will be subject to any remedial actions provided by Applicable Laws, including Chapter 2161, Texas Government Code, and 34 TAC §20.285. Contractor will determine on a case-by-case basis whether each individual assigned to perform Work is qualified to provide the services. Contractor will not knowingly assign any individual to provide services on University's campus who has a history of criminal conduct unacceptable for a university campus or healthcare center, including violent or sexual offenses. RE: Historically Underutilized Business Plan for (Project Title): ____________________________
   Project Number: _______ - _______

Dear ,

I have read and understand The University of Texas System Policy on Utilization of Historically Underutilized Businesses (HUBs). In accordance with the requirements outlined in the HUB Subcontracting Plan (HSP), I am pleased to forward this HUB Subcontracting Plan as an integral part of our proposal in connection with your invitation for request for qualifications/proposals, referencing Project Number: ____________________________.

The Good Faith Effort for AE services will be documented by a two (2) part HUB Subcontracting Plan (HSP) process as described in the instructions located on page 2-3 of The University of Texas Exhibit H Policy on Utilization of Historically Underutilized Businesses (HUBs) for Hybrid Delivery Professional Services.

An HSP for Part One AE services shall consist of a Letter of HUB Commitment (page 7) and the HUB Subcontracting Plan (pages 8-16) with the appropriate sections completed per the instructions located on pages 2-5 of The University of Texas Exhibit H Policy on Utilization of Historically Underutilized Businesses (HUBs) for Professional Services.

As the scope of work/project is defined under this IDIQ/Miscellaneous Services contract, Part Two of the process will require a revised HUB Subcontracting Plan (HSP) if the work/project value over the duration of the work/project exceeds $100,000. A Good Faith Effort will be required per instructions in Attachment B (pages 13-14).

Sincerely,

Project Manager/Executive
HUB Subcontracting Plan (HSP)

In accordance with Texas Gov’t Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov’t Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.284 are:

- 11.2 percent for heavy construction other than building contracts,
- 21.1 percent for all building construction, including general contractors and operative builders’ contracts,
- 32.9 percent for all special trade construction contracts,
- 23.7 percent for professional services contracts,
- 26.0 percent for all other services contracts, and
- 21.1 percent for commodities contracts.

**Agency Special Instructions/Additional Requirements**

In accordance with 34 TAC §20.285(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent’s subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent does not have a continuous contract in place for more than five (5) years shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.

**Miscellaneous Professional Services – 23.7%**

**Commodities-31.04%**

**Other Services-26%**

**Special Trades- 32.9%**

- Respondents shall submit a completed HUB Subcontracting Plan (HSP) to be considered responsive. Failure to submit a completed HSP shall result in the bid, proposal or other expression of interest to be considered Non-responsive.
- Prime Contractor Progress Assessment Report (PAR) shall be submitted with each request for payment as a condition of payment. A copy of the UT System Contract Management System (UTCMS) Compliance Report shall be attached to the State of Texas HUB PAR and shall be submitted with each request for payment as a condition of payment.
- Please note that phone logs are no longer acceptable documentation of Good Faith Effort. Only fax, email and certified letter are acceptable.

*Continuous Contract: Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.
**SECTION 2: RESPONDENT’s SUBCONTRACTING INTENTIONS (CONTINUATION SHEET)**

This page can be used as a continuation sheet to the HSP Form’s page 2, Section 2, Item b. Continue listing the portions of work (subcontracting opportunities) you will subcontract. Also, based on the total value of the contract, identify the percentages of the contract you expect to award to Texas certified HUBs, and the percentage of the contract you expect to award to vendors that are not a Texas certified HUB (i.e., Non-HUB).

SECTION 3: SELF PERFORMING JUSTIFICATION (If you responded “No” to SECTION 2, Item a, you must complete this SECTION and continue to SECTION 4.) If you responded “No” to SECTION 2, Item a, in the space provided below explain how your company will perform the entire contract with its own employees, supplies, materials and/or equipment.

SECTION 4: AFFIRMATION

As evidenced by my signature below, I affirm that I am an authorized representative of the respondent listed in SECTION 1, and that the information and supporting documentation submitted with the HSP is true and correct. Respondent understands and agrees that, if awarded any portion of the requisition:

- The respondent will provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor for the awarded contract. The notice must specify at a minimum the contracting agency’s name and its point of contact for the contract, the contract award number, the subcontracting opportunity they (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency’s point of contact for the contract no later than ten (10) working days after the contract is awarded.

- The respondent must submit monthly compliance reports (Prime Contractor Progress Assessment Report – PAR) to the contracting agency, verifying its compliance with the HSP, including the use of and expenditures made to its subcontractors (HUBs and Non-HUBs). (The PAR is available at https://www.comptroller.texas.gov/purchasing/vendor/hub/forms.php).

- The respondent must seek approval from the contracting agency prior to making any modifications to its HSP, including the hiring of additional or different subcontractors and the termination of a subcontractor the respondent identified in its HSP. If the HSP is modified without the contracting agency’s prior approval, respondent may be subject to any and all enforcement remedies available under the contract or otherwise available by law, up to and including debarment from all state contracting.

- The respondent must, upon request, allow the contracting agency to perform on-site reviews of the company’s headquarters and/or work-site where services are being performed and must provide documentation regarding staffing and other resources.

If respondent is participating as a Mentor in a State of Texas Mentor Protégé Program, submitting its Protégé (Protégé must be a State of Texas certified HUB) as a subcontractor to perform the subcontracting opportunity listed in SECTION B-1, constitutes a good faith effort to subcontract with a Texas certified HUB towards that specific portion of work.

Check the appropriate box (Yes or No) that indicates whether you will be subcontracting the portion of work you listed in SECTION B-1 to your Protégé.

☐ - Yes (If Yes, continue to SECTION B-4.)

☐ - No / Not Applicable (If No or Not Applicable, continue to SECTION B-3 and SECTION B-4.)

SECTION B-3: NOTIFICATION OF SUBCONTRACTING OPPORTUNITY

When completing this section you MUST comply with items a, b, c and d, thereby demonstrating your Good Faith Effort of having notified Texas certified HUBs and trade organizations or development centers about the subcontracting opportunity you listed in SECTION B-1. Your notice should include the scope of work, information regarding the location to review plans and specifications, bonding and insurance requirements, required qualifications, and identify a contact person. When sending notice of your subcontracting opportunity, you are encouraged to use the attached HUB Subcontracting Opportunity Notice form, which is also available online at https://www.comptroller.texas.gov/purchasing/vendor/hub/forms.php

Retain supporting documentation (i.e., certified letter, fax, e-mail) demonstrating evidence of your good faith effort to notify the Texas certified HUBs and trade organizations or development centers. Also, be mindful that a working day is considered a normal business day of a state agency, not including weekends, federal or state holidays, or days the agency is declared closed by its executive officer. The initial day the subcontracting opportunity notice is sent/provided to the HUBs and to the trade organizations or development centers is considered to be “day zero” and does not count as one of the seven (7) working days.

a. Provide written notification of the subcontracting opportunity you listed in SECTION B-1, to three (3) or more Texas certified HUBs. Unless the contracting agency specified a different time period, you must allow the HUBs at least seven (7) working days to respond to the notice prior to you submitting your bid response to the contracting agency. When searching for Texas certified HUBs and verifying their HUB status, ensure that you use the State of Texas’ Centralized Master Bidders List (CMBL) - Historically Underutilized Business (HUB) Directory Search located at https://mycpa.cpa.state.tx.us/tpasscmblsearch/tpasscmblsearch.do. HUB status code “A” signifies that the company is a Texas certified HUB.

b. List the three (3) Texas certified HUBs you notified regarding the subcontracting opportunity you listed in SECTION B-1. Include the company’s Texas Vendor Identification (VID) Number, the date you sent notice to that company, and indicate whether it was responsive or non-responsive to your subcontracting opportunity notice.

In addition, at least seven (7) working days prior to submitting its bid response to the contracting agency, the respondent must provide notice of each of its subcontracting opportunities to two (2) or more trade organizations or development centers (in Texas) that serves members of groups (i.e., Asian Pacific American, Black American, Hispanic American, Native American, Woman, Service Disabled Veteran) identified in Texas Administrative Code, §20.282(19)(C).

We respectfully request that vendors interested in bidding on the subcontracting opportunity scope of work identified in Section C, Item 2, reply no later than the date and time identified in Section C, Item 1. Submit your response to the point-of-contact referenced in Section A.

Complete the following additional question if Information Resources will create, receive, or access University Records containing PHI subject to HIPAA:

13. Does Proposer monitor the safeguards required by the HIPAA Security Rule (45 C.F.R. § 164 subpts. A, E (2002)) and Proposer's own information security practices, to ensure continued compliance? If yes, provide a copy of or link to the Proposer's HIPAA Privacy & Security policies and describe the Proposer's monitoring activities and the frequency of those activities with regard to PHI.

Access Control

1. How will users gain access (i.e., log in) to Information Resources?

2. Do Information Resources provide the capability to use local credentials (i.e., federated authentication) for user authentication and login? If yes, describe how Information Resources provide that capability.
3. Do Information Resources allow for multiple security levels of access based on affiliation (e.g., staff, faculty, and student) and roles (e.g.,
    system administrators, analysts, and information consumers), and organizational unit (e.g., college, school, or department)? If yes, describe
    how Information Resources provide for multiple security levels of access.

4. Do Information Resources provide the capability to limit user activity based on user affiliation, role, and organizational unit (i.e., who can
    create records, delete records, create and save reports, run reports only, etc.)? If yes, describe how Information Resources provide that
    capability. If no, describe what alternative functionality is provided to ensure that users have need-to-know based access to Information
    Resources.

5. Do Information Resources manage administrator access permissions at the virtual system level? If yes, describe how this is done.

6. Describe Proposer’s password policy including password strength, password generation procedures, password storage specifications, and
   frequency of password changes. If passwords are not used for authentication or if multi-factor authentication is used to Information Resources,
   describe what alternative or additional controls are used to manage user access.

Complete the following additional questions if Information Resources will be hosted by Proposer:

7. What administrative safeguards and best practices does Proposer have in place to vet Proposer’s and third-parties’ staff members that would
   have access to the environment hosting University Records to ensure need-to-know-based access?

8. What procedures and best practices does Proposer have in place to ensure that user credentials are updated and terminated as required by
   changes in role and employment status?

9. Describe Proposer’s password policy including password strength, password generation procedures, and frequency of password changes. If
   passwords are not used for authentication or if multi-factor authentication is used to Information Resources, describe what alternative or
   additional controls are used to manage user access.

Use of Data

Complete the following additional questions if Information Resources will be hosted by Proposer:

1. What administrative safeguards and best practices does Proposer have in place to vet Proposer’s and third-parties’ staff members that have
   access to the environment hosting all systems that would hold or process University Records, or from which University Records may be
   accessed, to ensure that University Records will not be accessed or used in an unauthorized manner?

2. What safeguards does Proposer have in place to segregate University Records from system data and other customer data and/or as
   applicable, to separate specific University data, such as HIPAA and FERPA protected data, from University Records that are not subject to such
   protection, to prevent accidental and unauthorized access to University Records?

3. What safeguards does Proposer have in place to prevent the unauthorized use, reuse, distribution, transmission, manipulation, copying,
   modification, access, or disclosure of University Records?

4. What procedures and safeguards does Proposer have in place for sanitizing and disposing of University Records according to prescribed
   retention schedules or following the conclusion of a project or termination of a contract to render University Records unrecoverable and prevent
   accidental and unauthorized access to University Records? Describe the degree to which sanitizing and disposal processes addresses
   University data that may be contained within backup systems. If University data contained in backup systems is not fully sanitized, describe
   processes in place that would prevent subsequent restoration of backed-up University data.

Data Transmission

1. Do Information Resources encrypt all University Records in transit and at rest? If yes, describe how Information Resources provide that
   security. If no, what alternative methods are used to safeguard University Records in transit and at rest?

Complete the following additional questions if Information Resources will be hosted by Proposer:

2. How does data flow between University and Information Resources? If connecting via a private circuit, describe what security features are
   incorporated into the private circuit. If connecting via a public network (e.g., the Internet), describe the way Proposer will safeguard University
   Records.

3. Do Information Resources secure data transmission between University and Proposer? If yes, describe how Proposer provides that security.
   If no, what alternative safeguards are used to protect University Records in transit?

Notification of Security Incidents

Complete the following additional questions if Information Resources will be hosted by Proposer:

1. Describe Proposer’s procedures to isolate or disable all systems that interact with Information Resources in the event a security breach is
   identified, including any systems that would hold or process University Records, or from which University Records may be accessed.

2. What procedures, methodology, and timetables does Proposer have in place to detect information security breaches and notify University
   and other customers? Include Proposer’s definition of security breach.
3. Describe the procedures and methodology Proposer has in place to detect information security breaches, including unauthorized access by Proposer’s and subcontractor’s own employees and agents and provide required notifications in a manner that meets the requirements of the state breach notification law.

**Compliance with Applicable Legal & Regulatory Requirements**

*Complete the following additional questions if Information Resources will be hosted by Proposer:*

1. Describe the procedures and methodology Proposer has in place to retain, preserve, backup, delete, and search data in a manner that meets the requirements of state and federal electronic discovery rules, including how and in what format University Records are kept and what tools are available to University to access University Records.

2. Describe the safeguards Proposer has in place to ensure that systems (including any systems that would hold or process University Records, or from which University Records may be accessed) that interact with Information Resources reside within the United States of America. If no such controls, describe Proposer’s processes for ensuring that data is protected in compliance with all applicable US federal and state requirements, including export control.

3. List and describe any regulatory or legal actions taken against Proposer for security or privacy violations or security breaches or incidents, including the final outcome.
