Background
Senate Bill 20 of the 84th Legislative Session (SB 20) modified existing requirements and created new requirements for state agencies and institutions of higher education related to purchasing and contracting. These requirements were written into the Texas Government Code and/or the TEC effective September 1, 2015, and were not changed during the subsequent 85th, 86th and 87th legislative sessions. TEC §51.9337 states that “The chief auditor of an institution of higher education shall annually assess whether the institution has adopted the rules and policies required by this section and shall submit a report of findings to the state auditor.”
Audit Objective
The audit objective was to help ensure UTA was operating in accordance with TEC §51.9337.

TEC §51.9337 requires state agencies and institutions of higher education to have the following:
- Delegation of contracting authority.
- Training for purchasing and contracting staff.
- Code of ethics, standards of conduct, and policies on conflict of interest, conflicts of commitment, outside activities, as well as use of institutional resources and training.
- Fraud investigation policies and internal audit risk assessment processes.

Audit Scope and Methodology
Our audit scope included a review of documents, current policies, procedures and system reports as related to purchases during fiscal year 2022. Policies and procedures reviewed included those relating to codes of ethics and standards of conduct; conflicts of interest and outside commitments; fraud policies; as well as contract management, delegation and training. The audit scope included gathering information from key personnel from Procurement and Payment Services.

Our examination was conducted in accordance with guidelines set forth in the Institute of Internal Auditors’ International Standards for the Professional Practice of Internal Auditing.

We appreciate the courtesy and cooperation received from Procurement & Payment Services throughout this audit.
