

PROMISE+

AND OTHER CRITICAL INVESTMENTS

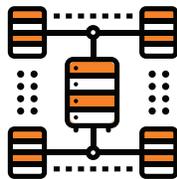

\$1.5M 

Regents created the \$300 million **Promise+** endowment to expand tuition assistance programs at UT academic institutions. UT Dallas will receive \$1.5 million in the first year alone, making it possible for an additional 176 students whose families make less than \$65,000 to have their entire tuition covered.

\$20.3M

\$20.3 million in Library Equipment Repair and Rehabilitation (LERR) funds over the last decade to fund additional major upgrades and repairs to buildings, the purchase of lab equipment, and the addition of new technology and improvements to provide critical campus infrastructure at UT Dallas.

\$239.4M

\$239.4 million in PUF funding over the last decade toward facilities to support education and research at UT Dallas, including:

- Construction of the Bioengineering & Sciences Building to bring together interdisciplinary groups of scientists and engineers from multiple fields in research facilities and teaching laboratories to advance brain research.
- Renovation of space in the North Engineering and Computer Science Building into research laboratories for the Texas Analog Center of Excellence, which is creating analog and radio frequency technology to address energy efficiency, health care, and public safety.
- Addition to the Naveen Jindal School of Management to accommodate classrooms, a trading lab, staff & faculty offices, computer labs, and other instructional space.
- Expansion of the Callier Center for Communication Disorders with state-of-the-art clinical facilities to train the next generation of practitioners and researchers in speech language pathology, audiology, and early childhood disorders such as autism.

\$33M

\$33 million over the last decade to recruit and retain 60 notable UT Dallas faculty members through the Regents' successful STARs (Science and Technology Acquisition and Retention) program. STAR recipients have generated additional research grants and support for UT Dallas that amount to almost 8 times the Regents' initial investment.

\$122.4M

\$122.4 million from the Texas Legislature in capital construction assistance for UT Dallas' Engineering Building (2015) and Student Success Center (2021).
