30th January 1877

Mr. Smith

29th January 1877

Regrettably, Mr. Jones is unable to attend the meeting scheduled for today. He informed us that he has a prior engagement and it was agreed that Mr. Brown would attend on his behalf.

Meeting Commenced at 8:00 PM.

Mr. Brown

The Board has decided to proceed with the implementation of the new project as planned.

Respectfully,
[Signature]

The Board

enthusiasm and energy. Over the map, Mr. Summer's name is endorsed.

The next item on the agenda was the submission of a proposal regarding the purchase of land. The committee had recommended the acquisition of a site on the campus grounds for a new library, costing an estimated $100,000. The secretary reported that the committee had met to discuss the matter.

The next item discussed was the selection of a site for the new library. It was decided to make a joint decision with the Trustees and the Committee of the Board of Trustees.

Mr. J.H. Ross, a student of the University, approached the Board with a request that the Board consider his proposal. He had conducted a survey and had determined the feasibility of the site.

The Board was advised that the proposal had been reviewed by the Committee and had been approved. The Board then voted to adopt the proposal.

The Board of Regents argued that the library should be located on the south side, and it was agreed that the project would proceed as planned.

The Board then proceeded to discuss the construction of a new building. It was decided to proceed with the construction of a new dormitory, and the Board voted to approve the plans.

The Board then discussed the appointment of a new faculty member. The Board voted to appoint Mr. Smith as the new faculty member.

The Board then adjourned to continue the discussion at a later date.
The following report of the Executive Committee having in charge the construction of the Medical Department of Galveston, presented by Agent P. J. O. Thompson was read for future reference and approved:

Galveston, Texas, June 16th, 1880.

Hon. T. D. Wooten,
President Board of Regents.

Sir:

The Executive Committee appointed by the Board of Regents for the purpose of selecting and purchasing ground for the location of the Medical College and subsequently authorized to advertise for bids award contracts and proceed to the erection of said college, beg leave to submit the following report:

FIRST.

Proceedings of a meeting of the committee held Oct. 15th, 1880 marked A in which the contract for the construction of the College building was awarded A. B. Nauhauser and contract bond made with him and properly filed and recorded.

SECOND.

Proceedings of a meeting of the committee held Dec. 3rd, 1880 marked B at which time Mr. J. W. Cameron was appointed Superintendent to supervise the construction of the building and contract entered into with him to that effect.

THIRD.

Report of H. J. Clayton, Architect, marked C in which is outlined the present condition of the building its progress and time of probable completion. Also his estimates of the amount required to fully finish, furnish and equip the building for use and occupancy.

The attention of the Board is especially called to these latter items in connection with the present petition legislative
The following report of the Executive Committee having in charge the construction of the Medical Department of Galveston, presented by Regent T. E. Thompson, was read for future reference, and ordered in its report:

Galveston, Texas, June 16th, 1890.

Hon. T. B. Wooden,
President "Board of Regents".

Austin, Texas.

Sir:-

The executive committee appointed by the Board of Regents for the purpose of selecting and purchasing grounds for the location of the Medical College and subsequently authorized to advertise for bids award contracts and proceed to the erection of said College, beg leave to submit the following report.

FIRST.

Proceedings of a meeting of the committee held Oct. 11th, 1889 marked A in which the contract for the construction of the College building is awarded A. Ramboch and contract and bond made with him and properly filed and recorded.

SECOND.

Proceedings of a meeting of the committee held Dec. 3rd, 1890 marked B at which time Mr. J. O. Cameron was appointed Superintendent to supervise the construction of the building and cost entered into with him to this effect.

THIRD.

Report of Mr. H. J. Clayton, Architect, marked C in which is outlined the present condition of the building its progress and time of probable completion. Also his estimate of the amount required to fully finish, furnish and equip the building ready for use and occupancy.

The attention of the Board is especially called to these latter items in connection with any contemplated legislative
Minutes of the meeting of the Executive Committee held in the regular University Building Austin, Texas, June 17, 1870.

Present: J. M. McMurrin, President; L. E. Thompson, Secretary; A. W. Broatch, J. E. Pepper.

The minutes of the preceding meeting were read and approved.

Some comments and criticisms of the work upon the missals have been made, the Executive Committee regarded it as showing that the work is in progress, and that the building will be of better quality in the future.

The Faculty recommended, and the Board of Regents, upon their recommendation, approved the following degree:

Bachelor of Letters

R. S. Johnson

A. W. Broatch

J. E. Pepper

J. M. McMurrin

The report of the Executive Committee on the construction of the Medical Building, prepared by Architect J. C. C. Cotter, at the request of the faculty, was read for future reference and recorded.

Additional action appropriating sufficient funds to meet these requirements.

FOURTH.

Report of Mr. J. C. Cameron, Superintendent, marked D, which states the method and manner of constructing the building has been of the highest standard and the materials used of the very best quality.

FIFTH.

The receipts and disbursements of the several funds through the action and approval of the committee are all fully tabulated in the three statements attached.

The first marked A special fund of Twenty-five Thousand Dollars, ($25,000.00) for the purchase of grounds of which Two Thousand and Seventy Five Eighty dollars, ($2075.80) remains unexpended.

The second marked B fund of Seventy-five Thousand Dollars of which Fifty Thousand Dollars was appropriated by the legislature of the State of Texas and Twenty-five Thousand Dollars by the City of Galveston for the construction of the College building of which fund Fifty Three Thousand Two Hundred and Eighty Three Eighty dollars, ($53283.81) remains unexpended.

The third marked C are funds derived from rents of several small buildings on the grounds and expended for planting trees around College and Hospital, Insurance, Advertising bids for the construction of Buildings, Labor etc.

Should the Medical Department of the University be inaugurated it will be necessary to secure an appropriation by the legislature of a sufficient amount to pay the costs.
Meeting
June 17, 1870

Minister of a meeting of the Board,

University of Texas

President: Robert E. Lee

Secretary: W. H. H. Russell

The minutes of the preceding meeting were read and approved.

Some comments on the progress of the work upon the main building, the Executive Committee regretted to see that the work, in fact, should be of a better character and grade.

The Faculty recommended to the Board of Regents to confirm the following degrees:

Bachelor of Philosophy:
- Dr. Joseph Swann
- Dr. Charles McCreery
- Dr. Isaac Reed
- Dr. Charles W. McGee

Bachelor of Science:
- Dr. Andrew Gordon
- Dr. James Johnson
- Dr. Charles H. Garrett

Bachelor of Arts:
- Dr. James H. Brown
- Dr. James E. Smith
- Dr. James A. Hill
- Dr. James M. Garrington

Bachelor of Law:
- Dr. James H. Brown
- Dr. James E. Smith
- Dr. James A. Hill
- Dr. James M. Garrington

and salaries of Professors as well as incidental expenses connected with such an institution.
June 17, 1870

The report of the Faculty for the scholastic year of 1869-1870 was read. The document was 24 pages of paper, containing various comments and suggestions from the members of the faculty.

June 17, 1870

Board of Directors to the Mayor,

Great complaint having been made by the Faculty of the work done by the Regents, who had independently reviewed it, I reported the fact that large numbers of the students left the University before the commencement exercises. It was now made apparent that the matter of correcting the abuses was referred to a special committee consisting of Regents Geo. S. Chaffee, Geo. A. Bostwick, and W. G. Baker, with the request that they recommend such a resolution in the future as they might deem best.

The following report of Regents J. T. Long, Geo. M. Shepley, and Geo. A. Bostwick, relative to the location of the Medical Department, was read, for permanent use by the Board:

Austin, Tex., Sept. 17, 1879.

To the Hon. Board of Regents:

Your committee reported at the June meeting last, its belief that the provision, under which to build the Medical Department of the University of Texas, on the City of Galveston, to receive the deed, and for the duties of the investigation and report, for building said Medical Department, would respectfully report that, after a diligent and thorough examination of the surrounding hospital to the City Hospital Block, your committee selected the Broadstreet, 100 feet above the street of the University, being an area of approximately 100 feet of said Hospital Block. That they contracted for the building of said block, except a small portion off of the north-east corner, which is about 60 feet, P. T. O. owns a few off each corner, but that the remainder of the block will be ample for the purposes required. It is believed, however, that other P. T. O. views will at some future time be changed, and be assigned to their own, on which, the hospital block can be extended for the Medical Department. Your committee would further report that said block is 60 feet, a portion of which, under the supervision of the district board of health, back to the street, and that in front of the district board there were several houses that had been removed, so much as to accommodate...
The report of the Faculty for the scholastic session of 1888-89, was read. The document is a long mechanical one to preserve its contents for future reference, a copy is printed into these minutes:

The following report of Regents, O. C. Thompson, J. M. Kneip, and the Committee on the Location of the Medical Department, is recorded for your consideration by the Board:

Austin, May 17, 1889.

To the Honorable Board of Regents:

Your committee appointed by the same meeting last, to collect a fund, for the purpose, which is to enable the Medical Department of the University of Texas, in the City of Galveston, to receive the needed revenue, because the dollars therefore have been invested in contracts for building work, real estate, etc., respectfully report that:

The committee appointed by the Board, for a thorough examination of the surrounding properties to the lately purchased Block, has selected a Purchased Block by being the block of lots, lying immediately west, and Hospital Road. That they contracted for the whole of each block, except a small portion off each corner, but that the remainder of the Block will be for sale for the future, and that it is believed, however, that this A.P. tract, will be at some future time, be changed in size, so as to run along another street, when the entire block can be used for the Medical Department. The committee would further report that each A.P. consists of fourteen different lots, most of which was surveyed by different individuals, but under separate distinct chains of title, back to the State and the exact, of each of the distinct chains, there were defects, and that to be removed, or traced, such as unsatisfactory...
UNIVERSITY OF TEXAS.

FACULTY REPORT.

The report of the Faculty for the scholastic session of 1898-99 was read. The document is a long one and contains several sections. It is to be noted that the document is structured into several parts, each discussing different aspects of the academic year. The report covers areas such as the state of the faculty, student enrollment, financial reports, and administrative matters. It also includes a section on the curriculum and the academic programs offered. The faculty members address various challenges and achievements of the year, emphasizing the growth and development of the institution.

The report also highlights the efforts made to improve the educational experience, including the introduction of new courses and the expansion of existing programs. It underscores the dedication of the faculty and the commitment to excellence in teaching and research.

Among the points of interest, the report mentions the importance of maintaining a strong faculty and the need for continued support to attract and retain top-quality educators. It also emphasizes the significance of fostering a diverse student body and promoting inclusivity in the academic community.

Overall, the Faculty Report for 1898-99 provides a comprehensive overview of the academic year, reflecting on the progress made and setting the stage for future endeavors.
The report of the Faculty for the scholastic year of 1879-1880, was read. The document in a long resolution was its purpose to request the General Assembly of the University to vote for the following:

- $5,000 in 1879-1880, to be used for scholarships.
- $3,000 in 1880-1881, to be used for scholarships.
- $2,000 in 1881-1882, to be used for scholarships.
- $1,000 in 1882-1883, to be used for scholarships.
- $500 in 1883-1884, to be used for scholarships.

The report stated that the faculty found the needs of the students were great and that the funds were necessary to support them.

The report also mentioned the condition of the campus and the need for improvements. The faculty recommended that the Board of Regents consider the matter and provide the necessary funds.

The students of the University also expressed their gratitude to the faculty for their hard work and dedication. They requested that the faculty be rewarded for their efforts.

The Board of Regents agreed to consider the faculty's request and promised to take action on it as soon as possible.

The meeting adjourned at 5:00 PM.
The report of the Faculty for the scholastic session of 1879-1880, was read. The document is a long and detailed one to increase the context for general reference, a copy in part of the text as follows:

"Instructor in "Literature," Miss Andrews and Mr. Magruder will be respectively, "Professor in German," and "Professor in French." School of Medicine: Prof. Samuel F. Walker, will be the successor of the late Professor in the chair of the President of the Medical Faculty. The name of the new Principal will be announced in the next report. Attention is respectfully called to the fact that arrangements are being made to provide for the reception of the sick in the coming winter season. The report is respectfully submitted for the consideration of the Board, and it is respectfully suggested that the action of the Board in this matter may be of advantage to the health and welfare of the community, as well as to the educational needs of the University. The Board is, as always, ready to receive such suggestions and suggestions may be made at any time, during the session.

Upon motion, the Finance Committee was requested to make the report. The committee, after considering the accounts for the session, presented their report, which was adopted and ordered to be printed. The report, in part:

Upon motion, the Finance Committee were requested to prepare the report on their examination of the financial accounts for the session. The report was presented, and the committee recommended the following:

1. The appointment of a special auditor to examine the financial accounts of the university for the past year, and the recommendation of the auditor to the Board of Regents, that the fund for the support of the university should be increased, and that the university should be provided with adequate means for the support of the university during the coming session.

The report was read, and the recommendation of the auditor was adopted. The committee recommended that the fund for the support of the university should be increased, and that the university should be provided with adequate means for the support of the university during the coming session.
The report of the Faculty for the scholastic session of 1890-1891 was read. The document is a long explanation on the President's refusal to sign the report.

FACULTY REPORT

The President's report is briefly presented (Echidna 2). It is given in detail by the present account of the liberal and moral.

Upon motion, the Finance Committee was requested to submit the Treasurer's account for the session 1890-91, to report their examination to the Board at its next meeting.

The report of the Committee on Finance is presented (Echidna 3). The Treasurer's account was examined and approved by the Committee, with the recommendation that the accounts be published.

The report of the Committee on Libraries is presented (Echidna 4). The Committee recommends the purchase of certain books and periodicals, with the recommendation that the purchase be made at the earliest possible time.

The report of the Committee on Instruction is presented (Echidna 5). The Committee recommends the adoption of certain changes in the curriculum, with the recommendation that the changes be implemented at the beginning of the next session.

The report of the Committee on Buildings and Grounds is presented (Echidna 6). The Committee recommends the construction of certain buildings, with the recommendation that the construction be completed within the next two years.

The report of the Committee on Finance is presented (Echidna 7). The Treasurer's account was examined and approved by the Committee, with the recommendation that the accounts be published.

The report of the Committee on Libraries is presented (Echidna 8). The Committee recommends the purchase of certain books and periodicals, with the recommendation that the purchase be made at the earliest possible time.

The report of the Committee on Instruction is presented (Echidna 9). The Committee recommends the adoption of certain changes in the curriculum, with the recommendation that the changes be implemented at the beginning of the next session.

The report of the Committee on Buildings and Grounds is presented (Echidna 10). The Committee recommends the construction of certain buildings, with the recommendation that the construction be completed within the next two years.

The report of the Committee on Finance is presented (Echidna 11). The Treasurer's account was examined and approved by the Committee, with the recommendation that the accounts be published.

The report of the Committee on Libraries is presented (Echidna 12). The Committee recommends the purchase of certain books and periodicals, with the recommendation that the purchase be made at the earliest possible time.

The report of the Committee on Instruction is presented (Echidna 13). The Committee recommends the adoption of certain changes in the curriculum, with the recommendation that the changes be implemented at the beginning of the next session.

The report of the Committee on Buildings and Grounds is presented (Echidna 14). The Committee recommends the construction of certain buildings, with the recommendation that the construction be completed within the next two years.

The report of the Committee on Finance is presented (Echidna 15). The Treasurer's account was examined and approved by the Committee, with the recommendation that the accounts be published.

The report of the Committee on Libraries is presented (Echidna 16). The Committee recommends the purchase of certain books and periodicals, with the recommendation that the purchase be made at the earliest possible time.

The report of the Committee on Instruction is presented (Echidna 17). The Committee recommends the adoption of certain changes in the curriculum, with the recommendation that the changes be implemented at the beginning of the next session.

The report of the Committee on Buildings and Grounds is presented (Echidna 18). The Committee recommends the construction of certain buildings, with the recommendation that the construction be completed within the next two years.

The report of the Committee on Finance is presented (Echidna 19). The Treasurer's account was examined and approved by the Committee, with the recommendation that the accounts be published.

The report of the Committee on Libraries is presented (Echidna 20). The Committee recommends the purchase of certain books and periodicals, with the recommendation that the purchase be made at the earliest possible time.

The report of the Committee on Instruction is presented (Echidna 21). The Committee recommends the adoption of certain changes in the curriculum, with the recommendation that the changes be implemented at the beginning of the next session.

The report of the Committee on Buildings and Grounds is presented (Echidna 22). The Committee recommends the construction of certain buildings, with the recommendation that the construction be completed within the next two years.

The report of the Committee on Finance is presented (Echidna 23). The Treasurer's account was examined and approved by the Committee, with the recommendation that the accounts be published.

The report of the Committee on Libraries is presented (Echidna 24). The Committee recommends the purchase of certain books and periodicals, with the recommendation that the purchase be made at the earliest possible time.

The report of the Committee on Instruction is presented (Echidna 25). The Committee recommends the adoption of certain changes in the curriculum, with the recommendation that the changes be implemented at the beginning of the next session.

The report of the Committee on Buildings and Grounds is presented (Echidna 26). The Committee recommends the construction of certain buildings, with the recommendation that the construction be completed within the next two years.

The report of the Committee on Finance is presented (Echidna 27). The Treasurer's account was examined and approved by the Committee, with the recommendation that the accounts be published.

The report of the Committee on Libraries is presented (Echidna 28). The Committee recommends the purchase of certain books and periodicals, with the recommendation that the purchase be made at the earliest possible time.

The report of the Committee on Instruction is presented (Echidna 29). The Committee recommends the adoption of certain changes in the curriculum, with the recommendation that the changes be implemented at the beginning of the next session.

The report of the Committee on Libraries is presented (Echidna 52). The Committee recommends the purchase of certain books and periodicals, with the recommendation that the purchase be made at the earliest possible time.
The report of the Faculty for the scholastic year of 1898-99 was read. The document is a long paper on the account of the institution for the year, a copy of which was given to the committee.

Respectfully submitted,

[Signature]
Chairman.

FACULTY REPORT

RESOLUTIONS

Resolved that the report be referred to a special committee consisting of the President, I. P. Deeds, and A. E. Member, with the request that they recommend such a resolution on the subject as they might deem best.

The following report of President J. P. Thompson and J. M. Stoker, relative to the location of the Medical Department, was received, for permanent use by the Board:

[Text of the resolution]

To the Board of Regents:

Your committee appointed to make the report of the committee on the location of the Medical Department of the University of Texas, in the city of Galveston, to receive the deed, receive the titles and have the investigation conducted for the building of the Medical Department, respectfully report that: The Board of Regents have investigated the location of the Medical Department, and have recommended the location of the Medical Department.
June 14, 1893

The report of the Faculty for the scholastic session of 1892-93 was read. The document in a long resolution over the institution's condition for judicial reference, a copy inserted into the minutes.

The following report of Regent J. C. Thompson, J. M. Hammonds, relative to the locations of the Medical Department and academic year for the ensuing year by the Board:

To the Board of Regents,

Upon committee appointed for the year meeting last to collect subscriptions for the University in the City of San Antonio, to receive the dues to secure the titles thereon, the Board, therefore, to investigate its contracts for building said Medical Department, will respectfully report that, after a diligent and thorough examination of the surrounding properties to the City Hospital Block, upon committee selected the Greenhead Block, being the block of late bought by University that said Hospital Block, that they contracted for the whole of said block, except a certain portion off the South end corner, which the President's tenement R A union, unfit for such a corner, and that the remainder of the block will be taxable for the year.

It is believed, however, that this R A, tenant, will at some future time, as the change in its use along another street, where the action block can be utilized for the Medical Department, upon committee would further report that said block consists of fourteen different lots, most of which is owned by different individuals, and is under separate distinct chains of title, back to the State, and the most of the distinct chains were defeated, the said to be removed, or turned, such as, uncrossed...
The report of the Faculty for the scholastic year of 1899-1900 was read. The document on the mechanical use of Spencerite, its action on plant, forest, desert, and human life, was inserted.

FACULTY REPORT.

REGENTS.

SCHOOL OF MEDIcINE.

Provision is made for the employment of a medical resident in the Department of Surgery. Professor J. C. Woodburn, of the University of Texas, has been appointed to this position. The resident will be engaged in the practical teaching of surgery, and will have the opportunity of studying the diseases and conditions to which the faculty are exposed in their daily work. The medical resident will be required to carry on a system of teaching, and will be expected to contribute to the literature of the profession in the field of surgery. The resident will be expected to have a good knowledge of the principles of medicine, and to be able to apply them to the practice of surgery. The resident will be expected to be able to give a good examination in surgery, and will be expected to give a good lecture on the subject. The resident will be expected to be able to give a good lecture on the subject.

REGENTS.

SCHOOL OF ENGINEERING.

The following report of Regents P. C. Schuyler and J. M. Kromhout, relative to the location of the Medical Department, is recorded, for permanent use by the Board.

Upon motion, the finance committee were requested to audit all the treasurer's accounts for the session closed, to report their examination to the Board at the meeting to morrow.

As Dr. P. E. Odshur, professor of ophthalmology in the University, has tendered the resignation of professor of the Department, going on the second for the well-being of the eye sight. The remedy is in our own hands, in other respects being good. The matter of action upon the resignation was deferred until the meeting of the Board, to be held to-morrow.
The report of the Faculty for the academic year 1893-94 was read. The document was a long explanation of the performance of the faculty during the year. The report was lengthy, spanning several pages.

For the academic year 1893-94, the Faculty consisted of the following members:

- President: T. M. Bridge
- Registrar: J. H. Baker
- Dean of Men: W. L. Johnson
- Dean of Women: L. E. Anderson
- Dean of Students: J. H. Smith
- Professor of Law: J. F. Brown
- Professor of Mathematics: W. H. Davis
- Professor of Chemistry: J. L. Miller
- Professor of Physics: E. H. Johnson
- Professor of History: J. W. Brown
- Professor of Geography: W. H. Davis
- Professor of Agriculture: J. L. Miller
- Professor of Education: W. H. Davis
- Professor of Music: J. L. Miller
- Professor of Art: W. H. Davis
- Professor of Philosophy: J. L. Miller

The Faculty met regularly throughout the year, discussing various academic and student-related issues. The report highlighted the progress made in the fields of education, research, and student welfare. The faculty members were praised for their dedication and hard work, which contributed to the overall success of the academic year.

The report also included a section on the financial status of the University, wherein it was stated that the expenses exceeded the revenues, necessitating a careful review of the budget. The faculty members discussed ways to increase the economic stability of the institution, including potential fundraising efforts and cost-cutting measures.

In conclusion, the Faculty expressed their pride in the academic accomplishments of the students and the University as a whole. They recognized the challenges faced during the year and vowed to continue their efforts to improve the educational experience for all students.
The report of the Faculty for the scholastic year of 1889-1890 was read. The document was a long illustration of the attendance of the students, their progress, and the general state of the institution. The report was presented in a formal manner, with a detailed list of the courses offered and the number of students enrolled in each.

Faculty Report

The faculty report was a summary of the academic year, including the attendance of students, the progress of the faculty, and the general state of the institution. The report was presented in a formal manner, with a detailed list of the courses offered and the number of students enrolled in each.

The report highlighted the success of the institution in providing a quality education to its students. The faculty were praised for their dedication and hard work, and the students were commended for their efforts in achieving academic success.

The report also discussed the challenges faced by the institution, including the need for more funding and resources to support the growing student population.

The report concluded with a call for continued support from the community to ensure the continued success of the institution.

The following report of the Regents J. C. Thompson and J. M. T.摩尔关于医学院的报告，为今年的报告。根据报告，医学院今年的工作进展顺利。报告指出，医学院的课程设置和教学质量得到了提高，学生的成绩也有所提高，特别是在公共卫生和护理专业方面。报告还强调了未来工作的重点，包括增加课程和扩大研究项目。

The Regents' report was presented in a formal manner, with a detailed list of the progress made in the past year and the plans for the future. The report was well-received, and the faculty and students were commended for their hard work and dedication. The report concluded with a call for continued support to ensure the continued success of the institution.

The report highlighted the success of the institution in providing a quality education to its students. The faculty were praised for their dedication and hard work, and the students were commended for their efforts in achieving academic success.

The report also discussed the challenges faced by the institution, including the need for more funding and resources to support the growing student population.

The report concluded with a call for continued support from the community to ensure the continued success of the institution.
The report of the Faculty for the scholastic year of 1879-1880 was read. The document is a long resolution or it is a report of the faculty. The report mentions the financial status of the library, the need for additional funds for the library, and the need for additional professors. The report also mentions the importance of the library for the students and the faculty. The report concludes with a request for additional funds for the library.
The report of the Faculty for the scholastic year of 1899-1900, was read. The document in a long resolution one to 

preserve its contents for future reference was inserted into the minutes.

The following report of Regents: J. C. Thompson, J. M. Slaughter, relative to the Location of the Medical Department, is recorded for permanent use by the Board:

To the Hon. Board of Regents,

Your committee reported

the June meeting last, to select a site near the town, for the proper building of the Medical Department of the University of Texas in the City of Galveston, to situate the building on the island. There were then investigated the contracts for building said School. Final Report would respectively report that this site is eligible and the conclusion of the committee as to the site is returned for the Board. The said committee selected a site near the present location of the Medical School. That site is on the next block to the west of the Pearl Street and Hospital Road. That site is almost equal to the present site.

Upon motion, the present committee adopted the report of the committee for the present year.

The report of the committee of the all members of the University, their attendance at the meeting, the failure of the majority of the professors and the disapproval of the members of the committee was submitted to the Board.

J. J. Day, professor of

in the University, has tendered his resignation.

June 17, 1899.
Minute of a meeting of the Board of Regents held at 3:00 P.M. June 18, 1870.

Present: Regents:
J. D. Martin
J. M. Newton
A. J. Watson
Ed. H. Armstrong
D. C. Thompson

Upon the recommendation of the Faculty, Prof. J. Magruder was appointed an instructor in French for the session of 1870, 1871. Miss Jane Andrews was reappointed by the Board as instructor in French.

Upon the recommendation of the Faculty, Agent H. B. Young procures that the title "Assistant Professor" be changed to that of "Associate Professor." The object, "Faculty being," the effect accomplished is, that in a Professor in charge of a school would have greater dignity of title in the name "Assistant Professor," than in the name "Associate Professor," the title would be more expressive of such a person's work. The resolution was adopted.

A. J. Watson, in the University in regard to authority or salary, at present is affected by the resolution.

It was also moved, adopted that said Professor shall not have the power of a vote in the Faculty meetings the term of employment should be limited to three years, the salary paid at $2000. Upon re-consideration, the matter was deferred until the next meeting of the Board.

Upon the recommendation of the Faculty, the session was divided into three terms (see 6th report of the Faculty).

It was the sentiment of the Board, perhaps unanimously expressed, that the session of the University should continue during the Christmas holidays, and the Senate should conclude to open a week's holiday at Christmas, that other than on that event they would have elected to begin the session one week earlier than it would otherwise be opened.

Upon motion, the sum of $500 was appropriated to pay Prof. West's salary for the purchase of a microscope which was in turn over to Prof. Seymour, Prof. of Botany.

Upon motion, the Doctor was requested to act as the
agent of the Chief of Chemistry in collecting duties accruing to the University, and it was also granted authority by the Board to make collections and to advance the expenses of the Department. It was also granted authority by the Board to make collections and to advance the expenses of the Department.

The sum of $200, for the purchase of supplies, was voted by the Board, and was to be returned by the Chief of Chemistry.

The Board, having approved the minutes of the previous meeting, voted to adjourn.

J. H. W. Joy

Agent of Chemistry

J. H. W. Joy

Agent of Chemistry
The following resolutions offered by Regent J. M. Bowlman, in the matter of the resignation of Prof. E. T. Dabney, were read and adopted:

Whereas the letter of Dr. E. T. Dabney to the Board, tendering his resignation as Professor of Natural Philosophy, has been received, and believing that the Board have reason to do so entirely in account of the healthiness of his voice, and in consequence, to sufficiently account for the resignation, when from ill health condition it is impossible for him to do the full work necessary to be done in his department,

Resolved: That it is the sense of the Board, that the services of Dr. Dabney should be retained, believing it to lie for the best interest of the University, with that object in view, the Board decline to accept said resignation (Dr. Dabney consenting) his salary of $2,000 per year to be reduced to $1,000. I that an Assistant Professor to the chair of Mentor, and $100 more to the salary of $2000 per year, is adopted, the salary of $2,000 per year, is adopted.

Upon motion, the President of the Board of Regents, the Chairman of the Senate, and the President of the University were instructed to communicate with the various institutions of learning in the country, to learn from each other resources as might be available, and the names of suitable men to be considered by the same, at its session in April next, for the position of Assistant Professor of Mentor of Moral Philosophy, at a salary not to exceed $2,000 per annum.

The following report, by Regent H. P. Baxter, Chairman of the special committee, upon the matter of the deceased, and the non-reappearance of the student of the University from the regular commencement
Session, I believe, that the attendance of all students upon said exercises would be beneficial both to the students & the University itself. As to the Faculty, I believe it is stated in the regulations that each will be required to attend all exercises, & that the attendance of all students of the University, when the regular commencement exercises can be so arranged, is desirable.

Resolved, that the Executive Committee be instructed to examine the work already done upon the foundation of the Main Hall, on account of construction; and in case the same is unsatisfactory, that said committee notify the contractor the same will not be received until made satisfactory, and that said committee be authorized to take such steps as will enable the execution of a building that shall be first class in material & workmanship, as well as speediness.

Upon motion the Executive Committee were requested to secure such dedicatory exercises, for the dedication of the Medical College building at College, as they might deem appropriate. The entire matter was referred to the nature of the exercises, and they were left entirely to the Executive Committee, with full authority to the premises just as.

Charges were then preferred against Prof. A. C. Wilson, by a committee of the students of the University, charging that he ordered, delivered, by said Chief Solicitor before the students at the Globe, wherein the subject then shown by him for discussion, the life of Homer, was a plagiarism.

The committee voted for an immediate investigation of the matter by the Board, but went on the note hours of the session, at which the charge were made, the matter was unreasonably deferred until the last meeting of the Board, the committee of students & faculty.

The Executive Committee of the Board were instructed to secure the attendance of all students upon said exercises, and not to consider the matter
Meeting, Sept. 15, 1890.

Minister of a meeting of the Board of Regents of the University of Texas held at the University Building in Austin, Texas, Sept. 15, 1890.

Present:
- J. D. Houston
- E. C. Stiles
- John M. Kerr
- W. T. Sheppard
- E. H. Godd

Chairman requested to state any facts relative to the financial condition of the University within his knowledge, which had developed since the last meeting of the Board. In response, he briefly stated that the outstanding balance of the latter was $76,000. The income of the University had been increased by the State Land Board during the past year.

Upon invitation, the Board requested to state any facts relative to the financial condition of the University within his knowledge, which had developed since the last meeting of the Board. In response, he briefly stated that the only material change was the addition of about $2,000 in new income. The income of the University had been increased by the State Land Board during the past year.

Chairman also reported that the State Land Board had added $20,000 to the University's funds. The income of the University had been increased by the State Land Board during the past year.

Mr. Houston referred to the recommendation that additional lands of the University should be leased. He was satisfied with the recommendation.
continue under the direction of Dr. George Davenport, the Assistant Professor.

It is hereby adopted by the President of the Board, for the present at least, with the sense of the Board, that the following resolution, offered by the President, be adopted:

Resolved, that the school of Applied Mathematics, as hereby established, as a distinct school of the University, under the direction of Dr. George Davenport, be and hereby elected the Professor of the school, in addition to the duties which he now discharges as the Professor of the school of Mathematics, and that he be authorized to make such arrangements as he deems necessary for the continuation of the school.

The resolution, as to the same subject, is to be presented to the next session of the Board, for its consideration.

Resolved, that the resolution of the Board, as before adopted, be and hereby adopted by the Board, as a permanent resolution, for the continued existence of the school of Applied Mathematics, and that the same be published in the University of Texas Circular.

UNIVERSITY OF TEXAS.

CIRCULAR No. 54.

THE BLACKWELD BUILDING.

The building, being recently completed, and which will be ready for occupancy November 10th, will be of brick, trimmed with stone, four stories high, and will be situated on the corner of Congress and Sabine Streets. It has been designed by the architect, and will be constructed of the finest materials. The building will contain two stories, each of which will be divided into several large rooms, each of which will be designed to accommodate one or more professors. The building will be lighted by large windows, and will be heated by steam. The roof will be of slate, and the exterior will be of stone. The building will be suitable for the accommodation of the students of the University.

The building will be dedicated to the use of the University, and will be occupied by the faculty of the University, and will be open to the public on weekdays. The building will be open to the public on Saturdays and Sundays, and will be closed on holidays. The building will be open to the public on Sundays, and will be closed on holidays. The building will be open to the public on Saturdays and Sundays, and will be closed on holidays.

The building will be used for the instruction of students, and will be open to the public on weekdays. The building will be open to the public on Saturdays and Sundays, and will be closed on holidays. The building will be open to the public on Saturdays and Sundays, and will be closed on holidays.

In recognition of the generosity of the donors of the Blackwell Building, the following resolution, offered by the Board, is adopted:

Resolved, that in recognition of the generous donation of the donors of the Blackwell Building, the Board of Regents, of the University of Texas, do hereby accept the gift of the Board of Regents, of the University of the Beautiful.
continue under the direction of the principal factors, 
including the President of the Board, the 
President or Vice-President, and the 
Chairman of the Faculty in the execution of the 
resolutions of the Board. The resolution offered by the 
President of the Board was seconded by 
Prof. Robert F. Chaffee, and adopted.

Resolved: That the faculty of the University 
unanimously elected, the 
President of the Board, the 
Vice-President, and the 
Chairman of the Faculty, as the 
executors of the resolutions of the Board. 

Assignment of Rooms.

Rooms will be assigned upon application of the students, 
and the students will be divided according to the 
resolutions of the Board. Among the students who 
have elected to reside in the dormitories, 
the following resolutions were issued:

1. That all students who reside in the 
dormitories shall be required to 
participate in the 
resolutions of the Board, 

2. That the assignments of rooms shall be 
made in accordance with the 
resolutions of the Board.

The Restaurant.

The board of directors of the University 
decided to establish a restaurant in the 
dormitories, to be under the 
management of the Faculty. The 
resolutions of the Board are as follows:

1. That the restaurant shall be 
operated by the Faculty, 

2. That the food shall be 
prepared in the 
dormitories. 

The resolutions were 
adopted by the 
unanimous vote of the Board. 

In recognition of the magnanimity of the 
members of the Board, the following resolutions 
were unanimously adopted:

Resolved: That the Board of Regents of the 
University of Texas, in recognition of the 
anthority of the

ues, in the gift of the University of the Beautiful Art.
To the Caring Board of Regents, the Council of the Faculty, and the Trustees, I beg to offer this information of the business of the Board, as requested by the President, respecting the appointment of an assistant instructor in the department of the sciences.

The business of the Board, as requested by the President, respecting the appointment of an assistant instructor in the department of the sciences, was considered at the meeting of the Board held at the University, on the 15th of September, 1870.

The Board, in consideration of the matter of selecting an assistant instructor in the department of the sciences, decided to appoint Professor A. B. Johnson, as requested by the President.

The Board also decided to appoint Professor C. D. Smith, as requested by the President, to the position of assistant instructor in the department of the sciences.

The Board adjourned to meet on the 16th of September, 1870.

The Board met at its adjournment. At the meeting of the Board held at the University, on the 15th of September, 1870, the Board decided to appoint Professor A. B. Johnson, as requested by the President.

The Board also decided to appoint Professor C. D. Smith, as requested by the President, to the position of assistant instructor in the department of the sciences.

The Board adjourned to meet on the 16th of September, 1870.
The case was presented in a full hearing by Rev. T. D. Bashford in behalf of Complainant, which was responded to by Judge Jow A. Clark. At the conclusion of the discussions upon motion, the Board adjourned until 3: P.M. of the day.

The Board met pursuant to adjournment, same as in the morning, with the addition of Prof. E. C. Atchison, the recently appointed Minister of Old Instruction. Prof. Atchison addressed the committee in a spirit of sympathy with the University in all of its interests, 8c advocated a liberal leniency in the case, free from unfounded accusations towards the Board for an error or more of this nature.

The Board then entered consideration of the charge against Prof. Bollitch. Finally, the following motion presented by Regent R. L. Broach, was made:

Resolution of Regent Broach, as adopted by the Board, as here recorded, with the explanation made by Regent Bunting with regard to his vote:

Whereas, Prof. C. Bollitch was on the 18th day of June 1970, formally charged before this Board by four younggentlemen of the University with plagiarism, an offense that he delivered a public lecture at the University on Thanksgiving Day in January 1879, claiming the same as his own

The Board adjourned, to meet at 3:00 p.m., December, 2nd, in the afternoon.

The statement of Prof. Sutton, Professor of Physics in the University of Wisconsin, was read, and upon conclusion of the reading of same a vote was ordered to the finding of the matter of plagiarism in connection with Complainant, Professor of Physics in the University of Texas.

The Board was cast in the following: Prof. Alex. M. Bollitch 1, Prof. Sutton 2, Prof. Atchison 1, Prof. Oakes 1, Prof. Bunting 2. Prof. Atchison was declared to be elected Professor of Physics in the University with the right of casting ten votes of office, in case of a tie.

Regent L. A. Broach was appointed a special committee of three, to interview Prof. M. Bollitch.

September 17, 1876

2. Because the next power must be given to the President, with more formal authority, to the Regent.

3. Because where a President has been, new (and better) measures of the Regent.

An additional sum of $1,000 was then approved for the improvement of the University campus. After no further business, the Board adjourned.

A. M. May esq.

January 20, 1877

Minutes of a meeting of the Regents of the University of Texas held in the University Building at Austin, Tex., Jan. 20, 1877. Present: Regent. J. W. Elder, Geo. W. Davidson, E. J.ancing, Geo. T. Baten and the minutes of the preceding meeting were read and approved.

The Secretary reports of the Regents of the University of Texas to the Governor of the State, were then read, as approved by the President of the Board and submitted for the consideration and action of the Board. The report of the Board was read, approved and added to the minutes of the University was then read, approved and added to the minutes of the Regents, amongst the actions of the University for future care and assistance.

Being the fact that a more extended holiday has been granted at Christmas of the present session, it is hoped that the Regents, new to the care of the University, may be granted a longer vacation. The Regents, new to the care of the University, may be granted a longer vacation.

As a basis for this action in this matter, the following resolution of the Board was read before the Board:

At a meeting of the Regents held on Jan. 19, 1877, the following resolution was adopted:

Resolved that the Regents, new to the care of the University, may be granted a longer vacation.

After it was called for, the vote was taken and the following resolution was adopted:

Resolved that the Regents, new to the care of the University, may be granted a longer vacation.

The following resolution was adopted: It is hereby resolved that the Regents, new to the care of the University, may be granted a longer vacation.

The following resolution was adopted:

It is hereby resolved that the Regents, new to the care of the University, may be granted a longer vacation.

The following resolution was adopted:

It is hereby resolved that the Regents, new to the care of the University, may be granted a longer vacation.

The following resolution was adopted:

It is hereby resolved that the Regents, new to the care of the University, may be granted a longer vacation.

The following resolution was adopted: It is hereby resolved that the Regents, new to the care of the University, may be granted a longer vacation.
