Minutes of a meeting of the Board of Regents of the University of Iowa held in the Regent room of the University of Iowa, Iowa City, on the 2nd day of January, 1892.

The minutes of the preceding meeting were read and reported adopted.

Upon motion of Regent Bixler, as Leslie Haggard, Chair of the Faculty, was instructed to appear before the Board and present a report on the status of the Fee from the Faculty to the Regents.

Chairman Haggard presented a report on the status of the Fee from the Faculty to the Regents.

The first matter of concern to the Regents was the addition to the Fee of a large amount of land acquired with the proceeds of the 2nd Legislature's appropriation of $1,500 for the construction of a building.

The Faculty recommended that the Board of Regent's appropriation of $1,500 to this Fee be increased to $2,000 for the purpose of construction.

Upon the recommendation of the Faculty, the amount of $500 was added to the Fee in accordance with the wishes of the Fee.

The Faculty, through its Chairman, requested that the Fee be divided into two separate funds, one for the Department of Arts and the other for the Department of Science.

The recommendation was referred to the committee to report.

At this point, the Acting President, James M. Fogg, announced that the Board, in consideration of the great strain placed on the Board by the actions of the University, had decided to divide the Fee into two separate funds for the Department of Arts and the Department of Science.

The Board adjourned to meet at 8:00 a.m. of the day.
January 23, 1872

At 8 o'clock P.M. the Board met. Prayment to adjourn was read in the morning.

The architect, Ross M. Holmes, received for the new laboratory building, the signatures of the subscribers to the building fund, to wit: The chemical laboratory building, the lecture-hall, the gallery to the Assembly hall.

The report referred to the committee upon building grounds for their action thereon.

A communication was received from the Edna Found, seeking an appropriation of $1000 to build the laboratory in the rear of the buildings opposite, the same was adopted. A communication was received from the present time. The communication was carefully considered. The following resolution, offered by the chairman of the committee upon building grounds, was adopted:

The sum of $500 was appropriated in lieu of $1000.

In the Board of Regents:

Bronte Great

To Rev. S. R. Hornell, D.D.

About $60 will be required to make connection with the boiler & from the floor of the boiler house. I will settle the money this year. The balance of $100 was for improvements, expenditure made necessary by the year that the foundation of the chimney was not as good as was to be expected; an increased amount of stone work became necessary in order to make its unsafe design safe.

To the New Board of Regents

Your Committee offers the following report concerning the University of the State of New York relating to the subject of the establishment of the chair of the subject of English in the University, to be named English Chair, which shall be held by the President of the University. Your Committee, after careful consideration of the subject, desires to submit the following report to the Board of Regents:

1. The Board of Regents should establish a chair of English in the University to be named English Chair.

2. The position of the chair of English should be filled by a person with a distinguished reputation in the field of English literature and teaching.

3. The Board of Regents should provide appropriate funding to support the chair of English.

4. The Board of Regents should offer a competitive salary to attract qualified candidates for the position.

5. The Board of Regents should consider the relationship between the English Chair and other academic departments to ensure a cohesive academic program.

6. The Board of Regents should establish clear guidelines for the selection and evaluation of candidates for the English Chair.

7. The Board of Regents should consider the impact of the English Chair on the University's academic reputation and student enrollment.

8. The Board of Regents should consider the role of the English Chair in fostering interdisciplinary collaboration and research.

9. The Board of Regents should consider the potential for the English Chair to attract external funding and partnerships.

10. The Board of Regents should consider the long-term goals and objectives for the English Chair.

Your Committee believes that the establishment of the English Chair is essential to the advancement of the University's academic mission and to the enhancement of the University's reputation.

The minutes of the preceding meeting of the Board held on March 11th, 1872, were read and upon motion the same did and were adopted and approved.

Dr. J. F. P. Turner, Dean of the Medical Department, was present and read the report of the Faculty to the Board. This report briefly stated the work done in the Medical College during the season just closed, and recommended many useful measures to be adopted by the Board for future conveniences in making some supplemental improvements of the Department. The report was read.

The accompanying exhibit has been filed in the office of the President of the Medical Department for such use as occasion may require.

Regent C. W. Thompson then read the report of the Medical College Committee of which he was Chairman. The report being the final report submitted by the Medical College Committee and not having been presented in the meeting of the Board, was adopted.

Rev. J. B. Moore, President of the Board of Regents:

Minutes of the meeting:

Your Committee in making their report are grateful to the Board. The Medical College has been 

very successful and deserve the praise of the year. While 

it has been a busy and fruitful period, yet the time 

transpired in the course of the session. It is hardly necessary to say, with satisfactory 

results. It has been a great success. The many books, lectures, and meetings have 

proved very useful with a plan for next session.

Respectfully submitted, the Board of Regents.

A meeting of the executive committee of the Board of Managers of the Female College was held at the residence of Mr. A. M. Root, President, on Monday, April 22, 1872. The minutes of the last meeting were read and approved, and the following report of the committee on the affairs of the College for the past year was presented:

**Finance Committee Report**

The financial condition of the College during the past year is as follows:

- Total Revenue: $12,000
- Total Expenditure: $10,500
- Balance: $1,500

The committee recommends the adoption of the proposed budget for the current year, which includes:

- Increased student stipends
- Additional educational facilities
- Expansion of the library

The committee also recommends the appointment of Mr. J. M. Root as the new headmaster, effective immediately.

**Construction Committee Report**

The committee on construction has been working diligently on the completion of the new dormitory, which is expected to be ready for occupancy by the end of the summer. The cost of the project is $50,000, and the committee requests additional funding to cover the remaining expenses.

**Education Committee Report**

The committee on education has approved a new curriculum that incorporates modern teaching methods and emphasizes practical skill development. The curricular changes will be phased in over the next two years.

The meeting adjourned at 5:00 PM.
The Report of the Committee was then
read, and the following
Motion of Regent's Board was the
same as that of the previous meeting of the
Board of Regents, viz., that the
advice of the Medical College Com-
mitee should be adopted.

The Board then adjourned
at three o'clock p.m. of the day.

The Board adjourned unanimously.

Resolved: That a committee of five
members of the Board be
appointed, who shall meet the
representatives of the A. Y. M. C.
College, and report to the regular
meeting of the Board at Appleton or

Resolved: That the
President and faculty of the
A. Y. M. C. College, to act as the
Committee on
Medical Missionary Society.

The application of Prof. W. M. Strong, for the use
of the
A. Y. M. C. College, was approved, and a
committee was appointed to
consider the same.

The Board also embraced the request of
the A. Y. M. C. College, to
act as the Medical Department of the
A. Y. M. C. College, for the
year of 1877, and at the salary of
$200.

An extended discussion was
required to reach the best mode of
seeing the
interest of the Medical Department at
A. Y. M. C. College.

The President then presented the
minutes of the previous meeting of the
Committee on
Medical Missionary Society.

Respectfully submitted,

B. Adjunct Professors.—At the regular annual meeting of the Board of Regents held in Austin, June 27, 1911, George F. Kirk was elected from Adjunct Professor of History to Associate Professor of History.

At the same meeting, Dr. C. W. Taylor was elected from Adjunct Professor of Applied Mathematics to Associate Professor of Applied Mathematics.

C. Associate Professors.—At the regular meeting held in Austin, June 27, 1911, Morgan C. Reagan was elected from Adjunct Professor of English to Associate Professor of English, in charge of instruction in English and in Philosophy, and Walter Lee was elected from Adjunct Professor of Latin to Associate Professor of Latin, in charge of instruction in Latin.

D. Instructor.—At the regular meeting of the Board of Regents held in Austin, January 19, 1912, Dr. L. Edwards was elected Adjunct Professor of Botany.

B. Faculty.—At the regular annual meeting held in Austin, June 27, 1911, J. Maginnis and Miss Anna Andrews were elected Tutors in French and German.

In the regular meeting held in Austin, January 19, 1912, the recommendation of the Faculty elected the following Fellows for the year 1911-12: J. R. B. McPherson, E. H. Homey in Chemistry; W. H. Baas in Mathematics; G. H. Wooten in Physics; E. O. H. Hovda in History; E. A. Mathis in Applied Mathematics; D. A. Pasmore in Latin; and J. F. Clark in Geology.

In the regular meeting of the Board of Regents held in Austin, January 19, 1912, the Board of Regents approved the report of the Board of Regents submitted by the President of the University.

The following is a statement of the Faculty:

The University of Texas, for the year 1911-12, the Faculty was authorized to select undergraduate students, to gain the degrees of Bachelor of Arts and Bachelor of Science.

FACULTY REPORT

The faculty of the School of Latin has submitted its report for the academic year 1972-73. The report outlines the activities and achievements of the faculty members during the year, including courses taught, research projects completed, and any significant contributions to the field of Latin studies. The report also highlights the challenges faced by the faculty and the steps taken to address them.

The report concludes with a summary of the faculty's contributions to the academic community and their plans for the upcoming academic year. The faculty expresses its gratitude for the support received and looks forward to continuing its work in the service of Latin education.

SCHOOL OF APPLIED MATHEMATICS

The School of Applied Mathematics at the University of Texas has had a productive academic year. The faculty has completed several research projects and has contributed to the advancement of mathematical sciences. The report highlights the achievements of individual faculty members and the contributions of the department as a whole.

The faculty has also engaged in collaborative projects with other institutions and has had a significant impact on the field of applied mathematics. The report concludes with a summary of the department's future plans and objectives.

SCHOOL OF ENGLISH

The School of English at the University of Texas has had a successful academic year. The faculty has taught a variety of courses and has contributed to the literary and cultural heritage of the community. The report highlights the achievements of individual faculty members and the contributions of the department as a whole.

The faculty has also engaged in collaborative projects with other institutions and has had a significant impact on the field of English studies. The report concludes with a summary of the department's future plans and objectives.

**FACULTY REPORT**

**Subcommittee on Equipment:**

- Mr. Smith: reviewed the day-to-day operations of the Department of Physics.
- Mrs. Johnson: monitored the research facilities and instrumentation.

**Recommendations:**

- Upgrade the laboratory equipment to meet the latest research standards.
- Increase the budget for research grants.

**Faculty Meetings:**

- Dr. Williams presented the department's progress in the past year.
- Prof. Smith discussed the upcoming experiments and projects.

---

**European Studies:**

- Prof. Johnson traveled to Europe last year to study the latest developments in physics.
- Dr. Smith attended conferences in Germany and France.

**Future Plans:**

- The department plans to expand its research in quantum mechanics.
- Additional funding is needed to support these developments.

---

**University Administration:**

- The provost has approved the budget increase for the physics department.
- The university will host a conference on quantum mechanics in the upcoming semester.

---

**Announcements:**

- The physics department is seeking new graduate students.
- Opportunities for postdoctoral research are available.

---

**Faculty List:**

- Prof. Smith: Department Head
- Dr. Johnson: Chair of the Physics Department
- Prof. Williams: Chair of the Chemistry Department
- Dr. Smith: Chair of the Mathematics Department

---

**Notes:**

- The department has received a grant for new equipment.
- The university is considering the construction of a new research facility.

The meeting adjourned at 5:00 PM.
The School of Biology at the University of Texas, Austin, was established in 1928.

During the academic year 1928-1929, the School of Biology had a total of 150 students enrolled, with 100 students in undergraduate programs and 50 in graduate programs. The faculty consisted of 10 full-time professors and 5 part-time instructors, with a total of 35 faculty members. The School was funded through a combination of state and federal grants, as well as private donations.

The School was organized into four departments: Zoology, Botany, Microbiology, and Neurology. Each department was headed by a full-time professor, with support from part-time instructors and research assistants.

The curriculum offered a wide range of courses in biology, including introductory classes, advanced courses in specialized fields, and research opportunities. The School also offered a variety of extracurricular activities, such as field trips, scientific meetings, and research conferences.

Overall, the School of Biology at the University of Texas, Austin, was a thriving academic community that provided students with a high-quality education in the field of biology.
The School of Mathematics

The School of Mathematics has been located in the basement of the Main Building, and arrangements have been made for the use of the first floor of the new building. The school consists of the faculty of mathematics, which includes the following:

- J. H. C. Whitehead
- H. S. M. Coxeter
- R. M. Thrupp
- J. W. S. Cassels
- D. A. Burgess

The school has been instructed to prepare a report on the progress of the work of the school, and the report is as follows:

1. The School of Mathematics has made good progress in the past year. The faculty has worked hard to improve the quality of the instruction and to increase the number of students enrolled.
2. The curriculum has been revised to better meet the needs of the students. A new course in advanced mathematics has been added, and the existing courses have been updated to reflect the latest developments in the field.
3. The faculty has been successful in attracting new students from other institutions and from abroad. The school has also been able to retain a high proportion of its existing students.
4. The school has received many positive reviews from students and parents. The faculty members are highly regarded for their expertise and for their commitment to teaching.

The report was submitted to the Board of Regents on June 10, 1972. The Board of Regents approved the report and directed the school to continue its efforts to improve the quality of its instruction and to increase the number of students enrolled.
The financial report submitted to the Board of Trustees of the University of Texas for the year 1892-93, states that the income and expenditures for the year amounted to $15,000. The financial state of the university is considered satisfactory, and the trustees are encouraged to continue their support of the institution.

The report also includes a statement of the condition of the library, which contains over 2,000 volumes. The library is well-stocked with books on various subjects, including mathematics, science, and literature.

The faculty report, submitted by Prof. J.B. Smith, states that the faculty is working diligently to improve the educational program. The report also includes a list of new courses that have been added to the curriculum.

The report concludes with a statement of gratitude to the trustees for their continued support and encouragement. The university community is encouraged to continue to support the institution in order to ensure its continued success.

The collection consists of Arachnoid Claws and

Prof. Frederic Mershon.

Mr. Bache has made this even more valuable collection in

which are several species of typical plants, several 8-annual forms which can

be used in class work as well as for the education of the public. He does need a man of such experience and plants for such a collection is only able to

report the University.

Upon being allowed to suggest from an examination of

the museum of Harvard, John Hopkins, and several Universities, several valuable work has been done by

Robert P. Coreas on fungi in these institutions. Collection of great value. Perhaps the best geology

collections in any University is that which during the last quarter of a century, Prof. Kendrew has built up

in Chicago. Besides well preserved forms from all the

groups of arthropods, there are splendid, dissected models,

representing interesting objects in glass cases.

Such a collection, naturally, the use of a skilled

preparator under the personal direction of the profes-
sor, requires, given to its formation.

With some laboratory work and a few years, the time that collection for our purposes would

soon students can make this further direction of the form obtainable.

Respectfully submitted,

The following report was presented by the Board of Regents:

J. T. H. Siler, President

The report of the Board of Regents is approved.

J. H. W. Stearns, Secretary

J. H. W. Stearns, Treasurer
at a former day, whereby it was determined that
the funds on hand were insufficient to justify the en-
ployment, at the present time, of Chief of Roman
Languages; it has become necessary, therefore, for you
then to indicate any person or
of the large number of applicants, as the choice for
the position. They would, however, then go
through elimination into the qualifications letter of
recommendation of the respective candidates for
each position; they find only three applicants whom
they have written of further consideration, viz.
Henry Dunn, John R. Lewis, and Geo. A. Knight;
the other applicants do not, in our opinion, call for
any further consideration, and they recommend that the
latter be directed to return the letter of
recommendation to the respective applicants with the information that their appli-
cations have been declined by the Board; and that the
Board, in advising the three applicants above named that the
appointments of each Chief of Roman Languages is
fixed for one year and that they may, if they choose,
allow their applications to remain open, and that the
same will be considered by the Board at the next
meeting of the Board.

2. They recommend, for the temporary supply of the
Chair of Latin, Dr. Edwin W. Biggs of Johns Hopkins
University, whose application, letter of recommen-
dation, &c. have been received, for your examination.
They recommend that the unsuccessful applicants for
each position be dealt with by the eliminating in the
same manner, as above indicated, with reference to
the application for the Chair of Roman Languages.

3. Referring to the matter of the appointment of
an additional Chief of Law, Your Hon. Board will
note that there are two names, which in the opinion of
your Board, make it advisable to postpone the
consideration of the filling of said chairs until the
Board reassembles in September next, and you can
therefore recommend said postponement.

4. Your Hon. Board have received two of the appli-
cation deadlines for the vacant position shown;

Respectfully submitted,

The following resolution was referred to the committee on:

Resolved, That the Board, in view of the great

benefits that may be conferred upon the State by an

instructed and University-trained faculty, respectfully

invoke the

appointment of a Supreme Court, which is now pre-

ominously located at the Capitol, as well as the Joint

Session of the Senate and House of Representatives, a

comprehensive and representative body, which, in view of

the fact that the Supreme Court is the highest court in

the State and is responsible for the administration of

justice, may be considered a body to which the

appointment of a Supreme Court is advisable and

necessary.

(Signed)

Wm. S. Johnson

The following report of the Committee on Instruction was

recommended to the Senate and House of Representatives:

To the Senate:

[Bill]

The Committee on Instruction, after

considering the accompanying resolution relating

to the matter of furnishing the services of the faculty

of the Supreme Court and Senate of the State, report

applicants in the holding of special sections in the

law school, as follows:

That they believe the said resolution to be consistent with the

interests of the State and its institutions and that it is

advisable to proceed with the appointment of a Supreme

Court as early as possible and that the Senate and House

of Representatives be requested to take such action as

may be necessary to secure the services of such court.
