## I. REMOVAL OF UNIVERSITY TO BRACKENRIDGE TRACT.

1. MEMORIAL. President Vinson read the following proposed memorial:

To the Honorable William P. Hobby, Governor of Texas; to the Honorable Pay M. Neff, Governor-Elect of Texas; and to the Honorable Senate and House of Representatives of the Thirty-seventh Legislature.

Gentlemen:

We the members of the Board of Regents of the University of Texas desire with great respect to call the attention
of your honorable bodies to the following facts and circumstances
under which se labor in our efforts to discharge the obligations
which our commissions impose. For nearly thirty-eight years,
this Board and its predecessors have earnestly endeavored to
build and maintain for the young men and women of Texas a Unilike sort in this Republic and conformable to the demands of
Constitution and laws of this State. This we now respectfully
it is our deliberate conviction that the ideal which we have bebe more nearly attained upon the foundation which has been laid
restricted.

In the past seven years, the attendance in the Main University and its branches has increased more than one hundred per cent, necessitating the erection of numerous unsightly, insanitary, and unsafe wooden buildings for instruction purposes, the crowding of classrooms and laboratories to the detriment of the health of students and the standards of teaching, and capsing the expense of maintenance to increase in undue proportion to the service which can be rendered. This increase in enrollment has further revealed the fact that suitable living quarters for students can not be found, which accounts for the relatively small er advancement in attendance this year, for we are reliably informed that the parents of not less than two hundred and fifty prospective students came to Austin in September and failing to find any sort of accommodations sent their soms and daughters elsewhere for their training. It is certain, therefore, that the University of Texas has reached its maximum growth upon its present foundation, whereas its history shows a normal increase of fromten to twenty per cent each year and by nothing less than this can it keep pace with the rapidly advancing demands which the people are making upon it for sercice. The United States Commissioner of Education has recently reported that Texas leads all the states of the Union in the proportion of high-school graduates who go to college, and we confidently believe that by 1925 the University of Texas, in the light of the experience of other states much smaller than Texas, should have a long-session attendance of not less than 7,500 students, exclusive of extension students.

In addition to this, we beg to submit that only three buildings upon the present campus are of fireproof construction; that one of the most essential has been condemned as unsafe; that they are all together inadequate and outgrown; and that most of the valuable equipment which is the accumulation of years of effort, and which cost more than a million dollars is in constant jeopardy of destruction by fire; to say nothing of the loss of life which might be incurred, which we are endeavoring to forestall by fire drills to the serious disturbance of class and laboratory exercises. The wooden buildings which we have been compelled to erect are not only subject to all the above criticisms, but are positively wasteful economically on account of the rapidity of their depreciation.

JAN 5 1921

Further, not only is the physical plant of the University inadequate, outworn, and dangerous, but the present campus, consisting of only forty acres, is too small not only for the growth which we anticipate but even for the buildings now required. In the early days of the University's existence sufficient real estate could have been secured contiguous to the present site at a nominal expenditure, but this is no longer true. Practically all of the land necessary for the present and further development of the institution is encumbered with residential and other buildings which can be of no possible use to the University and would therefore have to be demolished to make room for structures adapted to its purposes involving an economic waste which our judgment can not approve Many of these are homes about which the affections of generations have gathered, and, even if their acquisition would secure for the University adequate grounds for its future expansion, which we believe it would not do, we can not face with equanimity its development at the cost of the bitterness which such a course must inevitably produce. Further than this, we believe that the financial outlay required is prohibitive. We have recently made a careful investigation of this matter, and have ascertained that to acquire land in an amount which might meet the conditions for even a single generation would require the expenditure of approximately five million dollars, and at the end of that period the University and the State would face in all probability the same problems by which they are now confronted. And, inasmuch as the buildings alone which are now necessary, according to the schedule attached hereto, call for the expenditure in the next five years of ten million dollars, we can not submit to you the appalling proposal to expend the sum of five millions in addition for the merepurchase of land, if there be any other available solution of that problem.

The difficulties above outlined are made even more serious by the fact that the Constitution of Texas makes it impossible for the Legislature to appropriate any funds from the general revenue or to levy any tax for the erection of permanent buildings or for the purchase of land for the University, and the two unsuccessful attempts which have been made in recent years to amend the Constitution in that and other particulars do not encourage us to believe that any immediate remedy can be expected from that source.

We therefore beg leave to submit for your consideration and favorable action the following proposals, which have been adopted by the unanimous vote of the Regents:

l. We propose that the Thirty-Seventh Legislature endorse the action of the Board of Regents to move the Main University from its present site to the land on the Colorado River given some years ago by Honorable George W. Brackenridge, of San Antonio. This proposed site is of commanding importance, beautifully located, and should be adequate for all future conceivable needs of the University. It consists at present of

nearly five hundred acres, situated on both banks of the River; and, in addition to his other benefactions, Mr. Brackenridge before his death proposed to purchase approximately three hundred acres contiguous thereto, all of which was to be deeded by him in fee simple to the State of Texas for the use of the University. The death of Mr. Brackenridge may make some changes in the forms of his benefactions to the University, but we are convinced that the land in question should be acquired. Options to purchase a large part of the additional land are in hand, and the remainder can be obtained at a fair valuation, if necessary by court procedure. A map of the city of Austin is attached to this memorial, showing the proposed site.

- 2. We propose that the Thirty-Seventh Legislature purchase from the Board of Regents the present campus and buildings of the University at a valuation to be agreed upon between your nonorable bodies and the Board of Regents, reserving to the University the right of continued occupancy thereof until the new plant can be completed. We submit that these premises and buildings can be used to advantage by the State Government as offering a suitable location for the State Library, the Supreme and appeal ate courts, and other State departments, with sufficient ground for their future development.
- 3. We propose that the Thirty-seventh Legislature make an appropriation to reimburse the Available University Rund for monies which have been expended from this fund for maintenance of the University, which expenditures were properly chargeable to the General Revenue of the State. The amount so expended is upwards of \$3,000,000.00. If the University Available Fund could have been conserved for building purposes, the needs of the institution would today be more adequately supplied.
- 4. We propose that the Thirty-seventh Legislature authorize the Board of Regents to assign, upon such terms and conditions as the Board may determine, certain lots or plats of ground out of the acreage referred to under Proposal 1 hereof to churches, institutions, andorganizations maintaimed and operated primarily with these organizations or with the administrative or instructive staff of the University, the purpose of this proposal being to gather all such salutary influences about the institution and at of private exploitation.
- 5. We propose that the Thirty-seventh Legislature submit to the people of Texas such constitutional amendments as will enable future Legislatures to provide for the completion of the plant andfor the proper maintenance of the University. In this connection, we submit our belief that the form of the present University endowment can be changed so that it may be made to cover the major portion of the building and equipment needs of the Unithan that entailed by the second and third proposals of this memorial.

In the event that your honorable bodies should concur in the foregoing recommendations, the following conditions would appear:

l. There would then be available for buildings and equipment for the biennium beginning September 1, 1921, the sums realized from the appropriations requested in Proposals 2 and 3 from the University Available Fund, conditioned, however, upon a ture for the biennium. We are further assured that the Scottish of dormitories for students of the University in the next four five years at the cost of \$1,000,000. These sums would go far toward meeting the demands of the Main University, less, of course,

any sums which might be required for the Medical Branch and the College of Mines and Metallurgy, and could be made adequate for the needs of the institution if construed with sufficient liberality by your honorable bodies, provided that such construction would not in your judgment impose too great a burden upon the taxpayers of the State.

2. The interests of economy will be served by planning and building at practically one time or upon a definitely continuous program. The whole architectural and landscaping scheme could be established by matrued consideration of the styles and relative locations of individual buildings in a consistent group, and the necessary expense of fees for such buildings could be reduced to cover only the cost of the grouping scheme and the detailed drawings of typical buildings, the work of supervision and the plans for buildings following established types being largely under the University resident architect.

3. The adoption of the proposals herein outlined would in our judgment furnish such a foundation as would appeal to the collective generosity of the ex-students of the University and at the same time offer to other wealthy citizens of Texas opportunities for the utilization of their means, affording encourage them to share with the State the burden of both equipment and support. We believe that no inconsiderable part of the proposed initial expenditure over and above the amounts herein named would be forthcoming from private sources.

We therefore most respectfully request and urge your consideration of these proposals and your early and favorable action upon them. We believe that the people of Texas desire some such consummation as is contemplated herein and that they will not consider them exorbitant or themselves unduly burdened by their cost. The visions and purposes of the fathers of Texas were broadly conceived but they still remain unfealized and unaccomplished. We as a Board of Regents find it impossible to continue our present disjointed and disappointing efforts in this direction at least without disburdening ourselves of the obligations of failure by reference of these matters to you upon whom the responsibility rests as the representatives of the people. We believe that the execution of these proposals will rob the future of any opportunity to feel that we have administered the affairs of our generation with that lack of vision which we so often charge against the past.

All of which is respectfully submitted by the Board of Regents in called session assembled, in the city of Austin, Texas, January 5, 1921.

Cure ton stated that a number of legal questions are involved in the proposals but he was not prepared, without a thorough investigation, to give an opinion concerning them. He recommended that the Board decide what it thought ought to be done and ask the Legislature to do it, leaving the legal questions to be dealt with by the Legislature.

Mr. Kemp moved, seconded by Mr. Wroe, that the memorial be adopted. By a unanimous vote the motion was adopted.

- 3. BUIDDINGS NEEDED. On motion of Mr. Kemp, seconded by Mr. Kelly, the Board adopted the following tentative list of new buildings needed if the move recommended should be made.

8. MATRICULATION FEE REMITTED FOR HOLDERS OF MEXICAN SCHOLARSHIPS. On motion of Mr. Stark, the Board voted to exempt the holders of Mexican Scholarships from the matriculation fee.

9. BRACKENRIDGE RESOLUTIONS. The Board adopted the following resolutions in memory of Honorable George W. Brackenridge, a Regent of the University, who died December 28, 1920.

> "Be it Resolved, that the Board of Regents express its profound regret at the news of the death of the Honorable George W. Brackenridge, of San Antonio, a member of this Board, and be it

"Resolved, that we record our high appreciation of him as & man, as a citizen, and as a Regent of the University of Texas for thirty years of continuous service, and be it

"Resolved, that in our judgment the University of Texas owes much of its past service to the people of Texas, its present greatness, and its ideals, for the future, to his vision, and his ef-

forts in its behalf, and be it
"Resolved, that a page in the record book" of this Board be set apart to his memory and that as soon as practicable, his name be enshrined in suitable and permanent form upon the campus of the University, and be it further

"Resolved, that we express our sincere sympathy to the members of him family, and that the Secretary of the Board be instructed to furnish a copy of these resolutions to his family and to the press. "

The Board adjourned. o

Chairman.

Meus Secretary.

On the call of Chairman Cook, the Board of Regents met in special session at 10:30 on Wednesday morning, February 2B, 1921, in the directors' room of the American National Bank

Austin, Texas, February 23, 1921.

for the purpose of considering pending measures of University interest in the Legislature and for the transaction of such other business as might be necessary. Present: Regents Cook (Chairman), Brents, Kelly, Wortham, Stark, Wroe and Folts; and President Vinson and the Secretary.

President Vinson gave a review of Legislative events with reference to the proposal to move the University to the Brackendidge tract from the time the Board issued its memorial up to this date. Mr. R. H. Baker a citizen of Austin, appeared before the Board and spoke in opposition to the removal, displaying a diagram showing certain lands lying to the north and east of the present campus, on which he and other Austin citizens had secured options.

Mr. Brents moved that the Board give its support to the plan of continuing the University on its present site and of acquiring additional land adjacent to it. The motion was seconded by Mr. Folts.

Mr. Wortham moved to table this motion. The motion was seconded by Mr. Stark. The vote on the motion to table was as follows: Ayes: Wortham, Kelly, Stark. Noes: Brents, Folts, Worke. Chairman Cook voted aye, breaking the tie.

Mr. Wortham then moved that the Board adhere to the position taken by it in the memorial adopted at its last meeting. Mr. Kelly seconded the motion and it was adopted by the following vote: Ayes: Wortham, Stark, Kelly. Noes: Brents Folts. Mr. Wroe stated that in view of his connection with the Littlerield estate he wished to be recorded as not voting.

At one o'clock the Board adjourned for lunch.

## AFTERNOON SESSION

The Board reassembled at two o'clock, the attendance being the same as in the morning.

#### MISCELLANEOUS

1. GARCIA LIBRARY. A committee of the faculty consisting of Drs. Benedict, Barker and Hackett appeared at the request of the President to report to the Board concerning a valuable library, known as the Garcia Library, that had been brought to the attention of the History Department. The Committee stated that Mr. Winkler had inspected the library and reported it to be worth about \$100,000 or \$125,000, and that it is very valuable, and acquiring it would give the University of Texas the best library in the United States in the field of Mexican History. The Committee stated further that they are making efforts to secure money from private individuals for the purchase of the library, but they have not yet succeeded, and that the option they had secured on the library would expire on March 5. On motion of Mr. Wroe, seconded by Mr. Stark. the Board voted that in case the option cannot be extended the University purchase the library at a price not to exceed \$125,000, and appropriated that sum for the purpose, on the understanding, however, that efforts for raising the money from private sources are to continue and University funds, if expended, for this purpose, are to be replaced to the extent of the collections made from private sources.

  the Board authorized the completion of the new dormitory at the
  College of Mines and Metallurgy and appropriated for that purpose the sum of \$16,297.00.
- 12. SALE OF UNIVERSITY LANDS. Some agitation having arisen in certain sections of the state with reference to the sale of University lands, the Board voted, on motion of Mr. Kelly seconded by Mr. Wortham, that University lands be not sold.

Before adjourning the Regents voted the following as a fuller expression of their attitude with reference to the question of moving the University:

"While the Roard of Regents is deeply sensible of the difficulties that have been raised in the Legislature with reference to the removal of the University to the Brackenridge tract and while the Board naturally holds itself always in readiness to comply with the actions of the Legislature in all matters touching the government of the University, yet the Board feels that having anticipated these difficulties before presenting its memorial to the Governor and Legislature no reason exists at the present time under which it would feel authorized to retract its recommendation as contained in its memorial. Further, it is the judgment of the Board that the resolutions calling for the appointment of a committee of the Legislature, or a commission, to examine into these matters in more detail and to report to the Governor and the Legislature, offer a wise and sensible course and the Board hopes that the question of the location of the University will be acted on by the Legislature without referring this matter to a vote of the people for the Board believes that the University has been located in Austin by the people and that it should remain there."

Secretary.

MAY 24 1921

Austin, Texas, May 24, 1921.

A special meeting of the Board of Regents was held in the President's Office on Tuesday, May 24, 1921, beginning at ten o'clock, in response to the following call by the Chairman:

"Upon authority chairman I am hereby calling meeting Board of Regents University of Texas to convene in President's Office on Tuesday, May 24, for purpose of electing officers, approving items of cur-Fent business, conferring degrees, and instructing President with reference to budget for session nineteen twenty-one nineteen twenty-two, pending final decision by Legislature."

Chairman Cook called the meeting to order. Present, Regents Cook (Chairman), Kelly, Stark, Wortham, Wroe, Folts, H. H. Harrington of Dallas, Frank C. Jones of Houston and Mrs. H. J. O'Hair of Coleman; President Vinson; and the

- 15. LECTURERS FROM SPAIN AND SPANISH AMERICA.
  On motion of Dr. Harrington, seconded by Mr. Stark, the
  Board authorized the President to cooperate with the Instituto de las Espanas en los Estados Unidos in bringing to
  the United States distinguished lecturers from Spain and
  from Spanish America, and to secure two or three of these
  lecturers for the University at the rate of \$100.00 each.
- that the Legislature has not yet made any appropriation for the maintenance of the University next year and in view of the uncertainty as to how large the appropriation to be made will be the Board voted, on motion of Mr. Jones, seconded by Mr. Wortham, to authorize the President to make a budget for next year on the basis of the present budget, without any advances or promotions, such readjustments, if any, as may be necessary, to be made at the October meeting, when the resources available will be known.

o'clock. At twelve o'clock the Board adjourned until two

## AFTERNOON SESSION

The Board reassembled at two P. M., the attendance being the same as in the morning.

- 17. MAY AND JUNE CANDIDATES FOR GRADUATION. On motion of Mr. Stark, seconded by Mrs. O'Hair, the Board authorized the President to confer appropriate degrees upon the respective candidates at E Paso, Galveston and Austin this spring when properly certified by their respective faculties and deans. This action was taken because, there being no budgetary matters to be attended to, no other matter would otherwise remain to make necessary the regular meetings in May and June.
- 18. DIPLOMA SIGNATURES. On motion of Mr. Stark, seconded by Mr. Jones, the Board voted that; leaving to the faculty of a college or school the decision as to whether its members shall or shall not sign the diplomas of its graduates, a University diplomassigned by the President of the University and the Dean of the candidate's college or school shall be regarded as an official diploma.
- 19. UNIVERSITY ARCHITECT. The President presented a letter of application from Messrs. Giesecke & Harris of Austin for the position of University Architect. The question of a suitable architect was referred, on motion of Mr. Wroe, seconded by Mrs. O'Heir, to the Building Committee for investigation and report.
- 20. LAND NEWLY ACQUIRED. On motion of Mr. Folts, seconded by Mr. Stark, the Board voted to lease the property, for the purchase of which the last Legislature appropriated 1,350,000,00, no lease, however, to be made for a longer period than two years.

21. LAW SCHOOL. On motion of Mr. Stark, second, ed by Mr. Jones, the Board authorized the appointment of a committee of the Regents to make a study of the organization and personnel of our Law School. Chairman Stark later appointed Messrs. Wortham, Chairman, Jones and Folts to constitute this committee.

22. REDRGANIZATION OF THE BOARD. Chairman Cook stated that this was the time for the reorganization of the Board and called for nominations for Chairman. Mr. Kelly nominated Mr. Stark, and he was elected. Mr. Stark then took the Chair, and called for nominations for Vice Chairman. Mr. Wortham nominated Mr. Kelly, and he was elected. For Secretary Mr. Folts nominated the present incumbent, and he was elected.

23. STANDING COMMITTEES. By common consent the Board approved the following list of standing committees:

Auditing: Messrs. Harrington & Jones.

Buildings and Grounds: Messrs. Folts & Kelly &nMrs.

O'Hair.

26. COPIES OF RECOMMENDATIONS TO EXECUTIVE COMMITTEE TO BE SENT TO ALL REGENTS. On motion of Mr. Harrington, seconded by Mr. Wroe, the Board requested the President, in sending recommendations for the approval of the Executive Committee between meetings, to forward a copy to each other member of the Board except in the case of transfer items amounting to

27. SALE OF UNIVERSITY LANDS. On motion of Mr. Kelly, seconded by Mrs. O'Hair, the Board reiterated its opposition to the sale of the University's lands in West Texas.

28. ADJOURNMENT. On motion of Mr. Harrington, seconded by Mr. Kelly, the Board adjourned.

Chai rman

Malheud. Secretary.

Austin, Texas, June 13,1921

The Board of Regents of the University of Texas met in the President's Office at 10 A.M. on Monday, June 13, 1921. Present: Regents Kelly (Vice-Chairman), Cook, Wroe, Wortham and O'Hair; President Vinson and the Secretary.

## I. CAMPUS ADDITION

Messra. Williams and Walton of the Commission appointed to purchase the land north and east of the present campus under the authorization of the last Legislature appeared before the Board of Regents to ask on what basis the Board wished to rent the property acquired, this information being desired merely as information in dealing with the property owners. After some consideration of the matter the Board voted, on motion of Mrs. O'Hair, seconded by Mr. Cook, to rent this property on the basis of 6% net of the selling price, including only reasonable living space in the case of residences occupying a considerable area.

#### II. PRESIDENT'S REPORT

The President presented his report, found elsewhere in these minutes, and the Board took the respective actions indicated below with respect to the various matters presented by him:

1. DEGREES. Voted, on motion of Mr. Cook, seconded by Mr. Wroe, the graduation of the following candidates and authorized the president to confer degrees in absentia in cases in which for good cause the candidates are unable to be present at the Commencement greecises:

## PRESIDENT'S REPORT

Austin, Texas, June 13, 1921.

TO THE HONORABLE BOARD OF REGENTS, UNIVERSITY OF TEXAS, AUSTIN, TEXAS.

GENTIMEN: I have the honor to submit the following report.

#### DEGREES

I recommend that the degrees set forth on the attached sheets be awarded by the Board of the candidates who have been recommended therefor by the deans of the several schools and colleges.

I recommend, further, that the president be authorized, as in former years, to confer degrees in absentia in cases where for good cause the candidates are unable to be present at the Commencement exercises.

## DEATHS

I record with deep regret the death during the current session of Judge Lauch McLaurin, Professor of Law, and of Miss Eulu Mary Bailey, Adjunct Professor of Physics. In view of their long and helpful connection with the University I feel sure that the Board will wish to give appropriate expression to its appreciation of their services.

#### RESIGNATIONS

The University will also lose, through resignation, the services of the following members of the professorial staff at the close of the present session.

James Finch Royster, Professor of English.

Mark Frederick Boyd, Professor of Bacteriology and Preventive Medicine.

Walter Tell Garbade, Associate Professor of Chemistry.
Alfred Ogle Shaklee, Associate Professor of Physiology
and Pharmacology.

Otto Ferdinand Bond, Adjunct Professor of Romance Languages.
Irving Willard Jones, Adjunct Professor of Music.

Recommendation of suitable successors will be made in the budget to be drawn up after the meeting of the special session of the Legislature next month.

## LEAVES OF ABBENCE

I recommend that leave of absence without pay be granted to the following members of the faculty for the ensuing academic year:

To Charles Henry Cunningham, Adjunct Professor of Business Administration, to enable him to serve another year as Commercial Attache at Madrid, Spain.

To Elias Howard Sellards, Geologist in the Economic Geology
Division of the Bureau of Economic Geology and Technology, to serve as geological expert for the State in
the determination of the south bank of the Red River in
the boundary dispute between Texas and Oklahoma.

## ADDITIONAL APPROPRIATIONS FOR 1920-1921.

I recommend that the following additional appropriations be made for the year 1920-1921:

The appropriation of \$150 to continue the services of S. N. Ekdahl as sanitary inspector for the months of June, July and August, at a salary of \$50 a month.

The sum of \$125 to provide for the employment of a sub-

The sum of \$125 to provide for the employment of a substitute physician to serve as eye, ear, nose, and throat specialist during the absence on vacation in August of Dr. S.N. Key.

The amount of \$2,000, or so much thereof as may be necessary, to cover expenses incurred by the Medical staff in caring for the long session students of 1920-1921.

The sum of \$30 to the Department of Music to cover the expenses of Professor Frank L. Reed in attending the annual meeting of the Texas State Music Teachers Association.

#### TRANSFERS

I recommend that the amount of \$1,500 appropriated by the Board in the annual budget for the employment of a University painter be transferred to the account for building repairs and improvements. It has proved impossible to secure a first-class painter for the amount indicated, and the work has been taken care of by part-time painters paid out of the repair and improvement fund.

#### REFUND OF FEES

I recommend that the provost of the Medical Branch be authorized to return to Claude H. Miears the fees paid by the latter for laboratory courses given during the second term of the session of 1919-1920. Mr. Miears was dropped from the rolls of the Medical School at the beginning of the second semester on account of unsatisfactory work during the first term, and is in fairness entitled to a refund of the fees paid for courses that he had not begun.

#### MERGENCY APPROPRIATIONS

In order that proper provision for next session may be made in certain departments, I recommend the appropriation at this time out of the available fund, subject to later reimbursement from the general revenue, of the following amounts:

\$500 for desks for the Department of Drawing.

\$500 for desks for the Department of Drawing. \$500 for desks for the Department of Mechanical Engineering. \$3,000 for Building and Janitors' Supplies. \$15,000 for Fuel. \$5,000 for Furniture and Floor Covering.

## FACULTY VACATIONS

I recommend the re-enactment of the following provisions adopted September 26, 1904, with reference to faculty vacations:

"The importance of rest and recreation to teachers is recognized, and it is desired that all shall have reasonable vacations, and shall use their vacations rationally to promote the ends for which they were afforded; but it must not be supposed that the vacation of the faculty extends from Commencement Day to the day on which instruction begins in the fall. All members of the faculty will be expected to be in actual attendance up to the 15th day of June and on and after the 15th day of September, except on leave extended for special reasons by the president of the University; and during the intervening time they shall keep the President notified of their whereabouts and will respond quickly for service."

## SUMMER SESSION BUDGET

I recommend that the attached budget of the summer session be approved. The items are simply the detail of the lump appropriations made last June for salaries, maintenance, and contingent items.

Respectfully submitted,
Robert Ernest Vinson,
President.

- 2. WIRELESS TELEPHONY. For the induction of a wireless telephone station in connection with our present wireless station the Board appropriated, on motion of Mr. Wroe, seconded by Mr. Cook, the sum of \$4,500, or so much thereof as may be necessary.
- 3. DAVID JOOST. The President presented a complaint from David Joost to the effect that he had been refused permission to resenter the School of Medicine at Galweston because of failures in work during two previous years, and that this refusal was preventing his acceptance by any other medical school. On motion of Mr. Cook, seconded by Mr. Wortham, the Board, upon the recommendation of the President, referred the matter to the faculty of the School of Medicine for careful consideration.
- 4. TRADE AND INDUSTRIAL EDUCATION. The President presented a proposed plan for instructor training in trades and industries and related subjects in the University of Texas for 1921-1922 under the provisions of the Smith-Hughes Act for vocational education, which plan, on motion of Mr. Cook, seconded by Mr. Wroe, was adopted by the Board. This action is merely a renewal of the contract with the Federal Government for the continuation of work now in progress. A copy of the plan was ordered filed with the Secretary.
- J. AUSTIN MOTION PICTURE CORPORATION. The President presented a request from Messrs. A. C. Go eth and Ewell Nalle, representing the Austin Motion Picture Corporation, for the lease of the building located on the southwest corner of the old Blind Institute grounds for use by their Company for the production of educational motion picture films. On motion of Mr. Cook, seconded by Mr. Wortham, the Eusiness Manager of the University was instructed to lease this building at a rental price to be agreed upon, subject to the condition that the lease may be terminated at any time poses.

There being no further business the Board adjourned.

### II. THE LEGISLATURE AND APPROPRIATIONS.

l. PRESIDENT'S ACTIONS APPROVED. The President presented the following recount of legislative happenings and on motion of Mr. Harrington, seconded by Mr. Wroe, the Board voted its approval of the manner in which he had handled these matters up to the present:

Austin, Texas, Aug. 1, 1921.

TO THE HONORABLE BOARD OF REGENTS, UNIVERSITY OF TEXAS.
AUSTIN, TEXAS.

#### GENTLEMEN:

I have the honor to submit the following report.

At the annual meeting of the Board last fall, I presented for ratification the legislative budget for the biennium beginning September 1,1921, which I had prepared under the instructions of the Board at a previous meeting and transmitted to the Board of Control for submission to the Thirty-seventh Legislature. This budget, calling for an appropriation of approximately \$1,633,000 for each year, was based upon the anticipated expenditures for the current session, amounting to something more than \$1,550,000, and the necessary additions and adjustments which would have to be made during the ensuing two years, and strictly contemplated saving the available fund and fees for the erection of permanent buildings.

At the regular session of the Legislature in February, I appeared before the Appropriations Committee of the House, and after considerable study agreed to reduce the amount of the University's request from the general revenue to \$1,475,000 for each year, on condition that the institution should be allowed to use for maintenance purposes the income from student fees, which would bring the total up to approximately \$1,575,000 each year. This agreement was based upon the following considerations: (1) That the reduction in the University's original request would not only eliminate all contemplated additions to the University's present program, but would also, in view of an anticipated student increase, involve the exercise of the most rigid economy in order to maintain that program, thereby necessitating the postponement for the time being of all advancements and promotions and all changes in the administrative machinery rendered highly desirable by reason of the

growth of certain departments; (2) that the appropriation of \$1,475,000, on account of the conditions outlined above, would be made in such a way as to give the Board of Regents considerable discretion in the utilization of the money, so as to make a confessedly inadequate appropriation reach as far as possible in caring for the University's needs.

At the meeting of the joint finance committees of the two houses some two weeks ago, on account of the probable financial condition of the State for the next to years, I agreed to reduce the amount of the University's request from the general revenue still. further to \$1,100,000 a year, on condition that the Board of Regents should be allowed to use for operating expenses not only the income from student fees but the available fund as well, which would have produced a total revenue of approximately \$1,450,000. This agreement was based upon the following consideration. (1) The appropriation was to be made in such a manner as to give the Board of Regents the same latitude in its expenditure as had been agreed to in the case of the \$1,475,000; (2) the amount of service rendered to the people of the State through the Bureau of Economic Geology and Technology; the Bureau of Extension; the University Interscholastic League, etc., was to be reduced, such of these agencies as possible being put upon a more or less self-supporting basis until such time as more prosperous circumstances would enable us to utilize them as the nucleus for rebuilding the present extramural organization; (3) such a program would have preserved the morale of the University staff at least to such an extent as not to cripple seriously the efficiency of the University; (4) the agreement was an effort to meet needed retrenchments in state appropriations through the utilization of funds which would make no inroads upon the general revenue, thereby setting free approximately the same amount for other state agencies without an increase of the tax rate. This last proposal was strictly in line with the original intent and purpose of the University's endowment, and also directly in line with precedents of thirty-seven years of University activity and of legislative appropriations therefor.

The Senate has passed without serious amendment the joint committee bill. The measure as finally passed by the House, however, carries an appropriation liberally estimated of only \$750,000 a year, inclusive of all student fees. In my judgment, any compromise below the figures agreed upon by the joint finance committees can not be accepted without the greatest possible injury to the University. These figures were submitted by me to the Legislature under specific instructions that I should present figures which, while as low as possible in the interest of economy, would not at the same time secure economy at the expense of the University's standards or of crippling its growth. The committees ofthe two houses were very clear in their instructions upon this point, and the revised budget that I furnished was strictly in keeping with these instructions so far as my conscience and intelligence were able to meet them.

The contemplated reduction in salaries contained in the House billin its present shape would be disastrous. Any reduction in salaries whatever would be extremely hurtful. The salary schedule now in force is a schedule which has been determined upon two grounds, and two grounds only: (1) It is not only not extravagant in itselfand not gauged to the prices of commodities as they existed in 1920, but actually gauged to prices as they existed before the war and only fairly adequate even on that basis, while as a matter of factnone of us has any reason to believe that prices on the whole will ever return to their

pre-war level. I wish distinctly to repudiate the assertion which has been made that the request of the Board for the adoption of the present salary scale was based upon the existing emergency or was accompanied by any promise, express or implied, that when the existing emergency had passed the Board would either advocate or favor returning to the old basis. I have no means of knowing how the members of the Legislature reached this conclusion or what understanding they had at the time of the adoption of the salary schedule. I wish only to clear myself of any responsibility for these opinions. (2) The salary schedule of the University of Texas must, in the last analysis, be determined by the standards of the institution, by the ability and efficiency of its faculty, and by the competition it encounters with other institutions of like sort throughout the United States. A Chinese wall can no more be built around the educational interests of this state than it can be built around its various business interests, and fundamentally the same principles must be applied in the one case as in the other.

An unfortunate and to my judgment exceedingly unfair element in the situation lies in the fact that the season for the employment of faculty members in the various institutions of the country has largely passed. Whatever the Legislature does, the members of the faculty of the University of Texas will in large measure be compelled to submit to for at least one year, on account of family responsibilities and financial obligations already assumed which must be met. Few of them are in position to live without the income which they are receiving from their work. The real effect of the situation will not be outwardly manifest until the end of the approaching scholastic year. On the other hand, numerous vacancies have occurred which have had to be filled, and offers of positions have been made and accepted by persons who are not working elsewhere and who have surrendered positions which wre already in hand in order to come to the University of Texas. In all fairness, all of these contemplated members of the staff must be released from their agreements, or at least given the option of declining to come under the changed condition tions. This will leave the staff seriously depleted, even on the basis of the present attendance.

Another point which should be emphasized is that the bill in its present shape before the House not only returns to the salary scale existing in 920, but returns also to the same number of faculty positions existing during the session of 1919-1920, and makes no provision whatever for the large number of members of the staff who have been added to take care of the increased attendance. The latter are altogether eliminated from the bill. The final result of the situation is that the appropriation by the House for the maintenance of the University for the next biennium would involve the expenditure of less money than was appropriated for the sessions of 1915-1916 and 1916-1917, when the attendance was considerably less than half what it is today.

Still another point that should be brought to the attention of the Board is that the House bill in its present condition is about as inelastic as it can possible be. Not only does the measure attempt to frame a budget for the University for the next two years without any knowledge of or regard to the functions, ability, or efficiency of the various members of the satff, but it permits of no changes or substitutions whatever. The introduction of a changed salary schedule, if one were adopted, would certainly demand extremely careful adjustments all along the line; while the attempt to fix definitely for two years in advance the

positions and salaries of the members of the University staff is not only wholly impracticable, but utterly destructife of all economy and efficiency.

Respectfully submitted.

ROBERT ERNEST VINSON, President.

At one o'clock the Regents recessed until two

#### AFTERNOON SESSION

The Board reassembled at two o'clock, the attendance being the same as in the forencon.

2. VIEWS OF REGENTS CONCERNING UNIVERSITY APPROPRIA-TION BILL. The Regents discussed the legislative situation at length. Mr. Lobe Carlton, Chairman of a conference of ex-students, came in for consultation. The result of all deliberations was the authorization, on motion of Mr. Wortham, seconded by Mr. Jones, of the following statement of views:

"The Board of Regents of the University of Texas met in called session on Monday, August 1, in order to consider the conditions which have arisen in view of the emergencies which now confront the state and the necessity of retrenchment and economy in the operation, not only of the affairs of the University but of all departments of the state government. This Board finds itself in complete accord with the sentiments expressed in the two houses of the legislature as these have been gathered from the press, upon the subject of economy, and is willing to enter into any arrangement which may tend not to increase the burden of taxation now being borne by the people of this state, and which at the same time will not destroy the morale of the University of Texas nor decrease the quality of the service which it is rendering to

"We are also heartily in accord with the efforts being made to reduce expenses in other departments of the state government, if necessary, on order that appropriations of adequate size may be made for the maintenance of rural schools and other parts of the public school system of the state.

"In addition to this, the board desires to direct attention to the fact that at practically every meeting of this board, whose personnel has been changed several times in the last five years, with one accord the determination has been expressed to reserve the income accruing to the University from its lands and bonds, known as the available fund, for the exclusive purpose of erecting buildings and providing those elements of permanent equipment which are so essential to the welfare and edvancement of this institution. It is partly due to this reason, as well as partly to the growth of the University during the last five years, that the requests for appropriations from the general revenue for the maintenance of the University have been so far in excess of the requests which had been made of previous sessions of the legislature. Throughout the history of the University it has increased in enrollment by an average of eleven per cent per annum. The present attendance in the summer school is in excess of 33 per cent greater than the attendance at the summer session of 1920, and this, together with the indication of the correspondence in the Registrar's Office, wuld lead us to anticipate at least a normal rate of increase in the long session students for the session of 1921-1922.

Whole, reported progress.

Somewhat more than a year ago, in accordance with the law, this Board prepared and presented to the Board of Control an itemized statement of the amount of money necessary to maintain the University of Texas as at present constituted for the biennium beginning September 1, 1921. The total amount of our request for maintenance was \$1,633,000 and after taking a most careful survey of the situation in the light of all developments which have taken place subsequent to that time, it is still the opinion of this Board that for the proper mainte nance of the University of Texas as now constituted. the amount named herein is not excessive. The Board of Regents, however, desire to direct attention to the fact that the size of the University is not a necessary indication of its quality, and in the event that the untoward circumstances by which the state is now confronted should eventuate in the raising of standards both of requirements for graduation and for entrance into the University, then in that event the reduction of the amount of money which might be expended by he state upon the University would not only be an unfortunate condition, but might in itself constitute so distinct a step in advance as to prove of

considerable value. "The special investigating committee of the thirty-sixth legislature in its findings recommended that the University be strengthened in its advanced and graduate and professional activities, and particularly along the lines of research and the Board of Regents would, therefore, count itself as being exceedingly fortunate in the event that it could definitely undertake to carry out this recommendation. This Board is not abo unaware of the generosity exhibited toward the needs of the University by the regular session of the thirty-seventh legislature in appropriating the sum of \$1,350,000 for the purchase of additional lands, thereby laying the foundation for the fulfillment of the plans of the farmers of Texas to provide for the young men and women of this state a University of the first class. If it should be thought impossible to realize this ideal in the physical properties of the institution at any time in the near future might it not well be that in the meantime that the work done by the institution could be put upon this first-class casis, thus bringing about a reduction in the immediate burden of expense to the state and waiting for the return of prosperous times to secure those parts of the ideal which now seem impracticable.

"The point therefore, of these observations of the Board is to the effect that this Board finds itself entirely willing to operate the institution upon such funds as the anticipated revenues of the state may enable the legislature to appropriate without doing injustice to the taxpayers or increasing the burden or depriving any other arm of the state's educational service of adequate means of support, and at the same time without lessening of the quality of service which the university is required to render under the constitution and statutory provisions applicable to this institution. An institution practically without restrictions cannot be operated except by the use of adequate means but an institution can be operated in a first-class manner upon such means as may be at the disposal of the state, provided this board be authorized to place such restrictions and limitations as may be necessary to secure this end."

III. COMMITTEE OF THE WHOLE

1. THE MOTION. Mr. Jones moved that the Board resolve itself into a Committee of the Whole for the purpose of considering some impotant matters concerning certain members of the faculty. The motion was seconded by Mr. Wortham and unanimously voted by the Board.

Austin, Texas, August 5, 1921.

Vice-Chairman Kelly called a special meeting of the Regents of the University in the President's Office on Friday morning, August 5, 1921, for further report from the Committee of the Whole and for the transaction of any other necessary business. Present: Regents Kelly (Vice-Chairman), Wortham, Folts, Harrington, Jones and O'Hair; President Vincon and the Secretary.

I. COMMITTEE OF THE WHOLE. On motion & Dr. Harrington, seconded by Mr. Jones, the Board went into Committee of the Whole.

### II. PROFESSOR R. E. COFER.

1. THE BOARD RECONVENED. The Board reconvened and Vice-Chairman Kelly reported to the Board that a serious situation had arisen in the Law School; that charges of incompetency had been made by Dean Townes against Professor R. E. Cofer and harmony did not prevail; and that every effort possible had been made to handle the situation without official notice of it being taken and an official hearing held, but failure had resulted. He had, therefore, arranged for a hearing of the case at this time. Professor R. E. Cofer, his friend Judge W.S. Simpkins, and his attorney, George Shelley, were invited in, as was also Dean John C. Townes. Court reporters were present to report the proceed-

2. PRESIDENT VINSON'S RECOMMENDATION. President Vinson read the following statement to the Board:

Austin, Texas, August 5, 1921.

TO THE HONORABLE BOARD OF REGENTS UNIVERSITY OF TEXAS, AUSTIN.

#### GENTLEMEN:

I have the honor to transmit to you here-

with a certain letter from the dean of the School of Law under date of August 2, 1921, together with all the preceding correspondence and documents bearing upon the subject referred to. This letter of August 2 was written to me by the dean under my instructions after the last special meeting of the Board of Regent in order that there might be presented to the Board in one document and in concrete fashion the materials which have been considered by me during the past several

The subject related to in all this correspondence now placed before the Board in this report is the retention of the services of Professor Robert E. Cofer as a member of the faculty of the School of Law of the University of Texas. The Dean of the School of Law sent me no written communication upon this matter prior to the latter part of the spring term of the immediate past long session. Iddid, however, hold frequent oral conferences with the dean with regard thereto beginning in June of 1920; and the steps taken by him, while not officially reported to me in writing, were discussed with me and fully concurred in by me. It was my hope that the difficulties involved could reach an djustment, so that there would be no record in the president's office or in the files of the Board of Regents touching this matter. After the formal presentation in writing by the dean, I advised Professor Cofer that the interests of the School of Law and of the University as a whole would be best served, in my judgment, by his resignation, and offered him the privilege of a full year's notice, if necessary, before his resignation, should go into effect, with the definite stipulation, however, that his resignation should take effect not later than the end of the long sessim of 1921-1922. Professor Cofer did not think fit to accede to my request, and I am therefore transmitting the whole matter to the Board of Regents for its decision, and regret that I feel myself compelled, in the best interest of the University, to recommend that Mr. Cofer's services with this institution be terminated, effective so far as the emoluments of his position are concerned on August 31, 921, and that he be immediately excused from the performance of any further duties as a member of the faculty of this institution. I am basing this recommendation upon my conviction. supported by the documents hereto attached, and which can be further supported, if desired, by the oral testimony of the dean and of practically all of Professor Cofer's colleagues in the faculty of the School of Law, that Mr. Cofer has been and is guilty of inefficiency in the discharge of his duties as a professor of law in this institution, and further that this inefficiency is a clear indication either of inability or of unwillingness upon his part to perform the duties which are incumbent upon him in accordance with the standards of a school of law in an institution of this sort. I respectfully request the concurrence of the Board of Regents in this recommendation in the interest of the University, and, in addition, thereto, request that, in the event the Board should concur in this recommendation, the matter be done in such fashion as to bring the least possible injury to Mr. Cofer in the future. Further, if favorable action is taken, it will be necessary for the Board to authorize the President to secure through the proper channels a substitute to finish out the courses in the second term of the present summer session which are now under Professor Cofer's supervision.

Respectfully, submitted,

ROBERT ERNEST VINSON, President 3. SUMMARY BY JUDGE TOWNES. President Vinson read a summary of events in the Cofer situation prepared by Judge Townes. (See Secretary's files).

4. HEARING POSTPONED. Attorney Shelley stated that they had not seen the Townes summary before and raised the question of whether they could proceed at this time. On motion of Mr. Jones, seconded by Mr. Wortham, Messrs. Shelley Simpkins and Cofer were allowed to retire and decide whether they wished to proceed. Returning they requested until tomorrow morning in which to prepare an answer to the Townes summary. Mr. Wortham could not remain over. On motion of Mr. Jones, seconded by Mr. Wortham, Monday, August 22, at 10 A.M., that date being satisfactory to Professor Cofer, was set for the hearing, the Townes summary and Professor Cofer's reply thereto to be made ready in five days and copies mailed to each member of the Board.

#### III. GARCIA LIBRARY ATTORNEY'S FEES.

The President presented a letter from Starr Hunt, an attorney in Mexico City, asking for a fee of \$600.00 for services rendered in connection with the purchase of the Garcia Library. With the President's recommendation, the Board, on motion of Mr. Jones, seconded by Mr. Wortham, appropriated \$600.00 for the purpose stated.

The Board adjourned to meet August 22.

AUG 22 1921

Austin, Texas, Agust 22, 1921.

Pursuant to adjournment on August 5, 1921, the Board of Regents of the University of Texas reconvened in the President's Office at ten o'clock on Monday morning, August 22, 1921. Present: Regents Stark (Chairman), Folts, Harrington, Jones, Kelly, Wortham and Wroe; President Vinson and the Secretary.

#### I. COFER HEARING.

1. PROCENDURE. Mr. Kelly moved, seconded by Mrs. O'Hair, that the Townes Summary and Professor Cofer's reply thereto, previously mailed to each Regent, be accepted as read, to save time. The motion was carried.

On motion of Dr. Harrington, seconded by Mr. Folts, it was voted to ask the two sides how much time they desired.

Professor Cofer, Attorney George Shelley and Judge W. S. Simpkins, together with Judge Townes, were invited in. Expert stenographers were also present to report the hearing.

On motion of Dr. Harrington, seconded by Mrs. O'Heir, the Board voted that each side be allowed to fix the amount of time desired and then use that time as it saw fit.

Dean Townes requested one and one-half hours in opening and half an hour in closing. Professor Cofer desired three hours.

On motion of Mr. Jones, seconded by Dr. Harrington, these requests were granted.

2. THE TESTIMONY. Judge Townes began at 10:30. At twelve o'clock, on motion of Dr. Harrington, Judge Townes was granted additional time.

At one o'clock the Board adjourned for lunch.

#### AFTERNOON SESSION.

The Board reassembled at two o'clock.

### II. VISIT FROM LEGISLATIVE COMMITTEE

At the request of Representative Bonham, he and Representatives Curtis and Wright came out & two o'clock for a conference with the Board. They aske about several matters and information was given them.

Dr. Harrington moved that thanks be extended to these gentlemen forcoming out and that they be assured that any other information they desired about the University would be gladly supplied.

### III. COFER HEARING RESUMED.

The legislators deported and the Cofer hearing was resumed about 3:30, Professor Cofer's side taking the floor.

At 6:40 P.M. the Board adjourned until 7:30 P.M.

The Board reassembled at 7:30 and the Cofer hearing continued until 10:30. Mr. Wortham moved, seconded by Dr. Harrington, that the Board adjourn until 8 A.M. tomorrow and conclude the hearing at 12 o'clock sharp. The motion carried.

#### TUESDAY'S SESSIONS

It was nine o'clock when the Board reconvened.

The attendance was the same as on Monday with the exception that Mr. Jones had left on Monday afternoon about five o'clock.

The Board voted, on motion of Mr. Wortham, seconded by Mr. Kelly, to give Professor Cofer an hour and a half more in which to conclude.

At one 6'clock the Board adjourned until two o'clock.

The Board reassembled at 2:30 P.M., the attendance being the same as in the forencon.

At six P.M. the hearing was concluded. The President and the Secretary retired and the Board went into consideration of the case.

Later the President and Secretary were recalled.

The Board voted to have Judge Townes' letters to Professor Cofer dated June, 11, 1920, June 14, 1920, June 29, 1920 and July 16,,1920, and Professor Cofer's letter to Dean Townes dated June 18, 1920, printed and mailed to the Regents, and to return in September for a final decision on the case.

#### IV. MISCELLANEOUS

- 1. APPROPRIATIONS AND TRANSFERS. On motion of Mr. Kelly, seconded by Dr. Harrington, the Board appropriated \$4000.000 or so much thereof as might be necessary, for the purpose of connecting up the dormitories at the College of Mines with the power plant and for the purchase of furniture and window shades for the new dormitory, and authorized the following transfers:
  - (1) From the printing account of the director's office, Bureau & Extension, to the contingent account of the same, \$175.00.

- (7) Re-appropriated to the Library the sum of \$158.40 that reverted to the available fund at the end of last fiscal year.
- 2. EXPERT STENOGRAPHERS' BILL. On motion of Mr. Wroe, seconded by Mrs. O'Hair, the Board authorized the Auditor to pay the account to be rendered by the stenographers reporting the Cofer hearing when approved by the President.
- 3. AUDITOR TO DEPOSIT LAND INCOME IN STATE TREASURY. On motion of Mr. Wroe, seconded by Mr. Kelly, the Board instructed the Auditor to deposit all accumulated land income in the State Treasury at intervals of not more than thirty days.

The Board adjourned.

Chairman.

Hatherd:

Austin, Texas, September 17,1921.

In response to a call by the Chairman, the Board met in the President's Office at Austin at ten o'clock on Saturday morning, September 17, 1921, for the purpose of considering the University budget for 1921-22 and such other business as might be necessary. Present: Regents Stark(Chairman), Folts, Harrington, O'Hair, Wortham and Wroe; and President Vinson and the Secretary.

#### I. LEGISLATIVE APPROPRIATION BILL

1. STATEMENT FROM THE PRESIDENT. President Vinson read to the Board the following

STATEMENT OF FINANCIAL STANDING

1,539,677.87

There should be reserved out of these funds for contingencies \$25,000 for the Main University and \$25,000 for the Medical Branch and the College of Mines and Metallurgy combined, the latter amount to be distributed, \$17,500 to the Medical Branch and \$7,500 to the College of Mines and Metallurgy. We must further deduct \$65,025 for summer session salaries. With these reservations, the total amount available to the Board of Regents for appropriation at the present time is \$1,419,652.87.

Estimating the salaries in the Main University at the figures contained in the general revenue appropriation and taking care of all items of expenditure now apparent, we should have a total anticipated budget for this year of approximately \$1,354.043.87, leaving an unappropriated balance on hand of \$65,609 plus the \$25,000 contingent fund reserved for the Main University, or a total net balance available for distribution of \$90,609.00.

The attention of the Board of Regents is called to the fact that there have been forty-one resignations from the University to date, not less than ten of which have been directly due to the action of the legislature in reducing salaries. So far as I have been able to ascertain, the University of Texas is the only institution in the United States where salary reductions have taken place, whereas in many other institutions exactly the opposite course has been adopted both by legislatures and by university administrative authorities. The demand for the services of men and women of the requisite training and experience is so great, owing to the large increase in the past two years in the enrollment of institutions of university grade, and the demand for the services of university teachers in commercial activities at greatly increased salaries is so extraordinary, as to bring about a condition, the full effect of which will be far more apparent at the beginning of the next academic year than is true at the present time. This statement is made not only upon the basis of the general conditions just outlined but upon the basis of conferences with numerous members of the University teaching staff, both with the deans and myself, since the passage of the legislative appropriation bill. It will be necessary, therefore, for the Board of Regents to give its most serious consideration at this time to the adoption, if possible,

of a policy which will to some extent at least ameliorate the damage which has already been done to the University by the action of the legislature referred to. So far as I have been able to gage the situation, I can conceive of any one of four possible courses of action which may be open to the Board at this time.

- (1) The appropriation bill as passed by the legislature can be put into effect, with financial results somewhat as indicated earlier in this report. This will provide for all of the departments and activities of the University practically as now conducted, and would leave the Board of Regents with a contingent fund of more than sufficient size to provide for emergencies. The effect of such action, however, would undoubtedly be as I have undertaken to indicate, the practical disruption of the teaching staff by the resignation of the most valuable members thereof, whose places must necessarily be filled, under the present conditions of supply and demand, by men and women of definitely inferior type.
- (2) The Board of Regents can fall back upon the general statutory powers as set forth in Articles 2639 and 2643 of the Revised Civil Statutes, and proceed to conduct the affairs of the University in accordance with these statutes, and thus to a large measure, at least for the two coming academic years, postpone the developments which are anticipated in the preceding paragraph of this report. This action, while entirely within the limits of the legal powers of the Board, would in my judgment militate against the welfare of the University quite as seriously as would the action indicated above. The Board of Regents has been charged in the past, entirely without justice, with a disregard of the actions of the legislature in conducting the affairs of the University and in case the policy herein indicated should be followed I think we must admit that some color of truth would be given to this charge. The only real remedy for the situation is the amendment of the constitution, so that the powers conferred upon the Board of Regents may not be subject to such legislative action as we have recently experienced. If the constitution is to be amended, it will be necessary for the University to have the support ofpublic opinion, and any action of this Board which might be interpreted as a defiance of the legislature, even though the legislature itself may have disregarded altogether the statutes made and provided for the protection of this institution, would seriously interfere with our success in an effort to secure permanent relief.
- (3) The Board of Regents/may appoint members of the instructing staff to fill vacancies in the upper ranks of the faculty which have been brought about by resignation, and may further promote members of the staff because of conspicuous ability and length of service. In the event that these promotions and appointments are made in good faith, upon the basis of merit, such action would for the individuals concerned ameliorate the conditions incident to the legislature's action. It is quite apparent to me that such action upon the part of the Board would not violate the terms of the appropriation bill. The effect of this course, however, would be only to shift the burden, for it would create an amount of internal dissension which in my judgment would be extremely hurtful.
- (4) The Board of Regents might lay before the friends of the University the difficulties and the probable great damage done to the institution by the action of the legislature, and might secure by

donation a fund which would enable it to maintain salary standards pending the action of the Thirty-eighth Legislature in the submission and the adoption by the people of a-constitutional amendment which would make such extraordinary efforts no longer necessary. In order to accomplish this purpose, there would be needed a fund of approximately \$100,000 for each year of the present legislative biennium. There are, of course, difficulties connected with this method of procedure which will be apparent to the Board.

I have given careful consideration to these possible policies as outlined, and I must confess that # I have been unable to choose among the possibilities which seem to offer themselves, and I must therefore refer this whold matter to your honorable body and ask that you give me definite instructions. I can not withhold from the Board the fact that grave damage has already been done to the University. At the present time, I do not see any course of action open by which the damage done can be removed. At best, it can folly be softened. If the course of action set forth in my fourth suggestion should be adopted and a vigorous campaign should be carried on to secure the amendment of the constitution in such a way that the support of the University would not be subject to the biennial jeopardy which has been its experience in the past, I think that the faculty as a whole and in the main would be willing to stand by, at least until the question of the modification of the organic law of the State could be definitely settled. In the event that the people of Texas should express their determination to keep the University as it is, by refusing to modify the constitution so as to afford this relief, the situation would then at least have clarified itself, and all persons connected wouldknow how to conduct themsleves with reference to it. I am willing to devote myself unreservedly to the effort to bring about this decision, and I trust othat the Board may be able at this time to reach conclusions of such a sort that the very encouraging progress which this institution has made in past years may not be altogether estopped by the retirement of the University of Texas from its somewhat conspicuous standing to a position allong institutions of distinctly inferior rating.

R. E. Vinson, President.

A large part of the forenoon was devoted to a careful consideration of the situation.

2. APPROPRIATION BILL TO BE FOLLOWED STRICTLY. On returning from lunch, Dr. Harrington moved "That the President of the University be instructed to base the budget for the current fiscal year on the appropriation bill passed by the Second Called Pession of the Thirty-Seventh Legislature, and that the provisions of the bill be strictly adhered to." Mr. Wortham seconded the motion and it was unanimously adopted.

3. ADVICE OF ATTORNEY GENERAL TO BE SOUGHT. On motion of Mr. Wortham, seconded by Mr. Folts, the Board instructed the President to consult the Attorney General with reference to the meaning of the appropriation billif complications should arise in putting it into operation.

#### II.COFER CASE.

1. PRIVILEGE OF RESIGNING EXTENDED. On motion of Mr. Wortham, seconded by Dr. Harrington, the Board adopted the

following resolutions. Mrs. O'Hair moved that the action be made unanimous, and it was done.

"Whereas, an unfortunate situation has developed in the Law School of the University, culminating in the filing of a recommendation with the Board of Regents by the President of the University that the services of Professor R. E. Cofer be terminated on the ground of inefficiency; and

"Whereas, after prolonged hearings and thorough investigation of the whole matter, the members of the Board of Regents find themselves unwilling to pass upon the question of inefficiency in this instance and unable to see that any good purpose can be accomplished by the establishment of that fact; and "Whereas, it is clear to the Board that there

is a condition of inharmony in the faculty of the School of Law which cannot longer be tolerated; and "Whereas, the members of the Board find themselves in doubt as to the precise responsibility of Professor Cofer for the condition existing in the

Professor Cofer for the condition existing in the c Law School or to the extent that responsibility is shared by others or is due to conflicting ambitions and faculty rivalries; and

"Whereas, it is plain, however, that at least a share of that responsibility rests with Professor Cofer, and it is equally plain that, whether through his fault or not, the unfortunate condition existing in the Law School must continue so long as he continues to be a member of its faculty; and

"Whereas, this situation already has injured the Law School and in the very nature of things must become an increasingly aggravating cause of discord and consequent reduction of efficiency as time passes unless it is cured; and

"Whereas, the members of the Board, while convinced of this fact and confirmed in the opinion that only Professor Cofer's retirement offers a solution, are yet unwilling to subject Professor Cofer to humilciation which he may not merit, and which, in any event could serve no good purpose; and

"Whereas, we believe that Professor Cofer desires that the interests of the Law School be conserved and that he would not sacrifice its interests to his own personal interest; therefore be it

"Resolved, by the Board of Regents of the University of Texas in meeting duly assembled, that in the interest of the Law School, which we must place above all personal considerations, whether as to ourselves or to Professor Cofer, we extend to Professor Cofer the privilege of resigning, his resignation to take effect at a date convenient to him, provided that such date shall not be later than October 1,1921, and be it

"Resolved further: that in taking this course, which we believe to be for the best interest of the institution, we entertain for Professor Cofer the kindliest personal feeling and cherish the belief that in entering upon other activities he will achieve signal success."

2. SALARY FOR SEPTEMBER TO BE PAID. Mrs. O'Hair moved, seconded by Dr. Harrington, that Professor Cofer's salary for the month of September (one-twelfth of \$4200) be paid to him. The motion prevailed.

3. JOINT MEETING WITH A. & M. Looking forward to a

campaign for a mill tax, the President was requested, by motion of Mr. Wortham, seconded by Mr. Wroe, to correspond with President Bizzell of the A. & M. College and propose a joint meeting of the two Boards to be held in Houston at some date prior to October 15.

4. REGULAR OCTOBER MEETING SUSPENDED. On motion of Dr. Harrington, seconded by Mr. Folts, the Board voted to dispense with the regular October meeting of the Board and to meet subsequently, if necessary, at the call of the President.

The Board adjourned.

Chairman.

MINUTES OF JOINT MEETING OF THE GOVERNING BOARDS OF THE
UNIVERSITY OF TEXAS AND THE AGRICULTURAL AND MECHANIA
CAL COLLEGE OF TEXAS, HELD IN HOUSTON, OCTOBER 21,1921.

The Regents of the University and the Directors of the Agricultural and Mechanical College, upon the invitation of the former, met in joint session in the Rose Room of the Rice Hotel in Houston at ten A.M. on Friday, October 21, 1921, for the consideration of matters of mutual interest.

Present: Directors L.J. Hart (President), F.M. Law, T.W. Jones, Charles E. Marsh, J. M. Wagstaff, R.L. Young, Mrs. J.C. George, W.S. Rowland and President W.B. Bizzell and Secretary S. G. Bailey, of the A. & M. College; and Regents H.J. L. Stark (Chairman), F.W. Cook, W.H. Folts, C. E. Kelly, Mrs. H.J. O'Hair, and Louis J. Wortham, and President R. E. Vinson and Secretary E. J. Mathews.

On motion of Regent Cook, Director Hart was elected chairman of the conference and, on motion of Regent Folts, R.J. Mathews was chosen secretary.

Chairman Hart called on President Vinson to present matters regarded by him as appropriate for consideration. The latter referred to previous conferences held by these two boards, approved of the policy of holding such meetings at intervals, and proposed two questions for discussion, as follows:

- l. Applying and administering the recent legislative appropriation bill, and
- 2. The encroachment of the legislature in the appropriation bill on the statutory functions of the governing boards of the College and the University.

President Bizzell was then called on. He expressed his approval of the idea of occasional joint conferences, and made the following points:

- 1. We have not yet succeeded in "selling the people" the higher education idea.
- 2. The time is not now favorable for launching a new educational program.
- 3. We must follow closely the provisions of the legislative appropriation billand at the same time do everything in our power to maintain the integrity of the institutions.

Regent Stark raised the question of the amount of publicity to be given to this conference. On motion of Director Marsh, Colonel Wortham was authorized to give out a statement to the press at the close of the meeting.

Colonel Jones moved that a joint neeting of the governing boards of all the institutions of learning in the state be held in the near future to consider the question of starting a campaign for better support.

A general and free discussion followed.

At twelve o'clock Director Marsh moved that the conference adjourn until 1:30 and that in the afternoon session all speeches be confined to the motion before the mouse and be limited to five minutes in length. Carried.

#### AFTERNOON SESSION

The conference reassembled at 1:30, the attendance being the same as in the morning.

Colonel Jones revised his motion and, after various suggestions, it was adopted unanimously in the following form: That this conference invite the governing boards of the College of Industrial Arts and the State Normal Schools, and the State Board of Education, each to appoint a committee to meet with similar committees from these two boards to consider plans and policies for securing better support for our schools and to call a meeting of these boards early in January to hear their report.

Director Wagstaff moved, seconded by Regent Stark, that the committee from each of these two boards consist of the chairman and two other members to be appointed by him.

Reaffirming previous agreements, the conference voted, on motion of Regent Stark, that the University and A. & M. should be separated, in law as they are in fact, and that the basis of the division of University lands should be two-thirds for the University and one-third for the College. Director Jones announced that he did not vote for or against the motion.

The meeting adjourned at three o'clock,

Secretary.

Houston, Texas, October 21, 1921.

Following a joint meeting of the Regents of the University and the Directors of the A. & M. College, held in the Rose Room of the Rice Hotel at Houston on Friday, October 21, 1921, the former held a separate session, beginning at three P.M. Present: Regents Stark(Chairman), Cook, Folts. Kelly, O'Hair and Wortham; President Vinson; and the Secretary.

## PRESIDENT'S REPORT

President Vinson presented his report, see pp. 4-6, and the actions indicated below were taken.

- 1. FRES REMITTED TO MISS MA. Remitted, on motion of Mr. Folts, seconded by Mr. Kelly, the fees paid by Miss Mohling Ma, a Chinese student at the Main University.
- 2. FEE FOR HANDBOOK AND DIRECTORY. Authorized, on mo tion of Mr. Cook, seconded by Mr. Folts, a fee of twenty-five cents to be charged each student entering the long session of the Main University to pay for the Handbook and the Directory.
- 3. MEDICAL STAFF. Mr. Cook, seconded by Mr. Wortham, moved to adopt the President's recommendations concerning the Medical Staff, Mr. Stark, yielding the chair to Vice-Chairman Kelly, moved as a substitute, seconded by Mrs. O'Hair, that the Board adopt the recommendations except the last two paragraphs, reading as follows:

In order to make the medical staff self-supporting I recommend that the following revised regulations be adopted governing the student health service.

"To safeguard and protect their health, all students in residence are required to pay a medical fee of five dollars each. For this fee, each student is en-

titled to the following service:
"(1) A thorough physical examination by the University physicians at the beginning of the session. In abnormal cases, exercises will be recommended that are specifically adapted to meet the individual requirements.

"(2) Consultation with the University physicians during office hours at the University, except Sundays and holidays.

"(3) Necessary calls by the University physicians at the student's home, and all visits that may be necessary while the student is confined to a hospital

(4) Board, lodging and nursing at a hospital. in case of necessity not to exceed twenty-one days. In the event of an epidemic or an unusual amount of sickness this limit may be extended. In case of necessity the limit may be reduced. Any reduction or extension will be made only upon the recommendation of the chief of the medical staff, with the approval of the president. These provisions apply only for the relief of acute conditions and do not include special nursing unless authorized by the chief of the Medical Staff in cases where students are financially unable to employ a special nurse.
"(5) The ambulance or carriage required to convey

the student to the hospital.

"(6) Pathological and X-ray examinations, when authorized by the chief of the medical staff.

"(7) Minor surgical operations for the relief of acute conditions, such as cuts, sprains, and simple fractures.

"(8) Eye, ear, nose, and throat examinations and treatments. This is not to include operations for the removal of tonsils or operations for chronic nasal diseases.

"No student, however, is required to patronize a University physician. At his own expense, any student . may choose any other physician he may desire. No benefit of the medical fees can be received, however, by students employing other physicians than those provided by the University.

A nominal fee will be charged for vaccination and all surgical operations not provided for in Sec-

tion 7.

"All operations other than emergency operations in which surgical fees are charged will be performed only after consultation with and approval of parent

"Mospital and nursing fees for all operations not included in Section 7 must be paid by the student."

I recommend that Dr. Gates and Dr. Heard be put on a part-time basis, at salaries of \$3,750 each, their University duties to come ahead of any demands that may be made of them in private practice.

I also recommend that Dr. Key's salary be increased to \$3,000, im order that he may take care of all eye, ear, nose, and throat treatments of students in the same manner that Dr. Gates and Dr. Heard provide for the general health service.

Mr. Stark's motion was adopted. On motion of Mr. Stark, the Board voted that Drs. Gates and Heard should continue on a full time basis, their salaries to be the same as Dr. Goddard's, and that Dr. Key's salary and duties be the same as they were last year.

- 4. THANKS TO DR. GRAVES. Voted, on motion of Mr. Wortham, seconded by Mr. Folts, cordial thanks to Dr. M. L. graves of the Medical Branch, for providing for two positions in the Department of the Practice of Medicine, an associate professorship at \$1800 and an instructorship at \$600.
- 5. BUDGET FOR 1921-1922. Adopted, on motion of Mr. for tham, seconded by Mrs. O'Hair, the budget for 1921-1922.

### PRESIDENT'S REPORT

The University of Texas

Houston, Texas, Oct.21,1921.

To the Honorable Board of Regents. University of Texas.

## GENTLEMEN:

I have the honor to submit the following report:

#### ATTENDANCE

The work of the regular session began on October 3, At present the total enrollment is 4,453 as compared with 4,230 at the corresponding time last year. This is an increase of something more than five per cent.

#### Main University

College of Mines and Metallurgy	116	93	19
TOTAL ENROLLMENT FOR THE UNIVERSITY	4230	. 4453	5

The decreased enrollment in the College of Kings and Metallurgy is explained by (1) the increase in the entrance requirements, (2) the establishment of the junior college at El Paso and the abandonment of certain courses formerly given for junior college students in the College of Mines and Metallurgy, and (3) the lateness of the provision made by the Legislature for the support of the College, and element which caused a number of students to go elsewhere.

#### REMISSION OF FEES

I recommend that the fees of MissMohling Ma, a Chinese student registered in the University, be remitted to her Miss Ma is one of the students sent to this country from China on a scholarship awarded out of the proceeds of the Boxer Indemnity Fund, and, as the amount is scarcely sufficient to care for her expenses through the year, I recommend that she be relieved of the payment of the matriculation and other fees required of students entering the University.

## FEES FOR HANDBOOK AND DIRECTORY

To prevent wasteful distribution of the University Handbook and the University Directory, which have heretofore been given to the students free of charge, I recommend that a fee of twenty-five cents be charged for these books, this fee to be collected along with the other student fees at the time of matriculation.

#### MEDICAL STAFF

In order to make the medical staff self-supporting I recommend that the following revised regulations be adopted governing the student health service.

"To safeguard and protect their health, all students in residence are required to pay a medical fee of five dollars each. For this fee, each student is entitled to the following service:

"(1) A thorough physical examination by the University physicians at the beginning of the session. In abnormal cases exercises will be recommended that are specifically adapted to meet the individual requirements.

"(2) Consultation with the University physicians during effice hours at the University, except Sundays and holidays.
((3) Necessary calls by the University physicians at the student's home, and all visits that may be necessary while

the student is confined to a hospital.

"(4) Board, lodging and nursing at a hospital in case of necessity not to exceed twenty-one days. In the event of an epidemic or an unusual amount of sickness this limit may be extended. In case of necessity the limit may be reduced. Any reduction or extension will be made only upon the recommendation of the chief of the medical staff, with the approval of the president. These provisions apply only for the relief of acute conditions and do not include special nursing unless authorized by the chief of the medical staff in cases where students are financially unable to employ a special nurse.

"(5) The ambulance or carriage required to convey the

tudent to the hospital.

"(6) Pathological and X-ray examinations, when authorized by the chief of the medical staff. "(7) Minor surgical operations for the relief of acute

conditions, such as cuts, sprains, and simple fractures.

"(8) Eye, ear, nose, and throat examinations and treatments. This is not to include operations for the removal of

tonsils or operations for chronic masas diseases.

"No student, however, is required to patronize a University physician. At his own expense, any student may choose
my other physician he may desire. No benefit of the medical
fees can be received, however, by students employing other
physicians than those provided by the University.

"A nominal fee will be charged for vaccination and all

urgical operations not provided for in Section 7.

"All operations other than emergency operations in which surgical fees are charged will be performed only after consultation with and approval of parent or guardian.

"Hospital and nursing fees for all operations not included in Section 7 must be paid by the student."

I further recommend that Dr. Gates and Dr. Heard be put on a part-time basis, at salaries of \$3,750 each, their University duties to come ahead of any demands that may be made of them in private practice.

I also recommend that Dr. Key's salary be increased to \$3,000, in order that he may takecare of all eye, ear, nose, and throat treatments of students in the same manner that Dr. Gates and Dr. Heard provide for the general health service.

## RESOLUTION OF THANKS TO DR. M.L. GRAVES

Through the generosity of Dr.M.L. Graves, of Galveston, two positions in the Department of the Practice of Medicine have been madepossible, namely, an associate professorship at

\$1,800 and an instructorship at \$600. I recommend that a cordial vote of thanks be extended to Dr. Graves for his generous action in adding materially to the efficiency of his department, and to the effectiveness of the University's service as a whole.

## BUDGET FOR 1921-1922.

### II. MISCELLANEOUS

- 1. NO MEMBER OF PRESENT LAW FACULTY TO BE DEAN. On motion of Colonel Wortham, seconded by Mr. Folts, the Board voted to regard no tmember of the present faculty of the Law School eligible to the permanent deanship of the Law School.
- 2. COFFR'S RESIGNATION. The Chairman stated that he had received the promised resignation of Professor R. E.Cofer of the Law School. On motion of Mr. Kelly, seconded by Mrs. O'Hair, the resignation was accepted.
- 3. ALLEN P. ROBERTS CLAIM FOR DAMAGES. The President announced his receipt, through Attorney George Mendell, of a claim on the part of Allen P. Roberts, a carpenter, for dam-

ages for alleged injuries received while in the employ of the University. On motion of Colonel Wortham, seconded by Mr. Folts, the President was requested to look into the matter and report later.

- 4. FIRE ESCAPES. On motion of Mrs. O'Hair, seconded by Mr. Folts, \$8,500, or so much thereof as might be necessary, was appropriated out of the current available fund for fire escapes for buildings not now provided with them.
- 5. SALARIES AT COLLEGE OF MINES. The President read a letter from Dean Worrell requesting that salaries at the College of Mines be made the same as last year, that is, without reduction. On motion of Mr. Kelly, seconded by Mr. Folts, the Board voted to adhere to its former decision to track the legislative appropriation bill.
- 6. PROFESSOR EDWARD'S MOVING EXPENSES PAID. In view of the fact that after Dr. Preston Edwards had been elected Professor of Physics, the legislature reduced salaries, the Board voted, on motion of Mr. Wortham, seconded by Mrs. O'Hair, \$330 vor the payment of his moving expenses from Baltimore to Austin.
- 7. PUBLICATION OF BOSE GEOLOGICAL BULLETIN. On motion of Mr. Kelly, seconded by Mr. Folts, the Board appropriated \$2,500 for the publication, jointly with the Mexican Government, of a report made by Dr. Emil Bose on the fossils of the cretaceous forms tion extending over a large part of Ecas and into Mexico. Dr. Bose did this work while a member of the staff of the Bureau of Economic Geology and Technology of the University.
- 8. PETITION OF GRADUATE COUNCIL. The President presented a petition signed by the full professors of the Graduate Council, and other full professors requesting a modification of the Board's decision to track the legislative appropriation bill closely and to make no promotions. Mr. Wortham moved, seconded by Mr. Folts, that the Board of Regents regrets that it cannot make its actions conform to the Graduate Council's interpretation of the legislative appropriation bill but wishes to assure its petitioners that during the period covered by this bill no discrimination will be exercised against the present members of the faculty, and, with intits resources, it will provide the equipment and materials for research that may be necessary for their work. The motion prevailed.
