REPORT OF ACADEMIC AND DEVELOPMENTAL AFFAIRS COMMITTEE
(Pages 13-25). --Committee Chairman Kilgore filed the following report
of the Academic and Developmental Affairs Committee and the actions
therein were ratified without objection:

1. U. T. System: Chancellor's Docket No. 38; Study of College
   of Pharmacy Requested. --Approval was given to Chancellor's
   Docket No. 38 in the form distributed by the Secretary. It
   is attached hereto, following Page 128, and made a part of the
   minutes.

   In connection with the Docket, Regent Garrett expressed concern
   about strengthening the admission requirements to the College of
   Pharmacy. Regent Garrett asked, and without objection it was
   ordered, that the Deputy Chancellor be requested to make an in-
   depth study of the College of Pharmacy and explore the possibility
   of a graduate type of education for those who want to teach and do
   research and another type of education in Pharmacy which would
   be more in keeping with the needs of the community in furnishing
   working pharmacists. Deputy Chancellor LeMaistre said that
   based on Regent Garrett's suggestion there would be a report
   submitted to the Board for the April meeting.

      year ago in Austin, such meetings are now held regularly to
      review System-wide Development policies, plans and procedures.
      Chief topic at the Dallas meeting was the Tax Reform Act of
      1969. At previous meetings topics have included nonmonetary
      gifts, unusual gifts from unusual sources, etc., which have
      occurred more frequently at U.T. Austin than at other System
      institutions. (Similar consultative sessions--not formalized
      as group meetings--are held at various times throughout the
      year by the U.T. System Development Board staff and the deans,
      directors or their associates at System schools and colleges.)

Development officers of the major universities and colleges,
public and private, in Texas to discuss problems of mutual
concern and to establish lines of communication on Development

5. U. T. Austin, U. T. Arlington, and U. T. El Paso: Policy with Respect to Football Game Schedule and Exception to Policy for U. T. Austin for 1970 Only with Respect to Date for U. T. Austin vs. Arkansas. --For The University of Texas at Austin, The University of Texas at El Paso, and The University of Texas at Arlington, it was ordered that the regular football game schedule be confined to the period of time beginning with registration at the respective institution and ending on Saturday after Thanksgiving.

This policy supersedes the prior action of the Executive Committee that in the foreseeable future The University of Texas at Austin schedule not more than ten regular season football games and it also abrogates any previous actions relating hereto. See Page 4.

Upon recommendation of the Athletics Council and Coach Royal, an exception to the policy in the first paragraph of Item 5 was granted for The University of Texas at Austin for 1970 only by amending the 1970 schedule and thereby changing the date of the U. T. Austin vs. Arkansas game from October 17 to December 5, 1970. This change in time will permit the game to be nationally televised.

The U. S. Army will obtain the undergraduate social work students' learning experience while contributing to the educational preparation of future social workers.
4. Undergraduate social work students, during their social work field experience training at the U. S. Army medical facility at the Hospital, will be under the jurisdiction of facility officials for training purposes and will follow facility rules.

5. This agreement shall in no way or manner obligate any appropriated funds of the United States of America.

6. This agreement is controlled by and subject to 5 U. S. C. 5351-6, 8144 and 8331-2, UP paragraph 4a (2), AR350-222.

   (f) consider equally all applicants from the University, but will not automatically accept all such applicants; and
   (g) apply standards equivalent to those of the University in evaluating students' achievements on completed work as required by the University.
8. The University will:

(a) provide the Commanding Officer of the U. S. Army medical facility at the Hospital with the names of students to be placed in undergraduate social work field experience and with appropriate records of those students' classroom work;

(b) enforce rules and regulations governing students that are mutually agreed on by the University and the Hospital;

(e) comply with other special provisions as may be mutually required; and

(f) provide and maintain the personal records and reports necessary for conducting the students' field learning experience and providing each student with a final grade for the course.

9. The field experience training term for this course shall coincide with the academic semester of the University. The term of this agreement shall be for one year and thereafter from year to year, unless terminated sooner by either party upon written notification to the other party. 4. System Nursing School: Progress Report.--The following written report was received from Dean Marilyn Willman of The University of Texas Nursing School (System-wide).

Progress Report
System-wide Nursing School

During this academic year, the Nursing School has received continuing accreditation by the National League for Nursing of its undergraduate and graduate programs, now having a total enrollment of 484 undergraduate and 28 graduate students. Faculty in the School now totals 56, with 24 of these appointed since April 1969.

On the Austin campus, senior level courses were offered for the first time beginning in September, and the first group of students to have completed the Austin program will be graduated in May. The most urgent need on this campus is a building, and an application for construction funds under the Nurse Training Act was submitted this past semester.

The major development in Galveston has been in the area of course offerings. The most innovative of these was the course in Community Health Nursing with its emphasis upon involvement in many and varied agencies in Galveston and the surrounding area. This course was described in detail in the January issue of the Texas Times.

The Clinical Nursing School at San Antonio is offering a junior level course this spring and, beginning in September, will offer the entire junior and senior years. The major endeavor on this campus at this time is recruitment of top-level faculty. The School was fortunate in obtaining an outstanding associate dean, who is providing the high-quality leadership necessary to develop this new program. Facilities for the Nursing School have been limited, but the space to be remodeled in the medical school will provide a temporary solution.

In El Paso, definitive plans have been made with Hotel Dieu School of Nursing for the orderly transition from their diploma to our baccalaureate program. Admission of students is planned as follows: Hotel Dieu will admit its last class in September 1970, and advising will begin at that time for students who will enroll in University junior nursing courses in 1972. Hotel Dieu will graduate its last class in 1973 and the first baccalaureate students will graduate in 1974. The Nursing School will use the qualified faculty and educational facilities of Hotel Dieu as the foundation of its new program.

Following the report, Chairman Erwin suggested that the Legislative Budget Board should be kept advised of the progress being made in the System-wide Nursing School. Regent Peace commended Doctor Willman, Doctor Olson and others on their getting the Clinical Nursing School and the Dental School, both at San Antonio, in operation with the facilities available.
The following actions of the Committee of the Whole as presented in a report by Chairman Erwin were ratified without objection:

REGENTS' RULES AND REGULATIONS, PART ONE: AMENDMENTS TO CHAPTER II (ADMINISTRATION), CHAPTER III (PERSONNEL), AND CHAPTER VI (STUDENT SERVICES AND ACTIVITIES). --The necessary rules were waived and the Regents' Rules and Regulations, Part One were amended as set out below to be effective immediately:

a. Of Chapter II, subdivision 2.4(11)(11) of subsection 2.4(11) of Section 2.4 was amended to read as follows:

2.4(11)(11) Has direct supervisory responsibility over the administration and general supervision of new construction and other permanent improvements, including repair and remodeling projects involving the expenditure of $50,000 or more, and over consultation, advice, and work with the architects and engineers employed by the Board of Regents, subject to the terms and conditions of the contracts with those architects and engineers.

b. Of Chapter III, subsection 1.8 was deleted.

c. Of Chapter III, subsections 3.1 and 3.2 were deleted. The present subsection 3.3 was renumbered as Section 3 and reads as follows:

Sec. 3. Employment of Aliens on Sponsored Projects.

Where sponsored contracts and grants do not otherwise prohibit or limit the employment of noncitizens, such noncitizens may be employed upon certification by the Director of the International Office at The University of Texas at Austin, or by an appropriate administrative officer at the other component institutions, that he has examined the applicant's visa and found it to be in order and has ascertained that the applicant has the approval of the United States Immigration authorities to accept such employment.

d. Of Chapter III, Section 6 was amended by adding a new subsection 6.7 and renumbering the present subsections 6.7 and 6.8 as subsections 6.8 and 6.9. The new subsection 6.7 reads as follows:

6.7 The minimum standards of individual conduct required by the penal statutes of Texas or the United States are both expected and required of every faculty member and employee of The University of Texas System and its component institutions. Any faculty member or employee who violates the minimum standards of conduct required by any felony statute of Texas or the United States is subject to dismissal as a
faculty member or employee, regardless of whether or not any action is taken against the faculty member or employee by civil authorities on account of such violation. If action for dismissal is taken, the appropriate administrative official shall proceed with the action in the same manner as he would in the case of a violation by a faculty member or employee of any other provision of these rules and regulations or a provision of any institutional supplement.

e. To Section 7 of Chapter III, a new subsection (7.4) was added to read as follows:

7.4 The Board of Regents of The University of Texas System recognizes and affirms the right of a member of the faculty or staff to participate in political activities so long as such political activities do not interfere with the discharge of the duties and responsibilities that he owes to The University of Texas System or any of its component institutions and so long as such political activities do not involve The University of Texas System or its component institutions in partisan politics (see Section 7.3). With the interest of The University of Texas System or its component institutions being given first consideration, a leave of absence without pay may -- but need not -- be granted to a member of the faculty or staff (see Section 16). However, it would be inappropriate for a leave of absence without pay to be granted primarily to permit a member of the faculty or staff of The University of Texas System or its component institutions to participate in political activity, including, but not limited to, being a candidate for political office, holding a political office, or directing the political campaign of another person seeking a political office. Therefore, if a member of the faculty or staff wishes to engage in political activity that interferes with the discharge of the duties and responsibilities that he owes to The University of Texas System or any of its component institutions, he should voluntarily terminate his employment by the University. On the other hand, if the faculty or staff member does not voluntarily terminate his employment by the University and if the faculty or staff member's superior officer, such as the institutional head, the Chancellor, or the Board of Regents, finds that the faculty or staff member's political activity does in fact interfere with the discharge of the duties and responsibilities that he owes to The University of Texas System or any of its component institutions, the institutional head, the Chancellor, or the Board of Regents shall terminate his employment by the University.

f. Of Chapter III, subsection 13.9 of Section 13 was amended to read as follows and subsections 13.10, 13.11, and 13.12 were added to read as set out below:

13.9 No member of the full-time staff of the university on a twelve-month or nine-month basis shall be employed in any outside work or activity or receive from an outside source a regular retainor fee or salary until a description of the nature and extent of the employment has been filed with and approved by appropriate administrative officials as set forth in the institutional supplement of each component institution. For special provisions relating to other state or federal employment, see subsections 13.10, 13.11, and 13.12 of this section.
13.10 Subject to the other provisions of this section, a member of the faculty or staff may hold other nonelective offices or positions of honor, trust, or profit with the State of Texas or the United States if his holding the other offices or positions is of benefit to the State of Texas or is required by state or federal law, and if there is no conflict between his holding the office or position and his holding the original office or position for which the member of the faculty or staff receives salary or compensation.

13.11 Before a member of the faculty or staff may accept an offer to serve in other nonelective offices or positions of honor, trust, or profit with the State of Texas or the United States, the member of the faculty or staff must obtain from the appropriate administrative officials and the Board of Regents a finding that the requirements of this section have been fulfilled, including the expected additional compensation to be received from such service. The finding of the Board of Regents shall be recorded in the official minutes of the meeting of the Board at which approval was granted.

13.12 The institutional head must keep a record of compensation received from additional state or federal employment, or both, including specifically: salary, bonuses, and per diem or other type of compensation.

g. To Section 15 of Chapter III, add a new subsection (15.3) to read as follows:

15.3 In the case of death of an employee who is eligible to accrue vacation, his estate will be paid for authorized accrued vacation.

h. To Section 19 of Chapter III, add a new subsection (19.3) to read as follows:

19.3 In the case of death of an employee who is eligible to accrue sick leave, his estate will be paid for one-half (1/2) of accrued sick leave, not to exceed thirty (30) days of sick leave.

i. Of Chapter VI, subsection 3.6 of Section 3 and subsection 4.72 of Section 4 were amended to read as follows:

3.6 Hazing in state educational institutions is prohibited by state law (Section 4.19, Chapter 4, Title I, Texas Education Code). Hazing with or without the consent of a student is prohibited by The University of Texas System, and a violation of that prohibition renders both the person inflicting the hazing and the person submitting to the hazing subject to discipline.

4.72 No registered student organization or group may have any person as a member who is not either a student or a member of the faculty or staff of the institution. Except pursuant to the provisions of Section 6.5 of this chapter, no organization or group, whether registered or not, may use any facility of any component institution of The University of Texas System if it has as a member any person who is not either a student or a member of the faculty or staff of the institution.
j. To Section 3 of Chapter VI, a new subsection [3. (20)] was added to read as follows:

3. (20) The minimum standards of individual conduct required by the penal statutes of Texas or the United States are both expected and required of every student attending any component institution of The University of Texas System. Any student who violates such standards of conduct is subject to discipline by the Dean of Students, regardless of whether or not any action is taken against the student by civil authorities on account of such violation. If disciplinary action is taken, the Dean of Students shall proceed with action in the same manner as he would in the case of a violation of any other provision of these rules and regulations or a provision of any institutional supplement.

REGENTS' RULES AND REGULATIONS, PART ONE: SPECIAL REGENITAL COMMITTEE AUTHORIZED TO EVALUATE PROPOSED AMENDMENTS TO CHAPTER III (PERSONNEL), SECTIONS 6, 7, 8, AND 16 (ALSO TO BE A PART OF INSTITUTIONAL SUPPLEMENT OF U. T. AUSTIN AND M. D. ANDERSON). --The following resolution was adopted:

WHEREAS, At the January 1970 meeting proposed amendments to Chapter III (Personnel), Sections 6, 7, 8, and 16 of the Regents' Rules and Regulations, Part One were deferred in order to afford more time for the members of the Board of Regents to study and consider; and

WHEREAS, Also at the January 1970 meeting a proposed chapter on "Academic Freedom, Responsibility, and Tenure" for U. T. Austin Institutional Supplement and the chapter entitled "Professional Personnel: Appointment, Promotion, and Termination of Employment" for the M. D. Anderson Institutional Supplement were deferred; and

WHEREAS, Several members of the Board of Regents have informed the Deputy Chancellor that additional time is needed to study these proposed amendments which required several years of the faculty's time to prepare:

NOW, THEREFORE, BE IT RESOLVED, That upon recommendation of The System Administration, the Chairman of the Board appoint a Regental Committee to undertake an evaluation of these proposed changes and to report to the Board at a subsequent meeting; and

BE IT FURTHER RESOLVED, That the System Administration and System Law Office be available for such assistance as this committee may desire.
REGENTS' RULES AND REGULATIONS, PART TWO: AMENDMENTS TO
CHAPTER III (TRAVEL FROM GRANT AND TRUST FUNDS) AND CHAPTER VIII
(PHYSICAL PLANT IMPROVEMENTS). --Part Two of the Regents' Rules and
Regulations was amended as follows to be effective immediately:

a. Subdivision 13.3(10)2 of subdivision 13.3(10) of subsection 13.3
of Section 13 of Chapter III was amended to read as follows:

13.3(10)2 Grants and Trust Funds--Travel allowances paid from
grants and trust funds, unless otherwise specified under
the grant or gift, may be on a per diem basis as speci-
fied in the foregoing general travel regulations, excep-
that a maximum of $22.00 per calendar day or $5.50
per quarter day (as defined in Sec. 13.36) per diem
rate shall apply to both in-state and out-of-state travel.
When anticipated living costs are unusually low for those
engaged in travel, the person authorizing the travel may
reduce the per diem for all or any part of the travel,
provided that the employee shall be notified of such re-
duced per diem before being allowed to incur any expense.
In addition to per diem, costs of public transportation or
rented vehicle, supported by receipts for expenses in
excess of $2.50, will be paid. If transportation is by
private car, reimbursement will be paid at a rate not
to exceed 16¢ per mile, but limited to an amount not in
excess of the cost of regular air transportation. When
not otherwise prohibited by the terms of the gift or grant,
employees may also be reimbursed for required regis-
tration fees or similar expenses incurred in attending
meetings of organizations or associations. Receipts for
registration fees or similar expenses shall be obtained
and attached to the expense account. Project Directors,
Principal Investigators, Departmental Chairmen, or
other authorized personnel under a gift or grant who
travel in their personally-owned airplanes on necessary
official business may be reimbursed at the rate of six-
teen (16¢) per highway mile for in-state travel. The
same rate shall apply to out-of-state travel, subject to
the limitation that the mileage reimbursement shall not
exceed the amount equal to the number of persons flying
by private plane times the allowable commercial airline
rate.

b. Sections 1, 2, 3, 4, and 7 of Chapter VIII and their subsections

substituted therefor:

Sec. 1-104. PHILOSOPHY

(a) The Rules and Regulations of the Board of Regents coupled with the Joint Statement on Rights and Freedom of Students, as developed and approved by the American Association of University Professors (AAUP), the Association of American Colleges (AAC), the U. S. National Student Association (USNSA), the National Association of Student Personnel Administrators (NASPA), and the National Association of Women Deans and Counselors (NAWDC), are the bases upon which this document has been developed.

(b) Understandings and interpretations of the Joint Statement by the AAC and the NASPA are considered as an essential part of the Joint Statement, since these qualifications provide the opportunity of the Joint Statement to be implemented at UT Arlington based on the particular philosophy and educational purposes of this institution. The provisions delineated herein have been prepared by staff, faculty members, and students with this thought in mind. Where conflicts of the Joint Statement with the Regents' Rules and Regulations have been found, the directives of the Board of Regents have been incorporated in this document.
CHAPTER 2. STUDENT CONDUCT AND DISCIPLINE

SUBCHAPTER 2-100. GENERAL PROVISIONS

Sec. 2-101. PHILOSOPHY

(a) The university is a community of scholars whose members include faculty, staff, and students. The university is dedicated to addition to, dissemination, and application of knowledge. It seeks to achieve these goals by both formal and informal teaching, through research, and by creating an environment conducive to learning.

(b) In establishing policies to govern student conduct, the university strives to achieve a balance between individual independence and essential social control. In the matter of regulating student conduct, the aim is to encourage independence, self-direction, and maturity; however, in instances where a student's behavior is contradictory to the rights of other students and the academic community as a whole or inhibits the university's realization of its goals, the university has the obligation to defend these rights and goals.

(c) A student at the university neither loses the rights nor escapes the responsibilities of citizenship. He is expected to obey both the penal and civil statutes of this state and the federal government and the regents' rules, university regulations, and administrative rules. He may be penalized by the university for violating its standards of conduct even though he is also punished by state or federal authorities for the same act, but institutional penalties shall not be used merely to duplicate the penalties imposed by civil authority. Students expelled or suspended from the university shall receive grades of "W" or "F," as appropriate, in all courses.

Sec. 2-102. APPLICATION

(a) The dean is primarily responsible for the development of policies affecting student life, the promulgation and enforcement of institutional rules that govern student conduct, and the administration of student discipline on the campus.

(b) The university may take action in a disciplinary case over a person who was a student at the time he allegedly violated a regents' rule, university regulation, or administrative rule, even though he is no longer registered at the university.

Sec. 2-103. DEFINITIONS

In this chapter, unless the context requires a different meaning,

(1) "class day" means any day during which classes or examinations are regularly scheduled;
(2) "dean" means the Dean of Student Life, his delegate, or his representative;

(3) "president" means the President of The University of Texas at Arlington;

(4) "student" means a person enrolled in residence at the university or a person accepted for admission or readmission at the university while he is on the campus;

SUBCHAPTER 2-200. ADMINISTRATION OF DISCIPLINE

Sec. 2-201. PROCEDURES

General procedures for administering discipline within the procedures of recognized and established due process are described in this chapter. The president has delegated to the dean the responsibility for administering discipline. The dean has in turn delegated to the associate dean the authority to serve as discipline coordinator. The duties of the discipline coordinator are to investigate a charge, including the gathering of pertinent evidence, to coordinate the efforts of the various discipline committees, to prepare briefs of cases, to present witnesses and evidence against the accused student, to keep official records of disciplinary action, and to submit all completed official records concerning each discipline case to the dean for action.

Sec. 2-202. UNIVERSITY DISCIPLINE COMMITTEE

(a) A university discipline committee is composed of staff members, faculty members, and students. It is selected, as described below, from a discipline panel appointed by the president:

(1) faculty and staff members of the discipline panel are appointed by the president from a list of names submitted by the committee on committees;

(2) student members of the discipline panel are appointed by the Student Congress, with approval of the dean and the committee on committees, and the number of names submitted must be sufficient to permit a selection process at each level by the dean, the committee on committees, and the present;

(3) the discipline panel is comprised of approximately 48 members, of which approximately 12 shall be students; and
(4) the composition of each committee shall be a faculty chairman, four staff or faculty members, and 2 students.

(b) A pool of 3 or more chairmen is appointed by the president for 12 months, beginning in September. They serve on a rotational basis as chairmen of particular discipline committees. These chairmen shall be members of the faculty. Specific responsibilities of these chairmen, besides enhancing continuity and consistency to the proceedings, are as follows:

(1) to maintain control of and give direction to discipline hearings;

(2) to meet with the dean or the discipline coordinator before the hearing, for a briefing on the case to be considered;

(3) to convene with the committee approximately 15 minutes prior to the appearance of the first witness to answer questions and give general guidelines to committee members;

(4) to refer the accused to the discipline coordinator, to the dean, or to one of the associate deans for post-hearing counseling;

(5) to rule on matters of procedure;

(6) to make decisions concerning the relevance of remarks and questions posed;

(7) to expedite the hearing without sacrificing justice;

(8) to call for a decision from the committee;

(9) to insure that a proper record of the proceedings is kept; and

(10) to report the findings of the hearing to the discipline coordinator and the accused student.

(c) The university discipline committee members serve as a hearing tribunal on an alphabetical rotation plan based on availability. The duties of the committee members are as follows:

(1) to insure that due process is afforded;

(2) to operate under the general guidelines of the committee chairman;

(3) to hear evidence;

(4) to question the accused or witnesses on points relevant to the charge;

(5) to determine guilt or innocence on the basis of evidence presented; and

(6) to assess a penalty in keeping with the seriousness of the offense.
(d) Five members of a university discipline committee constitute a quorum and a majority of a quorum rules.

SUBCHAPTER 2-300. STUDENT STANDARDS OF CONDUCT

Sec. 2-301. CONDUCT EXPECTED OF STUDENTS

The succeeding sections of this subchapter describe offenses for which a disciplinary proceeding may be initiated, but the university expects all students to obey the law, to show respect for properly constituted authority, to perform contractual obligations, to maintain integrity and a high standard of individual honor in scholastic work, and to observe standards of conduct appropriate for a community of scholars.

Sec. 2-302. SPECIFIC MISCONDUCT

(b) As used in Subdivision (13) of Subsection (a) of this section, the words "force or violence" include such acts as "stand-ins," "sit-ins," and "lie-ins," when such acts are in fact obstructive or disruptive of any of the authorized activities listed above. For the purposes of this regulation, a disruptive activity means:

(1) obstructing or restraining the passage of persons in an exit, entrance, or hallway of any building without the authorization of the administration of the school;

(2) seizing control of any building or portion of a building for the purpose of interfering with any administrative, educational, research, or other authorized activity;

(3) preventing or attempting to prevent by force or violence the threat of force or violence any lawful assembly authorized by the school administration;

(4) disrupting by force or violence or the threat of force or violence a lawful assembly in progress; or

(5) obstructing or restraining the passage of any person at an exit or entrance to said campus or property or preventing or attempting to prevent by force or violence or by threats thereof the ingress or egress of any person to or from said property or campus without the authorization of the administration of the school.

(c) For the purposes of Subdivision (4) and (5) of
Subsection (b), a lawful assembly is disrupted when any person in attendance is rendered incapable of participating in the assembly due to the use of force or violence or due to a reasonable fear that force or violence is likely to occur.

(d) Neither the institutional head nor the chancellor, nor any representative of either of them when dealing with disruptive activities as defined in Subsection (a)(9) above, shall negotiate or attempt to negotiate with any person or persons engaged in any disruptive activity on the campus of any component institution of The University of Texas System when in his opinion he is under conditions of duress or threat of duress. On the contrary, when such a situation arises, the institutional head or the chancellor, or any representative of either of them, shall take immediate action to utilize all lawful measures to halt and eliminate any and all such disruptive activities that come to their attention.

(e) Any person who, acting either singly or in concert with others, engages in any disruptive activity (as defined in Subsection (a)(9) above) on the campus of any component institution of The University of Texas System is subject to discipline, including expulsion from enrollment as a student or dismissal from employment as a faculty or staff member. The institutional head or the chancellor may take immediate interim disciplinary action, including suspension as a student or faculty or staff member pending a hearing, against any person who engages in any such disruptive activity.

(f) Any student placed on probation for or finally convicted of the illegal use, possession, or sale of a dangerous drug or narcotic shall be automatically expelled from school, regardless of whether or not the illegal act that gave rise to the conviction was committed on the campus.

SUBCHAPTER 2-400. INITIATION OF DISCIPLINARY PROCEEDINGS

Sec. 2-401. INVESTIGATION AND PREPARATION FOR A HEARING

(a) When the discipline coordinator receives information that a student has allegedly violated a regents' rule, university regulation, or administrative rule, he shall investigate the alleged violation. After completing his investigation he may

(1) dismiss the allegation; or

(2) summon the student for a conference, and after conferring with the student, either dismiss the allegation; or

(A) proceed administratively if he determines that the alleged violation is a minor violation and if the facts are not in dispute, or if he and the student concur in an agreed disposition; or

(B) prepare a complaint based on the allegation and send it, together with a list of witnesses and documentary evidence supporting the allegation, to a properly constituted university discipline committee.
(b) Prior to a hearing, the discipline coordinator will notify the accused student of the precise charges brought against him and of the procedural channels that will be used. At this time, the student will also be advised of his rights, privileges, and responsibilities, including the following:

1. The accused should be made aware of the evidence against him and the source of that evidence;
2. He has the right to be confronted by the witnesses against him and he may have witnesses appear in his behalf;
3. All witnesses may be cross-examined by the accused, the discipline coordinator, and members of the committee;
4. The accused is not required to testify against himself;
5. He may have a member of the faculty, other than one of those serving on the committee, or an attorney, or other representative, appear at the hearing with him;
6. All findings or decisions of the committee will be made known to the accused at the time of the hearing, and such findings subsequently will be given to the accused in writing; and
7. The right of appeal and the procedure for making that appeal shall be explained.

(c) The discipline coordinator arranges for the constitution of a discipline committee.

(d) The discipline coordinator prepares a resume of the case, arranges a time, date, and place for the hearing, and advises all parties concerned of those arrangements. He provides for recording the proceedings of the hearing.

(e) A summons or notice under this chapter may be given the student by personal oral notice or may be sent by certified mail, return receipt requested, addressed to the student at the address appearing in the official files. When a summons or notice is mailed in this manner, "notice" shall become effective when the summons or notice is deposited with the postal authorities. A student who fails to answer any administrative summons or notice may be either suspended or placed on disciplinary probation by the dean until the student shows cause why he should be removed from that status, or until the discipline committee either removes, changes, or maintains that status.

(f) The discipline coordinator will then confer with a discipline committee chairman and committee members.

(g) The discipline coordinator will then summon witnesses and require the production of documentary and other evidence requested by the accused student or the committee.

(h) Pending action on the charges, and for good cause shown, the dean, the president, or the chancellor may suspend
the right of a student to be present on the campus and to attend classes, or otherwise alter the status of a student for any of the following reasons:

(1) those relating to the student's physical or emotional safety and well-being;

(2) those relating to the safety of students, faculty, or administrative staff, or university property; or

(3) upon the student's indictment for a felony, pending a final disposition of the indictment, and if he is suspended by the university and not acquitted by the court, his readmission to the university will be subject to the approval of the dean and the president.

(i) The dean, the president, or the chancellor, in an emergency, may take immediate interim disciplinary action, including suspension pending a hearing, against a student for violation of a rule or regulation of The University of Texas System or the university when, in the opinion of such official, the interest of The University of Texas System or the university would be served by such action.

SUBCHAPTER 2-500. PROCEDURES FOR A DISCIPLINE HEARING

Sec. 2-501. CHALLENGES

The discipline committee (tribunal) shall not include any accusor of the accused student. If the accused student is not satisfied with the fairness or objectivity of any member or members of the committee, he may challenge this alleged lack of such fairness or objectivity, but he shall have no right to disqualify any member or members from serving on the committee. Such challenges shall be a part of the official record. Each challenged member shall determine whether he can serve with fairness and objectivity.

Sec. 2-502. CHRONOLOGY

(a) General Procedure: The hearing is informal, and the chairman shall provide reasonable opportunities for witnesses to be heard. The hearing is closed, except that, upon invitation of the accused student, up to 4 visitors may be invited to the hearing. If, in the opinion of the chairman, a visitor creates a disturbance, he will be required to leave. Deliberations and penalty assessments by the committee shall be in closed hearings attended by committee members only.

(b) Specific Procedures:

(1) the chairman informs the accused student of his rights;

(2) the discipline coordinator presents the complaint to the accused student;
(3) the discipline coordinator presents evidence against the accused student;
(4) the accused student presents his defense;
(5) the committee hears rebuttal evidence and argument;
(6) the committee deliberates in private and decides the issue of guilt or innocence;
(7) if the committee finds the accused student guilty, the committee deliberates in private, considers other pertinent data, and determines an appropriate penalty;
(8) the chairman informs the student of the decision and penalty, if any, and appeal procedures, and confirmation of the decision or penalty shall be made in writing;
(9) the discipline coordinator shall notify the parents in writing of the decision and penalty imposed if the student is under 21 years of age; however, telephone notification may be used in addition to the written notification at the option of the discipline coordinator.

Sec. 2-503. EVIDENCE

(a) Legal rules of evidence do not apply to hearings under this subchapter and the committee may admit and give probative effect to evidence that possesses probative value and is commonly accepted by reasonable men in the conduct of their affairs. The committee shall exclude irrelevant, immaterial, and unduly repetitious evidence. The committee shall give effect to the rules of privilege recognized by law, and in addition, may recognize as privileged, communications between a student and a member of the Student Health Center or the Office of the Dean of Student Life where such communications were made in the course of performance of official duties and when the matters discussed are understood by the staff members and the student to be confidential. Committee members may freely question witnesses.

(b) The committee shall presume a defendant innocent of the alleged violation until it is convinced of his guilt beyond a reasonable doubt.

(c) A witness shall testify or produce documentary and other evidence unless the testimony, document, or other evidence is privileged. An accused student may not be compelled to testify. A failure to testify shall in no way be considered prejudicial to the accused.

(d) All evidence shall be offered to the committee during the hearing and made a part of the hearing record. Documentary evidence may be admitted in the form of copies or extracts, or by incorporation by reference. Real evidence may be photographed or described for the record. The committee shall decide the issue of guilt or innocence solely on the basis of admitted evidence. The committee shall consider a student defendant's disciplinary record only in determining an appropriate penalty after finding him guilty of the alleged violation.
(e) A tape recording shall be made of the hearing under supervision of the discipline coordinator. A stenographic digest shall be made if needed for appeal. An accused student or his representative may listen to the tape recording under supervision of the discipline coordinator and compare it with the digest. An accused student may have a stenographer present at the hearing to make a stenographic or electronic transcript of the actual hearing, at the student's expense.

SUBCHAPTER 2-600. LEVELS OF DISCIPLINARY ACTION

Sec. 2-601. PENALTIES

The President, the Dean of Student Life, the discipline coordinator, or the university discipline committee may impose one or more of the following penalties for violating a regents' rule, university regulation, or administrative rule:

(a) An admonition is a written reprimand from the dean or the discipline coordinator to the student.

(b) Warning probation indicates that further violations of regulations will result in more severe disciplinary action. The dean or discipline coordinator shall impose warning probation for a period of not more than 1 calendar year, and the student shall be removed automatically from probation when the imposed period expires.

(c) Disciplinary probation indicates that further violations may result in suspension. Disciplinary probation may not be imposed for more than 12 months.

(d) Withholding of transcript or degree is imposed upon a student pending disciplinary adjudication or upon one who fails to pay a debt owed the university, and the penalty terminates on payment of the debt or upon disposition of the case.

(e) Bar against readmission is imposed on a student who fails to pay a debt owed the university. The penalty terminates on payment of the debt.

(f) Restitution is reimbursement for damage to or misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages.

(g) Suspension of privileges is a penalty that may be imposed by the dean, the discipline coordinator, or the discipline committee to fit the particular case.

(h) Suspension of eligibility for official athletic and nonathletic extracurricular activities prohibits the student from joining a registered student organization; taking part in a registered student organization's activities, or attending its meetings or functions; and from participating in an official athletic or nonathletic extracurricular activity. A suspension may be imposed under this subsection for not more than 1 calendar year.
A failing grade may be assigned to a student for a course in which he was found guilty of scholastic dishonesty, described in Section 2-302(a).

Denial of degree may be imposed on a student found guilty of scholastic dishonesty, described in Section 2-302(a).

Suspension from the university prohibits, during the period of suspension, the student from entering the university campus except in response to an official summons; from being initiated into an honorary or service organization; and from receiving credit at a component of the university system for scholastic work done in residence or by correspondence or extension. Except when suspension is imposed for scholastic dishonesty (as described in Section 2-302(a), the dean or the university discipline committee may permit the receipt of credit for scholastic work done elsewhere during the period of suspension provided it is academically acceptable to the Registrar. The student is required to surrender his Student Academic Use Card and current Activity Card to the discipline coordinator.

Expulsion from the university is permanent severance from the university. The student is required to turn in his Student Academic Use Card and current Student Activity Card to the discipline coordinator.

SUBCHAPTER 2-700. APPEAL

Sec. 2-701. INITIAL APPEAL

A student may appeal a decision of the university discipline committee to the president. Notice of such appeal must be in writing and delivered to the discipline coordinator not later than 5 class days after the date of the hearing. This appeal shall be transmitted to the president by the dean, who may add his recommendation concerning the appeal.

An appeal to the president shall be based on the record made at the hearing, but the student may present any reasons he wishes to urge against the action of the university discipline committee. The president may require that the reasons be presented in writing rather than orally. After hearing the appeal the president may affirm, set aside, or reduce the sentence of the discipline committee. He may also resubmit the matter to the same university discipline committee for the hearing of additional evidence and/or for the reconsideration of its sentence, findings, recommendations, and/or suggestions.

Sec. 2-702. PETITION FOR REVIEW

A student is entitled to further appeal in writing to the chancellor and to the Board of Regents.

A petition for review by the chancellor and the Board of Regents is informal but shall contain the date of all action on the student's appeal and the student's reasons for disagreeing with the committee's action and the president's
decision, or both. A student appellant shall file his petition with the president on or before the 5th class day after the day the president announces his decision on the appeal.

(c) The chancellor and the Board of Regents, or both, may approve, reject, or amend the sentence, findings, recommendations, and suggestions of the university discipline committee or any higher reviewing body or may return the matter to the same university discipline committee for the hearing of additional evidence and/or for the reconsideration of its sentence, finding, recommendations, and/or suggestions.

SUBCHAPTER 2-800. DISCIPLINARY RECORDS

Sec. 2-801. RECORDS OF HEARINGS

(a) The hearing record, notice appeal, and each petition for review are confidential and may not be disclosed in whole or in part except upon the request of the student or upon the dean's authorization. Invasion of the defendant's privacy will be avoided to the greatest extent possible.

(b) The discipline coordinator shall prepare a written summary of each case when all actions have been completed. The summary shall concisely describe the violation and its disposition, but may not identify the defendant involved or the members of the university discipline committee who heard the complaint. The discipline coordinator shall maintain a permanent public file of these summaries, and send a yearly statistical consolidation to the president, the President of Student Congress, and to such other personnel as directed by the dean.

(c) The dean shall destroy each hearing recording six months after final disposition of the case and after he has prepared the summary. He shall maintain a permanent written disciplinary record reflecting the charges, penalty, and other pertinent information. This disciplinary record shall be kept in locked files separate from the student's academic record, and shall be treated confidentially, except upon request of the student or upon direction of the president or his authorized representative.

Sec. 2-802. ACADEMIC RECORDS

Transcripts will not be annotated with discipline data. The registrar shall attach a note to the transcript reflecting eligibility to register at the university and stating the term of the disciplinary period. The note shall be removed from the transcript at the termination of the disciplinary period.

SUBCHAPTER 2-900. OTHER JUDICIAL SYSTEMS

Sec. 2-901. GENERAL

(a) Every student is expected at all times to recognize constituted authority, to conform to the ordinary rules of good conduct, to be truthful, and to respect the rights of others. Such rights include the right of respect for personal feelings, the right of freedom from indignity, the right of
freedom of control by any person, except as may be in accord with published rules and regulations of the university, and the right to be heard when a person has been charged with a violation of acceptable standards of behavior.

(b) The university exercises final authority in all discipline cases, but in all instances of reasonable doubt, a disciplinary decision should favor the person charged.

(c) Since the entire campus atmosphere contributes to the educative process, serious disciplinary infractions are properly the concern of the student body, the faculty, and the administration. However, there are several types of disciplinary problems that best fall almost exclusively under the purview of the student community. Procedures for handling these problems are delineated below.

Sec. 2-902. STUDENT JUDICIAL BOARD

(a) A Student Judicial Board, whose membership is approved by the Student Congress with the concurrence of the dean, shall hear cases forwarded to it by the dean or by the Student Congress.

(b) Appeals shall be made to the dean and then to the president who is the final appellate authority in cases of Student Judicial Board concern.

Sec. 2-903. DORMITORY SYSTEM

Minor infractions of behavioral norms will be dealt with within the dormitory group involved. Punitive actions will be limited in scope and are subject to review by the Dormitory Judicial Board and the Housing Coordinator. Recommendations for official action may be made to the discipline coordinator. Chief Student Counselors, student counselors, and elected dormitory officers will be informed of the limitations of their disciplinary authority. They should refer cases to the discipline coordinator that may require in-depth counseling or punitive action such as official reprimand, conduct probation, or separation from the institution.

Sec. 2-904. OTHER COUNCILS

(a) Councils may be approved by the dean as required to coordinate the activities of two or more similar groups or organizations. Examples of such councils are the Interfraternity Council, the Panhellenic Council, and the Interdormitory Council.

(b) The dean grants to these councils certain responsibilities in cases involving both individual and group violations of their own constitutions.

CHAPTER 3. STUDENT ORGANIZATIONS

SUBCHAPTER 3-100. GENERAL PROVISIONS

Sec. 3-101. PHILOSOPHY

(a) The university is a community of scholars dedicated to the cultivation of the resources of the mind in the search
for truth. The university encourages free association among its members for any purpose that is consonant with the cause of learning. In particular, the community acknowledges any officially registered group of students with a common interest formally organized to supplement the educational objectives of the university; such groups, operating across or between the prevailing curricular lines, can, in advancing their own interests, advance the interests of all who make up the community.

(b) Like every community, the university has both the right and the duty to insist that no organization that it registers shall require of its members activity that interferes with the ultimate purpose for which the community was founded -- scholastic achievement. Registration by the university, which bestows upon an organization the right to assemble on university grounds and to speak through university facilities, bears with it the obligation to use these freedoms with a just regard for the good of all. This does not mean that an organization may be denied registration if its purposes, policies, or practices fail to conform to those of the majority of the members of the community or to those of the administration of the university. The search for truth is grounded in the right to dissent. But when, in the judgment of the university community, any organization becomes inimical to the university's collective reach toward intellectual excellence, the institution must withdraw its sanction. The right to dissent belongs to the university community as well as to individual groups within it.

Sec. 3-102. DEFINITIONS

In this chapter, unless the context requires a different meaning,

(1) "adviser" or "sponsor" means a member of the faculty or administrative staff who counsels the members of an organization; sponsorship implies a willingness to support the aims of the organization;

(2) "class day" means any day during which classes or examinations are regularly scheduled;

(3) "committee" means the Committee on Student Organizations;

(4) "dean" means the Dean of Student Life, his delegate, or his representative;

(5) "organization" means a student group registered by the Committee on Student Organizations;

(6) "president" means the President of The University of Texas at Arlington;

(7) "student" means a person enrolled in residence at the university or a person accepted for admission or readmission at the university while he is on the campus;

(8) "university" means The University of Texas at Arlington; and

(9) "university facility" means equipment, a classroom, an auditorium, a dormitory, a meeting room, or any other area of the campus.
Sec. 3-103. GENERAL POLICIES

(a) General policies concerning student life have been promulgated for the purpose of providing uniformity and consistency in making decisions affecting students at this institution. The dean is the administrative officer responsible for the development and administration of such policies relating to students in the areas assigned to him.

(b) Students are expected to recognize constituted authority and to recognize the rights and privacy of others. Disorderly conduct, including damaging of public property and disobeying university officials, subjects the individual or organization to discipline.

(c) Any individual student, group of students, or student organization may petition the Board of Regents on any matter relating to the policies and regulations set forth in this chapter through the dean, the president, and the Chancellor.

(d) Registration procedures as specified in Section 3-301 are to be followed by any group of students eligible to propose a new student organization.

(e) A proposed constitution must be submitted to the Student Activities Office for review by the committee not later than 30 days after the date on which the application is submitted unless waived by the Director of Student Activities.

(f) Upon fulfillment of procedural requirements and upon approval of its constitution by the committee, the organization will be officially registered to function on the campus of the university. The constitution will be kept on file in the Office of the Director of Student Activities.

(g) Amendments to constitutions and bylaws of student organizations shall be approved by the committee.

SUBCHAPTER 3-200. COMMITTEE ON STUDENT ORGANIZATIONS

Sec. 3-201. COMPOSITION

(a) The committee, which is appointed by the president, is composed of 3 faculty members, 3 students, and 3 staff members, including the Director of Student Activities.

(b) A majority of the committee constitutes a quorum. A majority of a quorum rules.

Sec. 3-202. JURISDICTION OF COMMITTEE

(a) The committee has jurisdiction over all student organizations using university facilities, except as indicated in Subsection (b).
(b) The committee does not have jurisdiction over

(1) intercollegiate and intramural athletics;

(2) organizations such as the Student Congress and the Student Activities Board, which are sponsored and funded by the university; or

(3) activities in which participation may yield academic credit in a degree program offered by the university.

Sec. 3-203. GENERAL DUTIES OF THE COMMITTEE

(a) The committee shall recommend to the president, through the dean, criteria and policies for student organizations in consonance with the Regents' Rules and Regulations and this supplement. These proposals will be submitted to the president for approval.

(b) The committee shall establish one or more subcommittees composed of (1) the Director of Student Activities; (2) 1 student; and (3) 1 faculty member. A subcommittee shall register those student organizations meeting procedural requirements and not considered potentially "inimical to the educational purpose and work of the institution," in conformity with the regents' rules. Those organizations considered inimical will be referred to the full committee.

(c) The committee shall consider any application referred to it by a subcommittee. The application and pertinent data concerning any organization not registered by the committee for reason of being considered inimical to the educational purposes of the university shall be sent to the president for approval or disapproval through the dean.

(d) The committee shall serve as the university agency for enforcing the Regents' Rules and Regulations, as well as local regulations, concerning student organizations. Included in this responsibility is the prerogative of maintaining "initial jurisdiction over all registered student organizations," such as registration revocation for cause as specified in the Regents' Rules and Regulations and this supplement, provided that due process has been afforded. Appeals from such actions shall be to the president through the dean.

(e) The committee shall establish liaison with the Student Center Advisory Committee and the Advisory Committee on Student Life and Activities in order to insure that policies recommended by the committee are in harmony with policies promulgated by these organizations.

Sec. 3-204. REVIEW OF ORGANIZATIONS

If the committee determines that an organization is ineligible for registration, is inactive, or conducts its affairs in violation of the Regents' Rules and Regulations, university regulations, or administrative rules, it shall notify the organization in writing of each deficiency. If the organization fails to remedy each deficiency on or before the 10th class day after the date of the notice, or is not granted an extension by the committee, the committee shall
hold a hearing on the status of the organization. After a hearing, the committee may impose 1 or more penalties described in Section 3-801 on any organization found ineligible for registration, inactive, or conducting its affairs in violation of the Regents' Rules and Regulations, university regulations, or administrative rules.

SUBCHAPTER 3-300. REGISTRATION OF STUDENT ORGANIZATIONS

Sec. 3-301. PROVISIONS FOR STUDENT ORGANIZATIONS

(a) An organization in which membership is limited to students (recognizing that faculty and staff may also be members) may become a registered student organization by complying with the procedures set forth in this chapter, but it shall not suggest or imply that it is acting with the authority or as an agency of the university.

(b) The committee shall have initial jurisdiction over all student organizations seeking registration or having been registered.

(c) No organization shall be registered at the university that:

1. excludes anyone from membership on the basis of race, color, creed, national origin, or religion;

2. has rules or regulations inconsistent with the purposes and policies of the university;

3. conceals any of its purposes or practices from its members or from the academic community or whose actions or activities are inimical to the educational purpose of the institution; or

4. includes hazing, with or without the consent of the student, as a practice.

(d) For the purpose of Subsection (c)(4), "hazing" is construed to involve dangerous, harmful, or degrading features, including "walks" or "paddling" (according to Section 4.19, Texas Education Code).

Sec. 3-302. PROCEDURES FOR REGISTRATION

(a) Individuals or groups who wish to organize a new group (or to reactivate one that has ceased to qualify) shall first make application to the Director of Student Activities who will assist the group in preparing its application. The application requires the group to secure an adviser or sponsor from the faculty or administrative staff, to submit prior to registration a copy of its proposed constitution, to prepare an information sheet that lists the proposed officers and at least 15 members, and to acknowledge that all members are enrolled in at least 9 semester hours at this institution or that they are officially recognized co-op students.

(b) During the organizational period, activities will generally be limited to those necessary to organize and establish the group. This period may not exceed 30 days unless it is extended.
(c) All publicity released by the group during the organizational period must clearly specify that the organization is merely "proposed."

(d) Registration is granted by the committee.

Sec. 3-303. PRIVILEGES AND LIMITATIONS

(a) Only an organization that is sponsored and financially supported by the university may use the name of the university or abbreviations of its name.

(b) A registered student organization may not use the university or its abbreviations as a part of its name.

(c) A registered student organization may not advertise or promote events or activities or other functions in a manner that suggests that they are sponsored by the university.

(d) A registered student organization has the privilege of using university facilities for meetings and activities, subject to prior needs of the university.

(e) A registered student organization may utilize the resources and services of faculty sponsors, staff members and offices on the campus including campus publicity media and space, except for activities explicitly or implicitly denied.

(f) Provisions for the use of booths, submission of petitions, participation in demonstrations, distribution of handbills, preparation of posters, and other facets of student expression are set out in Chapter 4.

(g) International, national, regional, or state affiliations may be approved by the committee. Practices of local affiliated organizations must be in conformity with the rules, regulations, and policies of the university.

(h) Each registered student organization shall anticipate, provide for, and promptly meet its financial obligations in a businesslike manner that is fair and equitable to its current and future members.

SUBCHAPTER 3-400. ACTION ON APPLICATION

Sec. 3-401. PROCEDURE

(a) If the committee refuses to register an organization, the application will be forwarded to the president through the dean. Reasons for failure to register the organization will be attached to the application.

(b) The president shall confine his review to the application and supporting documents, to the committee's statement, and to the dean's recommendation. To the extent consistent with this chapter, the president in his review may

(1) affirm the committee's decision;

(2) refer the matter back to the committee for hearing; or
SUBCHAPTER 3-500. MEMBERSHIP, MEETINGS, AND SPONSORS

Sec. 3-501. ELIGIBILITY FOR MEMBERSHIP

Membership in student organizations shall be limited to staff and faculty members and to students who are taking 9 semester hours or more or who are officially recognized co-op students.

Sec. 3-502. DUTIES OF OFFICERS

(a) The president and other officers of a registered organization (except in those organizations where constitutional requirements are higher) must be students taking at least 9 semester hours, have a cumulative academic average of no less than 1.0 on a 3.0 system, and not be on probation.

(b) The secretary, or other designated officer, shall insure that the organization's information sheet, filed with the Director of Student Activities, is kept up-to-date, and that any changes in officers, sponsor, or purposes shall be noted within 10 days after the change has been made.

(c) The treasurer, or other designated officer, is responsible for and shall maintain complete and accurate records of all financial transactions of his organization.

Sec. 3-503. MEETINGS AND ASSEMBLIES

(a) In keeping with institutional purposes, conduct at all social functions, meetings, and assemblies shall be orderly and shall not interfere with academic or administrative functions or activities.

(b) All on-campus social functions, meetings, and assemblies, except those in the forums area, described in Subsection (d), must be registered in the Student Activities Office and entered on the Student Activities Calendar prior to the scheduling or any public announcement of the event.

(c) Any organization desiring to register an event shall secure an application blank for this purpose from the Student Activities Office and return the form properly executed prior to the time of the event.

(d) A "forums area" on the hard surface area of the mall in front of the library has been designated as a place where individuals or organizations may assemble, peacefully demonstrate, or meet without the 24-hour prior notification specified on the application blank.

(e) Space assignments for meetings must be obtained from the Office of the Registrar for classroom space, the Student Center Director for the Student Center Building, or the manager of the auditorium and theater for those buildings.
(f) Sponsors must be notified of all meetings and social functions and are encouraged to attend such activities.

(i) The organization is responsible for the conduct of its members and guests at its meetings, social functions, and assemblies.

(j) Speakers from off campus may be obtained as stipulated in Subchapter 4-300 of Chapter 4.

Sec. 3-504. ADVISERS OR SPONSORS

The selection of advisers or sponsors will be left to the organizations, provided that the individual selected is a university faculty or staff member who supports the aims of the organization.

SUBCHAPTER 3-600. MAINTAINING STATUS

Sec. 3-601. GENERAL

(a) The program of student organizations will be governed by the following standard promulgated by the Southern Association of Colleges and Universities:

"... The extent to which student activities add to the educational efficiency of an institution or detract from it will determine their value. The entire program should be under faculty supervision. The participation in such activities should be based on the maintenance of satisfactory academic standards of work. The financial programs of all extracurricular activities should be audited, reported to students and faculty, and be assured of careful management."

Faculty or administrative sponsors are considered essential to monitor this program at the university.

(b) Organizations that are or become directly or indirectly affiliated with organizations on the United States Attorney General's list of subversive organizations pursuant to Executive Order 10950 will be denied either initial or continuing registration, along with those organizations whose purposes, objectives and activities violate or advocate the violation federal and state laws, Regents' Rules and Regulations, or university rules and regulations.

Sec. 3-602. SPECIFIC STATUS REQUIREMENTS

(a) A registered student organization may function as long as it complies with the following:
(1) submits an annual "Information Sheet" to the office of the dean. Changes must be recorded not later than 10 days following submission.

(2) has university-affiliated advisers or sponsors;

(3) confines membership to students of the university or staff, or both, and faculty members;

(4) schedules all on-campus meetings and programs through the Director of Student Activities;

(5) observes university regulations; and

(6) cooperates, through its officers, with the office of the dean.

(b) The committee may revoke registration or deny subsequent application to any student organization failing to comply with its own constitution or university regulations or both. The first year of an organization's existence constitutes a probationary period. If at any time during this first year the organization does not maintain status as specified above, registration will be revoked without a formal hearing required by Section 3-803.

SUBCHAPTER 3-700. FINANCES

Sec. 3-701. FUND RAISING

(a) No organization or group will be permitted to hold or sponsor any activity for the purpose of raising funds without administrative approval. Requests for permission to sponsor such fund-raising activities shall be submitted through the dean to the Vice President for Business Affairs (acting for the president). Fund-raising activities may be authorized under the conditions set out on this section.

(b) The following commercial solicitations including the sale, contract of sale, disposition of or contract to dispose of any item of personal property, the inducement of any person, group, or organization to contract with regard to any item of personal property, service, or anything that the offerer may offer, or the solicitation of funds or personal property, may be authorized upon obtaining prior approval:

(1) commercial solicitations in the Student Center that have been approved by the Vice President for Business Affairs, subject to applicable Regents' Rules and Regulations;

(2) any commercial solicitation made pursuant to a contract or agreement between the university and the vendor;

(3) the sale of any newspaper or other publication by means of an approved vending machine or rack located in the Student Center in the area designated in advance by the Vice President for Business Affairs for such purposes; and
Sec. 3-702. SAFEKEEPING OF FUNDS

(a) Funds for registered student organizations may be deposited in the Business Office of the university. Student organizations desiring to keep funds off campus shall notify the dean.

(b) Financial commitments shall not be made by any student organization without written approval by the organization's sponsor. The sponsor's signature shall appear on all the organization's checks.

(c) When an organization, maintaining an off-campus account, becomes inactive, that organization's off-campus account shall be closed and the funds deposited in the University Business Office within 30 days. After 4 years, the defunct organization's account will be placed in a loan fund or some other fund designated by the dean with the concurrence of the Vice President for Business Affairs. In certain cases, funds of organizations with national affiliation will be deposited with the national office. The organization may not reopen an off-campus account until permission is obtained from the committee. An agreement form concuring with this policy is part of the administrative processing required for student organizations to become officially registered.
Sec. 3-703. ACCOUNTING PROCEDURES

(a) The receipt of dues, fees, and any other income or property by student organizations and any disbursements shall be under the supervision of the adviser or sponsor of the organization. These records will be subject to audit by officials of the university at any time. Receipt books will be provided by the Business Office for the organizations maintaining accounts with that office.

(b) All persons employed on a salary by the Student Congress shall be subject to the approval of the dean, the president, the Chancellor, and the Board of Regents.

SUBCHAPTER 3-800. DISCIPLINE OF STUDENT ORGANIZATIONS

Sec. 3-801. ADMINISTRATION

(a) When the dean receives information that an organization has allegedly violated a regents' rule, university regulation, or administrative rule, he shall insure that the alleged violation is investigated. After the investigation has been completed, the dean may dismiss the allegation or file a complaint with the committee.

(b) If an organization violates a regents' rule, university regulation, or administrative rule it subjects itself to disciplinary action.

(c) An organization violates a regents' rule, university regulation, or administrative rule when:

1. one or more of its officers acting in the scope of his general responsibilities commits the violation;

2. one or more of its members commits the violation after the action that constitutes the violation was approved by majority vote of the organization;

3. one or more members of a committee of the organization commits the violation while acting in the scope of the committee's assignment; or

4. a majority of the members of an organization acting with apparent authority of the organization commit the violation.

(d) A student may be disciplined personally for a violation under Chapter 2 even though the organization of which he is a member is penalized under this subchapter for the same violation or for a violation developing from the same situation.

Sec. 3-802. NOTICE

(a) Before the committee holds a hearing on an alleged violation, it must notify the organization concerned by letter of the date, time, and place for the hearing. The committee
shall send the letter by certified mail, return receipt requested, to any officer of the organization, with a copy by regular mail to the organization’s adviser or sponsor. A letter mailed in this manner constitutes notice to the organization.

(b) The letter shall specify a hearing date not less than 3 nor more than 10 class days after the date of the letter and shall direct the president of the organization or his representative to appear at the hearing.

(c) The letter shall

1. describe concisely the alleged violation;
2. advise the organization of its rights
   A) to a private hearing;
   B) to know the identity of each witness who will testify against it;
   C) to appear at the hearing through a representative or adviser or both;
   D) to summon witnesses, require documentary and other evidence to be presented, offer evidence, and testify in its own behalf;
   E) to cross-examine each witness who testifies against it;
   F) to have the hearing recorded verbatim and have a stenographic digest made of the recording in the case of an appeal;
   G) to make its own transcript of the hearing;
   and
   H) to appeal as stipulated by Section 3-805 and 3-806.

Sec. 3-803. HEARING

(a) The chairman of the committee shall preside over the hearing.

(b) The hearing is informal and is private. The committee chairman shall provide reasonable opportunities for every witness to be heard. The defendant organization, with the approval of the committee chairman, may call witnesses to testify in its behalf.

(c) An organization does not have a privilege against self-incrimination, nor may it remove any members of the committee by challenging preemptorily or for cause.

(d) The dean shall when requested furnish a suitable
room and necessary equipment to the committee for a hearing or consideration of an appeal.

(e) To the extent consistent with this chapter, the committee shall follow the procedures set forth in Chapter 2.

Sec. 3-804. PENALTIES

The committee, finding after a hearing that an organization has violated a regents' rule, university regulation, or administrative rule, may

(1) suspend for not more than 1 calendar year the organization's privilege to do one or more of the following:
   (A) publicly post signs;
   (B) install a booth;
   (C) publicly assemble or demonstrate in the name of the organization;
   (D) sponsor or present activities;
   (E) publicly raise funds or make a noncommercial solicitation;

(3) cancel the organization's registration for not more than 1 calendar year; or

(4) place the organization on probation for a period not to exceed 2 years.

Sec. 3-805. DISCIPLINARY APPEALS

(a) An organization is entitled to appeal the decision of the committee to the president. An organization appeals by giving written notice to the dean with a copy to the chairman of the committee on or before the 5th class day after the day the committee announces its decision. The appeal is informal but shall contain the organization's name and mailing address, a description of each violation of which the organization was found guilty, the date of the committee's decision, and pertinent supporting documents. Notice of appeal given under this subsection suspends imposition of any penalty until the appeal is finally decided.

(b) A student or organization may subsequently appeal in writing the committee's action through the president and the chancellor to the Board of Regents. The chancellor and the Board of Regents review appeals at their discretion.
CHAPTER 4. FACILITIES, SPEECH, ADVOCACY, AND ASSEMBLY

SUBCHAPTER 4-100. GENERAL PROVISIONS

Sec. 4-101. PHILOSOPHY AND LIMITATIONS

(a) Freedom of inquiry and discussion are basic and essential to intellectual development. Students and registered student organizations have the right, therefore, to present speakers, to petition, to post signs, to set up booths or tables, and to demonstrate peacefully on campus, all in accordance with local, state, and national law, and in accordance with applicable regents' rules and institutional regulations. Such activities shall not disrupt or disturb the regular academic and institutional program and shall not result in damage to or defacement of property.

(b) The university reserves the right to establish reasonable, nondiscriminatory regulations concerning the time, place, and manner of speech, advocacy, and assembly. The dean is the administrative officer primarily responsible for the development and administration of such policies.

(c) It shall be made clear to the academic and to the larger community that in their public expressions and demonstrations, students and student organizations speak only for themselves, since the university does not endorse any statement or activity that does not represent official university action.

(d) Section 5, Article 6889-3A, Vernon's Texas Civil Statutes, is quoted as follows to serve as a regulatory statement to indicate that there is coupled with the right of freedom of speech and assembly the responsibility for each individual to support and defend the Constitution of the State of Texas and the United States:

HOUSTON MEDICAL SCHOOL: INFORMATION REPORT WITH RESPECT TO TRANSFER OF CONSTRUCTION FUNDS FOR THE PERMANENT MEDICAL SCHOOL BUILDING PURSUANT TO THE REQUEST OF GOVERNOR SMITH. The following written report was received from Chairman Erwin as a matter of information:

Due to a 50% reduction in Federal matching funds and a dramatic increase in the number of qualified welfare recipients, the funds appropriated for certain welfare categories and especially for the medical care of the elderly poor would on or after April 1, 1970, be inadequate to maintain welfare payments at the present level. Insofar as The University of Texas System is concerned, this would result in a reduction of approximately $600,000 in income at the U. T. Galveston hospitals, a decrease of some $300,000-$400,000 to the U. T. teaching hospital in Dallas and a corresponding decrease in the income of the U. T. teaching hospital in San Antonio. It is reported that it would also result in the closing of many nursing homes which would cause thousands of the sick elderly poor to be denied the medical care with which they are now provided.

Section 21 of Article V of the present Appropriation Bill provides, in effect, that a State agency, upon the request of the Governor, is authorized to transfer appropriated funds to the other State agencies in order to promote the general welfare of the State.

Pursuant to that authority, Governor Smith on Friday, February 20, officially requested the Board of Regents to transfer $6,000,000 from the construction funds that were appropriated for the Houston Medical School to the funds that are available for welfare expenditures. At the same time, he requested the Board of Regents of Texas Tech University to similarly transfer $7,500,000 of the construction funds that were appropriated for the Texas Tech Medical School. This $13,500,000 transfer will not solve the problem for the remainder of the biennium, but it will serve to prevent major reductions in welfare payments to the elderly poor for the next several months.

The $6,000,000 which the Board of Regents was requested to transfer cannot be contracted for or expended before the 62nd Legislature has an opportunity to replace those funds after it convenes in January of next year. In his press statement, Governor Smith stated that he would recommend that the 62nd Legislature replace the transferred funds at the earliest possible time.

Also, we shall still have $4,000,000 for the Houston Medical School which will permit the preparation of our architectural drawings and will permit the acceptance of a first year class of students next September.
GALVESTON MEDICAL BRANCH: GUARANTY OF PERFORMANCE
AGREEMENT FROM SAM P. WALLACE CO., INC., DALLAS AND
MODIFICATION OF SERVICE AGREEMENT BETWEEN THE BOARD
OF REGENTS AND CENTRAL ENERGY CORPORATION TO FURNISH
CHILLED WATER AND STEAM. --Approval was given to accept a
Guaranty of Performance Agreement from Sam P. Wallace Co., Inc.,

of the obligations and duties required under the service agreement between
the Board of Regents of The University of Texas System and the Central
Energy Corporation of Dallas, Texas, for providing central heating and
chilled water to The University of Texas Medical Branch at Galveston.

It was further authorized that the service agreement with Central Energy
Corporation of Dallas, Texas, for chilled water and steam at The Univer-
sity of Texas Medical Branch at Galveston be modified by deleting in
Paragraph No. 19 (Inability to Perform) the following "primary indebted-
ness is defined as not more than 80% of capital cost of facilities less
4% annual depreciation" and substituting therefor "primary indebtedness
is to mean $3,500,000 or such lesser amount as may be actually advanced
by Prudential but in no event more than the actual cost of acquisition and
construction of facilities".

It was further authorized that if it becomes necessary for the Board to take
over the operation of the plant under Paragraph 19 of the base agreement,
the service agreement and the lease will not terminate and ownership of the
plant will vest in the Board subject to the liens securing the debt. The Board
will have prepayment privileges without penalty and will retire the debt only
from the revenues of the plant.

The Chairman of the Board was authorized to execute the instruments
modifying the service agreement with Central Energy Corporation for
chilled water and steam at The University of Texas Medical Branch
at Galveston when such instruments have been approved by a Univer-
sity attorney as to form and by Executive Vice-Chancellor Walker as
to content.
