U. T. BOARD OF REGENTS: APPROVAL OF MINUTES OF REGULAR MEETING HELD ON FEBRUARY 8, 1990.--Upon motion of Regent Ratliff, seconded by Regent Blanton, the Minutes of the regular meeting of the Board of Regents of The University of Texas System held on February 8, 1990, in Edinburg, Texas, were approved as distributed by the Executive Secretary. The official copy of these Minutes is recorded in the Permanent Minutes, Volume XXXVII, Pages 943 - 1509.
SPECIAL ITEMS

1. U. T. Board of Regents: Ratification of Cash Defeasance of $86,630,000 in Aggregate Principal Amount of Permanent University Fund Refunding Bonds, Series 1985, Maturing July 1, 2005; Authorization for the Execution and Delivery by the Executive Vice Chancellor for Asset Management of an Escrow Agreement Relating to the Cash Defeasance; and Call for Redemption Prior to Maturity of Bonds Being Defeased.--Executive Vice Chancellor for Asset Management Patrick reported that at its October 1989 meeting the U. T. Board of Regents approved the defeasance in whole or in part of The University of Texas System Permanent University Fund Refunding Bonds, Series 1985, maturing July 1, 2005, subject to appropriate market conditions and appointed the Executive Committee as a Pricing Committee to approve the transaction and determine the price of the securities. On March 9, 1990, market conditions were favorable and the Pricing Committee approved the transfer of $89,996,607 from Available University Fund (AUF) balances to Ameritrust Texas, National Association, Austin, Texas, the Escrow Agent, to purchase the escrowed securities. The escrowed securities have been deposited with Ameritrust Texas, National Association for deposit in the Escrow Fund.

Based upon Mr. Patrick's presentation and following a brief discussion, the Board, without objection:

a. Ratified the cash defeasance of $86,630,000 in aggregate principal amount of the Board of Regents of The University of Texas System Permanent University Fund Refunding Bonds, Series 1985, maturing July 1, 2005

b. Authorized the execution and delivery by the Executive Vice Chancellor for Asset Management of the Escrow Agreement and related Exhibits set out on Pages 3 - 36

c. Called for redemption prior to maturity on July 1, 1995, the bonds being defeased.
THIS ESCROW AGREEMENT, dated as of March 16, 1990 (herein, together with all exhibits and attachments hereto and any amendments or supplements hereto, called the "Agreement"), is entered into by and between the BOARD OF REGENTS OF THE UNIVERSITY OF TEXAS SYSTEM (herein called the "Board") and AMERITRUST TEXAS NATIONAL ASSOCIATION, AUSTIN, TEXAS, as escrow agent (herein, together with any successor in such capacity, called the "Escrow Agent"). The addresses of the Board and the Escrow Agent are shown on Exhibit "A" attached hereto and made a part hereof.

WITNESSETH:

WHEREAS, the Board heretofore has issued its $345,970,000 Permanent University Fund Refunding Bonds, Series 1985 (the "Bonds"); and

WHEREAS, when firm banking arrangements have been made for the payment or redemption of a portion of the Bonds maturing on July 1, 2005, as described in Exhibit "A" attached hereto (the "Defeased Obligations"), then the Defeased Obligations shall no longer be regarded as outstanding except for the purpose of receiving payment from the funds provided for such purpose; and

WHEREAS, Vernon's Ann. Tex. Civ. St. Article 717k, as amended, authorizes the Board to deposit any available funds or resources, directly with any place of payment (paying agent) for any of the Defeased Obligations, and such deposit, if made before such payment dates and in sufficient amounts, shall constitute the making of firm banking and financial arrangements for the discharge and final payment of the Defeased Obligations; and

WHEREAS, Article 717k further authorizes the Board to enter into an escrow agreement with any such paying agent for any of the Defeased Obligations with respect to the safekeeping, investment, administration and disposition of any such deposit, upon such terms and conditions as the Board and such paying agent may agree, provided that such deposits may be invested only in direct obligations of the United States of America, including obligations the principal of and interest on which are unconditionally guaranteed by the United States of America, and which may be in book entry form, and which shall mature and/or bear interest payable at such times and in such amounts as will be sufficient to provide for the payment or redemption of principal of and interest on the Defeased Obligations; and
WHEREAS, the Escrow Agent is a place of payment (paying agent) for the Defeased Obligations and this Agreement constitutes an escrow agreement of the kind authorized and required by said Article 717k; and

WHEREAS, Article 717k makes it the duty of the Escrow Agent to comply with the terms of this Agreement and timely make available to the other places of payment (paying agents) for the Defeased Obligations the amounts required to provide for the payment or redemption of the principal of and interest on such obligations, and in accordance with their terms, but solely from the funds, in the manner, and to the extent provided in this Agreement; and

WHEREAS, The University of Texas System has funds available in the Available University Fund for the purpose of providing for the payment of the principal of the Defeased Obligations upon maturity or redemption and interest on the Defeased Obligations when due; and

WHEREAS, the Board desires that the certain available funds of the Board within the Available University Fund shall be applied to purchase certain direct obligations of the United States of America hereinafter defined as the "Escrowed Securities" for deposit to the credit of the Escrow Fund created pursuant to the terms of this Agreement and to establish a beginning cash balance (if needed) in such Escrow Fund; and

WHEREAS, the Escrowed Securities shall mature and the interest thereon shall be payable at such times and in such amounts so as to provide moneys which, together with cash balances from time to time on deposit in the Escrow Fund, will be sufficient to pay interest on the Defeased Obligations as it accrues and becomes payable and the principal of the Defeased Obligations upon redemption or maturity; and

WHEREAS, to facilitate the receipt and transfer of proceeds of the Escrowed Securities, particularly those in book entry form, the Board desires to establish the Escrow Fund at the corporate trust office of the Escrow Agent shown on Exhibit "A"; and

WHEREAS, the Escrow Agent is a party to this Agreement to acknowledge its acceptance of the terms and provisions hereof;

NOW, THEREFORE, in consideration of the mutual undertakings, promises and agreements herein contained, the sufficiency of which hereby are acknowledged, and to secure the full and timely payment of principal of and the interest on the Defeased Obligations, the Board and the Escrow Agent mutually undertake, promise, and agree for themselves and their respective representatives and successors, as follows:

ARTICLE I

DEFINITIONS AND INTERPRETATIONS

Section 1.01. Definitions. Unless the context clearly indicates otherwise, the following terms shall have the meanings assigned to them below when they are used in this Agreement:

"Escrow Fund" means the fund created by this Agreement to be administered by the Escrow Agent pursuant to the provisions of this Agreement.

"Escrow Funding Date" means the date on which the Escrowed Securities and cash are deposited with the Escrow Agent, as described in Section 2.01 hereof.

"Escrowed Securities" means the noncallable United States Treasury obligations to be purchased with funds other than bonds of the Board, as more fully described on pages 4 and 7 of the Report, together with all reinvestments of the proceeds thereof as contemplated and required by the provisions of this Escrow Agreement and the Report.

"Legal Defeasance Date" means the date on which the Board (a) ratifies the execution of this Agreement and the call for redemption of the Defeased Obligation and (b) Vinson & Elkins, as special defeasance counsel to the Board, delivers its opinion to the Board to the effect that firm banking arrangements have been made for the payment or redemption of the Defeased Obligations.

"Paying Agent for the Defeased Obligations" means Ameritrust Texas National Association and any successor to its duties under the resolution of the Board authorizing the issuance of the Bonds.

"Report" means the verification report prepared by Ernst & Young, independent certified public accountants, relating to the defeasance of the Defeased Obligations, a copy of which is attached hereto as Exhibit "C".

Section 1.02. Other Definitions. The terms "Agreement," "Board," "Defeased Obligations," "Bonds" and "Escrow Agent," when they are used in this Agreement, shall have the meanings assigned to them in the preamble to this Agreement.

Section 1.03. Interpretations. The titles and headings of the articles and sections of this Agreement have been inserted for convenience and reference only and are not to be considered a part
hereof and shall not in any way modify or restrict the terms hereof. This Agreement and all of the terms and provisions hereof shall be liberally construed to effectuate the purposes set forth herein and to achieve the intended purpose of providing for the defeasance of the Defeased Obligations in accordance with applicable law.

ARTICLE III

CREATION AND OPERATION OF ESCROW FUND

Section 3.01. Escrow Fund. The Escrow Agent has created on its books a special trust fund and irrevocable escrow to be known as the Board of Regents of The University of Texas System Permanent University Fund Refunding Bonds, Series 1985 (July 1, 2005 Maturity) Escrow Fund (the "Escrow Fund"). The Escrow Agent hereby agrees that upon receipt thereof it will deposit to the credit of the Escrow Fund the funds and the Escrowed Securities described on pages 4 and 7 of the Report. Such deposit, all proceeds therefrom, and all cash balances from time to time on deposit therein (a) shall be the property of the Escrow Fund, (b) shall be applied only in strict conformity with the terms and conditions of this Agreement, and (c) are hereby irrevocably pledged to the payment of the principal of and interest on the Defeased Obligations, which payment shall be made by timely transfers of such amounts at such times as are provided for in Section 3.02 hereof; provided, however, that nothing contained in this Section 3.01 shall prohibit the transfer to the Board of any income or increment earned from the reinvestments of the proceeds of Escrowed Securities, as provided in Section 4.02 of this Agreement. When the final transfers have been made for the payment of such principal of and interest on the Defeased Obligations, any balance then remaining in the Escrow Fund shall be transferred to the Board, and the Escrow Agent thereupon shall be discharged from any further duties hereunder.

Section 3.02. Payment of Principal and Interest. (a) The Escrow Agent is hereby irrevocably instructed to transfer from the cash balances from time to time on deposit in the Escrow Fund, the amounts required to pay the principal of the Defeased Obligations, when due at their stated maturity or upon the redemption date shown on page 8 of the Report, and interest on the Defeased Obligations when due, in the amounts and at the times shown on page 8 of the Report.

(b) Money transferred in accordance with the provisions hereof shall be held by the Paying Agent for the Defeased Obligations as a separate trust fund for the account of the respective holders of the Defeased Obligations in connection with which such money is held; provided, however, that money so held remaining unclaimed by the owners of such Defeased Obligations for ten (10) years after the dates on which payment thereon was due, payable and available for payment shall be paid to the Board to be used for any lawful purpose. Thereafter, neither the Board, the Escrow Agent, the Paying Agent for the Defeased Obligations nor any other person shall be liable or responsible to any holders of such Defeased Obligations for any further payment of such unclaimed
money or on account of any such Defeased Obligations. On and after the Legal Defeasance Date, the Paying Agent for the Defeased Obligations shall maintain books of registration and for the Defeased Obligations separate from those otherwise maintained for the Bonds and shall establish such regulations as may be necessary to ensure that (i) owners of Defeased Obligations, at the time of any transfer or exchange thereof are provided notice, through a separate CUSIP identification number and otherwise, of the defeasance of, and redemption date established for, the Defeased Obligations and (ii) no merger is effected between the Defeased Obligations and any Bonds remaining outstanding after the Legal Defeasance Date and subject to the lien established under the Resolution authorizing the Bonds.

(c) Except as provided in Section 3.06 hereof, the Board hereby covenants and agrees that it will not exercise any right that it may have to redeem any of the Defeased Obligations prior to their scheduled maturity.

Section 3.03. Sufficiency of Escrow Fund. The Board represents (based on the Report) that the successive receipts of the principal of and interest on the Escrowed Securities will assure that the cash balance on deposit from time to time in the Escrow Fund will be at all times sufficient to provide money for transfer to the Paying Agent at the times and in the amounts required to pay the interest on the Defeased Obligations as such interest comes due and the principal or redemption price of the Defeased Obligations as the Defeased Obligations mature or are redeemed, all as more fully set forth on page 8 of the Report. If, for any reason, at any time, the cash balances on deposit or scheduled to be on deposit in the Escrow Fund shall be insufficient to transfer the amounts required by each place of payment (paying agent) for the Defeased Obligations to make the payments set forth in Section 3.02 hereof, the Board shall timely deposit in the Escrow Fund, from any funds that are lawfully available therefor, additional funds in the amounts required to make such payments. Notice of any such insufficiency shall be given promptly as hereinafter provided, but the Escrow Agent shall not in any manner be responsible for any insufficiency of funds in the Escrow Fund or the Board's failure to make additional deposits thereto.

Section 3.04. Trust Fund. The Escrow Agent shall hold at all times the Escrow Fund, the Escrowed Securities and all other assets of the Escrow Fund, wholly segregated from all other funds and securities on deposit with the Escrow Agent; it shall never allow the Escrowed Securities or any other assets of the Escrow Fund to be commingled with any other funds or securities of the Escrow Agent; and it shall hold and dispose of the assets of the Escrow Fund only as set forth herein. The Escrowed Securities and other assets of the Escrow Fund shall always be maintained by the Escrow
Agent as trust funds for the benefit of the owners of the Defeased Obligations; and a special account thereof shall at all times be maintained on the books of the Escrow Agent. The owners of the Defeased Obligations shall be entitled to the same preferred claim and first lien upon the Escrowed Securities, the proceeds thereof, and all other assets of the Escrow Fund to which they are entitled as owners of the Defeased Obligations. The amounts received by the Escrow Agent under this Agreement shall not be considered as a banking deposit by the Board, and the Escrow Agent shall have no right to title with respect thereto except as a constructive trustee and Escrow Agent under the terms of this Agreement. The amounts received by the Escrow Agent under this Agreement shall not be subject to warrant, drafts or checks drawn by the Board or, except to the extent expressly herein provided, by the Paying Agent.

Section 3.05. Security for Cash Balances. Cash balances from time to time on deposit in the Escrow Fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a pledge of direct obligations of, or obligations unconditionally guaranteed by, the United States of America, having a market value at least equal to such cash balances.

Section 3.06. Optional Redemption of Defeased Obligations. The Board will, on the Legal Defeasance Date, irrevocably exercise its option to call the Defeased Obligations for redemption prior to maturity on July 1, 1995. Such optional redemption shall be carried out in accordance with the resolution authorizing the issuance of the Bonds. The Escrow Agent is hereby authorized to provide funds therefor as set forth in Section 3.02(a) hereof.

Section 3.07. Substitution for Escrowed Securities on Escrow Funding Date. (a) On the Escrow Funding Date, the Board, at its option, may substitute cash or non-interest bearing direct obligations of the United States Treasury (i.e., Treasury obligations which mature and are payable in a stated amount on the maturity date thereof, and for which there are no payments other than the payment made on the maturity date) for non-interest bearing Escrowed Securities, if any, listed on pages 4 and 7 of the Report, but only if such cash and/or substituted non-interest bearing direct obligations of the United States Treasury -

(i) are in an amount, and/or mature in an amount, which, together with any cash substituted for such obligations, is equal to or greater than the amount payable on the maturity date of the obligation listed on pages 4 and 7 of the Report for which such obligation is substituted, and

- 10 -

1519
(ii) mature on or before the maturity date of the obligation listed on pages 4 and 7 of the Report for which such obligation is substituted.

If any such cash and/or obligations are so substituted for any Escrowed Securities, the Board may, at any time thereafter, substitute for such cash and/or obligations the same Escrowed Securities for which such cash and/or obligations originally were substituted.

ARTICLE IV

LIMITATION ON INVESTMENTS

Section 4.01. Limitation on Disposition and Substitution of Escrowed Securities. Except as otherwise expressly provided herein, the Escrow Agent shall not have any power or duty to invest or reinvest any money held hereunder, or to make substitutions of the Escrowed Securities, or to sell, transfer, or otherwise dispose of the Escrowed Securities.

Section 4.02. Reinvestment of Proceeds of Escrow by Escrow Agent. The Escrow Agent is hereby authorized and directed to reinvest the proceeds of the Escrowed Securities including interest received and maturing principal, in direct obligations of the United States of America maturing no later than the date on which the proceeds are needed for transfer to the Paying Agent for the Defeased Obligations, as contemplated by the Report, all as set out in, and in accordance with, written instructions to the Escrow Agent from the Board. Any income or increment earned from such reinvestment which is not required according to the schedules contained in the Report for the payment of the Defeased Obligations (that is, any amount which on any payment date, after making all required transfers to the Paying Agent for the Defeased Obligations, is in excess of the amount shown in the "Ending Balance" column on page 6 of the Report as the ending balance for such date) shall be transferred to the Board.

For purposes of this Section 4.02, the term Report shall include any supplement to the Report, if such supplement is accompanied by the opinions described in clauses (a) and (b) of Section 4.03.

Section 4.03. Substitution of Securities. At the written request of the Board, and upon compliance with the conditions hereinafter stated, the Escrow Agent shall sell, transfer, otherwise dispose of or request the redemption of all or any portion of the Escrowed Securities and apply the proceeds therefrom to purchase Defeased Obligations or direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America and which do not permit the redemption thereof at the option of the obligor. Any such transaction may be effected by the Escrow Agent only if (a) the Escrow Agent shall have received a written opinion from a recognized firm of certified public accountants that such transaction will not cause the amount of money and securities in the Escrow Fund to be reduced below an amount which will be sufficient, when added to the interest to accrue thereon, to provide for the payment of principal or redemption price of and interest on the remaining Defeased Obligations as they become due.
and (b) the Escrow Agent shall have received the unqualified written legal opinion of nationally recognized bond counsel or tax counsel acceptable to the Board and the Escrow Agent to the effect that such transaction will not cause any of the Defeased Obligations to be an "arbitrage bond" within the meaning of Section 103(c) of the Code.

Section 4.04. Arbitrage. The Board hereby covenants and agrees that it shall never request the Escrow Agent to exercise any power hereunder or permit any part of the money in the Escrow Fund or proceeds from the sale of Escrowed Securities to be used directly or indirectly to acquire any securities or obligations if the exercise of such power or the acquisition of such securities or obligations would cause any Defeased Obligations to be an "arbitrage bond" within the meaning of Section 103(c) of the Code.

[END OF ARTICLE IV]
ARTICLE V
APPLICATION OF CASH BALANCES

Section 5.01. In General. Except as provided in Sections 3.02, 4.02, and 4.03 hereof, no withdrawals, transfers, or reinvestment shall be made of cash balances in the Escrow Fund.

[END OF ARTICLE V]
ARTICLE VI

RECORDS AND REPORTS

Section 6.01. Records. The Escrow Agent will keep books of record and account in which complete and correct entries shall be made of all transactions relating to the receipts, disbursements, allocations and application of the money and Escrowed Securities deposited to the Escrow Fund and all proceeds thereof, and such books shall be available for inspection at reasonable hours and under reasonable conditions by the Board and the owners of the Defeased Obligations.

Section 6.02. Reports. While this Agreement remains in effect, the Escrow Agent annually shall prepare and send to the Board a written report summarizing all transactions relating to the Escrow Fund during the preceding year, including, without limitation, credits to the Escrow Fund as a result of interest payments on or maturities of the Escrowed Securities and transfers from the Escrow Fund for payments on the Defeased Obligations or otherwise, together with a detailed statement of all Escrowed Securities and the cash balance on deposit in the Escrow Fund as of the end of such period.

[END OF ARTICLE VI]
ARTICLE VII

CONCERNING THE PAYING AGENT AND ESCROW AGENT

Section 7.01. Representations. The Escrow Agent hereby represents that it is a Paying Agent for the Defeased Obligations, that it has all necessary power and authority to enter into this Agreement and undertake the obligations and responsibilities imposed upon it herein, and that it will carry out all of its obligations hereunder.

Section 7.02. Limitation on Liability. The liability of the Escrow Agent to transfer funds for the payment of the principal of and interest on the Defeased Obligations shall be limited to the proceeds of the Escrowed Securities and the cash balances from time to time on deposit in the Escrow Fund. Notwithstanding any provision contained herein to the contrary, neither the Escrow Agent nor the Paying Agent shall have any liability whatsoever for the insufficiency of funds from time to time in the Escrow Fund or any failure of the obligors of the Escrowed Securities to make timely payment thereof, except for the obligation to notify the Board promptly of any such occurrence.

The Escrow Agent makes no representations as to the value, conditions or sufficiency of the Escrow Fund, or any part thereof, or as to the title of the Board thereto, or as to the security afforded thereby or hereby, and the Escrow Agent shall not incur any liability or responsibility in respect to any of such matters.

It is the intention of the parties hereto that the Escrow Agent shall never be required to use or advance its own funds or otherwise incur personal financial liability in the performance of any of its duties or the exercise of any of its rights and powers hereunder.

The Escrow Agent shall not be liable for any action taken or neglected to be taken by it in good faith in any exercise of reasonable care and believed by it to be within the discretion or power conferred upon it by this Agreement, nor shall the Escrow Agent be responsible for the consequences of any error of judgment, and the Escrow Agent shall not be answerable action, except for its own action, neglect or default, nor for any loss unless the same shall have been through its negligence or want of good faith.

Unless it is specifically otherwise provided herein, the Escrow Agent has no duty to determine or inquire into the happening or occurrence of any event or contingency or the performance or failure of performance of the Board with respect to arrangements or contracts with others, with the Escrow Agent's sole duty hereunder being to safeguard the Escrow Fund, to dispose of and
deliver the same in accordance with this Agreement. If, however, the Escrow Agent is called upon by the terms of this Agreement to determine the occurrence of any event or contingency, the Escrow Agent shall be obligated, in making such determination, only to exercise reasonable care and diligence, and in event of error in making such determination the Escrow Agent shall be liable only for its own misconduct or its negligence. In determining the occurrence of any such event or contingency, the Escrow Agent shall be obligated, in making such determination, only to exercise reasonable care and diligence, and in event of error in making such determination the Escrow Agent shall be liable only for its own misconduct or its negligence. In determining the occurrence of any such event or contingency, the Escrow Agent may request from the Board or any other person such reasonable additional evidence as the Escrow Agent in its discretion may deem necessary to determine any fact relating to the occurrence of such event or contingency, and in this connection may make inquiries of, and consult with, among others, the Board at any time.

Section 7.03. Compensation. On the Escrow Funding Date, the Board shall pay to the Escrow Agent, as a fee for performing the services hereunder and for all expenses incurred or to be incurred by the Escrow Agent in the administration of this Agreement, the sum of $_____, the sufficiency of which is hereby acknowledged by the Escrow Agent. The Escrow Agent shall not require compensation or renumeration in addition to the sum stated in this Section 7.03 for fees or expenses that may be incurred during the term of this Agreement relating to the performance of its services as Escrow Agent hereunder or as Paying Agent for the Defeased Obligations. In the event that the Escrow Agent is requested to perform any extraordinary services hereunder, the Board hereby agrees to pay reasonable fees to the Escrow Agent for such extraordinary services and to reimburse the Escrow Agent for all expenses incurred by the Escrow Agent in performing such extraordinary services, and the Escrow Agent hereby agrees to look only to the Board for the payment of such fees and reimbursement of such expenses. The Escrow Agent hereby agrees that in no event shall it ever assert any claim of lien against the Escrow Fund for any fees for its services, whether regular or extraordinary, as Escrow Agent, or in any other capacity, or for reimbursement for any of its expenses.

(b) Upon receipt of the aforesaid specific sums stated in subsection (a) of this Section 7.03 for Escrow Agent and paying agency fees, expenses and services, the Escrow Agent shall acknowledge such receipt to the Board in writing.

Section 7.04. Successor Escrow Agents. If at any time the Escrow Agent or its legal successor or successors should become unable, through operation of law or otherwise, to act as escrow agent hereunder, or if its property and affairs shall be taken under the control of any state or federal court or administrative body because of insolvency or bankruptcy or for any other reason, a vacancy shall forthwith exist in the office of Escrow Agent hereunder. In such event the Board, by appropriate action,
promptly shall appoint an Escrow Agent to fill such vacancy. If no successor Escrow Agent shall have been appointed by the Board within 60 days, a successor may be appointed by the owners of a majority in principal amount of the Defeased Obligations then outstanding by an instrument or instruments in writing filed with the Board, signed by such owners or by their duly authorized attorneys-in-fact. If, in a proper case, no appointment of a successor Escrow Agent shall be made pursuant to the foregoing provisions of this section within three months after a vacancy shall have occurred, the owner of any Defeased Obligation may apply to any court of competent jurisdiction to appoint a successor Escrow Agent. Such court may thereupon, after such notice, if any, as it may deem proper, prescribe and appoint a successor Escrow Agent.

Any successor Escrow Agent shall be a corporation organized and doing business under the laws of the United States or the State of Texas, authorized under such laws to exercise corporate trust powers, having its principal office and place of business in the State of Texas, having a combined capital and surplus of at least $5,000,000 and subject to the supervision or examination by federal or State authority.

Any successor Escrow Agent shall execute, acknowledge and deliver to the Board and the Escrow Agent an instrument accepting such appointment hereunder, and the Escrow Agent shall execute and deliver an instrument transferring to such successor Escrow Agent, subject to the terms of this Agreement, all the rights, powers and trusts of the Escrow Agent hereunder. Upon the request of any such successor Escrow Agent, the Board shall execute any and all instruments in writing for more fully and certainly vesting in and confirming to such successor Escrow Agent all such rights, powers and duties. The Escrow Agent shall pay over to its successor Escrow Agent a proportional part of the Escrow Agent's fee hereunder.

[END OF ARTICLE VII]
ARTICLE VIII

MISCELLANEOUS

Section 8.01. Notice. Any notice, authorization, request, or demand required or permitted to be given hereunder shall be in writing and shall be deemed to have been duly given when mailed by registered or certified mail, postage prepaid addressed to the Board or the Escrow Agent at the address shown on Exhibit "A" attached hereto. The United States Post Office registered or certified mail receipt showing delivery of the aforesaid shall be conclusive evidence of the date and fact of delivery. Any party hereto may change the address to which notices are to be delivered by giving to the other parties not less than ten (10) days prior notice thereof.

Section 8.02. Termination of Responsibilities. Upon the taking of all the actions as described herein by the Escrow Agent, the Escrow Agent shall have no further obligations or responsibilities hereunder to the Board, the owners of the Defeased Obligations or to any other person or persons in connection with this Agreement.

Section 8.03. Binding Agreement. This Agreement shall be binding upon the Board and the Escrow Agent and their respective successors and legal representatives, and shall inure solely to the benefit of the owners of the Defeased Obligations, the Board, the Escrow Agent and their respective successors and legal representatives.

Section 8.04. Severability. In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provisions of this Agreement, but this Agreement shall be construed as if such invalid or illegal or unenforceable provision had never been contained herein.

Section 8.05. Texas Law Governs. This Agreement shall be governed exclusively by the provisions hereof and by the applicable laws of the State of Texas.

Section 8.06. Time of the Essence. Time shall be of the essence in the performance of obligations from time to time imposed upon the Escrow Agent by this Agreement.

Section 8.07. Effective Date of Agreement. This Agreement shall be effective on the Escrow Funding Date upon receipt by the Escrow Agent of the cash described in the Report and the Escrowed Securities, together with the specific sums stated in subsections (a) and (b) of Section 7.03 for Escrow Agent and paying agency fees, expenses and services.

SCHEDULE OF DEBT SERVICE ON DEFEASED OBLIGATIONS

The University of Texas
Austin, Texas

Vinson & Elkins
Austin, Texas

J.P. Morgan Securities Inc.
New York, New York

We have completed our engagement to verify the mathematical accuracy of certain computations contained in schedules prepared on behalf of the Board of Regents of the University of Texas System by J.P. Morgan Securities Incorporated and provided to us by that firm. The bond issue to be defeased (the "Defeased Bonds") is as follows:

$345,970,000
Board of Regents of the University of Texas System
Permanent University Fund Refunding Bonds,
Series 1985

<td>$345,970,000</td>
<td>$86,630,000</td>
<td>Term Bonds due on and after July 1, 2004</td>
</tr>
</tbody>
</table>

The scope of our engagement consisted of verification of the mathematical accuracy of:

(1) the computations contained in such schedules to determine that the anticipated receipts from the United States Treasury Notes and United States Treasury STRIPS (collectively, the "Open-Market Securities") will be sufficient to pay, when due, the principal, at early redemption, and the related interest requirements of the Defeased Bonds; and
The term "yield", as used herein, means that yield which, when used in computing the present worth of all payments of principal and interest to be paid on an obligation, produces an amount equal to, in the case of the Open Market Securities, the purchase price.

We were provided by J.P. Morgan Securities Incorporated with the Trade Confirmation for the purchase of the Open-Market Securities and the Official Document for the Defeased Bonds. We compared the information contained in the schedules provided to us and used in the preparation of such schedules by J.P. Morgan Securities Incorporated with information set forth in such documents with respect to principal maturity dates and amounts, coupon rates, interest payment dates, dated dates, mandatory and early redemption provisions and purchase prices. We found that the information provided to us and used in the preparation of such schedules by J.P. Morgan Securities Incorporated was in agreement with the above-mentioned information set forth in such documents.

In the course of our verification of the mathematical accuracy of the computations contained in the schedules provided to us by J.P. Morgan Securities Incorporated, we prepared similar schedules based upon the information and assumptions provided to us by that firm. The schedules we prepared are included with this report.

Certain assumptions used in preparation of the schedules are described in the Summary of Assumptions.

In our opinion, the computations contained in the schedules provided to us by J.P. Morgan Securities Incorporated are mathematically accurate. The schedules provided to us by J.P. Morgan Securities Incorporated, and those prepared by us as part of our engagement to verify the mathematical accuracy of the computations contained in such schedules, reflect that:

1. The anticipated receipts from the Open-Market Securities will be sufficient to pay, when due, the principal, at early redemption, and the related interest requirements of the Defeased Bonds.

2. The yield on the Open-Market Securities is 8.70413%.
We express no opinion as to the reasonableness of the assumptions used in preparing such schedules. The terms of our engagement are such that we have no obligation to update this report because of events occurring, or data or information coming to our attention, subsequent to the date of this report.

SUMMARY OF ASSUMPTIONS

BOARD OF REGENTS OF THE UNIVERSITY OF TEXAS SYSTEM

1. For cash flow purposes, all receipts and payments are assumed to be received or paid, respectively, on the scheduled due date, except that:

- Defeased Bonds due on and after July 1, 2004 are assumed to be redeemed on July 1, 1995 at a redemption price equal to the principal amount and accrued interest thereon.

2. The following information was used to compute the purchase price of the Open-Market Securities placed in escrow on March 16, 1990:

2. U. T. Board of Regents: Adoption of Master Resolution Establishing The University of Texas System Revenue Financing System; Adoption of Supplemental Resolution Approving and Authorizing Issuance of Commercial Paper Notes in an Aggregate Principal Amount at Any One Time Outstanding Not to Exceed $100,000,000 (Except for a Promissory Note Under the Credit Agreement); Approval of a Credit Agreement with Morgan Guaranty Trust Company of New York, New York; Appointment of McCall, Parkhurst & Horton, Dallas, Texas, as Bond Counsel; Goldman Sachs & Co., New York, New York, as Dealer/Re remarketing Agent, and Morgan Guaranty Trust Company of New York, New York, as Paying Agent/Registrar; and Authorization for Officers of U. T. System to Complete Transactions. --At the request of Chairman Beecher, Executive Vice Chancellor for Asset Management Patrick reviewed the recommendations related to the proposed establishment of The University of Texas System Revenue Financing System and the actions associated with the initiation of that program.

Following Mr. Patrick's presentation, the Board unanimously:

a. Adopted the Master Resolution

(1) Establishing a new System-wide financing structure for all revenue supported capital improvement projects

(2) Pledging, subject to prior encumbrances, all of the revenues and fund balances now or hereafter lawfully available to the U. T. Board of Regents for payments on debt service including the Tuition Fee and the General Fee but not including (a) the interest of the U. T. System in the Available University Fund; (b) HEAP funding available to U. T. Pan American; (c) general appropriations; (d) MSRDP; and (e) the building use fee pledged to the U. T. Austin Building Revenue Refunding Bonds, Series 1986

(3) Providing for the use of supplemental resolutions for the authorization and sale of parity debt under the Resolution

(4) Providing for the release and admission of Members of the financing system

(5) Providing for certain covenants and agreements and resolving other matters related to the establishment of the financing system.

D. Adopted the Supplemental Resolution

(1) Authorizing the issuance of commercial paper notes in an aggregate principal amount at any one time outstanding not to exceed $100,000,000 except for a promissory note under the credit agreement to finance principal and accrued interest which may not exceed $108,000,000
(2) Authorizing the Executive Vice Chancellor for Asset Management to act on behalf of the Board in the selling and delivery of such commercial paper notes and to approve and execute (a) the Credit Agreement between the U. T. Board of Regents and Morgan Guaranty Trust Company of New York for up to $108,000,000 to provide a credit facility to cover principal and interest on outstanding commercial paper notes; (b) the Dealer Agreement with Goldman Sachs & Co., New York, New York, providing for the sale and remarketing of commercial paper; and (c) the Paying Agent/Registrar Agreement with Morgan Guaranty Trust Company of New York providing for payment of principal and interest on commercial paper.

(3) Providing for certain covenants and agreements and resolving other matters related to the establishment of the commercial paper program.

c. Appointed McCall, Parkhurst & Horton, Dallas, Texas, as Bond Counsel.
e. Appointed Morgan Guaranty Trust Company of New York, New York, as Paying Agent/Registrar.
f. Authorized certain officers and employees of the U. T. System to take any and all steps necessary to carry out the intentions of the U. T. Board of Regents to establish the Revenue Financing System as provided in the Master and Supplemental Resolutions.

Note: The Master and Supplemental Resolutions, with related attachments, which were before the Board are not included in the Minutes but are on file in the Office of the Board of Regents.

In 1986, the General Revenue Financing program was established which initiated the concept of a combined pledge of revenues by the U. T. System component institutions in revenue bond financing. Currently, $105.8 million in revenue bond financing has been approved as part of $153.8 million of Capital Improvement Program (CIP) projects. The present revenue bond financing program is not structured to finance projects such as research buildings since they are not auxiliary enterprises. The new program expands the pledge to include all legally available revenues and fund balances and is designed to provide for reduced costs and greater flexibility to the U. T. Board of Regents as well as additional security to the credit markets. A commercial paper note program was recommended as a low cost form of interim financing for component projects. The first sale of notes will refund existing General Revenue Subordinate Lien Notes in the amount of $24,760,000. Additional sales of notes will provide financing for projects approved through the CIP.

See Page 39 related to guidelines governing the administration of the University of Texas System Revenue Financing System.
3. U. T. Board of Regents: Approval of Guidelines Relating to the Administration of The University of Texas System Revenue Financing System.---Upon adoption of the Master Resolution establishing The University of Texas System Revenue Financing System, the Board, following a detailed discussion, approved the internal guidelines set forth on Pages 40 – 42 governing the use of revenue bond financing by Members to ensure the continued strong financial standing of each of the Members.

The guidelines detail the project and Member financial evaluation standards for issuance and allocation of debt which will assist the U. T. Board of Regents in meeting requirements in the credit markets for superior financial strength. The guidelines are also intended to provide flexibility to the U. T. Board of Regents in meeting the needs of the Members while addressing the concerns of administrators and faculty as to use of the U. T. System's capacity to issue bonds on behalf of the Members and the use of specific sources of revenue for debt service.

The Board reported that the project/financing evaluations noted in the Guidelines would be a shared responsibility of the Office of Asset Management, the Office of Business Affairs, and the several components and would be provided to the U. T. Board of Regents as a part of the capital budgeting process.

See Page 37 related to the adoption of a Master Resolution establishing The University of Texas System Revenue Financing System.
BOARD OF REGENTS GUIDELINES GOVERNING ADMINISTRATION OF THE UNIVERSITY OF TEXAS SYSTEM REVENUE FINANCING SYSTEM

The purpose of the Revenue Financing System is to provide a System-wide financing program with which to finance capital improvement projects using debt secured by resources other than the Permanent University Fund. The guiding principle underlying administration of the Revenue Financing System is that allocations of debt proceeds shall be contingent upon a Board determination that a component institution can prudently meet its proportionate share of debt service with its own financial resources. All decisions including Board actions shall be premised upon the observation of this principle.

Administration of the Revenue Financing System shall be the shared responsibility of the Office of Asset Management, Office of Business Affairs and individual component institutions.

Component institutions are not automatically admitted as members of the Revenue Financing System. Admittance shall require approval of the Board. All component institutions constituting The University of Texas System as of April 12, 1990 shall be members of the Revenue Financing System.

1. Approval of Revenue Financing System Indebtedness for CIP Projects

All capital improvement projects to be funded in part or in whole with Revenue Financing System bond proceeds must receive a recommendation for allocation of debt proceeds from the Office of Asset Management prior to being approved by the Board for inclusion in the capital budget.

Recommendations of allocations of proceeds shall be given by the Office of Asset Management upon the completion of a financing evaluation concluding that the individual component institution proposing the project may prudently service its proportionate share of debt with its own financial resources. The financing evaluation shall include:

a. Three levels of debt capacity & repayment analysis:
   - project level
   - component level
   - System level; with emphasis on maintaining or improving the current debt rating.

b. Financial Statement analysis:
   - 5 year history
   - trend analysis
   - evaluation of basis for projections.
5 year projections
- verification of assumptions
- risk adjustment of revenues

c. Sensitivity Analysis:
- worst, probable and best cases

d. Application of tests:
- debt service coverage
- leverage

The Board shall determine the sequence of funding and the terms of Revenue Financing System debt issues.

2. Issuance of Revenue Financing System Debt

Revenue Financing System debt shall be issued pursuant to a resolution and supplements specifying the terms of each issue.

Subject to outstanding debt with overlapping revenue pledges, Revenue Financing System debt shall be secured by a first lien on member institution revenues and fund balances lawfully available to the Board for payments of debt service except revenues and fund balances comprising: (a) the Available University Fund (b) Higher Education Assistance Funds (c) State of Texas general revenue fund appropriations unless specifically appropriated for debt service (d) M.S.R.D.P.income; unless and to the extent specifically pledged with the consent of a member institution.

After the establishment of the Revenue Financing System, no additional debt may be issued at parity with any outstanding debt secured in whole or in part with the pledged revenues.

3. Allocation of Debt Proceeds to Members

Revenue Financing System debt proceeds shall be advanced to a member institution and repaid to the Board in accordance with a financing agreement.

Advances shall be made at the time that the Board issues Revenue Financing System debt to fund a member institution's project. Proceeds shall be held and invested by the Office of Asset Management until disbursed to a member institution in reimbursement of project costs or directly to vendors to pay financing costs. Advances pursuant to each supplement shall be evidenced by a single promissory note payable to the order of the Board in a principal amount equal to the aggregate unpaid principal amount of the advances. Each advance shall bear interest at a rate equal to that rate paid by the Board on the Revenue Financing System debt issued to fund the advances.
4. **Anticipated Payment Deficit by a Member**

It is the intent of the Board that all debt service payments be made on a timely basis. In any circumstance where the Board determines that a member institution will be unable to satisfy its proportionate share of debt service, the Board may take any and all actions, including raising the general fee without limit at said institution or any other member institution.

5. **Member Institution Duties**

   a. Each member shall furnish to the Office of Business Affairs five year projections of its balance sheet, statement of changes in funds balances and statement of current revenues and expenditures.

   b. Each member in establishing its annual budget shall provide for the payment of its proportionate share of Revenue Financing System debt service.

   c. Each member shall establish and use its reasonable efforts to collect fees and other charges for goods and services in order to generate revenue sufficient to meet all of its financial obligations.

   d. Each member shall make available its proportionate share of Revenue Financing System debt service at such time and places as directed by the Office of Asset Management in order to enable the Board to pay Revenue Financing System debt service.

   e. Each member shall not incur additional debt (including leases) except as permitted by the Board.

   f. Each member shall inform the Office of Business Affairs and the Office of Asset Management of any material change in its financial condition which would have a negative impact on its five year projections.
4. U. T. Board of Regents - Regents' Rules and Regulations, Part One: Amendments to Chapter VI (Student Services and Activities). In order to provide more definitive notice to students concerning standards of conduct and to provide administrative officers of The University of Texas System component institutions with more concise guidelines for implementing disciplinary procedures, approval was given to amend the Regents' Rules and Regulations, Part One, Chapter VI (Student Services and Activities) to read as follows:

CHAPTER VI
STUDENT SERVICES AND ACTIVITIES INCLUDING FACILITIES USE

Sec. 1. General Provisions.

1.1 These policies and regulations apply to all component institutions of the System and shall be implemented appropriately in the Handbook of Operating Procedures for each institution.

1.2 When the designation "chief student affairs officer" appears in this Chapter, reference is made to the administrative officer or officers directly responsible for student affairs at each component institution. The designation "Dean of Students" or "Dean" in the context of this Chapter shall refer to the administrative officer or officers directly responsible for the administration of the disciplinary process at each component institution.

1.3 All authority held and exercised by a chief student affairs officer is delegated to that officer by the chief administrative officer. Any action taken by the chief student affairs officer is subject to review by the chief administrative officer.

1.4 The chief student affairs officer shall be the administrative officer primarily responsible for the development and administration of policies relating to students, for the development and implementation of services to students, and for the initial preparation of institutional regulations that will implement the policies and regulations set forth in this Chapter.

1.5 Any individual student, group of students, or student organization may petition the Board on any matter relating to these policies and regulations (other than a disciplinary action) through the chief student affairs officer, the chief administrative officer, the appropriate Executive Vice Chancellor, and the Chancellor.
Sec. 2. Definitions.

2.1 Student.--The following persons shall be considered students for purposes of these policies and regulations:

2.11 A person currently enrolled at a component institution of the System.

2.12 A person accepted for admission or readmission to a component institution of the System.

2.13 A person who has been enrolled at a component institution of the System in a prior semester or summer session and is eligible to continue enrollment in the semester or summer session that immediately follows.

2.14 An individual for prohibited conduct that occurred while an individual was a student.

2.2 Campus.--The campus consists of all real property, buildings or facilities owned or controlled by the component institution.

Sec. 3. Student Conduct and Discipline.

3.1 The component institutions shall adopt rules and regulations concerning student conduct and discipline. Such rules shall be in compliance with the Regents' Rules and Regulations and shall become effective upon review and approval by the appropriate Executive Vice Chancellor. Each student is responsible for notice of and compliance with the provisions of the Regents' Rules and Regulations and the rules of the component institution.

3.2 All students are expected and required to obey the law, to comply with System and institutional rules and with directives issued by an administrative official in the course of his or her authorized duties, and to observe standards of conduct appropriate for an academic institution.

3.21 Any student who engages in conduct that is prohibited by System or institutional rules or by federal, state, or local law is subject to discipline whether such conduct takes place on or off campus or whether civil or criminal penalties are also imposed for such conduct.

3.22 Any student who commits an act of scholastic dishonesty is subject to discipline. Scholastic dishonesty includes but is not limited to cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another...
person, any act designed to give unfair advantage to a student or the attempt to commit such acts.

Any student who is guilty of the illegal use, possession and/or sale of a drug or narcotic on the campus of a component institution is subject to discipline. If a student is found guilty of the illegal use, possession, and/or sale of a drug or narcotic on campus, the minimum penalty shall be suspension from the institution for a specified period of time and/or suspension of rights and privileges.

Any student who engages in conduct that endangers the health or safety of any person on the campus of a component institution or any property, building, or facility owned or controlled by the System is subject to discipline.

Any student who, acting singly or in concert with others, obstructs, disrupts or interferes with any teaching, educational, research, administrative, disciplinary, public service, or other activity or public performance authorized to be held or conducted on campus or on property owned or controlled by the System is subject to discipline. Obstruction or disruption includes but is not limited to any act that interrupts, modifies or damages utility service or equipment, communication service or equipment, university computers, computer programs, computer records or computer networks accessible through the university's computer resources.

Any student who engages in speech, either orally or in writing, that is directed to inciting or producing imminent lawless action and is likely to incite or produce such action is subject to discipline.

Any student who appropriates university resources for private gain is subject to discipline.

Any student who, acting singly or in concert with others, engages in hazing is subject to discipline. Hazing in state educational institutions is prohibited by state law (Sections 4.51 to 4.58, Texas Education Code). Hazing with or without the consent of a student whether on or off campus is prohibited, and a violation of that prohibition renders both the person inflicting the hazing and the person submitting to the hazing subject to discipline. Initiations or
activities of organizations may include no feature which is dangerous, harmful, or degrading to the student, and a violation of this prohibition renders both the organization and participating individuals subject to discipline.

3.29 A student who alters any official record of the component institution or who submits false information or omits requested information that is required for or related to an application for admission, the award of a degree, or any official record of the institution is subject to discipline.

3.2(10) Any student who defaces, mutilates, destroys or takes unauthorized possession of any property of a component institution or the System is subject to discipline.

3.2(11) A student is subject to discipline for prohibited conduct that occurs while participating in off-campus activities sponsored by a component institution including field trips, internships, rotations or clinical assignments.

3.2(12) A student who receives a period of suspension as a disciplinary penalty is subject to further disciplinary action for prohibited conduct that takes place on campus during the period of suspension.

3.3 A former student who has been suspended or expelled for disciplinary reasons is prohibited from being on the campus of any component institution during the period of such suspension or expulsion without prior written approval of the chief student affairs officer of the institution at which the suspended or expelled student wishes to be present.

3.4 The Dean of Students shall have primary authority and responsibility for the administration of student discipline at each institution. It shall be the Dean's duty to investigate allegations that a student has engaged in conduct that is prohibited by the Regents' Rules and Regulations, the rules and regulations of the institution, specific instructions issued by an administrative official of the institution in the course of his or her authorized duties, or any provisions of federal, state, and/or local laws. In such cases, the Dean may proceed with disciplinary action, notwithstanding any action taken by other authorities.

3.41 The Dean of Students may take immediate interim disciplinary action, including suspension.
pending a hearing, against a student for violation of a rule or regulation of the System or of the institution when the continuing presence of the student poses a danger to persons or property or an ongoing threat of disrupting any authorized university activity.

3.42 The Dean may authorize interim withholding of a student's grades, degree or official transcript when such withholding would be in the best interest of the institution.

3.43 The Dean may summon the student for purposes of discussing the allegations by mailing to the address appearing in the registrar's records a written request for the student to appear at a certain place and time at least three weekdays after the date of the letter. If the Dean of Students determines that allegations of misconduct are not unfounded, the Dean shall notify the student of the allegations and proceed under Subdivision 3.44 or Subsection 3.5 as appropriate. If a student fails to appear without a valid reason, the Dean may implement hearing procedures in the absence of the student or may bar or cancel the student's enrollment until the student appears or responds to the summons.

3.44 In any case where the accused student does not dispute the facts upon which the charges are based and executes a written waiver of the hearing procedures specified in Subsection 3.5, the Dean of Students shall assess a penalty pursuant to Subsection 3.6 that is appropriate to the charges and inform the student of such action in writing. The minimum penalty that the Dean may assess when a student admits illegal use, possession, and/or sale of a drug or narcotic on campus is the penalty prescribed in Subdivision 3.23 of this Section.

3.45 The decision of the Dean of Students on penalty may be appealed as in the case of a decision rendered subsequent to a hearing in accordance with Subsection 3.5. The appeal is limited to the issue of penalty and no transcript will be required.
In those cases in which the accused student disputes the facts upon which the charges are based, such charges shall be heard and determined by a fair and impartial person, hereinafter called the Hearing Officer, selected in accordance with procedures adopted by the institution.

3.51 Except in those cases where immediate interim disciplinary action has been taken under authority of Subdivisions 3.41 and/or 3.42, the accused student shall be given at least ten (10) days' notice of the date, time, and place for such hearing and the name of the Hearing Officer. The notice shall include a written statement of the charge(s) and a summary statement of the evidence supporting such charge(s). The notice shall be delivered in person or mailed to the student at the address appearing in the registrar's records.

Hearings held following interim disciplinary action under Subdivisions 3.41 and/or 3.42 will be held under the same procedures set forth below, but will be held as soon as practicable within ten (10) days after the interim disciplinary action has been taken.

3.52 Upon a hearing of the charges, the institutional representative has the burden of going forward with the evidence and the burden of proving the charges by the greater weight of the credible evidence.

3.53 The hearing shall be conducted in accordance with procedures adopted by the institution and that assure both parties (institutional representative and the accused student) the following minimal rights:

1. Each party shall provide the other party a list of witnesses, a brief summary of the testimony to be given by each, and a copy of documents to be introduced at the hearing at least three days prior to the hearing.

2. Each party shall have the right to appear and present evidence in person or through a designated representative or counsel of choice.

3. Each party, or his or her designated representative or counsel, shall have the right to cross-examine witnesses.
(4) The hearing will be recorded. If either party desires to appeal the finding, the record will be transcribed and both parties will be furnished a copy of the transcript.

3.54 The accused student may challenge the impartiality of the Hearing Officer up to three days prior to the hearing. The Hearing Officer shall be the sole judge of whether he or she can serve with fairness and objectivity. In the event the Hearing Officer disqualifies himself or herself, a substitute will be chosen in accordance with procedures adopted by the institution.

The Hearing Officer shall render and send to both parties a written decision which shall contain findings of facts and conclusions as to the guilt or innocence of the accused student and shall assess a penalty or penalties pursuant to Subsection 3.6. If the Hearing Officer finds the student guilty of the illegal use, possession, and/or sale of a drug or narcotic on campus, the Hearing Officer must assess a minimum penalty as provided in Subdivision 3.23 of this Section.

3.55

The following penalties may be assessed by the Dean of Students or the Hearing Officer in accordance with the procedures specified in Subdivisions 3.41, 3.42, 3.44 and 3.55:

3.61 Disciplinary probation.

3.62 Withholding of grades, official transcript and/or degree.

3.63 Bar against readmission.

3.64 Restitution or reimbursement for damage to or misappropriation of institutional or System property.

3.65 Suspension of rights and privileges, including participation in athletic or extracurricular activities.

3.66 Failing grade for an examination or assignment or for a course and/or cancellation of all or any portion of prior course credit.

3.67 Denial of degree.

3.68 Suspension from the institution for a specified period of time.

3.69 Expulsion (permanent separation from the institution).

3.6(10) Revocation of degree and withdrawal of diploma.

3.6(11) Other penalty as deemed appropriate under the circumstances.

3.7 Appeal Procedures.—A student may appeal a disciplinary action taken by the Dean
or the Hearing Officer in accordance with the following procedures:

3.71 Within fourteen (14) days after the parties have been notified of the decision, either or both parties may give notice of appeal to the chief administrative officer of the institution. If the decision is sent by mail, the date the decision is mailed initiates the fourteen (14) day period. The decision will be reviewed on the basis of the transcript, if any, and evidence considered at the hearing. In order for the appeal to be considered, all the necessary documentation to be filed by the appealing party, including written argument, must be filed with the chief administrative officer within fourteen (14) days after notice of appeal is given and the transcript, if any, is available. Both parties may, at the discretion of the chief administrative officer, present oral argument.

The chief administrative officer may approve, reject, or modify the decision in question or may require that the original hearing be reopened for the presentation of additional evidence and reconsideration of the decision. It is provided, however, that if the finding as to guilt is upheld in a case involving the illegal use, possession, and/or sale of a drug or narcotic on campus, the penalty may not be reduced below the minimum penalty prescribed by Subdivision 3.23 of this Section.

3.72 The chief administrative officer shall be communicated in writing to the student and the Dean of Students within thirty (30) days after the appeal and related documents have been received. The decision of the chief administrative officer is the final appellate review.

3.73 Each component institution shall maintain a permanent written disciplinary record for every student assessed a penalty of suspension, expulsion, denial or revocation of degree and/or withdrawal of diploma. A record of scholastic violations shall be maintained for at least five years unless the record is permanent in conjunction with the above stated penalties. A disciplinary record shall reflect the nature of the charge, the disposition of the charge, the penalty assessed and any other pertinent information. This disciplinary record shall be
Sec. 4. **Student Organizations.**

4.1 An organization in which membership is limited to students (recognizing that faculty and staff may also be members) of a component institution may become a registered student organization at that institution by complying with the registration procedures established by the chief student affairs officer.

4.2 The chief student affairs officer, with the approval of the chief administrative officer, may establish regulations requiring faculty or staff advisers for registered student organizations.

4.3 A registered student organization may state that its membership is composed of students, or of students, faculty, and/or staff, of a component institution, but it shall not suggest or imply that it is acting with the authority or as an agency of that institution. A student organization shall not use the name of a component institution or the name of The University of Texas System as a part of the name of the organization, and it shall neither display the seal of either a component institution or The University of Texas System in connection with any activity of the organization nor use such seal or seals as a part of any letterhead, sign, banner, pamphlet, or other printed material that bears the name of the organization.

4.4 The chief student affairs officer, with the approval of the chief administrative officer, may issue regulations governing the eligibility of students for participation in organized activities.

4.5 Each component institution may establish a committee or committees to assist the chief student affairs officer in overseeing the programs of registered student organizations.

4.6 Any student organization is subject to disciplinary action or revocation of registration as a student organization for violation of a rule or regulation of the System and/or of the institution at which the organization is registered.

4.7 The chief administrative officer of each component institution of the System shall require and enforce the following:

4.71 As a condition to being a registered student organization or
group during a semester, every registered student organization or group shall furnish to the appropriate institutional officer at the beginning of each such semester a complete list of officers or other members of the organization or group who are authorized to speak for or represent the organization or group in its relations with the institution and who are authorized to receive for the organization or group official notices, directives, or information from the institution. Each such list shall be kept current and accurate throughout the semester by the organization or group, and it shall be conclusively presumed that the officers or members whose names are on the list most recently filed by the organization or group are authorized to speak for and represent the organization or group in its relations with the institution and are authorized to receive for the organization or group official notices, directives, or information from the institution.

No registered student organization or group may have any person as a member who is not either a student or a member of the faculty or staff of the institution. Except pursuant to the provisions of Subsection 6.10 of this Chapter, no organization or group, whether registered or not, may use any facility of any component institution of the System if it has as a member any person who is not either a student or a member of the faculty or staff of the institution.

At the beginning of each semester, each registered student organization or group must file with the appropriate institutional officer a written statement that the organization or group does not, and will not during the semester, have as a member any person who is not either a student or a member of the faculty or staff of the institution. If an organization or group fails or refuses to file the required statement, or if the Dean of Students determines that the statement is or has become false, the Dean of Students, after providing notice, shall begin disciplinary proceedings. The Dean or Hearing Officer may cancel
Sec. 5. Participation in Student Government.

5.1 Students' Associations.--Students' associations currently authorized at the component institutions of the System are hereby approved. They shall have such jurisdictions and shall exercise such powers as the Board may now or hereafter delegate to them.

5.11 Constitutions and Bylaws Approved.--The constitutions and bylaws of the several associations in force at the date of adoption of these Rules and Regulations are hereby approved.

5.12 Mode of Amending Constitutions and Bylaws.--An amendment to the constitution or bylaws of a students' association may be adopted by an association, in accordance with its constitution and laws, but the change shall not become effective until transmitted to and acted upon by the chief student affairs officer, the chief administrative officer, the appropriate Executive Vice Chancellor, and the Chancellor and approved by the Board.

Amendments to internal rules of procedure do not require administrative approval.

5.13 Amendment or Repeal by Regents.--The Board shall amend or repeal any portion of the constitution and bylaws of a students' association when, in the judgment of the Board, the interests of the particular institution shall require it.
 Amendment or Repeal by the Chief Student Affairs Officer.—The chief student affairs officer shall have the power, when in his or her judgment the interests of the institution require it, to amend or repeal any provision in the constitution or bylaws of the particular association, but such action shall be in force only until the next meeting of the Board when Subdivision 5.13, above, shall become applicable.

Salaried Employees.—All persons officially employed on salary by or under the direct supervision of a students' association shall be subject to approval by the chief student affairs officer and the chief administrative officer.

Annual Financial Reports.—Every officially recognized students' association shall make annually a complete financial report to the institutional chief business officer and shall make such special reports as may be called for by such business officer. A duplicate copy of each report shall be filed with the chief student affairs officer. Committees and administrative units of a students' association shall make such interim reports of financial condition as may be required by the chief student affairs officer.

The students' association on each campus shall be a recognized forum of student opinion.

When a students' association takes a position with reference to issues directly related to a component institution and its operations, its recommendations shall go through the chief student affairs officer, the chief administrative officer, the appropriate Executive Vice Chancellor, and the Chancellor to the Board.

When a students' association takes a position on non-University issues, it shall make clear the fact that it does not speak for the institution.

A students' association may conduct polls, initiate petitions, and/or establish forums for debate or discussion under conditions approved by the chief student affairs officer.
Sec. 6. Use of University-Owned Facilities.

6.1 The campuses of the component institutions of The University of Texas System and the property, buildings or facilities owned or controlled by the System are not open for assembly and expression of free speech as are the public streets, sidewalks and parks. The responsibility of the Board of Regents to operate and maintain an effective and efficient system of institutions of higher education requires that the time, place, and manner of the exercise of the right of assembly and free speech on the grounds and in the buildings and facilities of the various component institutions be regulated. Acting pursuant to the general authority of Chapter 65 of the Texas Education Code and the specific authority of Chapter 51 of the Texas Education Code, the Board of Regents adopts and promulgates the Rules and Regulations of this Section and this Chapter relating to the use of institutional buildings, grounds and other facilities for purposes other than regular academic use.

6.2 Identification Required.
(a) Pursuant to the authority conferred upon the Board of Regents by Section 51.209, Texas Education Code, in order to protect the safety and welfare of students and employees of the component institutions of the System and to protect the property of the System, it is hereby declared that it shall be unlawful for any person on any property either owned or controlled by the System or any component institution to refuse to identify himself or herself to an institutional representative in response to a request. For the purpose of this Subsection, a person identifies himself or herself by: (1) giving his or her name and complete address; and (2) stating truthfully whether or not he or she is a

- 55 -
student at the institution and whether or not he or she is an employee of the institution.

(b) For the purpose of Subsection (a), an "institutional representative" is:

1. any member of the Board of Regents or the Executive Secretary to the Board;
2. any administrative officer of the System, including the Chancellor, Executive Vice Chancellors, Vice Chancellors, and the Director of Police;
3. any administrative officer of the component institution, including the chief administrative officer, assistants to the chief administrative officer, vice presidents, dean of students, and any associate or assistant dean of students;
4. any attorney, peace officer, or security officer of the System or the institution.

(c) Any person who refuses to identify himself or herself in accordance with Subsection (a) is guilty of a misdemeanor and upon conviction is punishable by a fine of not more than $200.

(d) Any student or employee who refuses to identify himself or herself in accordance with Subsection (a) is, in addition to the penalty prescribed in Subsection (c), subject to discipline.

Pursuant to the authority conferred upon the Board of Regents by Sections 51.202 and 51.204, Texas Education Code, in order to protect the safety and welfare of students and employees of the component institutions of the System and to protect the property of the System, it is hereby declared that it shall be unlawful for any person to enter, walk, run, lie, play, remain, or be in the water of any fountain or other artificial body of water located on the campus of any component institution unless such person shall have theretofore been granted permission by the chief administrative officer of that institution to enter, remain, or be in such water.

(a) It shall further be unlawful for any person to dump, throw, place, or cause to be placed any material, object, trash, waste, or debris in the water of any fountain or other artificial body of water located on the campus of any component institution of the System.
(b) It shall also be unlawful for any person to damage, deface, or remove any portion of any fountain, monument, or memorial located on the campus of any component institution of the System.

(c) Any person who violates any portion of Subsection 6.3 shall upon conviction thereof be punished by a fine of not more than $200.

(d) Any student or employee who violates any portion of Subsection 6.3 shall, in addition to the penalty prescribed above, be subject to discipline.

6.4 The use of intoxicating beverages is prohibited in classroom buildings, laboratories, auditoriums, library buildings, museums, faculty and administrative offices, intercollegiate and intramural athletic facilities, and all other public campus areas. However, with the prior consent of the chief administrative officer, the foregoing provisions of this Subsection may be waived with respect to any specific event which is sponsored by the institution. In any case, state law will be strictly enforced at all times on all property controlled by the System and its component institutions.

6.5 No individual, organization, group, association, or corporation may use the grounds, buildings, or facilities owned or controlled by any component institution or by the System except as permitted by the provisions of the Regents' Rules and Regulations and approved institutional rules and regulations.

6.6 Solicitation.

6.61 The term "solicitation" as used herein means the sale or offer for sale of any property or service, whether for immediate or future delivery; the distribution of material that is designed to encourage the purchase or rental of any property, product, or service; the oral or written appeal or request to support or join an organization other than a registered student, faculty, or staff organization; the receipt of or request for any gift or contribution; and the request that a vote be cast for or against a candidate, issue, or proposition appearing on the ballot at any election held pursuant to state or federal law.

6.62 No solicitation shall be conducted in any building, structure, or facility of any component institution or of the System. The following activities shall be deemed not to be
solicitations prohibited by this Subsection if they are conducted in accordance with the rules and regulations of a component institution and in a manner that will not disturb or interfere with the academic or institutional programs being carried on in a building, structure or facility, or do not interfere with entry to or exit from a building, structure or facility:

(1) The distribution, sale or offer for sale of any newspaper, magazine, or other publication by means of an unattended rack or vending machine in an area designated in advance by the chief administrative officer or his or her delegate for the conduct of such activity.

(2) The sale or offer for sale of any food, drink or other product or service that may be lawfully sold by means of a vending machine operated by the institution or its subcontractor in an area designated in advance by the chief administrative officer or his or her delegate for the conduct of such activity.

(3) The sale or offer for sale by a component institution or its subcontractor of any publication of the institution or of any book or other printed material to be used in the regular academic work of the institution.

(4)(a) The operation by the institution of any service or facility maintained for the convenience of the students, staff and/or faculty.

(b) The operation by the institution's subcontractor or lessee (through appropriate written agreements approved as to content by the chief administrative officer of the institution and the appropriate Executive Vice Chancellor, as to form by the Office of General Counsel, and by the Board of Regents through the Chancellor's Docket) of one of the following services or facilities, maintained for the convenience of the students, staff and/or faculty: any bookstore, specialty store, laundry, pharmacy, cafeteria, child care facility (limited to children or bona fide dependents of students, staff and/or faculty), state or federal credit union (the membership in which must be limited primarily to students, faculty, and staff of the institution but which may include: students,
faculty, and staff of other area institutions of higher education; students, faculty, and staff of other component institutions of the U. T. System; staff members of the System Administration; and staff members of organizations closely related to the institution's educational mission such as ex-student organizations and cooperative bookstores), private post office boxes (the use of which must be limited to students, faculty, and staff), unmanned teller machines (any agreement for the placement of which must include a provision expressly prohibiting advertising the location of the unmanned teller machine to the general public), or travel agency (the use of which must be limited primarily to students, faculty and staff of the institution and which agency must agree to undertake no public advertising concerning the location of the facility).
(5) The sale or offer for sale by the institution or its subcontractor of food and drink items and programs at athletic contests or at any other program or event sponsored or authorized by the institution.
(6) The collection of tuition and fees in connection with enrollment of a student in any course or degree program.
(7) The collection of membership fees or dues by registered student, faculty, or staff organizations at meetings of such organizations scheduled in accordance with the facilities use regulations of any component institution.
(8) The collection of admission fees for the exhibition of movies or other programs that are sponsored by the component institution or by a registered faculty, staff, or student organization, when permitted by and scheduled in accordance with the facilities use regulations of the component institution.
(9) The solicitation of funds by any organization that can present to the chief administrative officer, or his or her delegate, written evidence from the Internal Revenue Service that the organization has been granted an exemption from taxation under Section 501(c)(3) (Internal Revenue Code). No
organization may solicit under this subdivision for more than a total of fourteen days, whether continuous or intermittent, during each state fiscal year. (10) Occasional sales or offers of sales of goods or services that otherwise comply with state law and municipal ordinances and are conducted in the privacy of an individual university residence hall room or individual apartment when the resident of such room or apartment has given specific invitation in advance for salespersons to come to the individual residence hall room or individual apartment for that purpose, provided that neither sales nor offers of sales of goods or services within a university residence hall room or apartment by the occupant thereof on a continuing or scheduled basis, nor door-to-door sales or offers of sales of goods or services are included in the activity permitted by this exception. (11) The acknowledgement or advertisement by scoreboard, electronic message or banner displayed at athletic facilities pursuant to an institutional policy concerning approval and selection of advertisement. No solicitation shall be conducted on the grounds, sidewalks, or streets on the campus of any component institution or of the System, except by the agents, servants, or employees of that institution acting in the course and scope of their agency or employment, or by the students' association of that institution, or by a registered student, faculty, or staff organization at that institution. (1) Solicitation made pursuant to the terms of Subdivision 6.63 must be conducted in such a way (a) that it will not disturb or interfere with the academic or institutional programs being carried on in campus buildings, (b) that it will not interfere with the free and unimpeded flow of pedestrian and vehicular traffic on sidewalks and streets and at places of ingress and egress to and from campus buildings, and (c) that it will not harass, embarrass, or intimidate the person or persons being solicited. If, after such reasonable investigation
as the Dean of Students shall deem appropriate (which investigation shall afford the accused organization every right guaranteed by the due process clauses of the United States and Texas Constitutions) the Dean determines that a solicitation is being conducted in a manner violative of this Subsection, the Dean shall prohibit the offending organization from solicitation on the campus for such period or periods of time as shall be determined to be appropriate and in the case of repeated violations of these solicitation rules, the Dean may cancel the registered status of the offending organization or impose other appropriate penalties.

(2) The students' association and each registered student organization shall, within thirty days of the beginning of the following long session semester, file with the Dean of Students a statement fully and fairly disclosing the sources and amounts of money which it obtained from solicitations (sales, contributions, and/or other revenues) on the campus during the preceding semester or summer session and fully and fairly disclosing the beneficiaries and amounts of the expenditures which it made during the preceding semester or summer session. A registered student organization which during a semester or summer session received no money or thing of value other than from its own members need file only a statement to that effect. Any organization failing to comply with the provisions of this paragraph shall be prohibited from solicitation on the campus until such organization places itself in compliance.

(3) The distribution at no cost by a students' association or a registered student, faculty or staff organization of a newspaper, magazine or other publication
that contains paid advertising and is published at the sole expense of such organization shall comply with the provisions of Subdivisions 6.63(1) and 6.63(2).

6.7 Use of Physical Facilities of the System by Registered Student, Faculty or Staff Organizations or Officially Recognized Alumni Associations.

6.71 Registered student, faculty or staff organizations or any officially recognized alumni association that qualifies under Subdivision 6.62(9) of this Section and whose fund-raising activities are dedicated to the benefit of any component institution may use an institution's buildings and/or grounds in compliance with reasonable and nondiscriminatory institutional regulations that shall specify the procedures under which such organizations may reserve the institution's buildings and/or grounds for their use. Groups of students, faculty or staff who are not registered or groups of alumni other than officially recognized alumni associations whose fund-raising activities are dedicated to the benefit of any component institution may not use the institution's buildings and/or grounds. Registered student, faculty or staff organizations or alumni associations may not enter into joint sponsorship of any on-campus project or program with individuals, groups, or students that are not registered.

Reasonable and nondiscriminatory regulations may be promulgated to authorize students and registered student organizations, under specified conditions, to petition, post signs, set up booths, and/or peacefully demonstrate on the campus. Such regulations shall prohibit any activity that would interfere with academic and institutional programs.

6.72 No person, whether or not a student or employee of a component institution, shall publicly distribute on the campus of any such institution any petition, handbill, or piece of literature that is obscene, libelous, or directed to inciting or producing imminent lawless action and is likely to incite or produce such action.
6.74 No person, whether or not a student or employee of a component institution, shall post or carry any sign or poster that is obscene, libelous, or directed to inciting or producing imminent lawless action and is likely to incite or produce such action.

6.75 No person, whether or not a student or employee of a component institution, shall install, occupy, or use on the campus of any such institution any booth, if the use of the booth is wholly or partly for the distribution or dissemination of words or material that are obscene, libelous, or directed to inciting or producing imminent lawless action and are likely to incite or produce such action. For the purpose of this provision, the word "booth" includes furniture, enclosure, and any other structure temporarily installed for distributing petitions, handbills, or literature, or for displaying signs, or for raising funds or soliciting tangible items.

6.8 The use of student center or student union facilities on the campus of each component institution shall be subject to Regents' Rules and Regulations and to reasonable and nondiscriminatory regulations promulgated by that center's or union's governing board and the component institution and included in the Handbook of Operating Procedures.

6.9 Extracurricular student, faculty or staff activities involving the use of System-owned buildings and grounds shall be conducted in accordance with local, state and national law and in accordance with the applicable System and institutional regulations. Such activities shall not disrupt or disturb the academic and institutional programs and shall not result in damage to or defacement of property.

6.(10) Use of Grounds and Physical Facilities by Outside Groups, the System as a Joint Sponsor.--Use of grounds and physical facilities of the System, especially auditoriums, gymnasiums, and large rooms, by outside individuals, groups or associations shall be subject to the following rules in which the "System" shall include any component institution.

6.(10)1 The System will not permit the unrestricted use by non-System groups of any of its facilities. Whenever non-System groups share in the use of System buildings, it must be upon the invitation of the System, under its joint
sponsorship, and with the further understanding that all conditions governing such sponsorship are to be set by the System.

6.(10)2 The System will enter into joint sponsorship of a project or program only if the educational implications are self-evident and directly supplement the educational purposes of the System and there is to be no private gain for the cooperating individuals, group or associations.

6.(10)3 The System, established as a public institution without regard to political affiliation or religious faith, cannot be a joint sponsor with any noncampus organization for political or sectarian gatherings. However, the appearance by or on behalf of a candidate for public office may be authorized under conditions prescribed by the Board in Section 7.2 of this Chapter.

6.(10)4 The System, when entering into joint sponsorship of any program or activity, assumes full responsibility for all details and reserves the right to approve all copy for advertising, as well as news releases.

6.(10)5 It shall be understood that the scheduling of the System's facilities for System activities shall always have priority over the scheduling of facilities for functions other than System activities.

6.(10)6 In the case of programs for which the System is a joint sponsor with an individual, group or organization, the fee to be paid by the co-sponsor will be a matter for negotiation in each case and will be specified in the agreement providing for the joint sponsorship.

6.(11) Notwithstanding any other provisions of this Chapter, the chief administrative officer of a component institution may designate specific facilities of a component institution, such as special events centers, conference centers, concert halls, theaters, or auditoria, as Special Use Facilities. The chief administrative officer shall cause to be prepared and submitted for approval, as a part of the Handbook of Operating Procedures of the institution, appropriate rules and regulations for the reservation and use of such designated Special Use Facilities. Such rules and regulations must restrict
the reservation and use of such facilities in accordance with the following:

6.(11)1 Designation as a Special Use Facility shall not constitute the facility as a public facility open to use by non-
University persons, groups, associations, or corporations on a first come, first served basis.

6.(11)2 Priority in the reservation and use of Special Use Facilities shall be given to activi-
ties and events sponsored by the component institution that are in furtherance of and related to the educational,
cultural, recreational, and athletic programs of the institution.

6.(11)3 As a lower priority, the institutional rules and regulations may provide for reservation and use of Special Use Facilities by non-University individuals, groups, associations or corpora-
tions, without the necessity of joint sponsorship by the insti-
tution. The institution shall establish rates to be charged for the use of the facility that will, at a minimum, insure recovery of that part of the operating cost of the facility attributable directly or indirectly to such non-University use. If the non-
University user charges those attending an event any admission or registration fee, or accepts donations from those in attend-
dance, the institution shall require the user to make a com-
plete account of all funds collected and of the actual cost of the event. If the funds collected exceed the actual cost of the event, the non-University user shall be required to remit such excess funds to the insti-
tution as an additional charge for the use of the Special Use Facility.

6.(11)4 Subject to all constitutional and statutory provisions relating to the use of state property or funds for religious or politi-
cal purposes, and subject to Subsection 6.(11)3 above, Special Use Facilities may be made available for religious and political conferences or conventions. Religious organizations applying for use of a Special Use Facility must submit written evidence from the Internal Revenue Service that the organization has been granted an exemption from taxation under Section 501(c)(3) of the Internal Revenue Code.
Sec. 7. Speech and Assembly.

7.1 The freedoms of speech and assembly are basic and essential to intellectual development. However, these activities are subject to the well-established right of colleges and universities to regulate time, place, and manner so that the activities do not intrude upon or interfere with the academic programs and administrative processes of the System or the component institutions. Each component institution may designate one or more appropriate areas on the campus where students may assemble and engage in speech activities without prior administrative approval. In other areas on the campus, all speech and assembly activities must be conducted in accordance with the provisions of this Chapter and the rules and regulations of the component institution.

Students, faculty or staff who are candidates for public office or who wish to campaign on behalf of a particular candidate or candidates may engage in conduct in behalf of such candidacy in the areas designated pursuant to this Subsection or in accordance with the provisions of Subsection 7.2 of this Chapter relating to off-campus speakers.
Off-Campus Speakers.--The Board has and reserves the right to regulate the presentation of guest speakers on the campus who are unaffiliated with the System or any component institution thereof (hereafter referred to as off-campus speakers).

Only registered student organizations, faculty or staff organizations, System-owned dormitories, and Student Government may present off-campus speakers on the campus.

The organization sponsoring an off-campus speaker has the responsibility of making clear the fact that the organization, not the institution, is extending the invitation to speak and that any views the speaker may express are his or her own and not necessarily those of the System or of any component institution.

An off-campus speaker is subject to all provisions of federal, state and/or local laws.

Registered student organizations, faculty or staff organizations, University-owned dormitories, and the students' association may be permitted the use of System-owned facilities to present off-campus speakers on campus pursuant to the facilities use regulations of the System and the institution.

An application for the use of any facility of the System or a component institution must be made to the chief administrative officer, or his or her delegate, at least forty-eight hours before the time the event is scheduled to take place.

No person shall be permitted on any campus of the System to engage in speech, either orally or in writing, that is directed to inciting or producing imminent lawless action and is likely to incite or produce such action.

No off-campus speaker who is to be paid from state funds as consideration for his or her speech shall be permitted to speak on the campus of any component institution of the System unless the university facility in which the speech is to be delivered will be open to the public, including members of the news media, who will be entitled to record, videotape, or telecast live portions of the speech. The provisions of this subdivision do not apply
to classes, seminars, symposia, and conferences intended for the use and benefit of students, faculty, staff and invited guests. No person may in any way obstruct or lessen in any way the opportunity for the audience to take the fullest advantage of the speech, including the opportunity to see and hear the speaker during the entire speech.

5. U. T. System: Approval of Standard Affiliation Agreements for Educational Experience Programs and Reporting Thereof.--The Board approved the agreements listed below as standard affiliation agreements to be used by The University of Texas System component institutions to provide educational experience programs for selected students in the affiliated facilities.

Further, it was ordered that future agreements which are identical to or substantially similar to these standard affiliation agreements be submitted to the U. T. Board of Regents for approval via the docket after review and approval by the U. T. System Administration.

EDUCATIONAL EXPERIENCE PROGRAM

AFFILIATION AGREEMENT

This Agreement is made the ___ day of ____, 199___, by and between the
of Texas system, ("System"), and __, a component institution of The University
("Facility"), a principal office at __________________________ having its
in the City of __________________________, State of ____________ and therein provides
with respect to ___________________________.

WHEREAS, Facility now operates facilities located at __________________________,

WHEREAS, University periodically desires to provide its students with educational experience related to
such courses by utilizing appropriate facilities and personnel of third parties ("Educational Experience Program"
or "Program");

WHEREAS, Facility desires to cooperate with University to establish and implement from time to time
one or more Educational Experience Programs involving the students and personnel of University and the facilities
and personnel of Facility;

NOW, THEREFORE, in consideration of the mutual promises herein and to achieve the objectives
described, University and Facility agree that any Program established and implemented by Facility and University
during the term of this Agreement shall be covered by and subject to the following terms and conditions:

1. PROGRAM AGREEMENT: To become effective, all agreements between the parties with respect
to a Program shall be reduced to writing ("Program Agreement"), executed by authorized representatives of Facility
and University, and approved in writing by the Office of the Chancellor of System.

2. TERMINATION OF PROGRAM AGREEMENT: A Program may be cancelled by written notice
pursuant to the terms of the Program Agreement; provided that, all students enrolled in the Program at the time
notice is given shall be permitted to finish their course of study.

3. CONFLICT: In the event of conflict between the text of Program Agreement and the text of this
Agreement, this Agreement shall govern.

4. AMENDMENT OF PROGRAM AGREEMENT: No amendment to a Program Agreement shall
be effective unless reduced to writing, executed by the authorized representatives of Facility and University, and
approved by the Office of the Chancellor of System.

5. RESPONSIBILITY OF FACILITY: Except for certain acts to be performed by University pursuant
to the provisions of this Agreement, Facility agrees to furnish the premises, personnel, services, and all other
items necessary for the Educational Experience Program specified in the Program Agreement. In connection
with such Program, Facility further agrees:

(a) to comply with all applicable Federal, State, and Municipal laws, ordinances, rules, and
regulations; to comply with all applicable requirements of any accreditation authority, and to
certify such compliance upon request;

(b) to permit the authority responsible for accreditation of University's curriculum to inspect
the facilities, services, and other items provided by Facility;

(c) to appoint a person to serve as liaison (Liaison) by the following procedure:

1. Facility shall submit to University the name and professional and academic
credentials of the person proposed as Liaison in writing at least thirty (30) days prior
to the date the Liaison appointment is to become effective;

2. University shall notify Facility of University's approval or disapproval of such person
within ten (10) days after receipt of such notice;

3. no person shall act as Liaison without the prior written approval of University;

4. in the event the Liaison approved by University later becomes unacceptable and
University so notifies Facility in writing, Facility shall appoint another person to serve
as Liaison in accordance with the procedure outlined in paragraph 5 (c).
6. RESPONSIBILITIES OF UNIVERSITY: University hereby agrees:

(a) to furnish Facility with the names of the students assigned by University to participate in the Program;

(b) to assign only those students who have satisfactorily completed those portions of University curriculum that are prerequisite to Program participation; and

(c) to designate a member of the University faculty to coordinate the learning assignment to be assumed by each student participating in the Program with the Facility Liaison. University shall furnish to Facility the name of such faculty member in writing.

7. NOTICES: All notices under this Agreement or a Program Agreement shall be in writing and delivered either by personal delivery or by United States certified mail, return receipt requested. Such notices shall be deemed given when received by such party’s designated representative.

8. ORAL REPRESENTATIONS: No oral representations of any officer, agent, or employee of Facility or System, or any of its component institutions, (including, but not limited to University), shall affect or modify any obligations of either party under this Agreement or any Program Agreement.

9. AMENDMENT TO AGREEMENT: No amendment to this Agreement shall be valid unless it is reduced to writing, signed by the authorized representatives of the parties, and approved by the Board of Regents of System.

10. BINDING EFFECT: This Agreement shall be binding on and shall inure to the benefit of the parties and their respective successors and assigns; provided, however, that no assignment by either party shall be effective without prior written approval of the other party. A delay in or failure of performance of either party that is caused by occurrences beyond the control of either party shall not constitute default hereunder, or give rise to any claim for damages.

11. TERM AND EFFECTIVE DATE: This Agreement shall become effective when approved by the Board of Regents of System. If so approved, this Agreement shall continue in effect for an initial period ending one (1) year after the date and year of execution by Facility and University ("Term"). After such initial Term, this Agreement shall continue from year to year unless one party shall give the other one hundred eighty (180) days prior written notice of intention to terminate. If such notice is given, this Agreement shall terminate: (a) at the end of the Term during which the last day of such one hundred eighty (180) days notice period falls; or (b) when all students enrolled in the Program at the end of the Term have completed their respective courses of study under the Program; whichever event occurs last.

12. CAPTIONS: The captions are solely for the convenience of the parties and shall not be used in the construction of this Agreement.

13. APPLICABLE LAW: This Agreement shall be construed and enforced in accordance with the laws of the State of Texas.

Executed by University and Facility on the above day and year in duplicate copies, each of which shall be deemed an original.

AFFILIATION AGREEMENT

This AGREEMENT made the ______ day of ______, 1986
by and between THE UNIVERSITY OF TEXAS SYSTEM CANCER CENTER ("CANCER CENTER"),
a component institution of The University of Texas System, ("SYSTEM"),
and ________________________________ COMMUNITY CLINICAL ONCOLOGY PROGRAM ("CCOP"),
located at ________________________________

WITNESSETH:

WHEREAS, Cancer Center is recognized as a comprehensive cancer
center with world-renowned expertise in the diagnosis, treatment and research
of cancer diseases; and

WHEREAS, Cancer Center has extensive research expertise in the
field of cancer diseases and cancer control, and by reason thereof has
available a number of approved clinical protocols with applicability and use
in community physician groups; and

WHEREAS, CCOP has formed as a consortium to aid in the delivery
of modern research advances in the field of cancer to its patients; and

WHEREAS, Cancer Center and CCOP agree on the desirability of
establishing collaborative activities between their organizations under the
Community Clinical Oncology Program of the National Cancer Institute.

NOW, THEREFORE, with these objectives in mind Cancer Center and
CCOP agree as follows:

1. Each party to this Agreement shall prepare a specific program
proposal under the Community Clinical Oncology Program and
apply for funding thereof to the National Cancer Institute.
Failure by either party to this agreement to obtain such
funding and to have available thereunder sufficient funds
to meet the financial requirements for collaboration shall
immediately negate this Agreement.

2. Cancer Center shall collaborate with CCOP by making approved
clinical trial protocols and cancer control research protocols
available for its use, and participate with CCOP in the
community oncology program as is necessary. This participation
shall include, but not be limited to, assisting in the
development and review of new and existing protocols, enforcing
appropriate quality control measures for clinical research
under the program, aiding in the formulation and delivery of
training and educational activities, and other related
activities.
3. For the conduct of specific activities hereunder, Cancer Center and CCOP shall prepare various Program Agreements describing such activities and the responsibilities of each party in the conduct thereof. The Program Agreements shall be reduced to writing and approved by authorized signatories of each party hereto. In the event of conflict between the text of Program Agreements and the text of this Agreement, this Agreement shall govern.

4. The parties each agree to assume individual responsibility for the actions and omissions of their respective employees, agents and assigns in conjunction with this agreement. Neither CCOP nor Cancer Center agrees to indemnify the other party to this Agreement from any liability, loss or damage either may suffer as a result of claims, demands, costs or judgments against either of them arising out of the activities carried out pursuant to this Agreement or the Program Agreement(s) between the parties.

5. All the agreements between the parties on the subject matter shall be reduced to writing. No amendments to this Agreement shall be valid unless in writing and signed by the duly authorized representatives of the parties, and approved by the Board of Regents of The University of Texas System.

6. No oral representations of any officer, agent, or employee of CCOP or SYSTEM, or any of its component institutions, (including, but not limited to Cancer Center), either before or after the effective date of this Agreement, shall affect or modify any obligations of either party hereunder or under any Program Agreement.

7. Any notices, statements, payments, or reports required by this Agreement shall be considered given if sent postage prepaid and addressed as follows:

If to Cancer Center:

Executive Vice President for Administration
The University of Texas System Cancer Center
6723 Bertner, Box 193
Houston, Texas 77030

If to CCOP:

NAME
TITLE
ADDRESS
8. This Agreement shall not become effective until it has been executed by the duly authorized representatives of Cancer Center and CCOP and approved by the Board of Regents of The University of Texas System, and shall continue in force thereafter from year to year unless terminated by either party upon giving ninety (90) days written notice to the other party. This Agreement will terminate immediately, as indicated in Paragraph 1, if either party to the Agreement does not obtain NCI Community Clinical Oncology Program funding, or either party's funding is cancelled during the term of this Agreement. The Program Agreements related to this Affiliation Agreement shall automatically terminate upon termination of this Agreement, except that the parties' responsibilities under these Agreements will continue after the termination as they pertain to patients who have been enrolled in clinical trial protocols prior to the termination of the Agreements but have not completed these trials at the time of this termination.

Executive Vice Chancellor for Health Affairs
The University of Texas System
COMMUNITY CLINICAL ONCOLOGY PROGRAM AGREEMENT

This AGREEMENT is made on the day of 1986, between THE UNIVERSITY OF TEXAS SYSTEM CANCER CENTER (hereinafter referred to as "CANCER CENTER'") located in Houston, Texas, a component institution of The University of Texas System (hereinafter referred to as "SYSTEM''), and THE UNIVERSITY OF TX SYSTEM CANCER CENTER (hereinafter referred to as "CCOP'").

WHEREAS, it is agreed by the parties that the purpose of this agreement is to establish and describe the collaborative activities between CCOP and CANCER CENTER, which will operate as a Research Base in the National Cancer Institute's Community Clinical Oncology Program.

NOW, THEREFORE, the parties agree as follows:

1. They will collaborate to provide quality clinical research and involvement in cancer control research activities, to maintain a high level of scientific collaboration and to participate in the overall evaluation of the Community Clinical Oncology Program.

2. Assurance of quality control is the joint responsibility of CCOP and CANCER CENTER. The following quality control measures will be utilized:

A) All pathology slides from protocol patients will be made available by CCOP for review at the CANCER CENTER Division of Pathology. If specified in protocols, slides will be submitted to CANCER CENTER for review, and CANCER CENTER pathology reports will be submitted to the appropriate CCOP physicians. Pathology review sessions, including CANCER CENTER and CCOP pathologists, will be convened as deemed necessary.

B) Chemotherapy, radiation therapy, immunotherapy, and surgical operative reports will be made available to the CCOP Medical Director at CANCER CENTER upon request to ensure protocol compliance.

C) Medical data entry sheets and all forms will be reviewed by Data Managers at CCOP, before being forwarded to CANCER CENTER. Accrual to protocols, adherence to protocols, patient eligibility, patient evaluability, and timeliness and quality of data reporting will be reviewed by CANCER CENTER.

D) CCOP will participate in appropriate quality assurance and performance review activities developed by the CANCER CENTER.

3. CCOP and CANCER CENTER will maintain separate budgets and adhere to NCI financial requirements.
4. **CCOP** and **CANCER CENTER** will have joint responsibility for maintaining patient confidentiality except where release of patient information is duly authorized by the patient or his legal representative.

5. It is further agreed that **CCOP** shall:
   
   A. Be responsible for the following functions:
      
      1) A steering or executive function to plan, direct, participate in and evaluate its performance in the **CCOP** program.
      
      2) A protocol or scientific function to review and select all protocols for clinical trials. Performance of this function should be done in conjunction with **CCOP** staff from surgical oncology, medical oncology, radiation oncology, supportive care, nursing and pharmacy.
      
      3) A data evaluation function to oversee all aspects of data management and evaluation, to review all forms before transmittal to the research base and to communicate feedback to the participating physicians. This function will be performed by the principal investigator, co-principal investigator, protocol nurse, and data managers.
      
      4) A pharmacy system that complies with all National Cancer Institute (NCI) and the Food and Drug Administration (FDA) guidelines. **CCOP** may request support from **CANCER CENTER** Department of Pharmacy as needed.
   
   B. Follow NCI and FDA guidelines for reporting adverse drug reactions. Adverse drug reactions include (1) any unsuspected side effect of an anti-cancer agent, (2) any unsuspected interaction of an anti-cancer agent with any other drug, (3) a severe life-threatening Grade IV or fatal toxicity even if previously reported with that particular drug.

   When an adverse drug reaction is observed or it is suspected, it will be called into the **CCOP** Medical Director at **CANCER CENTER** as soon as possible. Written reports to be submitted to **CANCER CENTER** will follow in a timely fashion. Policies for report and evaluation and implementation of changes related to adverse drug reactions will take place via the established **CANCER CENTER** channels, as well as the usual NCI and FDA channels.
C. Agree to place at least ten evaluable patients annually on CANCER CENTER clinical trial protocols and at least ten evaluable patients annually on CANCER CENTER cancer control research protocols and to provide all specified data forms to the CCOP Medical Director at CANCER CENTER on a schedule to be defined by CANCER CENTER. CCOP will ensure that any protocols competing for the same patients (disease and stage) will be evaluated and a selection made to avoid participation in competing protocols.

D. Have reviewed and approved by its Institutional Review Board each protocol initiated and used by CCOP. CCOP is responsible for adherence to NCI guidelines as well as all other federal guidelines, including, but not limited to, those requirements set forth in Title 45, Part 46 of the Code of Federal Regulations (45 CFR 46), as these pertain to Institutional Review Board decisions, conditions and compliance. A copy of the DHHS Form 596, Protection of Human Subjects Assurance Certification Declaration, will be filed with the CANCER CENTER Institutional Review Board prior to CANCER CENTER's making any individual protocol available to CCOP.

E. Be responsible for obtaining informed consent in accordance with 45 CFR 46.116 and for ensuring that no human subject will be involved in research prior to obtaining the consent. Informed consent documents and elements of obtaining consent will strictly follow NCI guidelines. CCOP will allow for periodic review of patient records in conjunction with protocols. All informed consents will include patient permission for original hospital records, as well as study forms, to be reviewed by the CANCER CENTER CCOP Statistical Center, by NCI, by site visits from NCI or CANCER CENTER, and by the FDA as necessary. A copy of a signed informed consent will be forwarded to the CANCER CENTER CCOP Statistical Center with the initial patient entry forms.

F. Supply routine documentation regarding treatment adjustments as specified in the protocols, informed consent, drug records, reports of unanticipated problems involving risks, adverse drug reactions or injury reports and any other requested materials to the CCOP Medical Director at CANCER CENTER.

G. Be responsible for calibration and inspection of its radiologic and radiotherapy equipment by the Radiological Physics Center (RPC).
H. If requested by NCI, maintain a Patient Log on all patients eligible for protocols, which will include such information as numbers, age, sex, primary site of cancer, stage of disease, treatment and survival.

I. Provide assurance of efforts for short and long term follow-up of patients registered on protocols.

J. Attend and participate in regular meetings held by CANCER CENTER to review ongoing research activities, to participate with the CANCER CENTER CCOP Scientific Committees in writing and developing new protocols and reviewing ongoing studies, to plan ongoing collaborative clinical investigations and cancer control research activities, to participate in training and educational activities for support personnel (data managers, oncology nurses, pharmacists, etc.) and other appropriate meetings. CCOP will collaborate in all appropriate ways with all other CCOP’s using CANCER CENTER as a Research Base.

K. Agree that the CCOP Principal Investigator will be a member of the CANCER CENTER’s CCOP Steering Committee.

L. Agree to accept periodic on-site monitoring by representatives of CANCER CENTER or NCI or an NCI designee.

M. Agree to an annual review of its progress by the CANCER CENTER’s CCOP Steering Committee and NCI or NCI designee staff.

6. It is further agreed that CANCER CENTER shall:

A. Provide CCOP with access to current NCI-approved CCOP protocols, a list of which is attached (Exhibit I).

B. Establish a CCOP Statistical Center to:

1) Maintain registration records for all protocols;

2) Provide statistical review and assistance in analysis of data collection by CCOP;

3) Supply appropriate documents for on-study, pre-study flow sheets, off-study forms and all other forms necessary for participation in CCOP and CANCER CENTER clinical trial protocols;

4) Conduct performance review and quality assurance programs;
5) Conduct training sessions for data managers and other personnel related to __CCOP at the beginning of the program and at appropriate intervals. The cost of travel and lodging is to be at __CCOP expense.

6) Conduct annual site visits to __CCOP for review of records, information transfer and general evaluation and consultation. The cost of travel and lodging is to be at CANCER CENTER expense.

C. Form scientific committees to develop and monitor research activities and a CCOP Steering Committee which will be the guiding committee for all CCOP activities at CANCER CENTER. Principal Investigators or their representatives from __CCOP will participate in this Steering Committee.

D. Host regular meetings for __CCOP staff members to review ongoing research activities, encourage the participation in the writing and development of new protocols; plan ongoing collaborative clinical investigations in cancer control research activities; and participate in training and educational activities for support personnel and any other meetings felt to be appropriate.

E. Notify __CCOP in writing and by telephone, if appropriate, of subsequent modifications in the protocols listed.

F. Provide a toxicity monitoring system for adverse drug reactions and report same to the CCOP Steering Committee and the investigational drug branch at NCI in Bethesda, Maryland at (301) 496-1196 after notification by __CCOP of an adverse drug reaction.

G. Conduct annual performance reviews of __CCOP and, based on this review, institute any remedial actions that are deemed necessary, including, but not limited to, dissolution of the Affiliation Agreement between CANCER CENTER and __CCOP.
This Agreement shall become effective upon the execution and approval of the Affiliation Agreement between these parties dated and shall continue in effect according to the terms of same.

MEMORANDUM OF AGREEMENT (AFFILIATION)

BETWEEN

THE VETERANS ADMINISTRATION MEDICAL CENTER, HOUSTON, TEXAS,

and

THE UNIVERSITY OF TEXAS HEALTH SCIENCE CENTER - HOUSTON

This Agreement, when approved by the United States Veterans Administration and The University of Texas Health Science Center, Houston, shall authorize the Houston Veterans Administration Medical Center to affiliate with the Dental Branch at Houston for the purpose of education and training. The Dental Branch accepts responsibility with the Veterans Administration Medical Center for the education and training programs conducted with the Veterans Administration Medical Center. The Veterans Administration Medical Center will retain full responsibility for the care of patients and will maintain administrative and professional supervision of students insofar as their presence affects the operation of the facility and/or the direct and indirect care of patients. The faculty is responsible for the supervision of the education of undergraduate and graduate students and residents at the University of Texas Dental Branch.

Students will receive an orientation to the facility. Faculty members and facility staff supervisors will evaluate the student's performance in mutual consultation and according to the guidelines outlined in the approved curriculum.
Responsibilities shall be divided as follows:

1. The University of Texas Health Science Center at Houston, Dental Branch:
   a. Will be represented on the Dean’s Committee by the Dean of the Dental Branch (or his designee).
   b. Will nominate to the Veterans Administration Medical Center Director on an annual basis a staff of consulting and attending specialists in the number and with the qualifications agreed upon by the Dean’s Committee and the Veterans Administration.
   c. Will participate, through the Director and the staff of consulting and attending specialists, in the supervision of the integrated education and training programs of the Veterans Administration and such programs as are operated jointly by the Veterans Administration and the schools affiliated with the Veterans Administration health care facility. VA staff members who are also faculty members will be responsible for student and house staff supervision for educational purposes, but can delegate responsibility to nonfaculty VA staff members under unusual circumstances.
   d. Will share the responsibility with the Veterans Administration Medical Center for the nomination of all dentists for residency or other graduate education and training programs in the numbers and with the qualifications agreed upon by the Dean’s Committee and the Veterans Administration.

2. The Veterans Administration:
   a. Will operate and administer the Veterans Administration Medical Center.
b. Will appoint qualified physicians and dentists to full-time and regular part-time staff of the Medical Center. Nominations to the Medical Center Director by the Dean’s Committee for full-time and regular part-time positions shall be welcomed. The regularly appointed staff, including Chiefs of Services, shall be fully responsible to their immediate superiors in the Veterans Administration.

c. Will consider for appointment the attending and consulting staff and the dentist trainees nominated by the Dental Branch and recommended by the Dean’s Committee.

d. Will cooperate with The University of Texas Dental Branch in the conduct of appropriate programs of education, training, and research.

3. The Director, Veterans Administration Medical Center:
   a. Will be fully responsible for the operation of the Veterans Administration Medical Center.
   b. Will cooperate with the Dean’s Committee in the conduct of education and training programs and in evaluation of all participating individuals and groups.

4. The VA Chief of Staff:
   a. Will be responsible to the Director for the professional health care operations of the facility.
   b. Will cooperate with the Dean’s Committee and the affiliated educational institutions in the direction and conduct of the education and training programs.
5. **Chiefs of Service:**
   a. Will be responsible to their superiors in the Veterans Administration for the conduct of their service.
   b. Will, in cooperation with consulting and attending staff, supervise the education and training programs within their respective services.

6. **The Attending Staff:**
   a. Will be responsible to the Chief, Dental Service.
   b. Will accept responsibility for the proper care and treatment of patients in their charge upon delegation by the Medical Center Director or his designee.
   c. Will provide adequate training to house staff assigned to their service.
   d. Will hold faculty appointment in The University of Texas Dental Branch or will be outstanding members of the profession with equivalent professional qualifications acceptable to the Veterans Administration.

7. **Consultants:**
   a. Will be members of the faculty, above the rank of instructor, in The University of Texas Dental Branch, or equivalent professional qualifications acceptable to the Veterans Administration, and subject to VA regulations concerning consultants.
   b. Will, as representatives of The University of Texas Dental Branch, participate in and take responsibility for the education and training programs of the Veterans Administration Medical Center, subject to VA policy and regulations.
c. Will afford to the Medical Center Director, Chief of Staff, and the Chief, Dental Service, the benefit of their professional advice and counsel.

TEMS OF AGREEMENT:

1. The University of Texas Dental Branch complies with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, section 504 of the Rehabilitation Act of 1973, and Title II of the Older Americans Amendments of 1975, and all related regulations, and assures that it does not, and will not discriminate against any person on the basis of race, color, sex, creed, national origin, age or handicap under any program or activity receiving Federal financial assistance.

2. Nothing in the agreement is intended to be contrary to State or Federal laws. In the event of conflict between terms of this agreement and any applicable State or Federal law, that State or Federal law will supersede the terms of this agreement. In the event of conflict between State and Federal laws, Federal laws will govern.

3. Protection of faculty members and students of the affiliated institution from personal liability when furnishing professional services covered by this agreement while at the VA health care facility will be that which is provided under the Federal Tort Claims Act, as implemented by 38 U.S.C. 4116.

4. Periodic reviews of programs and policies will be conducted under the auspices of the Office of Academic Affairs.
5. This Memorandum of Affiliation may be terminated by either party on written notice to the other six (6) months in advance of the next training experience.

EXECUTED THIS 5th day of June, 1986.

AGREEMENT

THIS AGREEMENT, made under authority of Section 327A of the Public Health Service Act (42 U.S. Code Section 254a), is by and between the Clinical Center, National Institutes of Health, Bethesda, Maryland (hereinafter called the Clinical Center) and

University of Texas
Health Science Center at Dallas
Southwestern Medical School

(hereinafter called the School).

The School wishes to affiliate with the Clinical Center in order to obtain suitable elective clinical experiences for its students.

Because it has a particular capability to provide the requisite clinical instruction under informed and experienced direction, the Clinical Center seeks to affiliate with the School.

This affiliation represents a method to integrate the student’s academic theory and knowledge with experience gained through training and instruction in a hospital’s medical and surgical departments. It is therefore agreed to be of mutual interest and advantage that selected students of the School be provided quality clinical experiences in the Clinical Center.

RESPONSIBILITIES

1. The School shall:

A. Make known to third- and fourth-year students (or, in the case of schools with six-year curricula, the students in their clinical years) the availability of electives at the Clinical Center.

B. Upon request of the student, provide the Clinical Center with a transcript of the student’s academic record and a letter of approval from the Office of the Dean.

C. Send only those students who will benefit from the assignment, and who are, to the School’s knowledge, qualified at the time of reporting for their training.

D. Make arrangements to have the student covered under the School’s professional liability insurance or an individual insurance policy which covers the activity of the student while at the Clinical Center.

E. Have the privilege of visiting the Clinical Center before, during, and/or after the instruction period for the purpose of evaluating the student’s progress.
1. The Clinical Center shall:

A. Within the stated philosophies, missions, and objectives of the Clinical Center and the School, provide the highest possible quality clinical experience for the students consistent with their level of training and experience.

B. Offer, at specified times of the year, in-depth instruction in clinical subspecialties as described in the current Catalog of the Clinical Electives Program for Medical and Dental Students at the National Institutes of Health.

C. Provide a Clinical Electives Program Office to serve as a contact point for the students during the application process and as a source of information and assistance to those students who are in attendance at the Clinical Center.

D. Provide the physical facilities, supplies, and equipment necessary for the clinical experiences.

E. Provide the School with a written evaluation of the student's learning experience at the completion of the training period.

F. Orient the student concerning all applicable rules and regulations with which the student is expected to comply. Special emphasis will be given to the Privacy Act of 1974, particularly as it relates to the patient's right to privacy and the confidentiality of all records relating to patient care.

G. Provide emergency medical care to the student only for injury sustained in the course of training or duties, under the U.S. Employees' Compensation Act (EEOC). Routine medical care or follow-up treatment is the sole responsibility of the student, and with the exception of paragraph 3.G., will not be provided by the Clinical Center.

H. Require the School to withdraw a student from the assignment when his/her performance is unsatisfactory or when his/her behavior is disruptive or detrimental to the operation of the Clinical Center.

2. It is mutually understood between the School and the Clinical Center that the student shall:

A. Be responsible for satisfying all elements of the application process as delineated in the current edition of the Catalog of the Clinical Electives Program for Medical and Dental Students at the National Institutes of Health.

B. Comply with all rules and regulations of the Clinical Center. Failure to comply will constitute grounds for terminating the assignment.

C. Keep confidential any information entrusted to him/her by a patient unless the nondisclosure would be harmful to the patient's treatment; in which case, the information must be given to the patient's attending physician.
D. Be invited and encouraged to take part in educational activities of the Clinical Center, including such events as grand rounds, symposia, and conferences. The student shall have access to journals, books, and periodicals in the Clinical Center library.

E. Be excused from work on all Federal holidays.

F. Unless otherwise specified, have the responsibility for personal transportation to and from the Clinical Center and for all other personal expenses, including housing. A stipend will not be provided. The student will be permitted to use the cafeterias at the Clinical Center or elsewhere at the National Institutes of Health.

G. Provide written evidence, prior to reporting to the Clinical Center, of: (1) a negative Mantoux test (intermediate strength PPD) done within the past three months, or a chest x-ray report made within twelve months for those with a positive Mantoux test; and (2) a diphtheria-tetanus booster injection within the past ten years. Those who cannot provide such evidence will have the procedure(s) done upon arrival at the Clinical Center.

GENERAL AGREEMENTS

A. There will be no discrimination on the basis of race, religion, sex, color, age, handicap, or national origin in the acceptance of students in this program.

B. The autonomy of the School and the Clinical Center will be observed at all times.

C. It is understood and agreed that the parties hereto may revise or modify this Agreement by mutually-agreed, written amendments.

D. This Agreement shall be in force when it is signed by appropriate representatives of the School and the Clinical Center. On January first of the following year and of each succeeding year it shall be deemed to be renewed for an additional one-year term unless either party to this Agreement notifies the other of its intention not to renew. This notification shall be made in writing no less than sixty days before the renewal date. If an agreement is terminated, any student from the School who is in training on the date of termination shall be allowed to complete his/her training as if the Agreement were still in effect.

E. It is recognized that activities at the Clinical Center, a biomedical research facility at the National Institutes of Health, are subject to Federal laws and regulations. The Director, Clinical Center, has the authority to assure that all applicable Federal requirements are observed, and assumes full responsibility for all activities under his/her jurisdiction.
By signing this Agreement, the student agrees to abide by all rules and regulations of the Clinical Center and to all elements of this Agreement.

MEMORANDUM OF AGREEMENT
BETWEEN
DARNALL U.S. ARMY COMMUNITY HOSPITAL
AND
THE UNIVERSITY OF TEXAS AT AUSTIN

SUBJECT: Affiliation Agreement for the Acceptance, Appointment, and Clinical Assignment of University of Texas at Austin trainees by Darnall U.S. Army Community Hospital.

1. Purpose. To define the acceptance, appointment, and clinical assignment of trainees from The University of Texas at Austin by Darnall U.S. Army Community Hospital.

2. Reference. AR 351-3, Professional Training Programs of the Army Medical Department.

3. Problem.
   a. The University of Texas at Austin, hereafter called educational institution, which is accredited by the Southern Association of Colleges and Universities conducts a program of training for post-graduate level social work students. The program is accredited by the National Association of Social Workers and leads to a Master of Social Work Degree. The program curriculum requires that the trainees obtain clinical learning experience.
   b. The Darnall U.S. Army Community Hospital, Fort Hood, Texas, hereafter called the Army medical facility, conducts certain clinical activities in which trainees in the educational program, if allowed to participate, can obtain all or part of their required clinical learning experience.
   c. An affiliation under this memorandum will benefit both parties by contributing to the educational preparation of a future supply of health care providers.
   d. Trainees will be student volunteers under section 3111 of title 5, United States Code (5 USC 3111). They will not be Federal employees, but will be covered by 5 USC 8101-8151, relating to compensation for certain injuries, and by 28 USC 2671-2680 and 10 USC 1088, relating to tort claims.
Selection for this training will be made without regard to race, sex, color, religion, creed, national origin, lawful political or other affiliation, marital status, age (other than legal minimum age limitations), or physical handicap. Handicapped persons will not be provided benefits, service, or training that is different or separate from what is provided to others unless such action is required to provide equity. A qualified handicapped person will not otherwise be limited in the enjoyment of any right, privilege, advantage, or opportunity granted to others receiving the training and benefits of this agreement.

4. Scope. This agreement applies to not more than five trainees per semester and will not detract from the Army Medical Department's medical and training mission.

5. Understanding.

a. This agreement applies to not more than the one category of trainees described in paragraph 3a.

b. Affiliation under this agreement must not detract from the medical mission of the Army medical facility, or the education and training needs of Army Medical Department personnel.

c. There will be no payment of charges or fees between the parties to this agreement, and no payment of compensation by the United States to the trainees.

d. Insofar as the commander of the Army medical facility finds it consistent with his or her command's basic mission, the Army medical facility will--

(1) Screen prospective trainees to ascertain their qualifications and suitability and arrange for their appointment as student volunteers.

(2) Coordinate with the educational institutions to prevent conflict of schedules and activities during the clinical learning experience, and designate an appropriate point of contact for this purpose. This coordination involves--

(a) Planning with representatives of the educational institution.

(b) Orienting trainees and assigning them to specific clinical cases and experiences, including attendance at selected conferences, clinics, courses, and programs conducted by the Army medical facility.
(3) Retain responsibility for patient care in the facility and exercise supervision over trainees consistent with the facility's quality assurance program.

(4) Permit, on reasonable request, the inspection of clinical and related facilities by agencies charged with accreditation of the educational institution program.

(5) Notify the school of any intent to release a student.

e. The educational institution will--

(1) At least 30 days before the beginning of each training period, provide the names of the trainees eligible to be appointed, the dates and hours for which training is requested, and the clinical activities in which training is requested.

(2) Permit trainees to accept Federal appointment as student volunteers for the purpose of participating in clinical learning experiences, and provide such personal information on trainees as is necessary. Verify that they meet minimum age requirements of 18 years and, on request, certify that they are enrolled at least half-time in the educational institution's program. Ensure that trainees are available for completion of the appointment process before the training period begins.

(3) Notify the Army medical facility of a change in the enrollment status of any trainee.

(4) Designate an appropriate point of contact to coordinate trainee activities under this agreement.

(5) Provide and maintain the personnel records and reports necessary to document the trainees' clinical learning experience for the purpose of academic credit.

(6) Be responsible for such health and other medical examinations and protective measures as the commander of the Army medical facility deems necessary.

(7) Assist in the enforcement of such rules and regulations governing trainees as may be issued by the
commander of the Army medical facility and its host installation.

(8) Assist in enforcing the prohibition against the publication by trainees of any material related to the clinical learning experience that has not been reviewed and cleared by the Army medical facility to assure that—

(a) No classified information is published.

(b) Infringement of patients' rights to privacy is avoided.

(c) Military procedures are completely accurate.

(9) Withdraw a trainee from participation in the clinical learning experience on written notice.

6. Effective Period.

The terms of this agreement—

a. Will be effective on 1 January 1980 subject to approval by Health Services Command, and will continue in effect until terminated.

b. May be amended by the parties without referral to the approving authority only to incorporate changes required by Army Regulation 381-3.

7. Termination

Either party may terminate the arrangements under this agreement by giving 30 days advance written notice of the effective date of termination. Except under unusual conditions, the notice will be given before the beginning of a training period. It is understood that the approving authority may terminate these arrangements at any time to meet the mission needs of the Army Medical Department.

CERTIFICATE OF APPROVAL

I hereby certify that the foregoing Agreement was approved by the Board of Regents of The University of Texas System on the day of [date], 19, and that the person whose signature appears above is authorized to execute such agreement on behalf of the Board.

Executive Secretary, Board of Regents
The University of Texas System
I. BACKGROUND

1. The Board of Regents of The University of Texas Medical Branch at Galveston have established an approved professional program of special training in preparation for physical therapists. The program requires clinical facilities where the physical therapy students can obtain the clinical learning experience required in the curriculum.

2. The US Army medical facility, William Beaumont Army Medical Center, has the needed clinical facilities for physical therapy trainees from The University of Texas Medical Branch at Galveston to obtain part of the clinical learning experience required. It is to the benefit of The University of Texas Medical Branch at Galveston for physical therapy trainees to use the clinical facilities of the US Army medical facility, William Beaumont Army Medical Center, to obtain part of the clinical learning experience required.

3. The US Army medical facility, William Beaumont Army Medical Center, and the Department of the Army will benefit from making clinical facilities available to physical therapy trainees from The University of Texas Medical Branch at Galveston. The Army will obtain the trainees' clinical learning experience while contributing to the educational preparation of a future supply of physical therapists.

4. The trainees, during clinical training at the Army medical facility, will be under the jurisdiction of facility officials for training purposes and will follow facility rules.

5. The affiliation is controlled by and subject to title 5, US Code, section 5351-6, 8144 and 8331-2.

II. UNDERSTANDING

1. The US Army medical facility will:

   a. Make available the clinical and related facilities needed for the clinical learning experience in physical therapy to students enrolled in the basic physical therapy program at The University of Texas Medical Branch at Galveston and who are designated by The University of Texas Medical Branch at Galveston for such learning experience under the supervision of The University of Texas Medical Branch at Galveston.

   b. Arrange a clinical learning experience schedule that will not conflict with those of the educational institution.

   c. Designate an AMSC officer to coordinate the trainee's clinical learning experience in the Physical Therapy Section. This will involve planning with faculty or staff members for the assignment of the trainees to specific clinical experiences, including their attendance at selected conferences, clinics, courses, and programs conducted under the direction of the facility.
d. Provide, whenever possible, in connection with the trainees' clinical learning experience, reasonable classroom, conference room, office and storage space for participating trainees and their faculty or staff supervisors, if assigned, and if feasible, dressing and locker room space.

e. Permit, on reasonable request, the inspection of clinical and related facilities by agencies charged with the responsibility for accreditation of The University of Texas Medical Branch at Galveston.

2. The University of Texas Medical Branch at Galveston will —

a. Provide the Commanding Officer of the facility with the names of the trainees to be assigned, the dates and hours they will be assigned, and the clinical service to which they will be assigned, by the beginning of each training period.

b. Where indicated and upon mutual agreement, provide faculty or staff members to assume the responsibility for instruction and supervision of the trainees' clinical learning experience.

c. Have the faculty or staff member, if any, coordinate with designated AMSC officer, the assignment that will be assumed by the trainees while participating in their clinical learning experience, and their attendance at selected conferences, clinics, courses and programs conducted under the direction of the facility.

d. Provide and maintain the personal records and reports necessary for conducting the trainees' clinical learning experience.

e. Enforce rules and regulations governing trainees that are mutually agreed on by the non-Federal institution and the facility.

f. Be responsible for health examinations and such other medical examinations and protective measures as the facility and non-Federal institution mutually find to be necessary.

g. Prohibit the publications by the trainees and faculty or staff members of any material relative to their clinical learning experience that has not been reviewed by the Army medical facility in order to assure that no classified information is inadvertently published, that infringement of patients' right to privacy is avoided and that accuracy with respect to military procedures is complete. Any article written by these trainees which has been based on information acquired through their clinical learning experience must clearly reflect that DA does not endorse the article, even where a review has been made prior to publication. This is accomplished by requiring a disclaimer paragraph to appear with each such article written: "The opinions and conclusions presented herein are those of the author and do not necessarily represent the views of the Army medical facility, the Department of the Army, or any other governmental agency."
III. TRAINING

The training term shall be from 1 July through 30 June of each year. This agreement may be terminated by either institution or the individual trainee by written notification to all concerned. Except under unusual conditions, such information will be submitted prior to the beginning of a particular training period.

CERTIFICATE OF APPROVAL

I hereby certify that the foregoing Agreement was approved by the Board of Regents of The University of Texas System on the ______ day of ______, 1985, and that the person whose signature appears above is authorized to execute such agreement on behalf of the Board.

Executive Secretary, Board of Regents
The University of Texas System
GENERAL AGREEMENT
AND
MEMORANDUM OF UNDERSTANDING

I. BACKGROUND. This agreement is entered into by and between
the United States Air Force, hereafter referred to as "Air
Force," and the University of Texas System, hereafter referred
to as "University."

1. Air Force and University both operate various health
care and research facilities and have established
approved health professional training programs that have
been accredited by the American Medical Association and
other national professional certification agencies. The
program curricula require special clinical training in
preparation for health professional certificates and
degrees.

2. It is to the benefit of University for its clinical
trainees and faculty to use the clinical facilities of
Air Force to receive their clinical training. Air Force
will benefit from the use of University's trainees' and
faculty's clinical experience and service.

3. It is to the benefit of Air Force for its trainees
and faculty to use the clinical facilities of University
to receive their clinical experience. University will
benefit from the use of Air Force's trainees' and
faculty's experience and service.

II. UNDERSTANDING. The parties acknowledge and agree to the
following:

4. When the trainees or faculty of either party are
participating under this agreement at the clinical
facilities of the other party, the trainees will be
under the supervision of the facility officials where
the training is taking place, and will be subject to,
and be required to abide by all of that facility's
applicable rules and regulations.

5. There will be no compensation paid to the faculty or
trainees of either party to this agreement for their
participation in this program. The use of either
party's facilities is for the purpose of the training
described in this agreement, and no compensation will be
paid for any incidental work benefits that accrue to
either party.
6. The program(s) described in this agreement are not intended to replace existing employees or impair existing contracts for services.

7. Each of the parties specifically reserves the right to refuse acceptance into a program conducted at their respective facilities of any trainee or faculty when necessary for the efficient operation of their institution.

a. The number, specific nature of training, and assignment of students to training programs under this agreement will be mutually agreed upon between Air Force and University prior to the beginning of the training period. The format at Attachment 2 may be used for this purpose.

b. Each party to this agreement reserves the right to bar any participant involved in a training program under this agreement from further participation in the agreement when it is determined that the trainee is not fulfilling the terms of this agreement, or when necessary for the efficient operation of the institution.

c. In the performance of the agreement, neither party will discriminate against any trainee on the basis of race, color, creed, national origin, religion, or sex.

8. Neither party will use the name of the other party's institution in publicity or media advertising without the express written consent of such institution; however, the existence and scope of the programs under this agreement may be made known to trainees.

9. In accordance with Air Force regulation, each trainee from University will be required to sign an agreement containing the provisions of the sample Trainee Agreement attached to this agreement (Attachment 3). Each trainee from the Air Force to a University facility will be required to sign an agreement containing the provisions of the sample Trainee Agreement attached to this agreement (Attachment 4).

10. Neither the parties to this agreement nor their trainees will publish any materials developed as the result of their clinical experience until such publication has been approved for release, in writing, by Air Force and University. For training programs under the agreement which occur at the clinical facilities of the respective parties to this agreement,
the institution at whose facilities the program is taking place will:

a. Make available the reasonable clinical and related facilities needed for training under this agreement. The extent and scope of facilities allowed will be discussed between the parties to this agreement; however, the ultimate determination of the scope and extent of facilities made available will be within the sole discretion of the owning institution.

b. Arrange schedules that will not conflict with the orderly operation of the institution.

c. Designate an official to coordinate the trainees' clinical learning experience. This will involve planning with faculty or staff members for the assignment of trainees to specific clinical cases and experiences, including their attendance at selected conferences, clinics, courses, and programs.

d. Permit, on reasonable request, the inspection of clinical and related facilities by agencies charged with the responsibility for accreditation of Air Force or University.

e. Provide emergency medical and dental treatment to trainees for emergency medical conditions arising during training. The cost of such treatment will be assessed in accordance with the rendering institution's applicable rules and regulations, and will be paid for by the trainee or his respective institution.

f. Arrange the necessary access to the clinical facilities, including necessary parking or base permits, and including access to dining facilities to be used at the trainee's own expense.

II. Each party to the agreement agrees to:

a. Provide and maintain necessary personnel records and reports for its trainees.

b. Require its trainees and faculty who operate an automobile to maintain the minimum statutory requirements of local and state law and Air Force regulation on automobile liability insurance when driving on Air Force installation.
c. Be responsible for health examinations and other medical examinations or protective measures necessary for trainees involved in programs under this agreement.

12. It is agreed that Air Force members participating under the terms of this agreement at University are Air Force employees acting within the scope of their employment. As such, liability for personal injury or property damage resulting from the negligence of such Air Force employees shall be governed by the Federal Tort Claims Act.

13. University shall, to the extent authorized under the constitution and laws of the State of Texas, indemnify and hold Air Force harmless from University's liability producing acts or omissions during participation under this agreement.

14. University agrees to provide liability insurance coverage, including professional liability (malpractice) coverage, covering liability for personal injury or property damage, including expenses of defense of any such liability claims or actions resulting from liability producing acts or omissions by the trainees or faculty from University under this agreement. University represents that all such liability insurance coverage for the faculty and trainees of University are listed on Attachment 1 hereto, which is incorporated herein by reference. It is expressly agreed by Air Force and the University that any provision in University's Professional Medical Malpractice Self Insurance Plan which excludes coverage for any assumption of liability or indemnity obligation under a contract or agreement shall not be deemed to affect or exclude the insurance coverages listed in Attachment 1 hereto from applying to University trainees or faculty participating under the terms of this agreement. University agrees that if it intends to change such liability insurance coverage (including without limitation increasing or decreasing the amounts of such coverage) after the effective date of this agreement, that University will notify Air Force in writing, at least forty-five days prior to the effective date of the change, of the specific changes intended to be made.

15. It is expressly agreed that this written agreement embodies the entire agreement of the parties regarding this affiliation, and no other agreement exist between the parties except as herein expressly set forth. The terms of this agreement will commence as of June 13, 1985

(Date)

and will continue until terminated as provided below. Termination by either party will require that written
notification be sent by registered mail 30 days prior to the termination date. It is understood and agreed that the Surgeon General, Headquarters USAF, shall have the discretion to terminate this training affiliation agreement at any time if he or she deems it necessary in the interest of the mission of the Air Force. After this agreement has continued in force for a period of three years, it will be reviewed for compliance with existing Air Force policy, in accordance with Air Force regulation.

RECESS FOR COMMITTEE MEETINGS AND COMMITTEE REPORTS TO THE BOARD.--At 9:40 a.m., the Board recessed for the meetings of the Standing Committees and Chairman Beecher announced that at the conclusion of each committee meeting, the Board would reconvene to approve the report and recommendations of that committee.

The meetings of the Standing Committees were conducted in open session and the reports and recommendations of those committees are set forth on the following pages.
REPORT OF EXECUTIVE COMMITTEE (Pages iii - 118).--In compliance with Section 7.14 of Chapter I of Part One of the Regents' Rules and Regulations, Chairman Beecher reported to the Board for ratification and approval all actions taken by the Executive Committee since the last meeting. Unless otherwise indicated, the recommendations of the Executive Committee were in all things approved as set forth below:

1. U. T. Austin - Brackenridge Tract: Establishment of the Brackenridge Tract Fund; Authorization to Purchase Real Property Located at 2504 Lake Austin Boulevard, Austin, Travis County, Texas; and Approval to Transfer Brackenridge Tract Funds to Purchase Additional Real Estate (Exec. Com. Letter 90-13).--Upon recommendation of the Executive Committee, the Board:

a. Established the Brackenridge Tract Fund as a quasi-endowment at The University of Texas at Austin by transferring an initial amount of $110,000 from the current Brackenridge Tract income account.

This quasi-endowment fund will be used to acquire parcels of land within the bounds or adjacent to University-owned land which will increase the overall value of the Brackenridge Tract while generating a prudent investment return for U. T. Austin.

b. Authorized the purchase of real property located at 2504 Lake Austin Boulevard, Austin, Travis County, Texas, for $104,750, plus closing costs.

The acquisition of this property will be the initial investment for the Brackenridge Tract Fund.

c. Authorized the transfer of other Brackenridge Tract funds as necessary to purchase additional real estate within the Brackenridge Tract upon the recommendation of President Cunningham and approval by the Executive Vice Chancellor for Academic Affairs, the Executive Vice Chancellor for Asset Management, and the Executive Director for Lands and Endowment Real Estate.

2. U. T. Austin - Communications Building "B" - Replacement of Exterior Metal Panels and Reroofing: Authorization for Project; Appointment of Wiss, Janney, Elstner Associates, Inc., Irving, Texas, as Project Engineer to Prepare Final Plans; Submission to the Coordinating Board; Authorization to Advertise for Bids and for Executive Committee to Award Contract; and Appropriation Therefor (Exec. Com. Letter 90-10).--In 1979, The University of Texas at Austin Physical Plant Department detected a corrosion and deterioration problem with the exterior weathering steel panels which form the facade of the top six floors of the Communications Building "B," originally completed in 1973. Subsequently, between 1980 and 1984 several separate investigations of the problem were performed by U. T. Austin Physical Plant, the U. T. System Office of Facilities Planning and Construction,
U. S. Steel Corporation (manufacturer of the sheet steel stock), and Ford, Powell, and Carson, Architects and Planners (Project Architect for the design and construction of the building). These investigations established the necessity for eventual panel replacement.

In April 1989, the engineering firm of Wiss, Janney, Elstner Associates, Inc. (Wiss, Janney), Irving, Texas, was retained by U. T. Austin to conduct an in-depth evaluation of the current condition of the panels. The major emphasis of this evaluation was to assess the potential hazard to persons and property on the ground below. In their report of May 26, 1989, Wiss, Janney recommended that the building facade be reclad with new panels within the next 18 to 24 months. It was determined that the corrosion is occurring at the inside surface of the panels and has progressed to the extent that the steel is no longer structurally stable.

In accordance therewith, the Board, upon recommendation of the Executive Committee:

a. Authorized a project for the replacement of the exterior metal panels on all facades and reroofing of the Communications Building "B" at U. T. Austin at a preliminary estimated total project cost of $3,000,000.

b. Appointed the firm of Wiss, Janney, Elstner Associates, Inc., Irving, Texas, as Project Engineer to prepare final plans and specifications and a detailed cost estimate. The cost estimate will be reported to the U. T. Board of Regents when it has been completed.

c. Authorized submission of the project to the Texas Higher Education Coordinating Board.

d. Authorized the Office of Facilities Planning and Construction to advertise for bids upon completion of final review of the construction contract documents.

e. Authorized the Executive Committee to award a construction contract within the estimated total project cost.

f. Appropriated $3,000,000 from U. T. Austin General Fee Balances for total project funding.

A project to correct the problem at an originally estimated project cost of $1,000,000 was included in the Capital Improvement Program approved by the U. T. Board of Regents in June 1989. At that time, the planning schedule indicated the work would begin in July 1991. However, based upon the study made by Wiss, Janney in April 1989, the speculative total project cost estimate is now $2.5 to $3.0 million, including the roof. These actions will amend the 6-year Capital Improvement Program and the FY 1990 Capital Budget.
3. U. T. Austin - Research/Laboratory Facility at the Permian Basin Center for Energy and Economic Diversification (Project No. 102-96): Award of Contracts for Furniture and Furnishings to Office Pavilion Corporate Furnishings Austin, Austin, Texas; G. Madison Co., Dallas, Texas; Office Pavilion Corporate Furnishings San Antonio, San Antonio, Texas; Educational & Institutional Cooperative Service, Inc., Dallas, Texas; CDM Contract Furnishings, Inc., Austin, Texas; and Rockford Business Interiors, Austin, Texas (Exec. Com. Letter 96-II).--The Board, upon recommendation of the Executive Committee, awarded contracts for furniture and furnishings for The University of Texas at Austin Research/Laboratory Facility at the Permian Basin Center for Energy and Economic Diversification to the following lowest responsible bidders:

REPORT AND RECOMMENDATIONS OF THE PERSONNEL AND AUDIT COMMITTEE (Pages 119 - 120).--Committee Chairman Roden reported that the Personnel and Audit Committee had met in open session to consider those matters on its agenda and to formulate recommendations for the U. T. Board of Regents. Unless otherwise indicated, the actions set forth in the Minute Orders which follow were recommended by the Personnel and Audit Committee and approved in open session and without objection by the U. T. Board of Regents:

1. U. T. System Administration and U. T. Austin: Approval of Resolution Amending the List of Individuals Authorized to Negotiate, Execute, and Administer Classified Government Contracts (Managerial Group).--In order to comply with the Security Agreement of The University of Texas System with the United States Department of Defense, the Board amended the resolution adopted June 8, 1989, by updating the roster of administrative officials authorized to negotiate, execute, and administer classified government contracts to read as set forth below:

BE IT RESOLVED:

a. That those persons occupying the following positions among the officers of The University of Texas System shall be known as the Managerial Group as described in the Department of Defense Industrial Security Manual for Safeguarding Classified Information:

Hans Mark, Chancellor, Chief Executive Officer
Arthur H. Dilly, Executive Secretary to the Board of Regents
William H. Cunningham, President, U. T. Austin
Gerhard J. Fonken, Executive Vice-President and Provost, U. T. Austin
G. Charles Franklin, Vice-President for Business Affairs, U. T. Austin
Bobby C. McQuiston, Assistant Director, Office of Sponsored Projects, U. T. Austin

b. That the Chief Executive Officer and the members of the Managerial Group have been processed or will be processed for a personnel clearance for access to classified information, to the level of the facility clearance granted to the institution, as provided for in the aforementioned Industrial Security Manual, and all replacements for such positions will be similarly processed for security clearance.

c. That the said Managerial Group is hereby delegated all of the Board's duties and responsibilities pertaining to the protection of classified contracts of the Department of Defense, or User Agencies of its Industrial Security Program, awarded to the institutions of The University of Texas System.
d. That the following named members of the U. T. Board of Regents shall not require, shall not have, and can be effectively excluded from access to all classified information in the possession of The University of Texas System and do not occupy positions that would enable them to affect adversely the policies and practices of the institutions of The University of Texas System in the performance of classified contracts for the Department of Defense, or User Agencies of its Industrial Security Program, and need not be processed for a personnel clearance.

Members of the U. T. Board of Regents:

Louis A. Beecherl, Jr., Chairman
Sam Barshop, Vice-Chairman
Bill Roden, Vice-Chairman
Jack S. Blanton
Robert J. Cruikshank
Tom Loeffler
W. A. "Tex" Moncrief, Jr.
Mario E. Ramirez, M.D.
Shannon H. Ratliff

2. U. T. System and U. T. Austin: Permission for Dr. Hans Mark and Dr. William L. Fisher to Serve as Members of the Secretary of Energy Advisory Board (SEAB) of the U. S. Department of Energy [Regents' Rules and Regulations, Part One, Chapter III, Section 13, Subsections 13.(10) and 13.(11)].—Permission was granted for Dr. Hans Mark, Chancellor of The University of Texas System, and Dr. William L. Fisher, Director of The University of Texas at Austin Bureau of Economic Geology and Chairman of the Department of Geological Sciences, to serve as members of the Secretary of Energy Advisory Board (SEAB) of the U. S. Department of Energy without compensation other than reimbursement for travel and lodging expenses.

The Secretary of Energy Advisory Board consists of 30 members and was established to provide a mechanism to assist with long-range planning and the analysis of major issues and initiatives being contemplated by the U. S. Department of Energy.

The appointments of Drs. Mark and Fisher to this Board are of benefit to the State of Texas, create no conflict with their regular duties, and are in accordance with approval requirements for positions of honor, trust, or profit provided in Article 6252-9a of Vernon's Texas Civil Statutes and Part One, Chapter III, Section 13, Subsections 13.(10) and 13.(11) of the Regents' Rules and Regulations.

On behalf of the Board, Chairman Beecherl congratulated Drs. Mark and Fisher on their appointment to this Advisory Board and noted that of the two members from Texas who serve on this Board both are from the U. T. System.
REPORT AND RECOMMENDATIONS OF THE ACADEMIC AFFAIRS COMMITTEE
(Pages 121 - 132).--Committee Chairman Barshop reported that
the Academic Affairs Committee had met in open session to
consider those matters on its agenda and to formulate recom-
mandations for the U. T. Board of Regents. Unless otherwise
indicated, the actions set forth in the Minute Orders which
follow were recommended by the Academic Affairs Committee
and approved in open session and without objection by the
U. T. Board of Regents:

1. U. T. Board of Regents - Regents' Rules and Regulations,
Part One: Amendments to Chapter III, Section 24, Sub-
division 24.22 (Textbooks and Other Materials Prescribed
for the Use of Students).--In order to implement revi-
sions to the institutional dockets to delegate approval
of the use of faculty-authored materials to the chief
administrative officers of the component institutions and
and to require an annual report of approved materials to The
University of Texas System Administration, the Board
amended the Regents' Rules and Regulations, Part One,
Chapter III, Section 24, Subdivision 24.22 concerning
textbooks and other materials prescribed for the use
of students to read as follows:

Sec. 24. Textbooks and Other Materials Prescribed for
the Use of Students.

24.22 Textbooks, notebooks, manuals,
or other materials for the use
of students of a component
institution, written or pre-
pared by a member of the
faculty of that institution,
shall not be prescribed for
the use of students in that
institution or sold to such
students until such books,
notes, manuals, or materials
shall have been approved,
with reasons stated, by the
departmental faculty and the
dean or deans concerned and
by the chief administrative
officer. An annual list of
such approved materials shall
be reported to System Adminis-
tration via the appropriate
Executive Vice Chancellor
each August. The report shall
indicate the proposed prices
and profits, and the authori-
zation shall be effective only
to the end of the fiscal year
(August 31) for which such
approval has been given by
the chief administrative
officer.
2. U. T. Arlington: Approval of Rental Rates for University-Owned Residence Halls (Dormitories) and Apartments Effective with the Fall Semester 1990 (Catalog Change).--

The Board approved the rate schedule set forth below for University-owned residence halls (dormitories) and apartments at The University of Texas at Arlington effective with the Fall Semester 1990 and ordered the next appropriate catalog published at U. T. Arlington to be amended to conform to this action:

Ralph and Ruth McCullough Theatre, both located in the
Performing Arts Center (Regents' Rules and Regulations,
Part One, Chapter VIII, Section 1, Subsection 1.2, Nam-
ing of Facilities Other Than Buildings). --In accordance
with the Regents' Rules and Regulations, Part One, Chap-
ter VIII, Section 1, Subsection 1.2, relating to the
naming of facilities other than buildings, the Board
named the "green room" in the Nancy Lee and Perry Bass
Concert Hall the David Bruton, Jr. Green Room and the
Opera Lab Theatre the Ralph and Ruth McCullough Theatre,
both located in the Performing Arts Center at The Uni-
versity of Texas at Austin.

The naming of these rooms is in recognition of gifts
received from the David Bruton, Jr. Charitable Trust,
Dallas, Texas, and the Ralph H. and Ruth J. McCullough
Foundation, Houston, Texas, for addition to the Z. T.
Scott Family Endowment for the Performing Arts in the
College of Fine Arts.

lished at U. T. Austin be amended to reflect this
action.
6. **U. T. Austin: Establishment of a Student Recreational Sports Fee Effective with the Fall Semester 1990 (Catalog Change).** The Board, upon recommendation of the Academic Affairs Committee, established a Student Recreational Sports Fee at The University of Texas at Austin effective with the Fall Semester 1990 to be assessed at the rate of $20.00 per semester or 12-week summer session and $10.00 per six-week summer session for funding the recreational sports facility as authorized by the Texas Education Code, Section 54.510.

This fee was authorized by the 69th Legislature to support funding of a recreational sports facility scheduled to open in the Fall Semester 1990. The proceeds from the fee are to be used only for "...financing, constructing, operating, maintaining, and improving recreational sports facilities and programs at the university."

The next appropriate catalog published at U. T. Austin will be amended to conform to this action.

7. **U. T. Austin: Approval to Increase the Compulsory Student Services Fee Effective with the Fall Semester 1990 (Catalog Change).** In order to respond to programmatic changes and to support salary increases, approval was given to increase the Compulsory Student Services Fee at The University of Texas at Austin from $94.36 to $97.68 per semester or summer session for a student taking twelve or more semester credit hours effective with the Fall Semester 1990.

This fee is comprised of two components: (a) an increase in the compulsory fee for operation of the Student Health Center from $40.60 to $42.24 per semester or summer session for all students, and (b) an increase from $4.48 per semester credit hour to $4.62 per semester credit hour for a maximum charge of $55.44 for a student taking twelve or more credit hours of course work per semester or summer session for other services or agencies funded in part or totally from the Student Services Fee.

It was ordered that the next catalog published at U. T. Austin be amended to reflect this action.

8. **U. T. Austin: Authorization to Establish Differential Graduate Tuition Rates for the School of Architecture and the College of Engineering and Approval to Increase the Differential Tuition Rates for the School of Law Effective with the Fall Semester 1990 (Catalog Change).** Upon recommendation of the Academic Affairs Committee, the Board established differential graduate tuition rates for the School of Architecture and the College of Engineering and approved increases in the per semester credit hour tuition charges for the School of Law at The University of Texas at Austin effective with the Fall Semester 1990 as set forth on Page 127.

*Dollars per semester credit hour of registration.

Priority uses of the additional funds derived from all differential tuition charges are to provide scholarship assistance to students who could not otherwise meet new tuition costs and for faculty salaries or other academic program needs in the school or college from which the revenues are generated.

It was ordered that the next appropriate catalog published at U. T. Austin be amended to conform to this action.

9. U. T. Dallas: Approval to Increase the Compulsory Student Services Fee Effective with the Fall Semester 1990 (Catalog Change).--Committee Chairman Barshop reported that there was a recommendation before the Board to increase the Compulsory Student Services Fee at The University of Texas at Dallas from $7.50 per semester credit hour to $10.00 per semester credit hour with a maximum of $90.00 per semester or $60.00 per eight-week summer session effective with the Fall Semester 1990.

Mr. Barshop stated that the Student Life Committee at U. T. Dallas serves as the Student Services Fee Advisory Committee and does not endorse the recommendation by President Rutford. In accordance with provisions of the Regents' Rules and Regulations and the Texas Education Code, representatives of the Student Life Committee had requested an opportunity to make a presentation to the Board, and copies of that request had been shared with all members of the Board.

Committee Chairman Barshop then called on President Rutford to summarize the facts and introduce the students for their comments. Dr. Rutford pointed out that enrollment growth since 1984 has led to staffing and programming deficiencies with available revenues not allowing for new or expanded programming and services or permitting the accumulation of adequate operating reserves. In addition, the enrollment of freshmen and sophomores beginning in the Fall Semester 1990 will require additional staff and programs. Although lower division students will also pay the fee, the revenue from that source at the existing rate would not be sufficient to fund needed services.

President Rutford introduced Ms. Debbie Miller, Mr. Bryan Neal, and Mr. James Grant of the U. T. Dallas Student Life Committee. Ms. Miller thanked the Board
for giving the students the opportunity to discuss the fee increase and indicated this subject is not only an important issue at U. T. Dallas but that all schools in The University of Texas System are very interested in this matter. She pointed out that the Committee which is in disagreement with Dr. Rutford's recommendation is made up of seven students and five faculty members and noted that her letter of March 30, 1990, which is set out on Pages 129 - 131, was more detailed than her presentation. Ms. Miller reiterated that the two issues of disagreement are the level and type of counseling center services and support of the Office of Vice President for Administration and Student Affairs. She emphasized that the students feel that if they were not paying for the Vice President's Office and extravagant counseling center services they would have plenty of funds. The students supported the admission of lower division students but do not think at this time that all students should be asked to pay an increase.

Dr. Rutford reported that some student services fee money had been used to support the Office of Vice President for Administration and Student Affairs, and the Administration is in the process of reviewing funding for all student activities on campus.

Following a detailed discussion, Committee Chairman Barshop thanked the students for a thoughtful and important presentation. He noted that although the Academic Affairs Committee was prepared to recommend approval of the Administration's recommendation to increase the per credit hour student fee, the Committee would take note of President Rutford's commitment to shift some personnel costs to other fund sources in the future to address concerns expressed by the Student Life Committee. Mr. Barshop emphasized that Executive Vice Chancellor for Academic Affairs Duncan and President Rutford will carefully consider the concerns of the Committee during preparation of the 1990-91 and subsequent operating budget recommendations and make any adjustments possible within available resources. There being no objection, the Board approved the recommendation of the Academic Affairs Committee.

The next appropriate catalog published at U. T. Dallas will be amended to reflect this action.

Board of Regents
The University of Texas System
Attention: Arthur H. Dilly
Executive Secretary to the Board of Regents
201 West 7th Street, ASH 820
Austin, Texas 78701

Dear Mr. Dilly:

The Student Life Committee of the University of Texas at Dallas requests to be placed on the Regents' agenda for the April 12 meeting. Bryan Neal and I have been designated as representatives to address our committee's concerns to the Regents.

The committee believes the recommended raise in student service fees is directly correlated to the budget. We voted to accept a substantial portion of Dr. Rutford's recommended student service fee budget for the fiscal year 1991 with the exceptions of the Office of Vice President of Administration and Student Affairs, the Counseling Center, and Special Projects. The committee noted other areas of the budget which need to be addressed in the future, such as student service fee's funding of library hours. However, we realize this must be a gradual process of returning the use of student service fees to non-academic and non-administrative areas.

The committee also voted not to approve the recommended student service fee increase believing the increase is neither appropriate or necessary. We are concerned that if a fee increase were approved at the present time, the income generated by this increase would be used in administrative or academic areas should state funding not be sufficient for the university budget as proposed by Dr. Rutford. Dr. Beadle indicated to the committee an increase in service fees is necessary due to the lack of an adequate projected unexpended balance at year end in the service fee account. If the budget were accepted as proposed by our committee, the student service fee account would have an unexpended balance. Dr. Rutford's memo stated an increase in fees is necessary due to the incoming freshman. While the legislature and coordinating board were considering the proposal to add freshmen and sophomores to our university, students and
faculty were given the impression that private monies would be available for this expansion, and the expansion would not be a direct cost to current students. Now that the expansion has been approved, current students are being asked to pay additional fees for services for the modest number of projected incoming freshmen.

The committee believes that while our student service fees are funding areas not traditionally funded through this source, we cannot ask our students to pay a fee increase. When the position of Vice President of Administration and Student Affairs was added at our university, there was concern that this position should not be funded from student service fees. Continuously, the Student Life Committee has addressed concern over funding an office of the level of vice president with student service fees. Until this office is completely removed from student service fees, we cannot ask students to pay additional fees.

We are very much aware of the need to work within a conservative, well-managed budget. In recognition of this need, the committee recommended a reduction in the funding of the counseling center. The counseling center is funded extravagantly, and we would like to have a center which offers basic services and excludes such services as bio-feedback and hypnosis.

The minutes of last year's committee state: "An additional concern is about the large size of the Counseling Center budget given the modest number of students being served." A memo from Dr. Rutford, dated June 7, 1989, stated an external review of the counseling center would be conducted. To our knowledge, this review has not been done; the Student Life Committee has certainly received no information of this review, and again, we are concerned about the excessive funding serving a small number of students. This year's committee reiterated that concern by recommending a reduction of 31.7% in the budget of the counseling center.

The committee has demonstrated its desire to work within a conservative budget by not approving the following special projects which students have requested: a campus outside basketball court, a weight room, a computer bulletin board service, and Valhalla Scientific (wellness/fitness) equipment. While we agree that we would like to have these items available for our student body, the economics of our budget preclude our approval.

Representatives of the Student Life Committee met with Dr. Rutford to make the committee's recommendations known and to support our recommendations with our reasoning. At this meeting, Dr. Rutford stated that fees would not be raised at this time and that he would respond to us regarding the other budget items. Dr. Rutford's response of March 5 and 6 was disheartening because
he has recommended an increase in student service fees to the Regents and rejected the committee's recommendations regarding the funding of an administrative office at the level of vice president and our desire to the moderate approach to our counseling center.

We request an opportunity to address these issues to the Regents at their April 12 meeting.

Sincerely,

Debbie Miller  
Representative  
Student Life Committee

10. U. T. Pan American: Authorization to Grant a Third-Year Leave of Absence Without Pay to Dr. Manuel Lopez for the 1990-91 Fiscal Year (Part One, Chapter III, Section 16, Subsection 16.4 of the Regents' Rules and Regulations).--In accordance with Part One, Chapter III, Section 16, Subsection 16.4 of the Regents' Rules and Regulations, the Board granted a third-year leave of absence, without pay, to Dr. Manuel Lopez, Associate Professor, Department of Sociology, College of Arts and Sciences at The University of Texas - Pan American, for the 1990-91 fiscal year.

Dr. Lopez has been on leave for the past two years to serve at the University of Wisconsin System to restructure its library network. The policy analysis and program evaluation have been completed, and the project has recently moved to the institutional research stage. Completion of the project will broaden Dr. Lopez' skills as a social scientist and enhance his effectiveness upon his return to U. T. Pan American.
REPORT AND RECOMMENDATIONS OF THE HEALTH AFFAIRS COMMITTEE
(Pages 133 - 214).—Committee Chairman Blanton reported
that the Health Affairs Committee had met in open session to
consider those items on its agenda and to formulate recom-
mendations for the U. T. Board of Regents. Unless otherwise
indicated, the actions set forth in the Minute Orders which
follow were recommended by the Health Affairs Committee and
approved in open session and without objection by the U. T.
Board of Regents:

1. U. T. Southwestern Medical Center - Dallas: Appoint-
ment of Robert W. McKenna, M.D., Initial Holder of the
John H. Childers, M. D. Professorship in Pathology Effec-
tive Immediately.—The Board approved the appointment of
Robert W. McKenna, M.D., Professor of Pathology and Act-
ing Chairman of the Department of Pathology, as initial
holder of the John H. Childers, M.D. Professorship in
Pathology at The University of Texas Southwestern Medi-
cal Center at Dallas effective immediately.

2. U. T. Medical Branch - Galveston: Dr. James C. Lee
Appointed Initial Holder of The Robert A. Welch Dis-
tinguished Chair in Chemistry Effective July 1, 1990.—
Upon recommendation of the Health Affairs Committee,
the Board appointed Dr. James C. Lee, Professor in the
Department of Human Biological Chemistry and Genetics,
as initial holder of The Robert A. Welch Distinguished
Chair in Chemistry at The University of Texas Medical
Branch at Galveston effective July 1, 1990.

See Page 233 related to the redesignation of this
Chair.

3. U. T. Medical Branch - Galveston: Permission for
Walter J. Meyer III, M.D., to Serve on the Interagency
Council on Sex Offender Treatment [Regents' Rules and
Regulations, Part One, Chapter III, Section 13, Subsec-
tions 13.(10) and 13.(11)].—Permission was granted for
Walter J. Meyer III, M.D., Professor of Psychiatry and
Behavioral Sciences at The University of Texas Medical
Branch at Galveston, to serve on the Interagency Coun-
cil on Sex Offender Treatment for a five-year term to
expire February 1, 1995. His service in this capacity
will be without remuneration.

Dr. Meyer's appointment to this Council by Governor
Clements is of benefit to the State of Texas, creates
no conflict with his regular duties at the U. T. Med-
ical Branch - Galveston, and is in accordance with
approval requirements for positions of honor, trust,
or profit provided in Article 6252-9a of Vernon's
Texas Civil Statutes and Part One, Chapter III, Sec-
tion 13, Subsections 13.(10) and 13.(11) of the
Regents' Rules and Regulations.
4. U. T. Health Science Center - Houston: Approval of the
(a) Agreement of Sub-Affiliation with Affiliated Medical
Services (AMS), a Texas Nonprofit Corporation, for the
Provision of Professional Services to the Harris County
Hospital District (HCHD) and (b) Clarification Agreement
Related to the Role of the U. T. Board of Regents.--The
Board, upon recommendation of the Health Affairs Commit-
tee:

a. Approved the terms and conditions of the
Agreement of Sub-Affiliation set out on
Pages 135 - 211 by and between the Board
of Regents of The University of Texas
System, for and on behalf of The Univer-
sity of Texas Health Science Center at
Houston, and Affiliated Medical Services
(AMS), a Texas nonprofit corporation

b. Approved the terms of the Clarification
Agreement set out on Pages 212 - 213.

At the December 1986 meeting, the U. T. Board of Regents
entered into an Agreement of Preliminary Understanding
with Baylor College of Medicine (BCM), Houston, Texas,
in which it agreed that Baylor College of Medicine and
the U. T. Health Science Center - Houston would become
the sole members of Affiliated Medical Services (AMS), a
nonprofit corporation, whose purpose would be to subcon-
tact for and provide and coordinate health care to the
patients of the hospitals and neighborhood clinics of
the Harris County Hospital District (HCHD).

Since that time, AMS has incorporated and its Board has
negotiated an affiliation agreement with the HCHD to
provide, through its subcontractors, BCM and the U. T.
Health Science Center - Houston professional services
to the patients of HCHD as well as education and train-
ing for medical students, interns, residents, fellows,
and other health and hospital personnel of its subcon-
tractors (Exhibit A to the Agreement of Sub-Affiliation).
Thus, the U. T. Health Science Center - Houston will
assume the relevant share of patient care duties and
services imposed by AMS.

The Clarification Agreement among the U. T. Health
Science Center - Houston, the U. T. Medical School -
Houston, BCM, and AMS specifies that the U. T. Board of
Regents has been and is acting through the U. T. Health
Science Center - Houston for and on behalf of the U. T.
Medical School - Houston in entering into and approving
agreements concerning AMS. Section 61.003 of the
Texas Education Code defines the U. T. Medical School -
Houston as a "medical or dental unit," but the U. T.
Health Science Center - Houston as an entity is not so
defined. The U. T. Health Science Center - Houston is
the party mentioned in all the AMS agreements approved
by the U. T. Board of Regents. In order to insure com-
pliance with Chapter 312 of the Health and Safety Code
and to eliminate any doubt concerning the validity of
those agreements which authorize the formation of enti-
ties such as AMS and enables them, medical schools, and
public hospitals to contract with each other, the
parties have entered into a Clarification Agreement to
indicate the intent of the U. T. Board of Regents to act
on behalf of the U. T. Medical School - Houston in all
matters concerning AMS.
AGREEMENT OF SUB-AFFILIATION BETWEEN
AFFILIATED MEDICAL SERVICES
and
THE BOARD OF REGENTS OF THE
UNIVERSITY OF TEXAS SYSTEM

THIS AGREEMENT of Sub-Affiliation ("Agreement") is made and
entered into by and between Affiliated Medical Services, a Texas
nonprofit corporation ("AMS"), and the Board of Regents ("UT Board
of Regents") of The University of Texas System ("UTS") which is
authorized and acting for and on behalf of The University of Texas
Medical School at Houston through The University of Texas Health
Science Center at Houston ("UTHSCH"), a component institution of
UTS.

WITNESS ETH:

WHEREAS, UTHSCH has a medical school which, incident to its
educational and medical training programs, requires access for its
faculty, residents, fellows, and other health care professionals
to hospitals and other health care facilities; and

WHEREAS, AMS is entering into an Agreement of Affiliation with
the Harris County Hospital District, a political subdivision
organized under the laws of the State of Texas (the "District"),
copy of which is attached hereto as Exhibit A (the "Affiliation
Agreement"); and

WHEREAS, pursuant to the Affiliation Agreement, AMS is
required to supply the District with the services of qualified
physicians, House Staff and other health care professionals
("Providers") from UTHSCH and Baylor College of Medicine ("Baylor")
to provide professional services to patients of the District's Hospitals and Community Health Centers; and

WHEREAS, in order to obtain access for UTHSCH's faculty, residents, fellows, and other health care professionals to the District's Hospitals and Community Health Centers to further UTHSCH's educational and medical training programs, UTHSCH has agreed to provide AMS with the services of certain of its faculty, residents, fellows, and other health care professionals to fulfill, in part, the obligations of AMS to the District under the Affiliation Agreement, all pursuant to the terms hereof and the terms of the Affiliation Agreement;

NOW, THEREFORE, for and in consideration of the promises, and the mutual covenants hereinafter set forth and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, UTHSCH and AMS hereby agree as follows:

1. Division of Patient Care Services. AMS shall annually decide in writing, at or prior to the time AMS and the District agree on the Contract Amount to be received by AMS pursuant to Paragraph 6 of the Affiliation Agreement, the percentage and distribution of the total patient care services needed by the District which shall be provided by UTHSCH Providers. Such distribution shall be prepared by the General Director of AMS and be approved by the AMS Board. It shall include the number and categories of Providers needed from UTHSCH and those Hospitals and Community Health Centers where
they will be located and shall be attached each year to this Agreement as Exhibit B - 1990, through Exhibit B - 2010.

2. Provision of Services. UTHSCH agrees that it will provide the UTHSCH Providers as set forth in the relevant Exhibit B.

3. Incorporation by Reference and Assumption of Duties. The terms and provisions of the Affiliation Agreement are hereby incorporated by reference into this Agreement and UTHSCH hereby assumes the duties imposed on AMS in the Affiliation Agreement with respect to UTHSCH and those services to be performed by UTHSCH Providers pursuant to the Affiliation Agreement. No amendment to the Affiliation Agreement shall be binding upon UTHSCH or with respect to the services to be provided by the UTHSCH Providers hereunder unless approved in writing by UTHSCH.

4. Annual Subcontract Amount. AMS and UTHSCH agree that the percentage of the Contract Amount that UTHSCH will receive from AMS will be determined annually, in writing, by AMS at or prior to the time AMS and the District agree on the Contract Amount to be received by AMS pursuant to Paragraph 6 of the Affiliation Agreement.

Such percentage of the Contract Amount shall be based on the calculation of the final distribution of patient care services set forth in the relevant Exhibit B and shall reflect those patient care services supplied by AMS to the District which are provided by the UTHSCH Providers. In the
event that, at the time AMS and the District are ready to agree on the Contract Amount, AMS and UTHSCH have not agreed on the annual percentage of the Contract Amount to be paid to UTHSCH, the Deans of UTHSCH and Baylor shall finally determine such percentage in writing prior to the time AMS and the District agree on the Contract Amount. In the event that the services to be rendered by Baylor and UTHSCH Providers materially change during a Contract Year, the percentage will be adjusted accordingly by AMS as of the date of such change or changes.

5. Fees. As consideration for the services provided by UTHSCH, AMS shall pay UTHSCH a monthly fee equal to (a) an amount allocated to UTHSCH to cover its costs for insuring its House Staff (consistent with the amount provided therefor in the Contract Amount and received by AMS), (b) an amount allocated to UTHSCH to cover its costs for insuring its Providers (other than House Staff, consistent with the amount provided therefor in the Contract Amount and received by AMS), (c) an amount allocated to UTHSCH for services with regard to the Community Health Centers commensurate with the services rendered, (d) an amount allocated to UTHSCH for services with regard to the Thomas Street Clinic commensurate with the services rendered, and (e) its percentage (determined in accordance with Paragraph 4 hereof) of the Contract Amount (after taking into account amounts paid to UTHSCH and Baylor pursuant to (a), (b), (c), and (d) hereof) times the payment
received by AMS (after taking into account amounts paid to
UTHSCH pursuant to (a), (b), (c), and (d) hereof); or an added
or lesser amount, based on actual services rendered, as
determined by the General Director of AMS and agreed to by the
Deans of UTHSCH and Baylor.

The method of allocation described above shall be
reviewed and approved by AMS and UTHSCH.

6. Allocation of Revenues from Physician Services
Billing. Any net revenues available to AMS which are the
result of billing for physician services provided by UTHSCH
physicians shall be returned to UTHSCH for use in accordance
with Paragraph 6.4 of the Affiliation Agreement.

7. Term. This Agreement shall be effective on July 1,
1990 and shall continue in full force and effect until June
30, 2010.

8. Termination. In the event that the Affiliation
Agreement is terminated for any reason, either party may
terminate this Agreement (without prejudice to UTHSCH of its
right to be compensated through the date of termination for
services rendered under this Agreement through such date) on
ten (10) days prior written notice to the other party.

9. Amendments. This Agreement may be amended only by
a written instrument duly authorized for execution by the
governing boards of the respective parties hereto.

10. Assignability. This Agreement may not be assigned
by either party hereto without the express written consent of
the other party.
11. Defined Terms. Defined terms herein shall have the meanings ascribed to them in the Affiliation Agreement unless provided to the contrary herein.

12. AMS Expenses. Upon request from AMS, UTHSCCH shall promptly reimburse AMS for its share of AMS' unreimbursed costs based upon the percentage determined from time to time in accordance with Paragraph 4 hereof.

IN WITNESS WHEREOF, this Agreement has been executed in counterpart originals, each of which shall be deemed an original but all of which shall constitute one and the same document, on behalf of the parties hereto on the respective dates set forth on the signature lines hereof.

AGREEMENT OF AFFILIATION

This AGREEMENT made and entered into by and between the Harris County Hospital District, a political subdivision organized under the laws of the State of Texas, and Affiliated Medical Services, a nonprofit corporation organized under the laws of the State of Texas.

WITNESSETH:

WHEREAS, the District is the owner and operator of the new Ben Taub General Hospital, the Lyndon B. Johnson General Hospital, the Quentin Mease Community Hospital, and the Community Health Centers, situated in Harris County, Texas, providing medical and hospital care to the indigent ill of Harris County, Texas; and

WHEREAS, AMS is a coordinating entity for the provision of education and patient care created pursuant to Tex. Health & Safety Code Ann., Ch. 678, Sections 312.001-312.007 whose members are Baylor College of Medicine and The University of Texas Health Science Center at Houston, a component member of The University of Texas System; and
WHEREAS, the District and AMS and its Subcontractors have certain objectives in common, namely (a) the advancement of medical service through quality professional care of patients, (b) the education and training of medical students, interns, residents, and fellows and other health and hospital personnel, (c) the advancement of medical knowledge through research, and (d) the promotion of personal and community health; and

WHEREAS, the objectives of the District and AMS and its Subcontractors can best be accomplished through affiliated and cooperative operations, and AMS proposes to effectuate such operations by entering into this Agreement with the District to provide medical services to the patients of the District by entering into subcontracts with the Subcontractors whereby members of the faculty, residents, fellows and other health care professionals affiliated with the Subcontractors will be made available to perform such services incident to the educational and medical training programs of such institutions under the supervision of AMS as coordinator of such programs; and

WHEREAS, it is mutually recognized that the primary function of the District is the provision of quality patient care for the citizens of Harris County; and
WHEREAS, it is the desire of both parties and it is for the
benefit of the citizens of Harris County that the Hospitals and
Community Health Centers maintain quality programs of medical
education both for graduate students and for undergraduate
medical students in order that the District, AMS and its Subcon-
tractors may all accomplish their objectives in a larger measure;
and

WHEREAS, the parties hereto recognize that the Subcontrac-
tors will continue, as in the past, to operate quality medical
schools and shall retain all jurisdictional powers incident to
separate ownership and operation, including, but not limited to,
the power to determine the general and fiscal policies and to
appoint administrative, faculty and other personnel;

NOW, THEREFORE, for and in consideration of the premises and
in further consideration of the matters hereinafter set forth,
the District and AMS do hereby stipulate and agree as follows:

1. DEFINITIONS.

For purposes of this Agreement, the following terms shall
have the meanings ascribed thereto unless otherwise clearly
required by the context in which such term is used.
1.1 Agreement. The term "Agreement" shall mean this AGREEMENT OF AFFILIATION and any amendment(s) thereto as may be from time to time adopted as hereinafter provided.

1.2 AMS. The term "AMS" shall mean Affiliated Medical Services, a Texas nonprofit corporation.

1.3 Board of AMS. The term "Board of AMS" shall mean the governing board of AMS, as provided for by the Bylaws of AMS.

1.4 Board of Managers. The term "Board of Managers" shall mean the governing board of the District, as provided for by State law and the Bylaws of the District Board of Managers.

1.5 Community Health Centers. The term "Community Health Centers" shall mean the network of clinics operated by the District as part of the District's community health programs currently including the Acres Home Clinic, Baytown Clinic, Casa de Amigos Clinic, Martin Luther King Clinic, Ripley Clinic, Settegast Clinic, Bordersville Clinic, El Centre Clinic, Strawberry Clinic, Thomas Street Clinic (medical specialty clinic), and West End Clinic, located in Harris County, Texas.

1.6 Contract Amount. The term "Contract Amount" shall mean the annual total maximum payment from the District to AMS for
Provider coverage and services furnished hereunder as determined pursuant to Paragraph 6 hereof.

1.7 Contract Year. The term "Contract Year" shall mean each twelve (12) month period during the Term of this Agreement coinciding with the District's Fiscal Year; provided; however, the initial Contract Year shall be for a nine (9) month period commencing July 1, 1990, and ending March 31, 1991.

1.8 District. The term the "District" shall mean the Harris County Hospital District, a political subdivision organized under the laws of the State.

1.9 District Administrator. The term "District Administrator" shall mean the individual serving in the position currently entitled President/Chief Executive Officer/Chief Administrator of the District or the District Administrator's designee(s).

1.10 Fiscal Year. The term "Fiscal Year" shall mean the fiscal year of the District, currently April 1 - March 31.

1.11 General Director of AMS. The term "General Director of AMS" shall mean a physician duly licensed in the State, serving
as the chief executive officer of AMS, as provided for by the Bylaws of AMS.

1.12 Hospitals. The term "Hospitals" shall mean the hospital facilities operated by the District known as the new Ben Taub General Hospital, the Lyndon B. Johnson General Hospital, and the Quentin Mease Community Hospital, located in Houston, Harris County, Texas.

1.13 House Staff. The term "House Staff" shall mean the physicians-in-training (including interns, residents, and fellows) affiliated with Subcontractors and assigned by Subcontractors to AMS to further their medical education via the provision of medical services to the patients of the District in the Hospitals and Community Health Centers.

1.14 Joint Conference Committee. The term "Joint Conference Committee" shall mean the Joint Conference Committee of the Board of Managers, as created by the Bylaws of the District Board of Managers, and shall include the members as from time-to-time designated by such Bylaws.

1.15 Medical Board. The term "Medical Board" shall mean the committee established by the Bylaws of the Medical and Dental
Staff of the District, with authority to exercise executive committee functions on behalf of the Medical Staff.

1.16 Medical Staff. The term "Medical Staff" shall mean the organized Medical Staff of the Hospitals and Community Health Centers or any duly constituted subdivisions thereof, as created by the Bylaws of the Medical and Dental Staff of the District.

1.17 Providers. The term "Providers" shall mean the faculty physicians, House Staff, and other health care professionals affiliated with Subcontractors and assigned to AMS to provide patient care services to the patients of the District in the Hospitals and Community Health Centers--each of which Providers must, to the extent required and as appropriate, apply for, be awarded, and maintain in good standing (a) any applicable state licensure required of such Provider and (b) membership and privileges in the Medical Staff or receive and maintain temporary privileges, as provided for by the Bylaws of the Medical and Dental Staff of the District.

1.18 Service Subcontracts. The term "Service Subcontracts" shall mean the subcontracts entered into between AMS and Subcontractors whereby Providers will be made available to perform the professional services required under the Agreement.
1.19 **State.** The term "State" shall mean the State of Texas.

1.20 **Subcontractors.** The term "Subcontractors" shall individually or collectively, as required by the context, mean Baylor College of Medicine and The University of Texas Health Science Center at Houston, a component member of The University of Texas System.

1.21 **Term.** The term "Term" shall mean the contract period provided for under this Agreement.

2. **AFFILIATION AND JURISDICTION.**

2.1 **Affiliation.** AMS and the District agree that AMS will make available Providers to the Hospitals and Community Health Centers in accordance with the terms of this Agreement.

2.2 **Separate Jurisdiction.** AMS will retain all jurisdictional powers incident to its separate operation, including, but not limited to, the power to determine its general and fiscal policies and to designate to the District the Providers to be supplied by it to provide the services required under this Agreement. Such Providers shall be supplied to AMS pursuant to the Service Subcontracts. Prior to January 15, 1990, AMS shall submit the Service Subcontracts to the District for the District's
review and approval, which approval shall not be unreasonably withheld. The District shall complete its review and shall notify AMS of its approval decision by February 15, 1990. After the District’s initial approval of the Service Subcontracts, AMS agrees that the District has the right to review and approve any material changes to such agreements, which approval shall not be unreasonably withheld.

The District shall retain for its Hospitals and Community Health Centers all jurisdictional powers incident to separate ownership and operation, including the powers to determine general and fiscal policies and to appoint its administrative officers and other personnel under the terms of this Agreement.

The Board of Managers shall retain final jurisdiction over the administration and supervision of the Hospitals and Community Health Centers and over the admission of patients to the Hospitals and the Community Health Centers and the assignment of beds therein.

3. COVENANTS OF AMS.

3.1 Provider Services and Teaching Programs. AMS shall supply Providers to the Hospitals on a daily 24-hour basis and to
the Community Health Centers, consistent with their operating hours. With respect to the Hospitals, Providers shall be available in-person (providing hands-on patient care or direct in-person supervision of other Providers or Hospital personnel), on-site (being physically present in one of the Hospitals or Community Health Centers), or on-call (being available by beeper or other approved communication system and able to arrive at the appropriate Hospital within an appropriate amount of time), as set forth in the policies provided for in Paragraph 5.1 herein.

With respect to the Community Health Centers, Providers shall be available in-person during the operating hours of the Community Health Centers.

AMS shall select as the members of the House Staff, persons recommended by the Subcontractors. The decisions regarding the extent of and the number of medical students in education programs in the Hospitals and Community Health Centers, the House Staff programs, and the research programs to be conducted under the auspices of AMS or its Subcontractors (consistent with Paragraph 5.3 herein) will be made by AMS except that no decisions which affect the budget of the District shall be made unless the District's agreement thereto is first obtained.

Through AMS, medical and other students of the Subcontractors shall have access to the Hospitals and Community Health
Centers pursuant to the rules of the District, such rules as currently exist having been furnished by the District to AMS in advance of execution of this Agreement.

AMS and its Subcontractors shall have complete control and responsibility for recruiting, hiring, training, promoting, compensating, supervising, and discharging all Providers and other personnel, including Subcontractors' medical and other students, furnished by AMS for the operation of the AMS services and programs.

3.2 Staffing of Additional Facilities. The District recognizes its responsibility to provide quality patient care to the indigent ill of Harris County, which may be accomplished by operating ambulatory care and inpatient facilities remote from or in addition to the Hospitals and Community Health Centers. If the District determines that it (1) will operate health care facilities in addition to the Hospitals and Community Health Centers that it currently operates, or (2) increase the number of licensed beds or materially increase the size or scope of services, the District will consult with AMS as to whether AMS will furnish additional Providers to staff such additional facilities or accommodate such changes. If the District begins to operate additional health care facilities or increase the number of licensed beds or materially increase the size or scope of ser-
vices during a Contract Year and AMS has agreed to furnish additional Providers to staff such facilities or accommodate such changes, the approved annual Contract Amount, and annual funding limitations as provided in Paragraphs 6.1 and 6.2 herein, shall be adjusted by mutual agreement of the parties, which shall be evidenced by a written amendment to the then current Contract Amount, to accommodate the increased costs of furnishing Provider services to be incurred by AMS. To the extent that AMS agrees to provide staffing for such facilities or to accommodate such changes, funding for the additional Providers shall be incorporated into the annual budget for subsequent years, to the extent such additional facilities or increases are to continue into such subsequent years, and any such facilities shall for future Contract Years become Hospitals or Community Health Centers as defined herein.

3.3 Medical Supervision. AMS will provide the District with qualified physicians from the faculties of the Subcontractors to supervise and direct the House Staff and other Providers in the delivery of patient care services to inpatients and outpatients of the Hospitals and the Community Health Centers. Such supervision provided pursuant hereto shall be in the form of in-person, on-site, or on-call supervision, as set forth in Section 3.1 hereof and in the policies provided for in Paragraph 5.1 herein. Supervision shall be provided on a 24 hour per day
basis at the Hospitals and at Community Health Centers as may be consistent with their operating hours.

3.4 Scheduling. Monthly schedules for the assignment of the Providers, consistent with the policies provided in Paragraph 5.1 herein, are to be provided to the District as soon as such schedules are prepared by AMS, but no later than the second working day of the month for which the schedule is applicable. AMS shall use its best efforts to provide appropriate advance notice to the District of any changes in said schedules. Further, AMS shall provide the necessary coverage to ensure that scheduled physician coverage is continued by qualified physicians despite last-minute schedule changes; provided, however, that such physician coverage may not be accomplished by assigning extra coverage responsibilities to other physicians already scheduled in the same clinic or department when the patient demand is such that the physicians already scheduled cannot reasonably provide the additional coverage required.

3.5 Organizational Requirements. AMS, being a nonprofit corporation created pursuant to the laws of the State, shall at all times be and remain (a) legally organized and operated to provide services hereunder in a manner consistent with all State and federal laws, including, without limitation, Tex. Health & Safety Code Ann., Ch. 678, Section 312.001-312.007 and V.A.T.S.
art. 4495b, as from time-to-time amended and/or codified, and
(b) organized as an organization described in Section 501(c)(3)
of the Internal Revenue Code of 1986, as amended, and exempt from
federal income tax under Section 501(a) of the Internal Revenue
Code of 1986, as amended. AMS shall promptly furnish the Dis-

triet with any amendments to its Bylaws and/or Articles of
Incorporation.

3.6 Compliance with District Eligibility Policies. AMS
acknowledges and understands the District is responsible for
determining patient eligibility and shall instruct its Subcon-
tractors and Providers to use their reasonable best efforts to
cooperate with the District in its efforts to make certain that
the District's eligibility policies are enforced.

3.7 Consultation Between the Parties. The General Director
of AMS and the District Administrator shall be available to
consult with each other on a daily basis as may be needed. In
the event the District Administrator or General Director of AMS
is unable to resolve any problem or issue with the other, either
shall have the right to have the problem or issue placed on the
agenda of the Board of AMS or Board of Managers for resolution.

3.8 Coordination of Services. Recognizing that the Dis-

triet operates several Hospitals and numerous Community Health
Centers, which will result in some duplication of efforts, AMS shall work with its Subcontractors to centralize and coordinate all services and operations so as to avoid duplication of efforts and to achieve maximum savings and maximum efficiency for the District.

3.9 Federal Access to Records and Other Reporting Requirements.

3.9.1 Access to Books and Records. Until the expiration of four (4) years after the furnishing of services pursuant to this Agreement, AMS and its Subcontractors shall make available, upon written request of the Secretary of Health and Human Services, or upon request from the Comptroller General, or any of their duly assigned representatives, pursuant to Social Security Act 1861(v)(1)(I) and 42 C.F.R. 420.300 *seq.*, this Agreement and any books, documents and records of AMS and its Subcontractors that are necessary to certify the nature and extent of the costs claimed as related to the Medicare and Medicaid programs with respect to the services provided under this Agreement.

In the event any request for AMS or Subcontractors' books, documents, and records is made pursuant to Social Security Act 1861(v)(1)(I) and 42 C.F.R. 420.300 *seq.*, AMS shall promp-
tly give notice of such request to the District and provide the
District with a copy of such request (or make available such
request to the District for copying) and, thereafter, consult and
cooperate with the District concerning the proper response to
such request. Additionally, AMS shall provide the District with
a copy of each book, document, and record made available to one
or more of the persons or agencies above or shall identify each
such book, document, and record to the District and shall grant
the District access thereto for review and copying.

3.9.2 Third Party Reporting Requirements. AMS
recognizes that the District’s Hospitals and Community Health
Centers are participants in various third-party payment programs
including, without limitation, Medicare, Medicaid, and Blue
Cross/Blue Shield. Therefore, in connection with the subject
matter of this Agreement, AMS, through its Subcontractors, agrees
to fully cooperate with the District and to provide assistance to
the end that the District will be able to meet all requirements
for participation in such third-party payment programs. Without
limiting the generality of the foregoing, AMS agrees to promptly
record for it or the District all information that is necessary
in order for the District to comply with the requirements of the
Medicare Conditions of Participation and the Medicaid State Plan
and to facilitate the District’s substantiation of its reasonable
costs or other claim for reimbursement in accordance with the
requirements applicable to the District pursuant to the Medicare, Medicaid and other third-party payment programs. Such information shall be maintained by the District except as otherwise agreed to herein or subsequently agreed to in writing by the parties.

In addition, AMS agrees to cause its Providers to timely complete physician attestation statements (as required by 42 C.F.R. Section 412.46) and patient medical records (as required by 42 C.F.R. Sections 482.22 and 482.24). Further, AMS agrees to prepare and maintain time records and written allocation agreements relating to Providers' services under this Agreement in compliance with the requirements of 42 C.F.R. 405.481(f) and (g). The form of such time records and written allocation agreements shall be determined, and may from time to time be amended, by mutual agreement of the parties. AMS, Providers, and the District agree to periodically execute interim and final written allocation agreements, which meet the requirements of 42 C.F.R. 405.481(f).

3.10 Insurance. The following insurance shall be obtained and maintained by AMS or its Subcontractors:

a) appropriate workers compensation coverage for all Providers:
b) comprehensive general liability insurance covering AMS, its Subcontractors, Providers and Subcontractors' medical and other students in such minimum amounts as are mutually agreed upon from time to time by the parties; and

c) professional liability insurance covering the Subcontractors' Providers and medical and other students on a per occurrence basis or its equivalent in amounts equal to the amounts carried by the Subcontractors for their Providers and medical and other students on December 1, 1989 or in such other amounts as are mutually agreed upon from time to time by the parties.

This insurance coverage may be obtained from commercial insurance carriers deemed acceptable by the District after consultation with AMS or it may be deemed satisfied by the showing of other financial responsibility satisfactory to the District, including: (a) evidence of statutory limitation on financial liability applicable to AMS, Subcontractors, and individual Providers; or (b) evidence of establishment of actuarially sound self-insurance programs. The District shall not be required to directly provide such insurance.
AMS or Subcontractors shall furnish the District with certificates evidencing each insurance policy and/or self-insur-
ance programs and any amendments and renewals thereto, as well as any legislative amendments to the statutory limitation on financial liability, if applicable, during the term of this Agreement.

AMS or Subcontractors shall additionally instruct and obtain the consent of any commercial insurer(s) to provide prior written notice to the District (equal to notice given to AMS or Subcontractors) of the cancellation or proposed cancellation of such commercial insurance for any cause.

3.11 Outside Activities. In order to assure the consistency and quality of patient care rendered through the Hospitals and Community Health Centers, AMS agrees that until this Agreement is terminated, AMS shall devote its full time and attention to the affairs and operations of the Hospitals and Community Health Centers and AMS shall not own, operate, or enter into contractual arrangements with any other health care entity for the provision of services, except when it is determined by the District, after consultation with AMS, that such activities do not detrimentally affect the level of services or quality of care to be provided by AMS to the Hospitals and Community Health Centers pursuant to this Agreement.
3.12 Public Contact. With regard to contact with the news media, citizens of Harris County and the State of Texas, or other governmental agencies concerning the District and the subject matter of this Agreement, AMS, its Subcontractors and Providers shall not purport to speak for the District and the District shall not purport to speak for AMS, its Subcontractors and Providers. Joint contact will be coordinated in advance between the parties and made in accordance with their respective policies. This policy shall be periodically communicated to all appropriate employees and personnel of the parties.

3.13 Subcontractors' Assent. The Service Subcontract entered into between AMS and each Subcontractor shall contain a provision incorporating this Agreement by reference as relevant to the responsibilities delegated by AMS to the Subcontractor thereunder. Execution of a Service Subcontract by a Subcontractor will reflect the Subcontractor's agreement to the terms of this Agreement as they are relevant to the responsibilities assumed by such Subcontractor. In addition to any other remedy that may be available to the District hereunder or by law, in the event of a breach of this Agreement by a Subcontractor that has been delegated a responsibility of AMS under a Service Subcontract, the District will be entitled to be subrogated to the rights of AMS under the relevant Service Subcontract.
4. COVENANTS OF DISTRICT.

4.1 Quality Patient Care. The District will operate its Hospitals and Community Health Centers in a manner and with standards consistent with quality patient care and in accordance with State and Federal law and the standards established by appropriate accrediting agencies, currently including the Joint Commission on Accreditation of Healthcare Organizations.

4.2 Appointment of Medical Staff. The Medical Staff of the Hospitals and Community Health Centers shall be composed of Providers from Subcontractors providing services under the Agreement pursuant to Service Subcontracts. Appointments and reappointments to the Medical Staff of the Hospitals and Community Health Centers operated by the District and staffed by AMS shall be made by the Board of Managers based upon the written report and recommendation of the Medical Board as such procedure is more fully provided for in the Bylaws of the Medical and Dental Staff of the District.

4.3 Medical Board. The Chairperson of the Medical Board shall be the General Director of AMS. If not otherwise a member of the Medical Board, the District Administrator and the Chiefs of Staff of the Hospitals and Community Health Centers shall serve as ex-officio members of the Medical Board. The other
members of the Medical Board shall be nominated by AMS and
approved by the Board of Managers. The Bylaws of the Medical and
Dental Staff of the District shall reflect the provisions of this
Agreement.

4.4 Chiefs of Departments. The Board of Managers, in
accordance with Paragraph 4.5 herein, shall approve appointments
for chiefs of the departments, services, or divisions of the
Medical Staff, the corresponding chairman or chiefs of service of
the departments or divisions of Subcontractors, according to need
as recommended by AMS; provided further that, upon nomination by
AMS, members of the Medical Staff who are not chairmen or chiefs
at Subcontractors' medical schools may be appointed by the Dis-
trict as chiefs or deputy chiefs of departments, services or
divisions of the Medical Staff.

4.5 Joint Conference Committee. The Joint Conference
Committee shall have monthly or such other periodic meetings as
are necessary to accomplish those responsibilities provided by
the Bylaws of the District Board of Managers including, without
limitation, (a) the maintenance of continuing dialogue between
the District and AMS and its Subcontractors to facilitate the
care of patients of the District, (b) assisting in resolving any
problems which may arise between the District and AMS and/or its
Subcontractors and (c) maintaining the quality of educational
programs of Subcontractors conducted at the Hospitals and the Community Health Centers of the District. As currently provided by the Bylaws of the District Board of Managers, the Joint Conference Committee shall include three physician members, who shall be the General Director of AMS, and the Chiefs of Staff of Ben Taub General Hospital and the Lyndon B. Johnson General Hospital. The Medical Board shall make monthly reports to the Joint Conference Committee. All appointments and reappointments for chiefs, department heads or other positions at a Hospital or Community Health Center shall first be approved by the Medical Board and then presented to the Board of Managers for its approval. Consistent with the Bylaws of the District Board of Managers, the Board of Managers may refer the matter to the Joint Conference Committee for its review and recommendation.

4.6 Office and Other Space. The District shall furnish the available separate or shared office space to those Providers designated from time to time by AMS. Common workstations and conference rooms shall be made available to other Providers in the Hospitals and, to the extent possible, at the Community Health Centers. The District will also provide classrooms and laboratories, as available, to support the educational and research programs conducted by AMS or Subcontractors in the Hospitals or Community Health Centers pursuant to this Agreement.
4.7 Parking. The District shall provide parking at the Hospitals for Providers and medical students in accordance with District policies, which shall include reserved parking for faculty physicians and House Staff.

5. MUTUAL COVENANTS.

5.1 Medical Policies. A written policy shall be prepared for each medical department or division specifying the general medical policies applicable to each medical department or division including (a) a general description of the usual and customary services, in all material respects, for each medical department or division, (b) the Provider coverage by category of Providers, and (c) the supervision of House Staff and other Providers to be furnished by AMS pursuant to Paragraph 3.3 hereof. Existing medical departments and divisions for which medical policies are to be prepared are:

- Anesthesiology
- Community Medicine
- Dermatology
- Emergency Care
- Family Practice
- Genetics
25-A-0-15

General Surgery (including surgical subspecialties)
Medicine (including subspecialties)
Neurology
Neurosurgery
Obstetrics and Gynecology
Ophthalmology
Orthopedic Surgery
Otorhinolaryngology - Head and Neck Surgery
Pathology
Pediatrics
Physical Medicine and Rehabilitation
Plastic Surgery
Psychiatry
Radiology
Urology

Additional policies shall be prepared for new medical departments and divisions and policies may be amended from time to time as necessary. All original, additional, or amended policies shall be prepared by the appropriate department. When approved by AMS, reviewed and recommended for approval to the Board of Managers by the Joint Conference Committee, and accepted by the District, said original, additional, or amended policies shall become effective upon completion of such process. Each department's original policy, as approved by AMS, shall be reviewed and

- 172 -
recommended for approval to the Board of Managers as soon as possible, but no later than 90 days prior to the commencement of the rendering of services by AMS.

5.2 Legal and Regulatory Compliance. The services performed by Providers in the operation of District's Hospitals and Community Health Centers shall be performed in a manner consistent with the rules, regulations, statutes, or standards of appropriate accrediting agencies (currently including the Joint Commission on Accreditation of Healthcare Organizations), the Department of Health and Human Services, all State, Federal and Local Governmental agencies or bodies which exercise authority over the operation of the District or its facilities and services, and all appropriate rules and regulations of District; all of the above being reasonable and necessary to maintain appropriate accreditation and third-party payment certification or, in the context of District rules and regulations, adopted in implementation thereof. AMS, with the District's cooperation, shall obtain and maintain all necessary Local, State and Federal licenses and permits required for its provision of services within the Hospitals and Community Health Centers consistent with such licensing standards.

AMS shall annually verify by notice to the District that all required accreditations and certifications for the
medical school programs of its Subcontractors are current and in
force. If any such accreditations or certifications are revoked,
suspended, or put on a provisional/probationary basis, AMS shall
immediately notify the District. With respect to any revoca-
tions or suspensions, if the reason for the revocation or suspen-
sion is the result of an act or omission of AMS, one of its
Subcontractors, or one of its Providers, AMS shall institute
corrective action as required by the appropriate licensing or
certifying agency and if the matter causing such revocation or
suspension has not been cured to the satisfaction of the appro-
priate accrediting agency within the time provided by the accred-
iting agency, the District shall have the right to terminate this
Agreement to the extent appropriate to exclude the subject matter
of the revocation or suspension from the scope of this Agreement.
With respect to being placed on provisional/probationary status,
which placement is the result of an act or omission of AMS, one
of its Subcontractors, or one of its Providers, AMS shall insti-
tute corrective action as required by the appropriate accrediting
agency. If the reason for the provisional/probationary status
has not been corrected to the satisfaction of the appropriate
accrediting agency within the time provided by the accrediting
agency, the District shall have the right to immediately termi-
nate this Agreement to the extent appropriate to exclude the
subject matter of the provisional/probationary status from the
scope of this Agreement.
All Providers shall comply with, keep and observe all State and Federal rules, regulations, statutes or standards which govern them or the District. In the event that at any time a Provider is not in compliance with any State and Federal rule, regulation, statute or standard, or is not functioning within the best interests of the District or its patients, the District Administrator shall notify AMS. Upon receipt of said notice, AMS shall institute corrective action within 24 hours and if such action is not effective, AMS agrees to immediately transfer or terminate such Provider and to provide, within a reasonable time, the District with a replacement Provider. Any replacement Provider shall hold a similar license and credentials as the Provider he/she is replacing, and AMS shall be solely responsible for the transfer or termination of any Provider pursuant to this provision. AMS shall further be responsible for promptly notifying the District upon learning that any Provider supplied by AMS has had his/her license to practice medicine in the state suspended or revoked.

The District shall operate and maintain its Hospitals and Community Health Centers in a manner consistent with the rules, regulations, statutes, or standards of appropriate accrediting agencies (currently including the Joint Commission on Accreditation of Healthcare Organizations), the Department of Health and Human Services, all State, Federal and Local Governmental agen-
cies or bodies which exercise authority over the operation of the
District or its facilities and services, and all appropriate
rules and regulations of the District; all of the above being
reasonable and necessary to maintain appropriate accreditation
and third-party payment certification or, in the context of
District rules and regulations adopted in implementation thereof.
The District, with AMS' cooperation, shall obtain and maintain
all necessary Local, State and Federal licenses and permits
required for its operation and maintenance of the Hospitals and
Community Health Centers consistent with such licensing stan-
dards.

The District shall annually verify by notice to AMS
that all required licenses and certifications for the Hospitals
and Community Health Centers are current and in force. If any
such licenses or certifications are revoked, suspended, or put on
a provisional/probationary basis, the District shall immediately
notify AMS. With respect to any revocations or suspensions, if
the reason for the revocation or suspension is the result of an
act or omission of the District, the District shall institute
corrective action as required by the appropriate licensing or
certifying agency and if the matter causing such revocation or
suspension has not been cured to the satisfaction of the appro-
priate licensing or certifying agency within the time provided by
the licensing or certifying agency, AMS shall have the right to
terminate this Agreement to the extent appropriate to exclude the
subject matter of the revocation or suspension from the scope of this Agreement. With respect to being placed on provisional/probationary status, which placement is the result of an act or omission of the District, the District shall institute corrective action as required by the appropriate licensing or certifying agency. If the reason for the provisional/probationary status has not been corrected to the satisfaction of the appropriate licensing or certifying agency within the time provided by the licensing or certifying agency, AMS shall have the right to immediately terminate this Agreement to the extent appropriate to exclude the subject matter of the provisional/probationary status from the scope of this Agreement.

5.3 Grants, Research or Demonstration Programs.

5.3.1 Approval by the District. AMS recognizes that it is the policy of the District that the District shall not be committed to participating in any grants, research or demonstration programs, or similar type activities without having first had the plans for any such program submitted to and approved in writing by the District. In accordance with this policy, if AMS and its Subcontractors desire to initiate any such program which involves the District or any of its facilities or personnel, AMS shall submit the plan and completed application therefor to the District for approval after the appropriate
Subcontractor(s) institutional review board(s) have approved the Subcontractor's participation in the program. If the District does not approve same, neither AMS nor its Subcontractors shall proceed with any such program involving the District. AMS shall submit annually to the District a list of the grants, research or demonstration programs or projects being conducted by AMS and its Subcontractors in the Hospitals and Community Health Centers.

5.3.2 Reimbursement to the District. AMS and its Subcontractors shall comply with the District's policy regarding compensation or reimbursement to the District for the actual, direct, and incremental cost to the District for the use of its facilities for such research, demonstration programs or similar type activities. The District's policy has been furnished to AMS. Such policy may be modified from time-to-time with the input of AMS or its Subcontractors and a copy will be furnished to AMS when modified.

5.4 Litigation and Risk Management Cooperation. To the extent not prohibited by law or agreement, AMS will supply the District and the District will supply AMS with semi-annual reports on all malpractice settlements arising from incidents at any of the Hospitals or Community Health Centers and entered into during the term of this Agreement with regard to any Provider assigned to the District. AMS, through its Subcontractors, shall
provide risk management information to the District's risk management personnel, including malpractice cases, claims, and assessments of Hospital departments and Community Health Centers. It is understood that such reports, if any, and information are confidential and shall not be disclosed to any third person without the prior written consent of the other party hereto, except as otherwise required by law. Additionally, all Providers and Subcontractors' medical and other students furnishing services at the District shall participate in the District's quality assurance and risk management programs.

6. FINANCIAL ARRANGEMENT.

6.1 Annual Contract Amount Negotiations and Approval.

6.1.1 Time Frame For Determination of Annual Contract Amount.

A. By October 1 prior to the beginning of each Contract Year during the Term, the District shall provide AMS with information concerning the projected increase or decrease in patient volumes for each Hospital medical department or division and Community Health Center for the next Contract Year.
B. No later than December 1 prior to the beginning of each Contract Year during the Term, AMS shall submit to the District a Contract Amount proposal in such form as mutually agreed between the parties.

C. By January 15 following receipt of the Contract Amount proposal, the District shall review the Contract Amount proposal and communicate in writing to AMS any requested modifications in the patient volume assumptions or proposed Provider staffing levels identified in such Contract Amount proposal.

D. By February 15, AMS shall submit a revised Contract Amount proposal for approval by the District.

E. Having considered the Contract Amount proposal(s) submitted by AMS and subject to approval by the Board of Managers and the funding limitation described in Paragraph 6.2 below, the District Administrator and AMS shall, no later than March 1 prior to the beginning of each Contract Year during the Term, agree to
the annual Contract Amount to be paid to AMS by the District for the next Contract Year. Such annual Contract Amount shall be agreed to in writing by AMS and the District Administrator, on behalf of the District, and shall be placed upon the agenda of the Board of Managers for its review and approval during its March board meeting.

F. No later than March 31 prior to the beginning of each Contract Year during the Term, the Board of Managers shall determine whether to approve the Contract Amount agreed to by AMS and the District Administrator. Upon such approval, the Contract Amount shall be included in the District's budget for the applicable Fiscal Year pursuant to Paragraph 6.2 below, which budget shall be presented to the Commissioner's Court of Harris County for its review and approval.

G. Upon approval of the Contract Amount by the Board of Managers, the Contract Amount and the amount to be paid to each Subcontractor shall be filed with the Board of Health for
approval by the Commissioner of Health as provided in Paragraph 8.8.

H. Upon approval of the Contract Amount by the Commissioner's Court of Harris County and upon approval of the Contract Amount and the amount to be paid to each Subcontractor by the Commissioner of Health or the passage of time as provided in Paragraph 8.8, such Contract Amount shall be entered on Exhibit A hereto.

For purposes of negotiating the Contract Amount for the Contract Year beginning July 1, 1990, the dates in Subparagraphs 6.1.1A through E shall be as follows: January 23 for Subparagraph A; January 31 for Subparagraph B; February 15 for Subparagraph C; February 28 for Subparagraph D; and March 15 for Subparagraph E.

6.1.2 Contents of Contract Amount Proposal.

A. In preparing the Contract Amount proposal, AMS shall include only the costs associated with the actual District patient care activities and District administrative activities
of Providers furnished to the District. Such Contract Amount proposal shall not include:

1. any costs associated with the administration of AMS, its General Director, or its Board;

2. any Provider costs attributable to education, training, or research activities which are unrelated to direct patient care;

3. any expenses relating to vacation time and educational leave for any Providers in excess of the limitations per Contract Year and categories of Providers as may be agreed to from time to time between AMS and the District and attached to the Contract Amount proposal as an Exhibit; or

4. any costs associated with providing replacement Providers for coverage at a District facility in excess of the costs
of providing the Providers being replaced.

B. The Contract Amount proposal shall include the cost of House Staff professional liability insurance coverage providing the levels of coverage as set forth herein or such other levels as mutually agreed to by the parties on an annual basis. Such cost shall be determined after consideration of actuarial analyses based upon statistical information concerning actual House Staff loss experience and other relevant and identified data, prepared by a mutually acceptable, independent actuary. Subject to annual negotiation regarding levels of coverage equal to or in excess of the levels set forth herein and the cost therefor, the District has agreed to pay such costs for House Staff professional liability insurance coverage as an element of the annual Contract Amount.
C. Such Contract Amount proposal shall separately identify for each Hospital and Community Health Center:

1. the actual Provider staffing levels by number of full-time equivalents, consistent with the medical policies prepared pursuant to Paragraph 5.1, by category of Provider for each Hospital medical department or division and Community Health Center for the then current Contract Year;

2. the projected increases or decreases in Provider staffing levels by category of Providers for each Hospital medical department or division and Community Health Center proposed by AMS for the next Contract Year;

3. the number of full-time equivalents of faculty (physicians providing at least 40 hours per week, 52 weeks per year, of actual patient care), residents (physicians in an accredited residency program
providing at least 40 hours per week, 52 weeks per year, of actual patient care, and other health care professionals (all other persons provided by AMS providing 40 hours per week, 52 weeks per year, of actual patient care), but not including education or research services unrelated to patient care, by Hospital department or division and Community Health Center necessary for the coverage desired by the District for the next Contract Year (in calculating the hours per week and weeks per year, vacation, sick leave, and professional development time shall be included on a pro rata basis consistent with the budgeted allocation of salary and other fringe benefits);  

4. AMS' projected direct and indirect cost allocations of furnishing the necessary full-time equivalents identified by line item in the proposal; and

5. the proposed compensation requested by AMS for the next Contract Year.
6.1.3 Workpapers. Workpapers and supporting information relating to the preparation of the Contract Amount proposal shall be available for review by the District and the District shall make its workpapers and supporting information available for review by AMS. The District shall provide assistance to AMS in the preparation of the Contract Amount proposal by providing such additional data or information to AMS as AMS may reasonably request.

6.2 Funding Limitations. Prior to the execution of the Agreement, the District has advised AMS, and AMS clearly understands and agrees, such understanding and agreement being of the absolute essence of this Agreement, that with respect to each Fiscal Year during the Term, the District intends to place in its annual Fiscal Year budget the annual Contract Amount stipulated pursuant to Paragraph 6.1.1F hereof, which intended budget amount is subject to Harris County Commissioner's Court approval. It is further clearly understood and agreed by AMS that such Contract Amount will be specifically allocated to fully discharge any and all liability which may be incurred by the District during the applicable Fiscal Year and the total of any and all payments for providing the required personnel, services, all fees and compensation of any sort, to AMS and any and all sums for any and all things or purposes ensuing under or out of this Agreement.
irrespective of the nature thereof, shall not exceed during the
given Fiscal Year said specifically allocated Contract Amount,
notwithstanding any word, statement or thing contained in or in-
ferred from the preceding or subsequent provisions of this Agree-
ment which might in any light by any person be interpreted to the
contrary, unless an amendment to such Contract Amount is executed
by AMS and the District. AMS further understands and agrees,
said understanding being of the absolute essence of this Agree-
ment, that the total maximum payment that AMS may be entitled to
hereunder during each Fiscal Year during the Term of this Agree-
ment, shall not, under any condition, circumstances or inter-
pretations thereof, exceed such Contract Amount including amend-
ments, if any. In the event that the Contract Amount shall be
expended prior to the end of said Fiscal Year, then this Agree-
ment shall not terminate, but the District shall have no further
obligation to AMS other than for payment up to the maximum
Contract Amount specified for said Fiscal Year. AMS understands
and agrees that it shall be obligated by this Agreement to
continue to provide personnel and services for the remainder of
the then current Contract Year. Notwithstanding anything herein
to the contrary, AMS and the District may agree to an increase or
decrease in services or programs and to an adjustment in the
Contract Amount, which shall be evidenced by a written amendment
to the then current Contract Amount.
6.3 Invoicing By and Payments to AMS.

6.3.1 Monthly Invoice and Statements.

A. Within thirty (30) working days following the end of each calendar month during the Term, AMS shall submit a monthly invoice and supporting statements to the District for the month then ended. Such invoice and supporting statement shall be in such form as mutually agreed between the parties.

B. The monthly invoice and statements shall identify the following for each Hospital and Community Health Center:

1. the services provided by AMS to the District for said month, including the identity and allocated salary and fringe benefits of each Provider (or substitute therefor) during the month pursuant to this Agreement, with such information arrayed by categories of Providers; provided, however, that so long as the number of full-time equivalents is at

TEXT - 42
least equal to the scheduled coverage, the monthly invoice need not reflect the identity of the substitute, provided that such substitute is then a Provider on the Medical Staff, and AMS through its Subcontractors shall maintain auditable records (i) identifying the Providers actually providing coverage hereunder and (ii) verifying the time spent by each Provider providing coverage hereunder, which records shall support not less than the aggregate allocated salary and fringe benefits (by department) reflected on the monthly invoices. AMS through its Subcontractors shall as soon as reasonably possible revise the Subcontractors' invoice information to reflect material changes in Provider assignments; and

2. the amount of payment due AMS for said month.

C. The invoices shall not include (a) any costs associated with the administration of AMS,
its General Director, or its Board or (b) Provider costs attributable to education, training, or research, which are not related to direct patient care.

D. The District shall have the right to audit the books and records of AMS, or its Subcontractors, relating to the monthly invoices and statements.

E. AMS, through its Subcontractors and Providers, agrees to substantiate the costs invoiced to the District pursuant to this Agreement as may be required by the District, the County Auditor, third party payors, or other similar external parties.

6.3.2 Monthly Payments. No later than thirty (30) days after receipt, the District shall verify the monthly invoices and statements submitted by AMS for the preceding month and remit to AMS the lesser of (a) the amount invoiced by AMS and verified by the District or (b) an amount equal to one-twelfth (1/12) of the annual Contract Amount plus the net aggregate amount that the monthly invoices were less than one-twelfth of
the annual Contract Amount during the prior months in the Con-

tract Year.

6.4 Billing for Provider Services. Subject to separate
written mutual agreement by the parties, effective July 1, 1990,
AMS will be responsible directly, or through its Subcontractors,
for billing for covered physician medical services rendered by
Providers to patients at the Hospitals and Community Health
Centers for such categories of patients and third party payors if
and to the extent mutually agreed by the parties. To the extent
not prohibited by applicable law, AMS shall establish for use by
the Subcontractors a uniform schedule of charges for the ser-

vices rendered to patients at the Hospitals and Community Health
Centers. If such billing is implemented, AMS and Subcontractors
shall be required to furnish the District with a full accounting
of all amounts billed and collected during any Contract Year and
shall grant the District open access to all books and records of
AMS and its Subcontractors relating thereto.

7. TERM AND TERMINATION.

7.1 Term. The term of this Agreement shall be for twen-
ty (20) Contract Years, commencing July 1, 1990 and ending March
31, 2010; subject, however, to Paragraphs 7.3 and 7.4 herein.
7.2 Joint Conference Committee and Other Reviews.

7.2.1 Joint Conference Committee Review. The patient care programs of the District or any Hospital or Community Health Centers shall be subject to review by the Joint Conference Committee or a subcommittee thereof at such time or times as AMS or the District shall deem necessary and so request in writing. The patient care programs of the District or, as applicable, any Hospital or Community Health Center, shall conform to the recommendations of the review committee as are approved by the Joint Conference Committee. The District may also seek review by the Joint Conference Committee of the staffing levels by department and/or its subspecialties and, at the District's option, reduce or temporarily suspend staffing of a department and/or its subspecialties. The District shall use its best efforts such that no reduction or temporary suspension shall be made which would materially and adversely affect any residency program or any fellowship program and the District shall give AMS as much notice of such reduction or temporary suspension as possible. Any reduction or temporary suspension hereunder, if mutually agreed to by the parties, will result in a corresponding reduction in (a) the line item on invoices submitted pursuant to Paragraph 6.3.1 hereof and (b) the annual Contract Amount pursuant to Paragraph 6.1.1 to reflect the decreased staffing levels.
7.2.2 Other Review. The parties agree to use their best efforts to meet together at mutually agreeable times for the review of budgetary matters, negotiation of the annual Contract Amount for the upcoming Fiscal Year, discussion of any patient care or other concerns, and, if needed, renegotiation of one or more of the terms hereof. If the parties agree to modification of this Agreement, such modifications shall be incorporated herein by amendment as hereinafter provided, such amendments to become effective on the date stipulated therein. In the event the parties do not agree to modifications of this Agreement, this Agreement shall continue in effect without modifications until terminated.

7.3 Termination Provisions.

7.3.1 Failure to Agree on or to Obtain Approval of Contract Amount.

A. Board of Managers Level.

In the event that the Board of Managers and AMS fail to agree on a Contract Amount for the upcoming Contract Year by March 31, either party shall have the following rights:
(a) to offer a new Contract Amount proposal which may be the same as previously proposed;

(b) to offer a new Contract Amount proposal which includes a proposed reduction in:

(i) the Contract Amount and level of Provider coverage at the District facilities;

(ii) the Contract Amount for existing levels of Provider coverage; or

(c) to terminate this Agreement on thirty (30) days advance written notice to the other party, on the future date specified in such notice, unless a proposal, if any, set forth in (a) or (b) has been accepted in writing by AMS and the Board of Managers.

In the event that alternative (a) or (b) is exercised, the District shall pay AMS for its services until AMS and the Board of Managers accept such proposal at a per diem rate of \( \frac{1}{365} \)th of the Contract Amount for the previous year for each day of actual services rendered in the current Contract Year. An adjustment payment shall be made by the appropriate party immediately upon
such acceptance to compensate for the difference in the per diem rates for the previous Contract Year and the current Contract Year.

In the event that alternative (c) is exercised, the District will pay AMS for its services through the end of the notice period at a per diem rate of 1/365th of the Contract Amount for the previous year for each day of actual services rendered in the current Contract Year.

B. Commissioner's Court Level.

In the event that the Commissioner's Court of Harris County, Texas fails to approve the Contract Amount agreed to by the Board of Managers and AMS and submitted in the District's budget for the applicable Contract Year, either party shall have the following rights:

(a) to offer a new Contract Amount proposal which may be the same as previously proposed;

(b) to offer a new Contract Amount proposal which includes a proposed reduction in: 
(i) the Contract Amount and level of Provider coverage at the District facilities;

(ii) the Contract Amount for existing levels of Provider coverage; or

(c) to terminate this Agreement on thirty (30) days advance written notice to the other party on the future date specified (which shall not exceed 90 days from the date of notice), unless a proposal as set forth in (a) or (b) has been accepted in writing by AMS and Board of Managers and the District's budget has been approved by the Commissioner's Court.

In the event that alternative (a) or (b) is exercised, the District shall pay AMS for its services until AMS and the Board of Managers accept such proposal and the Commissioner's Court of Harris County, Texas approves such Contract Amount as part of the District's budget for the current Contract Year at a per diem rate of 1/365th of the Contract Amount for the previous year for each day of actual services rendered in the current Contract Year. An adjustment payment shall be made by the appropriate party immediately upon such approval to compensate for the difference in the per diem rates for the previous Contract Year and the current Contract Year.
In the event that alternative (c) is exercised, the District will pay AMS for its services through the end of the notice period at a per diem rate of 1/365th of the Contract Amount for the previous year for each day of actual services rendered in the current Contract Year.

C. Commissioner of Health Level.

In the event that the Commissioner of Health does not permit the Contract Amount agreed to by the Board of Managers and AMS and submitted in the District's budget for the applicable Contract Year and the amounts to be paid the Subcontractors to become effective, either party shall have the following rights:

(a) to offer a new Contract Amount proposal which may be the same as previously proposed (with appropriate revisions, to the extent required and proposed by AMS, in the amounts to be paid the Subcontractors);

(b) to offer a new Contract Amount proposal (with appropriate revisions, to the extent required and proposed by AMS, in the amounts to be paid the Subcontractors) which includes a proposed reduction in:
(i) the Contract Amount and level of Provider coverage at the District facilities; or

(ii) the Contract Amount for existing levels of Provider coverage; or

(c) to terminate this Agreement on thirty (30) days advance written notice to the other party on the future date specified (which shall not exceed 90 days from the date of notice), unless a proposal as set forth in (a) or (b) has been accepted in writing by AMS and the Board of Managers, and the District's budget has been approved by the Commissioner's Court, and such Contract Amount and the amounts to be paid the Subcontractors have been approved by the Commissioner of Health or the time required by Ch. 678, Section 312.005 of the Tex. Health & Safety Code Ann. has passed.

In the event that alternative (a) or (b) is exercised, the District shall pay AMS for its services until AMS and the Board of Managers accept such proposal, and the District's budget has been approved by the Commissioner's Court, and such Contract Amount and the amounts to be paid the Subcontractors have been approved by the Commissioner of Health or the time required by Ch. 678, Section 312.005 of the Tex. Health & Safety Code Ann. has passed at a per diem rate of 1/365th of the Contract Amount.
for the previous year for each day of actual services rendered in the current Contract Year. An adjustment payment shall be made by the appropriate party immediately upon such acceptance (or passage of time) to compensate for the difference in the per diem rates for the previous Contract Year and the current Contract Year.

In the event that alternative (c) is exercised, the District will pay AMS for its services through the end of the notice period at a per diem rate of 1/365th of the Contract Amount for the previous year for each day of actual services rendered in the current Contract Year.

D. Post Termination Relationship.

Upon termination, the parties shall have no further claim against or responsibility to each other, except for:

(i) obligations accruing prior to the date of termination; and

(ii) obligations, promises, or covenants contained herein that are expressly made to extend beyond the effective date of termination including, without limitation, confidentiality of information.
7.3.2 Optional Termination. In the event either party shall, with or without cause, at any time give to the other at least sixty (60) months advance written notice, this Agreement shall terminate on the future date specified in such notice; provided, however, in specifying such future effective date, the terminating party shall use its best efforts to select a date that will not compromise the ability of the House Staff then enrolled in a graduate medical education training program based at the District's facilities to complete their training programs or to transfer elsewhere to comparable programs. In the event of such termination, the District shall remit to AMS the payments earned through the date of such termination, and the Providers shall be removed from the Hospitals and the Community Health Centers, and the parties shall have no further claim against or responsibility to each other, except for (i) obligations accruing prior to the date of termination, and (ii) obligations, promises, or covenants contained herein that are expressly made to extend beyond the effective date of termination, including, without limitation, confidentiality of information.

7.3.3 Optional Termination for Failure to Agree on Contract Amount. In the event AMS and the Board of Managers fail to agree on the Contract Amount for the first Contract Year hereunder by March 31, 1990, AMS has the option to terminate this
7.3.4 Optional Termination for Nonapproval by District of Service Subcontracts. In the event the District does not approve the initial Service Subcontracts by February 15, 1990, the District has the option to terminate this Agreement effective June 30, 1990, upon sixty (60) days advance notice to AMS.

7.4 Renegotiation and Termination Due to Tax Referendum. In the event that an election to repeal an increase in the tax rate is instituted, voted upon and passed pursuant to Section 26.07 of the Texas Property Tax Code that materially and adversely affects the tax revenue that the District may receive during any relevant Contract Year during the Term, the District may by notice to AMS propose a new financial basis for continuation of the Agreement commensurate with the tax revenue available to the District, which proposal may include a proposed reduction in (a) the Contract Amount and level of Provider coverage at the District's facilities or (b) Contract Amount for existing levels of Provider coverage. If such notice is given and if AMS and the District are unable within sixty (60) days thereafter to agree upon a new financial basis either AMS or the District may terminate this Agreement by thirty (30) days notice to the other on
any future date specified in such notice. In the event of such
termination, the District shall remit to AMS the payments earned
through the date of such termination, and the Providers shall be
removed from the Hospitals and the Community Health Centers, and
the parties shall have no further claim against or responsibility to each other, except for (i) obligations accruing prior
to the date of termination, and (ii) obligations, promises, or
covenants contained herein that are expressly made to extend
beyond the effective date of termination, including, without
limitation, confidentiality of information.

7.5 District Responsibilities for Patients Upon Termination. Upon termination of this Agreement, the District shall be
responsible for caring for the patients of the District and
finding alternate providers to provide care for such patients
from and after the effective date of termination.

8. MISCELLANEOUS.

8.1 Independent Contractor Status. It is expressly acknowledged by the parties hereto that AMS is an "independent
contractor" and nothing in this Agreement is intended nor shall
be construed to create an employer/employee relationship, a joint
venture relationship, or a lease or landlord/tenant relationship,
or to allow the District to exercise control or direction over
the manner or method by which Providers perform the professional
services which are the subject matter of this Agreement; provided
always that the services to be provided hereunder by AMS, Sub-
contractors and Providers shall be provided in a manner consist-
tent with the standards governing such services and the provi-
sions of this Agreement. AMS understands and agrees that (i)
AMS, Subcontractors, and Providers will not be treated as employ-
ees for Federal tax purposes, (ii) the District will not withhold
on behalf of AMS, Subcontractors, and Providers pursuant to this
Agreement any sums for income tax, unemployment insurance, social
security, or any other withholding pursuant to any law or re-
quirement of any governmental body relating to AMS, Subcontrac-
tors, or Providers or make available to AMS, Subcontractors, or
Providers any of the benefits afforded to employees of the Dis-
trict, (iii) all of such payments, withholdings, and benefits, if
any, are the sole responsibility of AMS or Subcontractors, and
(iv) AMS will indemnify and hold the District harmless from any
and all loss or liability arising with respect to such payments,
withholdings, and benefits, if any. In the event the Internal
Revenue Service or any other governmental agency should question
or challenge the independent contractor status of AMS, Subcon-
tractors or its Providers, the parties hereto mutually agree that
AMS, Subcontractors and the District shall have the right to
participate in any discussion or negotiation occurring with such
agency or agencies, irrespective of who initiates such discussion or negotiation.

8.2 Notices. All notices under this Agreement shall be in writing and shall be provided to the party to be notified either by personal delivery or by United States mail. All notices under this Agreement shall be deemed given to a party when personally delivered by courier service, such as Federal Express, or by any other messenger or five (5) days after being mailed by prepaid, certified mail, return receipt requested. For the purpose of notice, the addresses of the parties shall be as follows until changed as herein provided:

Each party shall have the right to change the person to whom notice is to be given for such party and/or its address for notices and each shall have the right to specify such change of the person to whom notice is to be given for such party or address by giving at least fifteen (15) days written notice to the other party.

8.3 Construction. This Agreement shall not be construed against or in favor of one party or the other due to the fact that such party may or may not have authored said Agreement or any provision contained herein.

8.4 Applicable Law. This Agreement shall be governed by, and construed in accordance with, the laws of the State of Texas.
and venue for any action arising out of this Agreement shall be in Harris County, Texas.

8.5 Assignment Prohibited. This Agreement may not be assigned by either party without the express written consent of the other party hereto.

8.6 Provision for Other Agreements. It is recognized that either party may enter into other agreements and affiliations so long as same are not inconsistent with the terms and provisions hereof.

8.7 Severability. Should any provision of this Agreement be held unenforceable or invalid under the laws of the United States of America or the State of Texas, or under any other applicable laws of any other jurisdiction, then the parties hereto agree that such provision shall be deemed modified for the purposes of performance of this Agreement in such jurisdiction to the extent necessary to render it lawful and enforceable, or if such a modification is not possible without materially altering the intention of the parties hereto, then such provision shall be severed herefrom for purposes of performance of this Agreement in such jurisdiction. The validity of the remaining provisions of this Agreement shall not be affected by any such modification or severance, except that if any severance materially alters the
intentions of the parties hereto as expressed herein (a modification being permitted only if there is no material alteration), then the parties hereto shall use their best reasonable effort to agree to appropriate equitable amendments to this Agreement in light of such severance, and if no such agreement can be reached within a reasonable time, any party hereto may initiate litigation to determine and effect such appropriate equitable amendments.

8.8 Amendments and Agreement Execution. This Agreement and amendments thereto shall be in writing and executed in multiple copies of a written instrument duly authorized for execution by the governing Boards of the respective parties hereto. This Agreement and the Service Subcontracts shall be filed with the Board of Health for approval by the Commissioner of Health, pursuant to Tex. Health & Safety Code Ann., Ch. 678, Section 312.005 and shall become effective upon the expiration of time or approval provided therein.

8.9 Entire Agreement; Captions. This Agreement constitutes, contains, or references the entire agreement of the parties and supersedes any and all prior negotiations, correspondence, understandings, and agreements between the parties respecting the subject matter thereof. All captions in this Agreement are solely for convenience and are not part of this Agreement.
IN TESTIMONY OF WHICH this Agreement in multiple originals, each of equal force, has been executed on behalf of the parties hereto as follows, to-wit:

(a) It has on the ____ day of _____________, 1990, been executed on behalf of the Harris County Hospital District by the Chairman of the Board of Managers, pursuant to the order of the Board of Managers, so authorizing, and that of the Commissioners Court of Harris County, Texas, so approving; and

(b) It has on the ____ day of _____________, 1990, been executed on behalf of the AMS by the Chairman of the Board of Trustees and by the General Director of AMS, pursuant to the order of the Board of Trustees, so authorizing.

CLARIFICATION AGREEMENT

WHEREAS, the Board of Regents of The University of Texas System ("Board of Regents") has entered various agreements with Baylor College of Medicine ("Baylor") regarding the formation of Affiliated Medical Services; and

WHEREAS, in such agreements the Board of Regents has acted as, for, and on behalf of The University of Texas Health Science Center at Houston ("UTHSCH") and The University of Texas Medical School at Houston (the "UT Medical School at Houston"), which is a "medical and dental unit" as provided for in Section 63.003 of the Education Code.

NOW, THEREFORE, to evidence and agree upon the parties for which the Board of Regents has been and will be acting in this matter, the Board of Regents and Baylor and Affiliated Medical Services ("AMS") agree as follows.

(1) In the Agreement of Preliminary Understanding between Baylor and the Board of Regents entered February 9, 1987, and the Agreement with Respect to Agreement of Preliminary Understanding between Baylor and the Board of Regents entered February 9, 1987, the UT Medical School of Houston was and is the part of UTHSCH which was contemplated to, and which shall, make health care professionals available to AMS.

(2) AMS and the Board of Regents are entering an Agreement of Sub-Affiliation pursuant to which health care providers will be made available to AMS and, through AMS, to the Harris County Hospital District. That agreement is being executed by the Board of Regents in the name of the Board of Regents for, as, and on behalf of the UT Medical School at Houston through UTHSCH.

5. U. T. M. D. Anderson Cancer Center: Authorization for the Acquisition of Assets from Molecular Diagnostic Associates, Inc. (MDxA), Houston, Texas, and Termination of Sponsored Research Agreement with MDxA Effective April 30, 1990.--In December 1987, Molecular Diagnostic Associates, Inc. (MDxA), a for-profit corporation, was established for the purpose of marketing molecular probe technology which had been developed at the University of Texas M.D. Anderson Cancer Center.

After nearly two years of operation, U. T. M.D. Anderson Cancer Center is virtually the only customer of MDxA and marketing surveys indicate that this will be the situation for several years to come. The primary market for this technology is the teaching programs at medical schools and most of these schools perform their own DNA probe tests. It is not expected that general use of this technology by nonmedical school practitioners will take place before 1995.

As a result of curtailed marketing opportunities and quality control concerns, it was concluded that it is in the best economic interest of U. T. M.D. Anderson Cancer Center to perform these tests. These tests can be performed in-house at a cost which is 40-60% less than the amount currently being paid to MDxA. In order to do this, U. T. M.D. Anderson Cancer Center must have the necessary equipment, space, and qualified technical personnel. The most feasible means to accomplish this is to purchase the assets of the company, assume the lease of space, and hire the necessary technical staff.

In accordance therewith, the Board, upon recommendation of the Health Affairs Committee, granted approval for the U. T. M.D. Anderson Cancer Center to acquire the assets from Molecular Diagnostic Associates, Inc. (MDxA), Houston, Texas, and to terminate the sponsored research agreement with MDxA. U. T. M.D. Anderson Cancer Center will tender its twenty-five (25) percent ownership in the corporation, represented by 2,500,000 shares of common stock, to MDxA and this action will be effective at the close of business on April 30, 1990.

The total value of the elements for this purchase is $690,000 which includes $608,000 for the assets of the company, $32,000 as a refund to MDxA pursuant to termination of the sponsored research agreement, and $50,000 in accounts receivable due MDxA.
REPORT AND RECOMMENDATIONS OF THE FINANCE AND FACILITIES COMMITTEE (Pages 215 - 220).--Committee Chairman Moncrief reported that the Finance and Facilities Committee had met in open session to consider those items on its agenda and to formulate recommendations for the U. T. Board of Regents. Unless otherwise indicated, all actions set forth in the Minute Orders which follow were recommended by the Finance and Facilities Committee and approved in open session and without objection by the U. T. Board of Regents:

I. FINANCE MATTERS

1. U. T. System: Approval of Chancellor's Docket No. 51 (Catalog Change).--Upon recommendation of the Finance and Facilities Committee, the Board approved Chancellor's Docket No. 51 in the form distributed by the Executive Secretary. It is attached following Page 209 in the official copies of the Minutes and is made a part of the record of this meeting.

It was expressly authorized that any contracts or other documents or instruments approved therein had been or shall be executed by the appropriate officials of the respective institution involved.

It was ordered that any item included in the Docket that normally is published in the institutional catalog be reflected in the next appropriate catalog published by the respective institution.

Regent Ratliff abstained from voting on items within the Docket related to Exxon Corporation and Southwest Texas Electric Cooperative due to a possible conflict of interest.

2. U. T. System: Authorization to Add Bank One Texas, N.A., Dallas, Texas, and MetroBank, N.A., Houston, Texas, as Depository Banks.--The Finance and Facilities Committee recommended and the Board approved Bank One Texas, N.A., Dallas, Texas, and MetroBank, N.A., Houston, Texas, as additional depository banks for The University of Texas System, subject to the banks being willing to execute the standard Bank Depository Agreement.

3. U. T. Health Science Center - Houston: Allocation of Funds for Purchase of Clinical Patient Equipment.--The Board, upon recommendation of the Finance and Facilities Committee, authorized The University of Texas Health Science Center at Houston to purchase clinical patient equipment in the amount of $3,000,000 and allocated $600,000 in institutional balances (MSRDP) and reallocated $2.4 million in Permanent University Fund Bond Proceeds from the FY 1990 Capital Budget from savings resulting from lower than anticipated construction bids on another project.

These monies will purchase approximately 53 items of clinical equipment that have been identified by the faculty and administration as critical to the institution's hospital-based patient care and teaching mission. Equipment to be purchased will
keep the major clinical departments on the forefront of technology and retain the vigorous inpatient practice that is essential to the quality of the teaching program and the financial strength of the U. T. Health Science Center - Houston.

This reallocation of Permanent University Fund resources will amend the project detail but not the expenditure totals in the FY 1990 Capital Budget.

II. FACILITIES MATTERS

1. U. T. Austin - Balcones Research Center - Additional Building for Applied Research Laboratories Facility (Project No. 102-703): Approval of Final Plans and Authorization to Advertise for Bids and for Executive Committee to Award Contracts.--Upon recommendation of the Finance and Facilities Committee, the Board:

a. Approved final plans and specifications for the construction of an Additional Building for the Applied Research Laboratories Facility at The University of Texas at Austin Balcones Research Center at an estimated total project cost of $3,500,000

b. Authorized the Office of Facilities Planning and Construction to advertise for bids upon completion of final review

c. Authorized the Executive Committee to award all contracts associated with this project within the authorized total project cost.

This project was included in the Capital Improvement Program approved by the U. T. Board of Regents in June 1989 and the FY 1990 Capital Budget approved by the U. T. Board of Regents in August 1989.

2. U. T. Austin and U. T. Permian Basin - Research/Laboratory Facility at Permian Basin Center for Energy and Economic Diversification (Project No. 102-696): Approval of Plaque Inscription.--On behalf of The University of Texas at Austin and The University of Texas of the Permian Basin, approval was given to the inscription set out on Page 217 for a plaque to be placed on the Permian Basin Center for Energy and Economic Diversification. The inscription follows the standard pattern approved by the U. T. Board of Regents in June 1979.
3. U. T. Dallas - Cecil and Ida Green Center for the Study of Science and Society (Project No. 302-717): Authorization for Project, Appointment of F&S Partners Incorporated, Dallas, Texas, as Project Architect to Prepare Preliminary Plans; and Additional Appropriation Therefore.--Following brief comments by President Rutford and upon recommendation of the Finance and Facilities Committee, the Board:

a. Authorized a project for the construction of the Cecil and Ida Green Center for the Study of Science and Society at The University of Texas at Dallas at an estimated total project cost of $2,433,000.

b. Appointed the firm of F&S Partners Incorporated, Dallas, Texas, as Project Architect to prepare preliminary plans and a detailed cost estimate to be presented to the U. T. Board of Regents for consideration at a future meeting.

c. Appropriated $133,000 from Private Gift Funds for costs of architect fees and administrative expenses through preparation of preliminary plans.

This project was included in the Capital Improvement Program approved by the U. T. Board of Regents in June 1989 and the FY 1990 Capital Budget in August 1989 at an estimated project cost of $2,300,000 from gift funds.

4. U. T. Medical Branch - Galveston - Medical Research Building (Project No. 601-665): Approval of Plaque Inscription.--The Board approved the inscription set out on Page 218 for a plaque to be placed on the Medical Research Building being constructed at The University of Texas Medical Branch at Galveston. The inscription follows the standard pattern approved by the U. T. Board of Regents in June 1979.
5. U.T. Medical Branch - Galveston - John Sealy Hospital - New Emergency Department and Trauma Center Facility (Project No. 601-658): Approval of Plaque Inscription.--Approval was given to the inscription set out below for a plaque to be placed on the New Emergency Department and Trauma Center Facility being constructed at The University of Texas Medical Branch at Galveston. The inscription follows the standard pattern approved by the U.T. Board of Regents in June 1979.

6. U.T. Medical Branch - Galveston - Texas Department of Corrections Hospital - Renovation and Completion of Shelled Space on Fourth and Eighth Floors: Authorization for Interagency Agreement with Texas Department of Corrections (TDC) to Manage Project and Appointment of Jessen Inc., Austin, Texas, as Project Architect to Prepare Final Plans.--The 71st Legislature appropriated $5,458,915 in bond proceeds for renovation and completion of shelled space on the fourth and eighth floors of the Texas Department of Corrections (TDC) Hospital at The University of Texas Medical Branch at Galveston in order to provide additional facilities for TDC inmate patients. On November 7, 1989, the voters of the State of Texas approved a $400 million bond issue and issuance of these bonds is anticipated in the near future.
In accordance therewith and upon recommendation of the Finance and Facilities Committee, the Board:

a. Authorized The University of Texas System Office of Facilities Planning and Construction to enter into an interagency agreement with the Texas Department of Corrections to manage a project for the renovation and completion of shelled space on the fourth and eighth floors of the Texas Department of Corrections Hospital at U. T. Medical Branch - Galveston at an estimated total project cost of $5,458,915, to be funded by the Texas Department of Corrections.

b. Appointed the firm of Jessen Inc., Austin, Texas, as Project Architect to prepare final plans and specifications to be presented to the U. T. Board of Regents for consideration at a future meeting.

This project is legislatively approved and does not require submission to the Texas Higher Education Coordinating Board. Amendments to the Capital Improvement Program or the Capital Budget will not be required since funds for the project and all project expenses will be paid directly by TDC.

III. INFORMATIONAL ITEM

U. T. Tyler - Liberal Arts Complex (Project No. 802-719): Project Analysis and Conceptual Design Progress Report.--In December 1989, the Board of Regents of The University of Texas System appointed the firm of C/A Architects, Inc. (formerly Crain/Anderson, Inc.) of Longview and Houston, Texas, to prepare a detailed project analysis and conceptual design for a Liberal Arts Complex at The University of Texas at Tyler. That action was the latest in a series of steps which began in 1985 with the inclusion of the project in the U. T. System Capital Improvement Program.

C/A Architects, Inc. has prepared a preliminary conceptual design and is continuing to work on the detailed project analysis. The conceptual design calls for a basic unit which will include a performance center/auditorium with approximately 2,000 seats, a small recital hall, theatre/drama laboratory space, music practice rooms, and appropriate supporting spaces. As currently drawn, this unit will consist of approximately 127,300 square feet of space.
The overall concept provides for the addition of a 17,500 square foot wing at a future date. That wing will allow U. T. Tyler to house academic programs in speech and journalism. The site development plan also accommodates a separate 20,000 square foot art laboratory for sculpture, ceramics, print making, and related academic activities. This building will allow U. T. Tyler to isolate the noise, dirt, and odors of these laboratory activities from other academic and performance activities when enrollment growth justifies further campus expansion.

Although cost estimates and design concepts are still being refined, the University anticipates that this design will come closest to meeting its most pressing needs for special purpose meeting, performance and exhibition space within the proposed budget of $16,200,000 ($12,000,000 PUF; $1,200,000 Student Fee Bonds; and $3,000,000 Gifts) included in the Capital Improvement Program. The detailed project analysis now underway will include estimates of operating revenues and costs as well as more refined estimates of construction costs. Equipment and staffing requirements will be established, as well. This analysis will also provide the University with design and construction schedules and information to support the private fund raising effort.

A complete presentation and appropriate recommendations related to phased project construction will be made at a future meeting of the Board.

REPORT AND RECOMMENDATIONS OF THE LAND AND INVESTMENT COMMITTEE (Pages 220 – 235).--Committee Chairman Ratliff reported that the Land and Investment Committee had met in open session to consider those matters on its agenda and to formulate recommendations for the U. T. Board of Regents. Unless otherwise indicated, all actions set forth in the Minute Orders which follow were recommended by the Land and Investment Committee and approved in open session and without objection by the U. T. Board of Regents.
I. PERMANENT UNIVERSITY FUND

INVESTMENT MATTERS

The remaining ten percent of earned income will be reinvested in the endowment corpus.
RECONVENE.--At 10:40 a.m., the Board reconvened as a committee of the whole to consider those items remaining on the agenda.

OTHER MATTERS (INFORMATIONAL ITEMS)

1. U. T. System - Student and Faculty Advisory Groups: Progress Report.--Chancellor Mark, at the request of Chairman Beecherl, reported that the newly formed University of Texas System Student Advisory Group held its first meeting on February 16, 1990. The major purpose of that meeting was to organize and elect officers. Ms. Blair Taylor (The University of Texas Health Science Center at San Antonio) was elected Chair, Mr. Chris Bell (The University of Texas at Austin) Vice-Chair, and Mr. Robert Coghlan (The University of Texas Medical Branch at Galveston) Secretary. A complete membership list, by component institution, is set out on Pages 238 - 241 and a similar listing, by committee assignment, is set out on Pages 242 - 243. These committees are developing specific proposals for possible presentation to the U. T. Board of Regents. Communications have been facilitated through electronic mail capabilities on each of the campuses. The second meeting of the entire Student Advisory Group was held on March 30-31, 1990.

Chancellor Mark introduced Ms. Blair Taylor who presented a progress report on the organization of the Student Advisory Group. Ms. Taylor commended the Board on the creation of the Student Advisory Group and encouraged the members of the Board to participate in the round table discussions with the students.

Ms. Taylor distributed materials related to the (a) membership of the various Student Advisory Group Committees, (b) Committee responsibilities, and (c) Minutes of the meeting held on February 16, 1990. A copy of these documents is on file in the Office of the Board of Regents. She further reviewed in detail the responsibilities of the Health Insurance, Minority Affairs, Housing, Academic Affairs, Student Services Fee and Tuition, and Student Rights Committees.

Following Ms. Taylor's presentation, Regent Loeffler commended her on the report and encouraged the other members of the Board to participate in the Student Advisory Group meetings as time permits.

Ms. Taylor then introduced Mr. Jack Johnston, Chair of the Student Rights Committee. Mr. Johnston presented a comprehensive overview of the goals and objectives of this Committee. He stated that the Student Rights Committee was the first Committee formed by the Student Advisory Group and decided to address the issues from a philosophical standpoint. Some specific topics for discussion are: (a) proportional representation of students on select committees at individual components, (b) classroom rights -- testing and final exams, (c) policies and procedures on disciplinary matters, (d) adequate financial and academic counseling, and (e) right to adequate preparation time for final exams.
Mr. Johnston stated that a survey of the U. T. System component institutions reflects no consistent policy regarding the issue of adequate preparation time for students before final exams. He noted that a final exam policy would accomplish the following:

a. Students would have increased time to prepare for final exams
b. Assignments due week before final exams would free students of work the week of final exams
c. Amount of stress and anxiety related to finals would be decreased.

In summary, Mr. Johnston stated that The University of Texas System Student Advisory Group recommends that the U. T. Board of Regents urge the Chancellor to contact each component institution and encourage an institutional review of final exam policies prior to August 1990. The Student Advisory Group further expressed its desire that the Chancellor facilitate the implementation of component final examination policies effective with the Fall Semester 1990.

Vice-Chairman Barshop congratulated Mr. Johnston on the thoroughness of his study.

Regent Blanton commended Ms. Taylor and Mr. Johnston on their superb presentations and noted that the Student Advisory Group will add a lot to the System. He emphasized that the final exam issue is a situation which should be left up to each institution. He pointed out that it is important to get it on the table, but this is one of those matters which should be handled by the component administrations since the Board is not particularly equipped to deal with the variety of issues and schedules that are peculiar to each campus.

Chancellor Mark commented that this is a complex problem, and it would best be addressed by the component presidents, appropriate students, and faculty groups working together to arrive at the best approach for each campus.

Chancellor Mark reported that The University of Texas System Faculty Advisory Group has also been formed. Faculty members from each of the U. T. System component institutions have been appointed. A complete membership list, by component institution, is set forth on Pages 244 - 249. The first meeting of the Faculty Advisory Group is scheduled for April 18, 1990.

2. U. T. System: Status Report on Development of a Strategic Plan.--Chancellor Mark reported that the U. T. System Administration is currently engaged in the development of a strategic plan for The University of Texas System. The U. T. System Strategic Plan will build upon the component institution's strategic planning processes and individual component long-range plans developed following U. T. Board of Regents' Planning Goals and Principles adopted in February 1982 which are updated every two years in conjunction with the biennial budget process. The Fall 1989 U. T. System component institution strategic plans provide much of the information base for the development of this Plan.

The U. T. System Strategic Plan will focus upon the actions to be taken in the next two or three biennia and the impact of those actions over the next twenty or thirty years. Broad areas being addressed are the following:

a. Quality of Existing Programs
b. The Need for New Programs and Services
c. New Demands on the Health Care System
d. Development of Human Resources
e. Managing Physical and Financial Assets
f. Financing Programs and Activities.

Chief Administrative Officers of U. T. System component institutions will be asked to join the U. T. System Senior Staff sometime in early May to discuss and amend a working draft. A final draft of the U. T. System Strategic Plan should be ready for review by the U. T. Board of Regents at the August meeting.

3. U. T. System: Circulation of Revised Institutional Role and Scope Tables of Programs for Review Prior to Submission to the Texas Higher Education Coordinating Board.--As Executive Vice Chancellor Duncan reported to the U. T. Board of Regents at the February 1990 meeting, Senate Bill 456 passed by the 71st Legislature requires the Texas Higher Education Coordinating Board to review institutional Role and Scope Tables of Programs at least every four years with involvement by the chairperson of the institution's Board of Regents. Accordingly, the Role and Scope Table of Programs for each component institution of The University of Texas System has been revised to reflect changes made since the tables were last approved by the Coordinating Board. Copies of the revised tables, including the narrative mission statements, are set out in congressional style on Pages 252 – 286.

The Table of Programs for U. T. Pan American (Brownsville) is included although it has not yet received initial approval by the Coordinating Board. This table was approved by the U. T. Board of Regents at the December 1989 meeting and is expected to be considered for initial approval at the April 1990 meeting of the Coordinating Board. The tables for U. T. Dallas and U. T. Pan American technically do not require review at this time since they have been approved within the past four years.
However, these tables will be resubmitted to the Coordinating Board at this time so that subsequent four-year reviews will occur simultaneously for all U. T. System component institutions.

Pending a final review for accuracy by the institutional chief executive officers and a general review by members of the U. T. Board of Regents, the U. T. System Administration and Chairman Beecherl anticipate transmitting the revised tables and mission statements to the Coordinating Board staff for consideration by the Coordinating Board at its July 1990 meeting. Thus, in accordance with Chairman Beecherl's previous instructions, comments or questions regarding the tables and mission statements should be addressed to Chairman Beecherl or to the respective Executive Vice Chancellor so that transmittal to the Coordinating Board may occur in a timely fashion.

Since only minor editorial changes, technical updates to conform with the federal classification system, or additional programs that have already been approved by both the U. T. Board of Regents and the Coordinating Board are involved, the Coordinating Board review process does not require agenda action by the U. T. Board of Regents.

The University of Texas at Arlington

Mission Description

The University of Texas at Arlington is the most comprehensive general academic component of The University of Texas System in North Texas. As a component institution of The University of Texas System, the University is committed to pursue high standards of achievement in instruction, student performance, research and scholarly accomplishment.

Within an environment of academic freedom, students learn from faculty scholars who have in-depth expertise in the arts, the sciences, and in the professions of engineering, business administration, architecture, nursing, social work and teacher education. The faculty engage in research and creative activity, both to develop and maintain their own scholarly expertise and to extend human knowledge. The results of that research and creative work are made available to students in the classroom and to the general public through publication and public service activities.

At the core of the University curriculum are the arts and the sciences, those academic disciplines common to nearly all colleges and universities in the United States. Courses are offered in these disciplines to support a general liberal education at the baccalaureate level. In addition, degree programs through the doctoral level are offered in many discipline categories.

As a state-supported public institution, U. T. Arlington is open to all citizens of the State who meet the academic standards for admission. In addition, some students from outside the State are admitted. However, the majority of the students come from the geographic area commonly described as the Dallas-Fort Worth metropolitan area. Graduate and professional degree programs and associated course offerings beyond those in the Arts and Sciences core are selected primarily to meet the needs and desires of the citizens of this region.

The mission of The University of Texas at Arlington as stated above is consistent with its role and scope as specified by the Texas Legislature, which in 1971 said:

"The Board is authorized to maintain, operate and administer The University of Texas at Arlington as a general academic institution of higher education offering a standard four-year undergraduate program. The Board shall have the authority to prescribe courses leading to such customary degrees as are offered at leading American universities and to award such degrees. It is the intent of the legislature that such shall include baccalaureate, master's and doctoral degrees and their equivalents..."

The University of Texas at Austin

Mission Description

The University of Texas at Austin is a general academic component of The University of Texas System. As a component institution of The University of Texas System, the University is committed to pursue high standards of achievement in instruction, student performance, research, and scholarly accomplishment.

The Mission of The University of Texas at Austin is:

To promote the development of the human resources of Texas and the Nation to their highest potential of intellectual achievement and personal growth;

To provide excellent teaching for the education of qualified and promising undergraduates and graduates of diverse social, economic, and ethnic background;

To conduct research designed to develop and to extend human knowledge;

To advance the arts and to preserve culture;

To cultivate in the minds of the students the ethical and moral values that are the basis of a humane social order;

To maintain intellectual freedom, to protect it from those who seek to shackle independent thought, and to guard against unquestioning conformity to established intellectual doctrine;

To provide superior libraries that will serve as centers of scholarly research and as learning resources for students, faculty members, and the people of Texas;

To render service to the public through museums, exhibitions, performing arts, and other cultural activities; through applied research; through dissemination of information; and through athletic activities;

To provide continuing and advanced education for professional development and intellectual enrichment; and

To serve as the leader of higher education in Texas and to develop further a superior system of higher education, as well as to sustain and strengthen the quality of primary and secondary school education throughout the State.

The University of Texas at Dallas

Mission Description

The University of Texas at Dallas, defined by state law as a "general academic institution" of The University of Texas System, is committed to pursue high standards of achievement in instruction, student performance, research, and scholarship.

U. T. Dallas believes the purpose of any university is the advancement of knowledge and the education of its students and recognizes that the quality of a university is measured by how well it accomplishes these purposes. To these ends, U. T. Dallas is committed to excellence in the conduct of research and instruction. In addition, the University's destiny is inextricably linked with the fortune of the Dallas metropolitan area. The University believes a partnership with the knowledge-based businesses and industries of this area will enhance the University's opportunity to become the first-class institution it aspires to be.

The principal mission of The University of Texas at Dallas is to be responsive to the educational and research needs of the nation as exemplified by the technologically-sophisticated and managerially-intensive economy of the Dallas metropolitan area. A unique portion of the mission of U. T. Dallas, which is met through the Callier Center for Communication Disorders, is the provision of clinical services, educational services, cultural and social activities, and the conduct of research to serve the needs of those with communication disorders.

To support the social, cultural, and economic development of the Dallas region, U. T. Dallas has defined its principal mission, designed its programs, and assembled its faculty with an aim toward the conduct of graduate education and research to meet the needs of business, industry, and government, as well as to continue to enhance its national academic reputation by the placement of some of its doctoral graduates at major universities.

At the undergraduate level, U. T. Dallas emphasizes the admission of lower division students who intend to enroll in academic programs leading to degrees in natural sciences, mathematics, or engineering. At the upper division, U. T. Dallas emphasizes serving those students who have received freshman-level and sophomore-level instruction at community colleges located in the Dallas metropolitan area.

U. T. Dallas is a doctoral-granting university with a strong research tradition which can be traced back to its origin as the Southwest Center for Advanced Studies. At the core of the U. T. Dallas curriculum, as shown in section I, Table of Programs, are the arts and the sciences, those academic disciplines common to most colleges and universities in the United States. Degree programs are offered in these disciplines to support a general liberal education, within an interdisciplinary context, at the baccalaureate level. Master's level courses and degree programs also are offered in many of these disciplines, and offerings at the doctoral level exist in three of the Arts and Sciences discipline categories.

Degree programs and course offerings beyond those in the Arts and Sciences core reflect the specific needs of employers and citizens in the Dallas region and the distinctive character of U. T. Dallas as a graduate research institution. U. T. Dallas currently offers baccalaureate and master's level programs and courses in eight professional or other disciplines (Business Administration, Engineering, Health Sciences, Public Affairs, Communication, Computer and Information Sciences, Multi/Interdisciplinary and Liberal/General Studies). In addition, baccalaureate level programs in Area/Ethnic Studies and master's level programs in Education are authorized. Doctoral level work in five professional discipline categories is offered at the present time with a sixth, Engineering, to be implemented during 1989-90.

The University of Texas at El Paso

Mission Description

The University of Texas at El Paso is a general academic component of The University of Texas System. Established in 1913 as the Texas State School of Mines and Metallurgy, it became a part of The University of Texas System in 1919. Subsequently, it grew both in enrollment and programs until, in 1967, it adopted its current name to reflect the breadth and level of its academic programs. As a component institution of The University of Texas System, the University is committed to pursue high standards of achievement in instruction, student performance, research, and scholarly accomplishment.

Within an environment of academic freedom, students learn from faculty scholars who have demonstrated expertise in the arts and the sciences, as well as in the professions of business, education, engineering, allied health, and nursing. The faculty engage in research and creative activity, both to develop and maintain their own scholarship and to extend human knowledge. The results of that research and creativity are made available to students in the classroom and the laboratory, and to the general public through publication and public service activities.

At the core of the University curriculum are the arts and the sciences, those academic disciplines common to nearly all colleges and universities in the United States. Courses are offered in these disciplines to support a general liberal education at the baccalaureate level. In addition, the University currently offers degree programs through the master's level in many discipline categories and doctoral programming in electrical engineering and geological sciences.

As a state-supported public institution, the University is open to all citizens of the State and elsewhere who meet the academic standards for admission. While U. T. El Paso admits some students from outside the State, the majority come from the immediate geographic area in which the University is located. Degree programs and course offerings beyond those in the Arts and Sciences core are selected primarily to meet the needs and desires of the residents of this region.

All undergraduate teacher education programs in this discipline category are appropriate to consider in future planning at the institutional level. If a program proposal is submitted under this category, the Coordinating Board must approve both the proposal and a Role and Scope change.

The institution's governing board has recognized that some degree programs in this discipline category are appropriate to consider in future planning at the institutional level. If a program proposal is submitted under this category, the Coordinating Board must approve both the proposal and a Role and Scope change.

All undergraduate teacher education programs are being discontinued in accordance with Section 13.036 of the Texas Education Code, which provides that a person who applies after September 1, 1991, for a teaching certificate which requires a bachelor's degree must have a bachelor's degree with an academic major or an interdisciplinary academic major. Authorization for issuing education degrees prior to September 1, 1991, shall continue until that date.
Mission Description

The University of Texas - Pan American

MISSION STATEMENT: PAN-AMERICAN-UNIVERSITY

U. T. Pan American, as a general academic component of The University of Texas System, is committed to providing quality academic programs based on liberal arts traditions. In the belief that an educated citizenry is essential to the development and maintenance of a free democratic society, U. T. Pan American endeavors to provide access for all who wish to participate in the pursuit of knowledge and ideas. U. T. Pan American seeks to contribute to the examination of ideas and the dissemination of knowledge for the benefit of its students and society, with full awareness and appreciation of the multi-lingual, multi-cultural, and multi-faceted world in which we live. While teaching, research and service are all fundamental elements of the institutional mission, the first priority is teaching.

U. T. Pan American strives to fulfill its responsibilities by providing strong academic programs for selected professions at the undergraduate and graduate levels, providing access to all who wish to participate in the pursuit of knowledge and ideas, offering a variety of quality programs leading to associate, baccalaureate, and graduate degrees, basing those programs on broad general education requirements solidly grounded in liberal arts traditions, providing strong curricula leading to career opportunities and to graduate and professional study beyond the undergraduate level, and demanding completion requirements which ensure competency in basic skills and program areas. In serving the state, the institution strives to provide professional and pre-professional offerings as well as other instructional and continuing education programs designed to serve the needs of citizens throughout the service area.

U. T. Pan American is committed to an open-admissions policy at the undergraduate level and to the highest academic standards in all of its programs. The University pledges itself to the fullest development of human talent by providing appropriate developmental and support services for those underprepared for the demands of college, offering enriched programs for those of exceptional ability, seeking financial assistance for those of limited means, maintaining the library, computer and physical resources necessary to support the programs, and evaluating responsibly and consistently the effectiveness of the instructional programs.

U. T. Pan American seeks to complement the instructional programs of the institution by providing a wide range of extra-curricular activities and experiences which enhance intellectual, cultural, civic, social, and physical environment, maintaining services that fulfill personal needs and that enrich the academic development of students; involving the institution in the community by providing services, programs, cultural experiences, and expertise to the community-at-large; giving the community-at-large opportunities to contribute to the effectiveness of the University; participating in regional consortia and inter-institutional activities to maximize educational opportunity for the people of the state through the sharing of resources; providing programs and organizational units directed toward meeting the human resource needs of an industrial/technological society and assisting in the area's economic growth; and maintaining a research mission that promotes continued intellectual curiosity, encourages the discovery and refinement of knowledge, and addresses the unique character and special needs of the region in which the University is located.

The University of Texas of the Permian Basin

Mission Description

The University of Texas of the Permian Basin is an upper-level general academic component of The University of Texas System. As a component institution of The University of Texas System, the University is committed to pursue high standards of achievement in instruction, student performance, research, and scholarly accomplishment.

Within an environment of academic freedom, students learn from faculty scholars who have in-depth expertise in the arts, the sciences, and the professions of business, engineering, and teacher education. The faculty engage in research and creative activity, both to develop and maintain their own scholarly expertise and to extend human knowledge. The results of that research and creative work are made available to students in the classroom and to the general public through publications and public service activities.

At the core of the University curriculum are the arts and the sciences, those academic disciplines common to nearly all colleges and universities in the United States. Courses are offered in these disciplines to support a general liberal education at the baccalaureate level. In addition, degree programs through the master's level are offered in many discipline categories.

As a state-supported public institution, the University is open to all citizens of the State who meet the academic standards for admission. Although some students from outside the State are admitted, the majority of the students come from the geographic area in which the institution is located. Degree programs and course offerings beyond those in the Arts and Sciences core are selected primarily to meet the needs and desires of the citizens of this region.

*: The institution's governing board has recognized that some degree programs in this discipline category are appropriate to consider in future planning at the institutional level. If a program proposal is submitted under this category, the Coordinating Board must approve both the proposal and a Role and Scope change.

**: All undergraduate teacher education programs are being discontinued in accordance with Section 13.036 of the Texas Education Code, which provides that a person who applies after September 1, 1991, for a teaching certificate which requires a bachelor's degree must have a bachelor's degree with an academic major or an interdisciplinary academic major. Authorization for issuing education degrees prior to September 1, 1991, shall continue until that date.
The University of Texas at Tyler

Mission Description

The University of Texas at Tyler is an upper-level general academic component of The University of Texas System in East Texas. As a component institution of The University of Texas System, the University is committed to the pursuit of high standards in instruction, student performance, research, and other scholarly accomplishments.

Within an environment of academic freedom, students learn from faculty scholars who have expertise in the arts, the sciences, and the professions of public affairs, education, business, health sciences, allied health science, and technology. The faculty engage in research and creative activity, both to develop and maintain their own scholarly expertise and to extend human knowledge. The results of that research and other creative efforts are made available to students in the classroom and to the general public through publication and public service activities.

At the core of the University curriculum are the arts and the sciences, those academic disciplines common to nearly all universities in the United States. Courses are offered in these disciplines to support a general liberal education at the baccalaureate level, and in many disciplines, at the master's degree level.

As a state-supported institution, U. T. Tyler is open to all citizens of the State who meet the academic standards for admission. Also, qualified students from outside the State and throughout the world are admitted. Degree programs and course offerings beyond those in the Arts and Sciences core are selected primarily to meet the needs and desires of the citizens of this region.

The University of Texas Southwestern Medical [Health-Science] Center at Dallas

The University of Texas Southwestern Medical [Health Science] Center at Dallas is a component institution of the University of Texas System and is committed to pursuing high standards of achievement in instruction, research, and clinical activities. Since its inception in 1943, the U. T. Southwestern Medical [Health-Science] Center - Dallas has evolved as one of the leading biomedical institutions in the country and its programs are designed and implemented with the intent to sustain this progress in the future.

As an academic health science center, the central mission of the institution is to educate health professionals whose lifelong career objectives will be to provide the best possible care, apply the most modern treatment modalities, and continue to seek information fundamental to the treatment and prevention of disease. Within an environment of interdisciplinary activity and academic freedom at the U. T. Southwestern Medical [Health Science] Center - Dallas, students receive training from faculty scholars who have in-depth expertise in the many specialities of health care and the biomedical sciences. Faculty members also engage in research and patient care so that they can generate new knowledge in the fight against disease and maintain their clinical skills while serving the residents of Texas to the utmost of their ability. Research findings are made directly available to students and indirectly to the general public as practicing professionals adopt the latest treatment modalities. The focus of the faculty, students, and administration at The University of Texas Southwestern Medical [Health-Science] Center at Dallas will remain on the creation of new knowledge, the highest ethical standards, the scientific basis of medical practice, and concern and compassion for all people. Every aspect of the University's operation will be conducted in as cost-effective a manner as possible.

The institution consists of The Southwestern Medical School, The Southwestern Graduate School of Biomedical Sciences, and The Southwestern [School-of] Allied Health Sciences School and offers degrees and programs limited to health related fields.

### SUPPORTING PROGRAMS

- Health Care Sci.-Health Education (13.1399.03)
- Medical Science Research (30.0101.00)
The University of Texas Medical Branch at Galveston

The goal of The University of Texas Medical Branch at Galveston is to attain overall excellence through the effective coordination of the primary missions of its composite groups. These missions are scholarly teaching, innovative scientific investigation, and state-of-the-art patient care. The University of Texas Medical Branch at Galveston is a component of The University of Texas System [-and-as-such-its-mission is-consistent-with-that-of-the-parent-system].

U. T. Medical Branch - Galveston provides leadership in the development of effective educational programs that can serve as models for other academic health science centers. U. T. Medical Branch - Galveston, in cooperation with other academic health science centers, educates an appropriate number of physicians, nurses, and allied health professionals to provide health care for the citizens of Texas. It also educates biomedical scientists capable of conducting independent research in academic, industrial, and government research centers. U. T. Medical Branch - Galveston selects students who are ethical, enthusiastic, sensitive to the needs of others, and motivated to learn independently; who have diverse and global interests, inquiring minds, and a desire to understand and solve complex problems. These students should come from diverse social, economic, and ethnic backgrounds and should include representatives from racial minorities and from both sexes. U. T. Medical Branch - Galveston educates physicians, biomedical scientists, nurses, and allied health professionals who it hopes will strive to realize their highest potential. Graduates of U. T. Medical Branch - Galveston will possess essential knowledge and skills, be devoted to patient care, and be committed to lifelong scholarship and learning. They will possess the self-awareness necessary to maintain their own physical and mental health, and be able to draw upon the humanities disciplines in practicing their professions.

U. T. Medical Branch - Galveston's intent is to develop programs that discover new scientific knowledge, both for the sake of knowledge and for its practical benefits to society, and to disseminate this new knowledge. The investigative efforts should be high quality programs which will clearly establish U. T. Medical Branch - Galveston as one of the outstanding academic health science centers in the nation, with a leadership role in the discovery of new scientific knowledge.

U. T. Medical Branch - Galveston takes a leadership role in the discovery of new approaches to treatment, applies this new knowledge to the treatment of patients and intends to have excellent patient-care programs in each of its clinical departments. U. T. Medical Branch - Galveston hopes to create an environment in which the value of caring for all human beings is important. This attitude places highest priority on the well-being of people, including the employees, students, and faculty of U. T. Medical Branch - Galveston, as well as its patients.

U. T. Medical Branch - Galveston exists as part of several larger communities: the scientific community, the community of institutions of higher learning, the community of Galveston, and the community beyond the city. To serve society for the common good, U. T. Medical Branch - Galveston will seek and disseminate new scientific knowledge, educate students and practicing health professionals, provide individual patient care, and help inform the citizens at large in matters that affect their health and well-being.

The institution consists of the School of Medicine, the Graduate School of Biomedical Sciences, the School of Nursing, the School of Allied Health Sciences, the Marine Biomedical Institute, the Institute for Medical Humanities, and the U. T. Medical Branch - Galveston hospitals. U. T. Medical Branch - Galveston offers degrees and programs with subjects limited to health related fields.

The University of Texas Health Science Center at Houston

The University of Texas Health Science Center at Houston is a component of The University of Texas System and, as such, is committed to the pursuit of high standards of achievement in instruction, student performance, clinical service, research, and scholarly accomplishment.

As an academic health science center, the institution is one in which undergraduate, graduate and postgraduate students are educated broadly in the sciences of health and disease and are prepared for health-related careers in the provision of human services, and in teaching and research. Within an environment of academic freedom, students learn from faculty scholars who have in-depth expertise in the various specialities of health care and the biomedical sciences. Such faculty, with the assistance of their students and trainees, engage in research both to extend human knowledge related to health and to develop and maintain their own scholarly and professional expertise.

Together, faculty and students engage in patient care as an essential part of the teaching and learning experience. These professionals [they] provide exemplary health services to directly benefit the individual recipient and to serve as models which other providers will emulate. The clinical aspects of research are also conducted in conjunction with patient care.

The U. T. Health Science Center - Houston considers itself a member of a larger learning community and works to contribute to and draw from the intellectual pursuit of the other institutions within the Texas Medical Center, and within the greater Houston area. Also, to benefit this local community and the entire State of Texas, the institution offers a program of continuing education to assist practicing health professionals in utilizing the latest findings of research from the worldwide community of scholars in clinical and biomedical fields. As a result of participation in these professional enhancement programs, practitioners adopt new modalities for the treatment and prevention of disease.

The institution consists of the following units which are listed by date of establishment:

1. Dental Branch (est. 1905; joined U. T. 1943)
2. Division of Continuing Education (1948)
3. Graduate School of Biomedical Sciences (1963)
4. School of Public Health (1967)
5. Medical School (1970)
6. Speech and Hearing Institute (est. 1951; joined U. T. 1971)
7. School of Nursing (1972)
8. School of Allied Sciences (1973)

The six schools included in the above list of eight units offer degrees and programs with subjects limited to health related fields.

The University of Texas Health Science Center at San Antonio is a component of The University of Texas System and, as such, is committed to pursue the highest standards of achievement in instruction, student performance, research and scholarly accomplishment, patient care, and service.

The mission of The University of Texas Health Science Center at San Antonio includes teaching, research, patient care, and service. Through the undergraduate, graduate, and postgraduate programs, the faculty is committed to the education of health professionals whose lifelong career objectives will be to provide the best possible health care in the most cost effective way, to apply the most modern treatment modalities, and to continue to seek information fundamental to the treatment and prevention of disease. The U. T. Health Science Center - San Antonio has established itself as a major research institution and through its biomedical research program, the faculty play a major role for the state, nation, and world in the discovery of new knowledge and the search for answers to society's health care needs.

The University of Texas Health Science Center at San Antonio is an integral part of the South Texas Medical Center and an important component of the health care delivery system of San Antonio, South Texas, and, indeed, the State of Texas. Recognizing that the U. T. Health Science Center - San Antonio plays major economic and education roles in the community, it can serve as a catalyst for stimulating biomedical industry in this community by having available the human and physical resources which facilitate the development of biotechnology. As a source of leadership in health care, the institution has a responsibility for providing programs and expertise for the ongoing education of the professional and lay communities.

The institution consists of the School of Allied Health Sciences, the Graduate School of Biomedical Sciences, the Dental School, the Medical School, and the School of Nursing and offers degrees and programs with subject matter limited to health related fields. The Medical Technology, Physical Therapy, and Occupational Therapy programs are offered jointly with The University of Texas at San Antonio. A Pharm.D. [Doctor-of-Pharmacy-degree] program is offered jointly with The University of Texas at Austin. In addition, a component of the School of Public Health of The University of Texas Health Science Center at Houston is housed on this campus.
RECESS TO EXECUTIVE SESSION.--At 11:25 a.m., the Board recessed to convene in Executive Session pursuant to Vernon's Texas Civil Statutes, Article 6252-17, Sections 2(e), (f) and (g) to consider those matters set out in the Material Supporting the Agenda.

RECONVENE.--At 2:15 p.m., the Board reconvened in open session.

EXECUTIVE SESSION OF THE BOARD OF REGENTS

Chairman Beecherl reported that the Board had met in Executive Session in Conference Room 117 of the Biomedical Research Building to discuss matters in accordance with Article 6252-17, Sections 2(e), (f) and (g) of Vernon's Texas Civil Statutes. In response to Chairman Beecherl's inquiry regarding the wishes of the Board, the following actions were taken:

1. U. T. Southwestern Medical Center - Dallas: Settlement of Medical Liability Litigation - Mack McCollum, et al.--Regent Blanton moved that the Chancellor and the Office of General Counsel be authorized to settle on behalf of The University of Texas Southwestern Medical Center at Dallas the medical liability lawsuit filed by Mack McCollum, et al, in accordance with the proposal presented in Executive Session.

Vice-Chairman Barshop and Regent Cruikshank seconded the motion which carried without objection.

2. U. T. Health Science Center - San Antonio: Settlement of Medical Liability Litigation - Dennis Twohy, et al.--Upon motion of Regent Blanton, seconded by Regent Ramirez, the Chancellor and the Office of General Counsel were authorized to settle on behalf of The University of Texas Health Science Center at San Antonio the medical liability lawsuit filed by Dennis Twohy, et al, in accordance with the proposal presented in Executive Session.

3. U. T. Austin: Approval to Complete Negotiations with the Lower Colorado River Authority (LCRA) Related to Property Leased in Travis County, Texas; Authorization for Executive Committee to Approve Negotiated Transaction; Authorization for Executive Vice Chancellor for Asset Management or Delegate to Execute All Documents Related Thereto; and Approval to Submit Transaction to the Texas Higher Education Coordinating Board if Required.--Regent Ratliff moved that the Executive Director of Lands and Endowment Real Estate be authorized to act on behalf of The University of Texas at Austin to complete negotiations with the Lower Colorado River Authority (LCRA) concerning property
which is leased to the LCRA in Travis County, Texas, according to the parameters outlined in Executive Session and that:

a. The Executive Committee be authorized to approve the negotiated transaction following a positive recommendation from the President of U. T. Austin, the Executive Vice Chancellor for Academic Affairs, and the Executive Vice Chancellor for Asset Management.

b. The Executive Vice Chancellor for Asset Management or his delegate be authorized to execute all documents pertaining to the transaction following their approval by the Office of General Counsel.

c. The Executive Vice Chancellor for Academic Affairs be authorized to submit the transaction to the Texas Higher Education Coordinating Board if required.

Regent Moncrief seconded the motion which carried by unanimous vote.

4. U. T. Austin: Proposed Purchase of Property Located at 3208 Red River Street, Austin, Travis County, Texas (Withdrawn).—Chairman Beecherl reported that the item related to the proposed purchase of property located at 3208 Red River Street in Austin, Travis County, Texas, for the benefit of The University of Texas at Austin was withdrawn from consideration.

5. U. T. M.D. Anderson Cancer Center: Authorization to Complete Negotiations to Purchase Approximately 5.8 Acres of Land and Improvements in the Institute and University Park Addition in Houston, Harris County, Texas, and Authorization for Executive Vice Chancellor for Asset Management or Delegate to Execute All Documents Related Thereto.—Upon motion of Regent Moncrief, seconded by Regent Cruikshank and Vice-Chairman Roden, the Board authorized the Manager of Trust Real Estate to complete negotiations to purchase approximately 5.8 acres of land and the improvements located thereon in the Institute and University Park Addition in Houston, Harris County, Texas, for the benefit of The University of Texas M.D. Anderson Cancer Center under the terms and conditions outlined in Executive Session. Further, upon the successful completion of these negotiations, the Executive Vice Chancellor for Asset Management or his delegate was authorized to execute all documents pertaining to the purchase following review and approval by the President of U. T. M.D. Anderson Cancer Center, the Executive Vice Chancellor for Health Affairs, and the Office of General Counsel.

Funding for this acquisition shall be from the fund established by U. T. M.D. Anderson Cancer Center known as the Anna Crouchet and C. P. Simpson Quasi-Endowment Fund.
6. **U. T. System: Consideration of Personnel Matters Associated with the Permanent University Fund Land Operations.**—Chairman Beecherl reported that an item was added to the agenda posted with the Secretary of State concerning the consideration of certain personnel matters associated with The University of Texas System Permanent University Fund Land operations. Following a discussion of this matter, it was determined that no formal action by the Board was necessary at this time.

**REPORT OF BOARD FOR LEASE OF UNIVERSITY LANDS**

Regent Ramirez, Vice-Chairman of the Board for Lease of University Lands, submitted the following report on behalf of that Board:

**Report**

The Board for Lease of University Lands will meet in Midland, Texas, on July 18, 1990, to hold its 80th Oil and Gas Lease Sale.

The Board will offer for sale 35,769 acres located in Andrews, Crane, Crockett, Gaines, Martin, Pecos, Reagan, Terrell, Upton, Ward, and Winkler Counties, Texas.

All the leases will provide for a 1/4th royalty and a five-year term. Minimum bonuses will vary from $50 to $75 per acre. Results of the lease sale will be reported to this Board at its meeting in August 1990.

**SCHEDULED MEETING.**—Chairman Beecherl announced that the next meeting of the U. T. Board of Regents would be held on June 14, 1990, in Austin, Texas.

**ADJOURNMENT.**—There being no further business, the meeting was adjourned at 2:25 p.m.

Arthur H. Dilly
Executive Secretary
