1. Barrio Comprehensive Family Health Care Center  
 San Antonio, Texas

Mental Health Services in a Community Health Center Setting - \$12,400

The Hogg Foundation recommends for approval a grant for the period September 1, 1985 to August 31, 1986. This grant is for support of the integration of mental health services in a community health care setting in westside San Antonio. The services will involve short-term therapy crisis intervention, psychiatric evaluation, and individual and group counseling. Mrs. Ora Prattes, Executive Director of the Barrio Center, is responsible for the administration of the program.

Meyer's project being carried out in the Veterans Administration Medical Center at Houston. If this research study shows that physical exercise and mental activity interact significantly with other risk factors in the development of senile dementia, it will be important new scientific information regarding the complex factors underlying such dementia. Dr. John Stirling Meyer, Director of the Cerebral Blood Flow Laboratory at the Veterans Administration Medical Center and Professor of Neurology at Baylor College of Medicine, will be responsible for administration of the project.

3. Because We Care  
 Fort Worth, Texas

This grant is for the extension of a substance abuse prevention model through the placement of a specialist in a Fort Worth high school. Because We Care is a privately funded organization conceived by a small group of concerned Fort Worth citizens. They have, as a goal for their pilot prevention program, the placement of five full-time substance abuse prevention specialists in area middle schools and high schools. Two major evaluation studies are included in the project design. Ms. Mona Loftis, Consultant will be responsible for the administration of the project.

4. Laredo State Center

4. Laredo State Center (Continued)  
 Texas Department of Mental Health and Mental Health Retardation  
 Children's Services for Starr County

The grant will support a children's mental health program in Starr County, an area adjacent to Webb County. 5. Houston Child Guidance Center

Houston Child Guidance Center Day Treatment Program - \$58,532

The Ima Hogg Foundation is recommending for approval a second-year grant for the period September 1, 1985 to August 31, 1986. This grant will continue to be used for the Houston Child Guidance Center's Day Treatment program. The Ima Hogg Foundation is currently funding three day treatment projects. A grant to the DePelchin Children's Center supports a program for latency-aged children which serves primarily as an aftercare component for their residential program. Another grant, to Can-Do-It, will be used to help indigent families secure day treatment services both at DePelchin and at Houston Child Guidance. The three organizations have been cooperating in the design and funding of their programs to maximize the delivery of these needed services to Houston's children. Dr. Jay Tarnow, Executive Director, will be responsible for the administration of the grant.

6. Houston Child Guidance Center

Family Crisis Intervention Program - \$184,193

The Ima Hogg Foundation is recommending for approval a grant for the period September 1, 1985 to August 31, 1986. Dr. Jay Tarnow, Executive Director, will be responsible for the administration of the grant.

7. Houston Child Guidance Center

"Beyond Institutions - Constructing Clinical and Economic Alternatives for Children and Adolescents" Conference - \$3,000

The Executive Committee of the Hogg Foundation is recommending for approval a grant from the Varner-Bayou Bend Heritage Fund to the Houston Child Guidance Center for the period September 1, 1985 to August 31, 1986. This will be the initial grant from the fund which was created by Miss Ima Hogg in 1963. Correspondence between Miss Hogg and Dr. Harry Ransom, then Chancellor of The University of Texas, indicates that Miss Ima intended that the income from the endowment be used to support training provided by the Guidance Center. The training would be available for professionals and others in mental health-related fields from throughout the Houston community. We also recommend that the income from the endowment be made available to the Houston Child Guidance Center annually, in August, upon receipt of a satisfactory request describing the proposed use of the funds.

AND IMA HOGG FOUNDATION  
(Continued)

## 7. Houston Child Guidance Center (Continued)

If no grant is made in a given year, a larger grant can be made in a subsequent year or the unused income can be added to the endowment. This year's grant will be used for scholarships enabling students and Guidance Center staff to attend a national conference entitled, "Beyond Institutions: Constructing Viable Clinical and Economic Alternatives for Children and Adolescents in the 1990's." The Conference will be held October 27-28, 1985. The Heritage Fund grant will allow approximately 16 students and staff to participate in the conference. Dr. Jay Tarnow, Executive Director, will be responsible for the administration of the grant.

## 8. Mental Health Association of Houston and Harris County, Inc.

WHO (We Help Ourselves): An Antivictimization Program for School Children and Their Parents - \$29,250

The Ima Hogg Foundation has received a satisfactory progress report on the third year of support. During the past year, the program served almost 50,000 school children in the Houston area. By the end of the 1985-86 school year, the program will have reached virtually all of the children in the Houston Independent School District, as well as many of the children in the districts surrounding Houston. The Ima Hogg Foundation is recommending for approval a fourth and final grant for the period September 1, 1985 to August 31, 1986. This grant will continue to be used to fund the WHO program delivered in cooperation with the Houston Independent School District. Ms. Betsy Schwartz, Executive Director, will be responsible for the administration of the grant.

## 9. Mental Health Association in Texas

Parenthood Education Project - \$5,000

The Hogg Foundation recommends for approval a one-time grant for the period July 1, 1985 to December 31, 1985. In addition to identifying existing parenthood education programs, the project will undertake a public information awareness program emphasizing the mental health needs of young children. Such efforts to produce greater awareness among parents of their children's developmental needs and ways in which they can meet them will promote better mental health and help prevent mental illness, while also helping children realize their full potentialities. Mrs. Stella C. Mullins, Executive Director, is responsible for the administration of the program.

10. Texas Migrant Council, Inc.  
Laredo, Texas

Education of Head Start Children, Parents, and Teachers to Prevent Child Sexual Abuse and Abduction - \$24,355

The Hogg Foundation recommends for approval a first-year grant for the period September 1, 1985 to August 31, 1986. Serving a highly mobile population comprised mostly of Hispanic farmworkers, the Texas Migrant Council will develop, implement, and evaluate an innovative anti-victimization program aimed at children, parents, and teachers. The overall goal of this two-year program is to prepare children to recognize victimizing circumstances and to develop anti-victimization skills in the areas of sexual abuse and abduction. A pilot version will offer direct educational services to children, parents, and teachers of Head Start programs. Ms. Mary Guevara, Director, is responsible for the administration of the program.

Fifth Ward Enrichment Program - \$59,165

The Executive Committee of the Ima Hogg Foundation recommends for approval a second year grant for the period September 1, 1985 to May 30, 1986. This demonstration project is designed to provide development activities for a high risk population of adolescent males in the the Fifth Ward of Houston. Based on consultant observations, the Fifth Ward Enrichment Program has the potential for becoming a national model of an effective preventive mental health project for black adolescent males. We are attempting to take steps to ensure the development of a sound core program and evaluation component. Donna Bryant, Executive Director, will be responsible for administration of the project.

12. Urban Affairs Corporation  
Houston, Texas

Adolescent Primary Health Care Center - \$5,595

The Executive Committee of the Ima Hogg Foundation recommends for approval a fifth year grant for the period October 1, 1985 to September 30, 1986 to the Urban Affairs Corporation. In addition, we are recommending that \$5,225 be carried over from last year's grant to continue the contractual relationship for psychological services with the Family Service Center. These funds represent the final grant for this particular type of service. Donna Bryant, Executive Director, will be responsible for administration of the project.

13. Volunteers of America Fort Worth/Dallas Metroplex, Inc.

SKIP (Support for Kids of Incarcerated Parents) - \$14,000

The Hogg Foundation is recommending for approval a one-year grant for the period October 1, 1985 to September 30, 1986. This grant is for partial funding of the development of the SKIP project, a support group program for children of incarcerated parents in Texas. The SKIP project is a new component of the PACT (Parents and Children Together) program at the Federal Correctional Institution in Forth Worth. SKIP has been formulated to meet the social and emotional needs of this special population of children. The program will provide structured group activities within the prison facility's children's center where the children can develop better coping strategies and healthier attitudes about their parents and themselves. Ms. Debra L. Roberson, PACT Director, will be responsible for the administration of the project.

14. The Women's Shelter of the Corpus Christi Area, Inc.  
Corpus Christi, Texas

Second House: Housing Project for Battered Women and Their Children - \$10,000

The Hogg Foundation Executive Committee is recommending for approval a third and final grant for the period October 1, 1985 to September 30, 1986. This project has demonstrated a need for a wide array of services, as evidenced by the ever-increasing number of calls for assistance received by the shelter from individuals experiencing neglect, abuse, and family discord. The program will seek to expand the network of services for battered women and to strengthen and evaluate the therapeutic services available at the Second House, an integral part of The Women's Shelter.

Children's Suicide Risk Program - \$2,700

The Hogg Foundation is recommending for approval a second and final grant for the period September 1, 1985 to May 31, 1986. These funds will be used to complete the research on adolescent suicide ideation. During this final phase of the grant the principal investigator will gather replication data and integrate his findings into a suicide prevention workshop for adolescents. Dr. Bruce Bailey will be responsible for the administration of the grant.

Battered Wives, Battering Husbands, and the Marital Relationship - \$17,100

The Hogg Foundation Executive Committee recommends for approval a one-year grant for the period September 1, 1985 through August 31, 1986. These funds will be used to implement and evaluate a direct service project for battered wives, battering husbands and couples who experience domestic violence. The project consists of implementing and evaluating three interrelated programs at the Women's Protective Services in Lubbock, Texas: (1) a counseling program for women who have sought shelter within the confines of the protective agency, (2) a supervised self-help program for men who are or were perpetrators of verbal and/or physical spouse abuse, and (3) a couples counseling program for those clients of Women's Protective Services interested in working on improving their marriages. Professor Cal Stoltenberg, Project Director, will be responsible for the administration of the grant.

17. Department of Psychology

Phobias and Preparedness--A Schematics Interpretation - \$6,667

The Hogg Foundation is recommending a grant over the next two years in support of this research project by Dr. Susan Mineka. As a fairly common, often severely disabling form of mental disorder, phobias are still somewhat refractory to various methods of treatment in spite of major advances over the past twenty years. This series of studies based upon a schematic interpretation for getting at more deeply the underlying mechanisms that can account for phobias is a sufficiently interesting and significant idea that deserves strong support. Teasing out the background and experimentally-induced conditions that produce the phenomenon of "illusory correlations" between potentially phobic stimuli (e.g., snakes and spiders) and an unconditioned stimulus (e.g., electric shock) is a fresh approach that should be highly productive. The results of this research will have direct implications for both the etiology and treatment of phobic disorders as well as the possible prevention of any relapse following treatment. Dr. Mineka, Project Director, will be responsible for the administration of the grant.

This grant is for support of a project aimed at stimulating research on Attention Deficit Disorders in Texas. Specifically, the funds will cover local costs for approximately 30 research scientists and clinicians who will be participating in a special workshop to be held at the time of the annual meeting of the American Academy of Child Psychiatry in San Antonio. Dr. Joseph M. Horn will be responsible for the administration of the grant.

Relationship Between Socio-Cultural Variables and Mental Health and Health Status of Hispanic Women in an Urban Texas/Mexico Border Community - \$27,305

The Hogg Foundation is recommending a grant for support of the research that Dean Martha S. Williams, Dr. Graciela Rodriguez, and Dr. Michael Lauderdale will be undertaking. It is our understanding that the Ministry of Health and Social Services will be cooperating closely on this project by collecting similar data in Ciudad Juarez in order that standardized comparisons can be made on both sides of the border. The collection of new information on family life-style, functioning, and attitudes as determinants of health service utilization will provide a basis for better coordination of social and health services for Mexican American families throughout the border region. This project is to be completed by August 31, 1986, at which time the Foundation is to receive a final report.

The Appropriation Bill provides that the administrative head may at his/her discretion give an employee a day of leave on the third Monday in January in observance of Martin Luther King, Jr.'s birthday. This day is in lieu of one of the preceding special leave days.

The Appropriation Bill provides ten and one-half (10-1/2) working days of basic vacation allowance for employees of the State to be accrued on the basis of seven (7) hours per month. All regular staff employees will accrue seven (7) hours of vacation leave for each month employed.

The Appropriation Bill also provides that State employees with long-term service shall accrue additional vacation leave in accordance with the following schedule:

<u>Employees With Total State Employment of</u>	<u>Hours Accrued Per Month</u>	<u>Maximum Hours to Carry Forward from One Fiscal Year to Next Fiscal Year</u>
0 but less than 2 years	7	168

Although all employees are encouraged to utilize vacation in the year which accrued, employees may carry forward unused vacation from one fiscal year to the next. The schedule presented above indicates maximum carry forward authorized by the Appropriation Bill.

When an employee will earn vacation entitlement beginning on the first day of employment with the State and termination on the last day of duty. Credit for one month's accrual will be given for each month or fraction of a month of employment with the State. Vacation with pay may not be granted until the employee has had continuous employment with the State for six (6) months, although credit will be accrued during that period.

\*Skeleton work force will be on hand.

PROPOSED JOINT DEGREES PROGRAMS

The following summarizes two proposed Joint Degrees Programs combining the Master of Business Administration and the Master of Arts in Latin American Studies and combining the Master of Public Affairs and the Master of Arts in Latin American Studies. The proposals have been passed by the Graduate Assembly, approved by me, and approved by the Executive Vice Chancellor for Academic Affairs. The complete text of the proposals can be found in the Documents and Proceedings of the Graduate Assembly, pages 1862.1-1862.19.

These joint degrees programs do not constitute new degrees or new programs but rather afford cooperative ventures by which students may seek two degrees in partially parallel and interlocking curricula. Each individual degree has been approved already by the Board of Regents and the Coordinating Board.

JOINT DEGREES PROGRAM LEADING TO DEGREES OF  
MASTER OF BUSINESS ADMINISTRATION  
AND  
MASTER OF ARTS IN LATIN AMERICAN STUDIES

PROGRAM PURPOSE

The Joint Program in Business Administration and Latin American Studies is designed to develop an area of previously unmet expertise regarding public enterprises, policy development, and their contributions to Latin American development. The program builds upon the work of the UT Austin Institute for Latin American Studies in setting new directions for public-enterprise scholarship and its development of special country-risk seminars and a seminar on industrial policy. The Joint Program will enhance the best of the two established degree programs in a way which will provide a focus on the public-private mix characteristic of Latin America.

PROGRAM STRUCTURE

1. Interested students must apply to and be admitted by both individual degree programs. Upon admission to the MBA program and to the MA program in Latin American Studies, the student should apply for admission to the joint MBA/MA program. Applications will be reviewed by a committee consisting of representatives of the two programs.
2. The program of study for the proposed joint degrees shall include:
  - 36 semester hours of required business courses as stated in the Graduate School of Business catalog.

33 of these semester hours fall within the Business School's first year program and 3 within the second year.

THE UNIVERSITY OF TEXAS AT AUSTIN  
 U.T. Board of Regents' Meeting December 5-6, 1985

PROPOSED JOINT DEGREES PROGRAMS (Continued)

- 15 semester hours of required courses in Latin American Studies: LAS 381, Seminar in Public Sector Studies; LAS 381, Research Methods Using Latin American Survey Data; LAS 391K, The Entrepreneurial Role of the State; LAS 391K, Country Risk Analysis; and, LAS 381, Public Sector Studies Workshop.
- 9 semester hours of graduate business courses from one functional business area (e.g., Finance, Marketing, Management, etc.).
- 6 semester hours of international business courses taught in the Graduate School of Business which must have Latin American content.
- 3 semester hours of Report (LAS 398R).

The report must be on a Latin American/Business topic and must be supervised by one faculty member in each department.

In order to meet the minimum number of hours for each department students will be required to have Latin American content in 9 of the hours taken under the first and third requirements above. The 9 hours could all be from one section or divided among the two sections.

Students in the Joint Degrees program will be expected to show language proficiency in either Spanish or Portuguese. The level of language competency expected in the examination given for the MA in Latin American Studies is that sufficient (in reading, speaking, and writing) to conduct field research.

3. Students admitted to the Joint Program will work with a joint committee consisting of faculty of the two programs. The Report requirement will be completed within the Latin American Studies program.
4. The degrees will be awarded simultaneously.

JOINT DEGREES PROGRAM LEADING TO DEGREES OF  
 MASTER OF PUBLIC AFFAIRS  
 AND  
 MASTER OF ARTS IN LATIN AMERICAN STUDIES

PROGRAM PURPOSE

The Joint Program in Public Affairs and Latin American Studies is designed to prepare students to fulfill the need for policy analysts with two sets of abilities: analytic skills designed to deal with complex

policy issues and area-specific knowledge oriented to an in-depth understanding of the Latin American context.

PROGRAM STRUCTURE

1. Interested students must apply for and be admitted to the two individual degree programs. Upon admission to both degree programs, students should apply for admission to the Joint Degrees program. A committee comprised of faculty from both degree programs will review and make recommendations on applications.
2. The program of study for the proposed joint degrees shall include:
  - 21 semester hours of required public affairs core curriculum: Policy Development; Public Administration and Management; Public Financial Management; Political Economy I; Political Economy II; Operations Research (or advanced equivalent); and, Statistical Methods (or advanced equivalent).
  - 8 semester hours for Policy Research Project.
  - 4 semester hours for summer Internship.

The internship must be related to Latin America.

  - 3 semester hours elective in public affairs.
  - 15 semester hours of the required public sector studies core curriculum in Latin American Studies: Seminar in Public Sector Studies; Research Methods Using Latin American Survey Data; Entrepreneurial Role of the State; Country Risk Analysis; and, Public Sector Workshop.
  - 15 semester hours of Latin American Studies electives.
  - 3 semester hours of Report (LAS 398R).

The report must be on a Latin American/public affairs topic and must be supervised by one faculty member in each program.
