AMENDMENTS TO THE 1996-97 BUDGET

The following Requests for Budget Changes (RBC) have been administratively approved as required by the appropriate Executive Vice Chancellor or Vice Chancellor and by the Chancellor and are recommended for ratification by the U. T. Board of Regents.

The term "rate" for academic institutions is the full-time nine-month base rate and for health institutions is the full-time twelve-month base rate; for all other personnel it is the full-time rate, the appointee receiving a proportionate amount depending upon the fraction of time for which he is appointed and the period of his appointment. Source of funds for payment of salaries, unless otherwise shown, is the departmental salaries account.

AMENDMENTS TO THE 1996-97 BUDGET

The following Requests for Budget Changes (RBC) have been administratively approved as required by the Executive Vice Chancellor for Academic Affairs and are recommended for ratification by the U. T. Board of Regents.

The term "rate" for academic institutions is the full-time nine-month base rate and for health institutions is the full-time twelve-month base rate; for all other personnel it is the full-time rate, the appointee receiving a proportionate amount depending upon the fraction of time for which he is appointed and the period of his appointment. Source of funds for payment of salaries, unless otherwise shown, is the departmental salaries account.

AMENDMENTS TO THE 1996-97 BUDGET

The following Requests for Budget Changes (RBC) have been administratively approved as required by the appropriate Executive Vice Chancellor for Academic Affairs and are recommended for ratification by the U. T. Board of Regents.

The term "rate" for academic institutions is the full-time nine-month base rate and for health institutions is the full-time twelve-month base rate; for all other personnel it is the full-time rate, the appointee receiving a proportionate amount depending upon the fraction of time for which he is appointed and the period of his appointment. Source of funds for payment of salaries, unless otherwise shown, is the departmental salaries account.

AMENDMENTS TO THE 1996-97 BUDGET

The following Requests for Budget Changes (RBC) have been administratively approved as required by the Executive Vice Chancellor for Academic Affairs and are recommended for ratification by the U. T. Board of Regents.

Source of funds for payment of salaries, unless otherwise shown, is the departmental salaries account.

MAY 8, 1997

AMENDMENTS TO THE 1996-1997 BUDGET

The following Requests for Budget Changes (RBC) have been administratively approved as required by the Executive Vice Chancellor for Health Affairs and are recommended for ratification by the U. T. Board of Regents.

The term "rate" for academic institutions is the full-time nine-month base rate and for health institutions is the full-time twelve month base rate; for all other personnel it is the full-time rate, the appointee receiving a proportionate amount depending upon the fraction of time for which they are appointed and the period of their appointment. Source of funds for payment of salaries, unless otherwise shown, is the departmental salaries account.
