Allocations were made from the Hogg Foundation for Mental Health Trustee Approved Program Support account to the following institutions and agencies:

Dallas Council on Alcoholism, Dallas, Texas - \$9,000.00

1. The Hogg Foundation Executive Committee recommends for approval a second-year grant in the amount of \$9,000.00 to the Family Education Program of the Dallas Council on Alcoholism. This grant is for the period of July 1, 1981 through June 30, 1982. In addition, unexpended funds of \$4,015.60 are authorized for expenditure before June 30, 1981.

The Family Education Program is a promising approach to dealing with the problems of families of which one or more members suffer from alcoholism. Through educational activities, information and referral services, and general follow-up, families are taught to understand the disease and its stressful effects upon them. Furthermore, opportunities are given for family members to seek help in other professional care settings; and judging from the first year's results, many alcoholics have entered treatment programs.

Mrs. Sara Whitley, Executive Director of the Dallas Council on Alcoholism, and Ms. Jan Evans, Administrator of the Family Education Program, will be responsible for the expenditure of the grant funds. They will submit an interim progress report no later than December 31, 1981, and a final fiscal accounting and evaluation in July of 1982. Dr. Terrence Tutchings will serve as Hogg Foundation liaison to the project.

The Authority for Mental Health and Mental Retardation in Harris County, Houston, Texas - \$29,856.00

2. The Hogg Foundation Executive Committee recommends approval of a third-year grant in the amount of \$29,856.00 to the Mental Health and Mental Retardation Authority in Harris County for the period May 16, 1981 through May 15, 1982.

These funds will be used to provide the salaries of two caseworkers employed at the Ima Hogg Adolescent Day School. These individuals will help to deliver a much needed service to the children whose only alternative is institutionalization. The program currently serves 15 disturbed youngsters ages 13-18.

Ms. Linda Price, who is responsible for the administration of the project, will submit both a fiscal accounting and a narrative evaluation of the program at the close of the grant period.

Dr. Wayne H. Holtzman and Dr. Ralph E. Culler will continue to serve as liaison persons for the Ima Hogg Foundation.

Intercultural Development Research Association, San Antonio, Texas - \$1,764.00

3. The Hogg Foundation Executive Committee is recommending the approval of a one-time grant in the amount of \$1,764.00 to the Mexican-American Mental Health Research Project of the Intercultural Development Research Association.

These funds will be used to defray travel and per diem expenses related to a statewide conference to identify the current directions of mental health policies and responsive service delivery in Texas. The conference will be held at the Joe C. Thompson Center May 1-2, 1981.

HOGG FOUNDATION FOR MENTAL HEALTH (Continued)

Dr. Jose A. Cardenas and Mr. David G. Ramirez will be responsible for the administration of the project funds. A report and fiscal accounting statement will be submitted to the Hogg Foundation within 30 days following the conference. Any unexpended funds will be returned to the Hogg Foundation at that time. Mr. Reymundo Rodriguez will serve as liaison for the Foundation for this project.

Texas Adult Probation Commission, Austin, Texas - \$11,300.00

4. The Hogg Foundation Executive Committee recommends approval of a six-month grant in the amount of \$11,300.00 to the Texas Adult Probation Commission for the period May 1, 1981 through October 31, 1981.

Since September, 1979, the Texas Adult Probation Commission has been implementing a series of activities directed at making operational a case classification system first developed in Wisconsin. The system is designed to classify adult probationers on the basis of the risk each presents to the community and the needs of each. A combination of supervision by a probation officer and referral to various community agencies for assistance offers a great potential for the coordination of community-based services.

Hogg Foundation funds will be used to support the full-time salary of a project director, two highly skilled consultants, and related research expenses. The Commission will provide over \$7,000 in administrative support. Mr. Don Stiles, Executive Director, and Mr. Jim McDonough and Mr. Malcom MacDonald of the Program Services staff will be responsible for the administration of the project. They will submit a progress report no later than July 31, 1981, and a final evaluation report and fiscal accounting no later than November 30, 1981. Mr. Reymundo Rodriguez and Dr. Terrence Tutchings of the Hogg Foundation staff will serve as liaisons to the project.

The DePelchin Faith Home, Houston, Texas - \$25,773.00

5. The Hogg Foundation Executive Committee recommends funding of a grant to the DePelchin Faith Home in the amount of \$25,773.00 for the period of January 1, 1981 through December 31, 1981.

The DePelchin Faith Home has requested third-year funding the amount of \$25,773.00 and a carryover of \$4,160.00 from last year to support the residential treatment program, Bayou Place, during 1981. The program provides much-needed intensive psychiatric and social services to approximately 30 seriously disturbed children from the Houston-Harris County area and was the subject of a highly positive evaluation by an outside consultant, Dr. Jackson Day. Hogg Foundation funds would be used for consultation from the Baylor Medical School, family therapy consultation by Dr. Dan Kaufman, and staffing for the new Diagnostic/Acute Care Unit.

Mr. Robert Barker and Ms. Marsha Henderson, will be responsible for the administration of the project, and will submit both a fiscal accounting and a narrative evaluation of the program at the close of the grant period. Dr. Wayne H. Holtzman and Dr. Ralph E. Culler continue to serve as liaison persons for this project.

Corporate Child Development Fund for Texas, Austin, Texas - \$8,430.00

6. The Hogg Foundation Executive Committee is recommending for approval a one-time grant in the amount of \$8,430.00 to the Corporate Child

HOGG FOUNDATION FOR MENTAL HEALTH (Continued)

Development Fund for Texas, for the period of May 1, 1981 through December 31, 1981.

These funds will be used as partial support for the administration and evaluation of a childcare voucher demonstration project. The immediate purpose of the project is to assist approximately 50 low-income parents to purchase reliable and regulated childcare for their children and thereby participate in job training. A second purpose is to promote the positive mental health of the parents and children served who otherwise would have to resort to less adequate arrangements. A third purpose is to demonstrate the effectiveness of the voucher system to a number of potential users (including Austin's Social Policy Advisory Committee, local employers and the Texas Department of Human Resources) so that they will be encouraged to develop a community-wide voucher system which, in turn, could serve as a model for other cities in the state.

Mr. Bruce Esterline, Executive Director of the Corporate Child Development Fund for Texas will be responsible for administration of the funds and will submit both a fiscal accounting and a narrative evaluation of the project at the close of the grant period in December, or no later than January 31, 1982. Dr. Charles M. Bonjean will serve as liaison person for the Hogg Foundation for this project.

Houston Child Guidance Center, Houston, Texas - \$102,730.00

7. After careful review of a satisfactory fourth-year progress report, the Hogg Foundation Executive Committee recommends approval of a fifth and final grant in the amount of \$102,730.00 to the Houston Child Guidance Center for the period January 1, 1981 through December 31, 1981.

This grant will be matched with a \$41,308.00 contribution by the Houston Child Guidance Center. The Hogg Foundation funds will be used to support three child psychiatric fellows and several second-year psychiatric residents. A companion grant made to The University of Texas Health Science Center would support the child psychiatric faculty which supervise the child fellows and psychiatric residents.

Mr. Michael H. White, who is responsible for the administration of the project, will submit both a fiscal accounting and a detailed final report of the program at the close of the grant period. Dr. Wayne H. Holtzman and Dr. Ralph E. Culler serve as liaison persons for this project.

The University of Texas Health Science Center at Houston, Houston, Texas - \$31,753.00

8. After careful review of a satisfactory fourth-year progress report, the Hogg Foundation Executive Committee recommends approval of a fifth and final grant in the amount of \$31,753.00 to The University of Texas Health Science Center at Houston for their program to provide comprehensive mental health services for the children of Houston and Harris County. The grant period will be January 1, 1981 through December 31, 1981.

The Hogg Foundation funds would pay salaries of two senior child psychiatrists, Dr. Art Farley and Dr. Rita Patton. A companion grant made to the Houston Child Guidance Center would support child psychiatric fellows and second-year psychiatric residences supervised by these two faculty members.

Dr. Louis Faillace, who is responsible for the administration of the project, will submit both a fiscal accounting and a detailed final report of the program at the close of the grant period. Dr. Wayne H. Holtzman and Dr. Ralph E. Culler will serve as Hogg Foundation liaisons for this project.

The University of Texas Health Science Center at San Antonio, Department of Psychiatry, San Antonio, Texas - \$25,000

9. The Hogg Foundation Executive Committee recommends approval of the fifth of a five-year grant for support of research in biological psychiatry at The University of Texas Health Science Center at San Antonio in the amount of \$25,000.00. The grant period will be from January 1, 1981 through December 31, 1981. Mrs. Mary Auler has agreed to provide a second five years of support at the rate of \$25,000 a year from the Mary Yates Memorial Fund for this outstanding work.

The Biological Psychiatry Research Committee, under the chairmanship of Dr. Charles Bowden, will continue to make recommendations in the coming year for the wisest expenditure of this fifth-year grant.

A progress report on his work will be submitted to the Hogg Foundation along with a fiscal accounting of the funds around the first of next year. Dr. Leon and his colleagues will also prepare at that time a more comprehensive review of all the work during this five-year period that has been supported by the Mary Yates Fund. Dr. Wayne H. Holtzman will continue to serve as Hogg Foundation liaison person to this project.

Student Learning Assistant Center, Southwest Texas State University, San Marcos, Texas - \$4,997.00

10. The Hogg Foundation Executive Committee is recommending approval of a one-time grant in the amount of \$4,997.00 for the period of May 26, 1981 through August 15, 1981 to the Student Learning Assistant Center at Southwest Texas State University. These funds will be used to modify a testing, counseling and skill development program for high-risk students conditionally admitted to Southwest Texas State.

The Center expects about 80-90 (mainly minority) high-risk students to be admitted to a summer conditional program. Because of marginal high school grades and/or low ACT scores, they are ineligible to enroll in most four-year university programs. As a condition of admission, each student is required to sign a contract requiring him/her to attend counseling/testing/skill development sessions offered by the Center, to enroll in six course hours each summer session, and to complete all hours with a minimum grade of "C". The present proposal suggests modifications in the program based on previous research and a more formal evaluation than has previously been the case.

Ms. Carol Dochen, Outreach and Special Programs Coordinator for the Student Learning Assistance Center, will be responsible for administering the project and will submit both a fiscal accounting and a narrative evaluation of the project no later than October 31, 1981. Dr. Charles Bonjean will serve as liaison person for the Hogg Foundation for this project.

HOGG FOUNDATION FOR MENTAL HEALTH (Continued)The University of Texas at AustinDepartment of Educational PsychologySocial Skills Training Program for Hyperactive Adolescents - \$8,456.00

11. The Hogg Foundation Executive Committee is recommending for approval a one-year grant in the amount of \$8,456 for the period of April 1981 through March 1982 to the Department of Educational Psychology, The University of Texas at Austin. These funds will be used to document specific social deficits in hyperactive adolescents. It will aim at finding out if the social effectiveness, social adaptation, and self-esteem of hyperactive adolescents can be improved.

Dr. Kathleen Waddell, responsible for administration of the project, will submit both a fiscal accounting and a narrative evaluation of the project at the close of the grant period.

Bert Kruger Smith will serve as liaison person for the Hogg Foundation for this project.

SECTION II

GENERAL PROVISIONS

Pursuant to the authority granted by Chapter 51, Section 51.201 et seq of Title 3 of the Texas Educational Code, the Board of Regents of the University of Texas System has promulgated Parking and Traffic Regulations to regulate and control parking and traffic and the use of parking facilities, provided for the issuance of vehicle identification insignia (parking permit), and provide for jurisdiction over offenses. This booklet contains those regulations and procedures applicable to any who would walk or drive and park a motor vehicle or bicycle on the main campus of The University of Texas at Austin. These rules and regulations are supplementary to the ordinances of the City of Austin and the statutes of the State of Texas which govern pedestrians and the use of motor vehicles and bicycles.

SPECIAL PARAGRAPHS

PARKING AND TRAFFIC REGULATIONS AND INFORMATION FOR 1981-82 (CONT'D)

The operation of a motor vehicle or bicycle on the University of Texas at Austin campus is a PRIVILEGE granted by the University and is not an inherent right of any faculty/staff member or student. All faculty, staff and students who have motor vehicles in their possession or control for use, operation or parking on the University campus must register said vehicles with the Parking and Traffic Office. Registration of a motor vehicle does not guarantee a parking place on campus. However, owners of registered vehicles may receive a reduced penalty for violations of certain University parking regulations (see Section VII).

The University is not responsible for fire, theft, damage to, or loss of such vehicles parked or operated on the University campus. No bailment is created by granting of any parking or operating privileges regarding a vehicle on any property owned, leased or otherwise controlled by the University.

The origin, administration and enforcement of the regulations contained in this booklet are as follows:

PARKING AND TRAFFIC POLICIES COMMITTEE: This committee is composed of faculty, staff and students and is responsible for formulating regulations for the control of parking and traffic upon the campus in the form of recommendations to the President of the University. Within the limitations imposed by restricted facilities and staff, it attempts to provide reasonable regulations for the control of the very high density of vehicular and pedestrian traffic on the campus of the University, toward the goal of optimum convenience and safety for all concerned. Suggestions for changes in these regulations, requests for individual consideration or any communications concerning these regulations should be directed to this Committee.

PARKING AND TRAFFIC APPEALS PANEL: This panel is composed of faculty, staff and students and rules on appeals from citations issued by University police for violation of parking and traffic regulations. This panel also conducts hearings concerning impoundment or barring of readmission, withholding of grades and transcripts based on overdue charges. (See section VIII).

PARKING AND TRAFFIC ADMINISTRATION: This office is responsible for all administrative functions relating to the issuance of parking permits, the collection of charges for parking and traffic violations, the acceptance of appeals from such violations and the issuance of refunds upon withdrawal from the University. Questions relating to these functions should be directed to Parking and Traffic Administration, Service Building, Room One.

THE UNIVERSITY OF TEXAS AT AUSTIN

SPECIAL PARAGRAPHS

PARKING AND TRAFFIC REGULATIONS AND INFORMATION FOR 1981-82 (CONT'D)

UNIVERSITY POLICE: The University Police has the responsibility and the legal authority for the enforcement of the parking and traffic regulations listed in this booklet. University police officers may issue TRAFFIC CITATIONS ENFORCEABLE IN COURT in the same way as those issued by the Texas Highway Patrol (see Section VIII). On special occasions and in emergencies, such parking limitations may be imposed by the Chief of the University Police as are required by the conditions which prevail. When conditions warrant such action, he may also waive parking limitations which are ordinarily imposed.

The University reserved the right to enforce parking and traffic regulations:

1. through the issuance of citations and the collection of charges for offenses,
2. through the impoundment of vehicles interfering with the movement of vehicular or pedestrian traffic or involved in specified parking offenses,
3. by the suspension or revocation of permits for repeated offenses,
4. by requiring either the vehicle owner or the person who has signed a financial responsibility agreement for parking violations to appear in court or at a University Hearing for non-payment of charges.
5. by barring readmission of any student for non-payment of outstanding charges,
6. by withholding a student's grades or official transcript,
7. by denying parking permits to those with overdue charges, and
8. by such other methods as are commonly employed by City or State police in control of traffic.

Proof of the fact that any parking or traffic control device, sign, parking meter, signal or marking was actually in place at any location on campus of The University of Texas at Austin, Austin, Texas shall constitute prima facie evidence that the same is official and was installed under the authority of the law.

When any person is charged with having stopped, parked and left standing a motor vehicle on the campus of the University of Texas at Austin, Austin, Texas in violation of any provisions of the Parking and Traffic Regulations of the University of Texas at Austin, proof that said vehicle was, at the date of the offense, bearing a valid University of Texas at Austin, parking permit shall constitute prima facie evidence that said vehicle was then and there stopped, parked and left standing by said holder of the parking permit. However, if such vehicle does not bear a valid University of Texas at Austin parking permit, proof that said vehicle at the date of the offense alleged, was owned by the person that said vehicle was then there stopped, parked and left standing by said owner.

SPECIAL PARAGRAPHS

PARKING AND TRAFFIC REGULATIONS AND INFORMATION FOR 1981-82 (CONT'D)

The absence of sufficient authorized parking space on the University campus during a particular period of time will not be considered by the University as a valid justification for violation of parking and traffic regulations. The mere fact that citations are not issued for any offense does not indicate that these regulations have been modified to exclude that offense.

On University holidays, only those parking restrictions which regulate parking at all times shall remain in effect.

Failure to abide by parking and traffic regulations may be the basis for disciplinary action against students and employees. Students may be subjected to penalties ranging from disciplinary probation to expulsion from the Institution as outlined in Section 3.13 of the Rules and Regulations of the Board of Regents' of the University of Texas System, Chapter VI, Part One. Employees may be subjected to disciplinary penalties including termination of employment. When an employee has accumulated three or more unpaid parking or traffic violations and/or charges of \$25.00 or more, the employee's Dean, Director or Administrative Official shall be notified by the Manager of the Parking and Traffic Administration. When a student is placed on the bar list for unpaid parking or traffic violations, the Dean of Students shall be notified by the Manager of the Parking and Traffic Administration.

SECTION VI

PARKING PERMITS

- A. FACULTY AND STAFF: A parking permit will be issued upon application to the Parking and Traffic Administration, (Located in the Service Building, Room One) by those faculty or staff members who are employed on the main campus. Permits will be issued to the vehicle for which the faculty or staff member, spouse or parent is the registered owner. If the registered owner is other than above then (1) the owner must be either related to or domiciled with the applicant, and (2) the owner must not be otherwise eligible for a University Parking Permit.

An alternate vehicle may be registered at no additional cost provided that both vehicles are owned by the applicant or another person as specified above with the understanding that both vehicles shall not be parked on campus at the same time unless one is parked at a meter. A citation will be issued by the University Police Department and in addition, the permit will be confiscated and the permit holder may lose parking privileges (Section VIII, Infra).

ENFORCEMENT

- A. PARKING AND TRAFFIC CITATIONS: University Police are authorized to issue two types of citations for violation of campus parking and traffic regulations:
- (1) UNIVERSITY CITATIONS - Those handled by the University of Texas Parking and Traffic Administration, subject to University charges and a right to appeal to the Parking and Traffic Appeals Panel.
 - (2) COURT APPEARANCE (CA) CITATIONS - Those issued by the University Police but constituting a summons to appear in either municipal court or a justice court. Criminal penalties, as provided by law, may be imposed by either the municipal court or a justice court for violations of University parking and traffic regulations.
- B. POLICY WITH RESPECT TO COURT APPEARANCE (CA) CITATIONS: The University reserves the right to issue a CA citation for any violation. It is the general policy of the University, however, to issue CA citations as follows:
- (1) For moving violations
 - (2) For any violation when the individual's driving or parking privilege has been suspended (see paragraph E below)
 - (3) When an individual receives a University citation and all reasonable attempts at collection have failed; provided further that the registered owner or operator of the vehicle has no affiliation with the University, e.g., employee or student.

C. POLICY WITH RESPECT TO UNIVERSITY CITATIONS: University citations are issued for offenses described in Section VII. The administrative charges are as shown. If not paid within twelve calendar days after issuance of the citation, a \$2 late charge will be assessed.

Every person receiving a University citation shall remit the amount of the charge to the Parking and Traffic Office, Service Building, Room One, within twelve calendar days after issuance of the citation, to avoid a late charge.

If a person desires to appeal, he/she shall comply with Paragraph D below within twelve calendar days after issuance of the citation.

Requests for exceptions to the above referenced twelve days, will be considered on an individual basis if mitigating or unusual circumstances exist. Such requests shall be submitted in writing to the Parking and Traffic Administration and shall detail the reason(s) such a request is being made. Requests based solely on alleged non-receipt of a copy of the citation will not be honored.

Unpaid charges for parking offenses are recorded either in the name of the person whose name the vehicle is registered with some official state motor vehicle registration department or agency or in the name of the person who had registered the vehicle with the Parking and Traffic Office.

NOTE: If a student has the same family name and/or home address as the registered owner, then the unpaid charges will also be recorded in the student's name. Unpaid charges for other offenses (e.g., moving violations) are recorded in the name of the person driving said vehicle and in the name of the person who has registered it with the University Parking and Traffic Office and/or the registered owner.

When unpaid charges are recorded, the Parking and Traffic Administration Office shall send a letter to the last known address of the person in whose name the charges are recorded.

Such letter shall state that unless (1) payment of all accumulated charges is made within twelve calendar days after the date of such letter or (2) a written request is made within twelve calendar days to appear before a University hearing concerning impoundment of the vehicle in case of faculty, staff, student or visitor, or for barring of readmission and/or withholding of grades and transcripts in case of students in accordance with the Regent's Rules and Regulations, Part One, Chapter VI, Section 9, the appropriate enforcement action will take place without further notice.

PARKING AND TRAFFIC REGULATIONS AND INFORMATION FOR 1981-82 (CONT'D)

At such hearing, which will be held after a reasonable period of time, the person requesting the hearing will assume the burden of showing why the appropriate enforcement action should not take place.

If timely payment is not received and either the registered owner or the person who has registered the vehicle with the University has failed to appear at the University impoundment hearing, the vehicle may be impounded pending payment of all outstanding charges, without further notice.

If timely payment is not received from a student and the student has failed to appear at a hearing, the student may be barred from readmission and his/her transcripts may be withheld, without further notice. Additionally, the student's vehicle may be subject to impoundment.

When Court Appearance citations are issued, the University citations will be cancelled. Failure to discharge CA citations may result in the issuance of a warrant for the arrest of such person.

Persons with unpaid charges recorded in their names shall be ineligible to receive a parking permit while such charges remain unpaid. To obtain a permit, a person shall either pay these charges or request a University Hearing.

- D. **APPEALS FROM UNIVERSITY CITATION(S):** Any person who has received a University citation may file a request to have the citation reviewed by the University Parking and Traffic Appeals panel. Such request must be submitted in writing to the Parking and Traffic Office within twelve calendar days from the date of the citations.

The written request must set forth the grounds on which the person believes the citation was improper or inequitable. Such written statement shall be submitted in an original plus five copies and include the following:

- (1) citation number(s),
- (2) license number of vehicle(s),
- (3) local address and telephone number,
- (4) date of appeal,
- (5) signature, and
- (6) printed name of person appealing.

Each appeal will be considered by an appeals panel consisting of faculty, staff and student members.

The filing of an appeal constitutes certification by the individual who signs the same that the facts stated therein are true to the best of his/her belief. A person may file such supporting statements or materials as he/she deems appropriate.

SPECIAL PARAGRAPHS

PARKING AND TRAFFIC REGULATIONS AND INFORMATION FOR 1981-82 (CONT'D)

If the person filing an appeal desires to appear in person before a panel he/she shall request such personal appearance in the written statement. Failure to request a personal appearance will result in the Parking and Traffic Appeals Panel determining the appeal on the basis of the written statement of the person, the supporting material submitted by the person and information supplied by the traffic officer issuing the citation. If a personal appearance is requested, the person appealing shall be permitted to participate in the hearing and present such testimony and information as he/she deems appropriate. Such person shall also have the right to examine witnesses.

The panel may order the payment of the charge in whole or in part, or the cancellation of the citation(s), as deemed appropriate. A person filing an appeal will be notified in writing of the decision of the panel. The decision of the Appeals Panel shall be final. If an appeal is denied and the person fails to pay the charges within twelve calendar days after date of notification, a \$2.00 late charge will be assessed.

- E. **SUSPENSION OF PRIVILEGE TO DRIVE AND PARK ON CAMPUS:** The loss of the privilege of driving or parking a motor vehicle on campus shall commence twelve days after the Parking and Traffic Office mails a letter to the person, at the address of such person as shown in the records of that office, stating that such person's privilege of driving or parking a motor vehicle on campus has been suspended. Such letter shall state the date on which the suspension commences and the date on which the suspension ends and will give notification of possible impoundment for parking offenses committed during the period of suspension and additionally, shall state the reason for such suspension.

Any person who (a) forges or alters a permit; (b) uses a forged or altered permit; (c) transfers a permit, affixes a permit to a vehicle other than that for which it was issued, or fails to destroy a permit when required to do so by these regulations with the intention of providing any person with parking privileges he/she is not entitled to under these regulations; or (d) provides false information to obtain a parking permit with knowledge thereof; or (e) parks or drives a vehicle to which there has been affixed a permit which the registered owner, or regular driver, did not purchase; or (f) parks two vehicles on campus at the same time under the Alternate Permit Policy (Section VI), shall lose the privilege of driving or parking on the University campus for six months. While a person's privilege of driving or parking a vehicle on campus is suspended, it is unlawful (1) for that person to drive or park any motor vehicle on the campus and (2) for any person to drive or park a vehicle registered in the name of such person on the campus.

PARKING AND TRAFFIC REGULATIONS AND INFORMATION FOR 1981-82 (CONT'D)

If a person whose privileges of driving or parking on the campus has been suspended receives a University citation by reason of having a vehicle on the campus during the period of his/her suspension, the period of suspension shall be extended so that it expires twelve months from the date the person receives such additional citation. In addition, the violation of the suspension shall be reported to the Dean of Students if the person is a student, or to the appropriate Dean, Director or Administrative Official for possible disciplinary action if the person is a faculty or staff member.

A person receiving notice that his privilege of driving or parking a vehicle on campus has been suspended may appeal the suspension within twelve calendar days on the grounds that the imposition of such suspension is improper or will create serious and substantial hardship. Such appeal shall be governed by the provision of Part D above. No appeal shall be considered if there are any unpaid citations outstanding at the time such appeal is filed, unless special arrangements are made with the Parking and Traffic Office.

- F. **DESTRUCTION OF PERMIT WHEN SUSPENDED:** Every person receiving notice that his/her privilege of driving or parking on the campus has been suspended shall remove the parking permit(s) from every vehicle registered in his/her name and return remnants thereof to the Parking and Traffic Office within twelve days after date of such notice. Failure to do so may be reported to the Dean of Students if the person is a student, or to the appropriate Dean, Director or Administrative Official, if the person is a faculty or staff member.
- G. **ELIGIBILITY TO OBTAIN NEW PERMIT DURING PERIOD OF SUSPENSION:** A person whose privilege of driving and parking on the campus is suspended and not reinstated shall be ineligible to receive a parking permit of any type during the period of suspension.
- H. **IMPOUNDMENT:** The term "impoundment" includes removal or immobilization of the vehicle in question.

In addition to any charge that may be levied by the University for an offense, the owner of an impounded vehicle must also pay a commercial wrecker service fee and storage charges after the first 24 hours. When an impounding violation occurs and the owner or driver of the vehicle appears on the scene before the arrival of the wrecker, the vehicle will not be impounded. If the owner or driver appears on the scene after the arrival of the wrecker and the wrecker driver has made a hook-up, the following will apply:

- (a) The vehicle will not be impounded;
- (b) and the owner or driver will be expected to pay the wrecker a fee, in lieu of towing.

If the vehicle is impounded the registered owner/permit holder will be so notified at his/her address.
