THE UNIVERSITY OF TEXAS SYSTEM

U. T. BOARD OF REGENTS' MEETING

JUNE 13-14, 1985

HOGG FOUNDATION FOR MENTAL HEALTH

AND IMA HOGG FOUNDATION

Allocations were made from the Hogg Foundation for Mental Health and Ima Hogg Foundation to the following institutions and agencies:

1. Cancer Counseling, Inc.

Clinical Outpatient Program for Children - \$17,500

The Ima Hogg Foundation is recommending for approval a grant for the period April 1, 1985 to March 31, 1986. The Ima Hogg grant will be used to provide counseling services on an outpatient basis to children with cancer or children of cancer patients. The funds will be used to supplement mental health professionals who are providing the counseling services at a significantly reduced rate. With Ima Hogg support, many children affected by cancer will receive services which are currently not available. Ms. Elise Needell, President of Cancer Counseling, Inc., will be responsible for the administration of the project.

2. City of Austin

Survey of the Austin Transient Population - \$950

The Hogg Foundation Executive Committee recommends a supplementary grant for the period April 15 through May 15, 1985. These funds will be used to complete the final analysis and report of a survey of the Austin Transient Population being conducted by Professor Donald J. Baumann and his associates in U. T. Austin Department of Psychology. Dr. Baumann is responsible for the administration of the project.

3. Communities in Schools, Inc., El Paso, Texas

Communities in Schools - \$24,228

The Hogg Foundation Executive Committee recommends for approval a one-time grant for the period June 1, 1985 to May 31, 1986. This grant is for support of a new program designed to coordinate social services for students and their families and to initiate a youth employment program. The grant will combine with support from public and private agencies and has as its major goal the reduction of school dropouts. Mrs. Jill Shaw, Director of the Communities in Schools Program, Inc., is responsible for the administration of the program.

4. DePelchin Children's Center

Day Treatment for Latency-Aged Children - \$106,000

The Ima Hogg Foundation is recommending for approval a first-year grant for the period July 1, 1985 to June 30, 1986. This day treatment service will be oriented primarily towards residential aftercare and should mesh nicely with a day treatment program being developed by the Houston Child Guidance Center. The Guidance Center's program will serve children for whom day treatment is an alternative to institutionalization. The addition of this service to DePelchin's overall program will make the Center a much stronger link in the continuum of children's mental health services in the Houston community. Mr. Robert Barker, Executive Director of the DePelchin Children's Center, will be responsible for administering the program.

5. Juvenile Court Volunteers of Harris County, Inc.

Juvenile Court Volunteers of Harris County, Inc. - \$23,880

The Ima Hogg Foundation is recommending, for approval, a second-year grant for the period March 1, 1985 to February 28, 1986. We have received a satisfactory progress report from the Juvenile Court Volunteers program on their activities during the past year. The program has made substantial gains in the number of children served and will be providing services for 25 more youth through a new program, "Project Re-Entry." This grant will be used to continue the support of the Juvenile Court Volunteers program, recruiting and training volunteers to work with delinquent youth in the Houston area. Ms. Mary Gready, Executive Director of Juvenile Court Volunteers, will be responsible for the administration of the grant.

6. Sand Dollar, Inc., Houston, Texas

Community-Based Youth and Family Counseling - \$23,000

The Ima Hogg Foundation is recommending for approval a third and final grant for the period April 1, 1985 to March 31, 1986. This grant will provide partial support for the Family Works Satellite program which provides services to homeless children and their families in the Houston area. In the program's second year, the Family Works program served over 140 families of runaway and cast-off children. Part of their success can be attributed to their use of the satellite concept which brings the services closer to the families in need. The program continues to work with the University of Houston, in their training of M.S.W. students. Ms. Anne D. Moore, the program's director, will be responsible for the administration of the project.

7. Women in Action

Group Home for Teen Mothers and Their Infants - \$30,000

The Executive Committee of the Ima Hogg Foundation recommends for approval a one-year grant for the period May 1, 1985 to April 30, 1986. The proposed demonstration project is designed to provide safe housing over a twelve month period for up to ten young women and their infants. During the period of residency, they will be required to attend public school and will be engaged in a program aimed at imparting sound parenting skills and personal development skills. Edna T. Anderson, of Women in Action, will be responsible for administration of the project.

8. Department of Sociology, Texas Tech University

Class, Ethnicity, Psychological Distress and Readiness for Self-Referral to a Professional Mental Health Facility - \$10,100

The Hogg Foundation recommends for approval a second-year grant for the period April 1, 1985 through January 31, 1986. This grant will provide partial support for a coordinated research effort between two institutions, Texas Tech Medical School in El Paso and Texas Tech University in Lubbock. During the first year, the researchers have developed English and Spanish versions of interview schedule, conducted field research involving over 800 respondents, and completed a codebook to be used in analyzing data. In the second year, Dr. Heller will conduct rigorous analyses of the data set and will use the research findings to formulate appropriate policy guidelines for use by community mental health care agencies. Dr. Peter Heller of the Department of Sociology is responsible for administering the project.

AND IMA HOGG FOUNDATION

9. Texas Wesleyan College

Personal Competency Intervention Project - \$19,493

The Hogg Foundation Executive Committee recommends for approval a one-time grant for the period June 1, 1985 to October 1, 1986. This grant will be used to address the problem of depression among college students by developing, implementing and evaluating a Personal Competency Intervention Service.

Texas Wesleyan College will require all incoming freshmen to participate in a one-hour credit course that will meet twice weekly during the Fall semester. Approximately half of the students will receive skill building in self control, affect management, social skills, and problem solving. This course is based on previous work done at the University of Utah which involved the study of correlates of depression among college students and their implications for the reduction of depression among members of the same population. Most of the remaining students will receive academic skills training (including listening skills, time management, study reading, test preparation, and dealing with text anxiety) and will serve as a control group in the evaluation design. Students in both groups will be tested before they participate in the program and at various phases throughout the project. Dr. James Cannici, Director of Counseling and Testing, will serve as the project director.

10. Department of Psychology and Human Development,
The University of Texas at Dallas

Follow-up Study of Children with Varying Quality Day Care Experiences - \$7,834

The Hogg Foundation Executive Committee recommends a one-time grant for the period March 1, 1985 through February 28, 1986. These funds will be used for a follow-up study of children with variable quality day care experience. The purpose of the study is to determine the long term effects of attending day schools of variable quality on children's social, emotional, and intellectual functioning. Data gathering techniques to be employed in the present study include direct observation of the children in creative, cooperative, competitive and conflictive situations, parental information on child care arrangements since birth as well as evaluations of their child's social, emotional, intellectual and physical functioning, and teacher ratings of child performance. Dr. Deborah Lowe Vandell, Associate Professor of Psychology, will be in charge of administering the project funds.

11. The University of Texas Health Science Center at Houston

"Health Care for the Elderly--Regional Responses to National Policy Issues" Conference - \$1,000

The Hogg Foundation Executive Committee is recommending for approval a one-time grant for the period of April 1, 1985 to May 31, 1985. These funds will be used to bring as a consultant and speaker Dr. Leon Eisenberg, Presley Professor of Social Medicine, Professor of Psychiatry and Chairman, Department of Social Medicine and Health Policy at Harvard Medical School. Dr. Kathleen G. Andreoli is responsible for administration of the funds.

12. Department of Sociology, The University of Texas at Austin

Homelessness in a Sun-Belt City - \$1,000

The Hogg Foundation Executive Committee recommends for approval a supplementary grant for the period May 1, 1985 through August 31, 1985. These funds will be used as additional support for a previously funded

project on homeless in Austin. This project involves both systematic observation and interviewing of the homeless in Austin, as well as the analysis of records of those agencies serving the homeless. Because the investigators found that agencies serving the homeless had more extensive records than was originally thought to be the case, the additional funding will enable more extensive analysis. Dr. David Snow will continue to be responsible for administering the project. (RBC D85)

13. School of Nursing - The University of Texas at Austin

Preschool Children's Socio-emotional Development - \$2,985

The Hogg Foundation Executive Committee recommends for approval a one-year grant for the period April 1, 1985 to March 31, 1986. These funds will be used for longitudinal research on the effects of endogenous and environmental variables in the socio-emotional development of preschool children. The proposed study will extend research undertaken by the principal investigators over the last five years. The goals of the study are to determine the influence of mother-infant interactions as well as significant environmental effects (e.g., moving, illness, full-time day care, divorce or separation, etc.) on the socio-emotional development of preschool-age children. The project is of both scholarly and applied value in that it will provide research-based knowledge for early assessment and intervention with new parents and their infants. Dr. Lorraine Walker, Luci B. Johnson Centennial professor in Nursing will serve as the project administrator. (RBC D80)

14. School of Social Work at The University of Texas at Austin

Summer Institute on Child Development and Social Policy - \$2,050

The Hogg Foundation recommends for approval a one-time grant for support of faculty and speakers for the Summer Institute on Child Development and Social Policy, June 15-28, 1985. The Institute is a working conference sponsored by the Society for Research in Child Development, a distinguished interdisciplinary association of child development experts. Three policy-relevant areas to be addressed in the Institute are directly relevant to interests of the Hogg Foundation: (1) child care, (2) child abuse and family violence, and (3) the education of the multi-cultural child. Dr. Mary E. Pharis is responsible for the coordination of the conference. (RBC D86)

REVISIONS TO THE PARKING AND TRAFFIC REGULATIONS

The Parking and Traffic Regulations recommended for approval by the U.T. Board of Regents have been approved by an attorney in the Office of General Counsel and are based on model regulations approved by that office. These regulations supersede all prior Parking and Traffic Regulations.

SECTION 1
QUICK REFERENCE TO PARKING
AND TRAFFIC REGULATIONS

- 1. PERMITS REQUIRED FOR ACCESS & PARKING: Only vehicles conspicuously displaying proper University permits (as specified in Section VI, *infra*) may enter or park on the main campus Monday through Friday from 7:30 a.m. to 5:00 p.m. Purchase of a permit does not guarantee a parking place on campus (Section II, *infra*).
- 2. DISPLAY OF PERMITS: Parking permits must be properly affixed to the vehicle(s) as described in Section VI *infra*. Decals which are taped or affixed by unauthorized materials or displayed on a vehicle other than the vehicle to which issued will subject the holder to a University citation. Additionally, the permit will be revoked and the holder may lose all parking privileges (Section VIII, *infra*).
- 3. HANGING PERMIT: Class A, C and G applicants will be issued one hanging or transferrable parking permit in lieu of an adhesive window decal(s). The applicant may transfer this hanging permit to any vehicle he/she wishes; however, the applicant will be responsible for parking violations by the vehicle bearing their permit. (Section V, *infra*.)
- 4. REMOVAL OF PERMITS: Permits (Decals) shall be removed when there is a change of vehicle ownership; when association with the University is terminated; when a replacement permit (decal) has been issued to take the place of a previously issued permit (decal); or upon expiration or revocation. (Section VI, *infra*)
- 5. CLASS "A" PERMITS: Holders of Class "A" permits may park in any designated Class "A" parking area *except car pool areas*, Monday through Friday from 7:30 a.m. to 5:00 p.m. and in Class "C" parking areas *after* 2:00 p.m. Holders may park in other parking areas at other times except when restricted or prohibited by posted signs or markings.

NOTE: Certain spaces have been reserved after these hours for vehicles bearing a current Class "A" permit. These spaces are located as follows (each area is specifically posted as to times/ days, etc.):

When no spaces are available, a temporary permit may be issued by traffic control station personnel which will authorize parking in other designated areas for limited periods of time. (Section VI, *infra*).
 8. CLASS "F" PERMITS: Holders of Class "F" permits shall park only in the area (lot) designated on their permits, from 7:30 a.m. to 5:00 p.m. Monday through Friday. THE UNIVERSITY OF TEXAS AT AUSTIN
 U.T. Board of Regents' Meeting June 13-14, 1985

Revisions to the Parking and Traffic Regulations (cont'd):

11. **LOADING ZONE PERMITS & WHERE TO OBTAIN:** A Loading Zone permit is required to use these spaces/areas Monday through Friday from 7:30 a.m. to 4:00 p.m. unless otherwise posted. Permits (normally valid for 20 minutes) may be obtained from the guards at the traffic control stations. NOTE: Vehicle flashers must be on when using a Loading Zone. When the control stations are closed, call 471-4441 for assistance (Section VI, infra).
 12. **BICYCLE REGISTRATION:** Bicycles operated or parked on the main campus shall be registered with the University Police Department. Contact UTPD in front of Gregory Gymnasium on Wednesdays from 9:00 a.m. to 4:00 p.m. for free registration (Section IV, infra).
 13. **BICYCLES, MOPEDS (MOTOR-ASSISTED BICYCLES) AND SKATES:** Bicycles and mopeds must be operated in accordance with the ordinances of the City of Austin, the specific applicable provisions of these regulations, all provisions of these regulations concerning parking restrictions and traffic and applicable state laws. Rollerskating (including skate boards) is not permitted on any part of the campus. (Section IV, infra.)
 14. **CLOSURE OF PARKING LOTS:** On occasion during the year, certain parking lots may be closed upon recommendation by the Parking and Traffic Policies Committee, and approval by the President of the University.
 15. **SPEED LIMIT:** The speed limit on all parts of the main campus, whether on streets or in parking areas, is 15 mph unless otherwise posted. (Section IV, infra).
 16. **POSTED SIGNS:** Posted signs, whether permanent or temporary, must be obeyed at all times and take precedence over painted curbs, pavement markings and designations shown on any University map.
 17. **PARKING IMPROPERLY:** A vehicle shall not park on a street where angle parking is required, with the back of the vehicle toward the curb, nor shall a vehicle be parked opposite the flow of traffic in the traffic lane where parallel parking is required. Parking wholly within the marked boundaries of the parking space is required at all times. Other improperly parked vehicles do not constitute an excuse for improper parking. Vehicles shall not park so as to obstruct walkways, ramps, loading docks, marked crosswalks or inflict damage to shrubbery, trees, grass, grounds or structures. (Section VII, infra).
- NOTE: Certain areas or lots may have spaces or rows marked "Small Car Parking ONLY". These spaces will NOT accommodate full size cars within the lines. Small car spaces usually will be 7 1/2 feet wide and 15 feet long.
18. **NO PARKING ZONES:** In addition to zones marked by posted signs, ALL yellow-painted curbs or pavements denote NO PARKING AT ANY TIME.
 19. **REGISTRATION OF TWO VEHICLES:** Holders of Class D, F or O permits may register an alternate vehicle at no extra cost. Holders of Class A, C or G permits may register one additional motorcycle or motorscooter or moped. (Section VI, infra.)

THE UNIVERSITY OF TEXAS AT AUSTIN
U.T. Board of Regents' Meeting June 13-14, 1985

Revisions to the Parking and Traffic Regulations (cont'd):

NOTE: If an alternate vehicle is registered, both vehicles shall not be parked on campus at the same time unless one is parked in a metered space. If both vehicles are found to be parked otherwise, then the permit may be revoked for the remainder of the permit year. (Section VIII, infra.)

20. ENFORCEMENT AND IMPOUNDMENTS: Failure to abide by these regulations may be the basis for disciplinary action against students, and faculty/staff (Section V, infra). Upon notice, violators may subject their vehicle(s) to impoundment pending payment of overdue charges (Section VIII, infra). Students may also be barred from readmission and have grades, degree, refunds or official transcripts withheld pending payment of overdue charges (Section VIII, infra). Vehicles may also be impounded for specific violations (Section VII, infra).
21. APPEAL OF CITATION: University parking and traffic citations may be appealed, within five (5) working days from date of citation, by completing and filing a Citation Appeal Form with the Parking and Traffic Office. (See Section VIII for detailed procedures). Court Appearance citations are handled by the appropriate state or municipal court.
22. VISITORS: All visitors need permits to park on campus UNLESS parked at a paid parking meter or at the University Visitor Center. OFFICIAL VISITORS are those who conduct important business with or who render an important service to the University and who are not otherwise eligible for annual parking permits. Official Visitors may obtain temporary parking permits from the guards at the traffic control stations. These permits entitle the holder to park *only* in a space designated "Official Visitor". Permits must be clearly visible and hanging from the rear view mirror support. (Section VI, infra).
23. PEDESTRIANS--RIGHTS AND DUTIES: Pedestrians are subject to all official traffic control devices. They have the right-of-way at marked crosswalks, in intersections and on sidewalks extending across a service drive, building entrance or driveway. Pedestrians crossing a street at any point other than within a marked crosswalk or within an unmarked crosswalk at an intersection shall yield the right-of-way to all vehicles on said street. Pedestrians shall not leave curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield. They may cross an intersection diagonally only where permitted by special pavement marking.
24. INOPERABLE VEHICLES: If a vehicle becomes inoperable, a telephone call shall be placed to the University Police Department (471-4441). The police will either render assistance or authorize temporary parking. Temporary parking shall not exceed 24 hours and must not create an obstruction or hazard. Vehicles shall not be left without written permission from UTPD. Hand written notes are not acceptable.

SECTION 11
GENERAL PROVISIONS

Pursuant to the authority granted by Section 51.201 et seq, 54.005, 54.503, 65.31 and 67.21 of Title 3 of the Texas Education Code, the

THE UNIVERSITY OF TEXAS AT AUSTIN
 U.T. Board of Regents' Meeting June 13-14, 1985

Revisions to the Parking and Traffic Regulations (cont'd):

Board of Regents of the University of Texas System has promulgated Parking and Traffic Regulations to regulate and control parking and traffic and the use of parking facilities, to provide for the issuance of vehicle identification insignia (parking permit), and to provide for jurisdiction over offenses. This booklet contains those regulations and procedures applicable to any who would walk or drive and park a motor vehicle or bicycle on the campus of The University of Texas at Austin. These rules and regulations are supplementary to the ordinances of the City of Austin and the statutes of the State of Texas which govern pedestrians and the use of motor vehicles and bicycles.

The operation of a motor vehicle or bicycle on The University of Texas at Austin campus is a PRIVILEGE granted by the University and is not an inherent right of any faculty/staff member or student. All faculty, staff and students who have a motor vehicle in their possession or control for use, operation or parking on the University campus must register said vehicle with the Parking and Traffic Office. Registration of a motor vehicle does not guarantee a parking place on campus.

The University is not responsible for fire, theft, damage to, or loss of vehicle parked or operated on the University campus. No bailment is created by granting of any parking or operating privileges regarding a vehicle on any property owned, leased or otherwise controlled by the University.

The administration and enforcement of the regulations contained in this booklet are as follows:

PARKING AND TRAFFIC POLICIES COMMITTEES: The standing committee is composed of four faculty, two staff, and two student members. Additionally there is a Balcones Research Center (BRC) Committee appointed by the President which consists of representatives from organizations located at BRC. The function of these committees is to advise the President in matters regarding parking and traffic regulations and to review annually the system of priorities for permits issued for parking in restricted areas. These committees are concerned with meeting the parking and traffic safety needs of faculty, staff, students and visitors. Suggestions for changes to the parking and traffic regulations; requests for individual consideration; or any other communication concerning these regulations should be directed to the appropriate committee.

PARKING AND TRAFFIC APPEALS PANEL: This panel is composed of faculty, staff and students and rules on review requests (Section VIII, paragraph F, infra); and conducts hearings concerning impoundment or barring from readmission, the withholding of grades, degree, refunds or official transcripts based on overdue charges (Section VIII, paragraph D, infra). This panel also rules on appeals from proposed suspensions of campus driving and parking privileges (Section VIII, paragraph G, infra).

PARKING AND TRAFFIC ADMINISTRATION: This office is responsible for all administrative functions relating to the issuance of parking permits, the collection of administrative enforcement charges for parking and traffic violations, the acceptance of appeals from such violations and the processing of refund requests upon withdrawal from the University. Revisions to the Parking and Traffic Regulations (cont'd):

UNIVERSITY POLICE: The University Police have the responsibility and the legal authority for the enforcement of the Parking and Traffic Regulations listed in this booklet. University police officers may issue CITATIONS ENFORCEABLE IN COURT (see Section VIII). On special occasions and emergencies, such parking limitations may be imposed by the Chief of the University Police as are required by the conditions which prevail. When conditions warrant such action, the chief may also waive parking limitations which are ordinarily imposed.

The University reserves the right to enforce Parking and Traffic Regulations:

1. through the issuance of University citations and the collection of administrative enforcement charges for offenses;
2. through the impoundment of vehicles interfering with the movement of vehicular or pedestrian traffic or blocking a sidewalk, ramp, loading dock, cross-walk, entrance, exit, fire lane or aisle and through the impoundment of vehicles for unpaid charges after proper notice as provided by these regulations;
3. by the suspension or revocation of permits;
4. by requiring either the vehicle owner or the person who has registered the vehicle with the University Parking and Traffic Office, to appear at a University hearing for non-payment of outstanding charges;
5. by barring the readmission and withholding of grades, degrees, refunds and official transcripts of any student for non-payment of outstanding charges;
6. by disciplinary action against employees or students who fail to abide by these regulations;
7. by denying parking permits to those with overdue charges;
8. by the issuance of Court Appearance Citations requiring an appearance in the appropriate state or municipal court; and
9. by such other methods as are commonly employed by city governments or State agencies in control of traffic regulation enforcement.

Proof of the fact that any parking or traffic control device, sign, parking meter, signal or marking was actually in place at any location on campus of The University of Texas at Austin, Austin, Texas shall constitute prima facie evidence that the same is official and was installed under the authority of applicable law and these regulations.

When any person is charged with having stopped, parked and left standing a motor vehicle on the campus of The University of Texas at Austin, in violation of any provisions of the Parking and Traffic Regulations of The University of Texas at Austin, proof that said vehicle was, at the date of the offense, bearing a valid University of Texas at Austin parking permit shall constitute prima facie evidence that said vehicle was then and there stopped, parked and left standing by the holder of the parking permit. However, if the vehicle does not bear a valid University of Texas at Austin parking permit, proof that said vehicle at the date of the offense alleged, was owned by an individual is prima facie proof that said vehicle was then and there stopped, parked and left standing by said owner.

the ordinances of the City of Austin and the statutes of the State of Texas which govern pedestrians and the use of motor propelled vehicles and bicycles.

1. Bicycles operated or parked on the main campus shall be registered with the University Police Department. Contact UTPD in front of Gregory Gymnasium on Wednesdays from 9:00 a.m. to 4:00 p.m. or during other specially publicized periods for information on free registration.
2. Bicycles shall be parked ONLY in bicycle racks/concrete parking blocks provided for this purpose.

After these hours they may park in motorcycle areas or in any bicycle rack/concrete parking block provided for this purpose.

SECTION V
PARKING REGULATIONS

The various classes of parking permits and their eligibility requirements, privileges and limitations are described in detail in Section VI. Parking meters are in use from 8:00 a.m. to 5:00 p.m. Monday through Friday except on designated University holidays. Parking is PROHIBITED AT ALL TIMES where indicated by signs, yellow-painted curbs or yellow-painted pavement markings. Parking adjacent to orange-painted curbs is restricted to AUTHORIZED VEHICLES ONLY as shown on posted signs. Parking at unpainted curbs is controlled by area parking signs. Posted signs must be honored at all times and take precedence over painted curbs, pavement markings and designations shown on the enclosed map.

Privately owned motor homes, trailers and other over-size vehicles whose individual or combined length is in excess of twenty feet shall not be operated or parked on the campus without specific authorization.

Class A, C and G applicants will be issued one hanging or transferrable parking permit in lieu of an adhesive window decal. The applicant may transfer this hanging permit to any vehicle he/she wishes, however, the applicant will be responsible for parking violations by any vehicle bearing his/her permit. THE PENALTY FOR ILLEGAL POSSESSION OR USE OF A LOST, STOLEN OR FORGED PERMIT SHALL BE an amount equal to the original value of the permit plus any citations issued; and revocation of parking privileges for a period of one year. Other restrictions concerning parking and driving on the Main Campus are shown in Section VII DRIVING AND PARKING OFFENSES.

The absence of sufficient authorized parking space on the University campus during a particular period of time will not be considered as valid justification for violation of parking and traffic regulations. The mere fact that citations are not issued for any offense does not indicate that these regulations have been modified to exclude the offense.

All posted restrictions apply whether or not classes are in session. On designated University holidays, only those parking restrictions which regulate parking *at all times* shall remain in effect.

Failure to abide by parking and traffic regulations may be the basis for disciplinary action against students and employees. Students may be subjected to penalties ranging from disciplinary probation to expulsion from the Institution as outlined in Section 3 of the Rules and Regulations of the Board of Regents of the University of Texas System, Chapter VI, Part One. Employees may be subjected to disciplinary penalties including termination of employment as outlined in Section 9.48(a) of the HANDBOOK OF OPERATING PROCEDURES.

SECTION VI

Possession or use of a lost/stolen permit or a forged permit shall result in an administrative charge (Section VII, infra.) and loss of parking privileges. (Section VIII, infra.).

 2. COURT APPEARANCE (CA) CITATIONS - Those issued by The University Police but constituting a summons to appear in either municipal court or a justice court. Failure to discharge CA citations may result in the issuance of a warrant for the arrest of such person.
- B. POLICY WITH RESPECT TO COURT APPEARANCE (CA) CITATIONS: The University reserves the right to issue a CA citation for any violation. It is the general policy of The University, however, to issue CA citations at the University's option as follows:
1. for moving violations; or,
 2. for any violation when the individual's driving or parking privileges has been suspended (see paragraph E below) .
- C. PROCEDURE FOR UNIVERSITY CITATIONS: University citations are issued for offenses described in Section VII. The administrative enforcement charges are as shown. If payment for the charge is not received within twelve calendar days after issuance of the citation, a \$2 late charge will be assessed.

Every person receiving a University citation shall remit the amount of the charge to the Parking and Traffic Office. Payment *must be received* within twelve calendar days after issuance of the citation, to avoid a late charge.

If a person desires to appeal a University citation, he/she shall comply with Paragraph E below within five working days after issuance of the citation.

Requests for exceptions to the above referenced five working days, will be considered on an individual basis if mitigating or unusual circumstances exist. Such requests shall be submitted in writing to the Parking and Traffic office and shall detail the reason(s) such a request is being made. Requests based solely on alleged non-receipt of a copy of the citation will not be honored.

Unpaid charges for parking offenses are recorded either in the name of the person in whose name the vehicle is registered with some official state motor vehicle registration department or agency, or in the name of the person who has registered the vehicle with the Parking and Traffic Office.

NOTE: If a student has the same family name and/or home address as the registered owner, then the unpaid charges will also be recorded in the student's name. Unpaid charges for other offenses (e.g. moving violations) are recorded in the name of the person driving said vehicle and in the name of the person who has registered it with The University Parking and Traffic Office and/or the registered owner.

U.T. Board of Regent's Meeting June 13-14, 1985

Revisions to the Parking and Traffic Regulations (cont'd):

Persons with unpaid charges recorded in their names shall be ineligible to receive a parking permit while such charges remain unpaid. To obtain a permit, a person shall either pay these charges or request a University Hearing.

- D. **APPEALS FROM UNIVERSITY CITATION(S):** Any person who has received a University citation may file a request to have the citation reviewed. This appeal must be filed with the Parking and Traffic Office no later than five working days after the citation was issued. If an appeal is not filed within this time the citation is deemed final.

Appeals shall be prepared in writing on the "Citation Appeal" form provided by the Parking and Traffic Office. Appeals may be based solely on the written statement or the appealing party may also request a personal appearance. Failure to request a personal appearance or failure to appear at the hearing (as requested) will result in the decision being rendered on the basis of the written statement (including any supporting material submitted) and the information as shown on the citation(s).

Each "Citation Appeal" form will be reviewed by the Manager of the Parking and Traffic Office for a decision and the appealing party will be notified, in writing, of the decision. The Manager may order payment of the administrative enforcement charge(s) in whole or in part, or the cancellation of such charge(s). If the appeal is denied and the appealing party fails to pay the charge(s) or to request a review of the appeal (see paragraph F below) within twelve calendar days from the date of decision, a \$2 late charge will be assessed on the citation(s).

- E. **REVIEW OF APPEAL FROM UNIVERSITY CITATION(S):** Any person who has appealed a University citation(s) and who is not satisfied with the decision by the Manager of the Parking and Traffic Office, may file a written request to have the decision reviewed by The University Parking and Traffic Appeals Panel. Such request shall be submitted in writing to the Parking and Traffic Office within twelve calendar days from the date of the original decision.

This written request shall set forth the grounds on which the appealing party believes the decision was improper or inequitable. Such written request shall be submitted in an original plus six legible copies (reproduced copies are acceptable) and include the following:

1. citation number(s);
2. license number of vehicle(s);
3. date of original decision;
4. date review requested; and
5. printed or typed name, address and signature of person requesting the review.

When a review request is filed, the appealing party will be required to post a bond with the Parking and Traffic Office in the amount of the charge(s) in dispute.

Each review will be considered by a University Appeals Panel consisting of faculty, staff and student members. The Panel may uphold the Manager's decision, or they may reverse the decision in whole or in part, as deemed appropriate.

THE UNIVERSITY OF TEXAS AT AUSTIN
 U.T. Board of Regent's Meeting June 13-14, 1985

Revisions to the Parking and Traffic Regulations (cont'd):

When the Parking and Traffic Office is advised, in writing, of the decision rendered by The University Appeals Panel, the bond will be released and the proceeds will then either be refunded to the appealing party or used to pay the charge(s) then due.

The decision of The University Appeals Panel shall be final.

- F. **IMPOUNDMENT OF VEHICLES, BARRING OF READMISSION AND WITHHOLDING OF GRADES, DEGREES, OFFICIAL TRANSCRIPTS AND REFUNDS:** When unpaid charges are recorded, the Parking and Traffic Administration Office shall send a letter to the last known address of the person in whose name the charges are recorded.

Such letter shall state that unless (1) payment of all accumulated charges is received within twelve calendar days after the date of such letter; or, (2) a written request is received within twelve calendar days to appear before a University hearing concerning impoundment of the vehicle in case of faculty, staff, student or visitor, or for barring of readmission and/or withholding of grades, degree, official transcripts and refunds in case of students as authorized in the Regent's Rules and Regulations, Part One, Chapter VI, Section 9, and state law, the appropriate enforcement action will take place without further notice.

Such a hearing is not an appeal of Parking and Traffic citations but is a limited hearing to allow the individual an opportunity to show that the vehicle in question was not owned, registered or used by the individual or to show that the individual receiving notice of impending sanctions does not have unpaid Parking and Traffic charges.

At such hearing, which will be held after a reasonable period of time, the person requesting the hearing will assume the burden of showing why the appropriate enforcement action should not take place.

If timely payment is not received and either the registered owner or the person who has registered the vehicle with The University has failed to appear at the requested University impoundment hearing, or has appeared and failed to meet his or her burden of proof, the vehicle may be impounded pending payment of all outstanding charges, including towing and storage charges, without further notice.

If timely payment is not received from a student and the student has failed to appear at the requested hearing or has appeared and failed to meet his or her burden of proof, the student may be barred from readmission and grades, degree, official transcripts and refunds may be withheld, without further notice. Additionally, the vehicle registered to the student may be subject to impoundment.

- G. **SUSPENSION OF PRIVILEGE TO DRIVE AND PARK ON CAMPUS:** The loss of the privilege of driving or parking a motor vehicle on campus shall commence twelve days after the Parking and Traffic Office mails a letter to the person, at the address of such person as shown in the records of that office, stating that such persons' privilege of driving or parking a motor vehicle on campus has been suspended. Such letter shall state the date on which the suspension commences and the date on which the suspension ends and will give

Revisions to the Parking and Traffic Regulations (cont'd):

notification of possible impoundment for parking offenses committed during the period of suspension and additionally, shall state the reason for such suspension.

Any person who (a) forges or alters a permit; (b) uses a forged or altered permit; (c) transfers a permit, affixes a permit to a vehicle other than for which it was issued, or fails to destroy a permit when required to do so by these regulations with the intention of providing any person with parking privileges he/she is not entitled to under these regulations; or (d) provides false information to obtain a parking permit with knowledge thereof; (e) parks or drives a vehicle to which there has been affixed a permit which the registered owner, or regular driver, did not purchase, shall lose the privilege of driving or parking on The University campus for six months.

NOTE: Possession or use of a lost/stolen OR forged parking permit shall result in the loss of parking privileges for twelve months.

While a person's privilege of driving or parking a vehicle on campus is suspended, it is unlawful (1) for that person to drive or park any motor vehicle on the campus and (2) for any person to drive or park a vehicle registered in the name of such person on the campus.

If a person whose privilege of driving or parking on campus has been suspended receives a University citation by reason of having a vehicle on campus during the period of his/her suspension, the period of suspension shall be extended so that it expires twelve months from the date the person received such additional citation(s). In addition, the violation of the suspension shall be reported to the Dean of Students if the person is a student, or to the appropriate Dean, Director or Administrative Official for possible disciplinary action if the person is a faculty or staff member.

A person receiving notice that his/her privilege of driving or parking a vehicle on campus has been suspended may appeal the suspension within twelve calendar days on the grounds that the imposition of such suspension is improper or will create serious and substantial hardship. Such appeal shall be governed by the provisions of Paragraph D above. No appeal shall be considered if there are any unpaid citations outstanding at the time such appeal is filed, unless special arrangements are made with the Parking and Traffic Office.

- H. REMOVAL OF PERMIT WHEN SUSPENDED: Every person receiving notice that his/her privilege of driving or parking on the campus has been suspended shall remove the parking permit(s) from every vehicle registered in his/her name and return the remnants thereof to the Parking and Traffic Office within twelve days after date of such notice. Failure to do so shall be reported to the Dean of Students if the person is a student, or to the appropriate Dean, Director or Administrative Official, if the person is a faculty or staff member.
- I. ELIGIBILITY TO OBTAIN NEW PERMIT DURING PERIOD OF SUSPENSION: A person whose privilege of driving and parking on the campus is suspended and not reinstated, shall be ineligible to receive a parking permit of any type during the period of suspension.

U.T. Board of Regents' Meeting June 13-14, 1985

Revisions to the Parking and Traffic Regulations (cont'd):

- J. TWO VEHICLES ON CAMPUS: When an applicant who has registered two vehicles is found to have both vehicles parked on campus at the same time in violation of the Alternate Vehicle Policy (Section VI, infra), the following shall apply:
1. First offense - The Parking and Traffic Office shall notify the permit holder that they have violated these regulations and that any further violation will result in the loss of the permit for the alternate vehicle. Additionally any citation(s) which may have been issued are due and payable.
 2. Second offense - The Parking and Traffic Office shall notify the permit holder that he/she has again violated these regulations. Such written notice will inform the permit holder that he/she must surrender the permit from the alternate vehicle in addition to making payment for any citation(s) which may have been issued for this offense. Additionally the permit holder shall not be able to register an alternate vehicle for the remainder of the current permit year. Failure to abide by this second notice will subject the permit holder to all enforcement sanctions including those described in Section V.
- K. IMPOUNDMENT: The term "impoundment" includes removal or immobilization of the vehicle in question.

In addition to any charge that may be levied by The University for an offense resulting in removal or immobilization, the owner of an impounded vehicle must also pay a commercial wrecker service fee and storage charges after the first 24 hours. When an IMPOUND VIOLATION occurs and the owner or driver of the vehicle appears on the scene before the arrival of the wrecker, the vehicle will not be impounded. If the owner or driver appears on the scene after the arrival of the wrecker and the wrecker driver has made a hook-up, the following will apply:

1. the vehicle will not be impounded; and,
2. the owner or driver will be expected to pay the wrecker driver a fee, in lieu of towing.

If the vehicle is impounded the registered owner or permit holder will be sent a notice at the address on file.

 AMENDMENTS TO THE 1984-85 OPERATING BUDGET

The term "rate" for academic personnel is the full-time nine-month base rate; for all other personnel it is the full-time twelve-month rate, the appointee receiving a proportionate amount depending upon the fraction of time for which he is appointed and the period of his appointment. Source of funds for payment of salaries, unless otherwise shown, is the departmental salaries account, including the Available University Fund.
