RECOMMENDATION FOR CHARGE FOR CORRECTION OF DESCRIPTIONS OR FIELD NOTES IN EASEMENTS AND/OR SURFACE LEASES.--Although it occurs infrequently, there are occasions when the descriptions or field notes for easements submitted by the lessees are incorrect and are later corrected with appropriate agreements submitted for the changing of the instruments. There have been several such agreements within the last year. Upon recommendation of the Land Agent, concurred in by the staff, it is recommended that a fee of \$25 be charged by the University when the descriptions and/or field notes submitted by a lessee need to be changed because of an error on the part of the Company. One such change is incorporated in this docket, and it is therefore recommended that the charge be effective as of July 1, 1964.

GRAZING LEASES NOS. 869 AND 890, 870 AND 891 - RECOMMENDATION OF APPROVAL OF COMBINING FARMING LEASES COVERING A PORTION OF THE GRAZING LEASES.--Governmental regulations regarding the combination of separately leased tracts of farm land have been amended to require that the owner of such lands agree to such combinations before approval by the County Agricultural Soil Conservation Service.

It is proposed that Leases Nos. 869 issued to Mr. Darrell Warren and 890 issued to Mr. Tom L. Warren, both of which contain farming provisions, be combined. It is further proposed that Leases Nos. 870 and 891, both issued to Mr. L. D. Haren and both of which contain farming provisions, be combined. All leases are located in Pecos County.

Combining these farms will be beneficial to the University since it will allow better soil and water conservation through crop rotation and may eventually result in increased rental to the University since we will acquire a cropland share of cotton allotments if the combinations remain in effect six years.

Both of the combinations have been approved by the ASCS Committee of Pecos County and approval by the Board is recommended.

SURFACE LEASE NO. 1827, JOCELYN-VARN OIL COMPANY - RECOMMENDATION FOR CANCELLATION.--This surface lease for a salt water disposal well in Andrews County, for the period February 1, 1964, through January 31, 1974, was approved at the February 8, 1964, meeting of the Board of Regents. The salt water was to be injected between the depths of 2150 and 2250 feet below the surface for two University wells held by this company in Section 5, Block 6. Anticipated production from the wells did not materialize and the lease has never been used by the Company and will not be. It is, therefore, recommended that the lease be cancelled, and the Company so notified.

SURFACE LEASE NO. 1829 - CORRECTION OF DESCRIPTION OF TRACT COVERED BY THIS LEASE TO PHILLIPS PETROLEUM COMPANY.--This surface lease, covering a five acre tract in Section 11, Block 29, University Lands, Crockett County, was approved at the February 8, 1964, meeting of the Board of Regents. The tract is to be used for a tank battery for the period January 1, 1964, through December 31, 1973, at total consideration of \$500.

We have now received an agreement correcting description of the lease since the original description was incorrect. It is recommended that the agreement be approved and the Chairman be authorized to execute same, after approval as to form by the University Attorney and as to content by the Endowment Officer. The \$25 fee for such change, as recommended elsewhere in this docket, has been received and forwarded to the Auditor of the University.

RECOMMENDATION FOR PROPOSED REVISION OF FORMS FOR GEOPHYSICAL EXPLORATION PERMITS ON UNIVERSITY LANDS --Attached to this docket as APPENDIX A is a proposed revision of forms for Geophysical Exploration Permits on University Lands. The major change is the increase of the original payment under the permit from \$150 to \$300 for the first fifteen day work period. This is due to the increase in cost to the University in checking out the exploration done under these permits. The other changes are minor ones for clarification of University regulations approved over the years covering this work. The adoption of the revised form, which will be printed with the permit on one side and the regulations and instructions on the other, is recommended by the staff.

PIPE LINE EASEMENT NO. 1011, CROCKETT COUNTY - RECOMMENDATION OF ASSIGNMENT FROM GULF REFINING COMPANY TO SHELL PIPE LINE CORPORATION.--This pipe line easement covers 422.48 rods of 6-inch line in Block 14, University Lands, Crockett County, for the period October 1, 1957, through September 30, 1967, with full consideration of \$211.24 paid by Gulf Refining Company. Application has been received for assignment of this casement to Shell Pipe Line Corporation and the \$25 assignrnt fee has been received by the University. It is recommended that such assignment be approved.

GRAZING LEASE NO. 902 - ASSIGNMENT FROM THREE KERS, CO., LTD., A LIMITED PARTNERSHIP, TO AVARY & ALLGOOD, A PARTNERSHIP.--Grazing Lease No. 902, issued to Three Kers Co., Ltd., a limited partnership, for the period January 1, 1964, through December 31, 1968, covers 2,163.27 acres in Block 16, Ward County, at annual rental of \$.25 per acre payable January 1 of each year in the amount of \$540.82. Application has been made for the assignment of this lease to Avary & Allgood, a reputable and financially responsible partnership, of Ward County. There is no bonus involved and the University's assignment fee of \$25 has been received. Approval of the assignment is recommended with the Chairman authorized to execute the necessary instruments after approval as to form by the University Attorney and as to content by the Endowment Officer.

EASEMENT NO. 1186 - ASSIGNMENT FROM THREE KERS CO., LTD., A LIMITED PARTNERSHIP, TO AVARY & ALLGOOD, A PARTNERSHIP.--Easement No. 1186 was granted to David Ker for the 10-year period October 20, 1958, through October 18, 1968, covering a portion of premises known as Pyote Air Base in Block 16, Ward County, at annual rental of \$1,500. Assignment to Three Kers, Ltd., and sublease to Texas Interior Warehouses (operated by Mr. Ker) were approved by the Board. By two amendments to the original lease, both of which increased the acreage under the lease to a total of 200.97 acres, and both prorated to the termination date of October 18, 1968, present annual rental is \$4,200 payable in advance. Application has been made for assignment of the original lease as well as the supplements thereto to Avary & Allgood, a reputable and financially responsible partnership, of Ward County. There is no bonus involved and the University's assignment fee of \$25 has been received. Approval of the assignment is recommended with the Chairman authorized to execute the necessary instruments after approval as to form by the University Attorney and as to content by the Endowment Officer.

SURFACE LEASE NO. 1927 - TEXAS AGRICULTURAL EXPERIMENT STATION OF TEXAS A&M UNIVERSITY, RENEWAL OF AGREEMENT IN CROCKETT COUNTY.--Since 1938 the Texas Agricultural Experiment Station of Texas A & M University has had an agreement, which has been renewed several times, with the University for investigations on the control of weeds and improvement of grasses on ranges in Blocks 41 and 42 in Crockett County, covering 3,160.5 acres. No rental is charged by the University. The present agreement expires December 31, 1964. According to officials of Texas A & M University, significant progress has been made on the bitterweed and other range problems since the initiation of the project and it is now proposed that the agreement be renewed for an additional 10-year period on the same terms as the previous agreement. It is recommended that the renewal be approved and that the Chairman be authorized to sign the necessary instruments after approval as to form by the University Attorney and as to content by the Endowment Officer.

TRUST AND SPECIAL FUNDS - GIFT, BEQUEST AND ESTATE MATTERS.--

MEDICAL BRANCH - BEQUEST UNDER THE WILL OF MRS. ELLA SEALY NEWELL.--

We have been advised by the Vice President and Trust Officer of the First Hutchings-Sealy National Bank of Galveston of a bequest of \$10,000 under the Will of Mrs. Ella Sealy Newell to be used as follows:

" . . . as a George Sealy Memorial Fund, the income from which is to be given as a George Sealy Award to the student who does the best research work in neurology every year."

This award is in memory of Mrs. Newell's father, George Sealy.

A check in the amount of \$10,000 has been received from the bank and is being added to Funds Grouped for Investment as of September 1, 1964, in an account to be known as "George Sealy Memorial Fund in Neurology".

It is recommended that the bequest be accepted by the Board and that the income be used for the award as recommended by the appropriate officials of the Medical Branch, with annual notification to the bank of the name of the recipient for transmittal to members of Mrs. Newell's family.

SOUTHWESTERN MEDICAL SCHOOL - ESTATE OF MRS. ANN ROBERDEAU MERIWETHER - REPORT ON CLOSING OF ESTATE.--At the meeting of June 30, 1962, through recommendation of the Land and Investment Committee, the bequest to the University under the Will of Mrs. Meriwether was reported and accepted by the Board with details to be reported at a later date.

We are now in receipt of check in the amount of \$46,904.83 from the Independent Executor of the Estate, Mr. Wm. Kay Miller, Austin attorney, and accounting report on the Estate and final closing. The bequest reads as follows:

"21. The rest, residue and remainder of my estate I give, devise and bequeath to the Board of Regents of the University of Texas, as Trustees, for the University of Texas Southwestern Medical School at Dallas, Texas, to be used solely for cancer research."

Mrs. Meriwether was a lifelong resident of Austin, and a graduate of The University of Texas in 1941.

The accounting report shows payment of \$15,000 to Mr. Miller as attorney's fee and payment of \$4,000 to an accounting firm for accounting and tax services. No Executor's fee was charged.

Dean Gill of Southwestern Medical School has been advised of the receipt of the bequest which is being invested temporarily pending recommendations from Dr. Gill, through appropriate channels, for its use.

TEXAS WESTERN COLLEGE - BEQUEST UNDER THE WILL OF ROBERT L. GOFF.-- Under the Will of Mr. Robert L. Goff of El Paso, who died January 30, 1964, Texas Western College is to receive a specific bequest of \$5,000 plus a proportionate share with a number of other beneficiaries of the residue of the Estate. President Ray has been advised by the State National Bank of El Paso, Independent Executor, that the additional amount may be as much as \$15,000.

The only stipulation in the Will is that "The bequests made to each of the above named organizations in El Paso, Texas, are to be used by such organizations only in El Paso County, Texas".

It is recommended that the bequest be accepted by the Board of Regents with additional information as to the exact amount to be furnished when funds are received, as well as the recommendation through appropriate channels for the use of the funds.

MEDICAL BRANCH - GEORGE AND KATHRYN GROOS SCHOLARSHIP - ESTATE OF CHARLOTTE WARMOTH.--Under the final judgment of the District Court of Travis County in connection with the subject Estate the Executor was authorized "to pay the sum of \$5,000 to the Board of Regents of the University of Texas, as trustees" for the establishment of a scholarship for the benefit of a deserving medical student in memory of George and Kathryn Groos. The funds have now been received by the University and are being placed in Funds Grouped for Investment as of September 1, 1964.

The bulk of the Estate, which is designated for the Medical Branch for research as to the cause, treatment or cure of Leukemia and Parkinson's disease, is expected to be received and reported to the Board in the near future.

TRUST AND SPECIAL FUNDS - REAL ESTATE MATTERS.--

TEXAS WESTERN COLLEGE - LUCILLE T. STEVENS ESTATE - EXTENSION OF LISTING OF MESA AND TEXAS PROPERTY FOR SALE OR LEASE.--At the April, 1964, meeting of the Board of Regents, recommendation was made by the staff of an exclusive listing of the subject property with Mr. J. Ted Cottle of El Paso for sale or lease, for a period of one year from April 1, 1964. After discussion, the Board approved the listing but limited it to six months.

President Ray has reported that substantial progress has been made in working out a profitable arrangement for the property but it is not anticipated that it can be fully developed and completed by October 31, 1964, the present period of the agreement with Mr. Cottle. He has therefore, recommended and the staff concurs in a recommendation to the Board of an extension of the exclusive listing with Mr. Cottle for an additional six months or through April 30, 1965.

Mr. Cottle and officials of Texas Western College have been working closely with a prospective tenant and the status of such negotiations will be reported to the meeting of the Land and Investment Committee.

ROGER Q. MILLS SCHOLARSHIP FUND - REPORT ON PROPOSAL REPORTED AT JUNE, 1964, MEETING OF BOARD OF REGENTS FOR PURCHASE OF PORTION OF LAND HELD BY LIFE TENANT.--At the June, 1964, meeting of the Board of Regents, the provision of the Will of Miss Caroline Mills Wood of Corsicana was reviewed under which Will the University has a remainder interest in land in Navarro County after the death of Miss Annie Lee Robbins, life tenant. A proposal had been received for purchase of a portion of the land and the staff was instructed to secure additional information.

We have had several letters and telephone conversations with Miss Robbins, her attorney and the prospective buyer, and representatives of the Navarro-Hill Soil Conservation District were in Austin for a conference in late July.

We have now been advised by Miss Robbins that after careful consideration it is her final decision that she does not care to part with any interest in the land and the matter is, therefore, being dropped.

HOGG FOUNDATION: VARNER PROPERTIES - CLAIMS FOR REFUND OF FEDERAL INCOME TAX ON UNRELATED BUSINESS INCOME.--As reviewed by Mr. Benjamin L. Bird of the firm of Weeks, Bird, Cannon & Appleman, who has served as special tax counsel for the University on these matters, in his letter of August 20, 1964, attached hereto as supplemental material, the University has been subject to Federal income tax on unrelated business income from Varner Properties acquired by the Hogg Foundation in 1952. Based on recommendations made by Mr. Ernest A. Hoffman, Jr., our Branch College Auditor, and approved by Mr. Bird, claims for refund of part of the taxes paid for the fiscal years ended July 31, 1960, through 1963, were filed in October, 1963. The basis of these claims is reviewed by Mr. Bird in his letter. Taxes paid for the fiscal years involved and the amounts of the claims for refund are as follows:

| <u>Fiscal Year</u> | <u>Tax Paid</u> | <u>Refund Claimed</u> |
|--------------------|---------------------|-----------------------|
| 1960 | \$ 22,868.80 | \$ 12,350.17 |
| 1961 | 23,412.24 | 12,582.49 |
| 1962 | 14,173.00 | 9,461.53 |
| 1963 | <u>16,321.06</u> | <u>11,076.49</u> |
| Totals | <u>\$ 76,775.10</u> | <u>\$ 45,470.68</u> |

Mr. Bird is of the opinion that further pursuit through administrative channels of these claims for refund, which have been placed in position for rejection by the Austin Office of the Internal Revenue Service, probably would not be successful and has recommended that the Board of Regents authorize filing suit, with appropriate arrangements with the Attorney General but with Mr. Bird as special counsel for the University and his fee and court costs to be paid from the Varner Properties income.

MEDICAL BRANCH - ESTATE OF W. H. McCOACH - RECOMMENDATION FOR EASEMENT FOR ROAD TO NUECES COUNTY.--Among the assets of the Estate of Dr. W. H. McCoach, under whose Will the University was one of the beneficiaries, were several lots in Port Aransas, Texas. The University's interest is 335/1340. Nueces County now proposes to construct a road which will provide access to these lots, which access does not presently exist. The easement will be 10 feet wide and 65.9 feet long and the County has secured agreement of all other owners adjacent to this strip or has filed eminent domain proceedings. The road will affect several lots owned by the McCoach Estate and it is hoped it will enhance their value. It is, therefore, recommended that the University join the other beneficiaries of the Estate in granting the easement to Nueces County and that the Chairman be authorized to sign the necessary instruments after approval as to form by the University Attorney and as to content by the Endowment Officer.

MAIN UNIVERSITY - ARCHER M. HUNTINGTON MUSEUM FUND - GENERAL REVIEW AS OF JULY 31, 1964.--There is being distributed to the members of the Board of Regents, as supplemental material, a copy of a general review of the Archer M. Huntington Museum Fund as of July 31, 1964. A similar review was distributed to the Board in May, 1960. This review includes background information on the fund, a detailed review of investments held by the fund, as well as the listing of current oil, gas and mineral leases and recent sales, etc. No recommendations are included in the review since such recommendations are submitted from time to time as circumstances warrant them.

MAIN UNIVERSITY - ARCHER M. HUNTINGTON MUSEUM FUND - PROPOSAL FROM UNION CARBIDE CORPORATION FOR PURCHASE OF TRACTS OUT OF HUNTINGTON LANDS, GALVESTON COUNTY.--There was presented to the Board of Regents at its February, 1964, meeting a proposal from Union Carbide Corporation for a pipe line right-of-way approximately 3,100 feet in length across part of the Huntington Lands at Texas City to connect their main Texas City plant with their marine terminal now completed. They asked for a perpetual easement at annual rental of \$500. The Board of Regents accepted the proposal except that the easement is to be on a year-to-year basis and subject to cancellation by the University at the end of any rental year. Carbide at that time and since has given consideration to a proposal for purchase of the two tracts crossed by the easement, a good part of which probably will be taken by the County of Galveston for the Texas City storm protection levee system. (See review of Huntington Fund referred to above, including appraisal.) Carbide has now abandoned any plans for purchase of the larger of the two tracts but is anxious to protect its pipe line connections with something better than the year-to-year easement. Two lines involved in an urgent project have been laid on the easement, and they expect to lay others in the near future.

See p. 26

Carbide now proposes to purchase the smaller tract, which contains about 1,000 feet of the easement, at \$2,000 per acre, or approximately \$11,600 for 5.8 acres, more or less. They propose to buy in fee the remainder of the 50-foot strip covered by the easement, or a total of approximately 2.5 acres, at a minimum of \$1,300 per acre to be adjusted upwards by the amount of any per acre settlement by the County with the University for the adjoining acreage expected to be acquired in the next few months for the levee system. They propose the agreement on this strip be in the form of an option for which they will pay \$25.

It is recommended that the proposal for purchase of the 5.8 acres at \$2,000 per acre be accepted, but that the Board of Regents reject the proposal on the remaining 50-foot strip and offer Carbide a perpetual easement covering the same 50 feet for pipe lines, power lines, and the like, all to be underground, at the rate of \$1,500 per acre, with reasonable road and railroad crossing rights reserved to the University. It is further recommended that Carbide agree to purchase the remainder of the University's tract lying north of this easement if the levee system goes through as planned at \$1,500 per acre. According to information now available, this remaining tract will amount to 1 to 5 acres. All sales covered by this recommendation will be with all minerals reserved. Maps will be available for the discussion with the Land and Investment Committee.

MAIN UNIVERSITY - ARCHER M. HUNTINGTON MUSEUM FUND - PROPOSED OIL, GAS, AND MINERAL LEASE BY TEXAS CITY TERMINAL RAILWAY COMPANY TO SUN OIL COMPANY ON ACREAGE UNDER WHICH 1/2 MINERALS IS OWNED BY HUNTINGTON FUND.--By deed dated March 8, 1957, the Board of Regents sold to J. C. French et al 120 acres in the S. C. Bundick League, Galveston County, reserving 1/2 of the minerals, fully participating, but with leasing rights going to the purchaser (see map in Huntington Fund review referred to above).

On March 31, 1964, the Board of Regents entered into an oil, gas, and mineral lease with Sun Oil Company covering 467 acres of the Huntington Lands, part of which adjoins the 120 acres sold to J. C. French et al. Texas City Terminal Railway Company now owns the French tract, with leasing rights, and has delivered to the University a form of oil, gas, and mineral lease proposed to them by Sun Oil Company covering the 120 acres. The terms are \$60 per acre bonus, \$10 per acre annual delay rental, and 1/6 royalty, 1/2 of each being payable to the Board of Regents and being the same terms provided for in the Sun Company lease made by the Board of Regents. The Terminal Company lease will be for a primary term of three years.

The proposed Terminal Company lease is without warranty except for provision that in the event of a failure or partial failure of title, Lessors (Terminal Company and the University) would be required to return such royalty as they have received and as the Lessee may pay to the true owner. Terminal Company's attorneys have pointed out to them, though they have full leasing rights, they should ask for approval of the Board of Regents on this lease due to the provision regarding return of royalties. It is recommended that the Board of Regents authorize the Land and Trust Attorney to notify Terminal Company and Sun Oil Company that the Board of Regents approves Terminal Company's execution of the lease with any appropriate comments to them regarding possible legal effect of the return of royalties provision as applied to the University's 1/2 of royalties that may be received under the lease.

TRUST AND SPECIAL FUNDS - SPECIAL MATTERS.--

MEDICAL BRANCH - RECOMMENDATION FOR CHANGE IN CREDITING INTEREST EARNED ON TRUST FUND TIME DEPOSITS.--Since September 1, 1956, interest earned on Trust Funds Time Deposits has been credited to Estimated Income - Educational and General Funds. Dr. Blocker now recommends, with the approval of Chancellor Ransom, that such interest on Trust Fund (except McLaughlin Funds) be credited effective September 1, 1964, to an appropriate Current Restricted Account to be used for Educational and General purposes which are essential but not permissible from State Appropriated Funds. Approval of the Board of Regents is requested. A similar change for Main University was approved in September, 1963.
