GIFTS FROM PRIVATE DONORS TO THE UNIVERSITY OF TEXAS SYSTEM

The following gift has been received. I recommend acceptance by the Board of Regents:

<u>Donor</u>	<u>Purpose and Condition</u>	<u>Amount</u>
1. The University of Texas Foundation, Inc. P.O. Box 8060 University Station Austin, Texas 78712	Chancellor's Council Unrestricted Account	\$210,338.40

HOGG FOUNDATION FOR MENTAL HEALTH ALLOCATIONS FOR PROGRAM SUPPORT

Allocations were made from the Hogg Foundation for Mental Health Trustee Approved Program Support account to the following institutions and agencies:

Tarrant Council on Alcoholism & Drug Abuse of Fort Worth, Texas - \$11,960.00

1. The Hogg Foundation Executive Committee recommends for approval a second-year grant in the amount of \$11,960 to the Tarrant Council on Alcoholism and Drug Abuse for the period August 1, 1980 through July 31, 1981. Beginning in June, 1979, the Tarrant Council on Alcoholism offered a new service to the city of Fort Worth in the form of a decentralized drug abuse education, prevention, and referral service.

Utilizing a van containing library material and various audiovisual aids along with a CB radio, the program visited various neighborhoods to give presentations. During this period of time, information and referral calls to the agency increased nearly 40%. However, a significant amount of data still remains to be analyzed from the first year of the program; and approximately 20-30% of this grant will be earmarked for such activities. The remaining 70-80% of the funds will be used in carrying out the expanded research and service design. Specifically, the Hogg Foundation grant will provide 50% (\$7,280) of the research specialist position and \$1,500 per semester for two semesters for graduate student interns from the U.T. Arlington School of Social Work and/or TCU Sociology Department. Additionally, \$1,680 will support 10% of the annual salary of the Drug Abuse Prevention Program Director.

Ms. Peg Knapp, Executive Director, and Mr. Kim Wilson, Drug Abuse Prevention Program Director, will be responsible for administration of this program, and will submit an interim report no later than January 31, 1981, and a final fiscal accounting and narrative evaluation no later than July 31, 1981. Dr. Terrence Tutchings will serve as Hogg Foundation liaison to this project.

Family Service Center of Houston, Texas - \$29,285.00

2. The Hogg Foundation Executive Committee recommends funding of this grant to the Family Service Center in the amount of \$29,285.00 for the period July 1, 1980 to June 30, 1981. The Family Service Center has requested second-year funding of this project to provide two services, El Centro Familiar and the Parent-Child Development Center (PCDC) Alumni Association, to the predominately Mexican-American residents of Northeast Houston.

El Centro Familiar provides much needed counseling services to the participants and graduates of the PCDC program as well as to other residents of the community. The PCDC Alumni Association allows the graduates of the two-year PCDC program to continue to receive training and education as a group. The combination of family counseling provided by El Centro Familiar and the training and activities of the PCDC Alumni Association provides an effective community support for the low-income Mexican-American families of this area.

Mr. Rene Mendias, will be responsible for the administration of the project, and will submit both a fiscal accounting and a narrative evaluation of the program at the close of the grant period. Dr. Wayne H. Holtzman and Dr. Ralph E. Culler will continue to serve as liaison persons for the Hogg Foundation.

HOGG FOUNDATION FOR MENTAL HEALTH (Continued)Catholic Counseling Services of El Paso, Texas - \$20,837.00

3. The Hogg Foundation Executive Committee is recommending for approval a one-year grant in the amount of \$20,837.00 for the period of August 1, 1980 to July 31, 1981 to the Catholic Counseling Services of El Paso. These funds will be used to implement a peer counseling program for older persons both in and out of institutions and to evaluate the changes in mental health of the recipients of the counseling.

Ena Q. Mendez, acting director of the Catholic Counseling Services, will submit both a fiscal accounting and a narrative evaluation of the project at the close of the grant period. Bert Kruger Smith and Reymundo Rodriguez will serve as liaison persons for the Hogg Foundation for this project.

Texas Research Institute of Mental Sciences of Houston, Texas - \$29,100.00

4. The Hogg Foundation Executive Committee recommends for approval of a grant in the amount of \$29,100.00, as the first year of support of a two-year commitment, to the Texas Research Institute of Mental Sciences for the TRIMS-TWU Child Therapy Training Program. The initial grant period is from July 1, 1980 through June 30, 1981, with an equal amount committed for the second-year contingent upon satisfactory completion of first-year activities. These funds will be used to provide three \$9,700.00 stipends for minority graduate students who deliver supervised clinical services to children and their parents in the Early Childhood Therapy Clinic.

Delivery of services through the Early Childhood Therapy Clinic is an integral part of the students' two-year training program. Through efficient use of the students, the clinic professional staff is able to serve 33% more clients. This joint program undertaken by TRIMS and Texas Women's University addressed two of the critical areas of need in mental health service identified by the President's Commission on Mental Health--the need for more minority mental health professionals and the need for more services to children.

Dr. Mae F. McMillan, Director of the Early Childhood Therapy Clinic, is responsible for the administration of the program. She will submit an interim progress report by June 30, 1981 accompanied by a fiscal accounting and a formal request for payment of the second-year of support. Future funding may be considered upon successful completion of this two-year program. Dr. Wayne H. Holtzman will serve as liaison to the project.

The University of Texas Medical Branch at GalvestonRole of Monoamine Oxidase in Schizophrenia - \$5,211.00

5. The Hogg Foundation Executive Committee recommends for approval a four-month grant of \$5,211 for the period August 1, 1980 through November 30, 1980. This grant is to be made for continuation of the one-year research project at The University of Texas Medical Branch at Galveston entitled, "The Role of Monoamine Oxidase in Schizophrenia." Robert M. Rose, M.D., Professor and Chairman, Department of Psychiatry and Behavioral Sciences, and Creed W. Abell, Ph.D., Professor, Department of Human Biological Chemistry and Genetics, will continue as directors of the research.

HOGG FOUNDATION FOR MENTAL HEALTH (Continued)

The first year's work has resulted in significant findings in diagnosing schizophrenia and in determining the role of monoamine oxidase (MAO) in this disorder. The National Institute of Mental Health has awarded a high priority research grant for the continuation of this study, but funds may not be available until December 1, 1980. In order to assure the high quality of the undertaking, it is essential that continuity be afforded. The Hogg Foundation grant will be used to support the research technician, who is the key to the laboratory analyses of MAO blood level and activity. In the event of timely award of the NIMH grant, any Hogg Foundation funds remaining will be returned.

Drs. Rose and Abell will be responsible for the overall administration of the funds. A final evaluative report and fiscal accounting will be submitted to the Hogg Foundation not later than December 31, 1980. Hogg Foundation liaisons to the project are Dr. Wayne H. Holtzman and Dr. Terrence R. Tutchings.

Southwestern University, Georgetown, TexasPreventive Mental Health Program - \$5,480.00

6. The Hogg Foundation Executive Committee is recommending for approval a 10 month grant in the amount of \$5,480.00 for the period August 1, 1980 to May 31, 1981, to Southwestern University. These funds will be used to design a Preventive Mental Health Program for Southwestern University. The major objectives of the program are to (a) deal with student stress by four different modes of operation and (b) offer personal growth workshops for church staffs located in the five Methodist Conferences that support Southwestern University, as well as church staffs in the larger Georgetown community. Partial support by the University has been assured.

Dr. Barbara Brightwell, Dean for Student Development, will be responsible for administration of the project and will submit both a fiscal accounting statement and a narrative evaluation of the project at the close of the grant period in May, 1981. Dr. Wayne H. Holtzman and Dr. Charles M. Bonjean will serve as liaisons for the Hogg Foundation for this project.

The University of Texas at AustinDepartment of Psychology - Neuropsychological Contribution to the Theory of Schizophrenia and Its Differential Diagnosis - \$6,910

7. The Hogg Foundation is requesting approval of a \$6,910 grant to UT - Austin for support of a research project entitled "A Neuropsychological Contribution to the Theory of Schizophrenia and Its Differential Diagnosis". It is the Foundation's understanding that during the one-year period beginning July 1, 1980, neuropsychological and psychological test results on three kinds of adolescent patients at the Austin State Hospital -- adolescents diagnosed as schizophrenic, brain damaged, or psychiatric dysfunction involving neither schizophrenic nor brain damaged symptoms, will be collected by Dr. Bigler and his associate. Since Dr. Bigler has been working for several years in the Adolescent Unit of the Austin State Hospital in collecting information on all patients, he anticipates that a total of about 200 patients will be included in this research study. Improved differential diagnosis of mental disorder among adolescents in the State Hospital is an important undertaking related to the eventual treatment and disposition of the patient.

HOGG FOUNDATION FOR MENTAL HEALTH (Continued)

The Foundation grant will be used primarily to support a part-time research associate who is working on her Ph.D. degree in clinical psychology at UT - Austin. The remaining funds are intended for supplies and materials necessary to complete the research.

In the summer of 1981 as this research draws to a close, the Foundation is to receive from Dr. Bigler a final report on the outcome of the research along with a fiscal report on the expenditure of funds from the Foundation grant. Dr. Wayne H. Holtzman is serving as the liaison person for the Hogg Foundation.

Research and Development Center for Teacher Education - Use of Audiovisual Vignettes in Development of a Social Psychology of Student Behavior - \$4,150

8. The Hogg Foundation Executive Committee is recommending for approval a one-time grant in the amount of \$4,150 for the period June 16 through August 31 to the Research and Development Center for Teacher Education at the University of Texas at Austin. These funds will be used to enable an important extension to an ongoing research project designed to further our understanding of student disruptive behavior in the school context. Specifically, the investigators will design a series of audiovisual vignettes which will be used as projective techniques in gathering data from a triethnic sample of eighth grade students (both disruptive and nondisruptive). This segment of the research will nicely supplement other research being done by the investigators which is funded by the National Institute of Education.

Dr. Melvin P. Sikes, Professor of Educational Psychology, and Dr. Rose M. Brewer, Assistant Professor of Sociology, responsible for administration of the project, will submit both a fiscal accounting and a narrative evaluation of the project at the close of the grant period in September, 1980.

Ms. Adrian Fowler and Dr. Charles M. Bonjean will serve as liaison persons for the Hogg Foundation for this project.

From: Special Events Center Estimated Income

At the end of May, 1980, the Special Events Center had increased the number of events sponsored to the extent that 94% of the total estimated income of \$2,467,000 for the year had been realized. The actual operating expense of the Center bears a direct relationship to the income level.

As an example of the increased level of activity this year, during the month of February there were five major performances and the Center accommodated events on 22 out of 29 days during that month. The major events included (1) Chuck Mangione Concert--4,407 attendance, (2) Harlem Globetrotters--third consecutive year this event has sold out, (3) Eagles Concert--approximately 17,000 tickets sold, (4) John Denver Concert--his second appearance, both sell-outs, (5) Marcel Marceau--4,248 paid attendance. This number of use days and the magnitude of ticket sales were considerably in excess of the previous February. Using February as an example, it is apparent that activity during the remainder of the year will be of a like nature. Therefore, this request to appropriate additional income to support the related expense of the activities is appropriate.

Board Meeting - September 4-5, 1980

HOLIDAY SCHEDULE AND VACATION ALLOWANCE: The Appropriations Bill for fiscal year 1980-81 provides for those holidays specified in Article 4591, Vernon's Civil Statutes, as amended. Article 4591 authorizes fourteen holidays and provides for an additional three days of special leave time; specifying the day following Thanksgiving and the day before and after Christmas Day.

During the 1980-81 fiscal year, one of the specified holidays falls on a Saturday, and, therefore, cannot be observed.

In conformity with past practice and your approval of the holiday schedule submitted below, $4\frac{1}{2}$ days of State holidays provided will not be observed by the Medical Branch, but will be reallocated to vacation allowance.

Labor Day	Monday	September 1, 1980
Thanksgiving Day	Thursday	November 27, 1980
Thanksgiving Holiday	Friday	November 28, 1980
Christmas Holiday	Tuesday afternoon	December 23, 1980

Christmas Day	Thursday	December 25, 1980
Christmas Holiday	Friday	December 26, 1980

Memorial Day	Monday	May 25, 1981
Emancipation Day in Texas	Friday	June 19, 1981
Independence Day	Friday	July 3, 1981

The results of the foregoing action will provide in 1980-81, $12\frac{1}{2}$ holidays and special leave days and a total of 15 working days annual vacation leave for Medical Branch employees with less than two years service. Vacation accrual will, therefore, continue to be $1\frac{1}{4}$ days per month of employment for this category of employee which is consistent with the practice observed for a number of years.

Each of the other categories of service will be accordingly increased, using the following schedule:

<u>Employees With Total State Employment Of:</u>	<u>Hours Accrued Per Month</u>	<u>Maximum Hours to Carry Forward</u>

Purchase on 3/20/80 of \$1,225,000 par value Farmers Home Administration 9% CBO (dated 4/23/74) due 4/23/89, was adjusted in May. The effect of this adjustment is that in consideration of a lower purchase price the Permanent University Fund accepted delivery of the same par amount of Farmers Home Administration 9% CBO (dated 11/6/74) due 4/23/89. This transaction is shown above as a "negative" purchase of the 4/23/74 dated security, to cancel the purchase reported in March, and a purchase of the substituted security at the lower price.
