Policy re Students Who Do Not Pay Their Bills.

The University is not responsible for debts contracted by individual students or by student organizations. On the other hand, the University expects all students and student organizations to conduct themselves honorably in all commercial transactions. The University will not assume the role of a collection agency for organizations, firms and individuals to whom students may owe bills, nor will the University adjudicate disputes between students and creditors over the existence or the amounts of debts. A student, however, is expected to perform his contractual obligations and in the event of conduct on the part of a student clearly demonstrating a flagrant disregard of his commercial obligations (refusal to pay or meet admitted debts or obligations will be thus construed), action will be taken appropriate to the age of the student and other circumstances:

(a) In the event of such conduct, the parents of minors will be notified and requested to intervene.

(b) In the case of a married student or a student over 21 years of age, the student will be requested to make prompt payment or to negotiate a reasonable plan for payment with his creditor or creditors.

(c) In the event that the actions prescribed in (a) and (b) above do not result in the payment or agreement to pay admitted obligations, one or more of the following actions, as determined appropriate in the particular case, may be taken:

(c. 1) A bar against readmission of the student.
(c. 2) Withholding of the student's grades and official transcription.
(c. 3) Withholding of a degree to which the student otherwise would be entitled.

4.4 No employee of the University shall accept employment or engage in any business or professional activity which he might reasonably expect would require or induce him to disclose confidential information acquired by him by reason of his official position.

4.5 No employee of the University shall disclose confidential information gained by reason of his official position, nor shall he otherwise use such information for his personal gain or benefit.

4.6 No employee of the University shall transact any business in his official capacity with any business entity of which he is an officer, agent, or member, or in which he owns a controlling interest.

4.7 No employee of the University shall make personal investments in any enterprise which will create a substantial conflict between his private interests and the public interest.

4.8 No employee of the University shall accept other employment which might impair his independence of judgment in the performance of his public duties.

4.9 No employee of the University shall receive any compensation for his services as an employee from any source other than the State of Texas, except as may be otherwise provided by law.
Sec. 5. Appointment of Relatives (Nepotism Rule).

5.1 When any staff appointment is made, either on a full-time or part-time basis, it shall be made subject to the provisions of the following portions of this section.

5.11 Unless otherwise specifically stated, the term "relative" as used herein, shall be defined as a person related within the first degree of affinity or the second degree of consanguinity, according to the common law. The first degree of affinity includes the spouse of the applicant, as well as the parents, children, brothers and sisters of the applicant's spouse. The second degree of consanguinity includes the parents, children, brothers and sisters, grandparents, uncles and aunts, first cousins, nephews and nieces, and grandchildren of the applicant.

5.12 Part-time Appointments.

5.121 Neither a relative of a member of the Board of Regents, nor a relative of an administrative officer concerned, nor of a person holding a position of instructor or above in rank in the department concerned, may be appointed to a part-time position.

5.122 A relative of a person holding a position of instructor or above in rank at a particular institution may not be appointed to a part-time position at that institution having a monthly salary exceeding the maximum rate paid a teaching assistant at the Main University.

5.13 Full-time Appointments.

5.131 A relative of a member of the Board of Regents will not be considered for appointment, but such person will be considered for reappointment in those cases where the appointment was antecedent to the Board membership by a period of two years or more.

5.132 A person shall not be initially appointed even temporarily when it is the duty of a relative on the University staff to act in some official capacity upon the appointment.
5.133 A person, any relative of whom occupies a position of the rank of instructor or higher at the Main University or one of the other component institutions of The University of Texas, may not be initially appointed even temporarily to the position of instructor or higher at the Main University or one of the other component institutions.

5.134 A person may not be initially appointed even temporarily in any department or similar subdivision if he has a relative in that department or subdivision holding the position of instructor or higher rank.

5.14 In the application of the above regulations, relationship brought about by marriage after appointment shall not be a bar to continuance of employment, except that if a person of the rank of instructor or higher marries another employee both positions may not be retained beyond the then current fiscal year. Relationship brought about by marriage before September 1, 1936, shall not be a bar to continued service. The marriage of a staff member to a person who is not a staff member but who is a relative of a staff member, shall have no effect on either tenure or promotion.

5.15 Relationship shall not be a bar to honorary positions or to non-remunerative positions.

5.16 The provisions of this nepotism rule shall apply to all institutions and programs administered by the Board of Regents, equivalence in salary being regarded as equivalence in rank.

5.17 For the purpose of administering these provisions, an employee "occupies" his position from the date upon which his employment begins until his connection with the component institution is formally terminated. This occupancy
includes the period between the close of one long session and the opening of the next, for regular nine-months employees, and also any period covered by a leave of absence with or without pay.

5.2 Institutional heads, acting upon the affirmative advice of the Administrative Council at the Main University or the corresponding committee at the other component institutions, are authorized to suspend these regulations in an emergency, with the suspension limited to the end of the then current fiscal year. In extraordinary cases where the interest of the University will best be served, the Board of Regents may suspend the rule upon the recommendation of appropriate administrative officials, except as to the appointment of a relative of a Regent, the President, or the institutional head.

Sec. 6. Tenure, Promotion, and Termination of Employment.

6.1 By statute, "The Regents shall have power to remove any professor, tutor or other officer connected with the institution, when, in their judgment, the interest of the University shall require it." (Article 2586, Vernon's Civil Statutes)

6.2 The principles governing tenure and promotion are specified for each component institution in the Rules and Regulations of the Board of Regents applicable to that institution.

6.3 Termination by an institution of the employment of a faculty member who enjoys continuing appointment and of all other faculty members before the expiration of the stated period of appointment, except by resignation or retirement for age in accordance with these rules, will be only for good cause shown. In each case the issue will be determined by an equitable procedure, affording protection to the rights of the individual and to the interests of the University.

6.31 An institutional head may for grave cause suspend an accused faculty member pending immediate investigation
or speedy trial as hereinafter provided.

6.32 In cases of incompetency, gross immorality, or felony, where the facts are admitted, summary dismissal will follow.

6.33 In cases where other offenses are charged, and in all cases where the facts are in dispute, the accused faculty member will be informed in writing of the charges against him, which, on reasonable notice, will be heard by a special trial committee whose composition is prescribed in the Rules and Regulations of the Board of Regents for the institution concerned.

6.331 In every such hearing the accused will have the right to appear in person and by counsel of his own selection and to confront and cross-examine witnesses who may appear against him.

6.332 He shall have the right to testify, but may not be required to do so, and he may introduce in his behalf all evidence, written or oral, which may be relevant or material to his defense.

6.333 A stenographic record of the proceedings will be taken and filed with the Board, and such record shall be made accessible to the accused.

6.334 The Committee, by a majority of the total membership, will make written findings on the material facts and a recommendation of the continuance or termination of the accused faculty member's tenure. The Committee, by a majority of its total membership may make any supplementary suggestions it deems proper concerning the disposal of the case. The original of such findings and the basic recommendation, together with any supplementary suggestions, shall be delivered to the Board and a copy thereof to the accused. If minority find-
ings, recommendation, or suggestions are made, they shall be similarly treated.

6.34 The Board of Regents, by a majority of the total membership, will approve, reject, or amend such findings, recommendation, and suggestions, if any, or will recommit the report to the same committee for hearing additional evidence and reconsidering its findings, recommendation, and suggestions, if any. Reasons for approval, rejection, or amendment of such findings, recommendation, or suggestions will be stated in writing and communicated to the accused.

6.4 Dismissal or demotion of classified and non-teaching personnel will be only for good cause shown, as determined by appropriate administrative officers to whom this responsibility is delegated by the institutional head, and in case of such dismissal or demotion any appeal shall be reviewed by the institutional head.

(21) Page 27. Section 6.4
Reword as follows: "Dismissal or demotion of classified or nonteaching personnel will be only for good cause shown, as determined by appropriate administrative officers to whom this responsibility is delegated by the institutional head, and in case of such dismissal or demotion any appeal shall be reviewed by the institutional head."

Sec. 7. Rights and Responsibilities as a Citizen and as a Teacher.

7.1 The teacher is entitled to full freedom in research and in the publication of the results, subject to the adequate performance of his other academic duties.

7.2 The teacher is entitled to freedom in the classroom in discussing his subject, but he is expected not to introduce into his teaching controversial matter which has no relation to his subject.

7.3 The University teacher is a citizen, a member of a learned profession, and an officer of an educational institution supported by the State. When he speaks or writes as a citizen, he should be free from institutional censorship or discipline, but his special position in the community imposes special obligations. As a man of learning and an educational officer, he should remember that the public may judge his profession and his institution by his utterances. Hence he should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make it plain that he is not an institutional spokesman. As a member of the staff of a State institution of higher education he should refrain from involving the University in partisan politics.

Sec. 8. The Greater Duties of a Member of the Teaching Staff.

8.1 Common practice has fixed the greater duties of a member of the teaching staff so clearly that many institutions do not even list them among their regulations. They are:

8.11 Teaching in the classroom, laboratory, seminar, or ward.
8.12 Studying, investigating, discovering, and creating.
8.13 Performing curricular tasks auxiliary to teaching and research, e.g., serving on faculty committees, attending to administrative and disciplinary tasks, promoting diligence and honest work in the student body.
8.14 Influencing beneficially students and citizens in various extracurricular ways.

- 28 -
8.2 Performance as a teacher, as a scholar, as an administrator, and as an individual is valued greatly by the University, for in these four ways its work is chiefly done.

8.3 A state university being a public enterprise of maximum social importance, it is the duty of all persons connected with the University to be as socially minded as possible. It is also a duty to cooperate with the Board of Regents in carrying out the purposes and policies of the Board which are deliberately considered, usually by both the Board and the several faculties, in accordance with law and designed to attain the best educational results with the resources available. The Regents, the President, the institutional heads, and other administrative officers are entitled to the cheerful acquiescence of all staffs in carrying out the policies duly adopted. At the same time, administrative officers are expected to listen with an open and appreciative mind to criticisms and suggestions coming to them from members of their staffs.

Sec. 9. Acquaintance with, Conformity to, and Improvement of University Regulations.

9.1 It is a specific and important duty of each member of the several teaching staffs to become acquainted with and to conform to all the rules and regulations relating to him and to the proper and orderly discharge of his work that are to be found set forth in both these Rules and Regulations and the institutional Rules and Regulations; in catalogues, announcements of courses, and other official publications; in printed or other material regularly prepared for the use of the staff; and in minutes of the faculties.

9.2 It is also the specific duty of each member of the teaching staffs to consider the regulations and the routines in conforming to them and to propose what seem to be desirable changes in these regulations and routines to the appropriate faculty or official.
Sec. 10. Communications, Appeals, and Hearings.

10.1 Every member of a teaching staff has the right to propose changes in policies and procedures and to present arguments in support thereof.

10.11 Proposals should originate and follow routines as prescribed elsewhere in these Rules and Regulations or in the institutional Rules and Regulations.

10.12 When a proposal has been approved or amended by the appropriate institutional officials, faculties, and head of the component institution, it shall then go to the President for recommendation to the Board of Regents if such action is required.

10.13 When a proposal has been approved or amended or rejected by the appropriate institutional officials, faculties, and the component institutional head, any member or group of members of the staff may present an appeal in opposition to the action of the majority or in opposition to the recommendation of the institutional official or the component institutional head, and this appeal, accompanied by reasons for and against the proposal, shall go through the prescribed administrative channels and shall be presented to the Board of Regents for final action. The deans and other institutional officials, the component institutional head, and the Regents may invite both sides for personal conferences and discussions.

10.14 An authorized routine for proposals, with the right of appeal, having been herein fixed, it follows that proposals shall always be made in accordance therewith.

10.2 Nothing in this section is intended to prohibit members of a teaching staff from responding to requests from members of the Board, but, since the component institutional head is partly res-
responsible for the formulation of policies for his institution, he should be advised fully concerning any such communication affecting the University policies or recommendations.

10.3 Every voting member of any faculty has the right and the duty to propose changes and to participate in debate in faculty meetings.

10.4 Appeals of classified (non-teaching) employees concerning conditions of employment must be made in keeping with the rules governing such employees.

Sec. 11. Communications with Members of the Legislature and Other State Agencies

11.2 The President and the Board of Regents are the proper channels through which recommendations concerning the administration of the University as a whole or in any of its parts should reach the Legislature or other State officials and authorities.

11.3 Without the knowledge and approval of the President, no employee of the University should initiate, or promote with members of the Legislature or other State authorities, any recommendation concerning general University policies or concerning his personal advancement, the advancement of his department, or the advancement of any other individual or department.

11.4 An employee of the University who, by invitation of a member of the Legislature or a State official, discusses policies affecting the University as a whole or any of its parts is under obligation to inform the institutional head and the President of the nature of such discussion.

11.4 The purpose of this statement of principles is to restrain members of the faculty and other University employees from interceding with members of the Legislature or other State officials for personal or departmental favors or for favors
11.5 This statement of principles imposes an obligation which faculty and staff members may not honorably disregard.

Sec. 12. Office Hours. Members of the teaching staffs are expected to post on their office doors, and publish in any other manner required by the institutional head, office hours and conference periods most advantageous to students.

Sec. 13. Outside Employment.

13.1 Even in the case of members of the staff specifically engaged only in residence work, there exists an obligation, usually intermittent, to furnish expert knowledge and counsel for the public benefit free of charge, provided that the meeting of this obligation by a staff member does not interfere with his regular duties, and provided further that in meeting this obligation a staff member on full-time duty shall avoid undue competition with legitimate private agencies.

13.2 No member of the staff engaged in outside remunerative activities shall use in connection therewith the official stationery of the University or give as a business address any building or department of the institution.

13.3 No member of the faculty shall accept employment which will probably bring him as an expert or in any other capacity into antagonism with the interests of the State of Texas.

13.4 Every member of the teaching staff who gives professional opinions must protect the University against the use of such opinions for advertising purposes. That is, when a member of the staff does work in a private capacity, he must make it clear to those who employ him that his work is unofficial and that the name of the University is not in any way to be connected with his name, exceptions being made of the name of the author attached to books, pamphlets and articles in periodicals.
13.5 No member of the faculty shall accept pay from private persons or corporation for tests, assays, chemical analyses, bacteriological examinations, or other such work of a routine character, which involve the use of University property. Such advance permission must be obtained from the institutional head and such permission must be made known to the University.

13.6 Outside employment and consultation for full-time faculty and staff members may be approved when it is undertaken in conformity with the Rules and Regulations for the institution concerned.

14.1 Members of the teaching staffs are entitled to all holidays for students listed annually in the official calendar of their respective institutions.

14.2 Regular salaried classified or other non-teaching personnel are entitled to such holidays as are provided by the Legislature in the then current appropriation bill and as are approved annually by the President and the Board of Regents. (See the Classified Personnel Rules in the institutional Rules and Regulations.)

Sec. 15. Vacation.

15.1 Members of the staffs employed on a nine-months basis are regularly on duty during the long session, except where otherwise specifically provided. Between long sessions such members are not on duty unless they have received Summer appointments, but they are expected to keep the institutional head advised of their addresses.

15.2 Vacations for classified and other non-teaching personnel on a regular salary basis shall be as provided by the Legislature in the then current appropriation bill and as approved by the President and the Board of Regents. (See the Classified Personnel rules in the institutional Rules and Regulations.)
Sec. 16. Leaves of Absence Without Pay.

16.1 With the interest of the University being given first consideration, and for good cause, leaves of absence without pay may be granted for a period within the term of appointment of a member of any faculty or staff.

16.2 The maximum unit period for which a leave of absence will be granted is the end of the fiscal or academic year in which the leave begins. In normal times, leaves for one year will be granted liberally, provided the department so recommends and can supply satisfactory replacements.

16.3 A second consecutive year of leave should not be requested except for military service, reasons of health, or continued graduate study. This provision will be interpreted liberally in the case of junior staff members working on advanced degrees.

16.4 Except in very unusual circumstances a third consecutive leave of absence for one year will not be granted. Such circumstances would now include extended military service or prolonged illness.

16.5 After a return to active duty of one year or more, the leave of absence privilege indicated by the revised rule will again be available.

16.6 The granting of a leave of absence does not affect in any way the tenure position of the grantee.

Sec. 17. Division of Salaries for Staff Engaged in Teaching and Non-Teaching Activities. Each component unit will develop policies covering budgetary division of salaries for individuals whose employment is divided between teaching and non-teaching assignments subject to current statutory requirements or limitations. These policies shall be set forth in the institutional supplements to these Rules and Regulations.

Sec. 18. Sick Leave.

18.1 In cases where illness incapacitates a member of an institutional or professional staff of the University, arrangements for carrying on his usual duties must be made through appropriate adminis-
trative channels with the chief administrative officer of the institution.

18.2 In cases of illnesses of classified or other non-teaching personnel, the Rules and Regulations for each of the several component institutions shall apply, subject to controlling provisions of State Law.

Sec. 19. Leave for Jury Duty. Necessary time off for jury duty is allowed without loss of pay or vacation leave.

Sec. 20. Absence from Usual and Regular Duties.

20.1 Authorization for any member of a faculty or staff of the University to be absent from his usual and regular duties will be granted only under the following conditions:

20.11 When such absence is on State business, and

20.12 When appropriate provisions are made to carry on the duties of the absent person without additional expense to the University.

20.2 Permission to be absent from his usual and regular duties shall be obtained as prescribed in the Fiscal Rules (see Part II hereof).

Sec. 21. Authorization to Travel.

21.1 Authorization to travel will be granted only under the conditions specified in the Fiscal Rules (see Part II hereof).

21.2 A faculty or staff member whose usual duties do not require travel shall not absent himself from his regular place of work and his usual duties except with permission obtained according to the Fiscal Rules (see Part II hereof).

Sec. 22. Compensation for Correspondence and Extension Teaching of Full-time Staff Members. Compensation rates for correspondence courses and extension center teaching for full-time teachers on a nine-months' basis or for other employees on a twelve-months' basis shall be in accord with rates fixed by the then current appropriation bill. If not so fixed, they shall be set from year to year by the institutional head with the approval of the President. The provisions
of this section shall also cover postgraduate medical courses.

Sec. 23. Textbooks and Other Materials Prescribed for the Use of Students.

23.1 The policy of the Board of Regents concerning textbooks and other materials prescribed for the use of students is as follows:

23.11 Although generally the individual instructor or the department should have wide discretion in the choice of materials to be used in the courses offered by the department, frequent changes in the textbooks prescribed should be discouraged and should be made only for cogent reasons.

23.12 Although the authorship of books, outlines, manuals and similar materials by members of the staff should be encouraged, the prescribed use of these for students is a responsibility that goes beyond that of the individual author. Where practicable and equitable, the charge for outlines, syllabi and similar materials prescribed for the use of students should be borne by the instructional department concerned. Whenever a charge is authorized for such mimeographed or similarly processed materials, the prices should be as low as possible, consistent with the payment of a fair and reasonable royalty to the author or authors.

23.2 To carry out this statement of policy the following procedures are prescribed:

23.21 Any proposed change in the textbook of any course, within one year from the date of first adoption, shall be approved by the departmental faculty having jurisdiction, and a statement of the authorization with reasons therefor shall be transmitted by the chairman of the department through the dean to the institutional head.

23.22 Textbooks, notebooks, manuals or other materials for the use of students, written or prepared by a member of an institutional faculty of the University, shall not be
prescribed for the use of students in that institution
or sold to such students until such books, notes, manuals, or
materials shall have been approved, with reasons stated, by
the departmental faculty, the dean or deans concerned, and
transmitted to the institutional head for approval and
inclusion in the next regular Docket. All such requests
shall indicate the proposed prices and profits, and their
authorization shall be effective only to the end of the
fiscal year (August 31) for which such approval has been
given.

Sec. 24. Sectarian Courses Prohibited. No course of instruction of a sectarian
character shall be taught at the University. (Act 2604, Vernon's
Civil Statutes.)

Sec. 25. Acceptance of Money from Students.

25.1 Members of teaching staffs, without previous and special approval
of the Board of Regents, shall not collect from students any fees
or charges to be expended for institutional purposes, and shall
not sell to students books, notes, or similar student supplies.

25.2 A member of the staff of the rank of instructor or above may not
accept pay for extra instruction or teaching of students regis-
tered in the University.

25.3 With written approval, teaching assistants, assistants, and other
like instructional employees below the rank of an instructor, may
accept pay from students for extra-class instruction or coaching
but only in courses or sections of courses with which they have
no instructional connection. The Rules and Regulations of the
component institution shall specify the procedure for approval at
the institutional level.

Sec. 26. Power to Authorize Expenditures out of University Funds.

26.1 No expenditure out of funds under control of the Board of
Regents of the University of Texas shall be made and no debt
or obligation shall be incurred and no promises shall be made in the name of the University or any of its component institutions or of the Board of Regents by any member of the respective staffs of the University except:

26.11 In accordance with general or special budgetary apportionments authorized in advance by the Board and entered in its minutes; or

26.12 In accordance with authority specifically vested by the Board in a committee of the Board; or

26.13 In accordance with authority to act for the Board when it is not in session, specifically vested in some officer of the University by these Rules and Regulations or by special action of the Board. (Cf. Article 2594, Vernon’s Civil Statutes)

26.2 It shall be the duty of the Auditor of the Main University and the several institutional business managers to see that all claims for payment of items not authorized as indicated above are refused and returned unpaid.

26.3 There shall be no sale to or purchase from the University by any member of its staff unless same has been duly authorized by the Board and the details relating thereto have been entered in its minutes.

Sec. 27. Indebtedness to the University or the State. Neither salary payments nor any other payments shall be made to an employee, his agent or assignee, who is indebted to the University or to the State until such debt is paid.

Sec. 28. Power to Bind the University in Fixing Its Policies. No member of any staff in the University, as an individual or as a member of any association or agency, has the power to bind the University or any of its component institutions in fixing its policies unless such power has been officially conferred in advance by the Board.
of Regents. Any action which attempts to change the policies of the University or any of its component institutions, taken by any association or agency, shall be of no effect until the proposed action has been approved by the institutional head concerned and the President, and ratified by the Board of Regents.

Sec. 29. Institutional Employees as Students. The Rules and Regulations for each of the component teaching institutions shall express the institutional policy as to the amount of course work full-time and part-time employees shall be permitted to carry.

Sec. 30. Modified Service.

30.1 Members of institutional faculties or staffs will not be continued on their standard full-time service or full-time compensation rate beyond the end of the fiscal year that includes their seventieth birthday.

30.2 Faculty and staff members who have served the University for twenty years or more shall be continued after reaching the age of seventy on a reduced salary from the University and upon modified service until the Board of Regents, upon recommendation of the institutional head involved, determines that they shall retire completely from University service and compensation.

30.21 The salary rate for modified service shall be one-half the average regular salary rate for each individual during the five years of full-time service immediately preceding the academic year in which modified service begins. Adjustments in rate will be made to care for any general change in salary scale under policies developed from time to time by the component institutions and approved by the President and the Board of Regents.

30.22 The work load of a member placed on modified service shall be essentially one-half of his immediately previous full-time work load, but he may not continue, or be assigned, major administrative duties. Further provisions and
limitations regarding the services of a person on modified service appear in the Rules and Regulations for the component institutions.

30.23 During the fiscal year in which the employee's seventieth birthday occurs and before the budget is prepared for the following year, and each year thereafter until full retirement, there must be an administrative determination of his fitness to fulfill his duties. The administrative procedure shall be prescribed in the Rules and Regulations for each component institution.

30.3 Members of institutional faculties and staffs who have served the University for twenty years, may, upon approval of the institutional head, change to modified service in the University at any time between the ages of sixty and seventy.

30.4 No person appointed to the staff of the University after the age of fifty shall have a right to modified service.

30.5 Members of institutional faculties and staffs who are not members of the Teacher Retirement System and those who have served less than twenty years may secure modified service status only upon special recommendation of the institutional head and the President and approval by the Board, and such recommendation and approval must be made annually on the basis of institutional need.

30.6 In deciding when a member shall retire from all University service and compensation, the Board of Regents will consider his current capacity for work, his service to the University, and the retirement benefits to which he is entitled under the Teacher Retirement System of Texas and the Federal Social Security laws; with the expectation that for each voting member with at least twenty-five years of faculty membership in the University, modified service will be continued until the retirement benefits receivable are approximately equal to the amount that would be received under modified service.
Whenever such action appears to be to the advantage and best interests of the University, the Board of Regents, upon recommendation of institutional heads, may, by unanimous vote of the members present, make exceptions to this rule in special and extreme cases.

Sec. 31. Staff Benefits. For other staff benefits, see Part II hereof.
Chapter IV
Faculty Organization

Sec. 1. Educational Policy.

1.1 The Board of Regents will use its discretion and powers in efforts to make the institutions composing The University of Texas of the "first class," as the Constitution directs in Article VII, Section 10. The Board will be guided in general by the practices of the best universities in the United States and abroad, especially state universities.

1.2 The Board will not, except in extraordinary cases, act on important matters of educational policy until it has received, or requested and obtained, advice thereupon from the institutional faculty or faculties affected or their legislative bodies. When new policies originating in any faculty give rise to serious differences of opinion in that body, the advice and recommended legislation shall, at the request of the minority, be accompanied by a record of the vote and by a summary of the reasons for and against the matters proposed.

Sec. 2. Institutional, College, School and Departmental Faculties and Legislative Bodies.

2.1 General Authority.--Subject to the authority of the Board of Regents, and subject further to the authority that the Board has vested in the various administrative officers and subdivisions of the University, the general charge of all component institutions regularly offering instruction shall be entrusted to their respective faculties within the following areas:

2.11 General educational policies and welfare.
2.12 Student life and activities.
2.13 Requirements of admission and graduation.
2.14 Honors and scholastic performance generally.
2.15 Approval of candidates for degrees.
2.16 Faculty rules of procedure.
2.2 Necessity of Approval by Regents. Legislation by an institutional faculty, or legislative body thereof, requiring approval of the Board of Regents, shall not be effective unless approved by the Board. Such legislation by a college or school faculty shall not be presented to the Board of Regents until it has been approved by the institutional Faculty, either directly or through its legislative body. The faculty affected will be notified by the Board of Regents, through administrative channels, of its action on faculty legislation.

2.3 When Legislation Effective. Except in the component institutions whose institutional Rules and Regulations specifically authorize a procedure for placing into effect emergency legislation without prior Board approval, institutional faculty legislation shall become effective only upon approval by the Board of Regents or at such later time as the Board shall specify. The Secretary of the institutional faculty shall be notified of Board action and notice of such action shall be included in the official minutes of the faculty.

2.4 Approval of Degree Candidates. It shall be the duty of the several institutional faculties to approve or disapprove all candidates for degrees. This duty may be delegated for any academic year by affirmative vote of the institutional faculty or its legislative body, to the respective deans or other appropriate official. Should this duty not be delegated, then the institutional registrar, or his equivalent, shall furnish to the members of the institutional faculty a complete list of the degree candidates for approval.

2.5 List of Degree Candidates in Minutes. The institutional registrar, as soon as possible after each commencement, shall provide the secretary of his institutional faculty, or its legislative body, with a complete list of all successful degree candidates, and the secretary shall insert the list in the minutes of the faculty.
2.6 Changes in Degree Requirements. Changes in degree requirements shall not become effective until approved by the Board and published in the appropriate catalogue; provided, however, that students may be given the benefit of any action reducing or modifying the requirements for their degree immediately upon Board approval.

2.7 Other Rules in Institutional Rules and Regulations. The membership of institutional, college, school, and departmental faculties and legislative bodies, their officials, authority, procedures, rules of order, and other matters pertaining to their functions and duties are specified in the Rules and Regulations of each component unit.

2.8 Faculty Minutes. Copies of institutional faculty minutes, or of their legislative bodies, shall be available for use of members of the particular faculties individually, if desired; and shall be filed in the offices of their secretaries, the institutional heads, the President, and the Secretary of the Board of Regents and in the institutional libraries.
Chapter V

Miscellaneous

Sec. 1. Students' Associations. Students' associations at the component institutions of the University are hereby approved and continued. They shall have such jurisdictions and shall exercise such powers as the Board of Regents, upon their request and with the approval of the institutional heads, may delegate to them.

1.1 Constitutions and Laws Approved. The constitutions and laws of the several associations, in force at the date of adoption of these Rules and Regulations, are hereby approved, and the jurisdictions and powers therein set forth are hereby delegated by the Board of Regents to the several associations.

1.2 Mode of Amending Constitutions and Laws. An amendment or addition to the constitution or laws of a students' association may be adopted by such association, in accordance with its constitution and laws but same shall not become effective until transmitted to and acted upon by the dean of student life, or his counterpart, at each institution and approved by the Board of Regents upon recommendation by the institutional head and the President.

1.3 Amendment or Repeal by Regents. The Board of Regents has the power to amend or repeal any portion of the constitution and laws of a students' association when, in the judgment of the Board, the interests of the particular institution shall require it. The Board, however, will exercise this power, unless a very grave emergency exists, only after due consideration, notice, and consultation with the dean of student life, or his counterpart, at each of the institutions, the institutional head, the institutional faculty if need arises and the officers of the particular association.

1.4 Amendment or Repeal by Dean of Student Life. The dean of student life, or his counterpart, at each institution, shall have the power, when in his judgment the interests of the institution require it,
to amend or repeal, temporarily, any provision in the constitution
or laws of the particular association, but his action shall be in
force only until the next regular meeting of the Board of Regents,
when Section 1.3 above, becomes applicable.

date, or his counterpart.

**Sec. 2. The University of Texas Development Board.** The University of Texas
Development Board, formally organized May 27, 1938, under authority of
a resolution adopted by the Board of Regents shall continue, and
shall be composed of five members appointed by the Board of Regents,
five members appointed by the Executive Council of the Ex-Students' 
Association, and two members of the General Faculty of the Main
University selected by it through preferential secret ballot.

2.1 **The terms of office of the various members shall be six years,**
the terms to be staggered so that vacancies will occur every
two years,

2.2 The President of The University of Texas shall be an ex officio member without vote.

2.3 The Development Board shall be subject to the control of the Board of Regents.

2.4 It shall carry forward a program for the development of the University as a whole, as well as its component institutions, through gifts and endowments.

2.5 Its administrative head shall be an Executive Director who shall be elected by the Development Board.

2.6 The budget for the operation of the Development Board shall be approved by the Board of Regents upon recommendation of the Development Board to the President.

2.7 An up-to-date copy of the By-Laws of The University of Texas Development Board shall be maintained in the office of the Secretary of the Board of Regents by the Director of the Development Board.

Sec. 3. Foundations. The following policies shall govern the creation and administration of foundations.

3.1 Internal Foundations.
3.11 That the establishment of internal foundations be limited to teaching divisions of the University and not include bureaus and other nonteaching divisions. This is not in any sense to be construed as excluding such bureaus or nonteaching divisions from seeking support from private sources through the Development Board as the authorized agency for correlating all fund raising activities.

3.12 That the establishment of foundations for other than colleges or schools be limited to divisions and departments regarding which it can be clearly demonstrated that there exists actually or potentially the support of a strong business or professional group, such as exists in the case of the Geology Foundation.
and the activities of which will not be in substantial conflict with the foundation which represents the school or college of which the division or department is a part. It is believed that other divisions and departments which cannot meet these tests may effectively work as separate groups within the framework of the foundation which represents this school or college. The provisions now existing for the designation of special funds to be used for specific activities should continue within the framework of the various foundations. This opportunity to earmark funds obtained by specific groups should help to avoid stifling the interest and initiative of these groups.

3.13 That any foundation in addition to those now existing be authorized by the Board of Regents only after approval by the Development Board and by the Administration.

3.14 That the work of all internal foundations be considered a part of the work of the Development Board and that each such foundation, through its directing head, constantly cooperate with the Development Board office and keep the office informed of its activities; that it be the duty of the Development Board to cooperate with such foundations at all times and to stimulate their efforts by counsel, by personal contacts, and by providing promotional materials; and further that the foundations report periodically to the Development Board. Every effort should be made to permit free range of initiative within the foundations but in conformity with Development Board policies so as to permit maximum over-all achievements in fund raising.

3.15 That there be periodic reviews of the activities of each foundation to determine its effectiveness and provision made for its dissolution if it is unproductive over a reasonable length of time.
3.16 That internal foundations not necessarily be restricted to the Main University but be established at branches where conditions may warrant and the demand may exist, as, for instance, at the School of Dentistry.

3.17 That there be established wherever practicable advisory councils to the foundations such as now exist for the Pharmaceutical Foundation and the Geology Foundation and that the Director of the Development Board be an ex-officio nonvoting member of each such advisory council.

3.18 That no action be taken at this time with reference to the Psychological Research Foundation or the Genetics Foundation, but that they and the Arts and Sciences Foundation and the Administrative groups involved give consideration to the possibility of merging the work into that of the Arts and Sciences Foundation.

3.2 External Foundations.

3.21 That the establishment of external foundations over which the University has no control be prohibited in instances where the Administration and the Board of Regents have such authority and in all other instances be discouraged.

3.22 That wherever such external foundations exist or come into being, the Development Board should establish a working relationship with the officials of the foundation and should seek to co-ordinate their activities in such a way as to bring them into line with the general policies of the Development Board and those of the Administration and the Board of Regents. Such co-ordination would not be intended to dampen the enthusiasm or alienate the affections of persons wishing to assist the University, but rather, if possible, to direct their energies through established University channels.

5. 1 Whenever an appointment is made, either on a full or part-time basis, it shall be made solely with regard to the special fitness of the appointee, subject to the Penal Code, 1925, Articles 432, 433, 434, 435, and 437, and the Revised Civil Statutes, 1925, Article 5996, and amendments thereto; and subject also to the provisions of this section.
5.2 Unless otherwise specifically stated, a relative shall be defined as a person related within the first degree of affinity or the second degree of consanguinity, according to the common law.

5.21 The first degree of affinity includes the spouse of the employee, and the parents, children, brothers and sisters of the employee's spouse. The second degree of consanguinity includes the parents, children, brothers and sisters, grandparents, uncles and aunts, first cousins, nephews and nieces, and grandchildren of the employee.

5.22 The second degree of affinity includes the grandchildren of employee's spouse, and the nephews, nieces, uncles, aunts and first cousins of employee's spouse. The third degree of consanguinity includes the great-grandson, great-grandfather, great-uncle, great-uncle's children, second cousin, first cousin's children, and grand-nephew of the employee.

5.3 Restrictions on Appointments.

5.31 No relative, within the second degree of affinity or the third degree of consanguinity, of a member of the Board of Regents will be considered for appointment, but such person will be considered for reappointment in those cases where the appointment was antecedent to the Board member's appointment.

5.32 No person shall be initially appointed even temporarily when it is the duty of a relative on the University staff to act in some official capacity upon the appointment.

5.33 No person shall be initially appointed even temporarily in any department or similar subdivision if he has a relative in that department or subdivision holding an academic rank of instructor or higher or occupying a non-teaching position with a monthly salary rate of $450 or more.

5.34 No person, any relative of whom holds an academic rank of instructor or higher or occupies a non-teaching position with a monthly salary rate of $450 or more at one of the component institutions of The University of Texas, shall be appointed even temporarily to an equal or higher position in either category in another department or subdivision of the same institution, except by specific petition approved in advance by the appropriate administrative officials and the Chancellor, with subsequent report to the Board of Regents; provided, however, if any such proposed appointment involves tenure, prior approval of the Board of Regents is required.

5.35 Simultaneous initial appointments of two persons to positions in the same institution shall not be made if either appointment is to an academic position of instructor or higher or to a non-teaching position with a monthly salary rate of $450 or more.
5.36 When two persons holding positions with the University marry, both may not continue to hold such positions beyond the current fiscal years, if the employment of married persons to such positions initially would violate these regulations.

5.37 No promotion or salary increase may be granted to an employee who has a relative occupying a position with the University except in accordance with these regulations governing initial appointment.

5.38 Relationship shall not be a bar to honorary positions or to nonremunerative positions.

5.4 General Provisions.

5.41 The provisions of the anti-nepotism rule apply to all programs administered under the Board of Regents.

5.42 For the purpose of administering these provisions, an employee occupies his position from the date at which his employment begins until his connection with the Institution is formally terminated.

5.43 In an emergency, the head of each component institution of The University of Texas, acting upon the affirmative advice from the Administrative Council or similar body at the institution, is authorized to suspend in individual cases the regulations stated above, the suspension in no case to extend beyond the end of the current fiscal year. Such temporary suspension shall carry no implication of tenure and shall be reported to the Chancellor and the Board of Regents in the next docket.

5.44 In extraordinary cases where the interest of the University will be best served thereby, the Board of Regents, upon special petition from an institutional head approved by the Chancellor, may suspend these regulations except as to the appointment of any relative of a Regent, the Chancellor of the University, or the head of any component institution.

6.1 By statute, "The Regents shall have power to remove any professor, tutor or other officer connected with the institution, when, in their judgment, the interest of the University shall require it." (Article 2586, Vernon's Civil Statutes)

6.2 The principles governing tenure and promotion are specified for each component institution in the Institutional Supplement applicable to that institution.
