Each such matter shall be accompanied by a summary of the facts pertaining thereto, the needs for action thereon, and the Chancellor's recommendations. Where financial matters are involved the summary shall show the method of competition, if any, the names and offers of all interested parties, and generally sufficient information to show the reasons for and fairness of each transaction. The Chancellor's recommendations shall state whether or not they are
fully concurred in by any institutional head involved, and if not, the views and recommendations of the institutional head shall be included. Any opposing views to the Chancellor’s recommendations shall be fairly stated to the Board committee considering the matter or to the Committee of the Whole either in writing or orally as the Chancellor may direct prior to official Board action on the matter. Any matter not sent to the members of the Board of Regents, documented as herein provided, at least five days in advance of the meeting at which it is to be considered shall go over to the next meeting for consideration; provided, however, that if sufficient emergency exists requiring immediate action, and it appears that the delay was unavoidable, this requirement may be waived by a two-thirds vote of the Board upon recommendation of the appropriate committee.

7.7 **Report to Press on Actions of Board.**--Matters of public interest will be given, as promptly as possible after each meeting, to the Press by the Director of News and Information Service under the direction of the Chairman of the Board or the Chancellor, with the knowledge of the institutional head.

7.8 **Political and Otherwise Obviously Controversial Matters.**--The Board of Regents reserves to itself the responsibility for passing upon matters of a political or otherwise obviously controversial nature which represent an official position of the University or any institution or department thereof. Statements on such matters as the Board may deem advisable to make shall be made through the Chairman of the Board or the Chancellor. No Regent, officer, or faculty or staff member shall make or issue any public statement on any political or other subject of an obviously highly controversial nature which might reasonably be construed as a statement of the official position of The University of Texas or any institution or department thereof, without the advance approval of the Board of Regents. The intent of this policy statement is not to stifle the right of freedom of speech of anyone speaking in a personal capacity where he makes it clear that he is not speaking for the University. Matters of an emergency nature shall be cleared through the Chancellor with the Chairman of the Board of Regents.

**Sec. 8. Executive Director of Investments, Trusts and Lands**

8.1 The Executive Director of Investments, Trusts and Lands is an administrative officer of The University of Texas System. He is elected by the Board of Regents, serves at the pleasure of the Board, reports to and is responsible to the Board, and receives such compensation as may be fixed by the Board.
8.2 Duties - The duties of the Executive Director include the following:

8.21. The Executive Director recommends to the Board, and implements when they are approved by the Board, policies and actions with respect to:

8.211. The investment, management, and administration of all endowment funds belonging to the University System and its component institutions, including the Permanent University Fund, the Available Fund, and all trust and special funds;

8.212. The management and administration of the surface of all endowment lands and real estate belonging to the University System and its component institutions, including the West Texas Lands and all trust properties;

8.213. The management and administration of oil, gas and other mineral exploration and production on all endowment lands and real estate belonging to the University System and its component institutions, including the West Texas Lands and all trust properties; and

8.214. The issuance, management, and payment of all bonds and other evidences of indebtedness issued by the Board of Regents for the University System and its component institutions.

8.22. The Executive Director works closely with the Board for Lease of University Lands in the discharge of its duties and responsibilities.

8.23. The Executive Director presents to the Board of Regents and the Chancellor periodic reports of the status and prospect of funds for which he has responsibility and which will be available for expenditure by the University System and its component institutions, but except to defray the incidental cost of the operation of his office, the Executive Director has no responsibility or authority for the appropriation or expenditure of any such funds.

8.24. The Executive Director assists and cooperates with the Chancellor or his delegate in developing and promoting philanthropy for the benefit of the University System and its component institutions.

8.25. The Executive Director consults with and seeks the advice of the Executive Associate for Economic Affairs with respect to the development of long-range plans for the development and management of the economic resources of the University System and its component institutions.
8.26 The Executive Director directs and is responsible for the proper operation of the following budgeted activities:
8.261 Board for Lease - University Lands
8.262 University Lands - Legal and Surveying
8.263 Oil Field Supervision and Geophysical Exploration
8.264 University Lands - Surface Leasing
8.265 Endowment Office
8.266 Securities Division

Sec. 9. Executive Associate for Economic Affairs.

9.1 The Executive Associate for Economic Affairs is a staff officer of The University of Texas System. He is elected by the Board of Regents, serves at the pleasure of the Board, reports to and is responsible to the Board, and receives such compensation as may be fixed by the Board.

9.2 Duties - The Executive Associate on a continuing basis conceives and develops long-range plans and studies with respect to the development and management of the economic resources of the University System and its component institutions, and, upon request, consults and advises with the Board of Regents and the Executive Director of Investments, Trusts and Lands regarding such plans and studies.
30.6 The salary rate for modified service shall be one-half the average regular salary rate for each individual during the five years of full-time service immediately preceding the fiscal or academic year, as appropriate, in which modified service begins. Adjustments in rate will be made to care for any general change in salary scale under policies developed from time to time by the component institutions and approved by the Chancellor and the Board of Regents.

30.7 The work load of a faculty or staff member placed on modified service shall be essentially one-half of his immediately previous full-time work load, but he may not continue, or be assigned, major administrative duties. Further provisions and limitations regarding the services of a person on modified service may appear in the Institutional Supplements for the component institutions.

30.8 During the fiscal year in which the faculty member's seventieth birthday occurs or the nonteaching staff member's sixty-fifth birthday occurs and before the budget is prepared for the following year, and each year thereafter until full retirement, there must be an administrative determination of the employee's fitness to fulfill his duties. The administrative procedure shall be prescribed in the Institutional Supplement for each component institution.

30.9 Members of institutional faculties who have served the University continuously for twenty (20) years, and members of the nonteaching staff who have served the institution continuously for fifteen (15) years, may, upon approval of the institutional head, change to the modified service in the University for which they are eligible at any time after reaching their sixtieth birthday.

30.(10) No person appointed to the institutional faculties or nonteaching staffs after the age of fifty shall have the right to modified service.

30.(11) Members of institutional faculties and staffs who are not members of the Teacher Retirement System and faculty members who have served less than twenty (20) years and nonteaching staff members who have served less than fifteen (15) years may secure modified service status only upon special recommendation of the institutional head and the Chancellor and approval by the Board, and such recommendation and approval must be made annually on the basis of institutional need.

30.(12) In deciding when a faculty member shall retire from all University service and compensation, the Board of Regents will consider his current capacity for work, his service to the University, and the retirement benefits to which he is entitled under the Teacher Retirement System of Texas and the Federal Social Security laws; with the expectation that for each voting member of the faculty with at least twenty-five (25) years of faculty membership in the University, modified
service will be continued until the retirement benefits receivable are approximately equal to the amount that would be received under modified service.

30. (13) Nonteaching Staff Members with Faculty Rank. -- Every full-time or part-time nonteaching staff member who also has the faculty rank of Instructor, Assistant Professor, Guest Assistant Professor, Associate Professor, Guest Associate Professor, Professor, or Guest Professor shall retire from his administrative position (see subsection 30.14 below) at the close of the fiscal year in which his sixty-fifth birthday occurs and, if he chooses, return to a full-time faculty assignment. Thereafter, his rights shall be in accord with any other member of the faculty.

30. (13)1 Every full-time or part-time nonteaching staff member who has academic rank but does not have the faculty rank of Instructor, Assistant Professor, Guest Assistant Professor, Associate Professor, Guest Associate Professor, Professor, Guest Professor shall retire from his administrative position (see subsection 30.14 below) at the close of the fiscal year in which his sixty-fifth birthday occurs and he may choose to return to full-time faculty assignment until the close of the fiscal year in which his seventieth birthday occurs without eligibility for modified service, or he may choose to be continued in a nonteaching position on modified service and compensation through the fiscal year in which his sixty-seventh birthday occurs.

30. (14) Administrative Officers. -- Administrative officers with policymaking responsibility shall retire from their administrative positions at the end of the fiscal year in which their sixty-fifth birthday occurs. Administrative officers in this paragraph shall include all executive officers, deans and directors, assistant and associate deans and directors, departmental chairmen, administrative personnel within the professional and administrative classifications in the University Personnel Pay Plan, or unclassified administrative positions, and others by title whose positions are deemed involved in policymaking decisions by the Chancellor and his staff. This determination will be made annually by the Chancellor, upon recommendation of the executive head of the component institution, at the time of budget preparation.

30. (15) Employment after Retirement. -- Any person receiving service retirement under the Teacher Retirement System of Texas and who is over sixty-five (65) years of age may be employed by a State-supported college or university in this state on as much as a one-third time basis (which for teachers shall in no event exceed teaching of six (6) semester hours). This employment of a person receiving service retirement shall not affect

Subject: Rules and Regulations, Part One - Amendments through July 1966

Dear Mrs. Johnson and Gentlemen:

As a matter of record, please allow me to inform you that all formal amendments to the Rules and Regulations of the Board of Regents for the Government of The University of Texas, Part One, have been incorporated in the minutes with the exception of Chapter II, Section 7.421 which relates to the Comptroller.

There is pending an amendment to Section 30.15), Chapter III which will be presented for formal approval at the August meeting.

Sincerely yours,

Dear Mr. Chairman:

Paragraph 6.16 of Chapter I of Part One of the Regents' Rules and Regulations provides as follows:

"Composition and Duties of the Executive Committee. -- The Executive Committee shall be composed of the Chairman of each standing committee, including the Chairman of the Executive Committee. It shall have the following duties: . . . ."

Following the above quoted paragraph is a list of the duties of the Committee, which duties are not pertinent here since I suggest no change in them.

However, I do suggest that the Executive Committee be enlarged to include all members of the Board. Actually, the Executive Committee's prime responsibility is to serve as an interim committee for actions on matters that require action between meetings of the Board.

At the present time, all members of the Board receive copies of those interim actions, but only the six senior members of the Board are permitted to act on them. While I do not question the legal right of the Board to delegate this authority to six of the nine members, it seems to me that all members of the Board should have a voice in these interim actions, and it will require very little, if any, more paper work for all members to have this right.

Therefore, I respectfully request that you put on the agenda of the August meeting a recommendation from me that the body of the above quoted Paragraph 6.16 be changed to read as follows:

"The Executive Committee shall be composed of all members of the Board. It shall have the following duties: . . . ."
While I do not think that the procedure need be included in the Regents' Rules and Regulations, I think that if this proposed rule change is made, we should adopt a procedure for the handling of interim actions similar to that which we now have for the "Chancellor's Docket."

You will recall that at the present time the following procedure prevails with respect to the Chancellor's Docket:

"All items not excepted by any Regent will be deemed approved without further action by the Board, and will be reported for the record in the Minutes of the next meeting of the Board. Any Regent whose completed ballot has not been received by the Secretary at the conclusion of business on the fourteenth day after the Chancellor's Docket has been mailed to such Regent shall be deemed to have approved all items in the docket without exception."

For interim actions, the number of days which elapse before the items shall be deemed approved may need to be shortened. However, in other respects I think the procedure outlined above is good.

Sincerely,

Frank C. Erwin, Jr.

Dr. Harry Ransom  
Chancellor  
The University

Dear Dr. Ransom:

This is to request a minor change in the Regents' Rules and Regulations. Section 30.(15) of Chapter III, Part One, provides that under certain circumstances a person receiving service retirement under the Teacher Retirement System may be employed as a teacher by a Texas state-supported college or university on as much as a one-third time basis without jeopardizing his Teacher Retirement payments. This section is in accordance with House Bill 107 as passed by the 57th Legislature.

It is my recommendation that the words "as a teacher" be removed from the Rules to allow any retired staff member, upon proper administrative recommendation and approval, to be employed up to one-third time. This would change the first sentence of Section 30.(15) as follows:

FROM  
Any person receiving service retirement under the Teacher Retirement System of Texas and who is over sixty-five (65) years of age may be employed as a teacher by a State-supported college or university in this state on as much as a one-third time basis, which shall in no event exceed six (6) semester hours.

TO  
Any person receiving service retirement under the Teacher Retirement System of Texas and who is over sixty-five (65) years of age may be employed by a State-supported college or university in this state on as much as a one-third time basis (which for teachers shall in no event exceed teaching of six (6) semester hours).

The rest of the section would remain as it is.
The Teacher Retirement System of Texas defines "teacher" as any employee who is eligible to become a member of the Teacher Retirement System and therefore has interpreted the legislative action regarding employment after retirement as applying to all members of the System. The recommended change in the Rules and Regulations would therefore bring the University regulations in line with those of the Teacher Retirement System.

Sincerely yours,

2.6 Composition and Operation of The University of Texas Development Board.

2.61 The University of Texas Development Board shall consist of one member of the Board of Regents designated annually by the Chairman, the Chancellor of the University, six members named by the Executive Council of The University of Texas Ex-Students' Association, and fourteen members named by the Board of Regents. (Adopted May 22, 1965)

After September 1, 1963, all new appointees, except the member from the Board of Regents and the Chancellor, will serve for three-year terms. Original staggered terms of one, two, and three years will be determined by lot for all members, except the Regent representative and the Chancellor, on September 1, 1963. In selecting members, the Board of Regents and the Executive Council shall give due consideration to geographical and component institution factors. Vacancies shall be filled by the original appointing agency. (Adopted May 25, 1963)

2.62 The Development Board shall designate one of its members as Chairman, and shall provide for such other officers as it deems necessary. It shall adopt bylaws governing its operations and shall file them, and subsequent amendments thereto, with the Secretary of the Board of Regents. It shall cause accurate minutes of its proceedings to be kept, and file copies with the Secretary of the Board of Regents. It shall prepare an annual evaluation report on its activities, incorporating such recommendations as it cares to make, and transmit this report to the Chancellor and to the Board of Regents through the Secretary of the Board.

2.63 The Development Board shall conduct its operations to accord with policies and regulations of the Board of Regents, and shall make recommendations concerning modifications and additions to those policies through the Chancellor to the Board of Regents.

Sec. 3. Foundations.--The following policies shall govern the creation and administration of foundations:

3.1 Internal Foundations.

3.11 That the establishment of internal foundations be limited to teaching divisions of the University and not include bureaus and other nonteaching divisions. This is not in any sense to be construed as excluding such bureaus or nonteaching divisions from seeking support from private sources through the Development Board as the authorized agency for correlating all fund-raising activities.

3.12 That the establishment of foundations for other than colleges or schools be limited to divisions and departments regarding which it can be clearly demonstrated that there exists actually or potentially the support of a strong business or professional group, such as exists in the case of the Geology Foundation of the Main University and the activities of which will not be in substantial conflict.
with the foundation which represents the school or college of which
the division or department is a part. It is believed that other
divisions and departments which cannot meet these tests may
effectively work as separate groups within the framework of the
foundation which represents this school or college. The provisions
now existing for the designation of special funds to be used for
specific activities should continue within the framework of the
various foundations. This opportunity to earmark funds obtained
by specific groups should help to avoid stifling the interest and
initiative of these groups.

3.13 That any foundation in addition to those now existing be authorized
by the Board of Regents only after approval by the Development
Board and by the Administration.

3.14 That the work of all internal foundations be considered a part of
the work of the Development Board and that each such foundation,
through its directing head and the institutional head, constantly
cooperate with the Development Board office and keep the office
informed of its activities; that it be the duty of the Development
Board to cooperate with such foundations at all times and to
stimulate their efforts by counsel, by personal contacts, and by
providing promotional materials; and further that the foundations
report periodically to the Development Board. Every effort
should be made to permit free range of initiative within the founda-
tions but in conformity with Development Board policies so as to
permit maximum over-all achievements in fund raising.

3.15 That there be periodic reviews of the activities of each foundation
to determine its effectiveness and provision made for its dissolu-
tion if it is unproductive over a reasonable length of time.

3.16 That internal foundations not necessarily be restricted to the
Main University but be established at component institutions
where conditions may warrant and the demand may exist, as, for
instance, at the Dental Branch.

3.17 That there be established wherever practicable advisory councils
to the foundations such as now exist for the Pharmaceutical
Foundation and the Geology Foundation and that the Director of
the Development Board be an ex officio nonvoting member of each
such advisory council.

3.2 Authorized Internal Foundations:

6.124 Texas Western College, El Paso, two members.
6.125 South Texas Medical School, San Antonio, two members when a committee of graduate studies of at least six members has been elected to the Graduate Faculty. Meanwhile, the Dean shall have a vote.
6.126 The Graduate School of Biomedical Sciences at Houston, two members. The interests of the M. D. Anderson Hospital and Tumor Institute and the Dental Branch will be represented through The Graduate School of Biomedical Sciences at Houston.

6.2 Future Apportionment of Seats.

6.21 Until 1960, the apportionment of seats on the Assembly among the electoral divisions of the Main University remained as adopted in 1956. In 1964, and every fourth year thereafter, the Chairman of the Assembly shall appoint a committee to recommend to the Assembly a plan for apportioning its seats among the electoral divisions, which, when adopted by the Assembly and approved by the Chancellor and the Board of Regents, shall become effective at the next election.

6.22 Each component institution of the University shall be entitled to further elective representation on the Assembly whenever the number of faculty members directing graduate work at such unit, in relation to the ratio of representation at the Main University, warrants such representation.

6.3 Method of Election.

6.31 The members of the Graduate Faculty at each electoral division having two or more members shall nominate and elect their representatives in a primary and final election, the latter to be conducted according to an equitable system or proportional representation (the Hare system at the Main University in Austin). The names of the candidates receiving the highest number of votes in the primary equal to twice the number of places to be filled shall be placed on the final election ballot. No member over 67 years of age shall be nominated to the Assembly.

6.32 The members of the Graduate Faculty of each electoral division having one representative shall nominate and elect their representative in a primary and an election, the election ballot to contain the names of the two receiving the largest number of votes in the primary.

6.33 No department shall have more than two members on the election ballot.
6.4 Time of Election; Terms of Members

6.41 Primary elections shall be held on the third Tuesday in April of odd-numbered years.

6.42 Final elections shall be held on the second Tuesday in May following the primary election.

6.43 Special elections to fill vacancies shall be held as occasion arises.

6.44 The Secretary of the Graduate Assembly shall be responsible for the holding and conducting of primaries and elections provided herein. The Secretary may request the assistance of the heads of component institutions, colleges, and schools in carrying out this responsibility.

6.45 The elected members of the Assembly shall serve for a term of two years, and no members shall be eligible to serve for more than two full successive terms.

6.46 Members of the Assembly shall take office on the third Monday in September following their election. Members filling vacancies shall take office immediately after their election.

6.47 The Secretary will accumulate the agenda material (and circulate where necessary) for the next fall meeting. He will preside to hold election, as the first order of business, of the new Chairman of the Assembly. (Adopted May 22, 1965)

6.5 Attendance by Members of Graduate Faculty at Assembly Meetings. --Any member of the Graduate Faculty of the University may attend meetings of the Assembly and, with permission of the Assembly, may speak.

6.6 Organization of Graduate Assembly.

6.61 The Assembly shall elect as Chairman one of its members who has served two years. He shall serve only one term of two years. He shall have a casting vote. In his absence a Chairman pro tempore shall be elected from the Assembly. No Dean or higher administrative official may be Chairman.

6.62 The Assembly shall elect annually, at the final, regularly scheduled meeting of the Session, a Secretary from among the regular members of the Graduate Faculty at the Main University who have served at least one year as voting members of the Assembly. He shall:

6.621 Send out all notices and communications; prepare the agenda; keep an attendance record and record of proceedings; receive all communications; and preserve all records of the Assembly.

6.622 Supervise the conduct of primaries and elections.

however, in exceptional cases, the Graduate Assembly may accept applications initiated in other ways.

5.11 Nominations, after their initiation, shall be considered by the Committee on Membership of the Graduate Assembly. Recommendations by the Committee on Membership shall go to the Graduate Assembly at their next regular meeting. Their action will be conveyed by the Chairman of the Assembly to the Chancellor, and through him to the Board of Regents. When the Regents have appointed the nominee to the Graduate Faculty, the Chancellor will notify the graduate school administrators, the institutional heads (the Vice-Chancellor for Academic Affairs in the case of faculty in Austin) and the Committee on Graduate Studies of the department concerned.

5.12 Considerations in making nominations for regular membership with vote.--The nominating committee, ordinarily the Committee on Graduate Studies, shall consider the several qualifications of a prospective member of the Graduate Faculty. These would include high competence and national reputation as a scholar, highly significant production of scholarly work, research or artistic creations, active interest and effectiveness as a teacher of graduate students through the M.A. and Ph.D. degrees.

5.13 When in accordance with the regular procedures, an outstanding man from government, industry, the professions or another academic institution is offered or granted membership in the faculty of any component institution of The University of Texas, the Chancellor may make exceptions in the procedures noted herein and with the approval of the Committee on Membership of the Graduate Assembly recommend to the Board of Regents the appointment of the individual directly to the Graduate Faculty.

5.2 Associates.

5.21 Associates of the Graduate Faculty shall be appointed by the responsible graduate school administrator of the appropriate subdivision of the University upon recommendation of the Committee on Graduate Studies. All such appointments shall terminate on August 31 of even-numbered years. (Adopted March 13, 1965.)

5.22 An Associate shall be eligible to supervise master's theses; and by request of the appropriate Committee on Graduate Studies and on approval of the institutional Graduate School administrator, an Associate may be permitted to supervise specific doctoral dissertations, in general not exceeding a total of three during the entire period of his status as an Associate of the Graduate School.
5.23 Authorization to teach graduate courses other than thesis or dissertation courses shall not constitute appointment as an Associate of the Graduate Faculty.

Sec. 6 The Graduate Assembly.

6.1 Composition of the Assembly.--The Graduate Assembly shall consist of the following members:

6.11 Ex officio Members without Vote.--The Chancellor of the University, the Vice-Chancellor for Academic Affairs, heads of the component institutions, the administrative head of the Graduate School unit at each component institution, the Associate Graduate Deans at Austin, and administrative heads of colleges and schools (which are not subdivisions of colleges). be circularized among the members of the Graduate Faculty of The University of Texas. In the event that any five members of the Graduate Faculty of the University shall request it within the two-week period, the Assembly shall reconsider its initial action on such Major legislation at a special meeting called promptly thereafter for the purpose, at which meeting those presenting the request and other voting members may appear to oppose the final enactment of such legislation. After such hearing the Assembly shall send its final recommendations to the appropriate institutional head for transmission through the Vice-Chancellor for Academic Affairs to the Chancellor and the Board of Regents, and shall go into effect if and when approved by the Board of Regents.

6.92 Major legislation may be initiated outside the Assembly by any five members of the Graduate Faculty of the University, which proposals the Assembly shall be required to consider. Any of the ex officio members of the Assembly may initiate legislation within the Assembly as may voting members.

6.(10) Appeals by Faculty from Recommendations of Assembly. -- Appeals concerning recommendations of the Graduate Assembly may be addressed to the Chancellor and the Board of Regents by the Graduate Faculty in any component institution of The University of Texas where graduate work is offered or proposed. When an appeal has been voted by the faculty in any component institution, the Secretary of the Graduate Assembly shall notify the secretaries of the faculties in all the other component institutions for study and action by those faculties.

6.(11) Special Meetings of the Graduate Faculties of Component Institutions. -- Special meetings of the Graduate Faculty of the Main University or of the members of the other component institutions of the University may be held whenever the graduate school administrator or the administrative head of such other component institutions shall desire, or upon petition of five members of the Graduate Faculty of the University. Such meetings may recommend legislation for submission to the Assembly.

Sec. 7 Committees on Graduate Studies.

7.1 Membership. -- In each component institution of the University there shall be a Committee on Graduate Studies in each major academic area in which graduate work is offered as determined by the Graduate Assembly. This Committee shall be composed of all persons in that area who have been appointed as members of the Graduate Faculty. The committee may include members from several small allied departments if this seems most effective in stimulating optimum growth. The Committee shall select its own
chairman. Transfer to modified service or retirement shall not automatically terminate a member's participation in the Graduate Program or his right to a voice in a Committee on Graduate Studies. However, no person on modified service or in retirement shall be entitled to a vote on the Committee on Graduate Studies or otherwise in the graduate faculty. This restriction, however, shall not apply to service on Supervisory Committees. (Adopted March 13, 1965.)

7.2 Duties.

7.21 Recommendations concerning new degree programs, new graduate courses, changes in graduate courses, and designation of teachers of graduate courses shall be made by the Committee on Graduate Studies of the appropriate academic area to the graduate school administrator. These recommendations shall be reviewed by the undergraduate dean concerned, or by the appropriate administrative officer of the budgetary unit of the University, relative to their budgetary and personnel implications, and then returned to the graduate school administrator for his approval. If they involve general policy decisions, they go to the Assembly for review.

7.22 Each Committee on Graduate Studies shall be in charge of the admission to candidacy for all graduate degrees in its academic area.

7.23 The Committee on Graduate Studies shall recommend suitable faculty members for membership in the Graduate Faculty. Such recommendations shall go to the Secretary of the Graduate Assembly for action by the Assembly Committee on Membership and then by the Assembly.

All recommendations should be sent to the Secretary of the Assembly at least three weeks before the meeting date of the Assembly in order for the membership committee to review them to report at the meeting.

Sec. 8 Authorization to Teach Graduate Courses. -- Authorization to teach graduate courses shall be given by the appropriate Committee on Graduate Studies subject to approval by the graduate school administrator and the institutional head.

Sec. 9 Graduate School Administrators. -- The graduate school administrators of all component institutions shall meet early each fall and as necessary at the call of any of the graduate school administrators for the purpose of examining the effects of legislation by the Graduate Assembly, and to insure common procedures and uniform high standards. The Dean of the Graduate School of the Main University shall be the presiding officer.

(Chapter VI - Adopted April 25, 1964.)
however, in exceptional cases, the Graduate Assembly may accept applications initiated in other ways.

5.11 Nominations, after their initiation, shall be considered by the Committee on Membership of the Graduate Assembly. Recommendations by the Committee on Membership shall go to the Graduate Assembly at their next regular meeting. Their action will be conveyed by the Chairman of the Assembly to the Chancellor, and through him to the Board of Regents. When the Regents have appointed the nominee to the Graduate Faculty, the Chancellor will notify the graduate school administrators, the institutional heads (the Vice-Chancellor for Academic Affairs in the case of faculty in Austin) and the Committee on Graduate Studies of the department concerned.

5.12 Considerations in making nominations for regular membership with vote.—The nominating committee, ordinarily the Committee on Graduate Studies, shall consider the several qualifications of a prospective member of the Graduate Faculty. These would include high competence and national reputation as a scholar, highly significant production of scholarly work, research or artistic creations, active interest and effectiveness as a teacher of graduate students through the M.A. and Ph.D. degrees.

5.13 When in accordance with the regular procedures, an outstanding man from government, industry, the professions or another academic institution is offered or granted membership in the faculty of any component institution of The University of Texas, the Chancellor may make exceptions in the procedures noted herein and with the approval of the Committee on Membership of the Graduate Assembly recommend to the Board of Regents the appointment of the individual directly to the Graduate Faculty.

5.2 Associates.

5.21 Associates of the Graduate Faculty shall be appointed by the responsible graduate school administrator of the appropriate subdivision of the University upon recommendation of the Committee on Graduate Studies. All such appointments shall terminate on August 31 of even-numbered years. (Adopted March 13, 1965.)

5.22 An Associate shall be eligible to supervise master's theses; and by request of the appropriate Committee on Graduate Studies and on approval of the institutional Graduate School administrator, an Associate may be permitted to supervise specific doctoral dissertations, in general not exceeding a total of three during the entire period of his status as an Associate of the Graduate School.
5.23 Authorization to teach graduate courses other than thesis or dissertation courses shall not constitute appointment as an Associate of the Graduate Faculty.

Sec. 6 The Graduate Assembly.

6.1 Composition of the Assembly.--The Graduate Assembly shall consist of the following members:

6.11 Ex officio Members without Vote.--The Chancellor of the University, the Vice-Chancellor for Academic Affairs, heads of the component institutions, the administrative head of the Graduate School unit at each component institution, the Associate Graduate Deans at Austin, and administrative heads of colleges and schools (which are not subdivisions of colleges). However, the administrative heads of the Graduate School of Library Science and the Graduate School of Social Work shall be entitled to seats with vote until such time as there shall be in such designated school two or more members of the Graduate School eligible for nomination and election to the Assembly. 3.3 External Foundations.
3.31 That the establishment of external foundations over which the University has no control be prohibited in instances where the Administration and the Board of Regents have such authority, and in all other instances be discouraged.
3.32 That wherever such external foundations exist or come into being, the Development Board should establish a working relationship with the officials of the foundation and should seek to coordinate their activities in such a way as to bring them into line with the general policies of the Development Board and those of the Administration and the Board of Regents. Such coordination would not be intended to dampen the enthusiasm or alienate the affections of persons wishing to assist the University, but rather, if possible, to direct their energies through established University channels.

Sec. 4. Naming of Buildings and Research Units (Including Laboratories and Clinics). -- Buildings and research units (including laboratories and clinics) of the University shall not be named in honor of a person because of distinguished service to the University, to Texas, or to the United States, until the bearer shall have been dead at least five years and a nomination accompanied by reasons shall have been obtained from the institutional faculty by the Board; provided that the foregoing shall not necessarily apply when naming buildings and research units (including laboratories and clinics) donated to the University by individuals. (Adopted December 12, 1964.)

Sec. 5. Flags at Half Mast. -- Flags at any of the component institutions of The University of Texas shall be placed at half mast on the death of a Regent, the death of a member of the teaching or nonteaching staff or a student in residence at the institution, and at such other times as deemed appropriate by the institutional heads.

Sec. 6. Medical and Hospital Services. -- No medical or hospital services shall be provided by any component institution of The University of Texas to any person without compensation or reimbursement to The University of Texas except that in the cases of hospitals operated by The University of Texas,
which under the law are open to the general public, free or partly free medical and hospital services may be rendered to persons who are indigent and who are able to offer proof that they are not financially able to pay either all or any part of their hospital or medical expense.

Sec. 7. University Policy in Regard to Debts of Students.

7.1 The University is not responsible for debts contracted by individual students or by student organizations. On the other hand, the University expects all students and student organizations to conduct themselves honorably in all commercial transactions. The University will not assume the role of a collection agency for organizations, firms, and individuals to whom students may owe bills, nor will the University adjudicate disputes between students and creditors over the existence or the amounts of debts.

7.2 A student, however, is expected to perform his contractual obligations and in the event of conduct on the part of a student clearly demonstrating a flagrant disregard of his commercial obligations (refusal to pay or meet admitted debts or obligations will be thus construed), action will be taken appropriate to the age of the student and other circumstances:

7.21 In the event of such conduct, the parents of minors will be notified and requested to intervene.

7.22 In the case of a married student or a student over 21 years of age, the student will be requested to make prompt payment or to negotiate a reasonable plan for payment with his creditor or creditors.

7.23 In the event that the actions prescribed in subsections 7.21 and 7.22 above do not result in the payment or agreement to pay admitted obligations, one or more of the following actions, as determined appropriate in the particular case, may be taken:

7.231 A bar against readmission of the student.

7.232 Withholding of the student's grades and official transcription.

7.233 Withholding of a degree to which the student otherwise would be entitled.

5.32 No person shall be initially appointed, or promoted, when it is the duty of a relative on the University staff to act in any official capacity upon his appointment or promotion, regardless of the source of funds for payment of salary; nor shall any appointment or promotion be made if either person would be under the administrative supervision of the other or if either would have any official voice in recommending salary increases or promotions in rank for the other.

5.33 Relatives shall not hold positions of tenure rank in the same department. Subject to the provisions of Sec. 5.32 and 5.31, when a person holds an academic rank of Instructor or higher, or occupies a nonteaching position with a monthly salary rate in excess of $600, appointment or promotion of a relative to an academic rank of Instructor or higher, or to a nonteaching position with monthly salary rate in excess of $600, in the same department shall not be effective until approved by the Chancellor and the Board of Regents. Each subsequent appointment or promotion of either to a higher academic rank or different nonteaching position in the same department shall not be effective until approved by the Chancellor and the Board of Regents.

5.34 When a person holds a tenure position, or a nonteaching position with a monthly salary rate of $600 or more, initial appointment or promotion of a relative to a tenure position, or to a nonteaching position with a monthly salary rate of $600 or more, in another department must be approved in advance by the Chancellor and the Board of Regents.
5.35 The above rules shall apply also to simultaneous initial appointments.

5.36 When two persons holding positions with the University marry, both may not continue to hold such positions beyond the then current fiscal year, if the employment of married persons to such positions initially would violate these regulations.

5.37 Relationship shall not be a bar to honorary positions or to nonremunerative positions.

5.4 General Provisions

5.41 The provisions of the antinepotism rule apply to all programs administered under the Board of Regents.

5.42 In extraordinary cases where the interest of the University will be served thereby, the Board of Regents, upon special advance petition from an institutional head approved by the Chancellor, may suspend these regulations except as to the appointment of any relative of a Regent, the Chancellor of the University, or the head of any component institution.
