Explanatory Statement

The Rules and Regulations contained in this volume are those which are adopted by the Board of Regents and which apply generally to the entire University of Texas System. They are to be known as the Regents' Rules and Regulations to distinguish them from each component institution's rules and regulations which are promulgated by the chief administrative officers of the component institutions and which are published in separate volumes and entitled Handbook of Operating Procedures for (name of the institution).

These Rules and Regulations are published in loose-leaf form to facilitate their being kept current. As promptly as possible after an amendment is approved, the Secretary will distribute new pages bearing the amended text.
CHAPTER I

BOARD OF REGENTS

Sec. 1. Authority. The Legislature, which is given the duty and authority to provide for the maintenance, support, and direction of The University of Texas by Article VII, Section 10, of the Texas Constitution, has delegated the power and authority to administer The University of Texas System to the Board of Regents in broad terms. (See Sections 65.11 et. seq. Texas Education Code.) Texas cases construing these statutes have held that the Board of Regents has wide discretion in exercising its power and authority and that the rules adopted by the Board of Regents have the same force as statutes. Foley v. Benedict, 122 Tex. 103, 57 S.W. 2d 805 (1932) Rainey v. Malone, 141 S.W. 2d 713 (Tex. Civ. App., 1940, no writ history); Morris v. Nowotny, 323 S.W. 2d 301 (Tex. Civ. App., 1959, writ refused, n.r.e.; cert. den., 361 U. S. 889, 80 S.Ct. 164, 4 L.Ed. 2d 124). The System's lands and buildings are state property subject to the control of the Board of Regents as the state's agent. Splawn v. Woodard, 287 S.W. 677 (Tex. Civ. App., 1926, no writ history); Walsh v. University of Texas, 169 S.W. 2d 993 (Tex. Civ. App., 1942, writ refused).

Sec. 2. Composition. The Board of Regents (hereinafter sometimes referred to as "Board") is composed of nine members appointed by the Governor, with the advice and consent of the Senate, for staggered terms of six years each, the terms of three members expiring on January 10th of odd-numbered years.

Sec. 3. Chairman of the Board.

3.1 Election of Chairman. The Chairman of the Board shall be elected by the Board from its number, shall serve at the pleasure of the Board, and shall report and be responsible to the Board. In case of the death, resignation, disability, removal, or disqualification of the Chairman, the Board shall elect a successor Chairman as soon as practicable. In no event shall a Board member serve as Chairman for more than 24 consecutive months without submitting his or her resignation as Chairman, but such member shall be eligible for re-election as Chairman.
3.2 Duties of the Chairman.--The duties and responsibilities of the Chairman shall include the following:
3.21 The Chairman shall preside over the meetings of the Board.
3.22 The Chairman shall be authorized to call special meetings of the Board, as herein provided.
3.23 The Chairman shall appoint the standing and special committees of the Board, as herein provided.
3.24 The Chairman shall be an ex officio member of all committees of the Board.
3.25 The Chairman shall sign, with the Secretary attesting, any bonds, contracts or other documents or instruments which the Board has authorized to be executed, except in cases where the signing and execution thereof shall be expressly delegated by the Board to some other officer, official or agent of the System.

Sec. 4. Vice-Chairman of the Board.--The Vice-Chairman of the Board shall be elected by the Board from its number when the Chairman is elected and shall serve at the pleasure of the Board. In case of the absence, death, resignation, disability, removal, or disqualification of the Chairman, the Vice-Chairman shall perform the duties of the Chairman until the Chairman shall resume his or her office or a successor Chairman shall have been elected as herein provided. Upon the death, resignation, disability, or removal of the Vice-Chairman, the Board shall elect a successor Vice-Chairman as soon as practicable.

Sec. 5. Secretary to the Board.

5.1 Appointment.--At the meeting at which the Chairman and Vice-Chairman of the Board are elected, the Board shall elect a Secretary who is not a member of the Board and who shall receive such compensation as may be fixed by the Board. The Secretary shall report and be responsible to the Board. The Secretary shall serve subject to the pleasure of the Board and may be removed by the Board at any time. Upon the death, resignation, disability, removal, or disqualification of the Secretary, the Board shall elect a successor Secretary as soon as practicable.

5.2 Duties and Functions.--The duties and functions of the Secretary shall include the following:
5.21 Meetings.--The Secretary shall make preparations for all meetings of the Board.
5.22 The Agenda.--Under the direction of the Chairman of the Board, the Secretary shall prepare and distribute the Agenda and the Material Supporting the Agenda for all meetings of the Board and its committees.

The official copy of the Minutes shall be kept in the Office of the Secretary, and certified excerpts from these Minutes shall be prepared by the Secretary.

5.27 Rules and Regulations.--The Secretary shall be charged with the responsibility of keeping current the Official Copies of the Regents' Rules and Regulations, and furnishing to members of the Board and the administrative officers on the approved list any changes or additions as soon as possible after the meeting at which they are finally adopted.

5.28 Reports.--The Secretary shall prepare and distribute such reports and communications as are directed by the Board.

5.29 Other Duties.--In addition, the Secretary shall perform such functions and have such other duties and responsibilities as may be assigned to the Secretary by the Board or as are usual and customary to the position of Secretary and which assist the members of the Board in the discharge of their official duties.

Sec. 6. Meetings of the Board.

6.1 Regular Meetings.--Regular meetings of the Board shall be held at such times and places as the Board shall designate. Unless otherwise determined in advance by the Board, all regular meetings shall be held in Austin.

6.2 Special Meetings.--Special meetings of the Board shall be held upon the call of the Chairman, or upon the written request of three members of the Board. The Chairman shall cause written notification of the time, place, and purposes of any special meeting to be mailed to each member of the Board by the Secretary at least three days before the time of the meeting.

The Chairman of each standing committee (other than the Committee of the Whole) shall be appointed by the Chairman of the Board shortly after his or her election, by and with the consent of the Board, and shall remain as Chairman of the standing committee (unless a vacancy shall be caused by death, resignation, or refusal of some member of a committee to act) until the succeeding Board Chairman shall have reconstituted the committees. The Chairman of any of the six standing committees may appoint subcommittees on either a standing or ad hoc basis to give special consideration to special problems.

7.12 Method of Filling Vacancies in the Chairmanship of Standing Committees.--In case a vacancy shall occur in the chairmanship of any of the standing committees, the Chairman of the Board shall appoint another member of the Board to serve as Chairman of the standing committee by and with the consent of the Board, and, if confirmed, the appointment shall stand until the time for appointment of Chairmen of the standing committees as provided in Subdivision 7.11 of this Chapter.

7.13 Time of Meeting of Committees of the Board.--The committees of the Board customarily shall meet on the first day of any scheduled Board meeting and at such other times as the majority of the members of each committee shall determine.

7.14 Authority of Standing Committees.--The authority of standing committees of the Board shall be subject to action of the whole Board and, except in cases where it is necessary for the System Administration Committee to act for the Board during the interim periods between Board meetings, the committees' actions shall be referred to the Board before they shall become effective.

7.15 Committee of the Whole.--The Chairman of the Board shall serve as Chairman of the Committee of the Whole. The Committee of the Whole shall receive and consider items referred
to it by the Chairman of the Board and by other committees of the Board.

Sec. 4. Code of Ethics. — Each employee, under State law, shall be furnished a copy of the Code of Ethics bill, which prescribes the following standards of conduct for employees of the System and its component institutions:

4.1 No employee shall accept any gift, favor, or service that might reasonably tend to influence him in the discharge of his official duties.

4.2 If an employee owns a controlling interest in a corporation, firm, partnership, or other business entity which is under the jurisdiction of any State regulatory agency, he shall file a sworn statement with the Secretary of State disclosing such interest.

4.3 No employee shall use his official position to secure special privileges or exemptions for himself or others, except as may be otherwise provided by law.
4.2 If an employee owns a controlling interest in a corporation, firm, partnership, or other business entity which is under the jurisdiction of any State regulatory agency, he shall file a sworn statement with the Secretary of State disclosing such interest.

4.3 No employee shall use his official position to secure special privileges or exemptions for himself or others, except as may be otherwise provided by law.

4.4 No employee shall accept employment or engage in any business or professional activity which he might reasonably expect would require or induce him to disclose confidential information acquired by him by reason of his official position.

4.5 No employee shall disclose confidential information gained by reason of his official position, nor shall he otherwise use such information for his personal gain or benefit.

4.6 No employee shall transact any business in his official capacity with any business entity of which he is an officer, agent, or member, or in which he owns a controlling interest.

4.7 No employee shall make personal investments in any enterprise which will create a substantial conflict between his private interests and the public interest.

4.8 No employee shall accept other employment which might impair his independence of judgment in the performance of his public duties.

4.9 No employee shall receive any compensation for his services as an employee from any source other than the State of Texas, except as may be otherwise provided by law.

Sec. 5. Appointment of Relatives (Nepotism Rule).

5.1 Whenever an appointment is made, either on a full-time or part-time basis, it shall be made solely with regard to the special fitness of the appointee, subject to applicable statutes; and subject also to the provisions of this section of the Regents' Rules and Regulations.

5.2 In accordance with the prohibition of Article 5996a, Vernon's Civil Statutes, no person related to any member of the Board of Regents within the second degree by affinity or within the third degree by consanguinity shall be eligible for appointment to any office, position,
4.4 No employee shall accept employment or engage in any business or professional activity which he might reasonably expect would require or induce him to disclose confidential information acquired by him by reason of his official position.

4.5 No employee shall disclose confidential information gained by reason of his official position, nor shall he otherwise use such information for his personal gain or benefit.

4.6 No employee shall transact any business in his official capacity with any business entity of which he is an officer, agent, or member, or in which he owns a controlling interest.

4.7 No employee shall make personal investments in any enterprise which will create a substantial conflict between his private interests and the public interest.

4.8 No employee shall accept other employment which might impair his independence of judgment in the performance of his public duties.

4.9 No employee shall receive any compensation for his services as an employee from any source other than the State of Texas, except as may be otherwise provided by law.

Sec. 5. Appointment of Relatives (Nepotism Rule).

5.1 Whenever an appointment is made, either on a full-time or part-time basis, it shall be made solely with regard to the special fitness of the appointee, subject to applicable statutes; and subject also to the provisions of this section of the Regents' Rules and Regulations.

5.2 Unless otherwise specifically stated, a relative shall be defined as a person related within the first degree of affinity or the second degree of consanguinity, according to the common law.

5.21 The first degree of affinity includes the spouse of the employee and the parents, children, brothers and sisters of the employee's spouse. The second degree of consanguinity includes the parents, children, brothers and sisters, grandparents, uncles and aunts, first cousins, nephews and nieces, and grandchildren of the employee.
employment, or duty with The University of Texas System or any com-
ponent institution thereof, when the salary, fee, or compensation of
such appointee is to be paid, either directly or indirectly, out of public
funds of any kind or character.
5.21 Article 5996a, Vernon's Civil Statutes, does not prohibit the
reappointment or continued employment of any person who shall
have been continuously employed in any such office, position, employment, or duty for a period of two (2) years prior to the
appointment of the member of the Board of Regents related to
such person within the prohibited degree, nor does it apply to
prohibit honorary or nonremunerative positions.
5.22 Those persons related within the prohibited degrees are indicated
on the charts displayed in this Section as Table I. (Page III-7a)
5.23 The prohibition of Article 5996a, Vernon's Civil Statutes, applies
to all programs administered under the Board of Regents and
may not be waived. (As amended 10/20/78)

5.3 Even though the appointment of a person would not be prohibited by
Article 5996a, Vernon's Civil Statutes, no officer, official or employee
of The University of Texas System may approve, recommend, or other-
wise act with regard to the appointment, reappointment, promotion, or
salary of any person related to such officer, official, or employee within
the second degree by affinity or the third degree by consanguinity regard-
less of the source of funds for payment of salary.
5.31 If the appointment, reappointment, or promotion of a person
places him or her under an administrative supervisor related
within the above specified degree, all subsequent actions with
regard to reappointment, promotion, or salary shall be the
the responsibility of the next highest administrative supervisor.
It shall also be the responsibility of the next highest administrator
to make a written review of the work performance of such
employee at least annually and submit each review for approval
or disapproval by the component institution's Personnel Director
in the case of classified employees or the Chief Administrative
Officer in the case of faculty or nonclassified employees.
5.32 The provisions of Section 5.31 shall apply to situations where
two employees of the System marry and one spouse is the
administrative supervisor of the other.
5.33 All situations covered by Section 5.31 shall be reported annually
through the institution's docket. (As amended 10/20/78)
5.22 The second degree of affinity includes the grandchildren of employee's spouse, and the nephews, nieces, uncles, aunts, and first cousins of employee's spouse. The third degree of consanguinity includes the great-grandson, great-grandfather, great-uncle, great-uncle's children, second cousin, first cousin's children, and grand-nephew of the employee.

5.3 Restrictions on Appointments.

5.31 No relative, within the second degree of affinity or the third degree of consanguinity, of a member of the Board will be considered for appointment, but such person will be considered for reappointment in those cases where the appointment was antecedent to the Board member's appointment. Regularly enrolled students in the System who are eligible for part-time appointment and whose nomination originates in a department, school, or college are exempt from this rule.

5.32 No person shall be initially appointed, or promoted, when it is the duty of any relative employed by the System to act in any official capacity upon such appointment or promotion, regardless of the source of funds for payment of salary; nor shall any appointment or promotion be made if either person would be under the administrative supervision of the other or if either would have any official voice in recommending salary increases or promotions in rank for the other.

5.33 When two employees of the System marry, both may not continue to hold such positions beyond the then current fiscal year, if the employment of married persons to such positions initially would violate these regulations.

5.34 Relationship shall not be a bar to honorary positions or to non-remunerative positions.

5.4 General Provisions.

5.41 The provisions of the antinepotism rule apply to all programs administered under the Board.

5.42 In extraordinary cases where the interest of the System will be served thereby, the Board upon special advance petition from an institutional head approved by the President of the System, may suspend these regulations except as to the appointment of any relative of a Regent, the Chancellor, the President of the System, or the head of any component institution.
Sec. 6. Tenure, Promotion, and Termination of Employment.

6.1 Subject to the provisions of Section 65.32 of the Texas Education Code, which reads, "The board may remove any officer, member of the faculty, or employee connected with the system when in its judgment the interest of the system requires the removal," and subject to the terms and provisions of these Regents' Rules and Regulations, the principles governing tenure and promotion are specified for each component institution in the Handbook of Operating Procedures applicable to that institution. See also Section 1.8 above on academic titles.

6.2 Tenure denotes a status of continuing appointment as a member of the faculty at a component institution. Only members of the faculty with the academic titles of Professor, Associate Professor, or Assistant Professor may be granted tenure. Tenure may be granted at the time of appointment to any of such academic ranks, or tenure may be withheld pending satisfactory completion of a probationary period of faculty service, however, such tenure status shall not be applicable to the faculty of The University of Texas of the Permian Basin or The University of Texas System Cancer Center.

The University of Texas of the Permian Basin and The University of Texas System Cancer Center are authorized to award a seven-year term appointment which will denote a status of continuing appointment at that institution as a member of the faculty for a period of seven years. Only members of the faculty with academic titles of Professor, Associate Professor, or Assistant Professor may be granted a seven-year term appointment. A seven-year term appointment may be granted at the time of appointment to any of such academic ranks, or may be withheld pending satisfactory completion of a probationary period of faculty service.

No component institution may adopt or implement a seven-year term appointment policy except The University of Texas of the Permian Basin and The University of Texas System Cancer Center.

6.21 Only full-time service in the academic ranks of Professor, Associate Professor, Assistant Professor, and Instructor, or any combination thereof, shall be counted toward fulfillment of a required probationary period related to the acquisition of tenure or a seven-year term appointment. Periods during which a faculty member is on leave of absence shall not be counted toward fulfillment of a required probationary period.
6.22 Prior service at other academic institutions, whether inside or outside the System, shall not be counted toward fulfillment of the required probationary period unless specifically permitted under the provisions of a component institution's Handbook of Operating Procedures.

6.23 The maximum period of probationary faculty service in non-tenured status in any academic rank or combination of academic ranks specified in Section 6.21 shall not be more than seven years of full-time academic service. In the event that a component institution fails to specify the maximum length of probationary service in its Handbook of Operating Procedures, such period shall be seven years. No later than August 31st of the penultimate academic year of the maximum probationary period in effect at any component institution, all nontenured faculty serving in a rank which accrues time toward satisfaction of a probationary period shall be given notice that the subsequent academic year will be the terminal year of employment or that beginning with the subsequent academic year tenure or a seven-year term appointment will be granted. In the event that the employment of a nontenured faculty member is to be terminated prior to the end of the maximum probationary period notice shall be given in accordance with Section 6.8 below.

6.24 For purposes of calculating the period of probationary service, an "academic year" shall be the period from September 1st through the following August 31st. If a faculty member is initially appointed during an academic year, the period of service from the date of appointment until the following September 1st shall not be counted as academic service toward fulfillment of the maximum probationary period. One year of probationary service is accrued by at least nine months full-time academic service during any academic year. A faculty member shall be considered to be on full-time academic service if he is in full compliance with regental standards pertaining to minimum faculty workloads at general academic institutions or when in compliance with the academic service standard in the Handbook of Operating Procedures of any health related institution.

6.25 All faculty appointments are subject to the approval of the Board. No nontenured member of the faculty should expect continued employment beyond the period of his or her current appointment as approved by the Board. Any commitment to employ a nontenured member of the faculty beyond the period of his or her current appointment shall have no force and effect until approved by the Board.
6.26 Accrued faculty service under tenure policies in effect at any component institution prior to October 20, 1972, must be counted toward fulfillment of the probationary period of service prescribed by this Rule. In the event that the probationary period under any such existing tenure policy exceeds seven years, no person who on October 20, 1972, is then serving in his or her seventh or succeeding year shall be deemed to have been granted tenure by virtue of the adoption of this Rule. All such persons shall be given notice on or before August 31, 1972 that the subsequent academic year will be the terminal year of employment or that beginning with the subsequent academic year tenure will be granted.

6.3 Termination by an institution of the employment of a faculty member who has been granted tenure and of all other faculty members before the expiration of the stated period of their appointment, except by resignation or retirement for age in accordance with these rules, will be only for good cause shown. In each case the issue will be determined by an equitable procedure, affording protection to the rights of the individual and to the interests of the System.

6.31 An institutional head may for grave cause suspend an accused faculty member pending immediate investigation or speedy trial as hereinafter provided.

6.32 In cases of incompetency, gross immorality, or felony, where the facts are admitted, summary dismissal will follow.

6.33 In cases where other offenses are charged, and in all cases where the facts are in dispute, the accused faculty member will be informed in writing of the charges against him, which, on reasonable notice, will be heard by a special hearing tribunal whose membership shall be appointed by the institutional head from members of the faculty whose academic rank is at least equal to that of the accused faculty member.

6.331 In every such hearing the accused will have the right to appear in person and by counsel of his own selection and to confront and cross-examine witnesses who may appear against him.

6.332 He shall have the right to testify, but may not be required to do so, and he may introduce in his behalf all evidence, written or oral, which may be relevant or material to his defense.

6.333 A stenographic or electronic record of the proceedings will be taken and filed with the Board, and such record shall be made accessible to the accused.
6.334 A representative of the institution may appear before the hearing tribunal to present witnesses and evidence against the accused faculty member and in support of the charge brought against such faculty member, and such institution representative shall have the right to cross-examine the accused faculty member (if he testifies in his own behalf) and the witnesses offered on behalf of the faculty member.

6.335 The hearing tribunal shall not include any accuser of the faculty member, and if the accused faculty member is not satisfied with the fairness or objectivity of any member or members of the hearing tribunal, he may challenge his or their alleged lack of such fairness or objectivity, but he shall have no right to disqualify any such member or members from serving on the tribunal. It shall be up to each such challenged member to determine whether he can serve with fairness and objectivity in the matter, and if any such challenged member should voluntarily disqualify himself, the institutional head shall appoint a substitute member of the tribunal who is qualified hereunder.

6.336 The hearing tribunal, by a majority of the total membership, will make written findings on the material facts and a recommendation of the continuance or termination of the accused faculty member's tenure. The hearing tribunal, by a majority of its total membership, may make any supplementary suggestions it deems proper concerning the disposal of the case. The original of such findings and the basic recommendation, together with any supplementary suggestions, shall be delivered to the Board and a copy thereof to the accused. If minority findings, recommendation, or suggestions are made, they shall be similarly treated.

6.34 The Board, by a majority of the total membership, will approve, reject, or amend such findings, recommendation, and suggestions, if any, or will recommit the report to the same tribunal for hearing additional evidence and reconsidering its findings, recommendation, and suggestions, if any. Reasons for approval, rejection, or amendment of such findings, recommendation, or suggestions will be stated in writing and communicated to the accused.
Nontenured faculty members who are notified in accordance with Section 6.8 that they will not be reappointed or who are notified in accordance with Section 6.23, 6.8, or 6.9 that the subsequent academic year will be the terminal year of appointment shall not be entitled to a statement of the reasons upon which the decision for such action is based. No hearing to review such a decision shall be held unless the affected faculty member submits in writing to the chief administrative officer of the institution factual allegations that the decision to terminate was based upon the faculty member's exercise of rights guaranteed by the laws or Constitution of this State or the United States and requests an administrative hearing to review these allegations. Such allegations shall be heard under the same procedures as in the case of dismissal for cause, with the following exceptions:

1. the burden of proof is upon the affected faculty member to establish at such hearing that the decision in question was based on his exercise of rights guaranteed by the laws or Constitution of this State or the United States;

2. the administration of the institution need not state the reasons for the questioned decision or offer evidence in support thereof unless the affected faculty member presents a prima facie case in support of his allegations.

Any employee of any component institution of the System, including any member of the faculty or administration, who is placed on probation for or finally convicted of the illegal use, possession, or sale of a drug or narcotic, shall be dismissed as an employee, regardless of whether or not the illegal act that gave rise to the conviction was committed on the campus of one of the component institutions of the System.

Any employee of any component institution of the System, including any member of the faculty or administration, who, acting either singly or in concert with others, obstructs or disrupts, by force or violence, any teaching, research, administrative, disciplinary, public service, or other activity authorized to be held or conducted on the campus of a component institution of the System, shall be subject to dismissal as an employee. As used in this subsection, the words "force or violence" include such acts as "stand-ins," "sit-ins," and "lie-ins," when such acts are in fact obstructive or disruptive of any of the authorized activities listed above.
Every faculty member and employee is expected to obey all federal, state, and local laws, and particularly the three state statutes set out below. Any faculty member or employee who violates any provision of these three statutes is subject to dismissal as a faculty member or employee, notwithstanding any action by civil authorities on account of the violation:

6.61 DISORDERLY CONDUCT.

Sec. 1 No person, acting alone or in concert with others, may engage in disorderly conduct. Disorderly conduct consists of any of the following:

(1) behavior of a boisterous and tumultuous character in a residential area or a public place such that there is a clear and present danger of alarming persons where no legitimate reason for alarm exists; or

(2) interfering with the peaceful and lawful conduct of persons in or about their homes or public places under circumstances in which such conduct tends to cause or provoke a disturbance; or

(3) violent and forceful behavior at any time in or near a public place, such that there is a clear and present danger that free movement of other persons will be arrested or restrained, or other persons will be incapacitated in the lawful exercise of business or amusement; or

(4) behavior involving personal abuse or assault when such behavior creates a clear and present danger of causing assaults or affrays; or

(5) in a public or private place engages in violent, abusive, indecent, profane, boisterous, unreasonably loud, or otherwise disorderly conduct under circumstances in which such conduct tends to cause or provoke a disturbance; or

(6) willful and malicious behavior that interrupts the speaker of any lawful assembly or impairs the lawful right of others to participate effectively in such assembly or meeting when such conduct tends to cause or provoke a disturbance; or

(7) behavior near a courthouse or other public building wherein judicial proceedings are being held, designed or having the effect of interfering with the administration of justice, whether by disrupting the courts or by intimidating the judges, witnesses, jurors, or other persons having business with the courts; or
(8) behavior near any public building wherein matter affecting the public are being considered or deliberated, designed or having the effect of interfering with such proceedings under circumstances in which such conduct tends to cause or provoke a disturbance; or

(9) willful and malicious behavior which obstructs or causes the obstruction of any doorway, hall, or any other passageway in a public building to such an extent that the employees, officers, and other persons, including visitors and tourists, having business with the government are denied entrance into, exit from, or free passage in such building; or

(10) behavior involving the display of any deadly weapon in a public place in such a manner as to alarm or frighten other persons present; or

(11) enters upon the property of another and for a lewd or unlawful purpose deliberately looks into a dwelling on the property through any window or other opening in it.

Sec. 2 Any person who violates any of the provisions of Section 1 of this Article shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than Two Hundred Dollars ($200). For any second or subsequent conviction of any of the provisions of Section 1 of this Article such person shall be punished by a fine of not less than One Hundred Dollars ($100) nor more than One Thousand Dollars ($1,000), or by imprisonment in the county jail for not more than thirty (30) days or by both such fine and imprisonment. (H.B. No. 57, Acts of the 61st Legislature, Regular Session, 1969)

6.62 DISRUPTIVE ACTIVITY.

Sec. 1 No person or group of persons acting in concert may willfully engage in disruptive activity or disrupt a lawful assembly on the campus or property of any private or public school or institution of higher education or public vocational and technical school or institute.
Sec. 2 (a) For the purposes of this Act, "disruptive activity" means:

(1) obstructing or restraining the passage of persons in an exit, entrance, or hallway of any building without the authorization of the administration of the school;

(2) seizing control of any building or portion of a building for the purpose of interfering with any administrative, educational, research, or other authorized activity;

(3) preventing or attempting to prevent by force or violence or the threat of force or violence any lawful assembly authorized by the school administration;

(4) disrupting by force or violence or the threat of force or violence a lawful assembly in progress; or

(5) obstructing or restraining the passage of any person at an exit or entrance to said campus or property or preventing or attempting to prevent by force or violence or by threats thereof the ingress or egress of any person to or from said property or campus without the authorization of the administration of the school.

(b) For the purposes of this Act, a lawful assembly is disrupted when any person in attendance is rendered incapable of participating in the assembly due to the use of force or violence or due to a reasonable fear that force or violence is likely to occur.

Sec. 3. A person who violates any provision of this Act is guilty of a misdemeanor and upon conviction is punishable by a fine not to exceed $200 or by confinement in jail for not less than 10 days nor more than 6 months, or both.

Sec. 4 Any person who is convicted the third time of violating this act shall not thereafter be eligible to attend any school, college, or university receiving funds from the State of Texas for a period of two years from such third conviction.

Sec. 5 Nothing herein shall be construed to infringe upon any right of free speech or expression guaranteed by the Constitutions of the United States or the State of Texas. (H. B. No. 141, Acts of the 61st Legislature, Regular Session, 1969)
6.63 FIREARMS.

Sec. 1 It shall be unlawful to interfere with the normal activities, the normal occupancy, or normal use of any building or portion of a campus of any private or public school or institution of higher education or public vocational and technical school or institute by exhibiting or using or threatening to exhibit or use a firearm.

Sec. 2 A person who violates Section 1 of this Act is guilty of a felony and upon conviction is punishable by a fine of up to $1,000 or by imprisonment in jail for a period not to exceed 6 months, or by both fine and imprisonment, or by imprisonment in the state penitentiary for a period not to exceed five years. (H.B. No. 1450, Acts of the 61st Legislature, Regular Session, 1969)

6.7 The minimum standards of individual conduct required by the penal statutes of Texas or the United States are both expected and required of every faculty member and employee of the System and its component institutions. Any faculty member or employee who violates the minimum standards of conduct required by any felony statute of Texas or the United States is subject to dismissal as a faculty member or employee, regardless of whether or not any action is taken against the faculty member or employee by civil authorities on account of such violation. If action for dismissal is taken, the appropriate administrative official shall proceed with the action in the same manner as he would in the case of a violation by a faculty member or employee of any other provision of these rules and regulations or a provision of any institutional supplement.

6.8 In the event of decision not to reappoint a nontenured faculty member, written notice will be given him or her not later than March 1st of the first academic year of probationary service if the appointment expires at the end of that academic year, or not later than December 15th of the second academic year of probationary service if the appointment expires at the end of that academic year. After two or more academic years written notice shall be given not later than August 31st that the subsequent year will be the terminal academic year of appointment. The notice required by this Section is not applicable where termination of employment is for good cause under Section 6.3 above.
6.9 A faculty member serving a seven-year term appointment shall be given notice not later than August 31st of the sixth academic year of such appointment period that the subsequent academic year will be the terminal year of employment or that, subject to the approval of the Board, at the conclusion of the subsequent academic year he or she will be reappointed to a seven-year term appointment.

6.(10) Reappointment of nontenured members of the faculty to a succeeding academic year, reappointment of members of the faculty who are serving a seven-year term appointment to a succeeding seven-year term appointment, or the award of tenure or a seven-year term appointment, may be accomplished only by notice by the chief administrative officer of a component institution or his delegate with the approval of the Board. Notwithstanding any provisions of Sections 6.23, 6.8 or 6.9 to the contrary, no person shall be deemed to have been reappointed or to have been awarded tenure or a seven-year appointment because notice is not given or received by the time prescribed in Sections 6.23, 6.8, or 6.9 or in the manner prescribed in Section 6.(11). Should it occur that no notice is received by the time prescribed in Sections 6.23, 6.8 or 6.9, it is the duty of the academic employee concerned to make inquiry to determine the decision of the chief administrative officer of a component institution, who shall without delay give the required notice to the academic employee.

6.(11) Each faculty member shall keep the chief administrative officer of the component institution or his delegate notified of his current mailing address. The written notice required by Sections 6.23, 6.8, or 6.9 shall be sent by certified mail, return receipt requested, to the last address given by the faculty member.

6.(12) Dismissal or demotion of classified or nonteaching personnel before the expiration of the stated period of appointment will be only for good cause shown, as determined by appropriate administrative officers to whom this responsibility is delegated by the chief administrative officer of the component institution and in case of such dismissal or demotion any appeal shall be reviewed by the chief administrative officer of the component institution.

Sec. 7. Rights and Responsibilities as a Citizen and as a Teacher.

7.1 The teacher is entitled to full freedom in research and in the publication of the results, subject to the adequate performance of his other academic duties.
7.2 The teacher is entitled to freedom in the classroom in discussing his subject, but he is expected not to introduce into his teaching controversial matter which has no relation to his subject.

7.3 The University teacher is a citizen, a member of a learned profession, and an officer of an educational institution supported by the State. When he speaks or writes as a citizen, he should be free from institutional censorship or discipline, but his special position in the community imposes special obligations. As a man of learning and an educational officer, he should remember that the public may judge his profession and his institution by his utterances. Hence he should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make it plain that he is not an institutional spokesman. As a member of the staff of a State institution of higher education, he should refrain from involving the System or any of its component institutions in partisan politics.

7.4 The Board of the System recognizes and affirms the right of a member of the faculty or staff to participate in political activities so long as such political activities do not interfere with the discharge of the duties and responsibilities that he owes to the System or any of its component institutions and so long as such political activities do not involve the System or its component institutions in partisan politics (See Section 7.3). With the interest of the System or its component institutions being given first consideration, a leave of absence without pay may--but need not--be granted to a member of the faculty or staff (See Section 16). However, it would be inappropriate for a leave of absence without pay to be granted primarily to permit a member of the faculty or staff of the System or its component institutions to participate in political activity, including, but not limited to, being a candidate for political office, holding a political office, or directing the political campaign of another person seeking a political office. Therefore, if a member of the faculty or staff wishes to engage in political activity that interferes with the discharge of the duties and responsibilities that he owes to the System or any of its component institutions, he should voluntarily terminate his employment by the University. On the other hand, if the faculty or staff member does not voluntarily terminate his employment by the University and if the faculty or staff member's superior officer, such as the institutional head, the President of the System, or the Board, finds that the faculty or staff member's political activity does in fact interfere with the discharge of the duties and responsibilities
that he owes to the System or any of its component institutions, the
institutional head, the President of the System, or the Board shall
terminate his employment by the University.

Sec. 8 The Greater Duties of a Member of the Teaching Staff.

8.1 Common practice has fixed the greater duties of a member of the
teaching staff so clearly that many institutions do not even list them
among their regulations. They are:
8.11 Teaching in the classroom, laboratory, seminar, or ward.
8.12 Studying, investigating, discovering, and creating.
8.13 Performing curricular tasks auxiliary to teaching and research,
e.g., serving on faculty committees, attending to administrative
and disciplinary tasks, promoting diligence and honest
work in the student body.
8.14 Influencing beneficially students and citizens in various extra-
curricular ways.

8.2 Performance as a teacher, as a scholar, as an administrator, and as
an individual is valued greatly by any university, for in these four ways
its work is chiefly done.

8.3 A state university being a public enterprise of maximum social impor-
tance, it is the duty of all persons connected with it to be as civic-minded
as possible. It is also a duty to cooperate with the Board in carrying
out the purposes and policies of the Board which are deliberately
considered, usually by both the Board and the several faculties, in
accordance with law and designed to attain the best educational
results with the resources available. The Regents and all adminis-
trative officers are entitled to the cheerful acquiescence of all staffs
in carrying out the policies duly adopted. At the same time, adminis-
trative officers are expected to listen with an open and appreciative
mind to criticisms and suggestions coming to them from members of
their staffs.

Sec. 9. Acquaintance with, Conformity to, and Improvement of University Regulations.

9.1 It is a specific and important duty of each member of the several teach-
ing staffs to become acquainted with and to conform to all the rules and
regulations relating to him and to the proper and orderly discharge of
his work that are to be found set forth in both these Regents' Rules and
Regulations and the institutional Handbook of Operating Procedures; in
catalogues, announcements of courses, and other official publications;
in printed or other material regularly prepared for the use of the staff;
and in minutes of the faculties. To this end, copies of the Regents' Rules and Regulations, Part One, and the official institutional Handbook of Operating Procedures shall be reproduced by the chief administrative officer and distributed and located on his campus as considered appropriate by the chief administrative officer. The chief administrative officer shall have one copy of the Rules and Regulations and the institutional Handbook of Operating Procedures available at an appropriate location in his office for ready reference. In addition, he shall distribute a copy of these two documents to the secretary to the faculty or representative faculty body at his institution. The official, current copy of the Regents' Rules and Regulations is maintained by the Secretary to the Board.

9.2 It is also the specific duty of each member of the teaching staffs to consider the regulations and the routines in conforming to them and to propose what seem to be desirable changes in these regulations and routines to the appropriate faculty or official.

Sec. 10. Communications, Appeals, and Hearings.

10.1 Every member of a teaching staff has the right to propose changes in policies and procedures and to present arguments in support thereof.

10.11 Proposals should originate and follow routines as prescribed elsewhere in the Regents' Rules and Regulations or in the institutional supplements.

10.12 When a proposal has been approved or amended by the appropriate institutional officials, faculties, and head of the component institution, it shall then go to the President of the System for recommendation to the Board if such action is required.

10.13 When a proposal has been approved or amended or rejected by the appropriate institutional officials, faculties, and the component institutional head, any member or group of members of the staff may present an appeal in opposition to the action of the majority or in opposition to the recommendation of the institutional official or the component institutional head, and this appeal, accompanied by reasons for and against the proposal, shall go through the prescribed administrative channels and shall be presented to the President of the System and thence to the Board for final action. The deans and other institutional officials, the component institutional head, the President of the System and the Board may invite both sides for personal conferences and discussions.
10.14 An authorized routine for proposals, with the right of appeal, having been herein fixed, it follows that proposals shall always be made in accordance therewith.

10.2 Every voting member of any faculty has the right and the duty to propose changes and to participate in debate in faculty meetings.

10.3 Appeals of classified (nonteaching) employees concerning conditions of employment must be made in keeping with the rules governing such employees.

Sec. 11. Communication with the Legislature and Other State Agencies or Officials.--The Board is the only proper channel through which recommendations concerning the administration of the System, as a whole or in any of its parts, should reach the Legislature or other State agencies or officials.

Sec. 12. Office Hours.--Members of the teaching staffs are expected to post on their office doors, and publish in any other manner required by the institutional head, office hours and conference periods most advantageous to students.

Sec. 13. Outside Employment.

13.1 Members of the faculty or staff of component institutions should not be discouraged from accepting appointments of a consultative or advisory capacity with governmental agencies, industry, or other educational institutions. The consideration to the System of such activity is the improvement of the individual by virtue of his continuing contact with real problems in the real world.

13.2 Members of the faculty or staff should be discouraged from accepting regular employment with units outside the System because this action would be divisive of loyalties and does not provide the return to the institutions indicated in 13.1.

13.3 Conflict of interest should be avoided in all instances of outside employment, but conflict of interest in an academic institution means outside activity which intrudes upon the academic functions of teaching, scholarly activities, and service to the institution.

13.4 Even in the case of members of the staff specifically engaged only in residence work, there exists an obligation, usually intermittent, to furnish expert knowledge and counsel for public benefit free of charge,
provided that the meeting of this obligation by a faculty or staff member does not interfere with his regular duties, and provided further that in meeting this obligation a faculty or staff member on full-time duty shall avoid undue competition with legitimate private agencies.

13.5 No member of the faculty or staff engaged in outside remunerative activities shall use in connection therewith the official stationery of the System or any of its component institutions, or give as a business address any building or department of the institution.

13.6 No member of the faculty or staff shall accept employment or any position of responsibility if the discharge of such employment or responsibility will be antagonistic to the interests of the State of Texas or the System or any of its component institutions.

13.7 Every member of the faculty or staff who gives professional opinions must protect the System and its component institutions against the use of such opinions for advertising purposes. That is, when he does work in a private capacity, he must make it clear to those who employ him that his work is unofficial and that the name of the System and its component institutions is not in any way to be connected with his name, exceptions being made of the name of the author attached to books, pamphlets, and articles in periodicals.

13.8 No member of the faculty or staff shall accept pay from private persons or corporations for tests, assays, chemical analyses, bacteriological examinations, or other such work of a routine character, which involve the use of property owned by the System or its component institutions, unless advance permission has been obtained from the institutional head and provision has been made for compensation to the System or its component institutions.

13.9 No member of the full-time staff of the System on a twelve-month or nine-month basis shall be employed in any outside work or activity or receive from an outside source a regular retainer fee or salary until a description of the nature and extent of the employment has been filed with and approved by appropriate administrative officials as set forth in the institutional supplement of each component institution. For special provisions relating to other state or federal employment, see subsections 13.10, 13.11, and 13.12 of this section.

13.(10) Subject to the other provisions of this section, a member of the faculty or staff may hold other nonelective offices or positions of honor, trust,
or profit with the State of Texas or the United States if his holding the other offices or positions is of benefit to the State of Texas or is required by state or federal law, and if there is no conflict between his holding the office or position and his holding the original office or position for which the member of the faculty or staff receives salary or compensation.

13. (11) Before a member of the faculty or staff may accept an offer to serve in other nonelective offices or positions of honor, trust, or profit with the State of Texas or the United States, the member of the faculty or staff must obtain from the appropriate administrative officials and the Board a finding that the requirements of this section have been fulfilled, including the expected additional compensation to be received from such service. The finding of the Board shall be recorded in the official minutes of the meeting of the Board at which approval was granted.

13. (12) The institutional head must keep a record of compensation received from additional state or federal employment, or both, including specifically: salary, bonuses, and per diem or other type of compensation.

14. 1 All faculty, classified and other nonteaching personnel are entitled to such holidays as are provided by the Legislature in the then current appropriation bill and as are approved annually by the President of the System and the Board, or alternate holidays approved in the official calendars of the various institutions by the President of the System and the Board. (See the Classified Personnel rules in the institutional Handbook of Operating Procedure.)

Sec. 15. Vacation.

15. 1 Vacations for faculty, classified and other nonteaching personnel shall be as provided by the Legislature in the then current appropriation bill and as approved by the Board, except that vacation accumulated by faculty on nine-month appointments shall be counted as having been taken during periods when classes are not in session within the appointment period. Vacations for hourly and part-time employees shall be on a percentage basis for the time appointed. (See the Classified Personnel rules in the institutional Handbook of Operating Procedure.)

15. 2 An employee who resigns, is dismissed, or separates from University employment shall be entitled to be paid in "lump sum" for all vacation
leave entitlement duly accrued at the date of termination provided the employee has had continuous employment with the State for six months. The payment shall be calculated at the rate of compensation being paid the employee at the time of termination.

15.3 In the case of death of an employee who has accumulated vacation leave, his estate will be paid for all accumulated vacation leave. The payment shall be calculated at a rate of compensation being paid the employee at the time of his death.

Sec. 16. Leaves of Absence without Pay.

16.1 With the interest of the institution being given first consideration and for good cause, leaves of absence without pay may be granted for a period within the term of appointment of a member of any faculty or staff.

16.2 The maximum unit period for which a leave of absence will be granted is the end of the fiscal or academic year in which the leave begins. In normal times, leaves for one year will be granted liberally, provided the department so recommends and can supply satisfactory replacements.

16.3 A second consecutive year of leave should not be requested except for military service, reasons of health, or continued graduate study. This provision will be interpreted liberally in the case of junior staff members working on advance degrees.

16.4 Except in very unusual circumstances a third consecutive leave of absence for one year will not be granted. Such circumstances would now include extended military service or prolonged illness.

16.5 After a return to active duty of one year or more, the leave-of-absence privilege will again be available.

16.6 The granting of a leave of absence does not affect in any way the tenure position of the grantee.

16.7 For leave of absence to participate in a political campaign see Part One, Chapter III, Sec. 7.4.
Sec. 17. Faculty Development Leaves. -- Faculty development leaves for faculty members may be granted as set out in House Bill 669, 60th Legislature, Regular Session, 1967. This bill provides that after two consecutive academic years at the same institution faculty members as defined in this Act may be considered for a faculty development leave for one academic year at one-half his regular salary or for one-half academic year at his full regular salary. Such leaves shall be granted pursuant to procedures outlined in the Act and to the limitations therein.

Sec. 18. Division of Salaries for Staff Engaged in Teaching and Nonteaching Activities. -- Each component institution shall develop policies covering budgetary division of salaries for individuals whose employment is divided between teaching and nonteaching assignments subject to current statutory requirements or limitations. These policies shall be set forth in the institutional supplements.

Sec. 19. Sick Leave.

19.1 In cases where illness incapacitates a member of an institutional or professional staff, arrangements for carrying on his usual duties must be made through appropriate administrative channels with the chief administrative officer of the institution.

19.2 In cases of illnesses of classified or other nonteaching personnel the rules and regulations for each of the several component institutions shall apply, subject to controlling provisions of State law.

19.3 In the case of death of an employee who has accumulated sick leave, the estate will be paid for the accumulated sick leave as permitted by law. The payment shall be calculated at the rate of compensation being paid the employee at the time of death.

Sec. 20. Leave for Jury Duty. -- Necessary time off for jury duty is allowed without loss of pay or vacation leave.

Sec. 21. Absence from Usual and Regular Duties.

21.1 Authorization for any member of a faculty or staff to be absent from his usual and regular duties will be granted only under the following conditions:

21.11 When such absence is on State business, and

21.12 When appropriate provisions are made to carry on the duties of the absent person without additional expense to the institution; or

21.13 In the case of military leave, not to exceed 15 working days each year.
21.2 Permission to be absent from usual and regular duties shall be obtained as prescribed in the Fiscal Rules (see Part Two hereof).

Sec. 22 Authorization to Travel.

22.1 Authorization to travel will be granted only under the conditions specified in the Fiscal Rules (see Part Two hereof).

22.2 A faculty or staff member whose usual duties do not require travel shall not absent himself from his regular place of work and his usual duties except with permission obtained according to the Fiscal Rules (see Part Two hereof).

Sec. 23 Compensation for Correspondence and Extension Teaching of Full-Time Staff Members. —Compensation rates for correspondence courses and extension center teaching for full-time teachers on a nine months' basis or for other employees on a twelve months' basis shall be in accord with rates fixed by the then current appropriation bill. If not so fixed, they shall be set from year to year by the institutional head with the approval of the President of the System.

Sec. 24 Textbooks and Other Materials Prescribed for the Use of Students.

24.1 The policy of the Board concerning textbooks and other materials prescribed for the use of students is as follows:

24.11 Although generally the individual instructor or the department should have wide discretion in the choice of materials to be used in the courses offered by the department, frequent changes in the textbooks prescribed should be discouraged and should be made only for cogent reasons.

24.12 Although the authorship of books, outlines, manuals and similar materials by members of the staff should be encouraged, the prescribed use of these for students is a responsibility that goes beyond that of the individual author. Where practicable and equitable, the charge for outlines, syllabi, and similar materials prescribed for the use of students should be borne by the instructional department concerned. Whenever a charge is authorized for such mimeographed or similarly processed materials, the prices should be as low as possible, consistent with the payment of a fair and reasonable royalty to the author or authors.

24.2 To carry out this statement of policy the following procedures are prescribed:

24.21 Any proposed change in the textbook of any course, within one year from the date of first adoption, shall be approved by the
departmental faculty having jurisdiction, and a statement of the authorization with reasons therefor shall be transmitted by the chairman of the department through the dean to the institutional head.

24.22 Textbooks, notebooks, manuals, or other materials for the use of students of a component institution, written or prepared by a member of the faculty of that institution, shall not be prescribed for the use of students in that institution or sold to such students until such books, notes, manuals, or materials shall have been approved, with reasons stated, by the departmental faculty, the dean or deans concerned, and transmitted to the institutional head for approval and inclusion in the next regular docket. All such requests shall indicate the proposed prices and profits, and their authorization shall be effective only to the end of the fiscal year (August 31) for which such approval has been given.

Sec. 25 Sectarian Courses Prohibited.--No course of instruction of a sectarian character shall be taught in the System or any of its component institutions. (Article 2604, Vernon's Civil Statutes)

Sec. 26 Acceptance of Money from Students.

26.1 Members of teaching staffs, without previous and special approval of the Board, shall not collect from students any fees or charges to be expended for institutional purposes, and shall not sell to students books, notes, or similar student supplies.

26.2 A member of the faculty or staff of the rank of instructor or above may not accept pay for extra instruction or teaching of students registered in the institution where he is employed.

26.3 With written approval, teaching assistants, assistants, and other like instructional employees below the rank of an instructor, may accept pay from students for extra-class instruction or coaching but only in courses or sections of courses with which they have no instructional connection. The Institutional Supplement of the component institution shall specify the procedure for approval at the institutional level.

Sec. 27 Power to Authorize Expenditures out of System Funds.

27.1 No expenditure out of funds under control of the Board of the System shall be made and no debt or obligation shall be incurred and no promise shall be made in the name of the System or any of its component institutions.
institutions or of the Board by any member of the respective staffs of
the System or any of its component institutions except:

27.11 In accordance with general or special budgetary apportion­
ments authorized in advance by the Board and entered in its
minutes; or

27.12 In accordance with authority specifically vested by the Board
in a committee of the Board; or

27.13 In accordance with authority to act for the Board when it is
not in session, specifically vested in some University officer
by these Rules and Regulations or by special action of the
Board.

27.2 It shall be the duty of the Auditor of The University of Texas at Austin
and the several institutional business managers to see that all claims
for payments of items not authorized as indicated above are refused and
returned unpaid.

27.3 There shall be no sale to or purchase from the System or its compo­
nent institutions by any employee thereof unless same has been duly
authorized by the Board and the details relating thereto have been
entered in its minutes.

Sec. 28 Indebtedness to the System or the State. --Neither salary payments nor any
other payments shall be made to an employee, his agent or assignee, who is
indebted to the System, any of its component institutions, or to the State until
such debt is paid.

Sec. 29 Power to Bind the System in Fixing its Policies. --No employee of the System
or any of its component institutions, as an individual or as a member of any
association or agency, has the power to in anywise bind the System or any of
its component institutions unless such power has been officially conferred in
advance by the Board. Any action which attempts to change the policies or oth­
erwise bind the System or any of its component institutions, taken by any indi­
vidual or any association or agency, shall be of no effect whatsoever until the
proposed action has been approved by the institutional head concerned, if any,
and the President of the System, and ratified by the Board.

Sec. 30 Institutional Employees as Students. --The Institutional Supplement for each of
the component teaching institutions shall express the institutional policy as to
the amount of course work full-time and part-time employees shall be permitted
to carry.
Sec. 31 Retirement and Modified Service.

31.1 Members of institutional faculties will not be continued on their standard full-time service or full-time compensation rate beyond the end of the fiscal year that includes their seventieth birthday.

31.2 Members of the institutional nonteaching staffs who are without faculty rank will not be continued on their standard full-time service or full-time compensation rate beyond the end of the fiscal year that includes their sixty-fifth birthday, except as provided in subsequent subsections. Nonteaching staff members who are without faculty rank may, at the end of the fiscal year that includes their sixty-fifth birthday, be employed in an academic status on a full-time or part-time basis until the end of the fiscal year during which their seventieth birthday occurs on the condition that employment in such capacity shall be considered temporary and on a year-to-year basis. Such a nomination shall be made by a teaching department solely on the basis of the institution's need.

31.3 Faculty members who have served continuously the System, except as set out in Sections 31.13 and 31.17, for twenty (20) years or more and have the faculty rank of Instructor, Assistant Professor, Guest Assistant Professor, Associate Professor, Guest Associate Professor, Professor, or Guest Professor, shall be continued after reaching the age of seventy (70) on a reduced salary and upon modified service until the Board, upon recommendation of the President of the System and the institutional head involved, determines that they shall retire completely from service with and compensation from the System.

31.4 Faculty members who do not have the rank of Instructor, Assistant Professor, Guest Assistant Professor, Associate Professor, Guest Associate Professor, Professor, or Guest Professor shall not be appointed to modified service after the end of the fiscal year which includes their seventieth birthday.

31.5 Subject to the provisions of Paragraph 31.2, nonteaching staff members who have served the System continuously for fifteen (15) years or more shall be continued after reaching the age of sixty-five (65) on a reduced salary from the System and upon modified service until the end of the fiscal year during which their sixty-seventh birthday occurs, except as provided in the subsections below:

31.51 Nonteaching staff members who have reached their forty-fifth birthday by September 1, 1964, and who at that time will have

Sec. 31 Retirement and Modified Service.

31.1 Members of institutional faculties will not be continued on their standard full-time service or full-time compensation rate beyond the end of the fiscal year that includes their seventieth birthday.

31.2 Members of the institutional nonteaching staffs who are without faculty rank will not be continued on their standard full-time service or full-time compensation rate beyond the end of the fiscal year that includes their sixty-fifth birthday, except as provided in subsequent subsections. Nonteaching staff members who are without faculty rank may, at the end of the fiscal year that includes their sixty-fifth birthday, be employed in an academic status on a full-time or part-time basis until the end of the fiscal year during which their seventieth birthday occurs on the condition that employment in such capacity shall be considered temporary and on a year-to-year basis. Such a nomination shall be made by a teaching department solely on the basis of the institution's need.

31.3 Faculty members who have served continuously the System, except as set out in Sections 31.(16) and 31.(17), for twenty (20) years or more and have the faculty rank of Instructor, Assistant Professor, Guest Assistant Professor, Associate Professor, Guest Associate Professor, Professor, or Guest Professor, shall be continued after reaching the age of seventy (70) on a reduced salary and upon modified service until the end of the fiscal year during which the Board, upon recommendation of the President of the System and the institutional head involved, determines that they shall retire completely from service with and compensation from the System.

31.4 Faculty members who do not have the rank of Instructor, Assistant Professor, Guest Assistant Professor, Associate Professor, Guest Associate Professor, Professor, or Guest Professor shall not be appointed to modified service after the end of the fiscal year which includes their seventieth birthday.

31.5 Subject to the provisions of Paragraph 31.21, nonteaching staff members who have served the System continuously for fifteen (15) years or more shall be continued after reaching the age of sixty-five (65) on a reduced salary from the System and upon modified service until the end of the fiscal year during which their sixty-seventh birthday occurs, except as provided in the subsections below:

31.51 Nonteaching staff members who have reached their forty-fifth birthday by September 1, 1964, and who at that time will have
been employed continuously for a period of at least fifteen (15) years, may continue on a full-time service and compensation through the fiscal year that includes their sixty-fifth birthday and they may then be continued upon modified service until the Board, upon recommendation of the President of the System and the institutional head involved, determines that they shall retire completely from service with and compensation from the System.

31.52 Nonteaching staff members who have reached their fifty-fifth birthday by September 1, 1964, and who will at that time have been employed continuously for a period of ten (10) years may be continued on full-time service and compensation through the fiscal year that includes their sixty-fifth birthday and upon modified service, if physically qualified, until the end of the fiscal year that includes their seventieth birthday.

31.53 Nonteaching staff members who have reached their sixtieth birthday by September 1, 1964, may be continued on full-time service and compensation through the fiscal year that includes their seventieth birthday; thereafter, if at that time they have completed twenty (20) years of continuous service, they will be eligible, if physically qualified, for appointment to modified service through the fiscal year that includes their seventy-second birthday.

31.54 Nonteaching staff members who have reached their sixty-fifth birthday by September 1, 1964, may continue on full-time service and compensation through the fiscal year that includes their seventieth birthday, and, if they have at that time completed twenty (20) years of continuous service, they may continue upon modified service until the Board, upon recommendation of the President of the System and the institutional head involved determines that they shall retire completely from service with and compensation from the System.

31.55 Nonteaching employees in nonadministrative performance level positions appointed to modified service will be assigned to such duties within the individual's capacities as will be to the benefit of the institution.

31.56 Nonteaching employees in administrative policymaking positions appointed to modified service must retire from their full-time position and shall be assigned such other and different duties within the individual's capacity as are determined to be most beneficial to the institution.
31.6 The salary rate for modified service shall be one-half the average regular salary rate for each individual during the five years of full-time service immediately preceding the fiscal or academic year, as appropriate, in which modified service begins. Adjustments in rate will be made to care for any general change in salary scale under policies developed from time to time by the component institutions and approved by the President of the System and the Board.

31.7 The work load of a faculty or staff member placed on modified service shall be essentially one-half of his immediately previous full-time work load, but he may not continue, or be assigned, major administrative duties.

31.8 During the fiscal year in which the faculty member's seventieth birthday occurs or the nonteaching staff member's sixty-fifth birthday occurs and before the budget is prepared for the following year, and each year thereafter until full retirement, there must be an administrative determination of the employee's fitness to fulfill his duties.

31.9 Members of institutional faculties who have served the System continuously for twenty (20) years, and members of the nonteaching staff who have served the institution continuously for fifteen (15) years, may, upon approval of the institutional head, change to the modified service in the System for which they are eligible at any time after reaching their sixtieth birthday.

31.(10) No person appointed to the institutional faculties or nonteaching staffs after the age of fifty shall have the right to modified service.

31.(11) Members of institutional faculties and staffs who are not members of the Teacher Retirement System and faculty members who have served less than twenty (20) years and nonteaching staff members who have served less than fifteen (15) years may secure modified service status only upon special recommendation of the institutional head and the President of the System and approval by the Board, and such recommendation and approval must be made annually on the basis of institutional need.

31.(12) In deciding when a faculty member shall retire from all service with and compensation from the System, the Board will consider his current capacity for work, his service to the System and the retirement benefits to which he is entitled under the Teacher Retirement System.
of Texas and the Federal Social Security laws; with the expectation that for each voting member of the faculty with at least twenty-five (25) years of faculty membership in the System, modified service will be continued until the retirement benefits receivable are approximately equal to the amount that would be received under modified service.

31.(13) Nonteaching Staff Members with Faculty Rank. --Every full-time or part-time nonteaching staff member who also has the faculty rank of Instructor, Assistant Professor, Guest Assistant Professor, Associate Professor, Guest Associate Professor, Professor, or Guest Professor shall retire from his administrative position [see Subsection 31.(15) below] at the close of the fiscal year in which his sixtieth birthday occurs and, if he chooses, return to a full-time faculty assignment. Thereafter, his rights shall be in accord with any other member of the faculty.

31.(13)1 Every full-time or part-time nonteaching staff member who has academic rank but does not have the faculty rank of Instructor, Assistant Professor, Guest Assistant Professor, Associate Professor, Guest Associate Professor, Professor, or Guest Professor shall retire from his administrative position [see Subsection 31.(15) below] at the close of the fiscal year in which his sixty-fifth birthday occurs and he may choose to return to full-time faculty assignments until the close of the fiscal year in which his seventieth birthday occurs without eligibility for modified service, or he may choose to be continued in a nonteaching position on modified service and compensation through the fiscal year in which his sixty-seventh birthday occurs.

31.(14) Administrative Officers. --Administrative officers with policymaking responsibility shall retire from their administrative positions at the end of the fiscal year in which their sixty-fifth birthday occurs. Administrative officers in this paragraph shall include all executive officers, deans and directors, assistant and associate deans and directors, departmental chairmen, administrative personnel within the professional and administrative classifications in the Personnel Pay Plan of each institution of the System, or unclassified administrative positions, and others by title whose positions are deemed involved in policymaking decisions by the President of the System and his staff. This determination will be made annually by the President of the System, upon recommendation of the executive head of the component institution, at the time of budget preparation.
31.(15) Employment after Retirement. --Any person receiving service retire­ment benefits from the Teacher Retirement System of Texas and who is over sixty (60) years of age may be employed in a public school of Texas on as much as a one-third time basis. This would usually limit employment in instruction to no more than one (1) three-semester-hour course during any one semester of the long term, one (1) three-semes­ter-hour course during a six-week term. One-third employment for staff shall in no case exceed fifty-nine (59) clock hours in any calendar month. This employment of a person receiving service retirement shall not affect his right to continue to receive benefits under the Teacher Retirement System of Texas. However, this employment does not entitle the person to receive additional creditable service under the Teacher Retirement System of Texas and the person so employed shall not be required to make further contributions to the Teacher Retirement System of Texas. Application of this provision to individual cases shall be based on institutional benefit or need and will be recommended through appropriate administrative officers to the President of the System for approval.

31.(16) The regulations and provisions of this section (Sec. 31) shall not apply to those professional and nonclassified administrative staff members of The University of Texas M. D. Anderson Hospital and Tumor Institute at Houston who participate in the retirement program financed through the Physicians Referral Service. Such individuals shall retire at age 65. Any subsequent employment prior to age 70 shall be recom­mended on a year-to-year basis only for those persons whose specialized talent or productivity meets an institutional need.

31.(17) Whenever such action appears to be to the advantage and best interest of the System or any of its component institutions, the Board, upon recommendation of institutional heads and the President of the System, may, by unanimous vote of the members present, make exceptions to this rule in special and extreme cases.

Sec. 32 Staff Benefits. --For other staff benefits, see Part Two hereof.
CHAPTER IV

FACULTY ORGANIZATION

Sec. 1. Educational Policy.

1.1 The Board will devote its best efforts to making all of the institutions composing the System institutions of the "first class," as the Texas Constitution directs in Article VII, Section 10. The Board will be guided in general by the best practices of the best universities in the United States and abroad, especially by the best practices of the United States state universities.

1.2 The Board will not, except in extraordinary cases, act on important matters of academic policy until it has received, or requested and obtained, advice thereupon from the institutional faculty or faculties affected or their legislative bodies. When new policies originating in any faculty give rise to serious differences of opinion in that body, the advice and recommended legislation shall, at the request of the minority, be accompanied by a record of the vote and by a summary of the reasons for and against the matters proposed.

Sec. 2. Institutional, College, School, and Departmental Faculties and Legislative Bodies.

2.1 General Authority.—Subject to the authority of the Board and subject further to the authority that the Board has vested in the various administrative officers and subdivisions of the System, the faculties of the component institutions regularly offering instruction shall have a major role in the governance of their respective institutions in the following areas:

2.11 General academic policies and welfare.
2.12 Student life and activities.
2.13 Requirements of admission and graduation.
2.14 Honors and scholastic performance generally.
2.15 Approval of candidates for degrees.
2.16 Faculty rules of procedure.

IV - 1
2.2 Necessity of Approval by Regents. --Legislation recommended by an institutional faculty, or legislative body thereof, requiring approval of the Board, shall not be effective unless and until approved by the Board. Such legislation by a college or school faculty shall not be presented to the Board until it has been approved by the institutional faculty, either directly or through its legislative body, and has received the consideration and recommendation of the appropriate institutional head(s) and the President of the System. The faculty affected will be notified by the Board through administrative channels, of its action on recommended faculty legislation.

2.3 When Legislation is Effective. --Except where the Board has specifically authorized procedure for placing into effect emergency faculty legislation without prior Board approval, institutional faculty legislation shall become effective only upon approval by the Board or at such later time as the Board shall specify. The secretary of the institutional faculty shall be notified of Board action, and notice of such action shall be included in the official minutes of the faculty.

2.4 Approval of Degree Candidates. --It shall be the duty of the several institutional faculties to recommend approval or disapproval of all candidates for degrees. This duty may be delegated for any academic year by affirmative vote of the institutional faculty, or its legislative body, to the respective deans or other appropriate official. Should this duty not be delegated, then the institutional registrar, or his equivalent, shall furnish to the members of the institutional faculty a complete list of the degree candidates for recommendation.

2.5 List of Degree Candidates in Minutes. --The institutional registrar, as soon as possible after each commencement, shall provide the secretary of his institutional faculty, or its legislative body, with a complete list of all successful degree candidates, and the secretary shall insert the list in the minutes of the faculty.

2.6 Changes in Degree Requirements. --Changes in degree requirements shall not become effective until approved by the Board and published in the appropriate catalogue; provided, however, that students may be given the benefit of any action reducing or modifying the requirements for their degree immediately upon Board approval.

2.7 Faculty Minutes. --Copies of institutional faculty minutes, or of their legislative bodies, shall be available for use of members of the
particular faculties individually, if desired; and shall be filed in the office of their secretaries, the institutional heads, the President of the System, and the Secretary to the Board and in the institutional libraries.
CHAPTER V

GRADUATE EDUCATION IN THE UNIVERSITY OF TEXAS SYSTEM

Sec. 1 The various component institutions of the System authorized to offer graduate degrees shall provide and maintain an appropriate faculty and administrative organization for such graduate degrees. The chief administrative officer of each component institution of the System shall be responsible to the President of the System, and through him, to the Board for the policies and administration of the graduate programs.

1.1 "Graduate programs," as the term is used in these rules, does not include the programs that lead to the M.D., D.D.S., M.P.H., Dr. P.H., J.D., LL.M., and M.C.J. degrees, or others that may be excluded upon recommendation by the chief administrative officer of the component institution and concurrence by the President of the System.

Sec. 2 Within the general academic components, the designation "Graduate School" will be used if (a) there is a minimum of three distinct programs approved for doctoral degrees and thirty such doctoral degrees have been awarded; or (b) there is a minimum of ten distinct programs approved for master's degrees and fifty master's degrees have been awarded. In component institutions that do not meet these requirements, graduate study will be in a "Division of Graduate Studies."

Sec. 3 Graduate programs in the biomedical components shall be administered as follows:

3.1 In the Health Science Centers at Dallas, Houston, and San Antonio and at Galveston Medical Branch the graduate programs will be administered through a Graduate School of Biomedical Sciences.

3.2 In the Nursing Schools of component institutions, graduate education will be administered as specific graduate programs coordinated by an administrative officer designated by the chief administrative officer of the component institution.
3.3 In the System Cancer Center research and graduate instruction will be offered in cooperation with other components which are authorized to award graduate degrees.

Sec. 4 Component institutions which offer graduate degrees and elect an administrative organization and designations different from those authorized above may do so only upon the recommendation of the chief administrative officer, the concurrence of the President of the System, and the approval of the Board.

Sec. 5 The policies and procedures for staffing and administering the graduate programs at all component institutions shall be set forth in the institutional Handbook of Operating Procedures. These policies and procedures shall include qualifications for faculty members assigned to teach graduate courses, supervise graduate programs, and advise graduate students.

Where two or more components of The University of Texas System are authorized to conduct joint or cooperative degree programs, the chief administrative officers of the cooperating institutions shall be authorized to establish, subject to the approval of the President of The University of Texas System, special procedures and organizations for the administration of such programs. (Amended June 9, 1978)
3.3 In the System Cancer Center research and graduate instruction will be offered in cooperation with other components which are authorized to award graduate degrees.

Sec. 4 Component institutions which offer graduate degrees and elect an administrative organization and designations different from those authorized above may do so only upon the recommendation of the chief administrative officer, the concurrence of the President of the System, and the approval of the Board.

Sec. 5 The policies and procedures for staffing and administering the graduate programs at all component institutions shall be set forth in the institutional Handbook of Operating Procedures. These policies and procedures shall include qualifications for faculty members assigned to teach graduate courses, supervise graduate programs, and advise graduate students.
CHAPTER VI

STUDENT SERVICES AND ACTIVITIES

Sec. 1 General Provisions.

1.1 These policies and regulations apply to all component institutions of the System and shall be implemented appropriately in the institutional supplement for each institution.

1.2 When the title, "Dean of Students," appears in this chapter, reference is made to the administrator bearing that title, or the officer or officers directly responsible for student affairs at each component institution.

1.3 All authority held and exercised by a Dean of Students is delegated to him by the institutional head just as all authority held and exercised by an institutional head is delegated to him by the President of the System. Therefore, any action taken is subject to review by the institutional head and the President of the System, and both the President of the System and the institutional head may approve, amend, or disapprove such action, just as the President of the System may approve, amend, or disapprove any action taken by the administrative head of any component institution.

1.4 Any individual student, group of students, or student organization may petition the Board on any matter relating to these policies and regulations through the Dean of Students, the institutional head, and the President of the System.

1.5 These policies and regulations shall become effective on November 11, 1977 and shall, at that time, supersede all other policies and regulations that may be in conflict herewith.

1.6 Definition of Student. --A student is one who is currently enrolled at any of the component institutions of the System. These policies and regulations will also apply to any prospective or a former student...
who has been accepted for admission or readmission to any component institution while he is on the campus of any component institution.

1.7 Definition of Campus. — The campus of a component institution is defined as all real property over which that institution has possession and control.

Sec. 2 The Dean of Students and His Staff.

2.1 The Dean of Students shall be the administrative officer primarily responsible for the development and administration of policies relating to students and for the development and implementation of services to students in the areas assigned to him. He shall have responsibility for the initial preparation of institutional regulations which will implement the policies and regulations set forth in this chapter.

2.2 The Dean of Students shall have primary responsibility for (1) the supervision and development of student out-of-class programs and the activities and of all student organizations; (2) the development of policies affecting student life; (3) the promulgation and enforcement of institutional rules that govern student conduct; and (4) the administration of student discipline on the campus.

2.3 The administrative staff of the Dean of Students shall consist of the heads of services for which he has administrative responsibility.

2.4 The Dean of Students shall work with academic deans and department chairmen in structuring and implementing a program of faculty advising for both old and new students.

2.5 The Dean of Students shall be responsible for the preparation of the budgetary recommendations for the student services and activities under his jurisdiction.

Sec. 3 Student Conduct and Discipline.

3.1 The System and its component institutions have rules and regulations for the orderly and efficient conduct of their business, and each student is charged with notice and knowledge of the contents and provisions thereof.

VI - 2
3.2 All students are expected and required to obey the law, to show respect for properly constituted authority, and to observe correct standards of conduct.

3.21 Gambling, immoral conduct, dishonesty, or the excessive use of intoxicating liquors renders the student subject to discipline.

3.22 Any student who is guilty of the illegal use, possession and/or sale of a drug or narcotic on the campus of a component institution of the System is subject to discipline, including expulsion, pursuant to the procedures set out in Subsections 3.(10) and 3.(11) of this chapter.

3.3 For the purpose of this subsection, H.B. No. 447, Acts of the 63rd Legislature, Regular Session, 1973, shall be referred to as the Texas Controlled Substances Act. With respect to acts giving rise to charges under the foregoing Subsection 3.3b before the effective date of the Texas Controlled Substances Act, (1) the word "drug" means "dangerous drug" as defined in Section 2, Chapter 425, Acts of the 56th Legislature, Regular Session, 1959, as amended, and as in effect prior to the effective date of the Texas Controlled Substances Act (Article 726d, Vernon's Texas Penal Code); and (2) the word "narcotic" means "narcotic drugs" as defined in Section 1, Chapter 169, Acts of the 45th Legislature, Regular Session, 1937, as amended and as in effect prior to the effective date of the Texas Controlled Substances Act (Article 725b, Vernon's Texas Penal Code). With respect to acts giving rise to charges under the foregoing Subsection 3.3b after the effective date of the Texas Controlled Substances Act, the word "drug" or "narcotic," or both, includes any controlled substance listed in Schedules I through V, Penalty Groups 1 through 4, Section 2.17, and Section 4.05 of the Texas Controlled Substances Act.

3.4 The use of intoxicating beverages is prohibited in classroom buildings, laboratories, auditoriums, library buildings, museums, faculty and administrative offices, intercollegiate and intramural athletic facilities, and all other public campus areas; provided, however, that with the prior consent of the institutional head, the foregoing provisions of this section may be waived with respect to any specific affair which is sponsored by the institution. However, with respect to the possession and consumption of alcoholic beverages, state law will be strictly enforced at all times on all property controlled by the System and its component institutions.
3.5 No former student who has been suspended for disciplinary reasons from a component institution of the System shall be permitted on the campus of any component institution during the period of such suspension without the prior written approval of the chief administrative officer of that institution.

3.6 Hazing in state educational institutions is prohibited by state law (Section 4.19, Chapter 4, Title I, Texas Education Code). Hazing with or without the consent of a student is prohibited by the System, and a violation of that prohibition renders both the person inflicting the hazing and the person submitting to the hazing subject to discipline.

3.7 Initiations by organizations may include no feature which is dangerous, harmful, or degrading to the student, and a violation of this prohibition renders the organization subject to discipline.

3.8 Any student who advocates or recommends, either orally or in writing, the conscious and deliberate violation of any federal, state or local law is subject to discipline.

3.9 Any student who, acting either singly or in concert with others, obstructs or disrupts, by force or violence, any teaching, research, administrative, disciplinary, public service, or other activity authorized to be held or conducted on the campus of a component institution of the System, shall be subject to discipline, including expulsion. As used in this subsection, the words "force or violence" include such acts as "stand-ins," "sit-ins," and "lie-ins," when such acts are in fact obstructive or disruptive of any of the authorized activities listed above.

3.(10) The Dean of Students shall have primary authority and responsibility for the administration of student discipline at his institution. It shall be his duty to investigate allegations that a student has violated the Regents' Rules and Regulations, the rules and regulations of the institution, or specific orders and instructions issued by an administrative official of the institution in the course of his duties.

3.(10) If the Dean of Students determines that such allegations are not unfounded, he shall prepare a written statement of charges, a statement of the evidence supporting such charges, including a list of witnesses and brief summary of the testimony to be given by each, and shall send such charges and statement to the accused student by certified mail, return receipt requested, addressed to the address appearing in the registrar's records.
3. (10) In any case where the accused student does not dispute the facts upon which the charges are based and executes a written waiver of the hearing procedures specified in Subsection 3. (11), the Dean of Students shall assess the penalty appropriate to the charges and inform the student of such action in writing. The decision of the dean of students may be appealed as in the case of a decision rendered subsequent to a hearing in accordance with Subsection 3. (11).

3. (11) In those cases in which the accused student disputes the facts upon which the charges are based, such charges shall be heard and determined by a fair and impartial person selected in accordance with procedures adopted by the institution. Except in those cases where immediate interim disciplinary action has been taken under authority of Subsection 3. 15, the accused student shall be given at least 10 day's notice of the date, time, and place for such hearing and the name of the person who will hear and decide upon the charges. Upon a hearing of the charges, the institution has the burden of going forward with the evidence and the burden of proving the charges by the greater weight of the credible evidence. The hearing shall be conducted in accordance with procedures adopted by the institution and that assure both the institution and the accused student the following minimal rights:

(A) the right of the Dean of Students and the accused student to have, reasonably in advance of the date fixed for the hearing, a list of the witnesses to be presented by the opposing party and a brief summary of the testimony to be given by each;

(B) the right to appear and present evidence in person or through a designated representative or counsel of choice;

(C) the right to cross-examine the witnesses testifying on behalf of the opposing party; and

(D) the right to have all proceedings at the hearing recorded electronically or stenographically and transcribed.

3. (11)1 Prior to the date of the hearing, the accused student may challenge the fairness or objectivity of the person designated to hear the charges, but he shall not be entitled to disqualify the person challenged. It shall be up to the individual challenged to determine whether he can serve with fairness and objectivity. The institutional regulations shall provide for the selection of a substitute for a challenged person who disqualifies himself.
3. (11)2 The person hearing the charges shall render a written decision as to the accused student's guilt or innocence of the charges and shall set forth findings of fact in support of the charges. The penalty shall also be stated in the decision. The accused student and the Dean of Students shall each be given a copy of the decision.

3. (11)3 Either the Dean of Students or the accused student may appeal the decision to the President of the System through the chief administrative officer of the institution. The decision will be reviewed at each level of such appeal upon the basis of the written transcript of the hearing. Arguments either against or in support of the decision will be considered by the reviewing authority and, at the discretion of such authority, will be presented in writing rather than orally.

3. (11)4 The chief administrative officer of the institution or the President of the System may approve, reject, or modify the decision in question, or may require that the original hearing be reopened for the presentation of additional evidence and reconsideration of the decision. The action of each reviewing authority shall be communicated in writing to the accused student and the Dean of Students. The decision of the President of the System shall be the final appellate review.

3. (12) Through matriculation at an institution of the System, a student neither loses the rights nor escapes the responsibilities of citizenship. Students who violate the law may incur penalties prescribed by civil authority, but institutional penalties shall not be used merely to duplicate the penalties imposed by civil authority. However, when a student violation of the law occurs on the campus of a component institution or in connection with a component institution-oriented activity, institutional penalties may be imposed regardless of whether penalties have been imposed by civil authority for the same offense.

3. (13) Upon his indictment for a felony, a student may be suspended by the Dean of Students pending a final disposition of the indictment. If the student is not acquitted, his readmission to the institution will be subject to the approval of the Dean of Students and the institutional head.

3. (14) Since the value of an academic degree depends on the absolute integrity of the work done by the student for that degree, it is imperative that a student maintain a high standard of individual honor in his scholastic work. Scholastic dishonesty is the submission as one's
3.(11)2 The person hearing the charges shall render a written decision as to the accused student's guilt or innocence of the charges and shall set forth findings of fact in support of the charges. The penalty shall also be stated in the decision. The accused student and the Dean of Students shall each be given a copy of the decision.

3.(11)3 Either the Dean of Students or the accused student may appeal the decision to the Board through the chief administrative officer of the institution and the President of the System. The decision will be reviewed at each level of such appeal upon the basis of the written transcript of the hearing. Arguments either against or in support of the decision will be considered by the reviewing authority and, at the discretion of such authority, will be presented in writing rather than orally.

3.(11)4 The chief administrative officer of the institution, the President of the System, or the Board may approve, reject, or modify the decision in question, or may require that the original hearing be reopened for the presentation of additional evidence and reconsideration of the decision. The action of each reviewing authority shall be communicated in writing to the accused student and the Dean of Students.

3.(12) Through matriculation at an institution of the System, a student neither loses the rights nor escapes the responsibilities of citizenship. Students who violate the law may incur penalties prescribed by civil authority, but institutional penalties shall not be used merely to duplicate the penalties imposed by civil authority. However, when a student violation of the law occurs on the campus of a component institution or in connection with a component institution-oriented activity, institutional penalties may be imposed regardless of whether penalties have been imposed by civil authority for the same offense.

3.(13) Upon his indictment for a felony, a student may be suspended by the Dean of Students pending a final disposition of the indictment. If the student is not acquitted, his readmission to the institution will be subject to the approval of the Dean of Students and the institutional head.

3.(14) Since the value of an academic degree depends on the absolute integrity of the work done by the student for that degree, it is imperative that a student maintain a high standard of individual honor in his scholastic work. Scholastic dishonesty is the submission as one's
own work of material that is not one's own. As a general rule, it involves one of the following acts: cheating, plagiarism, and/or collusion. Each component institution will adopt detailed regulations concerning scholastic dishonesty.

3. (15) The Dean of Students, the institutional head, or the President of the System may take immediate interim disciplinary action, including suspension pending a hearing, against a student for violation of a rule and regulation of the System or of the institution at which the accused is a student when, in the opinion of such official, the interest of the System or the component institution would be served by such action.

3. (16) Each component institution shall maintain for every student who has received any disciplinary penalty at such institution, a permanent written disciplinary record that shall reflect the nature of the charge, the penalty assessed, and any other pertinent information. This disciplinary record shall be separate from the student's academic record and shall be treated as confidential, and the contents shall not be revealed except upon request of the student or upon direction of the institutional head or his delegate.

3. (17) Every student is expected to obey all federal, state, and local laws, and particularly the three state statutes set out below. Any student who violates any provision of these three statutes is subject to disciplinary action, including expulsion, notwithstanding any action taken by civil authorities on account of the violation:

3. (17) 1 DISORDERLY CONDUCT.

Section 1. No person, acting alone or in concert with others, may engage in disorderly conduct. Disorderly conduct consists of any of the following:

(1) behavior of a boisterous and tumultuous character in a residential area of a public place such that there is a clear and present danger of alarming persons where no legitimate reason for alarm exists; or

(2) interfering with the peaceful and lawful conduct of persons in or about their homes or public places under circumstances in which such conduct tends to cause or provoke a disturbance; or

(3) violent and forceful behavior at any time in or near a public place, such that there is a clear and present danger that free
movement of other persons will be arrested or restrained, or other persons will be incapacitated in the lawful exercise of business or amusement; or behavior involving personal abuse or assault when such behavior creates a clear and present danger of causing assaults or affrays; or

(4) in a public or private place engages in violent, abusive, indecent, profane, boisterous, reasonably loud, or otherwise disorderly conduct under circumstances in which such conduct tends to cause or provoke a disturbance; or

(5) willful and malicious behavior that interrupts the speaker of any lawful assembly or impairs the lawful right of others to participate effectively in such assembly or meeting when such conduct tends to cause or provoke a disturbance; or

(6) behavior near a courthouse or other public building wherein judicial proceedings are being held, designed or having the effect of interfering with the administration of justice, whether by disrupting the courts or by intimidating the judges, witnesses, jurors, or other persons having business with the courts; or

(7) behavior near any public building wherein matters affecting the public are being considered or deliberated, designed or having the effect of interfering with such proceedings under circumstances in which such conduct tends to cause or provoke a disturbance; or

(8) willful and malicious behavior which obstructs or causes the obstruction of any doorway, hall, or any other passageway in a public building to such an extent that the employees, officers, and other persons, including visitors and tourists, having business with the government are denied entrance into, exit from, or free passage in such building; or

(9)
(10) behavior involving the display of any deadly weapon in a public place in such a manner as to alarm or frighten other persons present; or

(11) enters upon the property of another and for a lewd or unlawful purpose deliberately looks into a dwelling on the property through any window or other opening in it.

Section 2. Any person who violates any of the provisions of Section 1 of this Article shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than Two Hundred Dollars ($200). For any second or subsequent conviction of any of the provisions of Section 1 of this Article such person shall be punished by a fine of not less than One Hundred Dollars ($100) nor more than One Thousand Dollars ($1,000), or by imprisonment in the county jail for not more than thirty (30) days or by both such fine and imprisonment.

3. (17)2 DISRUPTIVE ACTIVITY.

Sec. 1. No person or group of persons acting in concert may willfully engage in disruptive activity or disrupt a lawful assembly on the campus or property of any private or public school or institution of higher education or public vocational and technical school or institute.

Sec. 2(a) For the purposes of this Act, "disruptive activity" means:

(1) obstructing or restraining the passage of persons in an exit, entrance, or hallway of any building without the authorization of the administration of the school;

(2) seizing control of any building or portion of a building for the purpose of interfering with any administrative, educational, research or other authorized activity;

(3) preventing or attempting to prevent by force or violence or the threat of force or violence any lawful assembly authorized by the school administration;

(4) disrupting by force or violence or the threat of force or violence a lawful assembly in progress; or

VI - 9
(5) obstructing or restraining the passage of any person at an exit or entrance to said campus or property or preventing or attempting to prevent by force or violence or by threats thereof the ingress or egress of any person to or from said property or campus without the authorization of the administration of the school.

(b) For the purposes of this Act, a lawful assembly is disrupted when any person in attendance is rendered incapable of participating in the assembly due to the use of force or violence or due to a reasonable fear that force or violence is likely to occur.

Sec. 3 A person who violates any provision of this Act is guilty of a misdemeanor and upon conviction is punishable by a fine not to exceed $200 or by confinement in jail for not less than 10 days nor more than 6 months, or both.

Sec. 4 Any person who is convicted the third time of violating this act shall not thereafter be eligible to attend any school, college or university receiving funds from the State of Texas for a period of two years from such third conviction.

Sec. 5 Nothing herein shall be construed to infringe upon any right of free speech or expression guaranteed by the Constitutions of the United States or the State of Texas.

Sec. 6 Neither the institutional head nor the President of the System, nor any representative of either of them when dealing with disruptive activities as defined in Section 2(a) above, shall negotiate or attempt to negotiate with any person or persons engaged in any disruptive activity on the campus of any component institution of the System. When such a situation arises, the institutional head or the President of the System, or any representative of either of them, shall take immediate action to utilize all lawful measures to halt and eliminate any and all such disruptive activities that come to their attention.
Sec. 7 Any person who, acting either singly or in concert with others, engages in any disruptive activity [as defined in Section 2(a) above] on the campus of any component institution of the System is subject to discipline, including expulsion from enrollment as a student or dismissal from employment as a faculty or staff member. The institutional head or the President of the System may take immediate interim disciplinary action, including suspension as a student or faculty or staff member pending a hearing, against any person who engages in any such disruptive activity.

3.(17)3 FIREARMS.

Sec. 1 It shall be unlawful to interfere with the normal activities, the normal occupancy, or normal use of any building or portion of a campus of any private or public school or institution of higher education or public vocational and technical school or institute by exhibiting or using or threatening to exhibit or use a firearm.

Sec. 2 A person who violates Section 1 of this Act is guilty of a felony and upon conviction is punishable by a fine of up to $1,000 or by imprisonment in jail for a period not to exceed 6 months, or by both fine and imprisonment, or by imprisonment in the state penitentiary for a period not to exceed five years.

3.(18) Pursuant to the authority conferred upon the Board of the System by Chapter 80, Acts of the 60th Legislature, Regular Session, 1967 (Article 2919j, Vernon's Texas Civil Statutes), and in order to protect the safety and welfare of students and employees of the component institutions of the System and to protect the property of the System, it is hereby declared that it shall be unlawful for any person to enter, walk, run, lie, play, remain, or be in the water of any fountain or other artificial body of water located on the campus of any component institution of the System unless such person shall have theretofore been granted permission by the administrative head of that institution to enter, remain, or be in such water.

It shall further be unlawful for any person to dump, throw, place, or cause to be placed any material, object, trash, waste, or debris in the water of any fountain or other artificial body of water located on the campus of any component institution of the System.
It shall also be unlawful for any person to damage, deface, or remove any portion of any fountain, monument, or memorial located on the campus of any component institution of the System.

Any person who violates any portion of this regulation shall upon conviction thereof be punished by a fine of not more than $200.

Any student of a component institution who violates any portion of this regulation shall, in addition to the penalty prescribed in the last preceding section, be subject to discipline, including expulsion, by the institution.

3.(19) The minimum standards of individual conduct required by the penal statutes of Texas or the United States are both expected and required of every student attending any component institution of the System. Any student who violates such standards of conduct is subject to discipline by the Dean of Students, regardless of whether or not any action is taken against the student by civil authorities on account of such violation. If disciplinary action is taken, the Dean of Students shall proceed with action in the same manner as he would in the case of a violation of any other provision of these rules and regulations or a provision of any institutional supplement.

Sec. 4 Student Organizations.

4.1 An organization in which membership is limited to students (recognizing that faculty and staff may also be members) of a component institution may become a registered student organization at that institution by complying with the registration procedures established by the Dean of Students.

4.2 The Dean of Students, with the approval of the institutional head, may establish regulations requiring faculty or staff advisers for registered student organizations.

4.3 A registered student organization may state that its membership is composed of students, or of students, faculty, and/or staff, of a component institution, but it shall not suggest or imply that it is acting with the authority or as an agency of that institution.

4.4 The Dean of Students, with the approval of the institutional head, may issue regulations governing the eligibility of students for participation in organized activities.
4.5 At each component institution, an appropriate committee or committees shall have initial jurisdiction over all registered student organizations.

4.6 Any student organization is subject to disciplinary action or revocation of registration as a student organization for violation of a rule or regulation of the System and/or of, the institution at which the organization is registered.

4.7 The administrative head of each component institution of the System shall require and enforce the following:

4.71 As a condition to being a registered student organization or group during a semester, every registered student organization or group shall furnish to the appropriate institutional officer at the beginning of each such semester a complete list of officers or other members of the organization or group who are authorized to speak for or represent the organization or group in its relations with the institution and who are authorized to receive for the organization or group official notices, directives, or information from the institution. Each such list shall be kept current and accurate throughout the semester by the organization or group, and it shall be conclusively presumed that the officers or members whose names are on the list most recently filed by the organization or group are authorized to speak for and represent the organization or group in its relations with the institution and are authorized to receive for the organization or group official notices, directives, or information from the institution.

4.72 No registered student organization or group may have any person as a member who is not either a student or a member of the faculty or staff of the institution. Except pursuant to the provisions of Section 6.5 of this chapter, no organization or group, whether registered or not, may use any facility of any component institution of the System if it has as a member any person who is not either a student or a member of the faculty or staff of the institution.

4.73 At the beginning of each semester, each registered student organization or group must file with the appropriate institutional officer an affidavit stating that the organization or group does not, and will not during the semester, have as a member any person who is not either a student or a member of the faculty or staff of the institution. If an organization or group fails or refuses to file the required affidavit, or if, after such reasonable investigation as the institutional
head shall deem appropriate (which investigation shall afford the accused registered organization or group every right guaranteed to it by the due process clauses of the United States and Texas Constitutions), the institutional head shall during the semester find that the affidavit is or has become false, and that the organization or group does, in fact, have as a member a person who is not either a student or a member of the faculty or staff of the institution, the institutional head shall immediately cancel the registered status of the organization or group and shall deny to the organization or group any and all privileges to which it would otherwise be entitled as a registered student organization or group.

4.74 No organization or group, whether registered or not, may use the facilities of any component institution as long as it owes a monetary debt to the institution and the debt is considered delinquent by the crediting institutional agency.

4.8 No component institution shall register any student organization or group whose actions or activities, in the opinion of the institutional head or the President of the System, are inimical to the educational purpose and work of the institution.

4.9 A registered student organization whose registered status has been canceled by the institutional head pursuant to Subsection 6.13 of Section 6 of this chapter or Subsection 4.73 of Section 4 of this chapter may apply for re-registration not less than six months following the date of such cancellation.

Sec. 5 Participation in Student Government.

5.1 Students' Associations.--Students' associations currently authorized at the component institutions of the System are hereby approved. They shall have such jurisdictions and shall exercise such powers as the Board may now or hereafter delegate to them.

5.11 Constitutions and Laws Approved.--The constitutions and laws of the several associations in force at the date of adoption of these Rules and Regulations are hereby approved.

5.12 Mode of Amending Constitutions and Laws.--An amendment to the constitution or laws of a students' association may be adopted by an association, in accordance with its constitution and laws, but the change shall not become effective until transmitted to and acted upon by the Dean of Students, the institutional head, and the President of the System and approved by the Board.
5.13 Amendment or Repeal by Regents. —The Board shall amend or repeal any portion of the constitution and laws of a students' association when, in the judgment of the Board, the interests of the particular institution shall require it.

5.14 Amendment or Repeal by Dean of Students. --The Dean of Students shall have the power, when in his judgment the interests of the institution require it, to amend or repeal any provision in the constitution or laws of the particular association, but his action shall be in force only until the next meeting of the Board when Section 5.13, above shall become applicable.

5.15 Salaried Employees Approved by Regents. --All persons officially employed on salary by or under the direct supervision of a students' association shall be subject to approval by the Dean of Students, the institutional head, the President of the System, and the Board, both as to salary and as to qualifications.

5.16 Annual Financial Reports. --Every officially recognized students' association shall make annually a complete financial report to the institutional business officer, and shall make such special reports as may be called for by such business officer. A duplicate copy of each report shall be filed with the Dean of Students. Committees and administrative units of a students' association maintaining a budget in excess of $25,000 per annum shall make such interim reports of financial condition as may be required by the Dean of Students.

5.2 The students' association on each campus shall be a recognized forum of student opinion.

5.21 When a students' association takes a position with reference to issues directly related to a component institution and its operations, its recommendations shall go through the Dean of Students, the institutional head, and the President of the System to the Board.

5.22 When a students' association takes a position on non-University issues, it shall make clear the fact that it does not speak for the institution.

5.23 A students' association may conduct polls, initiate petitions, and/or establish forums for debate or discussion approved by the Dean of Students.

5.24 Officers of a students' association may so identify themselves when they express their personal views, but they shall then make it clear that they are not speaking for the
institution, or for the student body, and they shall make it clear they are not speaking for the students' association unless the legislative body of that association has authorized the statement in advance.

Sec. 6 Use of University-Owned Facilities.

6.1 The institutional head or his delegate has the responsibility of establishing regulations and procedures for the use of institutional buildings, grounds, and other facilities for purposes other than regular academic use. Such regulations and procedures shall be in accordance with the following:

6.11 As used in this section, the word "solicitation" means the sale or offer for sale of any property or service, whether for immediate or future delivery, and the receipt of or request for any gift or contribution.

6.12 No solicitation shall be conducted in any building or structure on the campus of any component institution of the System, provided, however, that the following activities shall be deemed not to be solicitations prohibited by this subsection if they are conducted in a manner that will not disturb or interfere with the regular academic or institutional programs being carried on in a building or structure, or do not interfere with entry to or exit from a building or structure:

(1) The sale or offer for sale of any newspaper, magazine, or other publications by means of a vending machine in an area designated in advance by the institutional head or his delegate for the conduct of such activity.

(2) The sale or offer for sale of any food or drink item by means of a vending machine in an area designated in advance by the institutional head or his delegate for the conduct of such activity.

(3) The sale or offer for sale of any publication of the institution or of any book or other printed material to be used in the regular academic work of the institution.

(4) The operation by the institution or its subcontractor of any bookstore, specialty store, laundry mat, cafeteria, or other service facility maintained for the convenience of the students and/or faculty.

(5) The sale or offer for sale by the institution or its subcontractor of food and drink items and programs at athletic contests.

(6) The collection of tuition and fees in connection with enrollment of a student in any course or degree program.
(7) The collection of membership fees or dues by registered student, faculty, or staff organizations at meetings of such organizations scheduled in accordance with the facilities use regulations of any component institution.

(8) The collection of admission fees for the exhibition of movies or other programs that are sponsored by the component institution, a recognized faculty group, or a registered student organization, and are scheduled in accordance with the facilities use regulations of the component institution.

(9) The activities of any organization that can present to the institutional head, or his delegate, written evidence from the Internal Revenue Service that the organization has been granted an exemption from taxation under 26 U.S.C.A. 501 (c) (3) (Internal Revenue Code).

6.121 No organization may solicit under Subdivision (9) of this subsection for more than a total of fourteen days, whether continuous or intermittent, during each state fiscal year.

6.13 No solicitation shall be conducted on the grounds, sidewalks, or streets on the campus of any component institution of the System, except by the agents, servants, or employees of that institution acting in the course and scope of their agency or employment, or by the students' association of that institution, or by a registered student, faculty, or staff organization at that institution.

(1) Solicitation made pursuant to the terms of Subsection 6.13 must be conducted in such a way (a) that it will not disturb or interfere with the regular academic or institutional programs being carried on in campus buildings, (b) that it will not interfere with the free and unimpeded flow of pedestrian and vehicular traffic on sidewalks and streets and at places of ingress and egress to and from campus buildings, and (c) that it will not harass, embarrass, or intimidate the person or persons being solicited. If, after such reasonable investigation as the institutional head shall deem appropriate (which investigation shall afford the accused organization every right guaranteed by the due process clauses of the United States and Texas Constitutions) the institutional head determines that a solicitation is being conducted in a manner violative of this subsection, the institutional head shall prohibit the offending organization from solicitation on the campus for such
period or periods of time as he shall determine to be appropriate and in the case of repeated violations of these solicitation rules, the institutional head may cancel the registered status of the offending organization.

(2) The students' association and each registered student organization shall, within 30 days following the end of each academic semester or summer session, file with the institutional head or his delegate a sworn statement fully and fairly disclosing the sources and amounts of money which it obtained from solicitations (sales and contributions) on the campus during the preceding semester or summer session and fully and fairly disclosing the beneficiaries and amounts of the expenditures which it made during the preceding semester or summer session. A registered student organization which during a semester or summer session receives no money or thing of value other than from its own members need file only a sworn statement to that effect. Any organization failing to comply with the provisions of this paragraph shall be prohibited from solicitation on the campus until such organization places itself in compliance.

6.14 Use of Physical Facilities of the System by Registered Student Organizations.--Registered student organizations may use an institution's buildings and/or grounds in compliance with reasonable and nondiscriminatory institutional regulations that shall specify the procedures under which such organizations may reserve the institution's buildings and/or grounds for their use. Groups of students who are not registered may not use the institution's buildings and/or grounds. Registered student organizations may not enter into joint sponsorship of any on-campus project or program with individuals, groups, or students that are not registered.

6.15 Reasonable and nondiscriminatory regulations may be promulgated to authorize students and registered student organizations, under specified conditions, to petition, post signs, set up booths, and/or peacefully demonstrate on the campus. Such regulations shall prohibit any activity that would interfere with regular academic and institutional programs.

6.16 No person, whether or not a student or employee of a component institution, shall publicly distribute on the campus of any such institution any petition, handbill, or piece of literature that is obscene, vulgar, or libelous, or that advocates the deliberate violation of any federal, state, or local law.
6.17 No person, whether or not a student or employee of a component institution, shall post or carry any sign or poster that is obscene, vulgar, or libelous, or that advocates the deliberate violation of any federal, state, or local law.

6.18 No person, whether or not a student or employee of a component institution, shall install, occupy, or use on the campus of any such institution any booth, if the use of the booth is wholly or partly for the distribution or dissemination of words or material that is obscene, vulgar, or libelous, or that advocates the deliberate violation of any federal, state, or local law. For the purpose of this provision, the word "booth" includes furniture, enclosure, and any other structure temporarily installed for distributing petitions, handbills, or literature, or for displaying signs, or for raising funds or soliciting tangible items.

6.2 The use of student center or student union facilities on the campus of each component institution shall be subject to reasonable and nondiscriminatory regulations as may be promulgated by that center's governing board and approved by the Dean of Students and the institutional head.

6.3 Extracurricular student activities involving the use of System-owned buildings and grounds shall be conducted in accordance with local, state and national law and in accordance with the applicable System and institutional regulations. Such activities shall not disrupt or disturb the regular academic and institutional program and shall not result in damage to or defacement of property.

6.4 Identification Required.

(a) Pursuant to the authority conferred upon the Board of the System by Chapter 80, Acts of the 60th Legislature, Regular Session, 1967 (Article 2919, Vernon's Texas Civil Statutes), and in order to protect the safety and welfare of students and employees of the component institutions of the System, and to protect the property of the System, it is hereby declared that it shall be unlawful for any person on any property either owned or controlled by the System or any component institution to refuse to identify himself to an institutional representative in response to a request. For the purpose of this subsection, a person identifies himself by:

(1) giving his name and complete address; and (2) by stating truthfully whether or not he is a student at the institution and whether or not he is an employee of the institution.
(b) For the purpose of Subsection (a), an "institutional representa­
tive" is:

(1) any member of the Board of the System;
(2) any administrative officer of the System, including
the Chancellor, the Executive Assistant to the Chan­
cello r, the Director for Development, the Presi­
dent of the System, the Vice President for Aca­
demic Affairs, the Vice President for Administra­
tion, the Vice President for Health Affairs, the
Executive Director for Investments, Trusts and
Lands, the Vice President for Operations, the
Director for Public Affairs, the Comptroller, the
Director of Facilities Planning and Construction,
the Budget Director, the Vice President and Gen­
eral Counsel for the System, the Director of Police,
the System Personnel Director, the Director for
Special Services, and the Director of Accounting of
The University of Texas at Austin;
(3) any administrative officer of the component institu­
tion, including the institutional head, any assistant
to the institutional head, any vice president, any
Dean of Students, and any associate or assistant
dean of students; and
(4) any attorney, peace officer, or security officer of
the System or the institution.

(c) Any person who refuses to identify himself fully in accord­
ance with Subsection (a) is guilty of a misdemeanor and upon
conviction is punishable by a fine of not more than $200.

(d) Any student who refuses to identify himself fully in accord­
ance with Subsection (a) is, in addition to the penalty pre­
scribed in Subsection (c), subject to discipline, including
expulsion, by the institution.

6.5 Use of Physical Facilities by Outside Groups, the System as a Joint
Sponsor. —Use of physical facilities of the System, especially audito­
riums, gymnasiums, and large rooms, by outside groups shall be
subject to the following rules in which the "System" shall mean any
component institution.

6.51 The System will not permit the unrestricted use by non­
System groups of any of its facilities.

6.52 The System will not enter into joint sponsorship of any proj­
ect or program that is to result in private gain for the coop­
erating group or groups.
The System, established as a public institution without regard to political affiliation or religious faith, cannot be a joint sponsor with any noncampus organization for political or sectarian gatherings. However, the appearance by or on behalf of a candidate for public office may be authorized under conditions prescribed by the Board.

Whenever non-System groups share in the use of System buildings, it must be upon the invitation of the System and under its joint sponsorship, and with the further understanding that all the conditions governing such sponsorship are to be set by the System.

The System when entering into joint sponsorship of any program or activity assumes full responsibility for all details and reserves the right to approve all copy for advertising, as well as news releases.

The System will not enter into joint sponsorship of any program or activity in which the educational implications are not self-evident and which does not directly supplement the educational purposes of the System.

It shall be understood that the availability of the System's auditorium facilities for functions other than the institution's own activities is strictly subject to the needs and the convenience of the System, which are always to have priority in the scheduling of facilities.

In the case of programs for which the System is a joint sponsor with some other group or organization, the fee to be paid by the co-sponsor will be a matter for negotiation in each case and will be specified in the agreement providing for the joint sponsorship.

The chief administrative officer of a component institution may designate specific facilities of a component institution, such as special events centers, concert halls, theaters, or auditoria, as Special Use Facilities. The chief administrative officer shall cause to be prepared and submitted for approval, as a part of the Handbook of Operating Procedures of the institution, appropriate rules and regulations for the reservation and use of such designated Special Use Facilities. Such rules and regulations must restrict the reservation and use of such facilities in accordance with the following:

Designation as a Special Use Facility shall not constitute the facility as a public facility open to use by non-University persons, groups, associations, or corporations on a first come, first served basis.
6.62 Priority in the reservation and use of Special Use Facilities shall be given to activities and events sponsored by the component institution that are in furtherance of and related to the educational, cultural, recreational, and athletic programs of the institution.

6.63 As a lower priority, the institutional rules and regulations may provide for reservation and use of Special Use Facilities by non-University individuals, groups, associations or corporations, without the necessity of joint sponsorship by the institution. The institution shall establish rates to be charged for the use of the facility that will, at a minimum, insure recovery of that part of the operating cost of the facility attributable directly or indirectly to such non-University use. If the non-University user charges those attending an event any admission or registration fee, or accepts donations from those in attendance, the institution shall require the user to make a complete account of all funds collected and of the actual cost of the event. If the funds collected exceed the actual cost of the event, the non-University user shall be required to remit such excess funds to the institution as an additional charge for the use of the Special Use Facility. (Amended 4/7/78)

6.64 Subject to all constitutional and statutory provisions relating to the use of state property or funds for religious or political purposes, and subject to Subsection 6.63, above, Special Use Facilities may be made available for religious and political conferences or conventions. Religious organizations applying for use of a Special Use Facility must submit written evidence from the Internal Revenue Service that the organization has been granted an exemption from taxation under Section 501(c)(3) of Title 26 of the United States Code [Internal Revenue Code]. Political organizations applying for use of a Special Use Facility must present written evidence that the organization had candidates for either state, district, or local offices listed on the ballot at the last general election. A religious or political organization shall be permitted to use a Special Use Facility only one time during a calendar year.

Sec. 7 Speech and Assembly.

7.1 Freedom of inquiry and discussion are basic and essential to intellectual development. Students have the right, therefore, to freedom of speech and assembly, subject to reasonable nondiscriminatory rules
6.62 Priority in the reservation and use of Special Use Facilities shall be given to activities and events sponsored by the component institution that are in furtherance of and related to the educational, cultural, recreational, and athletic programs of the institution.

6.63 As a lower priority, the institutional rules and regulations may provide for reservation and use of Special Use Facilities by non-University individuals, groups, associations or corporations, without the necessity of joint sponsorship by the institution. The institution shall establish rates to be charged for the use of the facility that will, at a minimum, insure recovery of that part of the operating cost of the facility attributable directly or indirectly to such non-University use. If the non-University user charges those attending any event any admission or registration fee, or accepts donations from those in attendance, the institution shall require the user to make a complete account of all funds collected and of the actual cost of the event. With the exception of Texas nonprofit corporations organized and operated for purposes, other than religious purposes, that qualify for exemption from taxation under Section 501(c)(3) of Title 26 of the United States Code (Internal Revenue Code), if the funds collected exceed the actual cost of the event, the non-University user shall be required to remit such excess funds to the institution as an additional charge for the use of the Special Use Facility.

6.64 Subject to all constitutional and statutory provisions relating to the use of state property or funds for religious or political purposes, and subject to Subsection 6.63, above, Special Use Facilities may be made available for religious and political conferences or conventions. Religious organizations applying for use of a Special Use Facility must submit written evidence from the Internal Revenue Service that the organization has been granted an exemption from taxation under Section 501 (c)(3) of Title 26 of the United States Code [Internal Revenue Code]. Political organizations applying for use of a Special Use Facility must present written evidence that the organization had candidates for either state, district, or local offices listed on the ballot at the last general election. A religious or political organization shall be permitted to use a Special Use Facility only one time during a calendar year.

Sec. 7 Speech and Assembly.

7.1 Freedom of inquiry and discussion are basic and essential to intellectual development. Students have the right, therefore, to freedom of speech and assembly, subject to reasonable nondiscriminatory rules
6.62 Priority in the reservation and use of Special Use Facilities shall be given to activities and events sponsored by the component institution that are in furtherance of and related to the educational, cultural, recreational, and athletic programs of the institution.

6.63 As a lower priority, the institutional rules and regulations may provide for reservation and use of Special Use Facilities by non-University individuals, groups, associations or corporations, without the necessity of joint sponsorship by the institution. The institution shall establish rates to be charged for the use of the facility that will, at a minimum, insure recovery of that part of the operating cost of the facility attributable directly or indirectly to such non-University use. If the non-University user charges those attending an event any admission or registration fee, or accepts donations from those in attendance, the institution shall require the user to make a complete account of all funds collected and of the actual cost of the event. If the funds collected exceed the actual cost of the event, the user shall be required to remit such excess funds to the institution as an additional charge for the use of the Special Use Facility.

6.64 Subject to all constitutional and statutory provisions relating to the use of state property or funds for religious or political purposes, and subject to Subsection 6.63, above, Special Use Facilities may be made available for religious and political conferences or conventions. Religious organizations applying for use of a Special Use Facility must submit written evidence from the Internal Revenue Service that the organization has been granted an exemption from taxation under Section 501(c)(3) of Title 26 of the United States Code [Internal Revenue Code]. Political organizations applying for use of a Special Use Facility must present written evidence that the organization had candidates for either state, district, or local offices listed on the ballot at the last general election. A religious or political organization shall be permitted to use a Special Use Facility only one time during a calendar year.

Sec. 7 Speech and Assembly.

7.1 Freedom of inquiry and discussion are basic and essential to intellectual development. Students have the right, therefore, to freedom of speech and assembly, subject to reasonable nondiscriminatory rules.
and regulations adopted by the System and/or the component institution.

7.11 "It shall be unlawful for any person knowingly or willfully to . . . advocate, abet, advise, or teach by any means . . . under such circumstances as to constitute a clear and present danger to the security of the United States, or of the State of Texas, or of any political subdivision of either of them . . ." (Texas Civil Statutes, Article 6889-3A, Sec. 5.)

7.12 Students who are candidates for public office or students appearing in the interest of a particular candidate or candidates for public office may be permitted the use of institution-owned facilities under the provisions of paragraphs 7.241 and 7.242 of this chapter.

7.2 Off-Campus Speakers. --The Board has and reserves the right to regulate the presentation of guest speakers on the campus who are unaffiliated with the System or any component institution thereof (hereafter referred to as off-campus speakers).

7.21 Only registered student organizations, faculty or staff organizations, System-owned dormitories, and Student Government may present off-campus speakers on the campus.

7.22 The organization sponsoring an off-campus speaker has the responsibility of making clear the fact that the organization, not the institution, is extending the invitation to speak and that any views the speaker may express are his own and not necessarily those of the System or of any component institution.

7.23 An off-campus speaker is subject to the Texas Civil Statutes as quoted in Section 7.11 of this chapter.

7.24 Registered student organizations, faculty or staff organizations, University-owned dormitories, and Student Government may be permitted the use of System-owned facilities to present off-campus speakers on campus pursuant to the facilities' use regulations promulgated by the component institution and subject to the requirement that each component institution must submit to the System Administration for approval as a part of its Institutional Handbook for Operating Procedures a copy of all applicable facilities' use regulations, and no facilities' use regulation shall have any force or effect until it has been approved by the President of the System and the Vice President and General Counsel for the System.

7.25 An application for the use of any System-owned facility must be made to the chief administrative officer, or his delegate, at least forty-eight hours before the time the event is scheduled to take place.

7.26 No person shall be permitted to speak on any campus of the System who is known to advocate or recommend, either orally or in writing, the conscious and deliberate violation of any federal, state, or local law.
7.27 No off-campus speaker who is to be paid from state funds as consideration for his or her speech shall be permitted to speak on the campus of any component institution of the System unless the university facility in which the speech is to be delivered will be open to the public, including members of the news media, who will be entitled to record, videotape, or telecast live portions of the speech. The provisions of this subdivision do not apply to classes, seminars, symposia, and conferences intended for the use and benefit of students, faculty, staff, and invited guests. No person may in any way obstruct or lessen in any way the opportunity for the audience to take the fullest advantage of the speech, including the opportunity to see and hear the speaker during the entire speech. The provisions of this subdivision apply prospectively from the date of its adoption by the Board.

Sec. 8 Off-Campus Student Housing.

8.1 Off-Campus Student Housing. --The component institutions of the System will not extend Approved Housing status to any student residential units except those directly operated by the System. Each student at a component institution will have free choice in the selection of his non-University-operated residential accommodations, subject to parietal rules.

Sec. 9 University Policy in Regard to Debts of Students.

9.1 Neither the System nor any component institution is responsible for debts contracted by individual students or by student organizations. On the other hand, all students and student organizations are expected to conduct themselves honorably in all commercial transactions. Neither the System nor any component institution will assume the role of a collection agency except for monies owed to the System or one of its component institutions, nor will the System nor any of its component institutions adjudicate disputes between students and creditors over the existence or the amounts of debts.

9.2 In the event of nonpayment to the System or one of its component institutions, one or more of the following actions may be taken: (a) a bar against readmission for the student, (b) withholding of the student's grades and official transcript, (c) withholding of a degree to which the student otherwise would be entitled.
Sec. 10 Anonymous Publications.

10.1 Anonymous publications are prohibited. Any student publishing or aiding in publishing, or circulating or aiding in circulating, any anonymous publication will be subject to discipline.

CHAPTER VII

THE SYSTEM PRIVATE-FUND DEVELOPMENT AND FOUNDATIONS

Sec. 1 The System Private-Fund Development.

1.1 Responsibilities of the Board and Administrative Officials of the System in Private-Fund Development.--

1.11 Among the most important responsibilities of the Board are those of establishing policies and procedures by which the developmental needs of the System and its component institutions can be determined and of directing vigorous efforts to attract private-fund support for meeting these needs.

1.12 The Chancellor is to serve as the Chief Executive Officer for Fund Development and as the agent of the Board for the discharge of development responsibilities.

1.121 The Chancellor shall define for the Board, at periodic intervals, descriptions of current and future needs, as determined by the institutional heads and System Administration, taking into account such needs as the System Development Advisory Council and each component institution development board may have recommended.

1.2 Responsibilities and Duties of the System Development Advisory Council:

1.21 The System Development Advisory Council is the group responsible for advising the Chancellor on all private-fund development for the System.

1.22 The System Development Advisory Council shall advise the Chancellor on policies to govern activities for cultivating and securing private funds for the System and its component institutions.

1.23 In the absence of unusual circumstances, no major private-fund development effort or decision, not covered by previously adopted regulations of the Board, shall be recommended by the Chancellor to the Board without prior advice thereon from the System Development Advisory Council and the component institution development board, which advice shall be transmitted to the Board.

VII - 1
The System Development Advisory Council shall have particular responsibility to advise the Chancellor with regard to:

1.241 The development, with the cooperation and assistance of each component institution development board, of the total private-fund needs of each component institution of the System.

1.242 The planning, coordination, and promoting, with the component institution development board, of support for both current and long-term programs to meet developmental needs of the System and its component institutions.

1.243 The development of continuing gift possibilities not related to predetermined projects.

1.244 The content of periodic progress reports from the Chancellor to the Board on the development plans and programs of the System.

1.245 Appropriate recognition of donors by the System or the institutional development boards.

1.246 The enlistment of the aid of numerous friends of the System and its component institutions in fund-development efforts, and the establishment of such committees and other groups as seem desirable in carrying out its program.

1.3 Composition and Operation of the System Development Advisory Council. --

1.31 The System Development Advisory Council membership shall consist of:

(1) The Chancellor of the System as Chairman.

(2) A member to be elected by each component institution development board. Initial appointments to the System Development Advisory Council shall draw lots providing for one-third of the total membership to serve for one, two, or three-year terms. All terms following the initial appointments to the committee will be a three-year term. All terms will officially begin on September 1.

1.32 The System Development Advisory Council shall cause accurate minutes of its proceedings to be kept, and shall file copies with the Secretary to the Board. It shall assist the Chancellor in the preparation of an annual evaluation report on the development function. This report shall be transmitted to the Board.
1.33 The System Development Advisory Council shall conduct its operations in accord with the policies and regulations of the Board, and shall make recommendations concerning policies through the Chancellor to the Board.

1.4 Development Executive Officer of the System.--
1.41 Within the Office of the Chancellor there may be appointed by the Chancellor the Executive Director for Development who shall be responsible to the Chancellor. He is subject to supervision, evaluation, and termination of employment by the Chancellor.

1.42 This Executive Director for Development shall have such staff and operating funds as shall be determined from time to time by budgets recommended by the Chancellor and adopted by the Board.

1.5 Finances.--Financial support of the System Development Advisory Council and the Executive Director for Development shall be provided exclusively by appropriation of the Board. Such appropriation will be made through established budgetary procedures. The Board may accept gifts designated for use by the System Development Advisory Council and may make such funds available for expenditure by said committee.

Sec. 2 The Development Board of a Component Institution for Private-Fund Development.

2.1 With the approval of the institutional head, the Chancellor, and the Board of Regents, any component institution may have a development board dedicated to its own unique interests. Such a development board is the agency responsible through the institutional head to the Chancellor, and through him to the Board of Regents, for all private-fund development for that component institution. Each component institution development board shall determine its development needs and shall direct the formulation of plans and the promotion of support for its programs.

2.2 Responsibilities and duties of the component institution development boards:
2.21 The component institution development board is the agency responsible to the institutional head of each institution for all private-fund development for that institution.

2.22 The component institution development board shall recommend through the institutional head and the Chancellor to the Board of Regents the approval of current and long-range policies which shall govern activities and responsibilities in cultivating and securing private funds for the institution.
The component institution development board shall have responsibility:

2.231 For studying and developing total development needs of the component institution.

2.232 For coordinating and formulating plans and actively promoting support for both current and long-range programs to meet the developmental needs of the component institution.

2.233 For developing gift possibilities not related to predetermined projects.

2.234 For periodic reports of progress to the institutional head and the Chancellor on the plans and programs of the component institution development board. It is expected that a continuing program of the component institution will include collection and dissemination of information regarding gifts and endowments.

2.235 At periodic intervals, the institutional head shall lay before his development board descriptions of current development needs.

2.3 Composition and Operation of the Component Institution Development Board:

2.31 The component institution development board shall consist of not more than 25 appointed members, and these shall be recommended and appointed by the institutional head of each component institution with prior specific written approval of the Chancellor and the Board of Regents. Initial appointments to the component institution development board shall draw lots providing for one-third of the total membership to serve for one, two, or three-year terms. All terms following the initial appointment of the board will be for a three-year term. All terms shall officially begin on September 1. At least one member shall be nominated by the ex-students' association of that institution. The institutional head and the Chancellor (or his delegate) shall be ex-officio members with voting privileges. The component institution development board will elect a Chairman and such other officers as are appropriate from among its membership.

2.32 The component institution development board shall elect a representative from its membership to the System Development Advisory Council for a three-year term except as specified in paragraph 1.31(2). This representative may serve on the System Development Advisory Council only so long as he is a member of the component institution development board.
2.4 General Policies of the Component Institution Development Boards:
2.41 A component institution development board shall seek to enlist the aid of numerous friends of the institution in fund-development efforts, and may establish such committees and other groups as seem desirable in carrying out its program.
2.42 A component institution development board shall serve the individual component institution of the System to coordinate and assist in the plans and programs of that component institution with consideration of development interests of all component institutions in the System.
2.43 A component institution development board will work closely with the internal foundations of the component institutions. No internal foundations shall be established or continued in existence except with the approval of the Chancellor and the Board of Regents. The institutional head of each component institution shall be responsible for stimulating, guiding, and assisting the component institution development board and internal foundations of the component institution he heads and he may require suitable annual reports from each. All such activities shall be coordinated through the office of the institutional head and the director of the component institution development board.
2.44 From time to time, special campaigns for specific objectives may be conducted, with or without the assistance of private fund-raising counsel. Such campaigns may originate upon recommendation by the Board of Regents, the System Development Advisory Council, the Chancellor, the institutional head with the concurrence of the Chancellor, or the component institution development board. No such campaign shall be authorized or undertaken, however, until the Chancellor has advised the Board of Regents of his approval or disapproval and the campaign has been approved by the Board of Regents.
2.45 Notwithstanding the provisions hereof conferring authority upon and placing responsibility with the Chancellor for fund development and fund raising, it is understood that ex-students' associations of the System component institutions may engage in fund raising for their own support through dues and payments for memberships, both annual and life. However, it is expected that no such ex-students' association will sponsor or participate in any other organized fund-raising effort without first consulting and advising with the institutional head and the Chancellor, and then receiving the approval of the Board of Regents.
2.46 The component institution development boards shall make recommendations to the System Development Advisory Council regarding the appropriate recognition of donors.

2.5 Executive Office of a Component Institution Development Board:

2.51 Within the office of the institutional head there may be appointed by the institutional head, with the approval of the Chancellor, an executive director of the component institution development board. He is to be charged solely with fund-development activity, and subject to supervision, evaluation, and termination of employment by the institutional head.

2.52 The executive director of the component institution development board shall have such staff and such operating funds as shall be determined from time to time by budgets recommended by the institutional head, endorsed by the Chancellor, and adopted by the Board of Regents. Duties of staff members shall be established by the executive director.

2.6 Finances.--Financial support of the component institution development board and the executive director shall be provided exclusively by the budget of the institution. Such budgets will be made through established budgetary procedures. The Board of Regents may accept gifts designated for use by the component institution development board and may make such funds available for expenditure by said board.

Sec. 3 Foundations -- The following policies shall govern the creation and administration of foundations:

3.1 Internal Foundations:

3.11 The establishment of internal foundations shall be limited to teaching and research divisions of the component institutions of the System. This is not in any sense to be construed as excluding nonteaching and nonresearch divisions from seeking support from private sources through the component institution development boards as the authorized agencies for correlating all fund-raising activities.

3.12 The establishment of foundations for other than component institutions, colleges, or schools shall be limited to divisions and departments with respect to which it can be clearly demonstrated that there exists, actually or potentially, the support of a strong business or professional group, the activities of which will not be in substantial conflict with the foundation
which represents the school or college of which the division or department is a part. It is believed that divisions and departments which cannot meet these tests may effectively work as separate groups within the framework of the foundation which represents this school or college. The provisions now existing for the designation of special funds to be used for specific activities should continue within the framework of the various foundations. This opportunity to earmark funds obtained by specific groups should help to avoid stifling the interest and initiative of these groups.

3.13 Any foundation in addition to those now existing shall be authorized by the Board of Regents only after approval by the Chancellor.

3.14 The work of all internal foundations shall be considered a part of the work of the component institution development boards. It is the duty of the System Development Advisory Council and the component institution development boards to cooperate with such foundations at all times and to stimulate their efforts by counsel, by personal contacts and by providing promotional materials. Further, the foundations shall report periodically to the Chancellor through the component institution development boards. Every effort should be made to permit a free range of initiative within the foundations, but activities should be in conformity with policies of the Board of Regents so as to permit maximum overall achievements in fund raising throughout the System.

3.15 There should be periodic reviews of the activities of each foundation to determine its effectiveness; and, if it is unproductive over a reasonable length of time, provisions should be made for its dissolution.

3.16 There shall be established, wherever practical, advisory councils to the foundations. The executive director of each component institution development board shall be an ex-officio nonvoting member of each such advisory council.

3.17 The presently authorized internal foundations are:

MISCELLANEOUS

Sec. 1 Naming of Buildings and Other Facilities.--Buildings and other facilities (including laboratories and clinics) of the System and its component institutions shall not be named in honor of any person until such person shall have been dead at least five years and a nomination accompanied by reasons shall have been received by the Board from the institutional faculty; provided, however, that the Board may act without receiving a nomination from the institutional faculty when unusual circumstances justify such action and particularly when a substantial donation has been made toward the construction of the building or facility to be named.

Sec. 2 Flags at Half Mast.--Flags at any of the component institutions of the System shall be placed at half mast on the death of a Regent, the death of a member of the teaching or nonteaching staff, the death of a student in residence at the institution, or at such other times as may be deemed appropriate by the institutional head.

Sec. 3 Medical and Hospital Services.--No medical or hospital services shall be provided by any component institution of the System to any person without compensation or reimbursement to the System, except that in the case of hospitals operated by the System, which under the law are open to the general public, free or partly free medical and hospital services may be rendered to persons who are indigent and who are able to offer proof that they are not financially able to pay either all or any part of their hospital or medical expense.

In the health components, full-time faculty in clinical services meeting the (Amended American Medical Association definitions of primary care may accept patients for acute or continuing, or both, care without referral by another physician or agency if the patients certify that they have no primary physicians. The patients are accepted for total and continuing care including the obligation to obtain the services of other physicians when indicated.

Full-time faculty in nonprimary care clinical services may accept patients upon the referral of a duly licensed physician, dentist, or governmental agency or for the purpose of presenting testimony before any administrative or judicial tribunal. The referral source should be documented in the patients' records.

This referral policy shall not apply to patients with emergency conditions, or to employees or students of UT component institutions.
Sec. 4  Institutions and Entities Composing the System. — The System is composed of the component institutions and entities set forth below in paragraphs 4.1 et. seq.; and such other component institutions and activities as may from time to time be assigned to the governance, control, jurisdiction, or management of the Board of the System. CHAPTER IX

ENACTMENT AND AMENDMENT

Sec. 1 Repeal of Existing Rules in Conflict Herewith.

1.1 All rules, regulations, orders, and resolutions heretofore enacted by the Board which are in conflict with these Regents' Rules and Regulations are hereby repealed.

Sec. 2 Format for Rules.

2.1 The Regents' Rules and Regulations for the government of the System apply to and govern the Board and all employees and agencies directly under its control, the Chancellor, the President of the System, the System Administration of The University of Texas System, and the component institutions comprising The University of Texas System.

2.2 These Regents' Rules and Regulations are organized in two parts. Part One shall, in general, contain all rules and regulations other than those of a fiscal nature. Part Two shall consist of the fiscal rules and regulations of the Board.

Sec. 3 Official Copies.

3.1 The official copies of the Regents' Rules and Regulations and the Handbook of Operating Procedures for each component institution of the System shall be maintained on file in the Office of the Board.

3.2 Copies of these Regents' Rules and Regulations and of the Handbooks of Operating Procedures shall be furnished to members of the Board and such other persons and offices as the Board shall designate.

Sec. 4 Amendment of Rules and Regulations. --The rules and regulations contained herein may be added to or amended by a majority of all of the members of the Board at any regular meeting or at any special meeting called for that purpose.
Sec. 5 Distribution of Amendments. —After any change in these Regents' Rules and Regulations, the Secretary to the Board shall conform the Official Copies and shall send corrected pages containing such changes for substitution in copies in the possession of members of the Board, administrative officers, or others on an official list in the Office of the Secretary to the Board.

Sec. 6 Endowment of Academic Positions.

6.1 No endowment will be established or announced and no appointment made to an endowed academic position without prior approval by the Board.

6.2 No negotiations or commitments implying the establishment of the endowment of an academic position will be undertaken by any faculty member or officer of the component institution until the proposal has been formally approved by the chief administrative officer.

6.3 Recommendations to the Board concerning acceptance of gifts for endowment of academic positions will be made through the President of the System in the dockets of the several institutions or System Administration or in special reports by the President of the System to the Board. Before the final action of the Board, such recommendations will be referred to the Land and Investment Committee as to fiscal arrangements and to the Academic and Developmental Affairs Committee as to policy.

6.4 The four categories of endowed and named academic positions are: Chairs, Professorships, Visiting Professorships, and Lectureships, and requirements for same are:

6.41 Endowed Chairs. The endowed chair will be established with a minimum of $500,000 or the equivalent in annual contributions arranged according to agreements recommended by the President of the System and approved by the Board. Grants of $400,000 already under contractual agreement for the future, bequests included in wills made prior to January 25, 1975 and other prior bona fide arrangements for $400,000 endowment of chairs are excepted in this regulation. The component institution will pay from its funds such amounts as are necessary to set the salary of the occupant at a level commensurate with his or her record, experience, and position in the faculty. The endowment will be used both for salary supplementation and for other professional support of the holder of the chair, including assistance in his research.
6.42 Endowed Professorships. The endowed professorship will be established with a minimum of $100,000 or the equivalent in annual contributions arranged according to agreements recommended by the President of the System and approved by the Board. Income from endowment will be used chiefly to supplement the salary of the occupant of the professorship but will be available for other professional support, including assistance in his research.

6.43 Visiting Professorships. The endowment of the visiting professorship specifies that such positions must be funded with a minimum endowment of $50,000. Such appointments will be given to distinguished scholars who are in temporary residence at the component while participating in planned academic programs.

6.44 Endowed Lectureships. The endowed lectureship will be established with a minimum of $20,000 and within a range of $20,000 and $100,000, with the provision that all such lectureships for which bona fide arrangements are in negotiation are excluded from this regulation. The lectureship will be considered a temporary appointment, usually given to a visiting scholar during temporary residence at the institution where the lectureship is established. Other emoluments for such visiting lectureships may be provided the visiting scholar through regular budgetary procedures, but no visiting lecturer will be remunerated from two or more lectureship endowments.

Sec. 7 Acceptance of Small Gifts. -- The Board welcomes contributions, both large and small, in aid of the educational purposes of its various component institutions. Because of the high, and mounting, costs involved in the continued maintenance and servicing of individual accounts, practicality requires the establishment of policies with respect to the acceptance of gifts made for the establishment of permanent endowment funds. Accordingly, the following guidelines are hereby adopted with respect to the establishment hereafter of permanent endowment funds:

7.1 No gift of less than $10,000 will be accepted as a separate permanent endowment.

7.2 Any limitation shall not be applied to gifts already received, but all gifts accepted after October 20, 1972, are subject to the ensuing provisions:

7.21 Should the Board determine at any time that the fund is not of sufficient size, and has no foreseeable prospects of growing to sufficient size to justify the continuing costs of maintenance of such fund as a separate fund, then in the Board's
discretion the principal of such fund may be expended for or otherwise devoted to the accomplishment, as near as may be possible, of the purposes for which the fund was established. A permanent register of Memorial Gifts shall be maintained at each component institution to record gifts, or where the gift or donation is not specifically directed to a component, the register shall be maintained by System Administration.
