Sec. 13. Chief Administrative Officers of Component Institutions.

13.1 The Board selects the chief administrative officer of each component institution.
13.11 When there is a vacancy or it is known that there is to be a vacancy in the office of a chief administrative officer of a component institution having faculty and students and the Board does not have candidate(s) from
recent searches at other component institutions, from within the U. T. System, and/or of national prominence from outside the U. T. System to advance for consideration, an Advisory Committee shall be established to recommend candidates to the Board. The Executive Vice Chancellor having responsibility for the operation of the institution where the vacancy has occurred or is to occur shall be chairman of the Advisory Committee. In circumstances where this Executive Vice Chancellor may be a candidate for the office, the chairman of the Advisory Committee shall be the Chancellor or the Chancellor's designee. In addition to the chairman, committee membership is as follows:

The Chancellor;

Two Chief Administrative Officers;

(to be appointed by the Chairman of the Board from two of the component institutions)

Two Regents;

(to be appointed by the Chairman of the Board)

Three Faculty members of the institution involved, at least two of whom shall have the rank of associate professor or higher; (method of selection to be determined by the General Faculty of the campus)

One Dean;

(for academic institutions to be selected by Dean's Council of the institution involved)

(for health-related institutions to be the
Dean of the Medical School involved or in the absence of that position a senior representative of the teaching program of the component selected by the chief administrative officer

Two Students from the institution involved; (method of selection to be determined by the Student Government of the campus involved or, if there be no Student Government, by the chief administrative officer of the institution; if the component does not have students, this category of representation shall be omitted)

President of the Ex-Students’ Association of the campus involved; (if institution does not have an active alumni organization, then an alumnus of the component selected by the Chairman of the Board of Regents; if the component does not have degree granting authority, this category shall be omitted)

Two non-faculty employees of the institution involved, one in a classified position and one in an administrative position; (to be selected by the chief administrative officer or
in accordance with institutional procedures approved by the chief administrative officer)

Not more than two representatives of the component's external constituency who have demonstrated a deep interest in and support of the institution, its programs and its role in community activities to be appointed by the Chairman of the Board of Regents. Where a component institution has a statewide mission; special area programmatic relationships or partnerships with junior or community colleges, private universities or public schools, business/corporate entities, community or public service agencies; or other unique constituencies, the Chairman of the Board of Regents may appoint an additional representative.

Campus constituent groups with responsibility for selection of Advisory Committee representatives are expected to consider diversity, particularly as it relates to minority and female representation. Unless there are unusual delays in faculty, staff or student representative selection which postpone initiation of the committee process, the Chairman of
the Board will make his or her appointments to the Advisory Committee after campus selections in order to maximize the prospect that the total committee composition reflects diversity.

13.12 The Advisory Committee shall set up selection criteria that relate to the needs of the individual component, initiate mechanisms to develop an appropriate candidate pool, seek information on the several candidates and inquire from competent sources as to the candidates' academic, administrative and business ability. The Committee may also interview candidates as a part of its selection process keeping in mind that the confidentiality of the process is important to its ultimate success.

13.13 Finally, the Advisory Committee shall submit, through its Chairman, a recommended list of not less than five or more than ten candidates with no preference indicated. Candidates submitted shall have received a majority vote of the Committee. The recommended list should be developed and submitted without regard to the Advisory Committee's assessment of the potential availability of any candidate. If none of the names submitted in the report of the Advisory Committee is satisfactory to the Board, then the Board in its discretion may either name a new committee or proceed to select a chief administrative officer under such other procedures as in its discretion it may deem proper and appropriate.

13.14 When the Board has candidate(s) from recent searches at other component institutions, from within the U. T. System, and/or of national prominence from outside the U. T. System to advance for consideration, the Chairman of the Board of Regents shall appoint a Special Committee to provide the Board of Regents with advice and evaluation
consistent with that usually provided by an Advisory Committee. The Special Committee shall be composed as specified above for the Advisory Committee but will not include members of the Board of Regents. The advice of the Special Committee shall be provided to the Board through the appropriate Executive Vice Chancellor and the Chancellor. The Special Committee shall not extend its consideration beyond those nominees referred to it by the U. T. Board of Regents without specific concurrence from the Board.

13.2 Each chief administrative officer reports to and is responsible to the Executive Vice Chancellor having responsibility for the institution, and serves without fixed term, subject to the pleasure of the appropriate Executive Vice Chancellor and approval by the Chancellor and the Board. The chief administrative officer has access to the Chancellor and is expected to consult with the appropriate Executive Vice Chancellor and the Chancellor on significant issues on an as needed basis.

13.3 Within the policies and regulations of the Board, and under the supervision and direction of the Executive Vice Chancellor having responsibility for the institution, the chief administrative officer has general authority and responsibility for the administration of that institution.

13.31 Specifically, the chief administrative officer is expected, with the appropriate participation of the staff, to:
13.311 Develop and administer plans and policies for the program, organization, and operation of the institution.
13.312 Interpret the System policy to the staff, and interpret the institution's programs and needs to the System Administration and to the public.
13.313 Develop and administer policies relating to students, and where applicable, to the proper management of services to patients.

13.314 Recommend appropriate operating budgets and supervise expenditures under approved budgets.

13.315 Nominate all members of the faculty and staff, maintain efficient personnel programs, and recommend staff members for promotion, retention, or dismissal for cause.

13.316 Insure efficient management of business affairs and physical property; recommend additions and alterations to the physical plant.

13.317 Serve as presiding officer at official meetings of faculty and staff of the institution, and as ex officio member of each college or school faculty (if any) within the institution.

13.318 Appoint, or establish procedures for the appointment of, all faculty, staff, and student committees.

13.319 Cause to be prepared and submitted to the appropriate Executive Vice Chancellor the rules and regulations for the governance of the institution. When such rules and regulations have been finally approved by the Chancellor or appropriate Executive Vice Chancellor, they shall thereafter constitute the Handbook of Operating Procedures for that institution. Provided, however, that whether or not finally approved by the Chancellor, any rule or regulation in any such institutional Handbook of Operating Procedures that is in conflict with...
any rule or regulation in the Regents' Rules and Regulations, is null and void and has no effect, and whenever any such conflict is detected, the Chancellor and the chief administrative officer of the component institution shall immediately make such amendments to the institutional Handbook of Operating Procedures as may be necessary to eliminate such conflict.

13.31(10) Assume initiative in developing long-range plans for the program and physical facilities of the institution.

13.31(11) Assume active leadership in developing private fund support for the institution in accordance with policies and procedures established in the Regents' Rules and Regulations.

Sec. 14. Appointment of Other Officers and Staff.

14.1 The Board delegates to the Chancellor and the Executive Vice Chancellor having responsibility for the institution and they, in turn, delegate to the chief administrative officer of each component institution the responsibility for the appointment and dismissal of all other administrative officers of each component institution, including vice presidents, deans, directors and their equivalents. However, prior approval of the appropriate Executive Vice Chancellor shall be necessary for each such permanent or acting appointment and for each such dismissal whether from a permanent or acting appointment. All such other administrative officers serve without fixed terms and subject to the pleasure of the chief administrative officer of the institution and the aforesaid approval of the Executive Vice Chancellor.
14.2 The Board delegates to the Chancellor and the Executive Vice Chancellor having responsibility for the institution and they, in turn, delegate to the chief administrative officer of each component institution the responsibility for the permanent or acting appointment of department chairmen, department heads, and their equivalents. Such department chairmen, department heads and their equivalents serve without fixed terms and subject to the pleasure of the chief administrative officer of the institution.

14.3 The Board endorses the principle of reasonable faculty and student consultation in the selection of administrative officers of the component institutions, and the primary operating units, and expects the chief administrative officer, as he or she deems appropriate, to consult in the selection process with the representatives of the faculty and student body. However, the chief administrative officer of the component institution is responsible for executing the duties of the office and consequently shall not be bound by nominations to administrative positions by campus selection committees, and the Handbook of Operating Procedures of each component institution shall so state.

14.4 Honorary Titles.
The titles Chancellor Emeritus, President Emeritus and similar honorary designations shall be conferred only by appropriate action of the Board on individuals who are fully retired. No person is authorized to use any such title unless it has been bestowed by the Board.
actions with regard to reappointment, promotion, or salary shall be the responsibility of the next highest administrative supervisor. It shall also be the responsibility of the next highest administrator to make a written review of the work performance of such employee at least annually and submit each review for approval or disapproval by the component institution's Personnel Director in the case of classified employees or the chief administrative officer in the case of faculty or nonclassified employees.

5.32 If the appointment, reappointment, or promotion of a person places him or her in an administrative or supervisory position with responsibility to approve, recommend or otherwise act with regard to the appointment, promotion, or salary of a person who is related to them within the degree prohibited by Article 5996a, all subsequent actions regarding the reappointment, promotion, or salary of such person shall be made by the next highest administrator or supervisor at the component institution or The University of Texas System.

5.33 It shall be the responsibility of the administrator or supervisor acting pursuant to Subsection 5.31 or 5.32 to make a written review of the work performance of such person at least annually and to submit such review to the next highest administrator or supervisor at the component institution or The University of Texas System.

5.34 The provisions of Subsection 5.31 shall apply to situations where two employees of the System marry and one spouse is the administrative supervisor of the other.

5.35 All situations covered by Subsection 5.31 shall be reported annually through the institution's docket or with the annual operating budget.

Editorial Amendment
Issued July 1992
evidence and reconsidering its findings, recommendations, and suggestions, if any. Reasons for approval, rejection, or amendment of such findings, recommendations, or suggestions will be stated in writing and communicated to the accused.

Nontenured faculty members who are notified in accordance with Subsection 6.7 that they will not be reappointed or who are notified in accordance with Subdivision 6.23 or Subsections 6.7 or 6.8 that the subsequent academic year will be the terminal year of appointment shall not be entitled to a statement of the reasons upon which the decision for such action is based. Such a decision shall be subject to review only to determine whether the decision was made for reasons that are unlawful under the laws or Constitution of this state or the United States. A review may be granted only in those cases where the affected faculty member submits a written request for a review to the chief administrative officer that describes in detail the facts relied upon to prove that the decision was made for unlawful reasons. If the chief administrative officer determines that the alleged facts, if proven by credible evidence, support a conclusion that the decision was made for unlawful reasons, such allegations shall be heard under the procedures in Subsection 6.3 as in the case of dismissal for cause, with the following exceptions:

1. the burden of proof is upon the affected faculty member to establish by the greater weight of the credible evidence that the decision in question was made for reasons that are unlawful under the laws or Constitution of this state or the United States;
(2) the administration of the institution need not state the reasons for the questioned decision or offer evidence in support thereof unless the affected faculty member presents credible evidence that, if unchallenged, proves the decision was made for unlawful reasons;

(3) the hearing tribunal shall make written findings and recommendations based on the evidence presented at the hearing and shall forward such findings and recommendations with the transcript and exhibits from the hearing to the chief administrative officer;

(4) the chief administrative officer may approve, reject, or amend the recommendations of the hearing tribunal or may reach different conclusions based upon the record of the hearing. The decision of the chief administrative officer shall be final.
6.(10) Each faculty member shall keep the chief administrative officer of the component institution or his or her delegate notified of his or her current mailing address. The written notice required by Section 6.23, 6.7, or 6.8 shall be sent by certified mail, return receipt requested, to the last address given by the faculty member.

6.(11) The chief administrative officer of a component institution has the responsibility for determining when to eliminate occupied academic positions, the titles of which are given in Subsection 1.8 of this Chapter, or abandon academic programs or both, subject to approval by the appropriate Executive Vice Chancellor. The decision of the chief administrative officer and the implementation of that decision shall be subject to the following minimum procedural requirements:

6.(11)1 An academic program under consideration for abandonment or an academic position that is under consideration for elimination for bona fide academic reasons should be reviewed in depth through procedures determined by the chief administrative officer;

6.(11)2 Tenured faculty in a program that is under consideration for abandonment or in an academic position that is under consideration for elimination will be notified and afforded an opportunity to contribute to the review process and have those contributions fairly considered;

6.(11)3 Upon completion of the review process, a recommendation with supporting rationale should be submitted to the academic vice president for review and recommendation to the chief administrative officer;

6.(11)4 If the chief administrative officer determines that an academic program should be abandoned or that one or more academic positions occupied by tenured faculty should be eliminated, or both, a request for approval with supporting documentation should be forwarded to the appropriate Executive Vice Chancellor;
6.(11)5 The date for abandoning or phasing out an academic program should take into consideration the time required for anticipated completion by students currently enrolled or to facilitate their placement in acceptable alternative programs;

6.(11)6 The administration will notify tenured faculty in a program to be abandoned or in an academic position that is to be eliminated and ask each faculty member to inform the chief administrative officer or designee in writing of the faculty member's request for reassignment to other academic program(s) and to provide details of the faculty member's qualifications to teach in such academic program(s);

6.(11)7 The chief administrative officer or designee will meet individually with tenured faculty who respond to discuss possible employment alternatives to termination;

6.(11)8 If the decision is not to retain, the chief administrative officer or designee will send a written response stating reasons for not retaining the tenured faculty member;

6.(11)9 If retention of a tenured faculty member results in displacement of a tenured faculty member in another area, the displaced faculty member is entitled to above procedures;

6.(11)10 Any faculty member whose employment is terminated pursuant to this Subsection shall be informed of applicable benefits available upon termination, such as retirement, accrued leave and opportunity to continue insurance coverage;

6.(11)11 U. T. System components should provide appropriate assistance to affected faculty members concerning available alternative employment opportunities.

6.(12) When such reductions are necessary as a result of financial exigency, the procedure for the selection and notification of those academic positions that are to be terminated shall be governed by this Section,
and neither the procedures specified in Subsection 6.3 of this Chapter nor the notice requirements of Subsections 6.23, 6.7, and 6.8 of this Chapter shall be applicable.

6.(12)1 Upon determining the existence of a financial exigency and the need to reduce academic positions or academic programs, or both, the chief administrative officer shall appoint a committee composed of faculty and administrative personnel to make recommendations to the chief administrative officer as to which academic positions and/or academic programs should be eliminated as a result of the financial exigency.

U. T. Board of Regents - Regents' Rules and Regulations,
Part One: Amendments to Chapter III, Section 6, Subsec­
tion 6.3, Subdivision 6.35 and Subsection 6. (11) (Tenure,
Promotion, and Termination of Employment).--Upon recom­
mendation of the Academic Affairs and Health Affairs
Committees, the Board amended the Regents' Rules and
Regulations, Part One, Chapter III, Section 6 (Tenure,
Promotion, and Termination of Employment) as set forth
below:

a. Subdivision 6.35 of Subsection 6.3 was amended to
read as follows:

6.35 Nontenured faculty members who are noti­
fied in accordance with Subsection 6.7
that they will not be reappointed or who
are notified in accordance with Subdi­
vision 6.23 or Subsections 6.7 or 6.8 that
the subsequent academic year will be the
terminal year of appointment shall not be
entitled to a statement of the reasons
upon which the decision for such action
is based. Such a decision shall be sub­
ject to review only to determine whether
the decision was made for reasons that
are unlawful under the laws or Constitu­
tion of this state or the United States.
A review may be granted only in those
cases where the affected faculty member
submits a written request for a review to
the chief administrative officer that
describes in detail the facts relied upon
to prove that the decision was made for
unlawful reasons. If the chief adminis­
trative officer determines that the
alleged facts, if proven by credible evi­
dence, support a conclusion that the
decision was made for unlawful reasons,
such allegations shall be heard under the
procedures in Subsection 6.3 as in the
case of dismissal for cause, with the
following exceptions:
(1) the burden of proof is upon the
affected faculty member to
establish by the greater weight
of the credible evidence that
the decision in question was
made for reasons that are unlaw­
ful under the laws or Constitu­
tion of this state or the United
States;
(2) the administration of the institution need not state the reasons for the questioned decision or offer evidence in support thereof unless the affected faculty member presents credible evidence that, if unchallenged, proves the decision was made for unlawful reasons;

(3) the hearing tribunal shall make written findings and recommendations based on the evidence presented at the hearing and shall forward such findings and recommendations with the transcript and exhibits from the hearing to the chief administrative officer;

(4) the chief administrative officer may approve, reject, or amend the recommendations of the hearing tribunal or may reach different conclusions based upon the record of the hearing. The decision of the chief administrative officer shall be final.

b. Subsection 6.(11) was amended to read as follows:

6.(11) The chief administrative officer of a component institution has the responsibility for determining when to eliminate occupied academic positions, the titles of which are given in Subsection 1.8 of this Chapter, or abandon academic programs or both, subject to approval by the appropriate Executive Vice Chancellor. The decision of the chief administrative officer and the implementation of that decision shall be subject to the following minimum procedural requirements:

6.(11)1 An academic program under consideration for abandonment or an academic position that is under consideration for elimination for bona fide academic reasons should be reviewed in depth through procedures determined by the chief administrative officer;

6.(11)2 Tenured faculty in a program that is under consideration for abandonment or in an academic position that is under consideration for elimination will be notified and afforded an opportunity to contribute to the review process and have those contributions fairly considered;

6.(11)3 Upon completion of the review process, a recommendation with supporting rationale should be submitted to the academic vice president for review and recommendation to the chief administrative officer;
6. (11)4 If the chief administrative officer determines that an academic program should be abandoned or that one or more academic positions occupied by tenured faculty should be eliminated, or both, a request for approval with supporting documentation should be forwarded to the appropriate Executive Vice Chancellor;

6. (11)5 The date for abandoning or phasing out an academic program should take into consideration the time required for anticipated completion by students currently enrolled or to facilitate their placement in acceptable alternative programs;

6. (11)6 The administration will notify tenured faculty in a program to be abandoned or in an academic position that is to be eliminated and ask each faculty member to inform the chief administrative officer or designee in writing of the faculty member's request for reassignment to other academic program(s) and to provide details of the faculty member's qualifications to teach in such academic program(s);

6. (11)7 The chief administrative officer or designee will meet individually with tenured faculty who respond to discuss possible employment alternatives to termination;

6. (11)8 If the decision is not to retain, the chief administrative officer or designee will send a written response stating reasons for not retaining the tenured faculty member;

6. (11)9 If retention of a tenured faculty member results in displacement of a tenured faculty member in another area, the displaced faculty member is entitled to above procedures;

6. (11)10 Any faculty member whose employment is terminated pursuant to this Subsection shall be informed of applicable benefits available upon termination, such as retirement, accrued leave and opportunity to continue insurance coverage;

6. (11)11 U. T. System components should provide appropriate assistance to affected faculty members concerning available alternative employment opportunities.
2. The amendments to Subdivision 6.35 clarify that appeals of institutional decisions related to nonreappointment of nontenured faculty are limited to allegations of reasons unlawful under the state or federal laws and constitution. Additionally, the amendments provide that the decision of the chief administrative officer, reached following recommendation by the hearing tribunal, is final.

The amendments to Subsection 6.(II), which provide the minimum procedural requirements for academic program and/or position reduction not resulting from financial exigency, comply with a recent decision of the Fifth Circuit Court of Appeals.

U. T. Arlington: Authorization to Establish Master of Science and Doctor of Philosophy Degrees in Environmental Science and Engineering and to Submit the Degree Programs to the Coordinating Board for Approval (Catalog Change).—The Board, upon recommendation of the Academic Affairs Committee, established Master of Science and Doctor of Philosophy degrees in Environmental Science and Engineering at The University of Texas at Arlington and authorized submission of the proposals to the Texas Higher Education Coordinating Board for approval.

The Master of Science and Doctor of Philosophy in Environmental Science and Engineering programs are multidisciplinary and will require entering students to have a solid background in science and/or engineering. The new master's and doctoral degrees will be administered through the Graduate School with a Committee on Graduate Studies for Environmental Science and Engineering to be composed of faculty from the principal participating departments in the Colleges of Science and Engineering and the School of Urban and Public Affairs.

The master's degree will require a minimum of 27 hours of course work plus six hours of thesis or 33 hours of course work and 3 hours for a research project and report. The master’s degree is expected to be the professional terminal degree for persons seeking applied work in the public and private sectors. The doctoral degree will have a basic requirement for 30 hours of course work beyond the master's level preparation plus the research for and defense of the dissertation, will prepare students for careers in research in academic, industry, and government settings as well as for management and policy supervision at the highest levels.

A need exists for environmental specialists in both the private and public sectors. Every manufacturing facility, regardless of whether it is a "dirty" industry or a so-called "clean" industry, is faced with the disposal or recycling and reuse of waste products and will have a need for either an environmental division or environmental consultants. State, local and federal government entities responsible for environmental regulation and economic development will require a large number of environmental specialists.

U. T. Arlington currently offers both master's and doctoral degrees in civil engineering, biology, chemistry, and public affairs and a master’s degree in geology. The interdisciplinary program uses faculty and courses from these existing programs. U. T. Arlington has the structure necessary for successfully administering a master's

7.373 Submitting periodic reports to the Executive Vice Chancellor for Business Affairs concerning the Office of Finance.

The foregoing action redesignates the head of the U. T. System investment operations as a vice chancellor and is intended to signify a more continuing and direct involvement of the vice chancellor with the portfolio investment programs of the U. T. System.

In keeping with the concentration on the importance of the investment function, the basic cash management/treasury functions and the direct responsibility for debt service administration and bonding programs are reassigned to the Executive Vice Chancellor for Business Affairs and in the functional transfer it is specified that the appropriate involvement of the Vice Chancellor for Asset Management be continued.
U. T. Board of Regents - Regents' Rules and Regulations, Part One: Amendments to Chapter II, Section 12, Subsection 12.1, Subdivision 12.11 (Chief Administrative Officers of Component Institutions).—Chairman Beecherl called the Board's attention to the special item related to proposed amendments to the Regents' Rules and Regulations, Part One, Chapter II, Section 12, Subsection 12.1, Subdivision 12.11 regarding both the composition of and the process for appointments to the Advisory Committee for the Selection of a President. He noted that the proposed recommendations, which were finalized after the Material Supporting the Agenda was prepared and were before the Board on yellow paper, resulted from the Board's experience with The University of Texas at Arlington presidential search process and discussions among Regent Holmes, Regent Temple, and himself. Chairman Beecherl then called on Regent Holmes for his comments.

Regent Holmes expressed appreciation to a number of individuals from the Dallas area who were present at the meeting and who had discussed the composition of the Advisory Committee for the Selection of a President for U. T. Arlington with him. He noted that several individuals had expressed concern that no African-Americans were on the search committee, and he reassured those individuals that there was no deliberate intention to exclude African-Americans from the makeup of that committee. He pointed out that the total composition of the committee was not known until after it was formed. Regent Holmes indicated that he had conveyed this concern to Chairman Beecherl and had come up with an amendment to the Regents' Rules and Regulations which would prevent this from happening in the future. He noted that the proposed amendments would (1) add representation of two nonfaculty employees to an advisory committee and at the option of the Chairman of the Board of Regents one external representative to provide a balance of input from major constituents in the advisory process and (2) include a U. T. Board of Regents' request that campus constituent groups consider diversity in selecting representatives and commits the Chairman to make his or her appointments after campus selections in order to further maximize potential for diversity in advisory committee composition. The amendment would increase the size of the advisory committee from a maximum of 15 to a maximum of 18 representatives.

Following a detailed discussion and upon motion of Regent Holmes, seconded by Regents Rapoport and Temple, the Board amended the Regents' Rules and Regulations, Part One, Chapter II, Section 12, Subsection 12.1, Subdivision 12.11 regarding the selection of chief administrative officers of component institutions of The University of Texas System to read as set forth below:

Sec. 12. Chief Administrative Officers of Component Institutions.

12.1 The Board selects the chief administrative officer of each component institution.

12.11 When there is a vacancy or if it is known that there is to be a vacancy in the office of a chief administrative officer of a component institution having faculty and students and the Board does not have candidate(s)
from recent searches at other component institutions, from within the U. T. System, and/or of national prominence from outside the U. T. System to advance for consideration, an Advisory Committee shall be established to recommend candidates to the Board. The Executive Vice Chancellor having responsibility for the operation of the institution where the vacancy has occurred or is to occur shall be chairman of the Advisory Committee. In circumstances where this Executive Vice Chancellor may be a candidate for the office, the chairman of the Advisory Committee shall be the Chancellor or the Chancellor's designee. In addition to the chairman, committee membership is as follows:
The Chancellor;
Two Chief Administrative Officers;
(to be appointed by the Chairman of the Board from two of the component institutions)
Two Regents;
(to be appointed by the Chairman of the Board)
Three Faculty members of the institution involved, at least two of whom shall have the rank of associate professor or higher;
(method of selection to be determined by the General Faculty of the campus)
One Dean;
(for academic institutions to be selected by Dean's Council of the institution involved) (for health-related institutions to be the Dean of the Medical School involved or in the absence of that position a senior representative of the teaching program of the component selected by the chief administrative officer)
Two Students from the institution involved; (method of selection to be determined by the Student Government of the campus involved or, if there be no Student Government, by the chief administrative officer of the institution; if the component does not have students, this category of representation shall be omitted)
President of the Ex-Students' Association of the campus involved; (if institution does not have an active alumni organization, then an alumnus of the component selected by the Chairman of the Board of Regents; if the component does not have degree granting authority, this category shall be omitted)

Two non-faculty employees of the institution involved, one in a classified position and one in an administrative position; (to be selected by the chief administrative officer or in accordance with institutional procedures approved by the chief administrative officer)

Not more than two representatives of the component's external constituency who have demonstrated a deep interest in and support of the institution, its programs and its role in community activities to be appointed by the Chairman of the Board of Regents. Where a component institution has a statewide mission; special area programmatic relationships or partnerships with junior or community colleges, private universities or public schools, business/corporate entities, community or public service agencies; or other unique constituencies, the Chairman of the Board of Regents may appoint an additional representative.

Campus constituent groups with responsibility for selection of Advisory Committee representatives are expected to consider diversity, particularly as it relates to minority and female representation. Unless there are unusual delays in faculty, staff or student representative selection which postpone initiation of the committee process, the Chairman of the Board will make his or her appointments to the Advisory Committee after campus selections in order to maximize the prospect that the total committee composition reflects diversity.

See Page 74 for further reference to these amendments.

Sec. 7. External Nonprofit Corporations.

The Board of Regents recognizes that there are legally incorporated nonprofit organizations (most having the word "foundation" in their charter) whose sole purpose is to benefit The University of Texas System, its component institutions, or teaching, research, and other activities within those component institutions. These organizations are administered by boards of directors independent from the control and supervision of the Board of Regents. Accordingly, as is the case with other external organizations, no component institution, or department or school of a component institution, may accept or receive gifts or bequests from any such external organization until such gifts or bequests have been accepted and approved by the Board of Regents.

Editorial Amendment
Issued March 1992

VIII - 3
REPORT AND RECOMMENDATIONS OF THE BUSINESS AFFAIRS AND AUDIT COMMITTEE (Pages 208 - 222).--Committee Chairman Loeffler reported that the Business Affairs and Audit Committee had met in open session to consider those matters on its agenda and to formulate recommendations for the U. T. Board of Regents. Unless otherwise indicated, the actions set forth in the Minute Orders which follow were recommended by the Business Affairs and Audit Committee and approved in open session and without objection by the U. T. Board of Regents:

1. U. T. System: Approval of Chancellor's Docket No. 62 (Catalog Change).--Upon recommendation of the Business Affairs and Audit Committee, the Board approved Chancellor's Docket No. 62 in the form distributed by the Executive Secretary. It is attached following Page 307 in the official copies of the Minutes and is made a part of the record of this meeting.

It was expressly authorized that any contracts or other documents or instruments approved therein had been or shall be executed by the appropriate officials of the respective institution involved.

It was ordered that any item included in the Docket that normally is published in the institutional catalog be reflected in the next appropriate catalog published by the respective institution.

2. U. T. Board of Regents - Regents' Rules and Regulations, Part One: Amendment to Chapter III, Section 5 [Appointment of Relatives (Nepotism Rule)].--Pursuant to action by the 72nd Texas Legislature which changed the existing nepotism statute from a common law to a civil law method, the Board amended the Regents' Rules and Regulations, Part One, Chapter III, Section 5 regarding the appointment of relatives (nepotism rule) by deleting the present nepotism chart (Table 1 as referenced in Subsection 5.22) and inserting in lieu thereof the nepotism chart set out on Page 209.

This redefinition of nepotism is less restrictive than the former law in the provisions regarding the degrees of consanguinity.

Priority uses of the additional funds derived from the differential tuition charges are for meeting the higher costs associated with offering graduate programs in these areas, for faculty and student support, and for other academic support programs.

It was ordered that the next appropriate catalog published at U. T. El Paso be amended to conform to this action.

14. U. T. El Paso: Establishment of the Miner Foundation for Intercollegiate Athletics for Men and Women; Approval to Amend the Regents' Rules and Regulations, Part One, Chapter VII, Section 4, Subsection 4.3 (Internal Foundations) to Include Miner Foundation; and Establishment of the Miner Foundation Advisory Council. --In December 1984, the U. T. Board of Regents approved an agreement to authorize the El Dorados Organization, a privately incorporated nonprofit organization, to solicit funds on behalf of The University of Texas at El Paso's athletic programs. This approach has served the institution well in the intervening years; however, National Collegiate Athletic Association (NCAA) expectations related to university control over athletic fund raising activities suggest enhanced visibility and fund raising capability could be provided by an internal foundation.

Upon recommendation of the Academic Affairs Committee, the Board:

a. Approved the resolution set out on Page 243 establishing the Miner Foundation as an internal foundation to benefit Intercollegiate Athletics for Men and Women at U. T. El Paso in accordance with the Regents' Rules and Regulations, Part One, Chapter VII, Section 4, Subsection 4.3 (Internal Foundations)
b. Authorized the Executive Secretary to the U. T. Board of Regents to add the foundation to the list of approved internal foundations set out in the Regents' Rules and Regulations, Part One, Chapter VII, Section 4, Subsection 4.33

c. Established the Miner Foundation Advisory Council pursuant to the Regents' Rules and Regulations, Part One, Chapter VII, Section 3, with the understanding that nominees to the Miner Foundation Advisory Council will be submitted for approval at a future meeting.

The establishment of an internal foundation will provide assurance of consistent, internal control over fund raising for men's and women's athletic programs. The El Dorados have agreed to mutual termination of the 1984 agreement and ceased activities on behalf of U. T. El Paso as of January 1, 1992.
Resolution of the Board of Regents
of The University of Texas System

WHEREAS, There exists a clear and specific need for means to finance the program of the Department of Intercollegiate Athletics of The University of Texas at El Paso, in addition to the regular budgetary provisions; and

WHEREAS, It is the desire of interested persons to set up the facilities to encourage and assist in such financing;

IT IS NOW RESOLVED, That the Board of Regents of The University of Texas System hereby establishes the Miner Foundation of the Department of Intercollegiate Athletics of The University of Texas at El Paso.

AND FURTHER, That the purpose of the said Foundation shall be to foster the understanding and development of the programs of the Department of Intercollegiate Athletics at The University of Texas at El Paso, and to encourage the making of gifts to the Foundation by deed, grant, will or otherwise for any purpose appropriate to the work of the Foundation.

AND FINALLY, That all donations to and assets of the Foundation shall be accepted and managed subject to the following conditions:

1. The unrestricted funds of the Foundation shall be devoted to the enrichment of the scholarship programs for student athletes in all varsity sports of the Department of Intercollegiate Athletics of The University of Texas at El Paso and such special funds as may be established from time to time, and shall not be used for the ordinary operating expenses of the Department of Intercollegiate Athletics.

2. A donation to the Foundation may be made for a specific purpose as specified by the donor or may be given as unrestricted funds. Gifts which meet or exceed the minimum requirements of the Board of Regents may be presented for acceptance by the Board as permanently endowed funds for support of the Intercollegiate Athletic program of The University of Texas at El Paso.

3. The Board of Regents shall hold, manage, control, sell, exchange, lease, convey, mortgage or otherwise encumber, invest or reinvest, and generally shall have the power to dispose of in any manner and for any consideration and on any terms the said gifts, funds, or property in their discretion and shall from time to time pay out of the income, or if the income be insufficient, out of the principal, all expenses of the trust and all expenditures incurred in furthering the purposes of the trust.

4. Neither any donation to the Miner Foundation nor any fund or property arising therefrom in whatever form it may take shall ever be any part of the Permanent University Fund nor shall the Legislature have power to be in any way authorized to change the purposes thereof or to divert such donation, fund or property from those designated purposes.

5. As in the case of other funds, authorization for expenditure of all funds from the Foundation shall be vested in the Board of Regents and recommendations for such expenditures shall be made by the President of The University of Texas at El Paso to the Office of the Chancellor and by the Office of the Chancellor to the Board of Regents of The University of Texas System.
4. U. T. Austin: Report on Transfer of Dockside Utility Building and Adjacent Facilities to the U. T. Medical Branch - Galveston. -- It is herewith reported for the record that the Dockside Utility Building physically located on the campus of The University of Texas Medical Branch at Galveston has been transferred from the inventory of The University of Texas at Austin to that of the U. T. Medical Branch - Galveston.

Under the terms of the transfer, the Institute for Geophysics at U. T. Austin will retain full access to and use of the Dockside Utility Building, the Geophysics Dock and adjacent parking area for a period not to exceed August 31, 1993. An Interagency Cooperation Contract will be executed to provide utilities, security, maintenance, supplies, and services through the period of occupancy. Following that date, the facilities will be used in support of the programs of the Marine Biomedical Institute at the U. T. Medical Branch - Galveston.

5. U. T. Health Science Center - Houston: Report on Dissolution of The Houston Health Science Center Foundation, Inc. -- It is reported for the record that The Houston Health Science Center Foundation, Inc., an internal corporation as that term is defined in the Regents' Rules and Regulations, Part One, Chapter VII, Section 6, has been dissolved as being an administrative mechanism no longer needed by the private fund development program of The University of Texas Health Science Center at Houston.

At a briefing of the Business Affairs and Audit Committee on September 10, 1991, the intent to dissolve this foundation was reported. The appropriate section of the Regents' Rules and Regulations will be amended to reflect this dissolution.

REPORT OF BOARD FOR LEASE OF UNIVERSITY LANDS

Regent Ramirez, Vice-Chairman of the Board for Lease of University Lands, submitted the following report on behalf of that Board:

Report

The Board for Lease of University Lands met on January 16, 1992, in Austin, Texas, to discuss terms and procedures for an Oil and Gas Lease Sale on frontier acreage located in Culberson, El Paso, Hudspeth, and Terrell Counties. The Permanent University Fund lands located in these four counties have had very little exploration and no production.

The Board approved a special Oil and Gas Lease Sale for early October 1992, with the terms for bonus, rentals, and royalties to be announced after a study and recommendation by staff.

a. Part One, Chapter I, Section 7, Subdivision 7.15 was amended to read as follows:

7.15 Duties of the Personnel and Audit Committee. – The Personnel and Audit Committee shall:

7.154 Obtain, review, and report to the Board on all State Auditor’s Reports and Management Letters and System and institutional internal audit reports.

7.155 Approve the System-wide internal audit plan.

7.156 Transmit to the Chancellor, subject to the prior approval of the Board, such instructions as it deems necessary for the implementation of appropriate internal auditing practices.

7.157 Initiate System and institutional audits as deemed necessary to ensure management control within The University of Texas System. (In this regard, the System Director of Audits reports to the Chairman of the Personnel and Audit Committee.)

b. Part One, Chapter II, Section 3, Subsection 3.3 was amended to read as follows:

3.3 Audit.

The Chancellor, as chief executive officer of the System, is responsible for insuring the implementation of appropriate audit procedures for the System. Accordingly, the System Director of Audits prepares an executive summary of all internal audit activity by the System internal auditors and the institutional internal auditors for the Chancellor.
3.31 System Director of Audits.
The System Director of Audits is responsible for coordinating the effective auditing of the System as set out in Subdivision 3.312 of this Chapter. The System Director of Audits provides audit assistance to the Chancellor, the Executive Vice Chancellors and the Vice Chancellors in the exercise of their responsibilities.

3.311 Appointment and Tenure.
The System Director of Audits shall be appointed by the Board after nomination by the Chancellor. The System Director of Audits shall hold office without fixed term, subject to the pleasure of the Chancellor. The Chancellor's actions regarding the System Director of Audits are subject to review and approval by the Board.

3.312 Duties and Responsibilities.
The primary responsibilities of the System Director of Audits include:

3.3121 Developing a System-wide internal audit plan based on a System-wide risk assessment and coordinating the implementation of this plan with the institutional internal auditors. This System-wide audit plan is submitted to the Personnel and Audit Committee for approval after the Chancellor's review and approval.

c. Part Two, Chapter II, Section 3 was amended to read as follows:

Sec. 3. Auditing.

3.1 Internal auditors are responsible for reviewing, evaluating, and reporting on the institution's system of internal administrative and accounting controls and the efficiency and effectiveness of the operations when compared with established standards. The internal auditors are to have no authority or responsibility for the activities they audit. The objective of internal auditing is to assist the chief administrative officer in the effective discharge of his or her responsibilities by furnishing objective analyses, appraisals and recommendations concerning the activities reviewed. To accomplish these objectives, the internal auditor is authorized to have full, free and unrestricted access to all property, personnel and records. The examination of patient medical records must serve a genuine audit need; and individual patients should not be identified in any audit report. The Texas Internal Auditing Act, the Standards for the Professional Practice of Internal Auditing published by the Institute of Internal Auditors, Inc. and "College and University Business Administration" published by the National Association of College and University Business Officers shall serve as guidelines for internal audit activities.

3.2 Each institution is expected to maintain an internal audit staff unless otherwise exempt from this requirement by the Chancellor. The institutional internal auditor reports to the institutional chief administrative officer or the institutional audit committee. The institutional internal auditor submits an annual audit plan for approval by the chief administrative officer and forwards a copy to the appropriate Executive Vice Chancellor and the System Director of Audits.

3.3 The System Director of Audits shall seek input into the System-wide audit plan from the institutional internal auditors. The implementation of the System-wide internal audit plan will be coordinated with the institutional internal audit
plans to insure major risks are addressed yet duplication of effort is minimized.

3.4 The State Auditor's Office, as part of the legislative branch of state government, is the external independent auditor of The University of Texas System. The State Auditor's Office conducts financial and performance audits and makes recommendations for improving financial and management controls within The University of Texas System. The State Auditor's Office reviews The University of Texas System's internal control structure and operations to determine the scope of the examination and reliability of the entity's financial and nonfinancial data.
