Sec. 3. Auditing.

3.1 Internal auditors are responsible for reviewing, evaluating, and reporting on the institution’s system of internal administrative and accounting controls and the efficiency and effectiveness of the operations when compared with established standards. The objective of internal auditing is to assist the chief administrative officer in the effective discharge of his or her responsibilities by furnishing objective analyses, appraisals and recommendations concerning the activities reviewed. The Texas Internal Auditing Act, the Standards for the Professional Practice of Internal Auditing published by the Institute of Internal Auditors, Inc. and "College and University Business Administration" published by the National Association of College and University Business Officers shall serve as guidelines for internal audit activities.

3.2 Each institution is expected to maintain an internal audit staff unless otherwise exempt from this requirement by the Chancellor. The internal auditor reports to the institutional chief administrative officer or the institutional audit committee. The internal auditor submits an annual audit plan for approval by the chief administrative officer and forwards a copy to the appropriate Executive Vice Chancellor and the System Director of Audits.

3.3 The System Director of Audits shall review the annual audit plan of the component institutions and make recommendations as appropriate.

3.4 The State Auditor’s Office, as part of the legislative branch of state government, is the external independent auditor of The University of Texas System. The State Auditor’s Office conducts financial and performance audits and makes recommendations for improving financial and management controls within
The University of Texas System. The State Auditor's Office reviews The University of Texas System's internal control structure and operations to determine the scope of the examination and reliability of the entity's financial and nonfinancial data. The internal audit function is considered a part of the internal control structure of The University of Texas System.

Sec. 4. Reporting.

4.1 All financial reports shall be prepared in accordance with the provisions of the statutes, official directives of the Texas Higher Education Coordinating Board, and directives of the Board, and in conformity with the manual, "College and University Business Administration, Third Edition," (1974) referred to in Subsection 2.1 of this Chapter. The reports shall be prepared by the chief business officer and approved by the System Comptroller.

4.2 Two reports, both of which shall be prepared under the direction of the chief business officer and the System Comptroller, shall be prepared annually:

4.21 Annual Financial Report.—As required by law, printed financial reports, in the format recommended in "College and University Business Administration, Third Edition," (1974), or its successor publication, shall be filed with the Texas Higher Education Coordinating Board and other state offices as specified by law.

4.22 Salary Payment Report.—On or before December 31, each year, an itemized report in format prescribed by System Administration shall be prepared of salaries and wages paid all employees for services during the preceding fiscal year out of any funds from any source or character under the control and/or custody of the Board, listing for each employee the total amount paid from each source during the twelve months of the fiscal year, the title of the position held or kind of service rendered. Copies of this report shall be furnished to the Executive Secretary to the Board, the System Budget Director, and the System Comptroller.
2.4 Petty cash funds shall be provided only on approval of, and by arrangement of, the department with the chief business officer. Special petty cash fund bank accounts may be established only with the approval of the System Comptroller.

Sec. 3. Deposits with the State Treasurer.

3.1 The statutes and the current Appropriations Act require that all cash receipts of the general academic teaching institutions be deposited in the State Treasury with the exception of those from auxiliary enterprises, noninstructional services, matriculation fees collected in lieu of student activity fees, agency and restricted funds, endowment funds, student loan funds, and Constitutional College Building Amendment Funds.

3.2 Institutional receipts required to be deposited in the State Treasury shall be so deposited in the manner prescribed in the statutes and the current Appropriations Act.

3.3 Component institutions of the System are authorized by the current Appropriations Act to establish Revolving Funds under certain prescribed procedures to facilitate the payment of nominal expenses and to pay bills within cash discount periods, as well as for regular monthly payrolls, weekly, and special payrolls. Such Revolving Funds are authorized, subject to approval of the System Comptroller.

Sec. 4. Local Institutional Funds.

4.1 All local income not required to be deposited in the State Treasury must be deposited in official depository banks for safekeeping or invested as specified by law and by the University of Texas System Institutional Funds Investment Policy.

4.11 Funds held in demand deposits, time deposits, or certificates of deposit shall be deposited or invested in official depository banks with which the Board has a depository agreement. Depository agreements may be negotiated and executed by the Executive Vice Chancellor for Asset Management when
such agreements are in substantially the same form as a standard depository agree-
ment approved by the Board and are with banks meeting the then current policies of
the Board.

4.12 Funds held in bank common trust funds or money market funds shall be invested in funds approved by the Executive Vice Chan-
cello r for Asset Management based on, at a minimum, the criteria specified in The Uni-
versity of Texas System Institutional Funds Investment Policy.

4.13 Requests for documentation specifying staff authorized to sign checks or initiate funds movements, or changes thereto, for all bank accounts, bank common trust funds, or money market funds shall be forwarded to the Sys-
tem Comptroller, who, after review and approval, shall refer such requests to the Vice Chancellor for Business Affairs for notification of the entities concerned.

4.14 The Executive Vice Chancellor for Asset Man-
agement shall invest, upon the request of the chief business officer of any component institution, local institutional funds as specified by law and by The University of Texas System Institutional Funds Investment Policy and shall negotiate and execute all agreements and instruments necessary for such investments.

4.2 Depository banks selected shall furnish adequate surety bonds or securities to assure safety of these funds. Such securities shall be delivered by the depository bank to an account in the name of the Board at a third-party depository(ies), bank(s) or trust company(ies) approved and contracted with by the Executive Vice Chancellor for Asset Management. Local Funds shall be deposited in the depository banks or invested as soon as possible but in no event later than that provided by law. Demand deposits and time deposits will be maintained in accordance with the current policies of the Board.

4.3 The Board and the chief administrative officers may not, by law, borrow money from any person, firm, or corporation to be repaid from Local Funds except as specifically authorized by the Legislature.
4.4 Interest on Deposits and Investments.--As permitted by statute, interest received on local institutional funds shall be credited to appropriate accounts in either general funds or trust funds in relationship to the sources of balances, provided that disposition of such earning was not specified by the grantor. Interest received from Current Restricted Funds (Trust Funds) deposits and investments shall be subject to further Appropriation or transfer by the Board for any lawful purpose.

Sec. 5. Vouchers for Expenditures.

5.1 Properly approved and fully supported vouchers are the authorization for cash disbursements. The Chairman of the Board or his or her delegate or the chief administrative officer or his or her delegate must approve all vouchers. One of these delegates shall be the chief business officer who shall select the other delegates from his or her staff. Such approval is based upon satisfactory supporting documentation.

foreseeable prospects of growing to sufficient size to justify the continuing costs of maintenance of such fund as a separate fund, then in the Board's discretion the principal of such fund may be expended for or otherwise devoted to the accomplishment, as near as may be possible, of the purposes for which the fund was established.

1.332 A permanent register of memorial gifts shall be maintained at each component institution to record gifts, or where the gift or donation is not specifically directed to a component, the register shall be maintained by System Administration.

1.4 Except as provided in other subsections of this Section, the authority to accept gifts to a component institution is delegated to the chief administrative officer when the gift is to a fund, foundation, or enterprise already approved by the Board or is a continuation of a series which has been previously approved by the Board. Each chief administrative officer, or a designee specified in writing, is empowered to accept cash gifts (except endowments) to a component institution of the System in the amount of $25,000 or less and gifts in kind having a value of $25,000 or less, within the policies of the Board and Legislature governing the acceptability of gifts, and to deposit such gifts to the appropriate accounts. All gifts (except those described in Subsection 1.5 below) shall be reported by the dockets of each component institution as prescribed by the Board.

1.5 A quarterly report of all such gifts of $25,000 or less showing name and address of donor, amount of cash gift or value of gift in kind, purpose, and date of the gift shall be filed with the Board via the

System Development Office within thirty (30) days after August 31, November 30, February 28, and May 31 of each year. Such reports will summarize gifts of $2,500 or less showing only total dollars and number of gifts.

1.6 Except as provided in this Section and the preceding Sections, no member of the staff of any institution has the authority to accept gifts to the System or to any of its component institutions. Gifts to the component institutions of books or other objects of very small value and very obvious propriety, without conditions attached, may be accepted by individual members of the staffs provided these gifts are reported to the Board as specified in Subsections 1.4 or 1.5 as appropriate.

1.7 Due to the inefficiencies and high costs associated with separately tailoring investment management programs for gifts that are investment-restricted, notwithstanding any other provision of this Chapter, a gift subject to investment restrictions shall be referred to the System Director of Development who shall review the terms of the gift instrument with the Office of Asset Management and the Office of General Counsel prior to acceptance of the gift and/or prior to its recommendation for acceptance by the U. T. Board of Regents.

1.8 Neither the System nor any of its component institutions will accept a gift for the benefit of any designated student unless the donor is exempt from Federal Income Taxes as defined by the Commissioner of Internal Revenue.

1.9 The acceptance of gifts of real property is prohibited without prior express approval of the Legislature except for establishing scholarships, professorships, or other trusts for educational purposes, provided that such property will not thereafter require legislative appropriations for operation, maintenance, repair, or construction of buildings (current Appropriations Bill). Acceptance of all gifts of real estate shall be subject to the U. T. System Trust Fund Real Estate Policy Statement.

Editorial Amendment
Issued February 1990
2.4 Petty cash funds shall be provided only on approval of, and by arrangement of, the department with the chief business officer. Special petty cash fund bank accounts may be established only with the approval of the System Comptroller.

Sec. 3. Deposits with the State Treasurer.

3.2 Institutional receipts required to be deposited in the State Treasury shall be so deposited in the manner prescribed in the statutes and the current Appropriations Act.

3.3 Component institutions of the System are authorized by the current Appropriations Act to establish Revolving Funds under certain prescribed procedures to facilitate the payment of nominal expenses and to pay bills within cash discount periods, as well as for regular monthly payrolls, weekly, and special payrolls. Such Revolving Funds are authorized, subject to approval of the System Comptroller.

Sec. 4. Local Institutional Funds.

4.1 All local income not required to be deposited in the State Treasury must be deposited in official depository banks for safekeeping or invested as specified by law and by The University of Texas System Institutional Funds Investment Policy.

4.11 Funds held in demand or time deposits shall be deposited in official depository banks with which the Board has a depository agreement. Depository agreements may be negotiated and executed by the Executive Vice Chancellor for Asset Management when such agreements are in substantially the same form as a standard depository agreement approved by the Board and are with banks meeting the then current policies of the Board.
Requests for authorized signatures, or changes thereto, for bank accounts maintained in all depository banks, shall be forwarded to the System Comptroller, who, after review and approval, shall refer such requests to the Vice Chancellor for Business Affairs for notification of the banks concerned.

4.2 Depository banks selected shall furnish adequate surety bonds or securities to assure safety of these funds. Local Funds shall be deposited in the depository banks as soon as possible. Demand deposits and time deposits will be maintained in accordance with the current policies of the Board.

4.3 The Board and the chief administrative officers may not, by law, borrow money from any person, firm, or corporation to be repaid from Local Funds except as specifically authorized by the Legislature.

4.4 Interest on Time Deposits.—As permitted by statute, interest received from depository banks for funds on time deposit shall be credited to appropriate accounts in either general funds or trust funds in relationship to the sources of balances on time deposit, provided that disposition of such earning was not specified by the grantor. REPORT AND RECOMMENDATIONS OF THE FINANCE AND FACILITIES COMMITTEE (Pages 118 - 125).--Committee Chairman Moncrief reported that the Finance and Facilities Committee had met in open session to consider those items on its agenda and to formulate recommendations for the U. T. Board of Regents. Unless otherwise indicated, all actions set forth in the Minute Orders which follow were recommended by the Finance and Facilities Committee and approved in open session and without objection by the U. T. Board of Regents:

I. FINANCE MATTERS

1. U. T. System: Approval of Chancellor's Docket No. 50 (Catalog Change).--Upon recommendation of the Finance and Facilities Committee, the Board approved Chancellor's Docket No. 50 in the form distributed by the Executive Secretary. It is attached following Page 158 in the official copies of the Minutes and is made a part of the record of this meeting.

It was expressly authorized that any contracts or other documents or instruments approved therein had been or shall be executed by the appropriate officials of the respective institution involved.

It was ordered that any item included in the Docket that normally is published in the institutional catalog be reflected in the next appropriate catalog published by the respective institution.

Regent Ratliff abstained from voting on items within the Docket related to Exxon Corporation and Southwest Texas Electric Cooperative due to a possible conflict of interest.

2. U. T. Board of Regents - Regents' Rules and Regulations, Part Two: Approval of Amendments to Chapter III, Section 4 (Local Institutional Funds).--Committee Chairman Moncrief reported that, since the Material Supporting the Agenda was prepared, an additional item related to proposed amendments to the Regents' Rules and Regulations, Part Two, Chapter III had been posted with the Secretary of State and distributed to the Board on yellow paper.

Approval was given to amend the Regents' Rules and Regulations, Part Two, Chapter III, Section 4 (Local Institutional Funds) to read as set forth below:

Sec. 4. Local Institutional Funds.

4.1 All local income not required to be deposited in the State Treasury must be deposited in official depository banks for safekeeping or invested as specified by law and by The University of Texas System Institutional Funds Investment Policy.

4.11 Funds held in demand or time deposits shall be deposited in official depository banks...
4.12 Requests for authorized signatures, or changes thereto, for bank accounts maintained in all depository banks, shall be forwarded to the System Controller, who, after review and approval, shall refer such requests to the Vice Chancellor for Business Affairs for notification of the banks concerned.

4.2 Depository banks selected shall furnish adequate surety bonds or securities to assure safety of these funds. Local Funds shall be deposited in the depository banks as soon as possible. Demand deposits and time deposits will be maintained in accordance with the current policies of the Board.

4.3 The Board and the chief administrative officers may not, by law, borrow money from any person, firm, or corporation to be repaid from Local Funds except as specifically authorized by the Legislature.

4.4 Interest on Time Deposits.—As permitted by statute, interest received from depository banks for funds on time deposit shall be credited to appropriate accounts in either general funds or trust funds in relationship to the sources of balances on time deposit, provided that disposition of such earning was not specified by the grantor. Interest received from Current Restricted Funds (Trust Funds) time deposits shall be subject to further appropriation or transfer by the Board for any lawful purpose.

4.5 The Executive Vice Chancellor for Asset Management shall invest, upon the request of the chief business officer of any component institution, local institutional funds as specified by law and by The University of Texas System Institutional Funds Investment Policy and shall negotiate and execute all agreements and instruments necessary for such investments.

These amendments conform the Regents' Rules and Regulations to the Public Funds Investment Act and specify the responsibilities of the Executive Vice Chancellor for Asset Management with regard to the investment of local funds within that policy and also delegate to the Executive Vice Chancellor for Asset Management authority to execute depository agreements which are in consonance with the model previously approved by the Board.

III. INTELLECTUAL PROPERTY MATTERS

1. U. T. Board of Regents - Regents' Rules and Regulations, Part Two: Approval of Amendments to Chapter V, Section 2, Subsection 2.4, Subdivision 2.49 (Approval of Agreements Relating to Rights in Intellectual Property).—Committee Chairman Ratliff called on Vice Chancellor and General Counsel Farabee for background information on the proposed amendments to the Regents' Rules and Regulations, Part Two, Chapter V, Section 2 related to intellectual property rights in agreements. Vice Chancellor Farabee pointed out that the proposed amendments would allow sponsored research agreements (including research participation agreements, conditional gifts, extensions of or modifications to previously approved agreements, and consulting agreements) containing language in technical nonconformance with the Intellectual Property Policy or the Guidelines to be processed more expeditiously upon a finding that the potential benefits from the level of funding for the proposed research and/or other consideration from the sponsor outweigh potential disadvantages related to the policy deviation.

Mr. Farabee then introduced Mr. Dudley R. Dobie, Jr., Section Manager of Intellectual Property in the Office of General Counsel, who addressed certain matters relating to sponsored research agreements, corporate attitudes regarding policies of The University of Texas System concerning sponsored research, and positions taken by other major research universities with respect to similar issues. A copy of Mr. Dobie's report is on file in the Office of the Board of Regents.

Following these presentations and a brief discussion, the Regents' Rules and Regulations, Part Two, Chapter V, Section 2, Subsection 2.4, Subdivision 2.49 (Approval of Agreements Relating to Rights in Intellectual Property) were amended as set forth below to allow sponsored research agreements containing language in technical nonconformance with the Intellectual Property Policy or Guidelines to be processed more expeditiously:

Sec. 2. General Personnel.

2.49 Approval of Agreements Relating to Rights in Intellectual Property.

2.491 Agreements relating to rights in intellectual property shall ordinarily be approved by the Board on the institutional docket following review by the Office of General Counsel and approval by the chief administrative officer of the component institution, the appropriate Executive Vice Chancellor and the Chancellor.
Any agreement altering substantially the basic intellectual property policy of the System as set out in the preceding sections and other policies and guidelines that may be adopted by the Board shall have the advance approval of the chief administrative officer, the appropriate Executive Vice Chancellor, the Chancellor, and the Board as an agenda item. Such an alteration in a sponsored research agreement shall not be considered substantial and may be approved by the Board on the institutional docket if, in the judgment of the chief administrative officer and with the concurrence of the appropriate Executive Vice Chancellor, the benefits from the level of funding for the proposed research and/or other consideration from the sponsor outweigh any potential disadvantage that may result from the policy deviation.

2. U. T. Dallas: Approval of Patent and Technology License and Development Agreement with Research Applications, Inc. (RAI), Austin, Texas.--The Board, upon recommendation of the Land and Investment Committee, approved the Patent and Technology License and Development Agreement set out on Pages 39 - 57 by and between the U. T. Board of Regents, for and on Behalf of The University of Texas at Dallas, and Research Applications, Inc. (RAI), Austin, Texas, for the development and licensing of a method and apparatus for producing a layer of material with laser ablation.

Research Applications, Inc. (RAI), a Texas corporation, was established to assist universities in the commercialization of technologies. Under the agreement, RAI will receive a royalty-bearing, exclusive, worldwide license under U. T. Dallas' currently existing patent and technology rights in inventions by Dr. Carl B. Collins, Professor, Department of Physics; Dr. Farzin Davanloo, Research Associate, Department of Mathematics and Natural Sciences; and Dr. Suhas S. Wagal, former Research Associate, Department of Physics.

Under the license agreement, RAI is granted the right to manufacture, use and sell the technology and to grant sublicenses to others in specific fields of use.

10.21 Travel expenses shall be reimbursed only from funds appropriated or authorized for travel and pursuant to state law and regulations and approved institutional or System travel policies and procedures. The Chancellor, the Executive Vice Chancellors, the Vice Chancellors and the chief administrative officers shall plan the travel of all employees under their authority to achieve maximum economy and efficiency and are responsible for ensuring that the expenses of transportation, meals, lodging, and incidental items are the lowest possible considering all relevant circumstances.
10.22 Allowances for meals and lodging (including per diem), transportation and related expenses shall be guided by the following as appropriate: provisions of the current Appropriations Act; the Travel Regulations Act of 1959 (Article 6823a, VTCS), as amended; business procedure memoranda issued by the Vice Chancellor for Business Affairs; approved institutional or System travel regulations; terms of grants and contracts which provide reimbursement; and restrictions placed on expenditures from the institutional source reimbursing the travel.

10.3 Institutional and System Administration Travel Regulations.--Component institutions and System Administration shall issue travel regulations covering authorization for travel and reimbursement for approved travel to implement applicable provisions of state law and regulations and the provisions of this Section for the guidance of all personnel concerned. Following administrative approval by the appropriate Executive Vice Chancellor, each institutional policy will be included in the institutional Handbook of Operating Procedures.

Sec. 11. Insurance on Money and Securities; Fidelity Bonds.

11.1 Insurance on Money and Securities.--As approved by the Board, the System carries a blanket System-wide policy insuring against loss of money or securities at any of the component institutions. The premium paid by each institution is separately computed and is based on the coverage applicable at each institution. At the time any loss occurs at any institution, the Vice Chancellor for Business Affairs shall be notified by the appropriate chief business officer and shall approve all loss claims and settlements. Any settlement over $2,000 and under $10,000 shall be reported to the Board for ratification. Settlements in the amount of $10,000 or more must have the approval of the Board. Money and securities coverage may be combined with the blanket position fidelity bond.
11.2 **Fidelity Bonds.**

11.21 As approved by the Board, the System shall carry a blanket position (fidelity) bond that shall cover employees of all component institutions. All employees shall be covered in the amount of not less than $5,000 each. For total coverage in excess of $10,000, approval of the State Auditor is necessary.

11.22 The Secretary of State and the State Comptroller of Public Accounts shall be each furnished with an original of the bond.

11.23 The premium for the bond is prorated to the component institutions on the basis of the number of employees covered for which a premium charge is made and the excess coverage thereon.

11.24 At the time a loss occurs, the Vice Chancellor for Business Affairs shall be notified by the chief business officer and shall approve all loss claims and settlements. Any settlement over $2,000 and under $10,000 shall be reported to the Board for ratification. Settlements in the amount of $10,000 or more must have the approval of the Board.

11.25 The blanket position fidelity bond coverage may be combined with money and securities coverage.

**Editorial Amendment**

**Issued October 1989**

*III - 9*
2.50 Income from Intellectual Property. The portion of the net income the System retains from royalties and any other intellectual property-related income shall be used first to defray the expenses, if any, of the System Intellectual Property Office and thereafter, as approved by the Board, for research purposes at the component institutions where the income providing creation originated. At the option of a component institution, such income may be accumulated in an endowment fund administered by the Office of Asset Management with the income to be distributed to the component institution for such purposes as may be approved by the Board.

2.51 Implementation of Intellectual Property Policy. The Office of Asset Management and the Office of General Counsel through the System Intellectual Property Office shall prepare and distribute to the component institutions such model agreements and recommended procedures as may be appropriate for the implementation of the provisions of this policy as well as other policies and guidelines adopted by the Board.

2.52 Unless otherwise required by law or the Regents' Rules and Regulations, each intellectual property agreement approved hereunder shall be construed in accordance with the Intellectual Property Policy in existence as of its approval date.

Sec. 3. Employee Training, Education, and Development.

3.1 The Texas State Employees Training Act of 1969, Chapter 283, Acts of the 61st Legislature, Regular Session, 1969 (Article 6252-11a, Vernon's Texas Civil Statutes), recognizes that the state departments and other state institutions, including the System, must develop a more comprehensive Training Program as an integral part of a successful personnel program. The System Personnel Director, as
delegated by the Vice Chancellor for Business Affairs, is responsible for promulgating the necessary policies and procedures for implementation of the State Employees Training Act, consistent with the guidelines already approved by the Governor of the State of Texas and the Regents' Rules and Regulations.

3.2 Through implementation of the State Employees Training Act, the System will provide programs that will greatly benefit most employees. In addition, the use of various types of training programs will also encourage the initiative of young, talented employees and stimulate and motivate less productive employees. Organized training programs will, moreover, help identify those employees who are willing to exercise their initiative and prove their performance and also find the areas where employees are resisting change and improved procedures and programs.

3.3 The following general objectives of the overall training effort will lead to the System's gaining more efficiency and economy in its overall personnel program:

3.31 Developing well trained staffs, both professional and supportive;
3.32 Assisting all employees toward achieving their highest potential usefulness;
3.33 Motivating employees and stimulating a sense of participation and involvement;
3.34 Insuring that the System receives a fair return on its investment in training and education.

3.4 The program elements for this general training program are:

3.41 Identifying staff members who need staff development in order to determine the exact kind and scope of program needed;
3.42 Training individuals for current assignments and developing them for future assignments, as a means of improving the quality and quantity of work done;
Developing all supervisors to enable them to assume and discharge their primary responsibility for the maximum utilization of personnel, the training of their staff members, and the maintenance of sound employee relations;

Advising and assisting employees with respect to continuing education, and means by which they can improve their usefulness;

Evaluating all training and education activities to determine whether they have effectively met the needs of the System.

With these objectives and general program elements as a background, four specific training programs are established. The administration and implementation of the following training programs at each component is to be primarily the task and responsibility of the institutional personnel officer, with approval of the chief administrative officer. The System Personnel Director shall have the responsibility of coordinating all training programs through review and approval of training policies promulgated by the component institution.

College or University Degree Program.

Definition: This program will provide graduate or undergraduate level training leading to a degree. Basically, it provides for full-time student enrollment and is to be for selected, qualified employees of the System. This program will be provided by the System on the basis of need of the System and to the extent funds are available.

Objectives: To provide a college or university education for qualified System employees specifically required in their area of employment.

Program Elements: This training is essentially of only one type: to provide full-time student enrollment in a graduate or undergraduate program leading to a degree.
3.64 Administration: Eligibility Requirements.

3.641 Selected employees must have necessary academic qualifications to meet all entrance requirements of the college or university where training is provided.

3.642 Degree training must be directly related to an existing job or job series used by the System.

3.643 Selected employees must be scheduled for appointment to a job requiring the degree training on completion of schooling.

3.644 Selected employees must have been successfully evaluated as to competence and aptitude for training granted and recommended through the chief administrative officer and approved by the System Personnel Director.

3.645 Selected employees on educational stipend shall be considered as employees on official leave of absence while in student status. Vacation, sick leave, group insurances, and other benefits will be governed under appropriate rules regarding such official leaves of absence.

3.65 Administration: Obligations. Employees who receive financial assistance under this program from the System, in completion of either undergraduate or advanced degrees, will be obligated to fulfill the following terms and conditions:

3.651 An agreement to be bound by the rules and regulations contained herein and such other policies, rules, and procedures as may be promulgated by the System Personnel Director applicable to the college degree training program.
3.652 An agreement to return to the System as an employee upon graduation and attainment of the degree and to remain in the employment of the System for a period of time subsequent to graduation that is proportionate either to the period of time the employee has received financial assistance to attend college or university or to the amount of financial assistance received.

3.653 An agreement to execute, as required by the System Personnel Director, a formal obligatory document between the System and the recipient of assistance under this program, to repay in a lump sum or such alternate arrangement as the System Personnel Director may prescribe, the amount of money expended by the System for the cost of such college education if the individual for any reason, except circumstances beyond the individual's control, fails to complete the training or otherwise defaults in any provision of the agreement between the System and the individual.

3.7 In-Service Training and Education Program.

3.71 Definition: This training and education is job-oriented training that is provided essentially within the System. It may include on-the-job training, training in preparation for job assignment, and continuing training programs that are basically job oriented. This program is for selected individual staff members and will be provided on the basis of need and to the extent funds are available.
Objectives: To equip an individual to perform a particular task within a particular situation and/or to equip the employee to deal with new technological and legal developments, to develop additional work capabilities, or increase the employee's level of competence.

Program Elements: In-service training and education programs are divided into the following three principal categories:

3.731 Orientation serves the purpose of acquainting the employee to a new job situation. It does not include the development of skills for that particular job situation.

3.732 Basic Training for a Specific Task includes pre-employment and recruit type training involving job knowledge and/or the development of skills required for a specific task. It also includes training in supervisory and managerial skills.

3.733 Advanced In-Service Training includes the development of a higher level of skill, an increase in job knowledge, and instruction in new concepts and changing aspects of job responsibility.

Administration: Eligibility Requirements. It is a basic responsibility of the System to provide training as the individual situation may require. It is recognized that the need for some of these programs will vary according to skills required and the availability of pre-employment training. Manpower needs and the availability of skilled applicants may also be a determining factor. With this general background as reference, employees will be identified, selected, trained, and evaluated according to the needs of the System.
3.75 Administration: Obligations. The employee has an obligation to successfully complete the training program and should recognize that the System will use this type of training as a continuation of the selection process.

3.8 Out-of-Agency Staff Development Program.

3.81 Definition: This program is to provide training through workshops, seminars, institutes, training sessions, extension courses, college or university courses (with or without academic credit), and other special programs or activities offered either within or outside the state. Such programs must be of concentrated, precise content and designed to improve the individual's professional or technical knowledge in the performance of the individual's present or prospective duties and responsibilities. This program is for selected individual staff members and will be provided on the basis of need of the System and to the extent funds are available.

3.82 Objectives: To improve and enhance the individual's professional and technical knowledge and ability in the performance of the individual's present or prospective duties and responsibilities.

3.83 Program Elements: This program is generally the type that meets the following criteria: relatively short term; specific in content; and presented outside the employing agency.

3.84 Administration: Eligibility Requirements.

3.841 Out-of-Agency Staff Development education and training authorized by the System will be conducted primarily for the benefit of the System.

3.842 The training and education must be related to the employee's current or prospective duty assignment during the period of his or her participation.
3.843 Such training and education must be approved by the chief administrative officer or his or her delegate on recommendation of the head of the employing department or unit.

3.85 Administration: Obligations. Employees receiving Out-of-Agency Staff Development authorized by the System will be obligated to fulfill such terms and conditions as the chief administrative officer may prescribe, compatible with the nature and extent of the training or education.

3.9 Internship Training Program.

3.91 Definition: Internship training is intended to provide the type of learning experience that can be obtained only through actual work experience. Internship programs will normally be of a longer duration than training mentioned under the heading of Out-of-Agency Staff Development and In-Service Training and Education. This training will be provided to those individuals selected under the standards listed below in Subsection 3.95, Eligibility Requirements. This training will be provided on the basis of need of the System and to the extent funds are available.

3.92 Objectives: This type of training and education has a broader objective than other types of training in that it serves not only the System but also the State of Texas in the following ways:

3.921 It allows the System and/or the State of Texas to screen potential employees while simultaneously enjoying an advantageous recruiting position.

3.922 It facilitates the infusion of new people and new ideas into the information interchange which is continually taking place between state government and the System.
It will allow the System and/or the state to gain trained personnel who can carry a heavier work load in a relatively short period of time.

Internship programs produce a work product, although this is not the justification for any internship program.

Program Elements: Type I Internships are those that are within the System for non-employees of the state.

Type I Internships are held with the System by persons who are not employed by the state or the System.

Such internships relate to the educational program of the person serving the internship, which suggests that there will be a constant interchange and evaluation between both the System and the sponsor of the person's educational program.

These internships should be initiated only to the extent that the System can provide a meaningful working role and learning experience.

Type I Internships are not designed primarily to produce a work product. (Example: The employee of a private data processing equipment firm observing and being trained in the Data Processing Department of a component institution which serves as the training ground.)

Program Elements: Type II Internship Programs are for the State of Texas and/or System employees.

Type II(a) Internships provide for the State of Texas to be the trainee represented by a person in the employ of a state agency
other than the System. [Example: An employee of another state agency (State Auditor's Office) serving as an intern trainee with the System.]

3.942 Type II(b) Internships provide for the State of Texas to be the trainee represented by a person in the employ of the System. A Type II(b) Internship may be served either within the System or with another state agency. Employees on Type II(b) Internship status should be considered as employees of the System as they would if they were physically present on the job. (Example: An employee of a System component serving as an intern trainee at another System component or with another state agency, i.e., an accountant from a component business office serving as a trainee in the business office of another component or in the State Auditor's office.)

3.943 The primary objective sought by both of the Type II Internship programs is for the trainee to gain skills from the training agency and to promote the ability of persons to work with broader situations and more competently in the multi-levels of administration of the state or the System.

3.944 A "No Proselyting" agreement should be secured in both of the Type II Internship programs.

3.95 Administration: Eligibility Requirements.

3.951 Internship education and training authorized by the System will be conducted primarily for the benefit of the System.
3.952 Internship training and education must be approved by the chief administrative officer or his or her delegate on recommendation of the head of the employing department or unit.

3.96 Administration: Obligations.

3.961 Type I - No obligatory arrangement is required.

3.962 Type II - The following standards should be observed:

   3.9621 The need for these programs will vary according to skills required and the availability of pre-employment training within the State of Texas and/or the System.

   3.9622 The employee has an obligation to successfully complete the training program and should recognize that the State of Texas and the System will use this type of training as a continuation of the selection process.

   3.9623 Employees receiving internship training authorized by the System will be obligated to fulfill such terms and conditions as the System Personnel Director may prescribe, compatible with the nature and extent of the training or education.

Sec. 4. Other Regulations Concerning Personnel are Reported in Part One, Chapter III of the Rules and Regulations of the Board of Regents.

V - 34
31.3 Recommendation for, and appointment to, modified service shall be made only if the service of the individual will result in a significant benefit to the System or a particular component institution.

31.4 Appointment to modified service shall be without tenure, for not more than one academic year and shall not exceed one-half time. The notice provisions of Section 6.7 of this Chapter shall not apply to nonrenewal of such appointments. If the System or a component institution determines that it is to the benefit of the System or the institution, it may offer reappointment to modified service.

31.5 The duties, work load, salary rate or compensation of an individual on modified service shall be in accordance with policies and procedures of The University of Texas System or the component institution.

31.6 Upon recommendation of the appropriate Executive Vice Chancellor, the Chancellor and, when appropriate, the chief administrative officer of the affected component institution, the Board of Regents may, by unanimous vote of the members present, make exceptions to this Section in special cases when the Board finds that the services of a particular individual will be of unique benefit to the System or a component institution.

U. T. Board of Regents - Regents' Rules and Regulations, Part Two: Approval of Amendments to Chapter III, Section 10 (Travel Authorization, Reimbursement, and Institutional Regulations) and Authorization for the Executive Secretary to the Board to Make Appropriate Editorial Changes Therein.—Approval was given to amend the Regents' Rules and Regulations, Part Two, Chapter III, Section 10 (Travel Authorization, Reimbursement, and Institutional Regulations) as set forth below:

a. Present Section 10 (Absence from Usual and Regular Duties, Authorization for Absence, Including Travel, and Travel Expense Reimbursement) was deleted in its entirety.

b. A new Section 10 was added to read as follows:

Sec. 10. **Travel Authorization, Reimbursement, and Institutional Regulations.**

10.1 Authorization for Travel.—Authorization for travel from the city or town where the officer or employee is regularly stationed will be
Requests for authorization to travel for a period not in excess of twenty-nine days shall be transmitted through proper administrative channels to the chief administrative officer or designee for approval. A copy of approved travel requests shall be forwarded to the appropriate Executive Vice Chancellor for review and ratification.

Requests for authorization to travel for a period in excess of twenty-nine days (excluding holidays approved by the Board) shall be transmitted through proper administrative channels to the chief administrative officer or designee for approval. A copy of approved travel requests shall be forwarded to the appropriate Executive Vice Chancellor for review and ratification.

All travel (with the exception of travel to, in, and from the several States, United States possessions, Mexico and Canada) that will use funds appropriated by the Legislature for reimbursement must have the advance written approval of the Governor.

Requests for authorization to travel by administrative officers and staff of System Administration shall be approved by the Chancellor, appropriate Executive Vice Chancellor, or appropriate Vice Chancellor or designee.

Travel expenses shall be reimbursed only from funds appropriated or authorized for travel and pursuant to state law and regulations and approved institutional or System travel policies and procedures. The Chancellor, the Executive Vice Chancellors, the Vice Chancellors and the chief administrative officers shall plan the travel of all employees under their authority to achieve maximum economy and efficiency and are responsible for ensuring that the expenses
of transportation, meals, lodging, and incidental items are the lowest possible considering all relevant circumstances.

10.22 Allowances for meals and lodging (including per diem), transportation and related expenses shall be guided by the following as appropriate: provisions of the current Appropriations Act; the Travel Regulations Act of 1959 (Article 6823a, VTCS), as amended; business procedure memoranda issued by the Vice Chancellor for Business Affairs; approved institutional or System travel regulations; terms of grants and contracts which provide reimbursement; and restrictions placed on expenditures from the institutional source reimbursing the travel.

10.3 Institutional and System Administration Travel Regulations.--- Component institutions and System Administration shall issue travel regulations covering authorization for travel and reimbursement for approved travel to implement applicable provisions of state law and regulations and the provisions of this Section for the guidance of all personnel concerned. Following administrative approval by the appropriate Executive Vice Chancellor, each institutional policy will be included in the institutional Handbook of Operating Procedures.

Further, approval was granted for the Executive Secretary to the Board of Regents, in consultation with the Office of General Counsel, to make such editorial changes in the remainder of Chapter III of the Regents' Rules and Regulations as are necessary to conform to the foregoing amendments.
REPORT AND RECOMMENDATIONS OF THE FINANCE AND FACILITIES COMMITTEE (Pages 76 - 89).--Committee Chairman Moncrief reported that the Finance and Facilities Committee had met in open session to consider those items on its agenda and to formulate recommendations for the U. T. Board of Regents. Unless otherwise indicated, all actions set forth in the Minute Orders which follow were recommended by the Finance and Facilities Committee and approved in open session and without objection by the U. T. Board of Regents:

I. FINANCE MATTERS

1. U. T. System: Approval of Chancellor's Docket No. 48 (Catalog Change).--Upon recommendation of the Finance and Facilities Committee, the Board approved Chancellor's Docket No. 48 in the form distributed by the Executive Secretary. It is attached following Page 197 in the official copies of the Minutes and is made a part of the record of this meeting.

It was expressly authorized that any contracts or other documents or instruments approved therein had been or shall be executed by the appropriate officials of the respective institution involved.

It was ordered that any item included in the Docket that normally is published in the institutional catalog be reflected in the next appropriate catalog published by the respective institution.

Regent Ratliff abstained from voting on items within the Docket related to Exxon Corporation and Southwest Texas Electric Cooperative due to a possible conflict of interest.

2. U. T. Board of Regents - Regents' Rules and Regulations, Part Two: Approval to Delete Section 3 of Chapter V (Certain Provisions in Current Appropriations Act).--In response to deletion of a long-standing rider provision in the General Appropriations Act and promulgation of a formal policy of The University of Texas System concerning use of alcohol, approval was given to delete Section 3, Chapter V, Part Two of the Regents' Rules and Regulations (Certain Provisions in Current Appropriations Act) and to renumber subsequent sections of Chapter V as appropriate.

3. U. T. System: Adoption of Institutional Funds Investment Policy.--The 71st Legislature, Regular Session, 1989, approved Senate Bill 1342 which amended Section 2, Authorized Investments, of the Public Funds Investment Act of 1987 by broadening eligible investments to include commercial paper, bankers acceptances and money market mutual funds, among others. Section 5 of the Public Funds Investment Act of 1987 requires that all investments be made in accordance with written policies approved by the U. T. Board of Regents.

In order to incorporate S. B. 1342 into Regental policy and to comply with Section 5, the Board adopted the Institutional Funds Investment Policy for The University of Texas System as set out on Pages 77 - 82.
CHAPTER III

RECEIPT, CUSTODY, AND DISBURSEMENT OF MONEYS; ABSENCE FROM USUAL AND REGULAR DUTIES INCLUDING TRAVEL

Sec. 1. Receipts, Admission Tickets, and Charges.

1.1 No department, division, or individual staff member is authorized to receive money in the name of a component institution of the System unless authorized by the chief business officer and chief administrative officer.

1.2 An official receipt in the form prescribed by the chief business officer shall be issued to payors for all moneys received unless the chief business officer has specifically authorized exceptions for certain types of collections.

1.3 All moneys received shall be recorded and handled under appropriate internal accounting controls.

1.4 Admission tickets, including complimentary tickets, shall have the price of admission indicated thereon, and all such tickets shall be prenumbered, except for certain events where the section, row, and seat number are shown. Admission tickets and coupon books shall be purchased for delivery to the institutional business office and issued to the department concerned. Unused tickets or books shall be returned along with a prescribed ticket report to the business office within 30 days from the date of the event, and a list showing the names of all persons receiving complimentary tickets shall be a part of the prescribed ticket report. The chief business officer may authorize an exception to the 30-day time limit for submitting ticket reports for a specified event or series of events, provided that the exception must be in writing, and must specify both the reason for the exception and the alternate due date for those ticket reports.

REPORT AND RECOMMENDATIONS OF THE FINANCE AND AUDIT COMMITTEE
(Pages 20 - 21).--Committee Chairman Roden reported that the
Finance and Audit Committee had met in open session to con-
sider those matters on its agenda and to formulate recommend-
dations for the U. T. Board of Regents. Unless otherwise
indicated, the actions set forth in the Minute Orders which
follow were recommended by the Finance and Audit Committee
and approved in open session and without objection by the
U. T. Board of Regents:

1. U. T. System: Approval of Chancellor's Docket No. 43
   (Catalog Change).--Upon recommendation of the Finance
   and Audit Committee, the Board approved Chancellor's
   Docket No. 43 in the form distributed by the Executive
   Secretary with the exception of Item 30 on Page HD-43
   which was withdrawn. It is attached following
   Page 134 in the official copies of the Minutes and
   is made a part of the record of this meeting.

   It was expressly authorized that any contracts or other
documents or instruments approved therein had been or
shall be executed by the appropriate officials of the
respective institution involved.

   It was ordered that any item included in the Docket
that normally is published in the institutional catalog
be reflected in the next appropriate catalog published
by the respective institution.

   Regent Hay abstained from voting on items within the
Docket related to Exxon Corporation due to a possible
conflict of interest.

2. U. T. Board of Regents - Regents' Rules and Regulations,
Part Two: Amendments to Chapter VI, Sections 4 (Group
Hospitalization and Medical Benefit Plan) and 6 (Health
Maintenance Organizations) and Repeal of Procedures for
Inclusion of Health Maintenance Organizations.--Approval
was given to amend the Regents' Rules and Regulations,
Part Two, Chapter VI, Sections 4 (Group Hospitalization
and Medical Benefit Plan) and 6 (Health Maintenance
Organizations) to read as set forth below:

Sec. 4. Group Hospitalization and Medical Benefit Plan.

   4.1 A person employed at least one-half time
for at least four and one-half months
may elect optional group hospitalization
and medical insurance coverage under a
System-wide contract approved by the
U. T. Board of Regents.

   4.2 Employees who do not enroll within 60 days
of eligibility may do so only in the
annual enrollment period during the month
of September.

   4.3 The anniversary date of the contract is
September 1 of each year.

   4.4 An employee enrolled for group hospitali-
zation and medical coverage is automati-
cally enrolled for group dental coverage.
4.5 To ensure that all carriers have an opportunity to bid, The University of Texas System shall advertise its intent to solicit bids on its employee Group Insurance Program. Specifications encompassing at least the basic coverage standards shall be submitted to any authorized carrier responding to the advertisement; expressing an interest in bidding on the Group Insurance Program; or requesting the specifications.

Sec. 6. Health Maintenance Organizations.

6.1 The Vice Chancellor for Business Affairs, with the concurrence of the Executive Vice Chancellor for Health Affairs and the Executive Vice Chancellor for Academic Affairs, will review and analyze bid specification responses submitted by qualified organizations and recommend health maintenance organizations to the U. T. Board of Regents for award of contracts to provide HMO services. Recommendations will include consideration of requirements of federal and state law concerning the HMO option.

6.2 A person eligible to enroll in the group hospitalization and medical benefit plan may, as an option, elect to enroll in a health maintenance organization under a contract approved by the U. T. Board of Regents.

6.3 Employees who do not enroll within 60 days of eligibility may do so only in the annual enrollment period during the month of September.

6.4 The anniversary date of the contract is September 1 of each year.

6.5 An employee enrolled in a health maintenance organization is automatically enrolled for group dental coverage.

These amendments clarify procedures to bid the employee group insurance plan and institute similar competitive bid procedures for the selection of health maintenance organizations, an option required by federal law.

Further, the Board repealed the current Procedures for Inclusion of Health Maintenance Organizations since the amendments to Section 6 (Health Maintenance Organizations) obviated the need for a separate U. T. Board of Regents' policy.

Dear Art:

I appreciated your note accompanying the "reissue" of UT System's Rules and Regulations, which has prompted us to make a quick review of the statutes. With the exception of two, requiring that we keep policies on academic workload (TEC 51.402) and faculty development leave (TEC 51.108b), we are unable to find a statutory mandate for retaining rules and regulations which govern the System.

In the future we would prefer receiving copies of changes in only those two policies for our retention. Therefore, you may discontinue providing a full set of your rules and regs for our staff and send the copies intended for the LBB and the Governor's Budget Office directly to them.

Sometimes it takes only the questioning of a procedure to bring to mind more efficient and better methods for obtaining the desired result. Thanks for bringing this to our attention.

Cordially,

Kenneth H. Ashworth

OF THE

BOARD OF REGENTS

THE UNIVERSITY OF TEXAS SYSTEM

FOR THE GOVERNMENT OF

THE UNIVERSITY OF TEXAS SYSTEM

PART TWO

Reissued as of June 1, 1988
(with Amendments to October 7, 1988,
and Editorial Amendments to October 1988)
Sec. 2.  **Accounting.**

2.1 The financial records of the System shall be kept as nearly as practicable in accordance with the recommendations set forth in "College and University Business Administration, Fourth Edition," (1982) and the most recent supplements published by the National Association of College and University Business Officers. Where those recommendations conflict with statutes or with regulations of the Texas Higher Education Coordinating Board, the latter shall be controlling.

2.2 All accounting records and procedures shall be subject to the approval of the chief business officer and the Vice Chancellor for Business Affairs or his or her delegate.

2.3 The business office of each component institution shall be the central office for accounting control for all financial transactions of the institutions. The chief business officer shall confer with departmental and administrative officials and instruct them concerning the records of financial transactions to be kept by the departments, as indicated in the next subsection.

2.4 Each person directly responsible for a department or other administrative unit (hereinafter called "department head") shall keep an account of funds and property for which he or she is responsible, as detailed as necessary to supplement the business office records.

Unless otherwise indicated, the actions set forth in the Minute Orders which follow were recommended by the Finance and Audit Committee and approved in open session and without objection by the U. T. Board of Regents:

1. U. T. System: Approval of Chancellor's Docket No. 42 (Catalog Change).—Upon recommendation of the Finance and Audit Committee, the Board approved Chancellor's Docket No. 42 in the form distributed by the Executive Secretary. It is attached following Page 1 in the official copies of the Minutes and is made a part of the record of this meeting.

It was expressly authorized that any contracts or other documents or instruments approved therein had been or shall be executed by the appropriate officials of the respective institution involved.

It was ordered that any item included in the Docket that normally is published in the institutional catalog be reflected in the next appropriate catalog published by the respective institution.
