Sec. 6. Limitation of Nonresident Enrollment in Professional Schools. -- The current appropriation bill provides that none of the money appropriated by this Act, regardless of the source or character of such money, may be expended for the establishment, operation, or maintenance, or for the payment of any salaries to the employees in, any wholly or partially state-supported medical, dental, or law school (a) which imposes a limitation on the number of students that it admits, (b) which in an academic semester denies admission to one or more Texas residents who apply for admission and who reasonably demonstrate that they are probably capable of doing the quality of work that is necessary to obtain the usual degree awarded by such school, and (c) which in the same academic semester admits, as either beginning or transfer students, nonresidents of the State of Texas in a number greater than 10% of the beginning or transfer group of which such nonresidents are a part. By the provisions of this paragraph it is intended to withhold funds appropriated by this Act from state-supported medical, dental, and law schools which limit their enrollments and which fill more than 10% of their classes with nonresident students, when the result of admitting each such nonresident is thereby to deny admission to a qualified Texas applicant. Provided, however, that the ten per cent (10%) limitation stated above shall not apply to students who were accepted for admission to any State supported professional school for the Fall 1968 Semester on or prior to July 3, 1968.
