FOR THE GOVERNMENT OF THE UNIVERSITY OF TEXAS

THE UNIVERSITY SYSTEM

PART ONE

1960

Adopted by the Board of Regents on January 23, 1960
(with Amendments to September 24, 1960)

Copy No. 1146
Explanatory Statement

The Rules and Regulations contained in this volume are those which apply generally to the entire University. They are to be known as "The University Rules and Regulations" to distinguish them from the rules and regulations for each component institution of the University published in separate volumes and entitled "Institutional Supplement for . . ."

This volume is divided into two parts: Part One contains those rules and regulations which may be amended by the Board of Regents only after thirty days' notice or action at two duly called meetings; the rules and regulations of Part Two may be amended without such prior notice or action.

These Rules and Regulations are published in loose-leaf form to facilitate their being kept current. The Secretary of the Board of Regents will maintain a central record of distribution of serially numbered copies, which shall be assigned to offices or individuals by title upon designation by the Chancellor, subject to recall and reassignment. As promptly as possible after an amendment is approved, the Secretary will distribute corrected pages to replace those no longer current.

7.42 Attendance of representatives other than institutional heads will be required only when essential or when authorized by the Chancellor.

7.5 Matters to be Referred to Committees. -- The Board, in all cases when practicable and desirable, before taking action on any subject or measure coming clearly within the sphere of the duties of any standing committee, shall refer the same to the proper committee, which shall report its recommendations to the Board.

The regular channel of communication from the faculty, officers, and staff members to the Board shall be through the Chancellor and shall be in duplicate. Communications sent directly to the Board members shall be acknowledged, if desired, and, if deemed necessary by the recipient, immediately referred to the Chancellor with a copy to the Chairman of the Board, for appropriate action. Nothing herein shall be
construed to prevent members of the Board of Regents from informing themselves as to their duties and obligations in such a manner as they may deem proper. The regular channel of communication with members of the Board is through the Chancellor; however, each Board member shall determine the propriety of any direct approach to him by any employee of the University. All staff proposals shall be presented to the Chancellor in sufficient time to permit him to consider them, make recommendations thereon, and assign them to committees of the Board or transmit them to the Chairman of the Board no later than ten days prior to the next meeting of the Board. Except where emergency proposals are involved, all staff proposals not submitted to the Chancellor within the time prescribed shall not be considered by the Board but shall automatically be deferred until the next meeting of the Board.

7.62 Notice of desire to appear before the Board shall be filed in duplicate with the Chancellor at least ten days prior to the meeting of the Board, and a copy shall be sent to the Chairman of the Board at least three days prior to such meeting.

Copies of all official communications from administrative officers to the Regents shall be sent to the Secretary. Communications from the Chancellor shall be exempt from this requirement at his discretion.

7.64 A docket, including items related to Central Administration and each component institution, summarizing routine matters requiring either advance approval or postapproval of the Board of Regents in accordance with established policies of the Board shall be prepared as directed and approved by the Chancellor and shall be transmitted to the members of the Board in advance of each meeting. Policy matters, changes in the rules and regulations of the Board, and other matters other than of routine nature shall be listed on the agenda compiled by the Secretary of the Board when such items have been approved by the Chancellor or the Chairman of the Board, or when specifically requested by a member of the Board. The docket shall be referred to and approved by the Academic and Developmental Affairs Committee.

7.65 All matters to be considered by the Board at any meeting shall be mailed or delivered to each member of the Board of Regents customarily at least ten days in advance of the meeting at which they are to be considered. Each such matter shall be accompanied by a summary of the facts pertaining thereto, the needs for action thereon, and the Chancellor's recommendations. Where financial matters are involved the summary shall show the method of competition, if any, the names and offers of all interested parties, and generally sufficient information to show the reasons for and fairness of each transaction. The Chancellor's recommendations shall state whether or not they are
fully concurred in by any institutional head involved, and if not, the views and recommendations of the institutional head shall be included. Any opposing views to the Chancellor's recommendations shall be fairly stated to the Board committee considering the matter or to the Committee of the Whole either in writing or orally as the Chancellor may direct prior to official Board action on the matter. Any matter not sent to the members of the Board of Regents, documented as herein provided, at least five days in advance of the meeting at which it is to be considered shall go over to the next meeting for consideration; provided, however, that if sufficient emergency exists requiring immediate action, and it appears that the delay was unavoidable, this requirement may be waived by a two-thirds vote of the Board upon recommendation of the appropriate committee.

7.7 Report to Press on Actions of Board. -- Matters of public interest will be given, as promptly as possible after each meeting, to the Press by the Director of News and Information Service under the direction of the Chairman of the Board or the Chancellor, with the knowledge of the institutional head.

7.8 Political and Otherwise Obviously Controversial Matters. -- The Board of Regents reserves to itself the responsibility for passing upon matters of a political or otherwise obviously controversial nature which represent an official position of the University or any institution or department thereof. Statements on such matters as the Board may deem advisable to make shall be made through the Chairman of the Board or the Chancellor. No Regent, officer, or faculty or staff member shall make or issue any public statement on any political or other subject of an obviously highly controversial nature which might reasonably be construed as a statement of the official position of The University of Texas or any institution or department thereof, without the advance approval of the Board of Regents. The intent of this policy statement is not to stifle the right of freedom of speech of anyone speaking in a personal capacity where he makes it clear that he is not speaking for the University. Matters of an emergency nature shall be cleared through the Chancellor with the Chairman of the Board of Regents.
CHAPTER II

ADMINISTRATION

Sec. 1. Component Institutions. -- The University of Texas is composed of the following: the Main University, Austin, which includes the Institute of Marine Science at Port Aransas and the McDonald Observatory at Fort Davis; the Medical Branch, Galveston; the Dental Branch, Houston; the M. D. Anderson Hospital and Tumor Institute, Houston; Southwestern Medical School, Dallas; Texas Western College, El Paso; the Postgraduate School of Medicine with headquarters in Houston and divisions at locations as may be determined by the Board of Regents; and such other colleges, schools, research agencies, or other educational activities as may from time to time be constituted by law a part of The University of Texas.

Sec. 2. Administrative Authority.

2.1 The Chancellor of the University is the chief administrative officer of The University of Texas system. The chief administrative officer of each component institution in the system, acting in a line capacity for the operations of his institution, reports only to the Chancellor, and is responsible to the Chancellor and through him to the Board of Regents.

2.2 It is the responsibility of the Chancellor, in turn, to keep the institutional heads fully apprised concerning policies and decisions which may affect their respective institutions.

Sec. 3. Officers of Central Administration.

3.1 The principal officers of the Central Administration staff are: Chancellor (ex officio), Vice-Chancellor (Administrative Services), Vice-Chancellor (Developmental Services), Vice-Chancellor (Fiscal Affairs), Comptroller, Endowment Officer, and Budget Officer.

3.2 Officers of the Central Administration, other than the Chancellor, serve primarily as staff officers for the entire system. In that capacity, each officer is responsible for planning and policy formulation in his particular field and each serves as adviser in his area to the Chancellor. In addition, each Central Administration officer is expected to advise and consult with the officials of the component institutions in his particular field of competence.
3.3 Officers of Central Administration may be assigned line responsibilities by the Chancellor and the Board of Regents and may, by specific delegation of the Chancellor, be assigned executive responsibilities for administrative policies as the personal representative of the Chancellor.

3.4 The Central Administration shall be based at the Main Campus at Austin, to benefit from the proximity of State agencies and to take advantage of economies availed by shared use of Main University fiscal and service departments. The Central Administration senior officers shall be expected to travel to the other component institutions as their administrative responsibilities require. Although the Chancellor shall normally act through institutional heads regarding the affairs of any component institution of The University of Texas system, this delegation of authority does not preclude his direct participation when circumstances warrant.

Sec. 4. Administrative Officers of the Component Institutions.--The chief administrative officers of the component institutions are: President of the Main University, Executive Dean and Director of the Medical Branch at Galveston, President of Texas Western College, Director of the M. D. Anderson Hospital and Tumor Institute, Dean of the Dental Branch, Dean of the Southwestern Medical School, and Dean of the Postgraduate School of Medicine.

Sec. 5. Appointment and Tenure of Administrative Officers.

5.1 The Chancellor of the University shall be elected by affirmative vote of a majority of the Regents in office. He shall hold office without fixed term subject to the pleasure of the Board of Regents.

5.2 All other officers of The University of Texas shall be elected by the Board of Regents pursuant to nomination by the Chancellor. Officers so elected shall not have tenure by virtue of their respective offices. They may be dismissed by the Chancellor for cause, subject to review by the Board of Regents.

Sec. 6. Duties and Responsibilities of the Chancellor.

6.1 The Chancellor of The University of Texas is the chief administrative officer of the University system. He advises and counsels with the Board of Regents in establishing and promulgating basic policies for the government and operation of the University.

6.11 Specifically, his responsibilities include:

6.111 Acting as executive agent of the Board of Regents in implementing policies of the Board.

6.112 Recommending budgets for the operation of the University system.

6.113 Nominating to the Board of Regents the officers of Central Administration and the chief administrative officers of the component institutions.
6.114 Acting as the official medium of communication between the Board of Regents and the officers, staffs, faculties, and students of the component institutions of the University.

6.115 With the aid and advice of the Board of Regents, representing the University with the Legislature.

6.116 Serving as an ex officio member of all institutional faculties of The University of Texas.

6.117 Serving as chief executive agent of the Board of Regents in establishing policies and procedures for determining and approving developmental needs of The University of Texas and in directing efforts to attract private fund support for meeting these needs.

6.12 The Chancellor reports to and is responsible to the Board of Regents.

Sec. 7. Duties and Responsibilities of the Officers of Central Administration.

7.1 The Vice-Chancellor (Administrative Services) is a line officer who, under delegation from the Chancellor, is to represent, with the aid and advice of the Board of Regents, the University in its relations with the Legislature, State agencies, and other higher education institutions. Upon delegation by the Chancellor, he executes administrative policies of Central Administration relating to the component institutions and serves as the personal representative of the Chancellor. As a staff officer, he is to advise the Chancellor on administrative organization, on legislative matters, and on relationships with State agencies and with other institutions of higher education.

7.2 The Vice-Chancellor (Developmental Services) is a staff officer whose duties and responsibilities include both staff and administrative functions.

7.21 As a staff officer, his general function is to advise the Chancellor on developmental planning and public relations for the University system. Specifically, he is expected to assist in (a) the formulation of policies and procedures, and (b) the development of improved practices in long-term planning of facilities and programs (including suggestions for financing specific projects), public and alumni relations, and in administrative organization.

7.22 As an administrative officer, he has supervisory line responsibility over the following offices: (a) News and Information Service (It is understood that news releases regarding component institutions are to be cleared in advance with the heads of those institutions.) (b) Studies and Planning Office. Subject to delegation by the Chancellor in specific instances, he has executive authority for:

7.221 Coordinating and collecting planning information; direction of specific planning studies.
7.222 Maintaining liaison with University alumni associations.

1.2 All appointments shall be made on the basis of merit.

1.3 The executive heads of the component institutions shall investigate thoroughly the character, integrity, scholastic attainment, etc., of prospective members of their staffs before nominating them to the Chancellor and the Board, or before exercising any delegated authority for making appointments.

1.4 The executive heads of the component institutions shall not nominate or appoint, nor will the Board approve the appointment of, any person whose conduct or views are not exemplary; and the Board may inquire, or authorize inquiry, into family history and health, personal and moral character.

1.5 As provided in the Constitution of the State of Texas, Article I, Section 4, and by statute, no religious qualification shall be required for appointment to any office or position connected with The University of Texas.

1.613 He is not, and during the preceding five-year period has not been, a member of any "Communist political organization" or "Communist front organization."

1.62 It shall be the responsibility of the institutional business officer, and through him the responsibility of the institutional head, to ascertain that each new employee has executed the required oath or affirmation before assuming the duties of his position, or receiving compensation.

The examination and the X-ray may be made at the health service of the component institution at which the applicant will be employed, if such service exists. Reports of physical examinations shall be filed as determined by the institutional head.

Sec. 2. Classified Personnel Systems

2.1 The Rules and Regulations of each of the component institutions, except the Postgraduate School of Medicine, shall provide for a classified personnel system covering all positions not entailing significant instructional responsibilities or responsibilities for administration of instructional or research activities. These systems shall be as nearly uniform as possible, and shall include a schedule of class titles, job specifications for each class, a schedule of pay ranges, and policies and rules relating to personnel administration.

2.2 All appointments of classified personnel shall be made within appropriate salary ranges and on salary steps as defined by the classified personnel program approved by the Board of Regents for the particular component institution.

2.3 The system-wide rules as to classified personnel are found in Part Two, Chapter V, Section 1.

D. Anderson Hospital and Tumor Institute, or (4) they are employed as librarians at the Main University.

3.21 No alien shall be employed on government research contracts without express approval of the Board of Regents unless such person has security clearance by the Federal Bureau of Investigation or other equivalent agency.

3.22 Where the contract for government research does not otherwise prohibit such employment, a foreign student may be employed upon certification by the Director of the International Office at the Main University and by an appropriate administrative officer at the other component institution that the student's visa has been examined and found to be in order and that the student has the approval of the immigration authorities to accept such employment.

Sec. 4. **Code of Ethics.** — Each employee, under State law, shall be furnished a copy of the Code of Ethics bill, which prescribes the following standards of conduct for University employees:

4.2 If an employee of the University owns a controlling interest in a corporation, firm, partnership, or other business entity which is under the jurisdiction of any State regulatory agency, he shall file a sworn statement with the Secretary of State disclosing such interest.

4.3 No employee of the University shall use his official position to secure special privileges or exemptions for himself or others, except as may be otherwise provided by law.

4.4 No employee of the University shall accept employment or engage in any business or professional activity which he might reasonably expect would require or induce him to disclose confidential information acquired by him by reason of his official position.
4. 5 No employee of the University shall disclose confidential information gained by reason of his official position, nor shall he otherwise use such information for his personal gain or benefit.

4. 6 No employee of the University shall transact any business in his official capacity with any business entity of which he is an officer, agent, or member, or in which he owns a controlling interest.

4. 7 No employee of the University shall make personal investments in any enterprise which will create a substantial conflict between his private interests and the public interest.

4. 8 No employee of the University shall accept other employment which might impair his independence of judgment in the performance of his public duties.

4. 9 No employee of the University shall receive any compensation for his services as an employee from any source other than the State of Texas, except as may be otherwise provided by law.

Sec. 5. Appointment of Relatives (Nepotism Rule).

5. 1 Whenever an appointment is made, either on a full-time or part-time basis, it shall be made solely with regard to the special fitness of the appointee, subject to the Penal Code, 1925, Articles 432, 433, 434, 435, and 437, and the Revised Civil Statutes, 1925, Article 5996, and amendments thereto; and subject also to the provisions of this section.

5. 2 Unless otherwise specifically stated, a relative shall be defined as a person related within the first degree of affinity or the second degree of consanguinity, according to the common law.

5. 21 The first degree of affinity includes the spouse of the employee, and the parents, children, brothers and sisters of the employee's spouse. The second degree of consanguinity includes the parents, children, brothers and sisters, grandparents, uncles and aunts, first cousins, nephews and nieces, and grandchildren of the employee.

5. 22 The second degree of affinity includes the grandchildren of employee's spouse, and the nephews, nieces, uncles, aunts and first cousins of employee's spouse. The third degree of consanguinity includes the great-grandson, great-grandfather, great-uncle, great-aunt's children, second cousin, first cousin's children, and grand-nephew of the employee.

5. 3 Restrictions on Appointments.

5. 31 No relative, within the second degree of affinity or the third degree of consanguinity, of a member of the Board of Regents will be considered for appointment, but such person will be considered
for reappointment in those cases where the appointment was ante-
cedent to the Board member's appointment.

5. 32 No person shall be initially appointed even temporarily when it
is the duty of a relative on the University staff to act in some
official capacity upon the appointment.

5. 33 No person shall be initially appointed even temporarily in any
department or similar subdivision if he has a relative in that
department or subdivision holding an academic rank of instructor
or higher or occupying a nonteaching position with a monthly
salary rate of $450 or more.

5. 34 No person, any relative of whom holds an academic rank of instruc-
tor or higher or occupies a nonteaching position with a monthly
salary rate of $450 or more at one of the component institutions
of The University of Texas, shall be appointed even temporarily
to an equal or higher position in either category in another depart-
ment or subdivision of the same institution, except by specific
petition approved in advance by the appropriate administrative
officials and the Chancellor, with subsequent report to the Board
of Regents; provided, however, if any such proposed appointment
involves tenure, prior approval of the Board of Regents is required.

5. 35 Simultaneous initial appointments of two persons to positions in
the same institution shall not be made if either appointment is to
an academic position of instructor or higher or to a nonteaching
position with a monthly salary rate of $450 or more.

5. 36 When two persons holding positions with the University marry,
both may not continue to hold such positions beyond the current
fiscal year, if the employment of married persons to such
positions initially would violate these regulations.

5. 37 No promotion or salary increase may be granted to an employee
who has a relative occupying a position with the University except
in accordance with these regulations governing initial appointment.

5. 38 Relationship shall not be a bar to honorary positions or to non-
remunerative positions.

5. 4 General Provisions.

5. 41 The provisions of the antinepotism rule apply to all programs
administered under the Board of Regents.

5. 42 For the purpose of administering these provisions, an employee
occupies his position from the date at which his employment
begins until his connection with the institution is formally termi-
nated.

5. 43 In an emergency, the head of each component institution of The
University of Texas, acting upon the affirmative advice from the
Administrative Council or similar body at the institution, is
authorized to suspend in individual cases the regulations stated
above, the suspension in no case to extend beyond the end of the
current fiscal year. Such temporary suspension shall carry no
implication of tenure and shall be reported to the Chancellor and
the Board of Regents in the next docket.
5.44 In extraordinary cases where the interest of the University will be best served thereby, the Board of Regents, upon special petition from an institutional head approved by the Chancellor, may suspend these regulations except as to the appointment of any relative of a Regent, the Chancellor of the University, or the head of any component institution. (Amendment No. 1, Meeting No. 589, July, 1960)

Sec. 6. Tenure, Promotion, and Termination of Employment.

6.1 By statute, "The Regents shall have power to remove any professor, tutor or other officer connected with the institution, when, in their judgment, the interest of the University shall require it." (Article 2586, Vernon's Civil Statutes)

6.2 The principles governing tenure and promotion are specified for each component institution in the Institutional Supplement applicable to that institution.

6.3 Termination by an institution of the employment of a faculty member who enjoys continuing appointment and of all other faculty members before the expiration of the stated period of appointment, except by resignation or retirement for age in accordance with these rules, will be only for good cause shown. In each case the issue will be determined by an equitable procedure, affording protection to the rights of the individual and to the interests of the University.

6.31 An institutional head may for grave cause suspend an accused faculty member pending immediate investigation or speedy trial as hereinafter provided.

6.32 In cases of incompetency, gross immorality, or felony, where the facts are admitted, summary dismissal will follow.

6.33 In cases where other offenses are charged, and in all cases where the facts are in dispute, the accused faculty member will be informed in writing of the charges against him, which, on reasonable notice, will be heard by a special trial committee whose composition is prescribed in the Institutional Supplement for the institution concerned.

6.331 In every such hearing the accused will have the right to appear in person and by counsel of his own selection and to confront and cross-examine witnesses who may appear against him.

6.332 He shall have the right to testify, but may not be required to do so, and he may introduce in his behalf all evidence, written or oral, which may be relevant or material to his defense.

6.333 A stenographic record of the proceedings will be taken and filed with the Board, and such record shall be made accessible to the accused.
6.33 The Committee, by a majority of the total membership, will make written findings on the material facts and a recommendation of the continuance or termination of the accused faculty member's tenure. The Committee, by a majority of its total membership, may make any supplementary suggestions it deems proper concerning the disposal of the case. The original of such findings and the basic recommendation, together with any supplementary suggestions, shall be delivered to the Board and a copy thereof to the accused. If minority findings, recommendations, or suggestions are made, they shall be similarly treated.

6.34 The Board of Regents, by a majority of the total membership, will approve, reject, or amend such findings, recommendation, and suggestions, if any, or will recommit the report to the same committee for hearing additional evidence and reconsidering its findings, recommendation, and suggestions, if any. Reasons for approval, rejection, or amendment of such findings, recommendation, or suggestions will be stated in writing and communicated to the accused.

6.4 Dismissal or demotion of classified or nonteaching personnel will be only for good cause shown, as determined by appropriate administrative officers to whom this responsibility is delegated by the institutional head, and in case of such dismissal or demotion any appeal shall be reviewed by the institutional head.

Sec. 7. Rights and Responsibilities as a Citizen and as a Teacher.

7.1 The teacher is entitled to full freedom in research and in the publication of the results, subject to the adequate performance of his other academic duties.

7.2 The teacher is entitled to freedom in the classroom in discussing his subject, but he is expected not to introduce into his teaching controversial matter which has no relation to his subject.

7.3 The University teacher is a citizen, a member of a learned profession, and an officer of an educational institution supported by the State. When he speaks or writes as a citizen, he should be free from institutional censorship or discipline, but his special position in the community imposes special obligations. As a man of learning and an educational officer, he should remember that the public may judge his profession and his institution by his utterances. Hence he should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make it plain that he is not an institutional spokesman. As a member of the staff of a State institution of higher education, he should refrain from involving the University in partisan politics.
Sec. 8. **The Greater Duties of a Member of the Teaching Staff.**

8.1 Common practice has fixed the greater duties of a member of the teaching staff so clearly that many institutions do not even list them among their regulations. They are:
8.11 Teaching in the classroom, laboratory, seminar, or ward.
8.12 Studying, investigating, discovering, and creating.
8.13 Performing curricular tasks auxiliary to teaching and research, e.g., serving on faculty committees, attending to administrative and disciplinary tasks, promoting diligence and honest work in the student body.
8.14 Influencing beneficially students and citizens in various extracurricular ways.

8.2 Performance as a teacher, as a scholar, as an administrator, and as an individual is valued greatly by the University, for in these four ways its work is chiefly done.

8.3 A state university being a public enterprise of maximum social importance, it is the duty of all persons connected with the University to be as civic-minded as possible. It is also a duty to cooperate with the Board of Regents in carrying out the purposes and policies of the Board which are deliberately considered, usually by both the Board and the several faculties, in accordance with law and designed to attain the best educational results with the resources available. The Regents, the Chancellor, the institutional heads, and other administrative officers are entitled to the cheerful acquiescence of all staffs in carrying out the policies duly adopted. At the same time, administrative officers are expected to listen with an open and appreciative mind to criticisms and suggestions coming to them from members of their staffs.

Sec. 9. **Acquaintance with, Conformity to, and Improvement of University Regulations.**

9.1 It is a specific and important duty of each member of the several teaching staffs to become acquainted with and to conform to all the rules and regulations relating to him and to the proper and orderly discharge of his work that are to be found set forth in both these Rules and Regulations and the institutional supplements; in catalogues, announcements of courses, and other official publications; in printed or other material regularly prepared for the use of the staff; and in minutes of the faculties.

9.2 It is also the specific duty of each member of the teaching staffs to consider the regulations and the routines in conforming to them and to propose what seem to be desirable changes in these regulations and routines to the appropriate faculty or official.
Sec. 10. Communications, Appeals, and Hearings.

10.1 Every member of a teaching staff has the right to propose changes in policies and procedures and to present arguments in support thereof.

10.11 Proposals should originate and follow routines as prescribed elsewhere in these Rules and Regulations or in the institutional supplements.

10.12 When a proposal has been approved or amended by the appropriate institutional officials, faculties, and head of the component institution, it shall then go to the Chancellor for recommendation to the Board of Regents if such action is required.

10.13 When a proposal has been approved or amended or rejected by the appropriate institutional officials, faculties, and the component institutional head, any member or group of members of the staff may present an appeal in opposition to the action of the majority or in opposition to the recommendation of the institutional official or the component institutional head, and this appeal, accompanied by reasons for and against the proposal, shall go through the prescribed administrative channels and shall be presented to the Board of Regents for final action. The deans and other institutional officials, the component institutional head, and the Regents may invite both sides for personal conferences and discussions.

10.14 An authorized routine for proposals, with the right of appeal, having been herein fixed, it follows that proposals shall always be made in accordance therewith.

10.2 The regular channel of communication with members of the Board is through the institutional head or the Chancellor; however, each Board member shall determine the propriety of any direct approach to him by employees of the University. Likewise, nothing in this section is intended to prohibit faculty and staff members from responding to direct requests from individual Regents, and in any such instance it is the responsibility of the Regent to determine whether he will report the matter to the institutional head and the Chancellor.

10.3 Every voting member of any faculty has the right and the duty to propose changes and to participate in debate in faculty meetings.

10.4 Appeals of classified (nonteaching) employees concerning conditions of employment must be made in keeping with the rules governing such employees.

Sec. 11. Communication with the Legislature and Other State Agencies or Officials. -- The Chancellor and the Board of Regents are the only proper channels through which recommendations concerning the administration of the University, as a whole or in any of its parts, should reach the Legislature or other State agencies or officials.
Sec. 12. **Office Hours.**--Members of the teaching staffs are expected to post on their office doors, and publish in any other manner required by the institutional head, office hours and conference periods most advantageous to students.

Sec. 13. **Outside Employment.**

13.1 Even in the case of members of the staff specifically engaged only in residence work, there exists an obligation, usually intermittent, to furnish expert knowledge and counsel for the public benefit free of charge, provided that the meeting of this obligation by a staff member does not interfere with his regular duties, and provided further that in meeting this obligation a staff member on full-time duty shall avoid undue competition with legitimate private agencies.

13.2 No member of the faculty or staff engaged in outside remunerative activities shall use in connection therewith the official stationery of the University or give as a business address any building or department of the institution.

13.3 No member of the faculty or staff shall accept employment which will probably bring him as an expert or in any other capacity into antagonism with the interests of the State of Texas.

13.4 Every member of the faculty or staff who gives professional opinions must protect the University against the use of such opinions for advertising purposes. That is, when he does work in a private capacity, he must make it clear to those who employ him that his work is unofficial and that the name of the University is not in any way to be connected with his name, exceptions being made of the name of the author attached to books, pamphlets, and articles in periodicals.

13.5 No member of the faculty shall accept pay from private persons or corporations for tests, assays, chemical analyses, bacteriological examinations, or other such work of a routine character, which involve the use of University property, unless advance permission has been obtained from the institutional head and provision has been made for compensation to the University.

13.6 Outside employment and consultation for full-time faculty and staff members may be approved when it is undertaken in conformity with the provisions in the institutional supplements.

Sec. 14. **Holidays.**

14.1 Members of the teaching staffs are entitled to all holidays for students listed annually in the official calendar of their respective institutions.

14.2 Regular salaried classified or other nonteaching personnel are entitled to such holidays as are provided by the Legislature in the then current
appropriation bill and as are approved annually by the Chancellor and the Board of Regents. (See the Classified Personnel rules in the institutional supplements.)

Sec. 15. Vacation.

15.1 Members of the staffs employed on a nine months' basis are regularly on duty during the long session, except where otherwise specifically provided. Between long sessions such members are not on duty unless they have received summer appointments, but they are expected to keep the institutional head advised of their addresses.

15.2 Vacations for classified and other nonteaching personnel on a regular salary basis shall be as provided by the Legislature in the then current appropriation bill and as approved by the Chancellor and the Board of Regents. (See the Classified Personnel rules in the institutional supplements.)

Sec. 16. Leaves of Absence without Pay.

16.1 With the interest of the University being given first consideration, and for good cause, leaves of absence without pay may be granted for a period within the term of appointment of a member of any faculty or staff.

16.2 The maximum unit period for which a leave of absence will be granted is the end of the fiscal or academic year in which the leave begins. In normal times, leaves for one year will be granted liberally, provided the department so recommends and can supply satisfactory replacements.

16.3 A second consecutive year of leave should not be requested except for military service, reasons of health, or continued graduate study. This provision will be interpreted liberally in the case of junior staff members working on advanced degrees.

16.4 Except in very unusual circumstances a third consecutive leave of absence for one year will not be granted. Such circumstances would now include extended military service or prolonged illness.

16.5 After a return to active duty of one year or more, the leave-of-absence privilege indicated by the revised rule will again be available.

16.6 The granting of a leave of absence does not affect in any way the tenure position of the grantee.

Sec. 17. Division of Salaries for Staff Engaged in Teaching and Nonteaching Activities. -- Each component institution shall develop policies covering budgetary division
of salaries for individuals whose employment is divided between teaching and nonteaching assignments subject to current statutory requirements or limitations. These policies shall be set forth in the institutional supplements.

Sec. 18. Sick Leave.

18.1 In cases where illness incapacitates a member of an institutional or professional staff of the University, arrangements for carrying on his usual duties must be made through appropriate administrative channels with the chief administrative officer of the institution.

18.2 In cases of illnesses of classified or other nonteaching personnel the rules and regulations for each of the several component institutions shall apply, subject to controlling provisions of State law.

Sec. 19. Leave for Jury Duty. --Necessary time off for jury duty is allowed without loss of pay or vacation leave.

Sec. 20. Absence from Usual and Regular Duties.

20.1 Authorization for any member of a faculty or staff of the University to be absent from his usual and regular duties will be granted only under the following conditions:
   20.1.1 When such absence is on State business, and
   20.1.2 When appropriate provisions are made to carry on the duties of the absent person without additional expense to the University; or
   20.1.3 In the case of military leave, not to exceed 15 calendar days each year.

20.2 Permission to be absent from usual and regular duties shall be obtained as prescribed in the Fiscal Rules (see Part Two hereof).

Sec. 21. Authorization to Travel.

21.1 Authorization to travel will be granted only under the conditions specified in the Fiscal Rules (see Part Two hereof).

21.2 A faculty or staff member whose usual duties do not require travel shall not absent himself from his regular place of work and his usual duties except with permission obtained according to the Fiscal Rules (see Part Two hereof).

Sec. 22. Compensation for Correspondence and Extension Teaching of Full-time Staff Members. --Compensation rates for correspondence courses and extension center teaching for full-time teachers on a nine months' basis or for other employees on a twelve months' basis shall be in accord with rates fixed by the then current appropriation bill. If not so fixed, they shall be set from year to year by the institutional head with the approval of the Chancellor. The provisions of this section shall also cover postgraduate medical courses.
Sec. 23. Textbooks and Other Materials Prescribed for the Use of Students.

23.1 The policy of the Board of Regents concerning textbooks and other materials prescribed for the use of students is as follows:

23.11 Although generally the individual instructor or the department should have wide discretion in the choice of materials to be used in the courses offered by the department, frequent changes in the textbooks prescribed should be discouraged and should be made only for cogent reasons.

23.12 Although the authorship of books, outlines, manuals and similar materials by members of the staff should be encouraged, the prescribed use of these for students is a responsibility that goes beyond that of the individual author. Where practicable and equitable, the charge for outlines, syllabi, and similar materials prescribed for the use of students should be borne by the instructional department concerned. Whenever a charge is authorized for such mimeographed or similarly processed materials, the prices should be as low as possible, consistent with the payment of a fair and reasonable royalty to the author or authors.

23.2 To carry out this statement of policy the following procedures are prescribed:

23.21 Any proposed change in the textbook of any course, within one year from the date of first adoption, shall be approved by the departmental faculty having jurisdiction, and a statement of the authorization with reasons therefor shall be transmitted by the chairman of the department through the dean to the institutional head.

23.22 Textbooks, notebooks, manuals, or other materials for the use of students, written or prepared by a member of an institutional faculty of the University, shall not be prescribed for the use of students in that institution or sold to such students until such books, notes, manuals, or materials shall have been approved, with reasons stated, by the departmental faculty, the dean or deans concerned, and transmitted to the institutional head for approval and inclusion in the next regular docket. All such requests shall indicate the proposed prices and profits, and their authorization shall be effective only to the end of the fiscal year (August 31) for which such approval has been given.

Sec. 24. Sectarian Courses Prohibited. No course of instruction of a sectarian character shall be taught at the University. (Article 2604, Vernon's Civil Statutes.)

Sec. 25. Acceptance of Money from Students.

25.1 Members of teaching staffs, without previous and special approval of the Board of Regents, shall not collect from students any fees or charges to be expended for institutional purposes, and shall not sell to students books, notes, or similar student supplies.
25. 2 A member of the staff of the rank of instructor or above may not accept pay for extra instruction or teaching of students registered in the University.

25. 3 With written approval, teaching assistants, assistants, and other like instructional employees below the rank of an instructor, may accept pay from students for extra-class instruction or coaching but only in courses or sections of courses with which they have no instructional connection. The Institutional Supplement of the component institution shall specify the procedure for approval at the institutional level.

Sec. 26. Power to Authorize Expenditures out of University Funds.

26. 1 No expenditure out of funds under control of the Board of Regents of The University of Texas shall be made and no debt or obligation shall be incurred and no promise shall be made in the name of the University or any of its component institutions or of the Board of Regents by any member of the respective staffs of the University except:

26. 11 In accordance with general or special budgetary apportionments authorized in advance by the Board and entered in its minutes; or

26. 12 In accordance with authority specifically vested by the Board in a committee of the Board; or

26. 13 In accordance with authority to act for the Board when it is not in session, specifically vested in some officer of the University by these Rules and Regulations or by special action of the Board. (Cf. Article 2594, Vernon's Civil Statutes.)

26. 2 It shall be the duty of the Auditor of the Main University and the several institutional business managers to see that all claims for payments of items not authorized as indicated above are refused and returned unpaid.

26. 3 There shall be no sale to or purchase from the University by any member of its staff unless same has been duly authorized by the Board and the details relating thereto have been entered in its minutes.

Sec. 27. Indebtedness to the University or the State. -- Neither salary payments nor any other payments shall be made to an employee, his agent or assignee, who is indebted to the University or to the State until such debt is paid.

Sec. 28. Power to Bind the University in Fixing Its Policies. -- No member of any staff in the University, as an individual or as a member of any association or agency, has the power to bind the University or any of its component institutions in fixing its policies unless such power has been officially conferred in advance by the Board of Regents. Any action which attempts to change the policies of the University or any of its component institutions, taken by any association or agency, shall be of no effect until the proposed action has been approved by the institutional head concerned and the Chancellor, and ratified by the Board of Regents.
Sec. 29. Institutional Employees as Students. -- The Institutional Supplement for each of the component teaching institutions shall express the institutional policy as to the amount of course work full-time and part-time employees shall be permitted to carry.

Sec. 30. Modified Service.

30.1 Members of institutional faculties or staffs will not be continued on their standard full-time service or full-time compensation rate beyond the end of the fiscal year that includes their seventieth birthday.

30.2 Faculty and staff members who have served the University for twenty years or more shall be continued after reaching the age of seventy on a reduced salary from the University and upon modified service until the Board of Regents, upon recommendation of the institutional head involved, determines that they shall retire completely from University service and compensation.

30.2.1 The salary rate for modified service shall be one-half the average regular salary rate for each individual during the five years of full-time service immediately preceding the academic year in which modified service begins. Adjustments in rate will be made to care for any general change in salary scale under policies developed from time to time by the component institutions and approved by the Chancellor and the Board of Regents.

30.22 The work load of a member placed on modified service shall be essentially one-half of his immediately previous full-time work load, but he may not continue, or be assigned, major administrative duties. Further provisions and limitations regarding the services of a person on modified service appear in the institutional supplements for the component institutions.

30.23 During the fiscal year in which the employee's seventieth birthday occurs and before the budget is prepared for the following year, and each year thereafter until full retirement, there must be an administrative determination of his fitness to fulfill his duties. The administrative procedure shall be prescribed in the Institutional Supplement for each component institution.

30.3 Members of institutional faculties and staffs who have served the University for twenty years, may, upon approval of the institutional head, change to modified service in the University at any time between the ages of sixty and seventy.

30.4 No person appointed to the staff of the University after the age of fifty shall have a right to modified service.

30.5 Members of institutional faculties and staffs who are not members of the Teacher Retirement System and those who have served less than twenty years may secure modified service status only upon special
recommendation of the institutional head and the Chancellor and approval by the Board, and such recommendation and approval must be made annually on the basis of institutional need.

30.6 In deciding when a member shall retire from all University service and compensation, the Board of Regents will consider his current capacity for work, his service to the University, and the retirement benefits to which he is entitled under the Teacher Retirement System of Texas and the Federal Social Security laws; with the expectation that for each voting member with at least twenty-five years of faculty membership in the University, modified service will be continued until the retirement benefits receivable are approximately equal to the amount that would be received under modified service.

30.7 Whenever such action appears to be to the advantage and best interests of the University, the Board of Regents, upon recommendation of institutional heads, may, by unanimous vote of the members present, make exceptions to this rule in special and extreme cases.

Sec. 31. Staff Benefits. --For other staff benefits, see Part Two hereof.
CHAPTER IV

FACULTY ORGANIZATION

Sec. 1. Educational Policy.

1.1 The Board of Regents will use its discretion and powers in efforts to make the institutions composing The University of Texas of the "first class," as the Constitution directs in Article VII, Section 10. The Board will be guided in general by the practices of the best universities in the United States and abroad, especially state universities.

1.2 The Board will not, except in extraordinary cases, act on important matters of educational policy until it has received, or requested and obtained, advice thereupon from the institutional faculty or faculties affected or their legislative bodies. When new policies originating in any faculty give rise to serious differences of opinion in that body, the advice and recommended legislation shall, at the request of the minority, be accompanied by a record of the vote and by a summary of the reasons for and against the matters proposed.

Sec. 2. Institutional, College, School, and Departmental Faculties and Legislative Bodies.

2.1 General Authority. --Subject to the authority of the Board of Regents, and subject further to the authority that the Board has vested in the various administrative officers and subdivisions of the University, the general charge of all component institutions regularly offering instruction shall be entrusted to their respective faculties within the following areas:

2.11 General educational policies and welfare.
2.12 Student life and activities.
2.13 Requirements of admission and graduation.
2.14 Honors and scholastic performance generally.
2.15 Approval of candidates for degrees.
2.16 Faculty rules of procedure.

2.2 Necessity of Approval by Regents. --Legislation by an institutional faculty, or legislative body thereof, requiring approval of the Board of Regents, shall not be effective unless approved by the Board. Such legislation by a college or school faculty shall not be presented to the
Board of Regents until it has been approved by the institutional faculty, either directly or through its legislative body. The faculty affected will be notified by the Board of Regents, through administrative channels, of its action on faculty legislation.

2.3 When Legislation Effective. --Except in the component institutions whose institutional rules and regulations specifically authorize a procedure for placing into effect emergency legislation without prior Board approval, institutional faculty legislation shall become effective only upon approval by the Board of Regents or at such later time as the Board shall specify. The secretary of the institutional faculty shall be notified of Board action and notice of such action shall be included in the official minutes of the faculty.

2.4 Approval of Degree Candidates. --It shall be the duty of the several institutional faculties to approve or disapprove all candidates for degrees. This duty may be delegated for any academic year by affirmative vote of the institutional faculty, or its legislative body, to the respective deans or other appropriate official. Should this duty not be delegated, then the institutional registrar, or his equivalent, shall furnish to the members of the institutional faculty a complete list of the degree candidates for approval.

2.5 List of Degree Candidates in Minutes. --The institutional registrar, as soon as possible after each commencement, shall provide the secretary of his institutional faculty, or its legislative body, with a complete list of all successful degree candidates, and the secretary shall insert the list in the minutes of the faculty.

2.6 Changes in Degree Requirements. --Changes in degree requirements shall not become effective until approved by the Board and published in the appropriate catalogue; provided, however, that students may be given the benefit of any action reducing or modifying the requirements for their degree immediately upon Board approval.

2.7 Other Rules in Institutional Rules and Regulations. --The membership of institutional, college, school, and departmental faculties and legislative bodies, their officials, authority, procedures, rules of order, and other matters pertaining to their functions and duties are specified in the rules and regulations of each component institution.

2.8 Faculty Minutes. --Copies of institutional faculty minutes, or of their legislative bodies, shall be available for use of members of the particular faculties individually, if desired; and shall be filed in the office of their secretaries, the institutional heads, the Chancellor, and the Secretary of the Board of Regents and in the institutional libraries.
CHAPTE R V

MISCELLANEOUS

Sec. 1. Students' Associations. --Students' associations previously authorized at the component institutions of the University are hereby approved and continued. They shall have such jurisdictions and shall exercise such powers as the Board of Regents, upon their request and with the approval of the institutional heads, may delegate to them.

1.1 Constitutions and Laws Approved. --The constitutions and laws of the several associations, in force at the date of adoption of these Rules and Regulations, are hereby approved, and the jurisdictions and powers therein set forth are hereby delegated by the Board of Regents to the several associations.

1.2 Mode of Amending Constitutions and Laws. --An amendment or addition to the constitution or laws of a students' association may be adopted by such association, in accordance with its constitution and laws but same shall not become effective until transmitted to and acted upon by the dean of student life, or his counterpart, at each institution and approved by the Board of Regents upon recommendation by the institutional head and the Chancellor.

1.3 Amendment or Repeal by Regents. --The Board of Regents has the power to amend or repeal any portion of the constitution and laws of a students' association when, in the judgment of the Board, the interests of the particular institution shall require it. The Board, however, will exercise this power, unless a very grave emergency exists, only after due consideration, notice, and consultation with the dean of student life, or his counterpart, at each of the institutions, the institutional head, the institutional faculty if need arises and the officers of the particular association.

1.4 Amendment or Repeal by Dean of Student Life. --The dean of student life, or his counterpart, at each institution, shall have the power, when in his judgment the interests of the institution require it, to amend or repeal, temporarily, any provision in the constitution or laws of the particular association, but his action shall be in force only until the next regular meeting of the Board of Regents, when Section 1.3 above, becomes applicable.
1.5 Salaried Employees Approved by Regents. --All persons employed on
salary officially by or under the direct supervision of a students' 
association shall be subject to approval by the institutional head, the 
Chancellor, and the Board of Regents, both as to salary and as to 
qualifications. Contemplated appointments shall be reported through 
the dean of student life, or his counterpart, at each institution, who 
shall transmit same with his recommendation to the institutional head.

1.6 Annual Financial Reports --Every officially recognized organization 
of a students' association shall make annually a complete financial report 
to the institutional business officer, and shall make such special reports 
as may be called for by him. A duplicate copy of each report shall be 
filed with the dean of student life, or his counterpart. Any student 
organization maintaining a budget in excess of $25.00 per annum shall 
make such reports of financial condition as may be required by the dean 
of student life, or his counterpart.

Sec. 2. The University of Texas Development Board.

2.1 Responsibilities of the Board of Regents and Administrative Officials of 
The University of Texas in Private Fund Development. --Among the 
most important responsibilities of the Board of Regents are those of 
establishing policies and procedures by which the developmental needs 
of The University of Texas can be determined and approved, and of 
directing vigorous efforts to attract private fund support for meeting 
these needs. For discharge of these responsibilities, as is true for 
other responsibilities of the Board of Regents, the Chancellor is to 
serve as the chief executive agent, with fund development a major obli-
gation, and the head of each component institution is to serve as chief 
executive officer in this regard for that unit as set forth in the manual 
of administrative organization for The University of Texas system.

2.2 Responsibilities and Duties of The University of Texas Development 
Board:

2.21 There is hereby established The University of Texas Develop-
ment Board, which is the agency responsible to the Chancellor, 
and through him to the Board of Regents, for all private fund 
development for the entire University system.

2.22 The Development Board shall, after conference with the Chancellor, 
recommend to the Board of Regents policies which shall govern 
activities and responsibilities in cultivating and securing private 
funds for the University, including such activities and responsi-
bilities of employees of the University.

2.23 No major fund development effort or decision not covered by 
previously adopted regulations of the Board of Regents shall be 
recommended by the Chancellor to the Board of Regents without 
prior advice thereupon by the Development Board, which advice 
shall be transmitted to the Board of Regents.
2.24 All fund-development agencies and organized fund development enterprises of the University shall be under the jurisdiction of the Development Board and shall operate under policies adopted by it and approved by the Chancellor.

2.25 The Development Board shall have particular responsibility for formulating and actively promoting support for both current and long-term programs designed to meet developmental needs of the University. The Chancellor shall lay before the Development Board at periodic intervals descriptions of current needs as determined by the Board of Regents, the University administration and the faculties, taking into account any such needs as the Development Board has recommended for consideration. The Development Board should also be continuously alert to gift possibilities not necessarily related to predetermined projects. The programs of activities formulated by the Development Board shall be submitted to the Chancellor and Board of Regents for information, and periodic reports of progress shall be made. It is expected that the continuing program of the Development Board will include vigorous cultivation and dissemination of information supporting gifts and endowments for the University.

2.3 Development Board Executive Office.
2.31 Within the Office of the Chancellor there shall be an officer responsible to the Chancellor and to the Development Board as its executive officer. He shall be appointed by the Chancellor only upon recommendation of the Development Board. He is to be an officer of Central Administration, charged solely with fund development activity, and subject to supervision, evaluation, and termination of employment by the Chancellor. The Chancellor, however, shall secure periodic evaluations of this officer's services from the Development Board and take these into full account in continuing employment and in according recognition for accomplishment. He shall have such title and rank as established by the Board of Regents upon recommendation of the Chancellor and the Development Board.

2.32 The Development Board executive officer shall have such staff and such operating funds as shall be determined from time to time by budgets recommended by him and the Board, endorsed by the Chancellor, and adopted by the Board of Regents. Duties of staff members shall be established by the executive officer.

2.4 Finances. -- Financial support of The University of Texas Development Board and the executive office shall be provided exclusively by appropriation of the Board of Regents. Such appropriation will be made by established budgetary procedures. The Board of Regents may accept gifts designated for use by the Development Board and make such funds available for Development Board expenditure.
2.5 General Policies.

2.51 The Development Board will seek to enlist the aid of numerous friends of the University in fund development efforts, and may establish such committees and other groups as seem desirable in carrying out its program.

2.52 The Development Board is to serve all component institutions of The University of Texas. It may establish advisory and action groups for each component institution with the advice and approval of the head of that component institution.

2.53 The Development Board will have jurisdiction over all internal foundations, and no such foundation shall be established or continued in existence except with the approval of the Chancellor. The executive officer of the Development Board shall be responsible for stimulating, guiding, and assisting the internal foundations and shall require suitable annual reports from each. All such activities shall be coordinated through the office of the respective institutional heads.

2.54 From time to time, special campaigns for specific objects may be conducted, with or without the assistance of private fund-raising counsel. Such campaign may originate upon recommendation by the Board of Regents, the Chancellor, or institutional head with the Chancellor's concurrence, or The University of Texas Development Board. No such campaign shall be authorized or undertaken, however, until the Development Board has recommended concerning it and those recommendations have been considered by the Board of Regents.

2.541 When a special campaign is to be conducted with funds as previously appropriated by the Board of Regents, joint approval by the Development Board and the Chancellor is sufficient authorization. Campaigns which require the expenditure of funds other than those appropriated, regardless of source, shall be authorized only by the Board of Regents.

2.542 When the Board of Regents authorizes a special campaign, it shall be under the direction of the Development Board, and any private fund-raising counsel employed shall be administratively responsible to the executive officer of the Development Board.

2.55 The Development Board shall be responsible for and conduct all fund-raising activities (as distinguished from membership enrollments) directed at ex-students of the University or for Ex-Students' Association purposes. It may delegate executive management of such activities to the Ex-Students' Association, under mutually agreeable guiding policies.

2.56 The Development Board shall recommend, and upon authorization of the Board of Regents, execute such recognitions of donors as appears wise.

2.6 Composition and Operation of The University of Texas Development Board.
2.61 The University of Texas Development Board shall consist of one member of the Board of Regents designated biennially by the Chairman, the Chancellor of the University, six members named by the Executive Council of The University of Texas Ex-Students' Association, and seven members named by the Board of Regents. Members other than those by virtue of office held shall serve for six-year terms, so staggered that the terms of two members appointed by the Executive Council of the Ex-Students' Association and two members appointed by the Board of Regents, shall expire on August 31 of each even-numbered year (on each third odd-numbered year, three instead of two Regental appointments shall be made). In selecting members, the Board of Regents and the Executive Council of the Ex-Students' Association shall give due consideration to geographical and component institution factors. Vacancies shall be filled by the original appointing agency.

2.62 The Development Board shall designate one of its members as Chairman, and shall provide for such other officers as it deems necessary. It shall adopt bylaws governing its operations and shall file them, and subsequent amendments thereto, with the Secretary of the Board of Regents. It shall cause accurate minutes of its proceedings to be kept, and file copies with the Secretary of the Board of Regents. It shall prepare an annual evaluation report on its activities, incorporating such recommendations as it cares to make, and transmit this report to the Chancellor and to the Board of Regents through the Secretary of the Board.

2.63 The Development Board shall conduct its operations to accord with policies and regulations of the Board of Regents, and shall make recommendations concerning modifications and additions to those policies through the Chancellor to the Board of Regents.

Sec. 3. Foundations. -- The following policies shall govern the creation and administration of foundations:

3.1 Internal Foundations.

3.11 That the establishment of internal foundations be limited to teaching divisions of the University and not include bureaus and other nonteaching divisions. This is not in any sense to be construed as excluding such bureaus or nonteaching divisions from seeking support from private sources through the Development Board as the authorized agency for correlating all fund-raising activities.

3.12 That the establishment of foundations for other than colleges or schools be limited to divisions and departments regarding which it can be clearly demonstrated that there exists actually or potentially the support of a strong business or professional group, such as exists in the case of the Geology Foundation of the Main University and the activities of which will not be in substantial conflict with the foundation which represents the school or college of which
the division or department is a part. It is believed that other divisions and departments which cannot meet these tests may effectively work as separate groups within the framework of the foundation which represents this school or college. The provisions now existing for the designation of special funds to be used for specific activities should continue within the framework of the various foundations. This opportunity to earmark funds obtained by specific groups should help to avoid stifling the interest and initiative of these groups.

3.13 That any foundation in addition to those now existing be authorized by the Board of Regents only after approval by the Development Board and by the Administration.

3.14 That the work of all internal foundations be considered a part of the work of the Development Board and that each such foundation, through its directing head and the institutional head, constantly cooperate with the Development Board office and keep the office informed of its activities; that it be the duty of the Development Board to cooperate with such foundations at all times and to stimulate their efforts by counsel, by personal contacts, and by providing promotional materials; and further that the foundations report periodically to the Development Board. Every effort should be made to permit free range of initiative within the foundations but in conformity with Development Board policies so as to permit maximum over-all achievements in fund raising.

3.15 That there be periodic reviews of the activities of each foundation to determine its effectiveness and provision made for its dissolution if it is unproductive over a reasonable length of time.

3.16 That internal foundations not necessarily be restricted to the Main University but be established at component institutions where conditions may warrant and the demand may exist, as, for instance, at the Dental Branch.

3.17 That there be established wherever practicable advisory councils to the foundations such as now exist for the Pharmaceutical Foundation and the Geology Foundation and that the Director of the Development Board be an ex officio nonvoting member of each such advisory council.

3.2 Authorized Internal Foundations:

3. 3  External Foundations.

3.31  That the establishment of external foundations over which the University has no control be prohibited in instances where the Administration and the Board of Regents have such authority, and in all other instances be discouraged.

3.32  That wherever such external foundations exist or come into being, the Development Board should establish a working relationship with the officials of the foundation and should seek to coordinate their activities in such a way as to bring them into line with the general policies of the Development Board and those of the Administration and the Board of Regents. Such coordination would not be intended to dampen the enthusiasm or alienate the affections of persons wishing to assist the University, but rather, if possible, to direct their energies through established University channels.

Sec. 4.  Naming of Buildings and Research Units (Including Laboratories and Clinics). -- Buildings and research units (including laboratories and clinics) of the University shall not be named in honor of a person because of distinguished service to the University, to Texas, or to the United States, until the bearer shall have been dead at least ten years and a nomination accompanied by reasons shall have been obtained from the institutional faculty by the Board; provided that the foregoing shall not necessarily apply when naming buildings and research units (including laboratories and clinics) donated to the University by individuals.

Sec. 5.  Flags at Half Mast. --Flags at any of the component institutions of The University of Texas shall be placed at half mast on the death of a Regent, the death of a member of the teaching or nonteaching staff or a student in residence at the institution, and at such other times as deemed appropriate by the institutional heads.

Sec. 6.  Medical and Hospital Services. --No medical or hospital services shall be provided by any component institution of The University of Texas to any person without compensation or reimbursement to The University of Texas except that in the cases of hospitals operated by The University of Texas,
which under the law are open to the general public, free or partly free medi-
cal and hospital services may be rendered to persons who are indigent and
who are able to offer proof that they are not financially able to pay either all
or any part of their hospital or medical expense.

Sec. 7. University Policy in Regard to Debts of Students.

7.1 The University is not responsible for debts contracted by individual
students or by student organizations. On the other hand, the Univer-
sity expects all students and student organizations to conduct themselves
honorably in all commercial transactions. The University will not
assume the role of a collection agency for organizations, firms, and
individuals to whom students may owe bills, nor will the University
adjudicate disputes between students and creditors over the existence
or the amounts of debts.

7.2 A student, however, is expected to perform his contractual obligations
and in the event of conduct on the part of a student clearly demonstrating
a flagrant disregard of his commercial obligations (refusal to pay or meet
admitted debts or obligations will be thus construed), action will be taken
appropriate to the age of the student and other circumstances:

GRADUATE EDUCATION IN THE UNIVERSITY SYSTEM

Sec. 1. Authority and Function. --The graduate program of The University of Texas system is under the general supervision and direction of the Chancellor, who may call upon any member of the Central Administration or other office to advise him concerning policy, plans, and operation. At each institution, the Graduate School or the graduate program is a responsibility of the institutional head, who reports concerning it to the Chancellor. The Chancellor may delegate to other members of the administration, central or institutional, authority and responsibility for specific aspects of planning and operation. Institutional heads affected by any delegation will be kept informed. The Graduate School and its constituent faculty and councils are actively responsible for the graduate program—graduate studies, membership in the Graduate Faculty, and other activities in graduate education. The graduate program, however, shall not include the M.D. and D.D.S. degrees at the medical institutions, nor the LL.B. and LL.M. degrees of the School of Law.

Sec. 2. The Dean of the Graduate School. --The Dean of the Graduate School shall be appointed upon recommendation of the Chancellor after consultation with the institutional heads. On matters of policy and planning exclusively related to the system-wide program in graduate education, he will advise the Chancellor directly. On matters exclusively related to the Main University Graduate School, he shall report to the President of the Main University. The Dean shall be the responsible administrative officer of the Graduate School, its office, the graduate education functions of its faculty, and its constituent councils and committees.

2.1 The Dean of the Graduate School shall keep the chief administrative officers of the component institutions affected, and the undergraduate deans of the schools or colleges of the Main University directly involved, fully informed at all stages in planning and development, and shall submit all recommendations of policy and action to the chief administrative officers of the institutions in any way concerned, who shall in turn transmit these recommendations to the Chancellor with their own comments and recommendations.

2.2 He shall consult and advise with the President in the preparation of the annual budgets of the teaching departments of the Main University and the research budgets directly related to graduate instruction at that
institution; and he shall consult and advise with the chief administrative
officers of the other component institutions concerning their graduate
teaching budgets and their research budgets which are directly related
to graduate instruction.

2.3 Research assignments or grants at the Main University involving reduced
teaching loads recommended by the Graduate Dean, or by committees
or councils responsible to him, shall have the prior approval of the dean
of the undergraduate school or college affected, and shall be transmitted
for approval to the President.

Sec. 3. Institutional Graduate School Administrators. --Institutional Graduate School
administrators for each component institution of the University, other than
Main University, where graduate work is given shall be recommended, with
appropriate title, by the Dean of the Graduate School with the concurrence of
the executive head of each such component institution of the University for
annual appointment by the Chancellor, subject to the approval of the Board of
Regents. Such appointees shall be responsible to the Graduate Dean in mat-
ters relating to the operation of the Graduate School.

Sec. 4. Graduate Advisers. --One member of the Committee on Graduate Studies in
each academic area shall be appointed as Graduate Adviser by the Graduate
Dean, after consultation with the department chairman and undergraduate
dean concerned and with members of the Committee on Graduate Studies. His
duties and responsibilities shall include the following:

4.1 He shall be the representative of the Graduate Dean in all matters per-
taining to the advising of graduate students taking major work in that
academic area.

4.2 He shall register each graduate student and act on adds, drops, section
changes, and special examinations.

4.3 He shall receive a record of each student's work for previous degrees
and copies of registrations and grades in work at this University.

4.4 He shall send students to the Graduate Dean for exceptions requiring
action by the Dean or the Graduate Council.

4.5 He shall give students information about graduate work and shall send

The recommendations of the Council shall be sent to the Dean of the Graduate School, whose affirmative decision shall be reported to the institutional head and by him to the Chancellor.

5.12 Considerations in Making Nominations. --The nominating committees shall consider the following items in making their nominations:

GENERAL

Sec. 1. Gifts to the University.

1.1 The authority to accept gifts to the University or to any of the component institutions is vested in the Board of Regents.

1.2 Recommendations for the acceptance of gifts showing details as to value, form, stipulations regarding use, and provisions for custody and disbursement of funds shall be transmitted by the institutional head to the Chancellor and by him, with recommendations, to the Board of Regents. These provisions, however, do not apply to contracts with public agencies.

1.3 The authority to accept gifts to a component institution is delegated to the institutional head when the gift is to a fund, foundation, or enterprise already approved by the Board of Regents or is a continuation of a series which has been previously approved by the Board. Such gifts shall be reported to the Board by the dockets of each component institution.

1.4 Each administrative head is empowered to accept cash gifts to The University of Texas of $100 or less, within the policies of the Board of Regents and Legislature governing the acceptability of gifts, and to deposit such gifts to the appropriate accounts. A semiannual report of such gifts shall be filed in the Office of the Board of Regents within thirty (30) days after August 31 and February 28 of each year.

1.5 Except as provided in the preceding sections, no member of any staff has the power to accept gifts of money to the University or to any of its component institutions. Gifts to the component institutions of books or other objects of very small value and very obvious propriety, without conditions attached, may be accepted by individual members of the staffs provided these gifts are reported promptly to the institutional head. Such gifts need not be reported to the Board.
CHAPTER 11

ACCOUNTING, AUDITING, REPORTING, AND BUDGETARY CONTROL

Sec. 1. Types of Funds.

1.1 General Funds. --General Funds are those unrestricted, operating funds which are available for any purpose. They are expended in accordance with the budgets and appropriations approved by the Board of Regents. General Budget Funds balances shall not be reappropriated from one fiscal year to another unless specific approval is given the institutional head and the business officer by the Chancellor and the Board of Regents.

1.2 Special Activities Funds. --Special Activities Funds are general funds restricted by the University; the income and expenditures are ordinarily related to a particular department. With few exceptions, expenditures are limited to the income derived from the project. They are subject to the same restrictions as General Budget Funds although balances are automatically reappropriated at the end of each fiscal year.

1.3 Current Restricted Funds. --Current Restricted Funds are those received from individuals, firms, agencies, corporations, etc., or income derived from private endowments, to be used only for a particular purpose or project, specified by the donor, such as research, conferences, scholarships, fellowships, etc. The period of use is usually designated in the agreement approved by the Board of Regents. Balances at the end of a fiscal year shall be carried forward to the succeeding year unless otherwise specified.

1.4 Agency Funds. --Agency Funds are funds handled through the institutional business office as the agent of the owner, after approval by the institutional head, the Chancellor, and the Board of Regents through the Institutional Docket. Balances shall be carried forward from year to year unless otherwise designated. Agency Funds shall be expended in accordance with the limitations of the agency agreement and the applicable rules and regulations of the Board of Regents.

Sec. 2. Accounting.

2.1 The financial accounts of the University shall be kept in accordance with the recommendations of the National Committee on the Preparation of a Manual on College and University Business Administration, as set
3.3 Although the University Comptroller is responsible for the internal postauditing of business transactions affecting the component institutions, this work shall be done under the supervision of the business officers of the component institutions and the Branch College Auditor.

3.4 The business records of accounts and other records shall be verified and authenticated within the budgets, regental actions, and statutory requirements.

3.5 The Branch College Auditor, under the supervision of the University Comptroller, shall be initially responsible for the postaudit of business activities at the component institutions, except the Main University. He shall conduct the audits in accordance with accepted auditing standards, including necessary tests of the records. He shall make a written report of each audit, calling attention to any transactions which may not be in accord with legal requirements, institutional accounting principles, and institutional policies and regulations.

3.6 The State Auditor, under State law, is responsible for the external audit of the University's books.

Sec. 4. Reporting.

4.1 All financial reports shall be prepared in accordance with the provisions of the statutes, official orders of Texas Commission on Higher Education, and the directives of the Board of Regents and in conformity with the manual, "College and University Business Administration," referred to above. The forms shall be prepared by the institutional business officer and approved by the University Comptroller.

4.2 Two reports, both of which shall be prepared under the direction of the institutional business officer and the University Comptroller, shall be prepared annually by the University:

   4.21 Annual Financial Report. - On or before December 29, printed financial reports, set up in accordance with the forms recommended in Volume I, "College and University Business Administration" (1952) shall be filed with the Texas Commission on Higher Education. The certificate of audit of the State Auditor is to be included if his report has been completed.

   4.22 Salary Payment Report. - On or before December 31 each year, an itemized schedule shall be prepared of salaries and wages paid all employees for services during the preceding fiscal year out of any funds from any source or character under the control and/or custody of the Board of Regents, showing for each employee the total amount paid from each source during the twelve months of the fiscal year, the title of the position held or kind of service rendered, and a summary of all expenditures by departments. Two copies of this report shall be prepared, one copy for the Office of the Secretary of the Board of Regents and one copy for the Office of the Comptroller.
6. 23 Approval of the finished budget by the Chancellor and the Board of Regents.

CHAPTER III

RECEIPT, CUSTODY, AND DISBURSEMENT OF MONEYS

Sec. 1. Receipts, Cash Registers, and Admission Tickets.

1.1 No department, division, or individual staff member is authorized to receive money in the name of the University without prior approval of the institutional business officer and institutional head.

1.2 An official receipt in the form prescribed by the institutional business officer shall be issued for all moneys received.

1.21 Where the volume of sales justifies their use, cash registers shall be used with recording tapes listing the amount of each sale. When cash registers are not used, cash sales tickets or receipts shall include, if practical, the name of the purchaser, itemization, and price of the articles sold.

1.22 Admission tickets, including complimentary tickets, shall have the price of admission indicated thereon, and all such tickets shall be prenumbered, except for certain events where the section, row, and seat number are shown. Admission tickets and coupon books shall be purchased for delivery to the institutional business office and issued to the department concerned. Unused tickets or books shall be returned along with a prescribed ticket report to the business office within 30 days from the date of the event, and all receipts from such sales shall be deposited in the business office as outlined later.

1.23 A list showing the names of all persons receiving complimentary tickets shall be furnished the business office as a part of the prescribed ticket report.

Sec. 2. Deposits with Institutional Business Office.

2.1 Money received by all departments from all sources shall be deposited in the institutional business office using an official form. The deposits shall be daily if the receipts are $50 or more, and weekly even if the accumulation is less than $50. When cash is included, the deposit shall be made in person by a departmental representative to whom an official receipt is issued.
specifying persons authorized to sign checks drawn on such funds. Depository banks shall secure revolving fund deposits as provided by law.

Sec. 4. **Local Institutional Funds.**

4.1 All local income, not required to be deposited in the State Treasury, must by law be deposited in local depository banks for safekeeping. Requests for new depository bank accounts and for any authorized signatures to be accepted by the bank must have the approval of the University Comptroller and the Chancellor who shall notify the bank and others concerned. Depository agreements with the local banks shall be negotiated by the University Comptroller with the assistance of the institutional business office and the institutional head and shall be submitted to the Chancellor and Board of Regents for approval.

4.2 Depository banks selected shall furnish adequate surety bonds or securities to assure safety of these funds. Local funds shall be deposited in the depository banks within five days from the date of collection. Such funds are usually carried as demand deposits; however, they may be carried as time deposits at a negotiated interest rate.

4.3 The Board of Regents and the institutional heads may not, by law, borrow money from any person, firm, or corporation to be repaid from local funds except as specifically authorized by the Legislature.

Sec. 5. **Charge Sales.** --The University is not allowed, by law, to sell property or service on credit.

Sec. 6. **Sales to Staff Members.** --Sales of University property may be made to staff members only after authorization by the Board of Regents through docket approval.

Sec. 7. **Vouchers for Expenditures.**

7.1 Main University Vouchers for disbursement of funds shall be prepared in the departmental offices at the Main University. They shall be signed by the head of the department, or someone recommended by him in writing and appointed by the President of the Main University, and such vouchers shall be approved by an authorized person in the Auditor's Office.

7.2 At the other component institutions, vouchers shall be prepared, where possible, in the business offices, and all vouchers shall be approved by the Business Manager or some person to whom he may delegate such authority.
8.3 When purchases are not made through the Board of Control, all copies excepting Nos. 2 and 4 are submitted and Copy No. 1 (or the attached invoice) must be notarized or a certification made as indicated in the preceding paragraph.

Sec. 9. Vouchers Payable from Local Funds (All funds not on deposit in State Treasury).

9.1 When materials, supplies, etc., are purchased through the Board of Control, Copy No. 3 may become the original and, if so, Copy No. 1 need not be submitted unless the required notarization or certification appears thereon. Notarization or certification is required as stipulated in the preceding section entitled "Vouchers Payable from State Funds."

9.2 When materials are not purchased through the Board of Control, only Copies Nos. 3 and 5 need be submitted, with Copy No. 3 as the original. Notarization or certification is required.

Sec. 10. Outstanding Checks.

10.1 Outstanding checks shall be carried on the official accounting records for the two fiscal years following the year in which they are issued. (Example: if issued in 1953-54, they would be carried through August 31, 1956.) Those still outstanding at the end of the second fiscal year after issue shall be cancelled and written off the official accounting records.

10.2 Each business office is expected to make diligent effort to minimize the number of such outstanding checks, particularly those in excess of $10.

Sec. 11. Institutional Membership Dues. University funds shall be used to pay membership fees only in educational, scientific, or other associations of which the University is an institutional member, with initial memberships approved by the institutional heads and the Chancellor.

Sec. 12. Payrolls.

12.1 There are three general types of payrolls, those for (1) regular salaried employees; (2) weekly salaried employees; and (3) hourly salaried employees.

12.2 At the Main University, payrolls for all regular salaried employees, except those for Auxiliary Enterprises, shall be prepared in the Payroll Division of the Auditor's Office and approved by the Auditor or Assistant Auditor. Vouchers and payrolls for weekly and hourly employees, and regular salaried employees in Auxiliary Enterprises, shall be prepared in triplicate on proper forms by the department concerned. They shall be approved by the head of the department, or someone authorized to sign for him, and shall include the name
component institution for approval. At the Main University, request for such absence, including travel on official business without expense to the University, shall be transmitted, with reasons therefor, through the departmental chairman or administrative superior to the appropriate dean or equivalent administrative officer for approval; but if reimbursement for travel is involved, the approval of the President is required.

13.22 Request for permission to be absent for a period in excess of one week but not in excess of two weeks, including travel on official business, shall be transmitted through proper administrative channels to the Chancellor of the University for approval prior to such absence.

13.23 Request for permission to be absent for a period in excess of two weeks (excluding holidays approved by the Board), including travel on official business, shall be transmitted through proper administrative channels to the Chancellor of the University and to the Board of Regents or the Executive Committee of the Board for approval prior to such absence.

13.24 Request for permission to be absent by the administrative officers and staff of Central Administration shall be approved by the Chancellor.

13.25 Any travel which contemplates reimbursement from funds appropriated by the Legislature for travel expenses incurred outside the continental limits of the United States must have the written approval of the Chancellor of the University and the Governor prior to the travel, in addition to the authorizations required in the appropriate preceding subdivisions.

13.26 In lieu of any of the delegations of authority to approve absence from usual and regular duties, including official travel, specified in the above subdivisions, the Chancellor of the University may exercise such authority.

13.27 The chief administrative officers of the component institutions shall keep records of all approved absences and shall submit detailed summaries periodically to the Chancellor for distribution to the Board of Regents.

13.28 Approvals of travel shall not be routine or perfunctory, but shall be made only after the executive head, or his authorized representatives, have carefully examined the purpose and need for each trip with a view to the economic and effective utilization of all travel funds.

13.3 Approval of Travel Expense Reimbursements.

13.31 Travel expenses shall be reimbursed only from funds appropriated or authorized for travel. Heads of component institutions shall plan the travel of all employees under their authority to achieve maximum economy and efficiency.
lor in case of his return to designated headquarters after 7:00 A.M.) $1.00

13. 3412 Lunch allowance if the employee is away from his designated headquarters after 1:00 P.M. $1.00

13. 3413 Dinner allowance if the employee is away from his designated headquarters after 7:00 P.M. $2.00

13. 342 An employee who is traveling on official University business for a continuous period of a minimum of six (6) hours but less than twenty-four (24) hours which does involve overnight stay will be reimbursed for meals and lodging in an amount not in excess of $9.00 at the rate of $2.25 for each six (6) hour period involved or fraction thereof.

13. 35 Per Diem Allowances - Travel Status for a Continuous Period of Less Than Six (6) Hours. No partial per diem or actual expenses (except transportation) will be paid an employee who is away from designated headquarters for a period of less than six hours.

13. 36 Day Defined for per Diem Purposes.

13. 361 The calendar day (midnight to midnight) is the unit for computing the per diem allowance.

13. 362 For a fractional part of a day at the commencement or ending of continuous travel the six-hour periods of 12:01 A.M. to 6:00 A.M., 6:01 A.M. to 12:00 Noon, 12:01 P.M. to 6:00 P.M., and 6:01 P.M. to 12:00 Midnight are each considered to be one quarter (1/4) of a calendar day.

13. 363 Computation of per diem shall be on a quarter day basis, the initial quarter to be that in which travel begins and the final quarter to be that in which travel ends.

13. 364 Out-of-State travel status commences at the beginning of the next quarter after the employee in travel status crosses the state line and continues through the quarter in which the employee returns to the state line. Payments for both in-state and out-of-state per diem allowance will not be made for the same period of a calendar day.

13. 37 Transportation Allowance.

13. 371 Public Conveyance Including Taxis. An employee traveling by public conveyance is entitled to a transportation allowance equal to the actual cost of transportation, excluding Federal tax. Receipts for such public transportation, excluding receipts for city bus, taxi, or limousine fares in amounts of $2.50 or less, shall be obtained and attached to the employee's expense account when submitted. A detailed list of all claims for public transportation including city bus, taxi, and limousine fares in amounts of $2.50 or less shall be shown on Travel Expense Account under "Record of Transportation Claimed for Each Trip."
13.39 Exception to per Diem Allowance. -- Subject to the advance written approval of the Chancellor of the University, the executive head of each component institution may designate one assistant who shall be reimbursed for actual expenses of meals, lodging, and incidental expenses not to exceed Twenty-five Dollars ($25) per day when traveling on official business either in or out of the State. This authorization, however, shall be valid only for periods not to exceed one week in each instance. The executive head of the component institution authorizing such travel allowance shall file with the Comptroller of Public Accounts a written statement as to the purpose of such travel expense incurred by the employee each and every time such designation is made. Travel authorized under this exception to the per diem allowance must be specifically indicated in the required reports.

13.3(10) Special Exceptions to Foregoing General Travel Regulations. -- The provisions of the foregoing general travel regulations apply to all employees and all funds but employees may elect to take advantage of the specific exceptions authorized below:

13.3(10)1 Contracts. -- Travel allowances under research or other contracts, which are 100 per cent reimbursable, will follow the terms of the contract, and in the absence of specifications the travel rules and regulations covering payments from Trust Funds will apply.

13.3(10)2 Trust Funds. -- Travel allowances paid from Trust Funds, unless otherwise specified under the grant or gift, shall be on the basis of actual expenses incurred in lieu of per diem not to exceed a maximum of $15.00 a calendar day. Expense incurred under this provision must be itemized so as to show the amount expended each day for meals and lodging. All public transportation expenses in excess of $2.50 shall be supported by receipts.

13.3(10)3 Intercollegiate Athletics. -- Actual expenses will be paid at no per diem limit, provided such expenditures in the amount of $2.00 or more are supported by signed receipts.

Sec. 14. Freight and Express, Advertising, Postage and Box Rent, Telephone, Telegraph, and Subscription Vouchers.

14.1 Vouchers for freight and express charges are, if practicable, made payable to the local agent but in the name of the transportation company. A careful check shall be made for damages or shortages and, if any, notation is made on the receipt of the transportation company before the shipments are accepted. The vendor shall be notified in writing when damages or shortages occur and a copy of the notification shall be attached to the voucher when deductions are made on the invoice. In general, charges for freight and express are made against the same accounts as those charged for the purchase of the related materials.
shall be notified by the appropriate Business Manager and shall approve all loss claims and settlements. Any settlement over $1,000 and under $10,000 shall be approved by the Chancellor as well as by the Comptroller, and shall be reported to the Board of Regents for ratification at the next meeting. Settlements in the amount of $10,000 or more must have the advance approval of the Board of Regents.

Sec. 17. Receipting for Payments. --All statutory or rider provision requirements as to receipts for warrants in payment of salaries, wages or reimbursement of official travel expenses shall be complied with by the component institutions.
CHAPTER IV

PURCHASING

Sec. 1. Authority to Obligate Funds. -- The official purchasing agents of the component institutions shall have sole authority to obligate funds of their respective institutions for purchases unless otherwise provided in these regulations or otherwise specifically approved by the institutional head and the Chancellor or by the Board of Regents. The University can assume no liability for payment of obligations except those incurred in accordance with authority thus granted.

Sec. 2. Purchasing Ethics.

2.1 All qualified, reputable bidders shall be given equal opportunity to submit bids on a uniform basis when competition is possible.

2.2 No bidder shall receive special consideration or be allowed to revise his bid after the time set for opening bids.

2.3 Purchasing agents and their staffs and others authorized by or under these regulations to make purchases shall not accept gratuities or become obligated to individuals or firms seeking business.

2.4 Any violations of these purchasing ethics shall be reported promptly to the Chancellor and to the Board of Regents.

Sec. 3. Purchases of Supplies and Equipment.

3.1 Unless otherwise provided in these Rules and Regulations or specifically approved by the Board of Regents, the State Purchasing Act of 1957 shall govern the purchasing policies of the University. This Act gives the authority to the University to purchase, without approval of the Board of Control:

(a) Supplies, materials, services, and equipment for resale.
(b) For Auxiliary Enterprises.
(c) For Organized Activities relating to instructional departments.
(d) From Gifts and Grants.
purchase. Requisitions shall show an actual or estimated cost and shall be numbered consecutively. Separate requisitions shall be made for purchases on the open market for each class of items, such as hardware, electrical supplies, chemical supplies, etc. The department shall be furnished a copy of each purchase order issued against its funds by the purchasing agents.

5.3 Requisitions shall not be required for perishable items, automobile repairs which include both material and labor, and service charges which include only labor. However, vouchers payable from State funds for perishable items, or automobile repairs including material must be approved by the State Board of Control.

Sec. 6. Requisitions for Space Leases.

6.1 Space leases involving buildings must, by law, be approved by the State Board of Control and may not extend beyond the current biennium.

6.2 Proposals for space leases require the approval of the Chancellor and the Board of Regents, and lease contracts drawn in accordance with such approval shall be signed by the University Comptroller.

6.3 A requisition shall be submitted to the purchasing agent and the lease completed prior to occupancy of any space for office, storage, or other purposes. The requisition must show type of space and purpose of its use, approximate number of square feet, location, whether janitor service and/or utilities will be furnished by the lessor, period of the lease, and any other requirements.

Sec. 7. Rental of Machines and Equipment. - Requisitions for rental of all machines and equipment are required, by law, to be approved by the State Board of Control prior to the beginning of the rental period. They are submitted through the purchasing agents and payment of the rentals shall be made only after approval of the requisitions by the Board of Control. Also see Section 11 of this Chapter.

Sec. 8. Purchase of Air-Conditioning Equipment. --It is the policy of the Board of Regents that expenditures for purchase of any new or additional air-conditioning equipment must be approved in advance by the Board or the Chancellor on recommendation of the executive head of the component institution. Because the installation or replacement of air-conditioning equipment frequently involves special electrical installations, departments shall secure the approval, in writing, of the Director of Physical Plant and/or the Business Officer before initiating a request for such equipment. When departmental funds are the source of the original purchase, installation costs, as well as maintenance and repair costs shall be paid from departmental budgets.
CHAPTER V

PERSONNEL

Sec. 1. Classified Personnel. --The Policy of the Board of Regents on the Development and Coordination of the Classified Personnel Programs. This policy covers:

1.1 The development and operation of the Institutional Personnel Program as defined in the duties of the Institutional Personnel Officer. This extends to:

1.11 The administration of the Classified Personnel Program in his institution. The Institutional Personnel Officer shall:
   1.111 Know the objectives and all of the details of the program.
   1.112 Assume responsibility for recommending all changes in the written program to his chief executive officer.
   1.113 Interpret the personnel program to his institution—administration, supervisors, and employees.

1.12 The classification plan. The Institutional Personnel Officer shall:
   1.121 Recommend all changes in any existing job classification or the creation of any new job classification.
   1.122 Write all class specifications.
   1.123 Allocate all jobs to the proper job classification.
   1.124 Assure that no person is appointed in a position in the classified service under a title not included in the Classification Plan.

1.13 The pay plan. The Institutional Personnel Officer shall:
   1.131 Recommend all changes in approved salary ranges together with the ranges for all new job classifications.
   1.132 Make salary studies to determine correctness of existing salary ranges and to substantiate recommendations for new ranges or changes in existing ranges.
   1.133 Assure that no appointment and/or change of salary is made which is:
      1.1331 Below the minimum salary for the class range (except for a "Trainee").
      1.1332 Above the maximum salary for the class range.
      1.1333 Not on a regular step (or fraction thereof if part-time).

1.14 The policies and rules. The Institutional Personnel Officer shall:
   1.141 Provide a uniform interpretation of the institution's personnel policy.
1.214 Job Code. -- A uniform job code entitled the Personnel Classification Code shall be used to designate job classes. This code may be used on IBM cards to compile statistical information on classified employees.

1.22 The Pay Plan

1.221 A uniform system of salary steps providing for an increase of 5 per cent. to the nearest dollar, above each preceding step shall be used for all pay plans. All salaries shall be on salary steps, or a fractional part thereof.

1.222 A uniform system for setting forth the salary ranges for each job classification shall be used in the pay plans for each institution.

1.223 Salary ranges for each job classification shall be dependent upon the competitive labor market situation for each institution, as determined by pay surveys.

1.23 The policies and rules

1.231 Each institution shall operate its Classified Personnel Program under a policy statement covering the appointment, compensation, and working conditions of classified employees.

1.232 Uniform policies shall be followed in providing vacation, sick leave, etc., within the limitations imposed by local operating conditions.

1.24 Approval of additions to and changes in the Classified Personnel Program.

1.241 Formal approval of the Classification Plan, Pay Plan, and Policies and Rules developed by each institution was obtained from the Board of Regents at the time each program was formally adopted.

1.242 Changes in the Classification Plan, Pay Plan, and Policies and Rules at each institution must be made upon the recommendation of the institutional personnel office, the chief executive officer of the institution, and have the approval of the Chancellor and the Board of Regents. Such changes must have the approval of the Chancellor prior to inclusion in the Regents' Docket for the institution concerned.

1.25 Institutional Personnel Officer.

1.251 The chief executive officer of each component institution shall designate one qualified official who shall be responsible under the chief executive officer of that institution for the development and operation of the Classified Personnel Program.

1.252 Functional direction and help on technical personnel matters shall be provided each classified personnel officer by the Office of the Chancellor of The University of Texas.

1.26 System Personnel Adviser. -- The System Personnel Adviser serves as a staff officer advising the Chancellor through the Vice-Chancellor (Fiscal Affairs) on the Classified Personnel programs for each of the component institutions of the system.
periods, the employee is absent without loss of efficiency rating or vacation time, or salary, and is restored to the position and status he previously held when relieved from military duty.

2.32 The institutional heads may prescribe forms and procedures for such requests.

2.4 Overtime.

2.41 Classified Personnel.

2.411 The schedule of activities shall be so organized that employees are not required to work in excess of established work periods except when operating necessities demand it. Equivalent compensatory time off for required overtime of at least one hour or more above established work periods is given employees whose salaries are below the minimum for a full-time instructor at all institutions except the M. D. Anderson Hospital and Tumor Institute and the Southwestern Medical School where definite salary limits are set.

2.412 Overtime equivalent not to exceed a regular work week may be accumulated and compensatory time taken at a mutually convenient time. Under exceptional circumstances payment may be made to eligible employees on a straight time basis from the budget of the employing department, upon approval of the appropriate administrative officials.

2.42 Faculty.

2.421 Full-time faculty members of the rank of Instructor or above are permitted to work a maximum of 10 hours per week additional time in government and other sponsored projects upon recommendation of the chairman and dean of their respective departments, schools, or colleges, and with the approval of the project director and the head of the component institution and to receive extra compensation for such work at a pro rata of their regular full-time teaching salary rate; provided, however, that such additional work does not interfere with the regular full-time duties of the individual.

2.422 Part-time faculty members of the rank of Instructor or above may be similarly approved for additional work in government and other sponsored projects subject to a maximum combined work load of 50 hours per week, compensation in the sponsored project to be at a pro rata of the regular full-time teaching salary rate.

2.423 With rare exceptions, full-time employees on a twelve months' salary basis shall not be permitted extra employment on government and other sponsored projects. In the event that such employment is approved, it is governed by the limitations stated above.

CHAPTER VI

STAFF BENEFITS

(Staff benefits may be subject to change by State and Federal laws. Application in specific instances should be verified.)

Sec. 1. Teacher Retirement System.

1.1 There are two types of members in the Teacher Retirement System:
   1.11 Teacher members - employees occupying positions as teachers, clerks, administrators, supervisors, and related occupations in educational institutions; and
   1.12 Auxiliary employees - all other employees of educational institutions otherwise eligible, such as building attendants, carpenters, etc.

1.2 All employees of the University employed on a regular, full-time salary are required by law to participate in the Teacher Retirement System, which became effective for teacher members September 1, 1937, and for auxiliary members September 1, 1949, except persons eligible at those times who executed waivers within the period allowed by law and have not revoked such waiver if later permitted, and members of the Employees Retirement System about which information is given later.

1.3 Annual membership dues in the Teacher Retirement System are $3, which amount is deducted from the first salary payment in a fiscal year. Members contribute 6 per cent of their salary up to and including $8,400 per year, with the maximum contribution of $504 per year, which amount is deducted from the monthly salary payment. The contributions are sent monthly by the business offices to the Teacher Retirement System. Each year members receive a statement from the Teacher Retirement System, through the business offices, of their total contributions, plus accumulated interest through August 31 of the preceding year. Within the provisions of the law, the State also contributes to the member's account.

1.4 The annuity payable at retirement is based on the salaries earned by the member. Annuity payments for services rendered prior to September 1, 1955, are based on the average annual salary of the member
1. 9 Information pertaining to options under which retirement benefits may be drawn and to reciprocal service between the Teacher and Employees Retirement Systems, as well as other information, may be secured from the local institutional business office, the Central Administration Office of Workmen’s Compensation Insurance and Other Staff Benefits, or the Teacher Retirement System in Austin.

Sec. 2. Employees Retirement System.

2. 1 There are relatively few employees of the University who are members of the Employees Retirement System since they are no longer eligible for initial membership in this system. Only those who were eligible between September 1, 1947, and August 31, 1949, and who did not waive membership as of September 1, 1947, are now members. Beginning September 1, 1949, new employees who would previously have been eligible for this plan became eligible for membership in the Teacher Retirement System as auxiliary employees.

2. 2 Annual membership dues in this system are $2, which sum is deducted from the first monthly salary payment in a fiscal year. Contributions of employees are 4-1/2 per cent of the total salary earned, which is deducted from monthly salary payments. The University contributes an amount equal to that of employees, payable from the same source as the salary. All contributions are deposited monthly with the Employees Retirement System and by law are deposited by that agency with the State Treasurer.

2. 3 Members' deposits are handled in the same way as in the Teacher Retirement System.

2. 4 Provisions for membership and retirement requirements and benefits are quite similar to those for the Teacher Retirement System; however, "prior service" in the Employees Retirement System is all creditable service rendered prior to September 1, 1947, and "membership service" is that which has been earned since that date.

2. 5 Further details, including information pertaining to reciprocal service with Teacher Retirement System, may be secured from the local institutional business office, the Central Administration Office of Workmen’s Compensation Insurance and Other Staff Benefits, or the Employees Retirement System in Austin.

Sec. 3. Group Life Insurance.

3. 1 The University carries a master group life insurance policy, covering all institutions, with the Aetna Life Insurance Company for a "One Year Term Plan." Premiums are payable annually, in advance, increase for each person with each year of age, and are payable entirely
under the provisions of the Teacher Retirement System or the Employees Retirement System or unless he converts the group policy into one for regular individual life insurance. This conversion may be made, without a medical examination within 31 days of termination of employment, to any regular individual life insurance policy, except term insurance, customarily issued by the company.

Sec. 4. Group Hospitalization and Medical Benefit Plans.

4.1 Group hospitalization and medical benefit plans may be instituted or continued at each of the component institutions subject to approval of the institutional head, the University Comptroller, the Chancellor, and ratification through the Regents' docket.

Sec. 5. Workmen's Compensation Insurance.

5.1 The Workmen's Compensation Insurance Program is on a university-wide, self-insuring basis, financed by setting aside not more than 2 per cent of the annual payroll of covered employees, and provides certain benefits for injuries sustained on the job. These benefits include payments for reasonable medical aid, hospitalization, etc.; total or partial incapacity; specific losses; and death.

5.2 The Director of Workmen's Compensation Insurance and Other Staff Benefits, in cooperation with other University officials, investigates accidents and injuries, and endeavors to develop, publish, and enforce safety rules and regulations. His office keeps a complete record of all injuries on the job and is responsible for reporting them to the Industrial Accident Board.

5.3 All employees whose names appear on the payrolls are eligible except:

5.31 Administrative staff, including officers of the administration;
5.32 Teaching staff, research staff, clerical and office employees and supervisory staffs unless hazardous work is required, such as handling or working in close proximity with dangerous chemicals, materials, machinery, or equipment; working in a dangerous area; performing manual labor; traveling regularly; or being exposed to hazards of occupational disease, and
5.33 Persons paid on a piece-work basis or any basis other than by the hour, day, week, month, or year.

5.4 Eligible employees who do not wish coverage may waive all rights to the benefits at the time of appointment. However, the waiver may be revoked at any time during continuous employment and the employee covered by insurance 30 days after the application form is signed, upon taking the necessary physical examination and being certified as physically fit.
5.(10) The supervisor is also responsible for keeping in close touch with injured employees and their attending physicians and investigating medical attention to see that unnecessary aid and visits are avoided. He approves the statement from the physician as to services rendered although not actual charges for treatment.

5.(11) Compensation paid is in lieu of salary and wages, and the employee's name is therefore dropped from the payroll when he is unable to work after injury, and is not returned to the payroll until he is back on the job after certification by the attending physician.

5.(12) The compensation for a covered employee injured in the course of his work is equal to 60 per cent of the average weekly earnings for the 12 months immediately preceding injury, though not more than $35 nor less than $9 per week. Compensation to an employee on less than a full work day basis is not more than 60 per cent of his average weekly earning, with the same maximum of $35. Compensation is not paid for incapacity of less than one calendar week unless incapacity continues for 28 days at which time the compensation is paid for the first seven days. Benefits may be paid for no longer than 401 weeks from date of injury for total incapacity and no longer than 300 weeks for partial incapacity for work. For specific injuries, the Director has information available on request concerning benefits for specific injuries such as the loss of a hand or an eye. In case of death, benefits are computed on the basis of 360 weeks from injury.

5.(13) Payment for physical examinations, medical aid, hospitalization and compensation is through the Workmen's Compensation Insurance and Other Staff Benefits Office.
