RESEARCH AREAS
• Nanomaterials
• Advance Components
• Modeling and Simulation
• Predictive Analysis

RESOURCES:
• Nanofab Institute (UTA)
• Nanotech Institute (UTD)
• Construction Industry Institute (UTA)
• Simulation Visualization and Real Time Prediction (SiViRT) (UTSA)
• NSF Nanosystems Engineering Research Center (NERC) for (NASCENT) (UT Austin)
• Microelectronics Research Center (MRC) –NSF (UT Austin)
• Nano Materials Integration Lab (UTEP)

Featured Research:
• Professor to Improve Prosthetics with $1 M Award
