

**1. Title**

Outside Activity Policy for Executive Officers and Employees Involved in Procurement Activities or Contract Management

**2. Policy**

Sec. 1 Applicability. This policy applies to all U. T. System Administration Executive Officers, Employees Involved in Procurement Activities, and employees involved in contract management.

Sec. 2 Purpose. This policy is intended to protect the credibility and reputation of the U. T. System Administration and their employees by providing a framework to address conflicts of interest, conflicts of commitment, and outside activities.

The primary responsibility of an employee of the U. T. System is the accomplishment of all duties and responsibilities assigned to his or her position. Outside activities must be compatible with the interests of the U. T. System and must not detract from the performance of the employee. Outside activities that interfere with an employee's duties and responsibilities will not be authorized.

Sec. 3 Value in Certain Outside Activities. Regents' Rule 30104 permits U. T. employees to engage in outside work or activities, subject to State laws and U. T. System Administration rules or policies. U. T. System Administration encourages outside activities that clearly contribute to the mission of the institution and/or provide important elements of professional development related to their institution responsibilities.

Sec. 4 Approval for Outside Activities Required.

All Executive Officers, Employees Involved in Procurement Activities, and employees involved in contract management must electronically request and receive prior approval for the following activities:

- (i) all outside employment or other compensated activity;
- (ii) any outside activity, regardless of compensation, that reasonably appears to create a conflict of interest or a conflict of commitment; and
- (iii) outside board service as described in Section 6.5 below.

Sec. 5 Disclosure of Outside Activities and Interests.

5.1 Minimum Purchasing Threshold: Employees Involved in Procurement Activities who are not authorized to make purchases of \$15,000 or more, and who make no decisions or

recommendations regarding purchases of \$15,000 or more, are not required to disclose their outside activities and interests in the U.T System electronic disclosure database.

- 5.2 With the exception of the Chancellor and the minimum purchasing threshold discussed in Section 5.1, all Executive Officers, Employees Involved in Procurement Activities, and employees involved in contract management shall electronically disclose for themselves and for immediate family members:
  - (i) a description of the nature and extent of all outside employment or other compensated activity;
  - (ii) a description of the nature and extent of any outside activity, regardless of compensation, that reasonably appears to create a conflict of interest or a conflict of commitment;
  - (iii) a description of the nature and extent of outside board service as described in Section 6.5 below,
  - (iv) a description, including the amount of compensation or interest, of any substantial interest in a business entity which should be provided no later than 30 days after acquiring the interest;
  - (v) a description of gifts over \$250. Do not include gifts received from: one's parent, child, sibling, grandparent, or grandchild; one's spouse or the spouse of anyone mentioned above; or the parent, child, sibling, grandparent, or grandchild of one's spouse;
- 5.3 The Chancellor is required by state law to file Personal Financial Statements with the Texas Ethics Commission. In lieu of filing the information listed above, the Chancellor shall file a duplicate copy of their Personal Financial Statement with the Board Office at the time that it is filed with the Ethics Commission. If the Chancellor seeks an extension of the time to file a Personal Financial Statement with the Texas Ethics Commission, the Chancellor must also notify the Board Office of the extension.
- 5.4 Outside activity disclosed under institutional HOPs developed pursuant to UTS 175, "Disclosure of Significant Financial Interests and Management and report of Financial Conflicts of Interest in Research," need not be re-disclosed.
- 5.5 In determining whether activity should be disclosed, the individual should resolve the doubt in favor of disclosure.

- 5.6 Officers and employees covered by this policy with nothing to disclose must affirmatively indicate that fact in the electronic database on an annual basis.

Sec. 6 Outside Activity Guidelines.

- 6.1 Electronic Database. U.T. System Administration has developed a shared service electronic reporting system that is consistent with this policy. Officers and employees covered by this policy will need to utilize this system to meet the reporting guidelines outlined below.

- 6.2 Approval Authorities. The Chancellor has appointed the following individuals as the approval authorities under this policy:

- (a) For the Deputy Chancellor: The Chancellor
- (b) For executive officers: The Deputy Chancellor
- (c) For Employees Involved in Procurement Activities: Their supervisor
- (d) For employees involved in contract management: Their supervisor

- 6.3 Time Commitment

No outside activity may be approved if it creates a conflict of commitment. The time commitment of outside activities must not interfere with an employee's primary responsibility to U. T. System Administration. While the permissible level of time commitment to outside activities can vary depending upon the positions involved, under no circumstances may it exceed an average of one day (8 hours) per week, during the term of an appointment, without the explicit approval of the Chancellor.

- 6.4 Categories of Outside Activity

- (a) Activity that clearly contributes to the mission of U. T. System Administration. Some outside activities clearly contribute to the mission of U.T. System and/or provide important elements of professional development related to the employee's U. T. System Administration duties and responsibilities. These activities, when disclosed and approved, are permitted, can be encouraged, and may be performed during normal operating hours. Examples of these activities include:

Engaging in professional activity such as providing expert testimony, providing consulting services, professional/clinical practice, and serving on a board of directors

- (b) U. T. System Administration employees may also engage in activity that does not necessarily contribute to the mission of U. T. System Administration or provide elements of professional development related to their U. T. System Administration duties and responsibilities, so long as it does not reasonably appear to create a conflict of interest or a conflict of commitment with the employee's U. T. System Administration duties and responsibilities. Any such activity must take place only outside of normal operating hours, without use of U. T. System Administration resources, and is disclosed and approved as required by this policy.

#### 6.5 Accounting for Outside Board Service

- (a) Recognizing the benefit to be derived by U. T. System Administration from outside board service, and after thorough consideration of the time commitment that might be involved, time spent on uncompensated service on nonreligious boards, other than for reimbursement of usual and customary expenses, may be deemed to be of service to the U. T. System Administration and may not require the use of a person's own time, with prior disclosure and approval before engaging in such service.
- (b) Service on an outside board for which the employee is compensated, and any service to a religious organization whether or not compensated, must be on the person's own time. If the service occurs during normal office hours, the person must use vacation time, compensatory time, or other appropriate leave while providing the service. The service should be without cost to U. T. System Administration; and, except for service to religious organizations, must be disclosed and approved prior to engaging in such service.
- (c) Participation on the board of a municipality; local religious congregation; neighborhood association; public, private or parochial school; political organization; youth sports or recreation league; affinity group such as the local orchid society or model train collectors club; and other similar

outside boards on which the service is primarily personal rather than professional in nature and does not require time away from U. T. System Administration responsibilities, is permitted without the requirement of disclosure and advance approval if it does not create a conflict of interest or conflict of commitment or the appearance of a conflict of interest or conflict of commitment.

- 6.6 In determining whether activity should be disclosed, the individual should resolve the doubt in favor of disclosure.

**Sec. 7 Additional Process Requirements.**

- 7.1 **Management Plans.** Management plans must be in place for all Officers and employees covered by this policy for outside activities that may create a conflict of interest or a conflict of commitment before activity begins. Management plans will be developed by the Ethics Advisor and approved by the employee's supervisor.

- 7.2 **Appeals.** Individuals whose request for approval of outside activity is denied may request that the denying authority reconsider the decision and provide an explanation in writing. If the individual remains unsatisfied with the decision, he or she may access standard grievance procedures to the extent that they are otherwise applicable.

- 7.3 **Prospect and Retrospective Approval.** In rare instance, outside activity may be approved retrospectively when the individual is called upon to assist in an emergency or urgent situation where it would be impossible or unreasonable to obtain advance approval. In such cases, the activity must be fully disclosed and approval sought from the appropriate authority as soon as reasonably possible.

Some activity may also be prospectively approved, for up to one year, when an individual describes to the approving authority as fully as reasonably possible the general nature and extent of anticipated, but not confirmed, outside opportunities.

- 7.4 **Confidential Outside Activity.** If an individual wishes to engage in an activity for which some or all of the relevant information is confidential, the approving authority may nonetheless approve the activity without requiring full written disclosure upon

satisfaction that there is a compelling reason to treat the information confidentially and the activity is otherwise fully compliant with this policy and all other applicable laws and U. T. System Administration and U. T. System policies.

- 7.5 Rescinding Approvals. An approving authority may rescind an approved outside activity upon receipt of information indicating that the activity is not consistent with this policy or any applicable law or U. T. System Administration or U. T. System policy. The individual for whom the activity may be rescinded shall be given notice of the information and an opportunity to respond.
- Sec. 8 Noncompliance. Noncompliance with this policy may subject one to discipline in accord with applicable procedures up to and including termination of employment.
- Sec. 9 Annual Report. Employees shall review and finalize all disclosures after the end of the calendar year during the annual reporting period (January through March of the following year).
- Sec. 10 Education and Training. System Administration shall provide training for those responsible for approving and managing outside activities and interests and annually distribute this policy to all employees.

### **3. Definitions**

**Business Entity** - Any entity recognized by law through which business is conducted, including a sole proprietorship, partnership, firm, corporation, holding company, joint stock company, receivership, or trust.

**Compensation** - Any form of benefit including but not limited to salary, retainer, honoraria, intellectual property rights or royalties, or promised, deferred, or contingent interest. It also includes sponsored travel or reimbursement.

**Conflict of Commitment** - A state in which the time or effort that a U. T. employee or one of the employee's immediate family members that could directly or significantly affect the employee's performance of the employee's institutional responsibilities. The proper discharge of an employee's institutional responsibilities could be directly or significantly affected if the employment, service, activity or interest: (1) might tend to influence the way the employee performs his or her institutional responsibilities, or the employee knows or should know the interest is or has been offered with the intent to influence the employee's conduct or decisions; (2) could reasonably be expected to impair the employee's judgment in performing his or her institutional responsibilities; or (3) might require or induce the employee to disclose confidential or proprietary information acquired through the performance of institutional responsibilities.

- a) contract terms or conditions on a contract;
- b) who is to be awarded a contract;
- c) preparation of a solicitation for a contract; or

Substantial Interest in a Business Entity - For purposes of this policy, means:

- (1) a controlling interest;
- (2) ownership of more than 1 percent of the voting interest;
- (3) ownership of more than \$5,000 of the fair market value;
- (4) a direct or indirect participating interest by shares, stock, or otherwise, regardless of whether voting rights are included, in more than 1 percent of the profits, proceeds, or capital gains; or
