Policy Informs Practices

• Faculty Recruitment

- Search Committees receive unconscious bias training.
- Committee 'interacts' with search progress re: diverse pool
- Faculty Appointment Data collection, accuracy
- New Faculty Orientation
 - Receive implicit bias training.
 - New SOM leadership is oriented.
- Faculty Salary Comparison

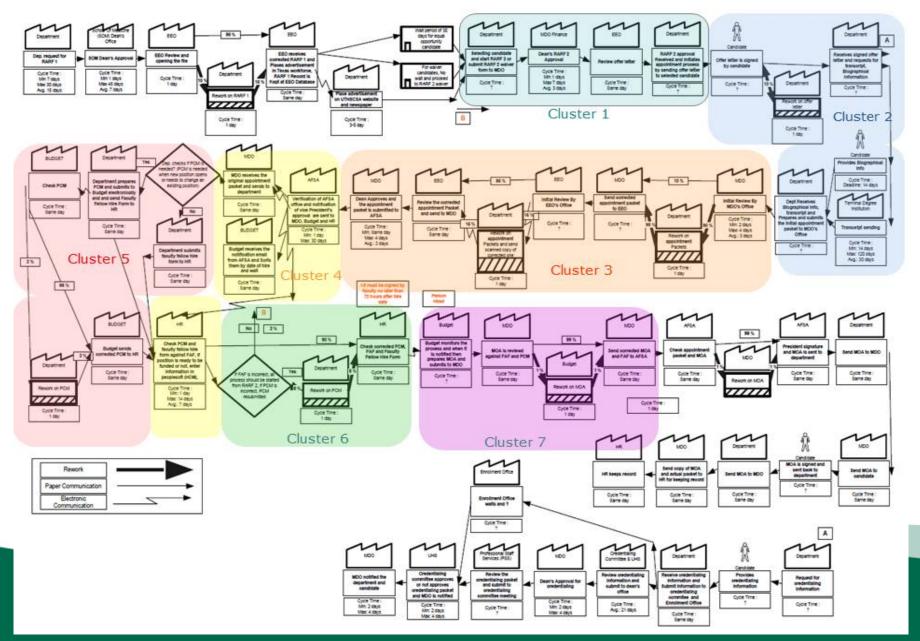

LEAN Applies to More Than Manufacturing

- LEAN = Elimination of waste, i.e. non-value-added activities with VALUE defined by the customer
- Define the value stream = sequence of all activities & resources needed to get product to customers
- Analyze the <u>current state</u>
- With a common vision, define the <u>future state</u> of operations
- Process Improvements; CQI
- Collaboration UTSA CAMLS

By Bruce A. Henderson and Jorge L. Larco Foreword by James P. Womack

Microsoft Excel's add-in, *PowerView* transforms datasets into interactive dashboard tools:

- Connect to data tables & create charts with filtering abilities
- Hover over a data plot to reveal the raw data information generating that plot
- Allows institution to analyze compensation rates by faculty gender while factoring other key parameters, such as tenure, rank, years in rank, and race/ethnicity.

* DATA analysis plot is a <u>hypothetical</u> example.
